PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

FIG. 1— NEWS FLASH!—GIBSON DUNN WHISTLE BLOWER SAYS SNYDER & SOUTHWELL WILL LIKELY STONEWALL ORDERS: "JUST LIKE HILLARY CLINTON HAS BEEN INSTRUCTED"

Request for **DOWNLOAD** Congressional Intervention

JUDGE VERNON S. BRODERICK'S Good Friday order rebuked Facebook's defiance of his earlier Order. In response, sources at Gibson Dunn LLP say attorneys Orin S. Snyder and Alexander H. Southwell remain defiant; showing no intention of providing the Zuckerberg information to anyone, including the newly-appointed Broderick. These are the same men who **obsequiously** "thank[ed] the Court for its kind consideration" when they needed the judges' approval to enter the case. See Fig. 2. Now out come the fangs.

The source says Snyder and Southwell have gone through the motions and have regurgitated information they have already provided. In other words, they sent nothing new. Concealing evidence is a criminal offense.

The source says Gibson Dunn did not check the 28 Zuckerberg hard drives and Harvard emails.

Alexander Southwell wrote to Ceglia's attorney on Monday, Apr. 08, 2015, stating defiantly: "Don't get too excited, you're not getting anything the government doesn't already have" (paraphrase).

**BREAKING NEWS, 7:08 MST**—As we were publishing this post, we received notice of a new docket entry regarding the Facebook document production. Paul Ceglia's attorney, Robert Ross Fogg, filed a "Noncomplaint Production under Rule 17 Subpoena" letter to Judge Broderick. Fogg confirmed by reference our whistle blower information and described Gibson Dunn's production as "gratuitous" and "deliberate evasion." [Click here for the Fogg Letter.](#)

## ARE SYNDER & SOUTHWELL TOO BIG FOR THEIR BRITCHES?

Photo C-SPAN in ACLU v Clapper (NSA)

(APR. 08, 2015)—Mark Zuckerberg's and Facebook's Gibson Dunn LLP attorneys, Orin S. Snyder and Alexander H. Southwell, were allowed to enter the U.S. v. Ceglia by the previous judge, Andrew L. Carter.

Snyder and Southwell forced their way in as self-designated "victims" of a now debunked alleged fraud. New forensic evidence by the government's own Secret Service forensic lab proved last month that the [Ceglia-Zuckerberg contract is genuine](#).

# ZUCKERBERG & GIBSON DUNN FRAUD NULLIFIES ARCARA JUDGMENT / DEBUNKS CRIMINAL ACTION

In short, if the new evidence stands, then this means that it is **Zuckerberg and Gibson Dunn LLP who have been committing fraud on the court for almost five years, not Ceglia.**

A white collar criminal's modus operandi is often to accuse the target of the crimes he is committing. This forces the victim to prove a negative, e.g., "How long has it been since you stopped beating your wife?" These schemers have kept this plate spinning for five years—all through the Facebook IPO season.

Judge Carter tainted this case when he allowed [Southwell and Snyder to enter the case on Jun. 26, 2014](#).

Southwell was simultaneously counsel to JPMorgan in U.S. v. JPMorgan et al in a [\\$614 million mortgage fraud settlement](#) with the U.S. government, as evidenced by [Southwell's entry of appearance](#) (Mar. 14, 2014) in that case just a few months before his entry in the Ceglia case. JPMorgan is a key Facebook underwriter and beneficiary.

FIG. 3—Alexander H. Southwell, Gibson Dunn LLP, certification of his representation of JPMorgan Chase, as shown here (p. 19, [US v. JPMorgan](#)), at the same time as he and Orin S. Snyder made their appearance in U.S. v. Ceglia. Judge [Andrew L. Carter held 9 investments in JPMorgan](#), which he failed to disclose prior to ordering Southwell and Snyder into the case.

## JUDGE CARTER FAILED TO DISCLOSE HIS JPMORGAN FINANCIAL HOLDINGS

However, Judge Carter failed to disclose his [nine \(9\) financial holdings](#) in JPMorgan. He also holds substantial investments in other notorious Facebook pre-IPO beneficiaries, including Fidelity Contrafund (FCNTX) and Vanguard Funds.

