PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

FIG. 1—HILLARY R. & WILLIAM J. CLINTON. According to the just-released Panama Papers database, Hillary Clinton's State Department contracts with Facebook starting in 2009 tie her to a "weasely" world (term just coined by The Center for Public Integrity to replace the undeserved "elite" word often used for this crowd of thieves) of offshore shell companies that are secretly moving many hundreds of billions of dollars of dubious funds around the world. Worse for Hillary is the fact that these revelations prove that she conspired with foreign governments and the private sector to defraud the American people.

**NEWS UPDATE: MAY 16, 2016—"WACKY" SANDBERG FEMINISM:** Facebook COO Sheryl K. Sandberg's 1991 Harvard senior thesis was just released to [Breitbart News](#). It concludes that domestic violence is caused by "traditional attitudes" and "western society." Remarkably, Sandberg failed to compare the plight of women in the Islamic world with women in the West. Sandberg wrote "the hierarchical, male-

dominant nature of Western society" and the "pervasive influence of patriarchy" are the main triggers for violence against women. She concluded that 95% of domestic violence is against women when the real number is roughly 50-50. Brietbart journalist Milo Yiannopoulos labeled the thesis "wacky" feminism. [Sandberg credits her college advisor Lawrence H. Summers](#). Summers later hired her at the World Bank in 1993 (along with Russian Yuri Milner), then later as his chief of staff as Clinton Treasury Secretary. The threesome today play prominently with Obama, Clintons, Silicon Valley and Wall Street in Washington corruption. [Judicial Watch uncovered intimate collaboration between Sandberg and Hillary Clinton \(see below\)](#). Clearly, the co-mingling of gender politics and stolen social networking technology began decades ago. Also notable, Sandberg claimed copyrights on her thesis, yet she and Facebook abuse Leader Technologies' patents and copyrights for social networking [daily](#). Selective abuses appear permissible in Sandberg's world. [Click here for the Sandberg thesis download](#) (10 MB).

**Leader:** 145,000 man-hours • over \$10 million • 20 people • solid engineering • hackers not welcome • affirms privacy, security, property • no foreign influence • respects U.S. Constitution

**Facebook:** "one to two weeks" • beer money • all by myself • 28 hidden hard drives • stole Harvard photos • hacks email • PayPal Mafia handlers • scofs at privacy • corrupts markets, judges, politicians & gov't agencies

ORIGINAL POST

**(MAY 12, 2016)**—On Jan. 23, 2009, three days after Barack Obama's inauguration, Hillary Clinton, hired Princeton University law professor Anne-Marie Slaughter as her chief policy advisor at the State Department.

FIG. 2—ANNE MARIE SLAUGHTER

Slaughter's book "A New World Order" (Princeton Univ. Press, 2004) advocates public-private partnerships where "private incentives are harnessed to public goals."

FIG. 3—GEORGE SOROS See [Panama Papers reader comment below](#)

For a new Secretary of State needing an overarching vision for her agency, Slaughter appears to have filled the void. However, Slaughter's philosophy appears to do little more than smear

lipstick on the pig of Crony Capitalism. Readers should note that Slaughter is related by marriage to George Soros—the infamous financier of the new world order.

## "DISAGGREGATION"

Hillary wasted no time implementing Slaughter's philosophy of "disaggregation" of governance. Slaughter stated in a State Department speech on Apr. 12, 2004 at the publishing of A New World Order:

**SLAUGHTER (2004):** "The state is not disappearing, it's disaggregating, meaning it is simply operating through all its different branches, regulatory agencies, through judges, through legislators, and they are all networking with one another."

Slaughter's lipstick defines anarchy.

**ANARCHY:** "a situation of confusion and wild behavior in which the people in a country, group, organization, etc., are not controlled by rules or laws." ([Merriam-Webster](#)).

Bottom line, Secretary of State Hillary Clinton followed the policy advice of an anarchist. It appears that America as we have known it is the target. Their vision appears to be to replace the U.S. Constitution with a global corporate policy manual.

According to Slaughter's philosophy, Bill and Hillary Clinton's wanton conduct is permitted as the natural devolution of government independently operating through interlocked agencies. The pesky details, like who appoints these agency heads and holds them accountable, are ignored in the rush to self-enrichment.

