HILLARY'S FOUNDATION DIRECTOR TERRY MCAULIFFE PAID \$675,000 BRIBE TO SPOUSE OF FBI LEAD INVESTIGATOR

PAY-to-PLAY NEW WORLD ORDER This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box.

FIG. 1: L/R: JUSTIN G. COOPER, TERRY T. MCAULIFFE, HILLARY R. CLINTON, WILLAIM 'BILL' J. CLINTON.

McAuliffe and Cooper are insiders in The Clinton Foundation. McAuliffe paid \$675,000 to Deputy FBI Director Andrew McCabe's wife's 2015 Senate campaign while he led the FBI investigation into Hillary Clinton's private email servers. Since McCabe's wife received funds from a potential witness in the investigation, McCabe should have recused due to the ongoing relationship between McAuliffe and Cooper. The reasons given for not recusing themselves are misdirection. Andrew McCabe claimed he was not involved in his wife's campaign. But, the conflict isn't with his wife. McCabe's real conflict is with McAuliffe, Cooper and Cooper's association with Hillary's email system. It has nothing to do with Jill McCabe's Senate campaign as the FBI has alleged.

(OCT. 25, 2016)—Deputy FBI Director Andrew McCabe broke the law by leading the investigation into Hillary Clinton's use of a private emails server. He should have recused himself.

New proof of fraud by the lead FBI investigator dictates a Special Prosecutor

McCabe had a duty to recuse himself from the Hillary investigation after his wife received \$675,000 from Virginia Governor Terry McAuliffe.

McCauliffe has a close relationship with

The Clinton Foundation and its employee Justin Cooper—the man who set up Hillary's email system.

This obvious McCabe fraud of willful nondisclosure is evidence of a cover-up. It certainly taints the findings of the Comey FBI investigation as biased, and now requires a Special Prosecutor.

On Dec. 17, 2011, Hillary R. Clinton's longtime aide Cheryl D. Mills circulated an email with the subject "Re: Draft Infrastructure Model." The attachment to the email was named "2011-12-16 Infrastructure Support Model.doc". This is just one of 29 documents in which Terry McAuliffe was a principal actor at The Clinton Foundation.

Clinton Foundation Email. WikiLeaks.

This **Terry McAuliffe-Justin Cooper** relationship DEMANDED that Deputy FBI Director **Andrew McCabe** recuse himself from the Hillary Clinton investigation. Cooper set up the private servers for Hillary and Bill, as McAuliffe served as a director of The Clinton Foundation. McAuliffe gave \$675,000 to McCabe's wife's campaign.

FBI Testimony: Cooper set up Hillary's private email server in early 2009 after she became Sec'y of State and had just signed an Ethics Pledge to have no involvement in The Clinton Foundation.

Two members of the Obama Administration (Podesta and Mills) are participating in this reorganization of The Clinton Foundation. Working for the U.S. government and the Foundation is generally a violation of the law, ethics and common decency. This is another abuse of power.

The email thread with John D. Podesta was triggered by the latest in a series of suicide threats by The Clinton Foundation's chief operating officer Laura Graham. Doug Band, the creator of the original Clinton Foundation concept, wrote [Editor's note: We are going to fix some of the poor punctuation in the next three paragraphs below just to make them easier to read]:

"Late last night, Laura Graham called me as she couldn't reach my brother or her shrink. She was on Staten Island in her car parked a few feet from the water's edge with her foot on the gas pedal and the car in park. She called me to tell me the stress of all of this office crap with WJC and CVC [William Jefferson Clinton, Chelsea Victoria Clinton] as well as that of her family had driven her to the edge and she couldn't take it anymore. I spent a while on the phone with her preventing her from doing that, as I have a few times in the past few months, and was able to reach Roger and her shrink.

Chelsea V. Clinton
CVC

Bruce [Lindsey, chairman of The Clinton Foundation] said the stress of specifically the office had caused his very serious health issues as you both know. But I'm sure Chelsea is more concerned with a mostly false story in the distinguished NY Post about MF Global and Teneo, [and] not her role in what happened to Laura/Bruce, what she is doing to the organization, or the several of stories that have appeared in the NY Post about her father and a multitude of women over the years.

Bruce R. Lindsey
Clinton Foundation,
Chairman

For Teneo, well before MF Global, we have been discussing this. It's going to hurt Teneo to have WJC on the advisory board any longer, but we need come up with a reorg [reorganization] concept for the relationship with WJC and Teneo that is lower key and handled privately and properly that we should discuss. Life is to short so let's have a call and get this over with."

