HILLARY EMAILS PROVE STATE DEPT. COLLUDED WITH OBAMA AND CLINTON FOUNDATION TO GIVE GLOBALISTS LIKE IBM, CISCO, MICROSOFT AND GOLDMAN SACHS CONTROL OF THE INTERNET

BREAKING NEWS, OCT. 04, 2016—Guccifer 2.0 released today a trove of [Clinton Foundation documents](#). Readers are encouraged to download them immediately so they cannot disappear suddenly.

ORIGINAL POST

(OCT. 02, 2016)—Under court order, the State Department just handed over to Citizen's United a long stonewalled email exchange between Clinton loyalists at the State Department, including two Ambassadors, and the Clinton Foundation.

One of the obscured recipients, **PHILIP L. VERVEER**, has just colluded with President Obama to give up America's control of Internet domain management (ICANN). The problem is that Verveer has undisclosed (and therefore fraudulent) ties to the Clinton Foundation beneficiaries of this decision—including Goldman Sachs and Citigroup.

WARNING: Chinese-style net censorship is next unless this decision is unwound. Our conclusion is that anyone in Congress who is FOR or NOT OPPOSING the ICANN transfer is either a globalist, a closet globalist, or is being blackmailed by them. **This is a defining moment in the globalist takeover of the Internet.** Will free people or immoral oligarchs define its future? The time for procrastination is over. Free people must ACT now. Congress failed to block it, so the official ICANN hand over date was last Saturday, Oct. 01, 2016. Now it must be **unwound** for fraud, which we prove in this post.

maintenance work of the central Internet address pools and DNS Root registries pursuant to the Internet Assigned Numbers Authority function contract.

Readers should familiarize themselves with the ICANN acronym because it is critical to First Amendment FREE SPEECH rights and everyone's use of the Internet globally. It means "Internet Corporation for Assigned Names and Numbers." Without an ICANN domain name and number, a website is not accessible on the Internet. Simple removal of an ICANN listing shuts down that website from Internet access. Censorship of any Internet site will be at the whim of unscrupulous actors. Example: "Wat? You want to start an investigative news site focused on corrupt judges and bureaucrats and want a new domain name? Bwahahahahah . . . TOO BAD! One won't be available. It will be that easy to silence your voice.

This email shines light on an evident conspiracy by globalist forces aligned with Barack Obama and the Clinton Foundation to take over the Internet before Obama leaves office. In law, such fraud unwinds any and all decisions these people have made as the "fruit of a poisonous tree."

Almost lost in the disclosure is a recipient **pverveer** :

This "pverveer" person is one of six people who received a 62-page Clinton Foundation leadership briefing. The document is titled "[Clinton Global Initiative \[CGI\]- Executive Round Table Participants Commitment Highlights](#)." The original version linked above is nearly unreadable due to an epically poor scan job. (Such obscuring of emails has become a telltale sign that the State Department is hiding something. Thanks to an AFI researcher that has spent the better part of two weeks transcribing the 62 pages linked in this paragraph. The American Republic thanks you!)

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES Inventor Protection Act
(Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

WHO IS PHILIP L. VERVEER?

[Philip L. Verveer](#) was Obama's U.S. Ambassador for State Department Telecommunications Policy until recently. His wife Melanne was Hillary Clinton's first ever Ambassador for Global Women's Issues. Two ambassadors in one larcenous family. Priceless.

Verveer is Obama's chief legal counsel on the ICANN Internet domain name give away scheme set to take effect on Oct. 01, 2016.

Among the many scandalous activities revealed by this Hillary email, the attempt to obscure Verveer's involvement with the Clinton Foundation speaks volumes. Obama and the State Department do not want the American public to see how American interests are being sacrificed to their globalist cronies.

We will swing back around to the others involved with this email in the next post, but we'll focus on Philip L. Verveer, a modern-day Benedict Arnold, in this post.