## HILLARY HAS REPLACED THE U.S. CONSTITUTION WITH "DISAGGREGATION" WHERE DECEPTION AND THEFT ARE ACCEPTABLE IF THE GOAL IS ACHIEVED

Hillary wasted no time disaggregating at the State Department. For example:

1. **PRIVATE EMAIL SERVER:** Hillary set up her own private email server to conduct official business secretly in violation of many national security laws and common sense.
2. **BLUMENTHAL:** Hillary secretly hired Sidney Blumenthal as political advisor over White House objection. Blumenthal then provided reams of rogue advice but was accountable to no one.
3. **BILL'S URANIUM JUNKET:** Hillary approved the sale of critical uranium mining interests to Russia that netted \$152 million in donations to The Clinton Foundation in violation of ethics laws.
4. **LEADER V. FACEBOOK OBSTRUCTION OF JUSTICE:** Hillary obstructed justice in the Leader v. Facebook social networking patent infringement case by contracting with Facebook and thus tampering with Facebook witnesses.
5. **U.S. ELECTION TAMPERING:** Hillary paid Facebook over \$600,000 in 2009 and 2010 alone to implement "election winning templates" in preparation for the 2010 midterm U.S. elections—in violation of The Hatch Act.

The list is long . . . We can only imagine what she is up to now.

## THE PANAMA PAPERS REVEAL HILLARY'S SECRET OFFSHORE FINANCING SCHEME

On Sep. 26, 2009, Hillary paid \$120,000 to Facebook for an "election winning template" in preparation for the 2010 midterm U.S. election. See [previous post](#).

This U.S. State Department–Facebook contract proves: (1) obstruction of justice in Leader v. Facebook by interfering with Facebook witnesses to that case, and (2) election tampering by Hillary and the State Department.

The Panama Papers also uncover a third problem with Hillary's Facebook contracts: (3) a secret offshore Clinton financing network enriched by Facebook contracts and underwritten by Goldman Sachs.

### BARACK OBAMA'S DARK POOLS OF CORRUPTION

# YURI MILNER, VLADIMIR SKOCH & ARDAVAN FARHAD MOSHIRI

FIG. 5—ISLE OF MAN, Bill & Hillary Clinton's secret Russian money laundering "intermediary"

The Isle of Man is a postage stamp island in the Irish Sea that facilitates tens of billions of dollars in dubious Russian cash to and from Facebook through the British Virgin Islands, among other places.

The Panama Papers, the giant leak of more than 11.5 million financial and

legal records of secretive offshore companies, further embroils Bill and Hillary Clinton in crime, corruption and cover ups.

On Apr. 09, 2016, the International Consortium of Investigative Journalists (ICIJ) released the full [Panama Papers database](#) for public review and download. This database is the source of this new evidence against the Clintons and Facebook.