Carter's and Southwell's common interests in JPMorgan meant that Carter was not impartial, in evident violation of Canons 2 and 3 of the [Code of Conduct for U.S. Judges](#).

Canon 2: A judge should avoid impropriety and the appearance of impropriety in all activities.

Canon 3: A judge should perform the duties of the office fairly, impartially and diligently.

On Jan. 08, 2015, Carter withdrew inexplicably from the case. Judge Vernon S. Broderick was assigned.

UPDATE MAR. 25, 2014

### FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. [HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS](#)

Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

2. [WAS CHIEF JUSTICE ROBERTS BLACKMAILED](#) into supporting Obamacare by his ethical compromises in *Leader v. Facebook*?

3. [JUSTICE ROBERTS MENTORED](#) Facebook Gibson Dunn LLP attorneys.

4. [JUSTICE ROBERTS HOLDS](#) substantial Facebook financial interests.

5. [JUDGE LEONARD STARK FAILED](#) to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment.

### BARACK OBAMA'S DARK POOLS OF CORRUPTION

Carter's withdrawal cannot undo the damage his JPMorgan conflict of interest with Gibson Dunn LLP's has done. The precedential U.S. Supreme Court case [Tumey v. Ohio](#), 273 US 510 (1927) explains why a judge with a financial interest in one of the litigants taints the proceedings ("direct pecuniary interest in the outcome" and "motive to convict").

Eric H. Holder, as U.S. Attorney General, benefited from the \$614 million Justice Department settlement with JPMorgan. [Holder also holds up to \\$22.5 million in investments](#) in in Fidelity, T. Rowe Price and Vanguard which are notoriously known Facebook investors. These funds also hold substantial amounts of JPMorgan stock. Therefore, Holders investments do not satisfy the so-called judicial "safe harbor" exemption, since the appearance of impropriety alone is audacious in its ignoring of long-standing ethics conflict of interest principles.

Judge [Richard J. Arcara](#), the judge who proclaimed the Ceglia-Zuckerberg contract a forgery without even allowing Ceglia to conduct discovery, also holds four (4) JPMorgan investments, along with Fidelity (4 holdings), and the following [Facebook IPO underwriters](#): Goldman Sachs (4 holdings), Bank of America (4 holdings), Citigroup (3 holdings), Wells Fargo (2 holdings) and Credit Suisse (1 holding). This is at least 22 reasons he made decisions favorable to Facebook. If he attempts to hide behind the so-called "safe harbor" exemption scam, that's just more proof he's a crook, we believe. Any reasonable person can see these investments required disclosure and recusal. Instead, he declared the contract a forgery without even having a government expert opinion. He took Facebook's hire-a-liar expert's word alone.

The same thing occurred in Leader v. Facebook. Obama-nominee judge Leonard P. Stark affirmed a Facebook on-sale bar claim that he allowed

WILL HUMAN KIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ullyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. After Snyder’s openly arrogant letter to Judge Broderick last week, AFI investigators decided to learn more about these men. We quickly discovered substantial conflicts of interest with U.S. Attorney Preetinder “Preet” Bharara and the U.S. government, cited above.

## TOO CONNECTED FOR THE GOOD OF THE AMERICAN JUDICIAL SYSTEM

Snyder and Southwell are prime candidates for a new cause of action against uber-connected attorneys:

Banishment from the practice of law for we-cannot-help-but-be-corrupt insider trading and influence peddling. (Similar to the anti-trust breakup of a monopoly.)

In the Southern District Court of New York alone, Snyder is listed as attorney on [125 cases](#). Southwell is listed on [170 cases](#). At what point should such attorneys be banished from the practice of law?

Snyder and Southwell, practically speaking, monopolize lower Manhattan legal activity in certain subject areas. Indeed, there comes a point with such individuals where they can no longer resist the temptation to abuse their knowledge of the weaknesses of our system of justice for themselves, their cronies and the highest bidder.

Facebook and JPMorgan must be paying them a pretty penny to tell their lies.

