FIG. 1—On Sep. 26, 2009, Hillary and the State Department contracted with Facebook for a “template for winning elections.” Never mind that it is illegal for federal officials to tamper with U.S. elections. Never mind that Columbus innovator Leader Technologies had filed suit against Facebook for infringing their social networking patent, thus rendering Hillary’s activity obstruction of justice, and making the Hillary’s collaboration with Facebook RICO racketeering—organized crime.

FACEBOOK: WHATEVER HILLARY WANTS, HILLARY GETS

Clearly Facebook in their treachery owes Hillary and will give her whatever she wants. One sure outcome will be use of Hillary’s template for winning elections that she paid for in 2009, which certainly includes an army of Facebook hackers to fix the election results in swing states—if they are not stopped.

We The People must ensure that Corrupt Hillary does not get what she wants.

NEWS UPDATE! JUL. 27, 2016

MORE PROOF OF THE RIGGED SYSTEM

Internet pioneer Dr. Lakshmi Arunachalam recently filed a RICO racketeering complaint against IBM, JPMorgan, SAP, Judge Richard G. Andrews and others for collusion to steal her inventions. She is the former director of network architecture for Sun Microsystems and holds over a dozen patents on web applications. IBM, JPMorgan, SAP and their co-conspirators exploit her inventions to run their Internet businesses. The Patent Office has assigned THE SAME former IBM patent judge Stephen C. Siu—who was assigned to kill Leader Technologies' patent—is now assigned to "reexamine" hers now. [Plaintiff's Motion for Reconsideration, Arunachalam v. IBM et al.](#) Case No. 16-cv-281-RGA (D.C. Del. 2016). Click here for [Full RICO Complaint](#).

Richard G. Andrews, Obama-appointed

Leonard P. Stark, Obama-appointed, presided over the [Leader v. Facebook](#) protection of Facebook (Hillary's go-to eDiplomacy system) —See [previous post](#)

Stephen C. Siu, Former IBM colleague of David J. Kappos, former Obama-appointed Patent Office director; Siu is the evident "hatchet man" for taking over the Internet via IBM's "Internet of Things (IoT)" scheme to monitor your toaster

Barack Obama and Valerie Jarrett met with IBM as part of his Technology CEO Council (aka IBM Eclipse Foundation) on [Mar. 02, 2015](#). Obama wrote IBM into Feb. 09, 2016 Executive Order - "Commission on "Enhancing National Cybersecurity." See [previous post](#).

Scandalously, the chief judge Leonard P. Stark, an Obama appointee, assigned the case to Judge Andrews, another Obama appointee and [one of the defendants!](#) Judge Andrews never even answered the complaint. The [U.S. Attorney](#) filed an informational brief [claiming federal judges are above the law and immune from corruption charges](#). After Judge Andrews failed to answer, Dr. Arunachalam asked for a prefatory factual statement from the clerk that the judge did not answer called an "Entry of Default."

NEW! JUL. 30, 2016—The legal concept of "absolute immunity" for judges has an odorous old boy history. The U.S. Supreme Court is contradictory. On the one hand, the Court in [US v. Lee \(1982\)](#) said "No man in this country is so high that he is above the law... [and is] bound to obey it." On the other, the Court ruled in [Stump v. Sparkman \(1978\)](#) that judges have absolute immunity—even for fraud, theft, bribery, collusion, conspiracy, civil rights violations and organized

crime! Stump is sometimes called the most controversial in history. Either way, Congress is free to remove the judge by impeachment, which has occurred only 14 times. Regardless, Judge Andrews can still appear as a witness, and therefore, must recuse himself from Dr. Arunachalam's cases.

Shockingly, Delaware clerk Bob Cruikshank has refused to sign the Entry of Default placing Dr. Arunachalam's case in jeopardy since she only has a fixed number of days to take follow-up steps. The judge is evidently stonewalling to run out her procedural clock against him. According to Dr. Arunachalam, Cruikshank gave three different reasons this morning for the delay, the latest being that the Entry is "with the judge." This is scandalous in itself. An entry of default is a mere procedural matter affirming whether a defendant did or did not respond in the prescribed amount of time. It is not an opinion or issue of law. It is a mere factual statement.

Bob Cruikshank, Clerk for Judge Andrews

Danny A. Devito, Skadden Arps LLP, JPMorgan's chief attorney "Punk with a Pen"

News Update Jul. 28, 2016!
Dr. Arunachalam spoke briefly this morning with chief judge Leonard P. Stark about the runaround in the courts he oversees. He pretended not to remember her even though he had been a mediator in one of her patent infringement cases. He refused to speak with her, referred her to the Clerk (who passed it to Judge Andrews—a defendant in the case), and [hung up on her](#). [Saul Alinsky's Rules for Radicals: When your scheme is exposed. Deny. Deny. Deny.](#)

The judge refused to sign it this morning and sent it back to Cruikshank in classic bureaucratic run-around. This is more proof that the Delaware federal court is in [open defiance of the U.S. Constitution](#) and is merely supporting their rigged system pay masters at IBM, JPMorgan, SAP and the White House.

WILL HILLARY STEAL THE ELECTION,

ORIGINAL POST

(JUL. 22, 2016)—This week Ohio Gov. John Kasich and Texas Senator Ted Cruz stubbornly refused to make good on their promises to endorse the Republican nominee, who is now officially Donald J. Trump. Their excuses are lame.

These men are breaking their signed contracts with America. Since they did not notify their supporters of their intention not to honor their pledges, they have defrauded those who voted for them.

Breach of contract, hypocrisy and boldface lying aside, Kasich and Cruz appear to be positioning for a Trump defeat in November, and positioning themselves for candidacies or special favors during the next four years.

Their belligerence begs the question: Do they know something we do not know?

At least for Kasich, the answer is probably yes.