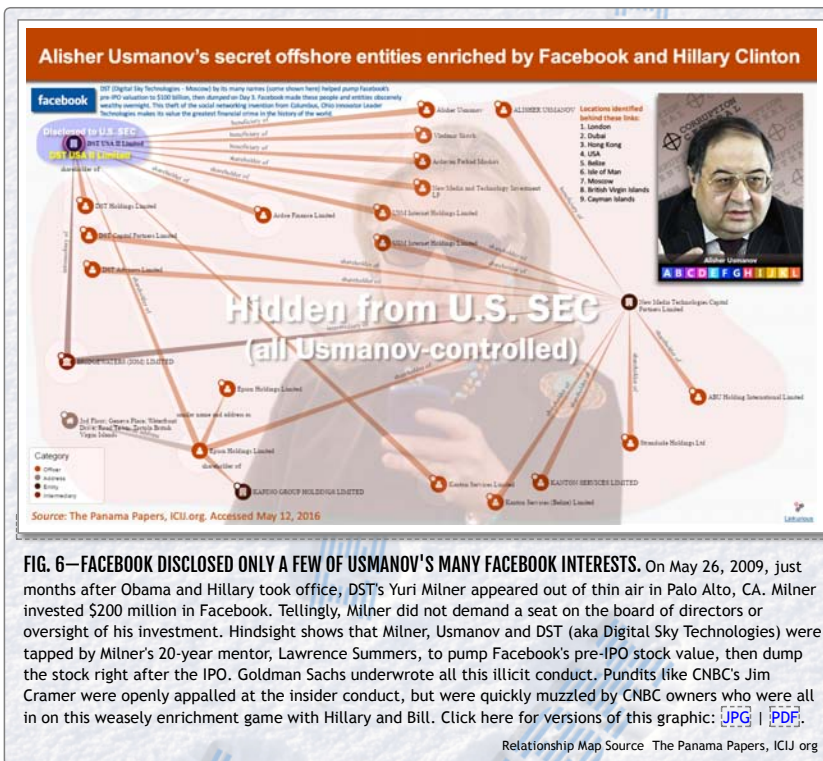

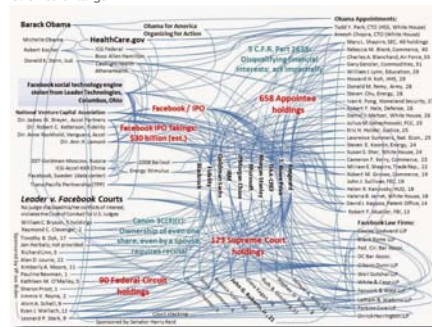

FIG. 6—FACEBOOK DISCLOSED ONLY A FEW OF USMANOV'S MANY FACEBOOK INTERESTS. On May 26, 2009, just months after Obama and Hillary took office, DST's Yuri Milner appeared out of thin air in Palo Alto, CA. Milner invested \$200 million in Facebook. Tellingly, Milner did not demand a seat on the board of directors or oversight of his investment. Hindsight shows that Milner, Usmanov and DST (aka Digital Sky Technologies) were tapped by Milner's 20-year mentor, Lawrence Summers, to pump Facebook's pre-IPO stock value, then dump the stock right after the IPO. Goldman Sachs underwrote all this illicit conduct. Pundits like CNBC's Jim Cramer were openly appalled at the insider conduct, but were quickly muzzled by CNBC owners who were all in on this weaselly enrichment game with Hillary and Bill. **STOP FACEBOOK PROPERTY THEFT**

W LL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

**ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!**

**LEADER TECHNOLOGIES Inventor Protection Act (Proposed)**

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Russian oligarch Alisher Usmanov's secret entity network funnels tens of billions of dollars to and from Facebook. All of these entities have been enriched by Hillary Clinton's State Department contracts with Facebook.

## WHO ARE THESE PEOPLE?

FIG. 7—OLIGARCH ALISHER USMANOV

**ALISHER USMANOV**—Became "The Richest Man in Russia" after cashing out his Facebook stock. Vladimir Putin confidante. Yuri Milner business partner. Both Milner and Usmanov are Sheryl K. Sandberg, Facebook COO, collaborators and protégés of Lawrence Summers.

All of the entities shown in the relationship map above are controlled by Usmanov.

**DST USA II LIMITED** was a pre-IPO (initial public offering) investor in Facebook. Ref. SEC Form 4, May 24, 2012.

**BRETT SINCLAIR ARMITAGE, BRIDGEWATERS (IOM) LIMITED**—The company representative who signed the SEC Form 4 was Brett Sinclair Armitage. Armitage is managing director of a registered companies' agent in the Isle of Man named Bridgewaters (IOM) Limited. "IOM" = "Isle of Man"

Bridgewaters is identified in The Panama Papers as the "Intermediary" for 200 entities in the [Isle of Man](#) and one (1) entity in the [United Kingdom](#).

Armitage identifies himself as a director of DST USA II Limited, which makes him a fiduciary in the United States and subject to US securities law.

**URASIA MINING LIMITED.** Bridgewaters (IOM) Limited was also the intermediary for UrAsia Mining Limited. The Panama Papers show that UrAsia was incorporated in the Isle of Man on Apr. 12, 2006 and "struck off" 18 months later on Oct. 31, 2007. [Click here for PDF](#)

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012.](#) Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. In short, the same Isle of Man intermediary, Bridgewaters (IOM) Limited, managed the flow of \$3.1 billion Russian UrAsia funds to Bill Clinton's friend and Clinton Foundation donor in 2007. Then, managed the flow of dubious Russian funds into Facebook to pump its pre-IPO valuation to \$100 billion. This is after Hillary Clinton as Secretary of State issued over a dozen contracts with Facebook, including "communications services" contracts to develop a "template for winning elections" prior to the 2010 midterm U.S. elections. # RACKETEERING

Any benefit provided by Hillary Clinton and the State Department to Facebook dramatically benefits this labyrinth of secret offshore Facebook financing, all leading to Alisher Usmanov, Yuri Milner and Sheryl Sandberg, Larry Summers' protégés.

Barack Obama, himself a product of this Harvard cabal, like Sandberg and Summers, was surely not ignorant of these secret associations. Why else would he have appointed Larry Summers to manage the so-called "bailout" where tens of billions of dollars were sent overseas to enrich Hillary's private financial empire?