### INCESTUOUS GOVERNMENT BIAS

Snyder is a former prosecutor and Southwell a former Assistant U.S. Attorney in Bharara’s Southern District Court of New York (SDNY).

Snyder’s and Southwell’s former employment by the U.S. government disqualifies the government from permitting them to enter this case. This bias cannot be any more evident.

Such incestuous relationships among Snyder, Southwell and Bharara double down on the bias against Paul Ceglia, especially since Bharara formerly worked for Gibson Dunn LLP.

## SNYDER & SOUTHWELL FALSE AND MISLEADING PUBLIC STATEMENTS ABOUT THE CEGLIA MATTER

[ORIN S. SNYDER’s Gibson Dunn biography](#) referring to Ceglia v. Zuckerberg states: “Obtained expedited discovery that culminated in a dismissal of the action as a fraud on the federal courts.”

Snyder also does not disclose that Gibson Dunn concealed the existence of those drives in *Leader v. Facebook*.

Snyder's assertions about Ceglia's alleged fraud on the court are now proven false by the government's own Secret Service forensic analysis. Zuckerberg is the fraudster, not Ceglia.

[ALEXANDER H. SOUTHWELL's Gibson Dunn LLP biography](#) repeats the same Snyder false statements. He says he was instrumental in "developing evidence of spoliation of evidence and fraud" in the Ceglia case. This statement has now been discredited by the [new Secret Service forensic report](#) proving the contract to be genuine.

Was Southwell's use of "developing evidence" a euphemistic deception for his work to fabricate evidence they used to frame Paul Ceglia? Evidently.

## IF ZUCKERBERG IS INNOCENT, THEN WHY THE GIBSON DUNN LLP "PUNKS WITH A PEN?"

Mr. Ceglia is certainly getting the attention of some of Manhattan's most pernicious legal insiders.

Their body language and rapacious activity says it all.

One is reminded of Shakespeare's line in *Hamlet* (1602):

"The lady doth protest too much, methinks."

Go Judge Broderick! True inventors and our Republic need you to do the right thing.

### 2ND CIRCUIT APPEALS COURT STACKED WITH FACEBOOK CRONIES—ANOTHER AMBUSH TO PROTECT FACEBOOK—THE N.S.A.'S FAVORITE SPY PLATFORM

04/16/2015 155 CASE, before GC, JAC, RR, C.JJ., HEARD.[1486419] [14-1365] [Entered: 04/16/2015 11:40 AM]

**Cutting through the Gibson Dunn astroturfing slander of Paul Ceglia, do you need to know more about this case?**

**Secret Service Forensics just *validated* the contract, and Paul Ceglia has been *blocked* at every turn from conducting thorough discovery on Mark Zuckerberg . . . for five years. What *are* they hiding? Why was a FISA judge assigned while Broderick is scrutinizing FISA-NSA in the *ACLU v. Clapper* appeal in this same court? The ambush is evident.**

**(APR. 16, 2015 BREAKING NEWS)**—An appeals court hearing was held this morning in *Ceglia v. Zuckerberg* and *U.S. v. Ceglia*. The three-judge panel assigned was composed of **JOSE A. CABRARAS (JAC)**, **REENA RAGGI (RR)** and **GUIDO CALABRESI (GC)**. See the cryptic docket entry above. *Ceglia v. Zuckerberg*, Case No. 14-1365 (2nd Cir. 2014).

#### EVIDENT ABORTION OF IMPARTIALITY

Analysis of their Senate confirmation and financial disclosures has uncovered an evident abortion of impartiality. Conflicts analyses: [Cabraras](#) | [Raggi](#) | [Calabresi](#). Our opinion is that this panel is more of the same judicial bias that swirls around Facebook. Review of the Raggi, Cabraras and Calabresi financial disclosures reveals the now familiar pattern of massive holdings in Facebook and the Cartel.