OHIO'S POLITICAL PARTIES ARE NOTORIOUS ELECTION FIXERS

Finding: Ohio Republicans have rigged the electronic voting machines and vote counting processes in the state. They can swing an election any way they want. Have the Establishment insiders made secret promises to Kasich, Cruz and Clinton?

WHISTLEBLOWER MICHAEL CONNELL GAVE HIS LIFE TO PROVE OHIO'S ELECTIONS ARE RIGGED

How do we know? A Republican "guru" engineer from the 2004 Bush-Kerry presidential contest—Michael Connell—lost his life mysteriously just six weeks after his deposition that proved that the election was rigged. This deposition was not made public by a Clinton-appointed judge until 2011. Connell was killed before he could be formally subpoenaed as a formal witness. Connell was the former information technology guru for the Bush family and Karl Rove.

[Now that we have learned about you Michael, and whether you testified willingly or not, you did not deserve to be murdered for telling the truth under oath. We pray that your memory will be eternal and that your death will not have been in vain. Pray for us.

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. **HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS** 
Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.
2. **WAS CHIEF JUSTICE ROBERTS BLACKMAILED** into supporting Obamacare by his ethical compromises in *Leader v. Facebook?*
3. **JUSTICE ROBERTS MENTORED** Facebook Gibson Dunn LLP attorneys. 
4. **JUSTICE ROBERTS HOLDS** substantial Facebook financial interests.
5. **JUDGE LEONARD STARK FAILED** to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment. 

BARACK OBAMA'S DARK POOLS OF CORRUPTION

Click to enlarge

Crooked lawyers, judges and a sycophant "Free Press" have kept your bravery a secret for far too long.]

Tellingly, the transcript of Connell's Nov. 3, 2008 "smoking gun" deposition (one day before Barack Obama's election on Nov. 4, 2008) was not released by the Clinton-appointed judge, Algernon L. Marbley, until **three years later** on Jul. 15, 2011—**seven years** after Ohio's citizens were defrauded in the 2004 presidential election. The Ohio Secretary of State in charge of the election was J. Kenneth Blackwell who also co-chaired the Ohio Republican Party.

Algernon L. Marbley

Marbley was fired in disgrace from the Ohio State Board of Trustees last year after it was discovered he had

failed to disclose his longstanding breach of State ethics rules that prohibit a trustee from being employed by the university where he or she is a trustee. Marbley was an adjunct law professor at Ohio State. His excuse was not credible.

Before being fired, Marbley had participated in the unconscionable firing of the university's beloved marching band director, Jon Waters, on attorney-fabricated pretense. Hindsight says Waters' success on the field with his Apple i-Pad-based animated formations was disturbing the university's collusion with IBM and The Eclipse Foundation discussed in this post.

Perhaps this explains why John Kerry is so cynical and uncaring as U.S. Secretary of State. **The RNC-DNC "Establishment" screwed him out of the presidency in favor of Bush because Bush was cooperating in crafting the secret White House spy intelligence agency started under Clinton.** Perhaps this explains the very evidently flawed and uncaring Iran deal that Kerry negotiated—America screwed me, so now I screw America?

Bill Clinton had appointed Judge Marbley to the Ohio district court on Oct. 27, 1997. Marbley had been recommended by James P. Chandler, III—Clinton's chief national security lawyer, serial advisor to the Clintons, Bushes and Obamas, and author of numerous executive orders driving the current lawless private White House intelligence agency.

Chandler also represented Columbus innovator Leader Technologies, at least that is until he managed to funnel the software (source code) for Leader's social networking invention to another of his clients—IBM and The Eclipse Foundation.

Chandler's legal mind appears to favor foundations: The IBM Eclipse Foundation.

Bush's Cyber-Guru - Michael Connell. Maxim.com/12160.info blog.

FIG. 2—Michael Connell, former information technology 'guru' to Karl Rove and the Bush family, died in a suspicious plane crash while landing on his approach near his home in Akron, Ohio on Dec. 19, 2008. Six weeks earlier Connell had been deposed in the **King Lincoln election fraud lawsuit** that accused the Ohio Secretary of State **J. KENNETH BLACKWELL** of 'shifting' votes from presidential candidate John Kerry to George W. Bush, thus giving Bush a thin 2% victory. The exit polls had showed Bush losing by more than 4%. Election watchdogs have long known that any variance between the published vote count and exit polls of over 2% is a sure fraud indicator. Blackwell was also co-chair of the Ohio Republican party in 2004.

J. Kenneth Blackwell

On Feb. 07, 2012, the Clinton-appointed judge **ALGERNON L. MARBLEY (1997)** allowed the 2004 ballots to be **destroyed** and ordered the case **closed** for alleged lack of evidence to **take it to trial**. Marbley later resigned the Ohio State Trustee board over scandalous ethics violations and a flurry of proved false sexual accusations against OSU's band director Jon Waters that AFI covered in detail.

See [previous posts](#). Hint: The tie between Marbley, OSU and the Spy State Cartel is IBM's collusion with Gov. Kasich and Ohio State to have Ohio State computers moved off campus and host the digital takeover of higher education via Common Core and M.O.O.C. (Massive Open Online Course). Jon Waters' Apple i-Pad animated formations viral success was disturbing this plan at a critical time when Californian Michael Drake was being enthroned as president of Ohio State president to ensure this transition for the Cartel, we believe.

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

America needs to practice what it preaches. We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

SECRET WEAPON: **ELECTRONIC VOTING FRAUD**

John Kasich appears to be cock sure that Donald Trump will lose Ohio. As a Republican, why would he want Trump to lose to Hillary, a Democrat? Perhaps these differences are not what they seem.

"It's not who votes that counts, it's who counts the votes."