# NO OBAMA SANCTIONS FOR HILLARY'S SECRET RUSSIAN FINANCIERS

Remarkably, in the latest round of Ukrainian sanctions, Obama did not sanction Usmanov, Milner, Koch or Moshiri. Why would he? They have helped finance Facebook's U.S. election rigging at Hillary's request. That election rigging helped Barack Obama win the 2012 election.

## HARVARD HUBRIS AT ITS FINEST

Sandberg and Milner supported [Summers' reckless recommendation](#) that the collapsing Soviet economy adopt a privatization voucher system—even though only Russian organized crime had access to Western currency to buy the vouchers.

Most economists point to Summers as the ignominious father of corrupt Russian oligarchy. This makes Sandberg and Milner Russian oligarchy's bastard children.

Summers also led the efforts in the Bill Clinton Administration to destroy the wall of separation ([Glass-Steagall Act of 1933](#)) that forced banks to keep investment banking from investor funds, and argued strongly against the regulation of derivatives. Both changes were primary causes of the Great Recession of 2008.

## MARNE L. LEVINE (DEUTCH)'S PERFECT CARTEL RESUME

3. [Two Policy Changes That Will Make America More Democratic \(and less contentious\)](#), Dec. 21, 2012

### OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

### CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news

(No wonder Hillary wanted her own private Email server. She knew the way the world's communications was being snooped by her "public-private partners.")

Kappos ordered Leader Technologies' patent invalidated in an unprecedented secret court staffed with his former IBM colleagues. This was after the same Leader claims had been affirmed three times previously. Suddenly, they were wiped off the books by secret administrative fiat. Kappos is a protege of Leader Technologies' former patent attorney, James P. Chandler, III, who is a legal confidante of IBM, Eric Holder, Bill and Hillary Clinton and Barack and Michelle Obama.

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES "

## GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here.](#))

He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#) Judge Lourie also failed to apply

On May 11, 2016, whistleblower financial analyst Charles Ortel reported "gross charity fraud" at The Clinton Foundation. He said "There are massive discrepancies between what some of the major donors say they gave...and the Clinton Foundation said what they got from the donors and what they did with it."

# THE PANAMA PAPERS EXPOSE A SECRET GLOBAL FINANCIAL PLAYGROUND FOR HILLARY AND BILL WHERE MORALS AND LAWS ARE MERE SPEED BUMPS

The Panama Papers, the giant leak of more than 11.5 million financial and legal records of secretive offshore companies, embroils Bill and Hillary Clinton still further in crime, corruption and cover ups.

On Apr. 09, 2016, the International Consortium of Investigative Journalists (ICIJ) released the full [Panama Papers database](#) for public review and download.

The papers expose a convoluted mix of shady companies and lawyers. Hillary's Russian conspirators have offices in the Isle of Man, Virgin Islands, Belize, Cayman Islands, Dubai and Hong Kong.

Hillary's partners include Russians, Goldman Sachs, Facebook, Larry Summers and the State Department.

Hillary's "Sugar Daddy's" include Russians Yuri Milner, Alisher Usmanov and Vladimir Skoch, as well as British-Iranian Farhad Moshiri. They hold shares in DST USA II Limited --a Virgin Islands company managed from the Isle of Man.

# DST AND GOLDMAN ARE BENEFICIARIES OF HILLARY'S FACEBOOK CONTRACTS AT THE STATE DEPARTMENT

The following DST and Goldman entities - all beneficiaries of Hillary's State Department contracts with Facebook - enriched themselves by cashing out on Day 3 of the Facebook initial public offering at \$37.582 per share.

**DST USA II LIMITED** is related to a string of related Usmanov companies (links to U.S. SEC Facebook Form 4 Insider Trading filings on May 24, 2012 following the start of the initial public offering). The beneficiary entities in **yellow highlighted bold red** were not disclosed in the Facebook public offering.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff*

*v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012).

Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. **HILLARY, GOLDMAN SACHS CO-CONSPIRATOR**

**FIG. 23—MARY L. SCHAPIRO**, Chair, U.S. Securities & Exchange Commission (SEC) (Jan 20, 2009 to Nov 26, 2012) Barack Obama nominated Schapiro the same day as Hillary Clinton. She held more disclosed Facebook interests than anyone else in Obama's cabinet. She **ignored** the Goldman Sachs "dark pools" trading in Facebook pre-IPO insider stock to foreigners like Usmanov, Milner, DST and Mail.ru that pumped Facebook's valuation to \$100 billion. This turning of blind eyes by Schapiro and the SEC was an obscene violation of the 500-shareholder trading limitation on unregistered stock. Ethics and fair play were willfully damned by these transactions.