**FIG. 6—2ND CIRCUIT JUDGE JOSE A. CABRARAS.** Judge Cabraras was just assigned to the Ceglia appeal despite his substantial financial holdings in Facebook interests, and his FISA Court membership—which ties him to Eric H. Holder, the plaintiff in *U.S. v. Ceglia*, and the defendant in the *ACLU v. Clapper* (NSA) appeal being heard by Judge Broderick, who presides over *U.S. v. Ceglia*.

What ethics school did these people

### 3. Two Policy Changes That Will Make America More Democratic (and less contentious), Dec. 21, 2012

## OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored **shocking new evidence** that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news

Cabraras is a FISA Court Judge (PDF) where Reggie B. Walton is presiding judge—both cronies of the secretive NSA kingpin, Professor James P. Chandler. The FISA court is the secret court that granted Eric H. Holder, Jr. almost dictatorial powers to override the U.S. Constitution in the name of national security. These powers allowed the National Security Agency (NSA) to spy on American citizens on the flimsiest of probable cause.

These CABRARAS-BRODERICK-HOLDER-CHANDLER-WALTON-FACEBOOK-NSA-FISA COURT interconnections hopelessly taint this panel. They are either brain dead as to their conflicts of interest, or this was very intentional (we don't think they are brain dead).

See previous post "Eric Holder Exploits Secret FISA Laws For Personal Gain" by Americans For Innovation, Jul. 02, 2014.

SNOWDEN DISCLOSED TIES BETWEEN NSA-FISA AND FACEBOOK

Whistleblower Edward Snowden disclosed that Facebook began cooperation with the NSA on Jun. 06, 2009, after Obama's White House cabinet was set. U.S. v. Ceglia lower court judge Vernon S. Broderick is currently presiding in the 2nd Circuit in the ACLU's complaint against the NSA where Eric Holder is a defendant. What seems evident is that the FISA court and Chandler are in damage control, having tapped Broderick to control the ACLU case, and

Cabraras to ensure the proper outcome in U.S. v. Ceglia.

Ceglia just filed a motion in Broderick's court to review Zuckerberg 28 hard drives and Harvard emails. Broderick has not yet ruled on this motion. Is his FISA crony Cabraras running interference so that he won't have to order Zuckerberg's computers up for analysis at last? How Broderick rules will tell us everything about his intentions to run an impartial tribunal, or circle the wagons even tighter around Facebook—the NSA's favorite spy platform. Is Broderick his own man, or a Cartel puppet. We'll know by how he rules on hacker-thief Zuckerberg's evidence—which the public has a right to see at this point.

That public is now watching.

BIRDS OF A FEATHER

UPDATE APR. 18, 2015—Facebook's GIBSON DUNN LLP attorneys in the Ceglia cases, ALEXANDER H. SOUTHWELL and ORIN S. SNYDER, recently teamed up with Facebook's Gibson Dunn Leader v. Facebook attorney, THOMAS G. HUNGAR, who failed to disclose the 28 Zuckerberg hard drives in his possession. They oppose an attempt by the U.S. government to obtain discovery from Microsoft customers outside the U.S. Microsoft is a large Facebook stockholder in which all of the judges in Ceglia and Leader v. Facebook are invested. Facebook has used its ill-gotten revenues to build a massive data center in Lulea, Sweden. If this Microsoft email discovery is allowed, it would give precedent in Ceglia and Leader Technologies for more access to Facebook's evidence hidden overseas. Overseas is one thing, but we know the 28 ZUCKERBERG HARD DRIVES AND HARVARD EMAILS are in California—hidden by Zuckerberg's attorneys Gibson Dunn LLP and McManus Faulkner LLP—and the courts to date have blocked Ceglia from reviewing them for five years. Facebook's own forensic experts, Rose and McGowen, confirmed their existence (even though Facebook said they were lost in Leader v. Facebook). Also noteworthy, another Facebook lawyer in Ceglia, Orrin Herrington LLP, is defending Microsoft. The kinky

### GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#) Judge Lourie also failed to apply

The headline reads,

"Judge Fines Gibson Dunn Following Partner's Misconduct"

The first sentence starts out with, "Gibson Dunn & Crutcher, along with the Republic of Djibouti, has been ordered by a British high court judge,"

Interesting headlines!