Joseph Stalin

Joseph Stalin was the brutal dictator of the Soviet Union from the mid-1920's until his death in 1953. He murdered over 40 million of his own citizens to maintain his power. Note: Soviet citizens had no right to bear arms like the American Second Amendment. Therefore, they had no way to revolt against the brutality of the secret police state. The Soviet Union finally disintegrated in the late 1980's under the weight of its pervasive corruption and the deafeningly silent resistance of its people.

George Soros
Hillary & Kasich funder

What are the common relationships between Kasich and Hillary? One is George Soros who funds them both.

Another Hillary-Kasich relationship is the IBM Eclipse Foundation.

[In 2013 Kasich paid IBM \\$267 million](#) to 'modernize' Ohio's computers. (With this crowd, 'modernize' is a euphemism for build backdoors.) A close Kasich advisor is Mark Kvamme from IBM Eclipse Foundation members LinkedIn and

Kleiner Perkins (see Obama's [Feb. 17, 2011](#) private meeting in Silicon Valley that includes John Doer, Kleiner Perkins). See also Fig. 3 in [previous post](#).

Reid Hoffman,
LinkedIn, Facebook,
colluding now for
LinkedIn sale to Microsoft

LinkedIn's founder and long-time Kvamme collaborator is Facebook director Reid Hoffman who famously advocates for "the death of personal privacy." Yet another Facebook director is Peter Thiel who just gave a speech about his gay-ness to the RNC convention. Suspiciously, Thiel appears to be Facebook's token Trump supporter. Thiel is likely a Hillary trojan horse.

It seems unlikely that Thiel told Donald Trump's staff about his massive conflicts of interest or his theft of Leader

Technologies' social networking invention before allowing him to speak about his gay-ness at the Republican convention in Cleveland this week.

Facebook is the key to answering the question as to how Kasich, Clinton & Co. probably plan to fix Ohio for Hillary. Keep reading.

ESTABLISHMENT TO *FORCE* THEIR WAY BACK INTO THE GAME

The evident explanation for John Kasich's belligerent refusal to keep his promise to support Donald Trump is that backroom deals among the RNC and DNC Establishments have likely concocted a scheme to put their handpicked candidates back in the drivers' seats **once they get rid of Donald Trump this fall by causing his defeat in swing states**. Trump has said publicly that this is a "rigged system." He says he knows better than anyone else what's going on. And that he is the best guy to fix it.

AFI researchers believe they have just uncovered the secret weapon that makes these people so cock sure of victory in Ohio:

ELECTRONIC VOTING FRAUD IN SWING PRECINCTS

With secret vote rigging they can guarantee that Hillary will win—not only in Ohio, but in any state that uses it.

In fact, the system only needs to be used in **swing precincts in the battleground states**. Change those vote totals and you ensure your candidate victory despite what The People have voted. The generally acknowledged 11 battleground states are **COLORADO, FLORIDA, IOWA, MICHIGAN, NEVADA, NEW HAMPSHIRE, NORTH CAROLINA, OHIO, PENNSYLVANIA, VIRGINIA** and **WISCONSIN**.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008.

Click here to read her article "Everybody hates whistleblowers." Examiner.com, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. A partial record of these contracts was uncovered by the persistent watchdog Judicial Watch in their FOIA requests. John Kerry's State Department had stonewalled public knowledge of these contracts.

Never mind that Hillary obstructed justice by entering these contracts while Columbus, Ohio innovator Leader Technologies was suing Facebook for patent infringement of their social networking invention. Also, never mind that **tampering with U.S. elections by federal officials is illegal**. Americans need to get angry enough to stop this nonsense.

2004 OHIO PRESIDENTIAL VOTE COUNT WAS FRAUDULENT—HOW?

Swing state Ohio saw proven election rigging by Establishment Republicans in 2004.

Tellingly, software engineer, Michael Connell, the whistleblower who exposed the scheme, died mysterious in a small plane crash just six weeks after his deposition.

In the 2004 Kerry-Bush presidential contest, votes were "shifted" from Kerry to Bush by sending election-night data to a computer hosting site in Tennessee.

The vote totals were then "shifted" (a euphemism for doctored) and sent back to the Ohio Secretary of State Kenneth Blackwell who overwrote the real totals with the "shifted" ones.

Dillman was then an associate professor of management information systems for [Cedarville University](#) in Springfield, Ohio. He was hired by the Secretary of State as an election consultant and was given **full access to the raw voting results** as they came in from Ohio's 88 counties.

The handlers in Tennessee then changed the vote totals so they looked credible; slowly "shifting" the percentages in George W. Bush's favor.

Remember Karl Rove and his infamous greaseboard? Well, it turns out that he was only pretending to wonder what was happening in Ohio (and elsewhere?). In reality, his Tennessee servers were fabricating the desired results based on his instructions the moment he went off camera. Then, he'd go back on camera and opine disingenuously to the "surprising" shift in the results. **Rove's shift. Rove's fraud.** These are criminal offenses.

Once this Dillman man-in-the-middle process started, the Secretary of State's central repository was a sham, was never accurate, and **only reflected the shifted numbers from Tennessee.**

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just

Shortly after we published this post—including our research on how primary votes in 11 States were shifted from Bernie Sanders to Hillary—hacker Guccifer 2.0 and WikiLeaks released a trove of new DNC documents proving that the DNC and Hillary conspired privately to block Sanders' primary challenge. This new development is being covered extensively, so we will cite just one of the articles here.

DNC chair Debbie Wasserman Schultz wrote in May that Sanders "isn't going to be president" and in April that he "has no understanding of" the Democratic Party.

[Elliot Smilowitz, Joe Uchill, Jonathan Easley and Evelyn Rupert. \(Jul. 22, 2016\).](#) Leaked DNC emails reveal secret plans to take on Sanders. The Hill.

These are the actions of dictators folks. Forget the political issues, this is unadulterated corruption that a free people must reject and jail. Wasserman Shultz had a solemn duty to be impartial.