This Podesta email is full of evidence of corruption.

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. **HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS** 
Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.
2. **WAS CHIEF JUSTICE ROBERTS BLACKMAILED** into supporting Obamacare by his ethical compromises in *Leiter v. Facebook*?
3. **JUSTICE ROBERTS MENTORED** Facebook Gibson Dunn LLP attorneys. 
4. **JUSTICE ROBERTS HOLDS** substantial Facebook financial interests.
5. **JUDGE LEONARD STARK FAILED** to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment. 

IN BED TOGETHER: MF GLOBAL, TENEO HOLDINGS, JON CORZINE, GOLDMAN SACHS, OBAMA, THE CLINTON FOUNDATION

MF Global had just gone bankrupt a month earlier after Chairman and CEO Jon S. Corzine (March 23, 2010 to Nov. 04, 2011) announced that \$1.6 billion in investor funds was lost. Corzine was formerly Goldman Sachs' CEO (Aug. 04, 1994 to Aug. 08, 1999) during the Bill Clinton presidency.

Jon S. Corzine
MF Global, Goldman Sachs

Douglas J. Band
TENEO founder, Clinton Foundation creator

TENEO HOLDINGS, founded by Douglas J. Band, creator of The Clinton Foundation concept, was hired by Corzine to improve his image and enhance his political connections with the Clintons.

Bill is said to have been paid a \$50,000 per month retainer by TENEO to "improve his relations with Corzine."

Evidently the stress of this corruption was affecting the health of both The Clinton Foundation chairman Bruce Lindsey and chief operating officer Laura Graham.

MCAULIFFE HELPED REORGANIZE THE CLINTON FOUNDATION IN 2011

It appears that Chelsea had ample reason to be concerned. Band, Podesta, Mills and Cooper evidently used the latest threatened Graham suicide as motivation to reorganize The Clinton Foundation.

Under a court order, Citizens United received Hillary's White House phone logs between Jul. 06, 2010 to Mar. 29, 2012.

Graham had called Secretary of State Hillary Clinton more than any other member of the Obama Administration. She called 134 times as compared to the White House chiefs of staff 16 times. By comparison, Podesta called 24 times and Band called 31 times. According to the actual White House phone logs, The Clinton Foundation had ten times more calls and conversations to the Secretary than anyone.

Curiously, McAuliffe does not appear even once (that we could find) in any of the State Department FOIA disclosures to Judicial Watch or Citizens United. Not once. This is not reasonable for such a prominent Democrat operative. Very evidently, the State Department's FOIA Nazi, Patrick F. Kennedy, deleted any reference to McAuliffe. Thankfully, Julian Assange and WikiLeaks came to the rescue.

W L L HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

LAURA GRAHAM & JOHN PODESTA—COORDINATED THE ACTIVITIES AMONG STATE DEPT, WHITE HOUSE, CLINTON FOUNDATION & GEORGE SOROS

Clearly, Graham and Podesta were the relationship enablers between the State Department and The Clinton Foundation who is taking marching orders from globalist George Soros. Foundation lieutenants had dual Obama Administration titles. Podesta was special counsel to Barack Obama while he also served a similar role at The Clinton Foundation with Obama's blessing.

CLINTON REORGANIZATION PLAN: "CLASSIC LAYERS TO DEFLECT CULPABILITY FOR ACTIONS OF PAID AGENTS"

The Clinton Foundation reorganization document is bizarre. One would expect professional Six Sigma-like (process improvement) approaches from such senior government officials, but nothing of the sort are present.

We asked a number of seasoned professional services consultants and former Fortune 100 executives to review the document. Their comments were incredulous to a person. The kindest was that it described a "family enterprise." Another said it is "what you'd expect from an organized crime godfather keeping his soldiers in line." A former Fortune 40 executive said it described "classic layers to deflect culpability for actions taken by 'paid agents,'" then concluded it described "a snake pit of evil."

CHERYL MILLS ON 2011 CLINTON FOUNDATION REORG:

". . . for ensuring that the implementation of the President's [Clinton] will occurs . . ."

Bill Clinton's activities were separated into five parts: personal, political, for-profit, not-for-profit and former president. The fix-it men are Doug Band and Justin Cooper.

IN THE SERVICE OF TWO MASTERS: STATE DEPT. AND CLINTON FOUNDATION

Keep in mind, Cheryl Mills was preparing this document even though she is chief of staff for Secretary of State Clinton. This is further proof of the horrendously unethical mixing of private and public interests in all the Clinton affairs.

