HealthCare.gov's confiscation of this property cannot stand

**Leader:** 145,000 man-hours • over \$10 million • 20 people • solid engineering • hackers not welcome • affirms privacy, security, property • no foreign influence • respects U.S. Constitution

**Facebook:** “one to two weeks” • beer money • all by myself • 28 hidden hard drives • stole Harvard photos • hacks email • PayPal Mafia handlers • scoffs at privacy • corrupts markets, judges, politicians & gov't agencies

Facebook — a force for freedom perhaps, but at odds with the rule of law in the U.S.

John Adams, or ...?

**(OCT. 12, 2016)**—The latest batch of WikiLeaks Podesta emails confirms what we have long suspected—**Facebook is conspiring to steal the election for Hillary.**

The WikiLeaks email is the third leg of this election rigging collusion. The [AFI timeline](#) contains the first two legs, linked below.

## 2009

[On Sep. 26, 2009](#), Secretary of State Clinton signed contracts with Facebook for a “template for winning elections.” Never mind this collusion with Facebook was *illegal obstruction of justice* in the *Leader v. Facebook* patent infringement case in progress—a case where Leader Technologies *proved* that Facebook infringes their social networking patent on 11 of 11 claims. Only massive judicial corruption including Chief Justice John G. Roberts, Jr. (*the overseer of the secret FISA Court that approves nearly all NSA snooping requests on American citizens*) blocked a complete Leader court victory.

## 2011

[On Jun. 14, 2011](#), Joe Lockhart, Bill Clinton's former White House press secretary (1998-2000) was hired by Facebook as Vice President of Communications, where he works today.

WikiLeaks just released an email dated [Mar. 08, 2015](#) with the subject: "Re: Press and Surrogate Plan."

# "LOCKHART: KEY WJC/HRC SURROGATE"

The email identifies Joe Lockhart as a "Key [WJC/HRC \[William Jefferson Clinton/Hillary Rodham Clinton\] surrogate to be on standby](#)" along with [Joel Benenson](#) of Benenson Strategy Group, a New York firm whose website boasts:

"Joel Benenson, founder and CEO of Benenson Strategy Group, is the only Democratic pollster in history to have played a leading role in three winning presidential campaigns — making him the 'go-to guy for any politico wanting to take the public's temperature,' according to GQ."

**FIG. 2**—On Jun. 14, 2011, Joe Lockhart, former White House Press Secretary for Bill Clinton (1998-2000) was hired by Facebook as vice president of communications. *Two weeks earlier*, Fidelity invested \$74 million in Facebook pre-IPO stock. *Two weeks later*, former White House bailout czar, Larry Summers, joined Facebook director Marc Andreessen's company just prior to Facebook's Instagram purchase from Andreessen. Hillary Clinton stonewalled release of her emails on this Lockhart subject. *Four weeks earlier*, Thomas G. Hungar, Gibson Dunn LLP, became Facebook lead Federal Circuit appeals attorney, despite his conflict of interest as a former attorney for the Federal Circuit judges themselves.

It is easy to control your outcomes when you are *fed* the dirt on every citizen on the planet by a secret White House spy agency without Congressional oversight. This spy agency secretly runs the NSA and directs public-private partners like Facebook, Google, YouTube, Microsoft, AT&T, Verizon, Apple, Skype and Yahoo. Thanks to Edward Snowden we learned about the treachery of these unscrupulous actors in this tragedy. The user information from these providers is all sent to a Big Brother database that is then used to *manipulate* the lives, behaviors, attitudes and thinking of our entire unsuspecting citizenry, *like Pavlov's dogs*.

UPDATE MAR. 25, 2014

## FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. **HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS**  Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.
2. **WAS CHIEF JUSTICE ROBERTS BLACKMAILED** into supporting Obamacare by his ethical compromises in *Leader v. Facebook?*
3. **JUSTICE ROBERTS MENTORED** Facebook Gibson Dunn LLP attorneys. 
4. **JUSTICE ROBERTS HOLDS** substantial Facebook financial interests.
5. **JUDGE LEONARD STARK FAILED** to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment.