PHILIP L. VERVEER
U.S. State Dept. Telecom Ambassador, FCC chief counsel, globalist hack, Clinton Foundation co-conspirator, America's digital Benedict Arnold

THE ICANN HAND OVER IS FRAUDULENT FOR AT LEAST THE FOLLOWING REASONS:

- VIOLATION OF THE PUBLIC TRUST:** Verveer, an attorney for Barack Obama's Executive Branch, signed an Ethics Agreement after being nominated by Obama on May 13, 2009 and before becoming Telecom ambassador shortly thereafter. Verveer promised to recuse himself in matters where he had a conflict of interest.

Verveer failed to disclose his close associations with the Clinton Foundation and its donors who are **direct beneficiaries** of his recommendations to divest ICANN.

2. **INVALIDATED OBAMA'S DECISIONS:** Barack Obama's decision to divest ICANN is **tainted** by Verveer's undisclosed conflicts with the Clinton Foundation and its donors, most especially its technology donors like IBM, Microsoft, Cisco, Qualcomm, Facebook and In-Q-Tel (via Accel Partners) who are direct beneficiaries of the divestiture.
3. **PUBLIC CORRUPTION – EPIC OBAMA COLLUSION WITH CLINTON DONORS:** Barack Obama's conflicts of interest with the same Clinton Foundation and Hillary for President donors disqualifies him from any involvement in decisions that will benefit these companies.

Fig. 2—On Mar. 02, 2015, President Obama and senior adviser, Valerie Jarrett, met with chief beneficiaries of the stolen Eclipse Foundation code: IBM, Xerox, Dell, Micron Technology, Qualcomm and EMC. Given the timing of this meeting—a week after the radical “Net Neutrality” changes to Internet regulation by the FCC—the real agenda of this group was most likely to discuss progress on their common agenda—the IBM et al “The Internet of Things” takeover of global digital infrastructure, which the FCC changes to Internet regulation helped facilitate.

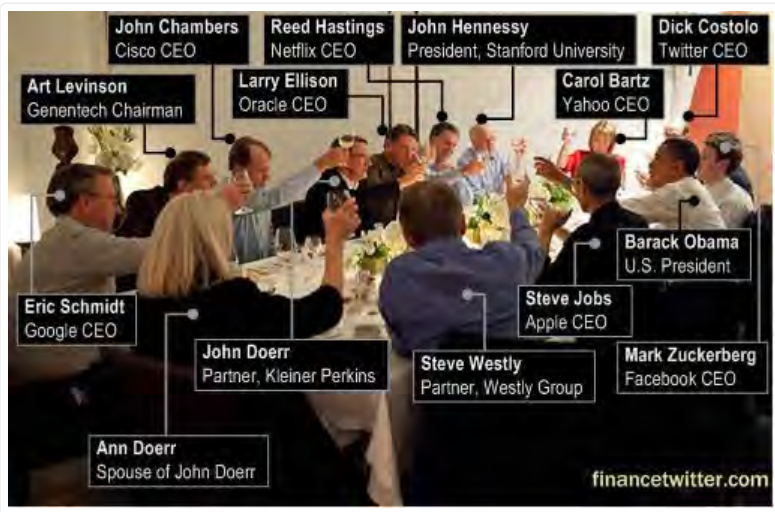

Fig. 3—On Feb. 17, 2011, Barack Obama (U.S. President), Mark Zuckerberg (Facebook CEO), Steve Jobs (Apple CEO), Steve Westly (Westly Group Partner), John Doerr (Kleiner Perkins Partner), Ann Doerr (John Doerr Spouse), Eric Schmidt (Google CEO), Art Levinson (Genentech Chairman), John Chambers (Cisco CEO), Larry Ellison (Oracle CEO), Reed Hastings (Netflix CEO), John Hennessy (Stanford Univ. President),

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

4. **FRAUDULENT B6 EXEMPTION CLAIMS HIDE PUBLIC PROPERTY:** The State Department fraudulently claimed a "B6" personal privacy exemption for the Verveer's email address when he is clearly a State Department Ambassador!

In any event, a person's email domain name hardly qualifies for a healthcare or personnel records privacy B6 exemption. The State Department is evidently hiding Verveer's identity for the reasons we describe in this post, we believe.