How can these people serve the interests of the American people at the same time that they are organizing and privately benefiting from the Clinton's private foundation? The Secretary of State peddled influence throughout the world in return for donations to the Clintons. We may never know the total amounts, but they currently measure into the multiple billions of dollars in donations in return for favors.

Justin Cooper is copied throughout on this WikiLeaks email thread.

JUSTIN COOPER SET UP HILLARY'S PRIVATE EMAIL SERVER

According to Cooper's FBI testimony, he set up Bill Clinton's private email server in the basement of his and Hillary's home on or about Jun. 01, 2008.

On Jan. 05, 2009, Hillary Clinton signed an ethics pledge not to participate in Clinton Foundation business (including its [35 aliases](#)).

[On Jan. 13, 2009](#), Cooper registered clintonemail.com on the Clinton's Chappaqua, NY basement server. This is the email account targeted by the FBI, House and Senate probes. Other domain names followed.

Before finalizing the reorganization draft, Band and Podesta invited Terry McAuliffe into the drafting.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why

not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." Examiner.com, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious

than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The

FBI INVESTIGATION INTO HILLARY CLINTON'S USE OF A PRIVATE EMAIL SERVER

On Oct. 23, 2016, [The Wall Street Journal](#) reported that the wife of FBI Deputy Director Andrew McCabe, Dr. Jill McCabe, received more than \$675,000 in cash and benefits from Terry McAuliffe-controlled entities when she made an unsuccessful Senate bid in 2015—during the email server controversy.

Andrew McCabe was put in charge of the investigation into Hillary's Clinton's illegal use of private email servers while Secretary of State.

Catherine Herridge, intelligence investigator for Fox News, reported that a separate [FBI](#)

[corruption probe](#) of the Clinton Foundation is currently ongoing in New York. It is reportedly assigned to U.S. Attorney Preetinder Bharara. The ethically-challenged Bharara is currently conducting a systematic persecution of Paul Ceglia in Ceglia v. Zuckerberg/Facebook despite recent proof by Secret Service forensics that Ceglia's contract with Facebook is genuine--a fact uniformly unreported by the mainstream media.

McAuliffe was intimately involved in the organization and operation of The Clinton Foundation, as proved by the Dec. 17, 2017 WikiLeaks Podesta email.

McAuliffe was a Clinton Foundation collaborator with Justin Cooper, the man who set up Hillary's private server, and was a witness in the FBI investigation, not to mention the House Oversight Committee investigation.

FBI: NEGLIGENT OR COMPLICIT?

Therefore, either the FBI was negligent in its conflicts of interest checks before selecting Andrew McCabe to lead the Hillary investigation, which is doubtful, . . . OR

James B. Comey

Loretta E. Lynch

Barack H. Obama

The Dept. of Justice / FBI / Comey / Obama selected McCabe precisely because he was conflicted by McAuliffe and would cooperate to let Hillary and her lieutenants off the hook.

McAuliffe had made an almost unprecedented contribution to McCabe's wife.

\$675,000 PURCHASED AN FBI SHILL FOR THE "SHADOW GOVERNMENT" TO PRETEND TO INVESTIGATE THEIR DARLING HILLARY

A reasonable person can see that the \$675,000 paid to McCabe by McAuliffe was a bribe, in our opinion. McCabe was likely trapped into cooperating with the concealed "shadow government" that the FBI says was directing the investigation.

The WikiLeaks email discussed herein proves that McAuliffe was heavily involved in both the Clinton's public business at the State Department and their private organized crime Clinton Foundation syndicate of 35 aliases.

TAINTED JUDGMENTS ARE VOID; HILLARY INVESTIGATION MUST BE DONE AGAIN

This revelation of collusion between The Clinton Foundation and the FBI taints the entire investigation and should invalidate it. In law, judgments made based on fraud are to be unwound as if they had never been made. Therefore:

misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

- The immunities for Hillary's staff are void.
- The non-prosecution of Hillary is void.
- Director Comey's conclusion that Hillary is not subject to indictment is void.
- The little meeting of Attorney General Loretta Lynch and Bill Clinton on the tarmac in Phoenix was clearly criminal tampering with a witness—Bill Clinton.

What side deal was Bill Clinton making for the "shadow government?" Bill, Hillary, Comey, Lynch, Obama, Podesta, etc. evidently do not fear our government and system of laws.

SPECIAL PROSECUTOR A MUST

A special prosecutor must be appointed. The Dept. of Justice and FBI had their shot and they blew it, perhaps criminally so.