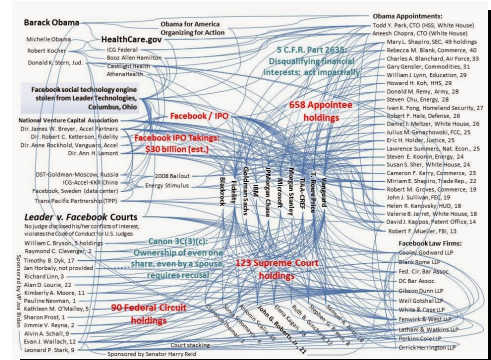

Indeed, this disrespect of the American citizenry was further revealed in an email from Obama cultural war operative Bill Ivey. Ivey was Bill Clinton's former Chairman of the National Endowment for the Arts and Team Leader for Arts and Humanities in the Obama-Biden Presidential Transition.

"And as I've mentioned, we've all been quite content to demean government, drop civics and in general conspire to produce an unaware and compliant citizenry. The unawareness remains strong but compliance is obviously fading rapidly. This problem demands some serious, serious thinking - and not just poll driven, demographically-inspired messaging." — Bill Ivey

### BARACK OBAMA'S DARK POOLS OF CORRUPTION

Click to enlarge

Here is an expert from the WikiLeaked Podesta email with the relevant text highlighted:

Kardashian mold; what can she do to offset this? I'm certain the poll-directed insiders are sure things will default to policy as soon as the conventions are over, but I think not. And as I've mentioned, we've all been quite content to demean government, drop civics and in general conspire to produce an unaware and compliant citizenry. The unawareness remains strong but compliance is obviously fading rapidly. This problem demands some serious, serious thinking - and not just poll driven, demographically-inspired messaging.

FIG. 3—BILL IVEY'S ASSESSMENT OF THE AMERICAN CITIZENRY TO JOHN PODESTA, MAR. 13, 2016. [Click here for PDF version.](#)

(Note: Curiously, Snopes immediately jumped to Ivey's defense. They allowed him to add new words around this quote to help minimize the damage. Wait, we thought Snopes was only about the facts and truth! Shame on Snopes for breaching the public's trust by cooperating in such an obvious propaganda stunt. Busted. Now we need to fact check the fact checkers.)

Again, this secret White House intelligence agency confiscated the social networking invention of Columbus innovator Leader Technologies in 2001.

They then created Facebook and other social media outlets in 2004 like music producers recruit singers and build boy bands—fabricated, formulaic bands directed by unseen players behind the scenes. They wanted to create the appearance of choice while collecting data from all these services into a common data repository. It was a spy's dream—universal spy data collection. A dragnet. Collect everything on everybody. No holds barred.

Facebook was used to get Barack Obama elected in 2007.

Starting in 2009, Secretary of State Hillary hired Facebook to build "a template for winning elections." Hillary used Facebook to help foment the ill-fated Arab Spring. Her four-part Facebook Field Guide created leaking security sieves in our embassies around the world as they tried to implement her eDiplomacy initiative using a massively insecure Facebook platform. They irresponsibly and probably criminally used notoriously insecure Facebook, Gmail and Yahoo for sensitive diplomatic communications.

They exploited Facebook again in 2012 to get Obama reelected.

Now they want to steal the election for Hillary.

### STOP FACEBOOK PROPERTY THEFT

**We see. We "like." We steal.**  
**STOP FACEBOOK PROPERTY THEFT.**  
**www.fbcoverup.com**

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

### ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

# FACEBOOK'S FINGER IS ON THE ELECTION SCALE

Make no mistake, Facebook's finger is on the scale of this election.

Look around, Facebook's logo and links are *plastered everywhere*. They're watching and gathering data that is continuously fed into analytical hoppers. Hillary then changes her positions on a daily basis and says whatever the Facebook data tells her to say to fool a voter block into voting for her. This lie today, that lie tomorrow. Then that data is stored in your "dark profile" to be further refined as more data is collected on you.

Why do you think we had Obamacare? Better health? Certainly not. It was to aggregate all that health data about you in your 'dark profile'. That data is collected now, and notice how no one is bothering to fix the mess now that the masses have been deceived into giving up their data. Remember Obama's "Big Data" giveaway in healthcare "Datapalooza?" That was intended to feed even more data to Silicon Valley cronies and your "dark profile."

Why do you think we have Common Core (ungraduate) and M.O.O.C. (Massive Open Online Course, graduate level)? Better education? Certainly not. It is to **"dumb down" the citizenry** and aggregate so much data on the way you think that those who control the data will be able to predict your behavior to better control you.