Readers should note that Goldman Sachs knows the rules about disclosing related beneficial interests on their own Facebook account, yet profoundly (and criminally?) failed to require similar disclosure from DST, Milner, Clinton, Sandberg, Summers and Usmanov related entities. Such nondisclosure is securities fraud. The collaboration of these various individuals and entities amounts to organized crime.

**MARY L. SCHAPIRO, AS CHAIR OF THE U.S. SECURITIES & EXCHANGE COMMISSION, APPROVED THE GREATEST FINANCIAL CRIME IN THE HISTORY OF THE WORLD IN TERMS OF THE VALUE OF LEADER TECHNOLOGIES' SOCIAL NETWORKING INVENTION**

Tellingly, Goldman Sachs' sale of pre-IPO "dark pool" Facebook insider stock was stopped for U.S. investors due to questions as to whether they were violating the 500-shareholder rule. Once U.S. investors were blocked, these DST Russian entities evidently flooded in. SEC Chair [Mary L. Schapiro](#) turned a blind eye given her massive holdings in Facebook interests. Former Commerce Secretary [Rebecca M. Blank](#) (June 11, 2012 - June 1, 2013) was also involved in these schemes and holds the second highest number of disclosed Facebook interests in the Obama cabinet, yet did not recuse herself in Patent Office business (run by the Commerce Department under the Executive Branch) re. Leader Technologies and Facebook, despite numerous requests from Leader's shareholders, Leader reports.

**Disclose Conflicts of Interest.** Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

**Clerk of Court Jan Horbaly**, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook.](#) Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's

## AT LEAST SEVEN BIG PROBLEMS WITH HILLARY'S FACEBOOK CONDUCT

1. **GOLDMAN SPEAKING FEES:** The Clintons have been paid \$1,150,000 in speaking fees by Goldman Sachs (2004 and 2012). Therefore, she had a public duty to recuse herself from any matter involving Goldman Sachs as a beneficiary, including her State Department contracts with Facebook.
2. **GOLDMAN/DST PARTNERSHIP (MOSCOW):** Goldman Sachs is a Moscow partner of DST, Digital Sky Technologies, Mail.ru, Alisher Usmanov, Yuri Milner and Farhad Moshiri. Therefore, she had a public duty to recuse herself from any matter involving Goldman Sachs as a beneficiary, including her State Department contracts with Facebook.
3. **VLADIMIR SKOCH:** Koch is a member of the Russian Duma. Therefore, Hillary had a duty to recuse herself from any matter involving Skoch as a beneficiary, including her State Department contracts with Facebook.
4. **INCESTUOUS SUMMERS, MILNER, SANDBERG, GOLDMAN, FACEBOOK, DST INTERRELATIONSHIPS:** Obama appointed Larry Summers to lead the National Economic Council in Nov. 2008. This included Summers' oversight of \$13 billion in TARP funds to Goldman Sachs. Goldman underwrote and invested in Facebook. Goldman underwrote DST's Facebook investments. Goldman was partnered with DST

Moscow. DST's CEO Yuri Milner and Facebook's Sheryl K. Sandberg are protégés of Summers. Alisher Usmanov is Russian oligarch product of Summers' failed Harvard consulting assisted by Sandberg and Milner. The conflicts of interest are glaring.

- 5. **U.S. ELECTION RIGGING:** Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in violation of the Hatch Act in her State Department contract with Facebook.
- 6. **WITNESS TAMPERING:** Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in violation of U.S. law in witness tampering in Leader v. Facebook in her State Department contract with Facebook.
- 7. **CONSPIRATORS IN PROPERTY THEFT:** Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in the theft of Leader Technologies' social networking invention. The financial sums values involved make this the Greatest Financial Crime in the History of the World.
- 8. **URASIA URANIUM MINING JUNKET.** Failure to disclose family and Clinton Foundation conflicts of interest and self-dealing.