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See [that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Ok folks, let's talk facts. Forget emotions. Forget gotchas and innuendos.

The US Federal debt is \$19.5 trillion. A trillion is a big number. If we equated miles and dollars, this amount of miles would equal 38,000,000 round trip flights to the moon. Got it? Our US GDP is \$18 trillion. It is growing at 1% per year. Anemic. Our US Federal tax receipts are \$3.3 trillion this year (highest ever) , yet we have a deficit of \$620 billion dollars. That means we spent \$3.95 trillion to run our country.

Let's talk about that. A recent non partisan evaluation concluded that , relative to the strength of our military eight years ago and relative to the world's military powers, our Army is weak, our Air Force is marginal, our Navy is marginal, our Marines are marginal, and our nuclear capability is nearing obsolescence. Another indicator of Obama's agenda is how our veterans are being treated.....in California , there is a clawback by the Pentagon on bonuses promised to those who re upped for combat in the Middle East . They served , and fought , the Pentagon reneged. They are garnishing paychecks from bonuses paid up to 10 years ago. Then , if our warriors need medical help when they return , the VA has been at best terrible in helping thousands of them reenter society in a healthy manner. Obama/ Clinton are more concerned with helping refugees, illegal immigrants, and building transgender bathrooms.

Let's look at where we spend our money. Education. We spend 5x per student as compared to other advanced societies, yet we are 25th in the world in actual student learning. We are so afraid that some kid gets behind that we hold back our bright ones, our future . We spend \$68 billion each year , there are 5,000 Dept of Education employees, and they get this result. What a joke. How about our Dept of Energy. There are 14,000 employees , all attacking fossil fuels. Our economy collapses without fuel to drive our plants, trucks, cars, planes, and electric grid. They spend \$30 billion per year to attack our energy infrastructure. Then we have our beloved EPA . There are 16,000 employees and a budget of \$9 billion. What could 16,000 people do everyday ? Remember that they caught hundreds of EPA workers on their government computers on porn sites.

We have 94 million capable Americans out of work.....roughly 1/3 of our workforce, yet we are flooding our borders, our cities, and our rural communities with immigrants that need government support. We have 46 million folks on food stamps and that number is growing. The Obama time in office has resulted in the slowest recovery in American history. Most segments of our society have suffered.....inner cities are devastated, soccer moms are frightened, innovators are tepid, middle management executives fear for jobs, the really rich are getting richer, and more folks are no longer middle class.....they are now poor. And Hillary pledges more of the same. In Minneapolis /StPaul , there are over 290 Somalian/ Syrian immigrants with tuberculosis. They are shopping next to you, in class with your kids, and using your emergency rooms. Shouldn't vetting include health?

A couple of last thoughts. There are two obstacles to anarchy, crime increases, and chaos. They are privately owned weapons and our local police force. Hillary has stated time and time again.....these obstacles are problems, not solutions. My final comment is on our future.....this election will result in a new social democracy or a Republic as designed. The Supreme Court appointments by our next president are the cornerstones. Is our Constitution a guide or a mere suggestion ? Should our judges interpret the bedrock foundational documents or interpret them as whims of societal manipulation? Do we have laws, borders, and enforcement? Or do we degrade our original idea as described by our forefathers ? This is a seminal vote in American history.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even

after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his

While the consensus was that Clinton's 33,000 notoriously 'missing' emails were permanently destroyed and beyond recovery, newly released FBI notes strongly suggest this might not be the case after all, the NY Post reports.

In a May interview with the FBI, an anonymous executive from Platte River Networks (PRN) - the Denver contractor responsible for maintaining Clinton's private server - revealed that an underling failed to purge all of Clinton's subpoenaed emails, deleting only the ones he stored in a data file he used to transfer emails to the assistants of the presidential candidate.

OBAMA SABOTAGED HILLARY EMAIL INVESTIGATION, PROBABLY TO PREVENT HIM BEING A WITNESS IN THE INVESTIGATION

Fox & Friends. (Oct. 27, 2016). Judge Nap: Obama 'Lied Directly and Pointedly' to the Nation About Hillary's Emails. Fox News.

FBI files show that President Obama used a pseudonym to exchange 18 emails with then-Secretary of State Hillary Clinton.

Catherine Herridge reported last night that in order for Clinton, or anyone else, to communicate with the president, the person's number or email address would have to be cleared, or 'whitelisted'.

Obama has maintained, including in a March 2015 CBS interview, that he didn't know Clinton used a private email server until it came out in news reports.