Why do you think Obamacare was tied to the IRS systems? Better taxation? Certainly not. More 'dark profile' financial data.

Why do you think Obama ceded control of the ICANN Internet address management system to foreign powers on Oct. 01, 2016? So all that data about you can be stored and exploited offshore, out of the reach of U.S. law. It also can now abolish free speech a mere flip of the switch, as well as cause unwanted websites to suddenly have inexplicable "outages." (Gosh, we cannot figure out what is wrong. Oh, you want to visit? You are welcome to visit us in Outer Slabovia. Wat? You don't know where that is? Didn't think so. Good luck.)

Why do you think Obama is pushing the disastrous TPP (Asia) and TiSA (Europe) trade deals? So American economic dominance will be broken in preference to globalist crony capitalism.

Why do you think Facebook is plastered everywhere in mainstream media outlet imaginable?

**Get the picture? If NSA data collection via Facebook is so harmless, then why have they made such a priority to collect it and shove the Facebook logo down your throat?**

**Universal data collection on "an unaware and complaint citizenry."**

## THE SELF-DECEPTION: "I KNOW THE NSA LISTENS TO ME, I DON'T HAVE ANYTHING TO HIDE"

Really? How about the loss of your liberty and right to privacy? History's long lesson is that once a people cede their right to privacy and property to bullies, totalitarianism is **ALWAYS** the end result.

When you waive away concern over all this data collection on you, you fall right into the hands of people who want to manipulate you for various purposes not in your interest. Voter manipulation, buying habits, extortion, moral choices, resisting tyranny.

## EXPOSING THIS EVIL CONDUCT IS THE BEST DISINFECTANT AGAINST THIS UNPRECEDENTED

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ulyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. This summer, the New York Times ruminated and pontificated about the extent to which it was appropriate for journalists opposed to Republican presidential candidate Donald Trump to allow their bias to color their reporting, deciding in the end that there were more important issues than fairness.

In far less erudite phrases, and with far more passion, the American people this week are telling the media they strongly disagree.

HILLARY AND WALL STREET ARE BEST FRIENDS FOREVER. WERE SCREWED IF HILLARY'S ORGANIZED CRIME FAMILY GAINS POWER

Josh Lederman, Ken Thomas. (Oct. 15, 2016). Speech transcripts show Clinton avoided blaming Wall Street. Associated Press.

WASHINGTON (AP) — Hillary Clinton generally avoided direct criticism of Wall Street as she examined the causes and responses to the financial meltdown during a series of paid speeches to Goldman Sachs, according to transcripts disclosed Saturday by WikiLeaks.

Three transcripts released as part of the hack of her campaign chairman's emails did not contain any new bombshells showing she was unduly influenced by contributions from the banking industry, as her primary rival Bernie Sanders had suggested. Still, her soft-handed approach in the speeches was likely to act as a reminder to liberals in the party of their concerns that the Democratic presidential nominee is too close to Wall Street to be an effective check on its excesses if elected.

to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

*. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.*

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Andrew Dalton. (Oct. 14, 2016). The FBI served Google with a secret subpoena - But Google still hasn't revealed what it was about. Engadget.

Tucked into Google's latest bi-annual transparency report, the search behemoth quietly revealed that it received a secret subpoena from the FBI sometime during the first half of 2015. While the subpoena itself wasn't necessarily out of the ordinary, what's troubling is the fact that it was accompanied by a gag order that prevented Google from revealing publicly that the government came knocking.

The secret subpoena is known as a national security letter and, as The Intercept notes it does not require court approval. Instead, investigators only needed to prove that the information they're trying to get out of Google was "relevant to an authorized investigation to protect against international terrorism or clandestine intelligence activities." The fact that the letter is only now coming to light is a result of the USA Freedom Act, which modified the Patriot Act to make sure that such letters are periodically reviewed to ensure they are still required. Still, Google has not yet disclosed the contents of the letter itself, which implies that the gag may still be partially in place or Google may be challenging it in a closed court.

## CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

## GALLERY OF JUDICIAL MISCONDUCT

**Judge Leonard P. Stark**, U.S.

District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

MORE HILLARY LIES ABOUT HER EMAILS PROVEN BY WIKILEAKS

Michael Biesecker, Julie Bykowicz, Chad Day. (Oct. 11, 2016). Leaks show Clinton inner circle grappling with email issue. Associated Press.