FRAUD UNWINDS DECISIONS OF PUBLIC OFFICIALS

Fraud unwinds legal decisions. When public officials are found to have been corrupt, the decisions they have made must be unwound as if they had never happened.

At a minimum, this bombshell discovery requires a full and fair investigation before ICANN is handed over to globalist forces aligned with Barack Obama, Hillary Clinton and the Clinton Foundation (and therefore George Soros).

EPIC REVOLVING DOOR BETRAYAL OF AMERICA:

WHITE HOUSE + STATE DEPARTMENT + CLINTON FOUNDATION + GLOBALIST CLINTON DONORS

The [stonewalled email](#) and [62-page Clinton Foundation document](#) (5 MB) reveal an epic level of collusion among the State Department, Clinton Foundation, Barack Obama and globalist Clinton Foundation and Hillary for President donors.

In fact, it appears that the Clinton Foundation has been driving the State Department and Obama from the beginning of Obama's first term on Jan. 20, 2009.

Stay tuned for a fuller analysis of the more than 600 Clinton Foundation corporate and individual sycophant donors that reads like a Who's Who of the globalist, anti-American agenda.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why

not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012.](#) Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. Once again, the NYTimes is writing that Trump has gamed the tax system and pays no Federal taxes. The folks that think he should not follow the tax code and not take allowed deductions are just ignorant . These wimpy little non productive writers that have never produced anything in their lives other than a bunch of malicious , ignorant words are so jealous of Trump's success . Perhaps they should dig into the Clinton's " charity" foundation and try to figure out where the billions of dollars went that were not spent on charity. What have the Clintons produced to earn hundreds of millions? Records show that less than 6% of all CF monies went to charity. And where did those dollars come from? Do those little wormy , creepy writers believe that foreign countries, the super elitists, and folks like George Soros are putting their cash into The Clinton Foundation without strings attached? And do these little slugs believe that the donors to the Clinton pay for play scheme pay more taxes than they should? Let's figure out which of these two actions is criminal. If these morons think Trump is filing fraudulent tax returns, then get after him. Put him in jail. If they believe that tax laws should be changed, write about it. Don't conflate the two. Get a friggin real job and produce something so someone can write about you, you NYT slimeballs.

And how about the celebrity actors ? They get on a stage, try to be someone else , memorize words written by someone else, told how to act by someone else, have their acting edited by someone else, and then want us to believe that they are smarter than us normal Americans, otherwise known as deplorables . Actors want to make us believe that being cool and pretty , but otherwise utterly useless , gives them authority to tell us who to vote for. I have personally refused to pay one dime to go to a movie made by these phonies , or one movie recommended by the NYT.

And how about our academians at the collegiate level. What a bunch of wimpy losers. What do they produce other than a bunch of selfish cry baby kids that want safe spaces , aren't sure what sex they are , and demand free stuff ? Once professors get tenured, they begin teaching their own agendas. They rewrite history and distort the real world. These are the people that are controlling our future generations. And when this generation takes control, OUCH.

Do you understand how these three groups are changing the direction of America? The men in these groups are turning into women. The women have become men . How is this working out? Please, oh please, do not elect Cooked Hillary Clinton. She will only extend the destruction of our country.

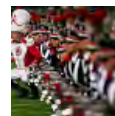

The AFI post above is a huge setback for freedom of American speech. Obama had his mind set in marginalizing American exceptionalism. Think about the basic facts.....military weakened, debt burgeoning, education declining, cities are burning, Islamic radicals funded and emboldened, racism encouraged, and lying accepted. Am I missing anything?

Tex, You put your finger RIGHT ON IT! The good news is that the NYT's incredible stupidity and TOTALLY evident bias is losing them credibility AND readership (I already know 3 ..."Aghast, I never realized!!) by the day. Trump has paid MILLIONS in taxes, despite resenting the way the money he has contributed has been squandered. WHY hasn't the NYT gone after the Clintons and their proven OBSCENE corruption?? (rhetoric). This latest posting, above, is SO revealing about the TRULY AWFUL things being perpetrated by the Clintons - can't wait to see what the NYT says about these revelations. Oh, I forgot - they don't have real investigative journalists, so probably absolutely nothing...