Judge **Randall R. Rader**, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. [See analysis of Judge Rader's undisclosed conflicts of interest in Leader v. The Dark Side Of Eric Holder's Legacy  
Holder's reign, there has been an increase in the number of cases brought against non-U.S. banks for things like money laundering for drug dealers and illegally doing business with Iran. But that's about pursuing State Department aims, not redressing wrongs that contributed to the financial crisis. They are about bank regulation as a tool to conduct U.S. foreign policy. Similarly, the cases against big banks for manipulating Libor, a key global interest rate benchmark, do include U.S. banks, but tilt mainly against foreign institutions. And Libor manipulation, like banking Iran, has nothing to do with the MORTGAGE CRISIS.

The IT director on Clinton's 2008 campaign, Pagliano was hired as a Schedule C employee by the State Department in May 2009, much to the confusion of the agency's career IT officials, who had never had a political appointee work in their shop.

Bill Clinton helped direct nearly \$3 million to an energy company that was owned in part by a "family friend" who is rumored to be one of the former president's mistresses.

And according to The Wall Street Journal, the charity also scrubbed its website of evidence of a \$2 million commitment that Clinton helped arrange for the company, Energy Pioneer Solutions, in order to avoid drawing attention to the former president's friendship with that investor, a 56-year-old blonde divorcee named Julie Tauber McMahon.

A billionaire and a Russia-controlled bank named in the Panama Papers have links to Hillary Clinton through two separate lobbying efforts – one through a Clinton-connected lobbying firm and another through Sidney Blumenthal.

Clinton is linked to Sberbank, Russia's largest bank, through Podesta Group, a lobbying firm co-founded by Clinton's campaign chairman John Podesta and his brother, Tony Podesta, a major Clinton bundler.

One of the Democratic Party's largest 2016 donors directs an offshore entity named in a massive leak of information on foreign corporations used by the world's wealthiest people to shield their assets.

Hedge fund manager Donald Sussman has donated more than \$7 million since last year to Democratic candidates, party organs, and outside spending groups supporting Hillary Clinton's Democratic presidential bid.

Sussman, until recently the husband of Rep. Chellie Pingree (D., Maine), is the fifth most prolific donor to Democrats this cycle, according to the Center for Responsive Politics.

The Committee argues Koskinen "failed to comply with a congressional subpoena which resulted in destruction of key evidence, made false statements during his sworn congressional testimony, and did not notify Congress that Lois Lerner's emails were missing." The first hearing will examine a lengthy Oversight Committee report detailing Koskinen's conduct and a second hearing will bring in outside witnesses to determine whether "further congressional action is warranted."

BREAKING NEWS:

Exclusive: The Intercept Releases Major Batch of Snowden Documents.

Greenwald, G. (May 15, 2016). The Intercept is Broadening access to Snowden archive. Here's why. The Intercept.

<https://theintercept.com/2016/05/16/the-intercept-is-broadening-access-to-the-snowden-archive-heres-why/>

FROM THE TIME we began reporting on the archive provided to us in Hong Kong by NSA whistleblower Edward Snowden, we sought to fulfill his two principal requests for how the materials should be handled: that they be released in conjunction with careful reporting that puts the documents in context and makes them digestible to the public, and that the welfare and reputations of innocent people be safeguarded. As time has gone on, The Intercept has sought out new ways to get documents from the archive into the hands of the public, consistent with the public interest as originally conceived.

Today, The Intercept is announcing two innovations in how we report on and publish these materials. Both measures are designed to ensure that reporting on the archive continues in as expeditious and informative a manner as possible, in accordance with the agreements we entered into with our source about how these materials would be disclosed, a framework that he, and we, have publicly described on numerous occasions.

AFI researchers have just download the first batch of The Intercept new Edward Snowden releases of NSA internal newsletters from Mar. 31 to Dec. 24, 2003. The file is a "ZIP" file meaning it is compressed in WinZip format and will need to be "unzipped" to read. If you don't know how to do that, ask your local geek. It's very easy and not complicated.

Pundits say, "Trump must be more Presidential". Hmmm, let's see. " I did not have sexual relations with that woman" or " you can keep your insurance and your doctor and your premium will drop \$2500" or " it was a video that caused our four Americans to die" or " read my lips, no more taxes". Is that what they mean by being more presidential? I would rather have a bombastic blowhard than more of the lying SOB's.

The reason that Trump is even this close is that our cool, suave, polished former presidents were (and still is) liars and cheaters. Folks are sick of the fakers and liars in our White House. Obama is the best, but not the only, presidential liar in my lifetime. I don't think Jimmy Carter or Ronald Reagan were serial liars. Kennedy only lied about his infidelity. Nixon and LBJ were really good liars. Eisenhower was a professional liar. I like the Bushes. But they both deceived and misled when it was in their own self interest. It's no wonder that Hillary is such a good liar.....she lives with the quintessential liar, she worked for Obama the master liar, and she is raising one in Chelsea.