WASHINGTON (AP) — Hacked emails show that Hillary Clinton's campaign was slow to grasp the seriousness of the controversy over her use of a homebrew email server and believed it might blow over after one weekend.

Two days after The Associated Press was first to report in March 2015 that Clinton had been running a private server in her home in New York to send and receive messages when she was secretary of state, her advisers were shaping their strategy to respond to the revelation.

WikiLeaks began releasing on Friday what it said were years of messages from accounts used by Clinton campaign chairman John Podesta. He said Tuesday that the FBI told him it was looking into the breach as part of its ongoing investigation into the hacking of Democratic organizations by Russian intelligence.

Among the emails made public Tuesday by WikiLeaks was one from Clinton campaign spokesman Nick Merrill, who optimistically suggested that the issue might quickly blow over.

"Goal would be to cauterize this just enough so it plays out over the weekend and dies in the short term," Merrill wrote on March 6, 2015.

WikiLeaks said Monday that its founder Julian Assange's Internet link was severed by a "state party" and that "appropriate contingency plans" had been activated.

The website's announcement came hours after it published three cryptic tweets. The messages referenced Ecuador, Secretary of State John Kerry and the United Kingdom's Foreign Commonwealth Office. Each tweet was matched with a string of numbers.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Email comment by TEX:

I am sitting on a triple seven aircraft flying somewhere to do something that in the scope of things is totally insignificant . It's easy to ponder life when someone else is catering to my basic needs. I am two vodkas in and only one away from brilliance. So here's where my mind is wandering.

Hillary has been in public office for the previous THREE decades which , without equivocation, has been the same time that our country has become the most unproductive , the most divided, the most lawless, the weakest militarily, the most most catastrophic for inner cities, the most unemployed Americans ever, and the most dishonesty ever in the media. So, thank you Hillary, well done. Based on the outcome of your actions, you should be our leader.

Over the last EIGHT years, Hillary supported the switch from coal to renewables ( which currently do not exist) and caused dozens of large coal companies to file bankruptcy along with the failed renewable energy companies funded by Obama and supported by Hillary . Trump has been skewered for filing bankruptcy in Atlantic City , a bankrupt gambling town , that was killed by taxes, regulations , unions, and Obamacare. That seems ok , Hillary, so based on the outcome of your actions, you should be our leader. ( I am looking out of my window at an engine that doesn't seem to have solar panels or windmills. Wonder how that will work when you destroy our oil and gas companies next.)

Every department in our oversized bureaucracy is corrupt and inefficient. 80% of the funds that are not borrowed for these behemoths come from the top 1-2% income earners. Hillary says that they don't pay their fair share. Not one word is mentioned by Hillary about making these agencies more efficient, more honest, or more effective. Why ? Because that is the source of power in centrally controlled socialism. It is fascinating that the IRS , the FBI, the CIA , and the EPA, formerly infallible bastions of honesty in our government have been thoroughly corrupted under Obama/ Clinton. Based on the idea of more taxes and more strong arming through bureaucracies thus resulting in more corruptness and inefficiency, you should be our leader.

Our last two First Ladies have been pretty classy. One a little more sassy than the other, but overall pretty good. Man, will that change with a Hillary win. I know the Democrats will be ecstatic that a rapist will be alongside this corrupt lady . Based on the outcome of Bills actions, Hillary, you should be our leader.

Our education is doing just great under Obama. We are ranked 26th in the world in our public education while spending five times more per child than any other country. Well done, Hillary. Our healthcare is a disaster. Deductibles and premiums have skyrocketed. Doctors are changing careers. Well done, Hillary. You should be our leader.

Our police and military have been marginalized. Our crime is out of control, and the world is burning. Well done, Hillary. Looking forward to a few years with you and Slick Willy. Are you going to bring back the silver, the dishes, the paintings, and the furniture you stole when you left the WhiteHouse last time? Wonder if the WhiteHouse will go gun free? Wonder if we will disband the Joint Chiefs? Wonder if Bill is too old to rape the interns?

Have a deplorable day, TEX

Yes, stewardess, I will have another!

A senior State Department official [Patrick F. The FBI ultimately rejected the request, which would have allowed the State Department to archive the message related to the 2012 attacks on the U.S. diplomatic compound in Benghazi, Libya, in the basement of its Washington headquarters "never to be seen again," according to the FBI files.