Email comment by TEX:

Our laws are written to protect the citizenry from one another, from foreigners that violate our rights , and from an overzealous government. Of ultimate importance is our right to protect private information, especially such things as tax returns. When the NYT published Trump's tax info, his right to privacy was violated at the highest level. As he expected, he has been blistered because he used a large business loss to offset a large business gain resulting in no taxes owed. The paper virtually stole the returns and now claims that Trump is some kind of a cheater for tax evasionthis is comical. To make matters even more ridiculous, we find that the NYT and the Clintons did the same thing . They used losses to offset gains.....legally.....just like Trump did.

As Secretary of State, Hillary took an oath to protect both the lives of our Americans under her State Department and the secret information of our nation under her control. We know about the deaths of four Americans lost in Benghazi due to her poor judgement. Now we learn about the extreme disregard for our nation's highest secrets with her email/ server decisions. The damages done by her failures and illegal actions are enormous. According to the NYT, the fact that Trump paid the taxes he owed (zero) is worse than her failure to protect information and protect lives under her authority.

So here's what Trump is being hammered on.....he called an overweight reigning beauty queen fat. I guess that his comments killed a few folks and put our nation in jeopardy. Right ? Nope. It has turned out that this "lady" was doing a few porn films on the side . That's good for the pageant, huh ? Hillary said he hates women and this proves it. What Hillary did to Bill's rape and molestation victims through the years is light years more malicious than calling a fat girl fat. Give me a break.

The Democrats are screaming because Trump paid all of the taxes that he owed under the law....it happened to be zero. The NYT , the Washington Post, and Hillary's ads makes all of this appear scandalous while the Clinton Foundation is literally a cash laundering mechanism in a pay for play scheme unlike any ever created on our planet. Seriously, America, can the Clinton/ Obama cabal do any more damage to our country? She really should be in jail.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

Sharyl Attkisson. (Oct. 02, 2016). The clearest (no spin) summary of Clinton & Trump campaign bucks. Full Measure.

In the coming weeks on Full Measure, I'll be reporting on the big money backers behind the candidates. Why does it matter? This money is what's being used to influence much of what you see on the news and the Internet. And, as you can imagine, the budget is huge. Political, corporate and special interests whose financial fate rests with who gets elected are spending hundreds of millions of dollars — often in surreptitious ways — to convince you to vote for their candidate (or against the other guy/gal).

Is Trump good for America?

I mentioned Sunday that I would speak on this next week. Unfortunately, I found that I was shoehorning this topic into my planned message. To properly present what I want to speak on Sunday, I may have to leave the Donald out of it! But let me take a minute for those that wonder and give some of my thoughts.

When I first heard that Trump (DT) was entering the race last year, I told my wife that perhaps it was a good thing for the party and America. I knew that he was not a "saint," but I thought that he would be like a bull in a china shop. He is a disrupter and I believe America could use a fresh thinker especially in the political arena. I didn't think he would get the nomination, but that he would shake up politics as usual. I was correct on the shaking up!

support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Lance Wallnau likens him to a biblical Cyrus. Someone who is dynamically used of God even though not perceived by many as a God follower. God has used many people in history that I would probably not like or agree with. I'm not sure I would have liked all the disciples, or David, or Moses. Somehow, God did not seem compelled to consult with me on His choices!

I have always admired Winston Churchill. He is seen as one of the greatest national leaders in the 20th century. Last year, I had the privilege of going through the War Museum in London. Winston is a key feature. His life is controversial. He was not always celebrated as a great leader. He was a bombastic, cigar smoking, at times crude, even misogynistic leader. It is alleged that he told off color stories to his children before bedtime! A woman once told him he was disgustingly drunk. His response was "My dear, you are disgustingly ugly, but tomorrow I shall be sober and you will still be ugly!"

There are many websites that discuss the outlandish comments and activities of this great world leader. But, he had exactly what was needed to stop Hitler at the Channel, to rouse a nation to never give up and to partner with America to find final victory in Europe. You probably wouldn't want him as your pastor, maybe not even your father, but he was the right leader for that moment in England's history. Such a brazen man that would go up to the roof of his quarters in central London and smoke cigars as Hitler's air force bombed all around him. I'm not sure I would have voted for him.... but he was the right man!