How about Obama saying that global warming being caused by man is proven science. HA ! A scientists job is to prove existing science is not proven at all. As a matter of fact, 99% of all scientific facts since the first scientist began watching stars has been proven wrong. Literally, no science is irrefutable. The earth has cooled and heated and cooled ad nauseum since our planet was formed. Is being dumb a good presidential trait? They scream about CO2. The CO2 levels are up less than ONE part per million in the last 50 years. The average temperature increase in the next hundred years that is scaring everyone is projected to be less than 0.10% of one degree f. Grounding Air Force One could take care of that !!!!

If I want to know who comes into my house, is that wrong? Is it wrong to want a safe place for my kids? Is it wrong to want to stop the flow of drugs, the flow of non qualified immigrants, and to find work for the young unemployed millennials? Or, on the other hand, is Hillary's approach to open our borders, take our guns, berate our police and military, increase our taxes, and ramp up bogus regulations be more presidential? What jobs can we create with her agenda? Only one category.....government.

This blog site points out not just bad decisions in the innovation and technology world, but more importantly, it points out blatantly bad people with bad intentions. Amazingly, they all get gloriously wealthy during the process. The Zuckerberg/Clinton/ Summers/ Obama / Soros cabal uses every tool in the Saul Alinsky toolkit to coerce their outcomes. AFI has captured a true historical overview of their activities to control our lives. Folks that get in their way are called names like racist, misogyny, homophobe, haters, Islamophobic, and deniers. Some of their opposition even had their lives shortened by weird accidents. If you doubt this statement, do a little checking on the Clinton's history of timely accidents happening to trouble makers.

The progressives say that science is their friend, but they must not understand science. They use the media as their imprimatur, but the media is anything but unbiased. These are VERY evil people. Sadly, they are so evil that they believe that they are helping us. We certainly are not smart enough to survive on our own.

More and more eyes are reading this site everyday. Please tweet your friends. Putting light on their evil ways is the only way that they can be stopped. Let's make America great again.

Have a great day, TEX

As a Conservative man , I believe in a lot of things.....I believe in laws which were derived from our Constitution ; I believe in our borders; I believe in X and Y chromosomes which scientists say is the main difference in men and women; I believe in using any words I want to communicate my thoughts , not the deceptive words that others want me to use; I believe that man did not create the universe but I believe it was created by something or someone greater than man; I don't believe that my Creator wants me to blow up or behead non believers; I believe that if I actually make an effort to make our world a better place for me and my family, we should reap the benefits of that effort, not those that aren't so inclined ; I believe charity is a thing I will do through being persuaded, not being coerced; I believe that men and women ( military and law enforcement) who through their goodness and training are willing to put their very lives on the line everyday so that me and my can live in a land of freedom and liberty , are very special.....they deserve hero status; I believe that men and women are equal in terms of their standing in society but they are not the same.....never have been and never will be; I believe that Republicans will NEVER elect the person that all Republicans want because that person does not exist. The GOP is always on the defense because we believe in things.

My Liberal friends have an easier path.....they believe in nothing. No God, no borders, no gender, no truthful words, no requirements for candidates other than they must NOT believe in our Constitution or anything else, because that belief could offend someone. They can elect many in their ranks because it's easy to believe in nothing and do nothing except take from those that DO and give to those that don't want to. They have to defend anything because they believe that anything goes. Democrats vote for the team, Republicans don't. That is a formula for Hillary and her "believe in everything ( which really is nothing )" party.

Grow up you big GOP crybabies. This is a vote for the least of evils.

A project examining White House visitor logs shows the Obama administration has extended an open door to Google.

Johanna Shelton, Google's director of public policy – in effect, the company's top lobbyist – has visited White House officials 128 times since President Barack Obama took office in 2009.

To put that in perspective, senior lobbyists for other companies in the telecommunications and cable industry – including Comcast, Facebook, Amazon, Oracle and Verizon – have visited the White House a combined 124 times in the same span. (That data goes through October 2015.)

Zuckerberg is to meet with about a dozen conservatives including political commentator Glenn Beck and Fox News talk show host Dana Perino, a Facebook spokeswoman told AFP in the run up to the meeting. In an interview with Fox News on Tuesday, Perino said she believed Facebook was taking the allegations seriously. "I also think it is probably fairly solvable. So I am looking forward to going tomorrow to hear more about what they found," she said.