Seems that there is a pattern growing at Gibson Dunn!

We now have the Montana Supreme Court accusing Gibson Dunn of "misconduct", as stated in a previous post.

Then there is testimony at a congressional hearing, WASHINGTON, Dec. 05 /*CSRwire*/, that "Chevron, the U.S. Chamber of Commerce, and a leading partner at the American law firm Gibson Dunn & Crutcher tried to mislead Congress about the oil giant's \$18 billion environmental liability in Ecuador for the dumping of toxic waste and the decimation of indigenous groups, according to a letter submitted to the congressional record by lawyers for the affected Ecuadorian communities."

The previous post ties in with the conduct that is now being shown by the Gibson, Dunn & Crutcher, (GDC), lawyers involved in the Ceglia case.

On August 18, 2011, Orin Snyder, Alexander H. Southwell and others filed a "redacted" (what are they hiding?) memorandum of law. In it they are trying to get an email attachment from Paul Ceglia.

They, (GDC), were adamant and seem to be whining to the court that Ceglia hadn't turned over an attachment to an email. They want Ceglia to identify and produce "all electronic copies or images of the purported contract," "all electronic versions or purported versions of any contract," and "all electronic versions of any emails or purported emails" among the relevant parties." (Does this request seem familiar?)

They cite many cases why he should.

Ceglia did finally comply.

Now we are at present day and the arrogance of GDC is shining bright.

They are in "defiance" of Judge Broderick's court order for discovery.

Their statement to Mr. Fogg is essentially addressed to the Judge since it was the courts

order for them to deliver the evidence to Ceglias attorney!

The court order states, "Facebook, Inc., and Mark Elliot Zuckerberg shall promptly produce to defense counsel Robert Ross Fogg all production responsive to the previously issued Rule 17(c) subpoenas duces tecum, (see Docs. 137, 138), with any appropriate confidentiality designations under the Amended Protective Order."

GDC refuses to turn over evidence that they are knowingly withholding! Shouldn't they be held to the same standards in their memorandum of law that they filed?

Anyone seeing a pattern of "MISCONDUCT" rearing its ugly head?  
You be the judge!

As a side note, Gibson Dunn & Crutcher, (GDC), also tried to school the lawyers for Paul Ceglia in their memorandum of law the filed on August 18, 2011.

In it they write,

"See N.Y. Rules of

Professional Conduct, Rule 1.2(d) ("A lawyer shall not counsel a client to engage, or assist a client, in conduct that the lawyer knows is illegal or fraudulent . . . ."); Rule 8.4 (b)-(d) ("A lawyer or law firm shall not . . . engage in illegal conduct . . . ; engage in conduct involving dishonesty, fraud, deceit or misrepresentation; [or] engage in conduct that is prejudicial to the administration of justice.")"

Could the "Pot be calling the Kettle black" here.

Who was and is in possession and knowledge of the whereabouts of the Zuckerberg harddrives?

Who was aware and had possession of the documents that Mr. Fogg writes to the court about that are said to "contain evidence of other versions of contracts between Messrs, Zuckerberg and Ceglia which were prepared by Mr, Zuckerberg that will support the authenticity of the "Work for Hire Contract.""

I think all of Paul Ceglia's lawyers need to request from the court the same request made by GDC in their memorandum.

They stated: "This Court should also award Defendants their attorneys' fees and costs, and all other relief to which they may be entitled."

The same standards should apply to Gibson, Dunn & Crutcher!  
You be the judge!

Email comment by TEX:

I just paid my taxes and am a little grumpy especially after hearing Obama is playing golf again. Americans, however, have learned to accept legalized theft by our government since Salmon P Chase convinced Congress to tax the income of US citizens to fund our (un) Civil war between the states in 1862. Not only was it a war that saw brother kill brother, neighbor kill neighbor, but it also set the stage for a slow process of socialism that set up a way for our government to take from one citizen and give it to another under the guise of greater good. Up until that time, the U.S. had funded its needs by applying tariffs and special fees on gold, silver, etc. The key, however, was the low level of federal government spending. The IRS was essentially formed in 1862. That bureau was given the right to foreclose property and even imprison tax cheats. From 1862 to 1913, the IRS used taxes as coercion against whiskey producers, tobacco growers, and other "sin" consumables. The trend to control actions through coercion in other areas began. The IRS transcended just producing government revenue as we saw a few years ago with Lois Lerner. In 1913, a permanent income tax policy was created to fund WWI and look what we have today. A behemoth, out of control, ineffective, government that is consuming our future.