QUESTION: WHAT CAN I DO?

Answer: Mess up their conspirators' nests. Take citizen control of your voting processes. Don't trust the career bureaucrats; assume they're in somebody's pocket.

Get organized! Now!

Don't take "no" or "it's a problem" for an answer.

Readers are encouraged to demand that your state implement verifiable soup-to-nuts counting and auditing **on the night of the election**. Free and fair elections is a bedrock Constitutional right! This fraud must be **caught while it is happening**. See Fig. 2 above for monitoring and auditing priorities.

As the Ohio 2004 fraud proves, filing an election fraud lawsuit is an exercise in futility. The damage is already done. On election night, be vigilant to ensure your vote totals are accurate. Don't be rushed. Get it right. Ensure that the count is not "shifted" like Ohio's in 2004 and Bernie's in 2016.

Remember, vote counting is largely the domain of lawyers and techies.

Add honest broker accountants to the auditors. Make sure your election monitors know both the law, accounting and technology. Do not allow the wool to be pulled over your eyes with techno speak either legally or technically. Use common sense. Assume that if a process can be rigged, it is being rigged.

'Find the Dillmans'

Each of your states has much talent and expertise. Use it!

Ensure that the watchdogs have NO associations with Facebook, LinkedIn, Google, Yahoo, Microsoft, IBM and other members of the IBM Eclipse Foundation spy state Cartel. We must stop these criminals in their tracks while we still have a Republic worth saving.

On Thursday night, Trump gave a one-hour-and-fifteen-minute speech accepting the Republican nomination. The speech was so overwhelmingly well-received among the crowd that the media did not know what to do to tear it apart. Chyrons appeared on mainstream networks: “Trump Accepts Nomination.” Nothing scandalous.

Donald Trump employs more women than men at the upper echelons of his real estate empire, and in many cases pays them more, according to the Republican presidential candidate's attorney.

Appearing on "CNN's New Day" with Chris Cuomo, Michael Cohen, Trump's general counsel and an executive vice president at Trump Organization, said that while the billionaire's companies employ 57 percent men and 43 percent women, "there are more female executives at the Trump Organization than there are male."

"And women who are similarly situated in positions similar to that of their male counterparts, are actually paid more," Cohen said.

Well , maybe the pocket of my large pant suit.....what difference does it make ? Tomorrow, I will begin my official journey as your nominee to the White House. As you know America is doing just fine. We are so close to utopia because of the strong leadership of Barack Hussein Obama. He has gutted our military, neutered our police, disintegrated our sovereign borders, put success on the back burner, and apologized for our 250 years of world leadership. That is exactly what Americans needed.....a big piece of humble pie and I pledge that I can make it even less important. How else can we totally wipe out our long history of being the shining star in the world ? How else can a one world order be implemented? We have to be mediocre.... and I guarantee that I will "keep America mediocre again !"

This morning I assigned several government prisoners with the task of vetting incoming Muslim refugees to America. We decided to put the GITMO detainees to work. Since the remaining prisoners have not joined ISIS on the battlefield like our released prisoners have, they must love our new idea of America. I believe that Islam is a religion of peace . Removing a head or two is within the margin of error in the definition of peace. These GITMO guys have said that for years. I know that Trump wants to stop this flow of new Democrats , but my first task as your new worst president will be to send these new peace loving, Syrian refugees to neighborhoods all over this great, about to be socialist country. Building Mosques creates new jobs.... Burying beheaded Americans sells caskets and funeral plots , all new jobs. Besides, that will drive Trump and his kids crazy !!!!

So in closing, I am asking for a nice speaking fee for this speech, I am asking for some new chick to call my husband (he is pawing at me again) , and I am asking for your pledge to help me lie and cheat without questions. Thank you and God Bless our politically correct language! I will be the first woman president of the United STATE of America. The rest is unimportant"

The left and the media launch these hideous kinds of attacks at Trump everyday; yet, nothing could be further from the truth about the real estate mogul. As an entertainment journalist, I've had the opportunity to cover Trump for over a decade, and in all my years covering him I've never heard anything negative about the man until he announced he was running for president. Keep in mind, I got paid a lot of money to dig up dirt on celebrities like Trump for a living so a scandalous story on the famous billionaire could've potentially sold a lot of magazines and would've been a "yuge" feather in my cap. Instead, I found that he doesn't drink alcohol or do drugs, he's a hardworking businessman and totally devoted to his beloved wife and children. On top of that, he's one of the most generous celebrities in the world with a heart filled with more gold than his \$100 million New York penthouse.

Hillary Clinton exchanged nearly two-dozen top secret emails from her unsecured, private server with three senior aides, the State Department revealed in documents released to VICE News late Friday.

The 22 emails were sent and received by Clinton in 2011 and 2012. Clinton discussed classified information with her deputy chief of staff, Jacob Sullivan, her chief of staff, Cheryl Mills, and Deputy Secretary of State William Burns. A majority of the top secret emails are email chains between Sullivan and Clinton.

This is the first time the State Department has revealed the identities of the officials who exchanged classified information with Clinton through her private email server.

My suggestion is that the DNC put out a statement saying that the accusations the Sanders campaign are not true. The fact that CNN notes that you aren't getting between the two campaigns is the problem. Here, Sanders is attacking the DNC and its current practice, its past practice with the POTUS and with Sec Kerry. Just as the RNC pushes back directly on Trump over "rigged system", the DNC should push back DIRECTLY at Sanders and say that what he is saying is false and harmful the the Democratic party.

The writers of this post concur. We just saw Dinesh D'Souza's Hillary's America today. These descriptors come to mind after a few hours... intelligent, thorough, educational (in fact revelatory re. the histories of the Republican and Democratic Parties), well-produced and uplifting. At the end, the audience clapped. D'Souza made the case with brutal facts that Hillary and Bill are working with their collaborators to takeover... America.

