RADER QUILTS THE BENCH AMID CORRUPTION SCANDAL

According to [The Wall Street Journal Law Blog](#), just hours ago, former Federal Circuit Chief JUDGE RANDALL R. RADER quit the bench today, in the wake of his YFFL e-mail scandal ("Your friend for life -rrr") with backroom Silicon Valley crony EDWARD R. REINES, WEIL GOTSHAL LLP. This event further validates the misconduct this site began uncovering in the wake of the Leader v. Facebook judicial corruption. A Leader v. Facebook mistrial seems inevitable. [See our previous post](#) for more links among the Rader resignation, DAVID J. KAPPOS, the PATENT OFFICE and Leader v. Facebook. Note: JUDGE RADER and JUDGE ELLIS are both faculty members of Professor JAMES P. CHANDLER'S NATIONAL INTELLECTUAL PROPERTY LAW INSTITUTE. This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. CORRUPTION #1: JUDGE T.S. ELLIS

III holds large amounts of stock in Facebook interests, including:

1. Goldman Sachs, Facebook underwriter

ANOTHER KANGAROO COURT?

FIG. 2—JUDGE T.S. ELLIS, III presides over Rembrandt Social Media, LP v. Facebook, Inc. et al but failed to recuse himself due to his holdings of Facebook financial interests. An unbiased tribunal is impossible.

Canon 2 of the Code of Conduct for U.S. Judges tells them to "avoid impropriety and the appearance of impropriety." Here we see both. Is that Lady Justice over Judge Ellis' shoulder breaking her scales in frustration?

Ellis and Rader are close associates of Professor James P. Chandler III (along with the USPTO's David J. Kappos, IBM, Microsoft, Boston Scientific and Fenwick), Leader Technologies' former patent counsel.

Bottom line: Judge Ellis had a duty to recuse himself in Rembrandt v. Facebook, and did not.

Curiously, Judge Ellis was a faculty member in Professor James P. Chandler, III's National Intellectual Property Law Institute ("NIPLI"). Professor Chandler was Leader Technologies' patent attorney who introduced Leader to Fenwick & West LLP. Suspicion is growing that Chandler and Fenwick played on both sides of the ball in the Leader v. Facebook... and Rembrandt v Facebook.

Also reminiscent of Leader v. Facebook, Judge Ellis blocked one of Rembrandt's damages expert witnesses from giving testimony at trial. In the Leader case, Judge Leonard P. Stark allowed Facebook to add the on-sale bar claim just one month before trial and prevented Leader from performing discovery, and simultaneously blocked Leader from getting expert testimony from Chandler. The Chandler testimony was blocked even though Chandler is a recognized expert on intellectual property law and had personal knowledge of the events that Facebook would raise. A Delaware U.S. Attorney's Office official told AFI investigators recently that Chandler and Stark worked together when Stark was an Assistant U.S. Attorney.

CORRUPTION #2: FENWICK & WEST LLP

Fenwick & West LLP began officially representing Facebook in about 2006 in securities and patent matters. However, Fenwick was the attorney who filed the patent for Van der Meer back in 1998. Sound familiar? Fenwick

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS

Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

2. WAS CHIEF JUSTICE ROBERTS BLACKMAILED into supporting Obamacare by his ethical compromises in Leader v. Facebook?

3. JUSTICE ROBERTS MENTORED Facebook Gibson Dunn LLP attorneys.

4. JUSTICE ROBERTS HOLDS substantial Facebook financial interests.

5. JUDGE LEONARD STARK FAILED to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment.

BARACK OBAMA'S DARK POOLS OF CORRUPTION

Is Facebook using Fenwick's knowledge of the Van der Meer representation against Van der Meer? Is the Pope Catholic?

**ASK CONGRESS: PASS THE
INVENTOR PROTECTION ACT!**

IS REMBRANDT V. FACEBOOK ANOTHER CORRUPT COURT LIKE LEADER V. FACEBOOK?