Emails released by WikiLeaks this week showed top Clinton aides scrambling on the issue, with Cheryl Mills telling John Podesta in March 2015, "We need to clean this up. He has emails from her - they do not say state.gov."

Email comment by Sharyl Attkisson:

Sharyl Attkisson. (Oct. 27, 2016). Clinton campaign efforts to “conflate” Benghazi with email controversy. Full Measure.

In October of 2015, the Hillary Clinton campaign team was working to blend together two of her biggest controversies in the minds of voters: the email scandal and Benghazi. According to emails leaked by Wikileaks, Clinton “consultants” felt it was “imperative” to tie Clinton’s use of private email servers for government business-including classified documents- to the broader Benghazi issue. They seemed to believe that could help improve Clinton’s primary numbers in key states because the Benghazi investigations had been successfully controversialized in the minds of many voters as a political witch hunt. The discussion surrounded production of ads by three TV firms.

“I feel like we really need to understand whether voters will believe that we can credibly conflate Benghazi and emails,” writes one Clinton campaign official, Oren Shur.

Email comment by TEX:

History will show that Barack, Nancy Pelosi, Lois Lerner, Harry Reid, Hillary, John Kerry, Eric Holder, FBI's Comey, and Huma Abedin are America's political equivalents to the world's most notorious crime syndicates. The brilliance of the placement of these willing law breakers is mind boggling. We know the puppet master, George Soros, has enough money and enough hatred towards America to patiently and artfully create hundreds of foundations and shadow organizations to obfuscate his plan to build a one world, borderless order. Soros knows quite well that people enforce laws. If his people choose not to enforce certain laws, then he is in control. The plan to publicly call law-abiding citizens names such as racists, homophobes, misogynists, xenophobes, or islamophobes is very artful in itself. If I, a person that enjoys being in a law centered society, wants our officials to enforce our laws, they call me one or more of these words. If I want all cities to follow our laws, I am a hater. If I want our country to remain America, then I am a perverted redneck, religious zealot, Nazi, low IQ hillbilly.

Let's just talk ObamaCare. It was passed using an arcane Senate rule, in the middle of the night, with all Democrats voting for it and all Republicans against it. The IRS, who haunted all conservative non-profits, was picked to enforce it. The Supreme Court was split until Chief Justice Roberts actually changed one word from “fee” to “tax” and, voila!, it became law. Ironically, Obama had vociferously argued that it wasn't a “tax” just weeks before. We now see what the GOP saw and stated. It is flawed. It doesn't work. It set medicine and insurance into a downward spiral that may not be fixable.

And, how about the State Department being used as a tool to create Clinton family wealth—while destroying law after law in its wake? Of course the DOJ and FBI found a way to avoid enforcement. I wonder why. Obama never anticipated the corruptness of the Clinton team but it reflected poorly for his “legacy” if this became an issue as he served his final days in office. Sadly, laws do not enforce themselves. People do. And the people we have as our leaders are massively corrupt. Is this the Democrat party that I knew as a young man or is it the party hijacked by Saul Alinsky/ George Soros ?

Donald Trump is not a pure man, and neither are you or I. He IS capable, however, of beginning the process of cleaning the cesspool in DC. He is not tied to lobbyists or Wall Street. They literally hate the guy. He doesn't need this why is he doing it? Power? No, he has that. Celebrity? No, he has that too. Money? No, he has that. Beautiful women? Oh, he has that. A big plane? Check. Why? BECAUSE HE LOVES THIS COUNTRY!!!! And so do I, and so do you. Please contact every person you know and support the platform Trump espouses for America.

Have a deplorably great day you ignorant, hateful, racist, homophobic, misogynist, xenophobes, gun toting, low IQ hillbillies, TEX=

As the wife of a pastor who hears confessions regularly, we must all remind ourselves not to try and remove the speck in another person's eye while we ignore the log in our own eye. So the choice of a president is about who among us fallible human beings has the qualities and character to lead.

What I've observed about Donald Trump is that he certainly has his flaws -- as do each of us -- so the question is will these flaws hinder him from being Commander in Chief?

From my perspective, I see a man who is being humbled by the challenge placed before him by God -- just like God chose Samson and David -- they were two flawed men who were willing to say YES to God and step up to the challenge when the time came.