The end of the movie showed US ballot boxes. It is not surprising that those boxes and the vote counts will be defrauded unless We The People make sure that does not happen. As the movie concluded, it is up to us.

The Cruz / Trump kerfuffle last week was open and transparent. The whole world saw it. The mainstream media had a cow..." what Cruz did was expose the GOP for being fractured and disorganized. " claims MSNBC. " This alone will cost them the presidency", they said.

And then the email scandal at the Democratic convention broke regarding the slime ball Debbie Bad Hair and her underhanded plan to disembowel Bernie . (this is kind of sad because Bernie has had such a magnificent political career). MSNBC said that Democracy requires "minor squabbles" and that the DNC was just laying out a solid game plan. Now , all of the insiders are painting Bernie as a dodo bird and he doesn't speak Spanish.

Can we imagine how ugly this is about to get ? MSNBC and FOX will have paint ball war , Pence and Kain will have a pray off, and Hillary vs. Trump will be a "last person standing "winner. If those that believe that Hillary is honest and forthright are the only ones that vote for her, she will get 10 votes. If all that believe Trump isn't too mean spirited , vote for him , he will get 12 votes.....a landslide win (20% margin).

Now I know that Kain speaks Spanish, so did my Spanish teacher. My teacher would have been a terrible politician because he was honest. And I know Pence is honest but doesn't speak Spanish. He does speak English , but that does not count for much anymore. After all, it appears honesty doesn't matter either.

Here's my questionsis Trump honest ? Is Hillary honest? Does Trump say his thoughts in honest , non political words? Does Hillary have one honest bone in her body ? Can she lie in Spanish ? I know Hillary's assistant can lie in Arabic .Enjoy the Philadelphia fiasco.

Have a great day , TEX

PS. I am so relieved that our Muslim president said that we are safer today than ever before. This week Obama is going to announce that , along with guns, he is banning big trucks, axes, machetes, and large forks because they kill people. And John Kerry announced that my air conditioner is a bigger enemy to me than ISIS . How do we say air conditioner in Spanish ? Because I have my license to carry a firearm, I just shot my English speaking A/C. If that doesn't work I will drive my Ford F-150 into it. If it's good for ISIS it must be good for me. I had respect for both Bernie Sanders and Elizabeth Warren. They were standing up to Hillary's corrupt Wall Street backers. But they both just tucked tail last night.

Among the lies, Warren flat out lied about Trump's position on breaking up the banks. She said he was against it, and specifically against reinstating the Glass-Steagal Act (splitting up the investment and general banking arms of the "too big to fail" monsters that started under CLINTON). Trump is FOR reinstating Glass-Steagal and is written into the Republican platform.

Bernie misled people that the banks grew rich under Bush when the truth is Glass-Steagal was abolished under Bill Clinton and his corrupt Treasury Secretary Larry Summers.

Both Warren and Bernie lied in order to suck up to Hillary. Sad.

A revolution without a leader is a MOB. A MOB who wants our nation to become a socialist enterprise, eliminate liberty and freedom, eliminate the bountiful society created by capitalism, and eradicate our system of laws , is ANARCHY. Last night I saw anarchy beginning to gain steam.....and the revolutionaries, Sanders and Warren melted under the Clinton machine pressure. Didn't they say, at one time, that she is unqualified to be president. What has Hillary done over the last month or two to become qualified ? Now that's a wimpy revolution.

Has anyone at the Democrat convention talked about who has had the steering wheel for our country that they are so upset about? It 's them. Eight years ago they elected a hope and change regime that they now despise. Are they not paying attention ? Under Obama/ Hillary they are going backwards.

Outside the center last night, the crowds flew the Soviet sickle flags, Mexican flags, Palestinian flags.....nary a US Stars and Stripes. NOT ONE. Marijuana was filling the air and people were urinating in the open. Wow, I guess Michelle's glowing approval of Barack's America does not include hygiene or patriotism. Rich movie stars scream about income inequality. Black and Hispanic politicians scream about racism and how Americans are restricting advancement only because of race. Look in the mirror.....you did ok , you hypocrites, and you have had your hand on the steering wheel for eight years , you deceiver. And how about Paul Simon? Can he sing a lick ? NO. Is Franken funny? NO. What a bunch of clowns.

The "nominee of the left ", Hillary, has a 40 year track record of lying, cheating, and creating scandals. She is not even smart enough to not get caught. So the Democrats want to give her the steering wheel. Are you kidding?

Tonight will be quite entertaining.....anarchy versus criminality. What a great country !!!! It would be nice to hear how my air conditioner is worse than ISIS. It will be nice to hear Bill Clinton tell us how we should conduct ourselves. What a great country !!!! And by the way, vote for Trump and Rosie O'Donnell , Shawn Penn , and Michael Moore will move to Canada. What a great country !!!!

In recent news, Facebook reportedly blocked access to Wikileaks' new treasure trove of DNC emails and attachments that revealed corruption on behalf of the DNC. Concerned about unfair filtering of news, many cite this as another example of Facebook's suppression of trending conservative topics. But the explanation offered on behalf of Facebook was that it was the automatic spam-detecting software that blocked the site, due to a "false positive" identification of the Wikileaks site as malicious. The problem has since been "fixed."

Last night I watched several broken hearted mothers step on the DNC stage and share stories about their dead children who our police killed. It truly was heart breaking .

Several questions. Where are the dads? Why do they think that Hillary , an old broken down white woman, will make one thing better when our black president of 8 years has made it worse? And where are the dads? How will eliminating the safety provided by our cops improve their chances when the bulk of dead black kids are killed by live black kids who will most likely die at the hands of another black kid tomorrow.? And where are the dads?

The Dems are using these naive , son less moms as political pawns. What a dishonest approach to power. Once again the liberals can not name the enemy. Where are the dads?