Some Bernie Sanders-supporting users on Reddit already started to notice the changes on Thursday afternoon.

"This explains why my inbox turned to cancer on Tuesday," wrote user OKarizee. "Been a member of reddit for almost 4 years and never experienced anything like it. In fact, in all my years on the internet I've never experienced anything like it."

Correct the Record, which has received \$5 million this campaign season and has spent almost \$4.5 million of it, according to OpenSecrets.org, outlined its strategy against "swarms of anonymous attackers" in a press release.

"While Hillary Clinton fights to break down barriers and bring America together, the Barrier Breakers 2016 digital task force will serve as a resource for supporters looking for positive content and push-back to share with their online progressive communities, as well as thanking prominent supporters and committed superdelegates on social media," the statement read.

I just posted this on <http://sultanknish.blogspot.com> who carried a thoughtful discussion about the idiot sycophants who met with Zuckerberg yesterday. Sultanknish gives those Facebook crooks too much credit. Glenn Beck's ego bested his brain. He is now being such a suck up. The loss of his network appears to have extended to his reasoning. Zuckerberg and

Form SC 13G acquisition reports for Athenahealth, Inc., Baidu, Inc. (ADR) and Facebook stock during 2012; masked the association of Todd Y. Park with Athenahealth, Inc. and Baidu, Inc., and the association of both of those companies with the Facebook IPO fraud)
127. Robin "Handsome Reward" Yangong Li (CEO, Baidu, Inc. (ADR); appointed Jan. 2004, the same month that Mark Zuckerberg obtained Leader Technologies' social networking source code to start Facebook; Robin Y. Li is very likely associated with John P. and James W. Breyer through their Chinese entities, including IDG Capital Partners, IDG-Accel and other variants; Li appointed a junior attorney from Fenwick & West LLP, Palo Alto/Mountain View, namely Parker Zhang, to be his "Head of Patents;" Fenwick & West LLP represented both Leader Technologies, Inc. and Accel Partners LLC in 2002-2003 and had Leader's source code in their files.)

130. Rebecca M. Blank (Secretary, Department of Commerce; oversaw the dubious Leader v. Facebook activities of the Patent Office Director, David J. Kappos, who held over one million dollars in Facebook "dark pools" during the Leader v. Facebook proceedings; Kappos purchased this stock within weeks of his surprise recess appointment by President Obama; Kappos also was formerly employed by IBM, who sold Facebook 750 patents during the Leader v. Facebook proceedings; right before leaving the Patent Office, Kappos also ordered an unprecedented 3rd reexamination of Leader's patent without even identifying claims)
131. Mary L. Schapiro (Chairman, Securities & Exchange Commission; holds 51 Facebook "dark pools" stocks which held stock in Facebook, Baidu and more than a dozen Facebook crony companies; failed to regulate the "dark pools;" failed to disclose her substantial conflict of interest in regulating the run up to the Facebook IPO)

Dear Dan,

Good analysis Daniel. A friend of mine put me on to your site recently.

Facebook is far from mere experimentation IMHO. Americans for Innovation lays it out bare. Suggest you pick up on their irrefutable findings of fact. Here's the link. There are over 100 entries, so suggest you read from most recent post backwards. Also, the timeline is devastating to any doubt that the three letter agency and their "public-private partnership" cronies CREATED the entire social media phenomenon as a mass spying tool founded on the social networking invention of Columbus, Ohio innovator Leader Technologies.

Lawsuit claims Facebook illegally scanned private messages  
The Verge

Facebook may have violated federal privacy laws by scanning private messages, according to a lawsuit certified for class action yesterday in Northern California District Court. The allegations center around Facebook's practice of scanning and logging URLs sent through the site's private messaging system. Those scans serve a number of purposes, including anti-malware protection and industry-standard searches for child pornography, but may also be used for marketing purposes.

The plaintiffs allege that Facebook routinely scans those URLs for advertising and other user-targeting data – and claim that by maintaining those records in a searchable form, Facebook is violating both the Electronic Communications Privacy Act and California Invasion of Privacy Act

"Follow the money." That telling phrase, which has come to summarize the Watergate scandal, has been a part of the lexicon since 1976. It's shorthand for political corruption: At what point do "contributions" become bribes, "constituent services" turn into quid pro quos and "charities" become slush funds?

## HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