Given Judge Ellis' bias toward Facebook, can the Van der Meer family and Rembrandt hope for justice?

Or, will this be yet another kangaroo court masquerading as American justice?

Pass this post around and make sure people in Washington D.C. get educated on the profound conflicts of interest in this case. It appears that our justice system, attorneys and judges alike, are totally ignoring their duties to ensure to the American public that justice is blind.

BREAKING NEWS!

"Judge Rader, Author of Controversial Email to Lawyer [Edward R. Reines, Weil Gotshal LLP], to Resign from Bench" by Ashby Jones, THE WALL STREET JOURNAL LAW BLOG, Jun. 13, 2014

<http://blogs.wsj.com/law/2014/06/13/judge-rader-author-of-controversial-email-to-lawyer-to-resign-from-bench/>

This is great news for advocates of justice and the rule of law over crony capitalism and the Wall Street-Washington Cartel, for which Rader was a hired gun. Now we need to call for declarations of MIS-TRIALS on cases that have come before the Federal Circuit where Radar, Reines and Weil Gotshal LLP were involved and thus tainted the proceedings.

MORE BREAKING NEWS!

Jun. 14, 2014 --ELLIS JURY RULES FOR FACEBOOK IN REMBRANDT V. FACEBOOK

http://www.mercurynews.com/business/ci_25959047/jury-verdict-gives-facebook-victory-patent-case

Apparently, Judge T.S. Ellis III had to personally intervene in questions to experts to help Facebook get the verdict it wanted. All this result proves is that any judge and jury in the country can be bought, for the right price. Another sad day for American inventors and private property rights. Readers are encouraged to send emails of support to the REMBRANDT attorneys. We fight on.

It is curious that Rader resigned on the same day. Do you think he knew this verdict was coming and chose to get out of the firing line on the appeal? That appeal needs to include extreme judge bias since Ellis held Facebook interests and did not recuse himself. Also, the list of un-compromised Federal Circuit judges is short -- most of them appear to be either on the make, or turning blind eyes to the judicial corruption on Lafayette Square.

So Leader is one of the 1% that get to federal court. And the only other Facebook one to get to trial. And yet, the best the "journalists" for ABCNews and Silicon Valley Mercury News could do is quote some Iowa professor who said the "only one other case where Facebook was the primary defendant in a patent-infringement trial that made it all the way to a jury" without mentioning LEADER TECHNOLOGIES by name.

Do ya think they wanted to avoid having their readers find this blog and knowing the TRUTH about their favorite Facebook Kool-Aid? LOL. More mainstream media whitewash.

LAW360 wrote this morning:

"Rader Resignation A Head Scratcher Despite Email Flap"

"Federal Circuit Judge Randall Rader's retirement announcement Friday amid a controversy over an email he sent praising a Weil Gotshal & Manges LLP patent attorney came as a surprise to legal experts, who say the incident didn't warrant leaving the bench but may cast a shadow over his time on the court."

http://www.law360.com/ip/articles/548419?nl_pk=3d7de43c-2a83-457b-8e08-511bc28d2aec&utm_source=newsletter&utm_medium=email&utm_campaign=ip

These Law360 writers and "experts" are either brain dead or coy, and we don't think they're brain dead. This corruption at the Federal Circuit has been staring the courts in the face for years, but these lawyers don't want to rat on members of the club. Who is going to watch out for the American citizen, the U.S. Constitution and justice for a change?

A majority of non-lawyers on their euphemistically named "Disciplinary Boards" would be a good start. Layman won't put up with this old boy nonsense.

Really? An article exposing corruption at the Federal Circuit would be the scoop of the century for journalists like this. You can't silence something like that. Believe me, if there was actually anything going on behind the scenes, the press would be ravenously exploring it.

K. Craine July 6, 2014 at 6:47 AM

Just like CBS ravenously explored Sharyl Atkinson's investigations?

Your perspectives are either horribly naive, or you are one of the people manipulating these courts.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ullyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless.