Thank God for the men and women of law enforcement.... let's all pray for peace in those poor moms lives, Have a great day, TEX=

Something did not sit right with me about the facts Elizabeth Warren was asserting during her DNC speech two nights ago. Her rival Scott Brown nailed what was bugging me from my previous reads about her actual record. Bottom line, Warren is a suck up to Hillary and betrayed her integrity, what little of it she had left with me anyway.

In an interview with The Daily Caller, Scott Brown had some harsh words for his former rival Sen. Elizabeth Warren.

Calling her a "fraud," he tore into her record in the Senate and her hypocrisy in criticizing some of the same activities that she herself has engaged in.

Winston Churchill 1899:

"Individual Muslims may show splendid qualities, but the influence of the religion paralyses the social development of those who follow it. No stronger retrograde force exists in the world."

Perhaps that is why the Cartel likes it so much. They have been previously unsuccessful with their global takeover because the moral ethics of Christianity and Judaism thwart them at every turn. They have discovered that followers of Islam are more easily manipulated and are more easily influenced by bribery and corruption.

My investigators have just been given a heads up about a site that has received and analyzed recent FOIA disclosures by the NSA related to Edward Snowden. It looks very interesting indeed. Suggest that readers download the source documents in case they suddenly go missing from the site, as was the recent experience with the Cartel hackers who tried to censor AFI.

HILLARY CLINTON says she is going after TAX cheats

HAY HILLARY I FOUND A TAX CHEAT FOR YOU

Facebook has been reaping unfairly low tax rates and could owe the IRS big time. At stake is billions of dollars. Facebook Ireland Ltd. is Facebook's main international business and in 2014, made \$5.3billion in sales. The IRS filed a lawsuit against the Palo Alto, California-based company Facebook earlier this month, claiming they skimmed on their taxes by undervaluing their company in order to pay lower taxes abroad

Hillary, Hillary, Hillary, what a serial liar. She distorts every word she says. And has no idea of the consequences of her ideas.

Seems to me, the very best way to cut to the facts about our future is first to decide what we want our country to look like and then decide on a plan to get there , including who could best lead us in that direction. Here's my quick take.

- 1) we are deciding on the future of our country. We have no control over the world.
- 2) we must decide where our borders begin and where they end.
- 3) we must protect our outside interests with our military and inside interests with our police. Prosecute the bad ones, glorify the good ones.
- 4) we must create a system that can house, feed, transport, and provide adequate energy for our people. We can not afford to feed the world.
- 5) we must create a system that advances ALL US children with strong education and learning opportunities. We can not educate the world.
- 6) all US citizens have a right to own property based on their ability to pay for property they haven a right to protect that property.
- 7) Americans are ,and will remain ,free with free being defined as the right to operate within the laws of the land. Break the law, suffer the consequences.
- 8) all Americans should have access to healthcare, and all Americans should be held responsible for their own health. Obamacare is choking that possibility
- 9) our President can do very little other than display and perform strong leadership. I personally want a leader that has actually produced a few wins along the road. Leadership is not just the ability to read a TelePrompTer. Leadership includes seeing a big picture, and building unifying coalitions.
- 10) money is a unit of exchange based on productivity. Our current administration has totally destroyed that connection by creating \$20 trillion in debt. Americans must find new and innovative ways to advance productivity.

Allow me to take just a quick moment to outline our fiscal trajectory. By giving away more stuff to folks that produce little by choice, we are soon to be beyond our abilities to fix it.

- 1) we owe \$20 trillion
- 2) our total economy is \$18 trillion
- 3) we have committed but unfunded liabilities of \$140 trillion (Soc Sec, Medicare, Medicaid, and govt pensions.)
- 4) total wealth in the entire world is \$260 trillion
- 5) we owe more than half of the world's total wealth.

Any idea how Hillary is gonna fix that ?

Both conventions were full of music, personal stories of tragedy and success, both candidates gave good speeches.....lets get past that. We need honest leadership.

Have a great day, TEX

What's most successful when it appears to be something it's not? Astrourf. As in fake grassroots.

The many ways that corporations, special interests and political interests of all stripes exploit media and the Internet to perpetuate astrourf is ever-expanding. Surreptitious astrourf methods are now more important to these interests than traditional lobbying of Congress. There's an entire PR industry built around it in Washington.

Astrourfers often disguise themselves and publish blogs, write letters to the editor, produce ads, start non-profits, establish Facebook and Twitter accounts, edit Wikipedia pages or simply post comments online to try to fool you into thinking an independent or grassroots movement is speaking. They use their partners in blogs and in the news media in an attempt to lend an air of legitimacy or impartiality to their efforts.

Astrourf's biggest accomplishment is when it crosses over into semi-trusted news organizations that unquestioningly cite or copy it.

CREDO AIDING AND ABETTING HILLARY'S COVERUP?

Leftist blog CREDO has just sent out a petition against Donald Trump claiming he had encouraged Russia to hack Hillary's email to find the 30,000 emails that she testified to Congress under oath that she had deleted several years ago. She also said there was no classified information on them and that they were all personal about weddings and yoga.

So, by CREDO sending this petition to withhold classified information from Donald Trump for telling Putin he'd love to read these 30,000 emails that Hillary testified were destroyed, How can that possibly be a breach of national security? Yoga emails? Are you kidding me?

By Hillary's own sworn statements she has proven that CREDO either: (1) believes she is lying and those 30,000 emails did in fact contain classified information, or (2) believes that the Russians may have hacked those 30,000 emails and are worried they will show they had classified information, or (3) believes Hillary lied and those 30,000 emails still exist and contain classified information contrary to Hillary's sworn testimony.

This CREDO petition appears to be aiding and abetting Hillary's criminal cover-up.

I received an email this morning that describes our current situation and why Hillary has been forgiven for lying and cheating by the SAUL ALINSKY liberals:

This is based on Alinsky's eight steps from democracy to socialist society.