I think it would be awesome to have a righteous leader, one that understood the intricacies of the economy, health care, defense, immigration, with great sensitivity to religious institutions, a heart for the poor, a vision for the future. If that leader was a praying person, formidable in the word of God and loved the local church, I would rejoice! I do not think that is the choice we will have in November.

Instead....we will look for someone who is imperfect, yet will fit the times we are living in. Particularly, that 'whoever' we vote for, will be someone who might possibly have the opportunity to appoint up to three Supreme Court justices. That could radically shape our culture in America for the next 30 years. The America of our grandchildren could be very different....and that may not be good. We cannot stand on the sidelines. A non-vote is a passive vote for a direction we may very well regret.

here's the rest of this article ...

So...is Donald Trump good for America? I honestly believe that he has been already. He has shaken the political system. Do his comments offend me? At times! Do I agree with all he says? Not at all! But could he be a "Cyrus" being raised up by God to preserve America? Nobody liked Gen. Patton, but he sure WAS an instrument of the United States for the right things.

This I know. I will vote for the best chance for America. I will pray for our leaders as I have already. In the end - God will continue to be my source and my hope. I do believe that God has had a hand in America's history. I hope and pray that He will also have a saving hand in America's future.

Here's Dobson complete follow-up statement on Trump's alleged conversion:

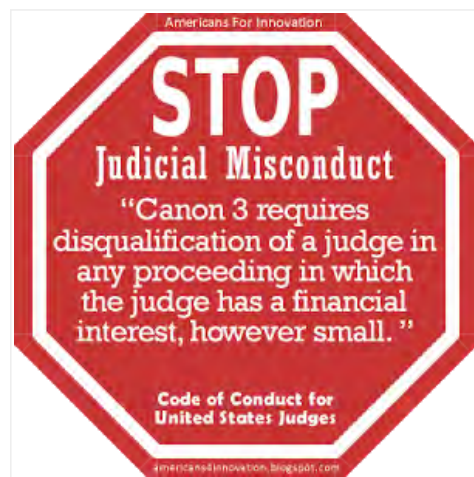

"Only the Lord knows the condition of a person's heart. I can only tell you what I've heard. First, Trump appears to be tender to things of the Spirit. I also hear that Paula White has known Trump for years and that she personally led him to Christ.

"Do I know that for sure? No. Do I know the details of that alleged conversion? I can't say that I do.

"But there are many Christian leaders who are serving on a faith advisory committee for Trump in the future. I am among them. There are about 45 of us that includes Franklin Graham, Robert Jeffress, Jack Graham, Ben Carson, James Robison, Jerry Johnson, and many others whom you would probably know.

"We've all agreed to serve. How will that play out if Trump becomes president? I don't know. It is a good start, I would think.

"If anything, this man is a baby Christian who doesn't have a clue about how

As part of its immunity deals with Hillary Clinton’s lawyers, Cheryl Mills and Heather Samuelson, the Justice Department agreed to destroy laptops the attorneys turned over to federal investigators and to limit searches of the devices to documents created before Jan. 31, 2015.

The mystery surrounding that conference call has led to speculation that Mills, Kendall and Combetta (who also received DOJ immunity) discussed the deletion.

Comey said last week that investigators found no evidence that Mills ordered Combetta to delete the emails. But the revelation of the side agreement raises the question of whether Comey was asserting that no evidence obtained before Jan. 31, 2015 pointed to obstruction of justice.

“Like many things about this case, these new materials raise more questions than answers,” Goodlatte wrote to Lynch.

In the letter, the Republican also asks whether a grand jury was convened as part of the Clinton email probe.

Combetta was asked in his Feb. 18 interview about what was said in that conference call, but his attorney directed him to not answer the question, citing “protections under the Fifth Amendment.”

“It is odd, however, that after granting him immunity, there appears to be no record that the FBI questioned him about the March 31 conference call and no record of his description of Director Comey September 28, 2016 that call, the only topic which he had previously refused to testify,” the letter reads.