But Uncle Sam didn't stop there. We established agencies, thousands of agencies, to benefit the citizens....what a unwieldy mess. Not only do they not benefit the citizenry, they actually have become the citizenry. The power today, for really the first time in our history, lies not in the hands of the productive, but in the hands of the parasites. Never before have so many had so much power that literally make no contribution to our GDP, our innovation, or our future success. Without being unctuous, I hereby state with an open microphone, that academia, the main stream media, our elected politicians and their sniveling bureaucratic administrators, our hand picked appointed judges, and the citizens that are

his own law-test in Group One v.

Hallmark Cards to the evidence.

After debunking all of Facebook's

evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

*v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012).

Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. able to work but do not because they make more money by being on the gravy train . The non productive are sucking the life out of the productive citizens . And the aforementioned folks that scream about income inequality, racism, sexism, and so on, now represent the power block in America. No skin in the game, yet they control our country.

As I follow this blog, I see that bad actors really do exist. They benefit personally while claiming " greater good". Obama and his thieving buddies just make me sick. And their power came from the parasites. What a crock of moon dust. How did this happen? Well, it happened one step at a time. It has been a slow water torture that began when we agreed to "share crop" ( income taxes) with an out of control, corrupt, inept, power hungry , and overall wasteful government in 1913. Our friend ,Woodrow Wilson, saw an opening. He was a perfect elitist aristocrat that knew he was smarter than the commoners. We needed his help. Obama and Hillary have that same pompous arrogance. We have to stop this tragedy .

So where are Krecht and Cranbrook these days? Are you boys watching this Ceglia case unravel? You know this evidence can lead to a new Leader case, right? Why don't clear your respective heads and come forward ? Tell us what you know.....we have to reshape the country that once was an example for the world. It can only be done the way it was stolen, one baby step at a time. Patent theft identification and appropriate remedies is a good first step.

Have a nice day, TEX

WIREHOG what was Wirehog?

Sean Parker fondly looks back at Wirehog. According to him and author David Kirkpatrick it was a side-project that Mark Zuckerberg found interesting 2004 to 2005. According to both of them, it was also the thing that almost killed Facebook. So what was Wirehog? It was a peer-to-peer (P2P) file-sharing service that (they say) was hooked up to Facebook. When it launched in 2004, it was Zuckerberg thinking ahead of his time, Parker (shill) says. It was an app that worked on top of Facebook?. they say This was well before f8, before the Platform??. It existed until early 2006 when, according to Kirkpatrick, it died "because Sean killed it." --- BUT COD WAS STOLEN

When Facebook launched in 2004 David Kirkpatrick said the idea facebook was Sean Parker creation but Sean Parker got arrested for cocaine, so Kirkpatrick had to make and fake a new creation idea of facebook, in the first year of facebook all that zuckerberg did was work on Wirehog it was a dating site zuckerberg was talking about creating a dating site Face Smash, after this girl rejected him. zuckerberg was slaging her off - calling her a bitch and a whore on line, Kirkpatrick and Sean Parker had to kill Wirehog? to get zuckerberg to work on facebook

Challenge To IPR, 'Patent Death Squads' Hits 4th Circ. By Kelly Knaub

Law360, New York (April 14, 2015, 2:57 PM ET) -- ECharge Licensing LLC urged the Fourth Circuit on Monday to overturn the dismissal of the company's constitutional challenge to the U.S. Patent and Trademark Office's inter partes review process, saying that the personnel overseeing the process are "patent death squads" and that it violates U.S. Supreme Court precedent.