Obama quotes him often in his book and Hillary did her thesis on Alinsky, which Alinsky wrote for her, his star student.

ALMOST DONE. JUST ONE ELECTION DECIDES OUR FATE...the first two (Obama) were magnificent for the radicals and the final one is at hand.

ALMOST THERE

There are 8 levels of control that must be obtained before you are able to create a socialist/communist State. The first is the most important

FIVE (5) of EIGHT (8) ARE DONE - THE LAST THREE (3) ARE ALMOST THERE

1. Healthcare: "Control Healthcare and you control the People"
DONE !

2. Poverty: Increase the Poverty level as high as possible." Poor People are easier to control and will not fight back if the government is providing everything for them to live.
DONE!!

3. Debt: Increase the National Debt to an unsustainable level." That way you are able to increase Taxes, and this will produce more Poverty. Tax the rich and wealthy until there is no more of either.
DONE!!!

4. Gun Control: marginalized the military and police. Remove the ability to defend themselves from the Government. That way you are able to create a Police State - total local control.
ALMOST THERE!!!!

5. Welfare: Take control of every aspect of their lives (Food, Livestock, Housing, and Income).
DONE!!!!!

6. Education: Take control of what People read & listen to; take control of what Children learn in School. They only need one generation.
ALMOST THERE!!!!!!

7. Religion: Remove faith in God from the Government and Schools. Government of the elites will replace the lunacy of God, the creator.
ALMOST THERE!!!!!!!

8. Class Warfare: Divide the People into the Wealthy against the Poor. Racially divide. Straight versus gay. Police versus criminals. Men against women. This will cause more discontent and it will be easier to Tax the Wealthy with full support of the voting Poor.
DONE!!!!!!!!!!

The bases are all covered! America is ripe! And, they are good at hiding their real intentions. They even rewrite our laws and history.

MUST SEE VIDEO TO STOP ELECTION FRAUD:

This is how Hillary will win the election (unless we stop these frauds in their tracks)

<https://youtu.be/t75xvZ3osFg>

THIS IS JUST ONE OF THE POSSIBLE WAYS ELECTIONS ARE STOLEN AT THE PRECINCT LEVEL.

Another favorite upline is the "Man in the Middle" also called "a KingPin" who receives the properly tallied votes at the precinct, changes them (euphamistically called "shifted"), then send them on to your state tabulation machine.

104. Solyndra (received \$535 million in Obama stimulus at the recommendation of the Cooley-McBee Strategic "consulting" alliance)
105. BrightSource (received \$1.6 billion in Obama stimulus at the recommendation of the Cooley-McBee Strategic "consulting" alliance)
106. John P. Breyer (father of James W. Breyer; founder of IDG Capital Partners - China; coached his son on exploiting Western markets while he quietly built a venture capital business in China for the last 20 years; the real brain behind the Breyer exploitations)
107. IDG Capital Partners (China) (founded by John P. Breyer, the father of James W. Breyer, Accel Partners; the current launderer of the tens of billions James W has fleeced from the U.S. market from the bailout, stimulus and the "pump & dump" Facebook IPO schemes)
108. Goldman Sachs (received US bailout funds; then invested with DST in Facebook private stock via Moscow; took Facebook public; locked out American investors from investing)
109. Morgan Stanley (received US bailout funds; took Facebook public; probably participated in oversees purchases of Facebook private stock before IPO)
110. State Street Corporation (received U.S. taxpayer bailout monies along with Goldman Sachs and Morgan Stanley; consolidating control of ATM banking networks internationally)
111. JP Morgan Chase (received U.S. taxpayer bailout monies along with Goldman Sachs, Morgan Stanley and State Street Corporation)
112. Lloyd Blankfein (Goldman Sachs, CEO)
113. Jamie Dimon (JP MorganChase, CEO)
114. Steve Cutler (JP MorganChase, General Counsel)
115. Rodgin Cohen (JP MorganChase, Outside Counsel; Sullivan Cromwell, LLP)
116. U.S. Securities & Exchange Commission (granted Fenwick & West's application on behalf of Facebook for an unprecedented exemption to the 500 shareholder rule; opened the floodgates for Goldman Sachs and Morgan Stanley to make a private market in Facebook pre-IPO insider stock; facilitated the influx of billions of dollars from "dubious" sources associated with Russian oligarchs, Alisher Asmanov and Yuri Milner, and the Kremlin; Goldman Sachs is a partner with this Moscow company, Digital Sky Technologies, aka DST, aka Mail.ru)
117. Jeff Markey (McBee Strategic LLC; allied with Facebook's Cooley Godward Kronish LLP to arrange Obama's green energy funding; arranged \$1.6 billion for failed BrightSource and \$535 million for failed Solyndra)
118. Steve McBee (McBee Strategic LLC; allied with Facebook's Cooley Godward Kronish LLP to arrange Obama's green energy funding;

Your election monitoring plan needs to include ways to verify that none of these methods is in process.

Don't wait until after an election to discover these frauds. The damage will have already been done.

More evidence that Establish Republicans and Democrats are one and the same. No wonder John Kasich is sitting on his hands and flying his real flag: George Soros and spy state "progressives."

Patrick Howley. (Jul. 29, 2016). Democratic Party Suffers Nervous Breakdown In Philly: The Inside Story. Breitbart.

<http://www.breitbart.com/2016-presidential-race/2016/07/29/day-1-convention/>

PHILADELPHIA - The Democratic National Convention was almost literally a disaster area. Bernie Sanders suspended all party rules on the floor of the convention to personally nominate Hillary Clinton by a voice vote. Left-wing protesters rampaged in the streets. Pro-Bernie delegates walked off the convention floor in protest. Agitators seized the mainstream media's control center against an outnumbered police force. Speakers were booed. Green Party candidate Jill Stein crashed the event and emerged as the new Bernie Sanders in the general election. A man set himself on fire stomping on a burning American flag.