But in a memo released earlier last month, the FBI stated that Combetta refused to answer the questions based upon the assertion of attorney-client privilege.

Three months after leaving the White House in 2001, former President Bill Clinton arrived in India to cheering throngs to help those who had just lost a million homes in the aftermath of a massive earthquake that killed 20,000 and injured 166,000.

In classic Clinton style, he solemnly promised that his new nonprofit – called the American India Foundation (AIF) – would rebuild 100 villages. Rajat Gupta, his millionaire co-chairman, pledged \$1 billion for the victims.

It never happened. Years later, AIF’s annual reports were reviewed by the Daily Caller News Foundation and show only seven villages were partially rebuilt by Clinton’s group, and a mere \$2.7 million of \$53 million raised over a decade went to the earthquake victims.

The rest went for completely unrelated projects, including “accelerating social change,” fighting AIDS, “sustainable development,” and working for “digital equalizers.”

Paltry aid for the victims notwithstanding, Clinton handsomely profited from the charity as AIF’s top officers poured more than \$13 million into the Clinton Foundation and others generously gave to Democratic nominee Hillary

I was one of the saps that woke up early to watch the much ballyhooed WikiLeaks Julian Assange news conference in Germany. What a joke!

After all the hype about new revelations about Hillary Clinton, he produced NOTHING, Nada, zilch. It was a totally amateurish event that my high school kids could have produced better... in fact, they have produced better. Poor microphones, self-absorbed journalist speakers, computer lock ups without backups, and a over-hyped promo for coming books and DVDs. It was activism gone wild. It was in fact a stupid event in my opinion.

My respect for Assange has grown with time, but this was a definite setback for me. I kept waiting for the meat, but it never came. I think that this guy just pulled off one the greatest bait and switch events of all time. Reminded me of Geraldo Rivera's unsealing of Al Capone's hidden basement, only to find NOTHING. If ole Julian doesn't start producing the promised results in the next week or so, his credibility as a whistleblower activist is pretty much over with me. He will have become just another non-profit pitch man who has found a shtick to milk.

I feel badly and appalled by his mistreatment and house arrest in the Ecuadorian Embassy in London, and for that reason I will give him some slack for this lapse in judgment. Time will tell where I land, but his credibility took a nose dive this morning. C'mon Julian, you are better than last night's amateur hour. Your supporters deserve better than you gave last night.

P.S. That academic lecture on the three kinds of media was just over the top stupid and uncalled for.

Did somebody get to him, or threaten him, threaten his friends, or make him promises in return for his silence? Something appears amiss here. His presentation was so untypical and out of focus.

TRUMP FAILED TO RENEW A STATE CERTIFICATION TIMELY FOR HIS FOUNDATION. Wowa, some bureaucrat is crying in his beer!

Someone posted on Google+: What sort of administrative skills does this demonstrate from someone who wants to run the government? Trump Foundation notice of violation from New York attorney general.

The New York attorney general has notified Donald Trump that his charitable foundation is violating state law -- by soliciting donations without proper certification -- and ordered Trump's charity to stop its fundraising immediately, the attorney general's office said Monday.

My response: This appears to be making a mountain out of a mole hill. Organizations often forget to renew prefunctory certification paperwork. I have had it happen to me in both my past companies and non-profits. Bureaucratic government paperwork is not first on the list of priorities in running an organization. These state lawyers could send friendly reminders, but they are too lazy to. This is an infinitesimal issue by comparison to Bill and Hillary taking \$145 million into The Clinton Foundation after using their influence to get their friend Frank Giustra a plum Kazakhstan uranium contract via UrAsia Mining, or the tens of millions diverted from Haiti relief.

Subject: Updated Executive Round Table Briefing for Melanne Verveer

Hello Melanne,

Attached is an updated briefing on the Girls and Women Round Table Event. Also, I mentioned on the call that I would send background information for all the CGI members that have made commitments. The attached document lists commitments from all 3 Executive Round Tables, but you will be able to see what the members in your event are working on through CGI. Let me know if you have any questions and I look forward to seeing you next Tuesday.

Best,
Christina