I see a pattern here. The OBKCH ( Obama/Biden/Kerry/Clinton/Holder) administration is on an unhindered roll that boggles my mind . I see new moves on the horizon that will further our demise . Give me a martini and lets talk.

First, let's talk facts, not conjecture. What is the "pattern" ? You might recall that OBKCH wanted to transform America. Transform it, not just improve it. Why? Because they didn't like it. Michelle admitted that she had never liked it. That was a good start for their legacy, huh ? So what have they done? Well, OBKCH neutered and wussified our military, FBI, CIA, DEA, and Homeland security including our border patrol. OBKCH gave guns to cartels while attempting to take away guns and ammo from honest citizens. We drew red lines that weren't red lines. We allowed American soil to be attacked by Islamists and citizens killed without response. OBKCH uses social issues to justify an elitist takeover all parts our society. Marriage is now less important, religion has been given negative connotations, and successful folks are chastised. 47,000,000 folks are on food stamps. Our work force is shrinking, and incomes are not going up. OBKCH have socialized our medicine, and invited the entire world into our country to reap the free benefits funded by the " lucky" that did not ( according to them ) build their own businesses. OBKCH forced our tax collecting arm to become a liberal gestapo. Our borders have collapsed , literally. I have seen it with my own eyes. On the other side of the world, Islamic visionaries are murdering innocent folks , building highly destructive weapons, and terrorizing the world. OBKCH are emboldening these animals by pushing back on our allies and creating friendly relationships with these most horrific murderers since Hitler and Stalin.

So what else can they do? I believe that they are running up our national debt on purpose so that the only solution will be to take all of the natural resources away from private enterprise and nationalize them.....oil, natural gas, pipelines, refineries. That will also include minerals such as gold, silver, potash, gypsum, and so on. Remember the song, ' this is my land, this is your land' ? Listen to the words. That is OBKCH in musical form. Has this happened any where else in the world ? Yep. Russia, China, all of the Middle East, Venezuela, Mexico, Nigeria, and Norway. That will be their excuse. In the mean time OBKCH will overtax our energy usage in the form of "highway taxes", carbon usage, and luxury taxes. Global climate scare will be intensified . Wealth taxes will be imposed on big estates, cash accounts, stocks, bonds, etc. . It will be a reverse capital gains tax....if it is idly in an asset, it will be taxed. Redistribution from you to them, because only they are for the little people and you are not.

The scariest scenario is already occurring. The patent office will cease to exist and will become the Registration office. All new ideas and inventions must belong to the people ( the greater good). And because the social networks are already " big brother" , companies like Google, Facebook, Instagram, Twitter, will be rolled up into the government agency that will control the Internet. This is OBKCH ' s greatest dream scenario. These platforms are so inculcated into our daily lives that the proletariat will embrace it without knowing the consequences that follow. And after his second term expires, Obama will pursue the position of leader of the world through the United Nations. Why else has he so heavily endorsed every non- American UN position? Why else has he tried to water down America's importance in the world and give to the UN? Why else does he do apology tours and take actions so unfavorable to his citizens ? Why else is he trying to control our lives through UN treaties? He needs America to be weak, The Internet will be a big part of that ultimate collusion. And he does have a Nobel Peace Prize.

Think I am nuts ? Probably am. My advice? Get those socialists out of Washington before we can't stop it. If we don't, you can kiss your sweet freedom and liberties good- bye.

Have a great day, TEX=

This is a good video discussing why small business patenting is threatened by deep-pocket infringers in their current lobbying to change legislation. Also remember, our research has uncovered that IBM / David J. Kappos and Professor James P. Chandler, IBM's patent attorney, devised the whole concept of the "patent troll" so IBM could make more money licensing its "junk patents." Then, they took some of that money and hired PR firms who push the idea that small inventors are the trolls, not poor little IBM. Then, IBM and Chandler stole key social networking inventions like Leader Technologies' to sustain their theft. Along the way, they instructed Obama to install Kappos as director of the U.S. Patent Office and IBM sold 750 of those junk patents to Facebook so they could harass companies just like IBM does. Slick tricks from slimy dudes.