America now has a real two-party system: one party is the Populist Nationalists. The other party is the political class. The Democratic Party is the political class.

If you happen to see the Bill Clinton five-minute TV ad for Hillary in which he introduces the commercial by saying he wants to share some things we may not know about Hillary's background, beware as I was there for most of their presidency and know them better than just about anyone. I offer a few corrections:

Bill says: "In law school Hillary worked on legal services for the poor."

Facts are: Hillary's main extra-curricular activity in 'Law School' was helping the Black Panthers, on trial in Connecticut for torturing and killing a 'Federal Agent.' She went to Court every day as part of a Law student monitoring committee trying to spot civil rights violations and develop grounds for appeal.

Bill says: "Hillary spent a year after graduation working on a Children's rights project for poor kids."

Facts are: Hillary interned with Bob Truehaft, the head of the California Communist Party. She met Bob when he represented the Panthers and traveled all the way to San Francisco to take an internship with him.

Bill says: "Hillary could have written her own job ticket, but she turned down all the lucrative job offers."

Facts are: She flunked the D.C. Bar exam, 'Yes', flunked it, it is a matter of record, and only passed the Arkansas bar. She had no job offers in Arkansas, 'None', and only got hired by the University of Arkansas Law School at Fayetteville because Bill was already teaching there. She did not join the prestigious Rose Law Firm until Bill became Arkansas Attorney General and was made a partner only after he was elected Arkansas Governor.

Bill says: "President Carter appointed Hillary to the Legal Services Board of Directors and she became its Chairman."

Facts are: The appointment was in exchange for Bill's support for Carter in his 1980 primary against Ted Kennedy. Hillary then became chairman in a coup in which she won a majority away from Carter's choice to be chairman.

Bill says: "She served on the board of the Arkansas Children's Hospital."

Facts are: Yes she did. But her main board activity, not mentioned by Bill, was to sit on the Wal-Mart Board of Directors, for a substantial fee. She was silent about their labor and health care practices.

[BEGIN, Moris comment, Part II]

Bill says: "Hillary didn't succeed at getting health care for all Americans in 1994 but she kept working at it and helped to create the Children's Health Insurance Program (CHIP) that provides five million children with health insurance."

Facts are: Hillary had nothing to do with creating CHIP. It was included in the budget deal between Clinton and Republican Majority Leader Senator Trent Lott. I know; I helped to negotiate the deal. The money came half from the budget deal and half from the Attorney Generals' tobacco settlement. Hillary had nothing to do with either source of funds.

Bill says: "Hillary was the face of America all over the World." (LOL)

Facts are: Her visits were part of a program to get her out of town so that Bill would not appear weak by feeding stories that Hillary was running the White House. Her visits abroad were entirely touristic and symbolic and there was no substantive diplomacy on any of them.

Bill says: "Hillary was an excellent Senator who kept fighting for Children's and Women's issues."

Facts are: Other than totally meaningless legislation like changing the names on courthouses and post offices, she has passed only four substantive pieces of legislation. One set up a national park in Puerto Rico. A second provided respite care for family members helping their relatives through Alzheimer's or other conditions. And two were routine bills to aid 911 victims and responders which were sponsored by the entire N.Y. Delegation. Presently, she is trying to have the U.S. Memorialize Woodstock.

variants; Li appointed a junior attorney from Fenwick & West LLP, Palo Alto/Mountain View, namely Parker Zhang, to be his "Head of Patents;" Fenwick & West LLP represented both Leader Technologies, Inc. and Accel Partners LLC in 2002-2003 and had Leader's source code in their files.)

Facebook proceedings; Kappos purchased this stock within weeks of his surprise recess appointment by President Obama; Kappos also was formerly employed by IBM, who sold Facebook 750 patents during the Leader v. Facebook proceedings; right before leaving the Patent Office, Kappos also ordered an unprecedented 3rd reexamination of Leader's patent without even identifying claims)

131. Mary L. Schapiro (Chairman, Securities & Exchange Commission; holds 51 Facebook "dark pools" stocks which held stock in Facebook, Baidu and more than a dozen Facebook cronny companies; failed to regulate the "dark pools;" failed to disclose her substantial conflict of interest in regulating the run up to the Facebook IPO)

Park, who was appointed by President Obama to be the U.S. Chief Technology Officer during this same period; Todd Y. Park is/has been founder, director and CEO of both Athenahealth and Castlight Health; Todd Y. Here is what bothers me more than anything else about Hillary Clinton. She has done everything possible to weaken the President and our Country (that's you and me) when it comes to the 'War on Terror'.

1. She wants to close GITMO and move the combatants to the USA where they would have access to our legal system.
2. She wants to eliminate the monitoring of suspected Al Qaeda phone calls to/from the USA.
3. She wants to grant constitutional rights to enemy combatants captured on the battlefield.
4. She wants to eliminate the monitoring of money transfers between suspected Al Qaeda cells and supporters in the USA.
5. She wants to eliminate the type of interrogation tactics used by the Military & CIA where coercion might be used when questioning known terrorists even though such tactics might save American lives.

One cannot think of a single 'Bill', Hillary has introduced or a single comment she has made that would tend to strengthen our Country in the 'War on Terror'. But, one can think of a lot of comments she has made that weaken our Country and makes it a more dangerous situation for all of us.

Bottom line: She goes hand in hand with the ACLU on far too many issues where common sense is abandoned.

Share this with everyone you know, ask them to prove Dick Morris wrong. Think about it - he (Dick Morris) has said all of this openly, thus if he were not truthful he'd be liable for 'Defamation of Character'!

And you better believe Hillary would sue him!!!

Her winning in 2016 means the final death knell for America!

Her Whole Public Life Has Been A LIE!!!