This is a battle for the soul of our our American Constitution. It will take the fortitude of a Donald Trump to tackle it. It will take a real man to wrestle down the forces of darkness that are overtaking us. Could a woman do it? Hypothetically, yes, but we don't have time for another failed experiment right now. And certainly we cannot experiment with the Hillary woman. I am all for a woman in the White House, just not this one. The way I see it, the flaws we have heard about with Trump have been the growing pains of all of us as we navigate through life. The key is, does he learn from his mistakes?

With regard to Hillary Clinton, the depths of the depravities are beyond salvage as a leader of the free world. If we put her in the White House, it seems to me the Rule of Law over the Rule of Man will take a stepwards 240 years.

God bless you all and may God have mercy on us for the millions of innocent children we have killed since Roe v. Wade, not to mention the 500,000 Iraqi children we starved to death at the hands of Madeleine Albright, Bill and Hillary Clinton in the Iraq sanctions in 1995.

Someone asked a woman how she could vote for Trump, a "misogynist, a racist and a bigot".

Here is her answer:

Because I use my head to research and find out what candidates really are, not what the media wants me to think.

•Because Donald Trump has more women in executive and managerial positions than any comparable company, which tells me he is not a misogynist.

•Because he pays these women the same or more than their male counterparts, which tells me looks for capacity and skills in people, not color, gender or race.

•Because he fought the West Palm Beach City Council to be able to open his newly purchased club, so he could include blacks and Jews as members, who had been banned until then. This tells me he is not a racist.

•Because he has raised wonderful children who have turned out to be outstanding, hardworking and compassionate adults. He must be doing something right.

•Because his economic plans makes sense, are conservative in nature, and I vote based of what is best for my family, my friends and my country.

•Because everybody, the left and the right are afraid of him, the media is trying to destroy his image, and even foreign governments are voicing their opinions, so he must be doing something right. Clean house maybe?

•Because I want a Supreme Court that will uphold the Constitution, not behave as minions of the administration. I have had enough with judges who are more like political

Patricia Mazzel, Monique O. Madan, David Smiley. (Oct. 28, 2016). Two women busted for election fraud in Miami-Dade. Miami Herald.

A 74-year-old woman tasked with opening envelopes sent by Miami-Dade County voters with their completed mail ballots was arrested Friday after co-workers caught her illegally marking ballots, resulting in an unknown – but small – number of fraudulent votes being cast for mayoral candidate Raquel Regalado.

Investigators linked Gladys Coego, a temporary worker for the county elections department, to two fraudulent votes, but they suspect from witness testimony that she submitted several more.

Coego, of Westchester, turned herself in to the Turner Guilford Knight Correctional Center on Friday morning. She was charged with two felony counts of marking another person's ballot. Her bond was set at \$10,000.

In a separate election-fraud case, authorities also arrested a second woman Friday for unlawfully filling out voter-registration forms on behalf of United for Care, the campaign to legalize medical marijuana in Florida

From:feedback@lcv.org To: john.podesta@gmail.com Date: 2013-05-01 16:45 Subject: Facebook founder supports Keystone XL and Arctic drilling

Hold on a sec, John. Did we just hear that correctly? Is the political group backed by Facebook's Mark Zuckerberg launching a seven-figure ad campaign that supports drilling in the Arctic National Wildlife Refuge and building the risky Keystone XL tar sands pipeline?

This makes no sense, but it's true. And there's no way, as avid Facebook users, that we're gonna let him get away with this. Tell Facebook's Mark Zuckerberg to ditch his dirty energy ads now. Sign our petition here: <http://action.lcv.org/site/?i=XD7eeHjZWTCPnEwmNlZYwg>

. Zuckerberg has led a bunch of tech industry leaders in launching a political group called FWD.us, which is supposed to be focused on building support for immigration reform. But for their first big TV ads they have decided to run messages that applaud legislators for supporting the dangerous Keystone XL tar sands pipeline and pushing for drilling in the Arctic Refuge. SO WHAT IS FWD An organising projects and digital campaigns from across Australia and the globe. We'll go deep to debrief the Australian and US Elections, learn new tactics from the corporate sector like Arctic drilling and risky Keystone XL tar sands pipeline?

Seriously, what the heck are they thinking? This is a group of people who understand the importance of technology, innovation, and science. They should be leading the fight on climate change and clean energy innovation, not bankrolling ads for dirty energy projects. Facebook depends on the millions of users that come to it each day to share about their lives and their passions. A major part of their user base is made up of people who care about the environment

COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;
- (2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and
- (3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.

"FBI Director James Comey's promise to the American people of transparency about the FBI's investigation of Clinton was an empty promise - otherwise we wouldn't be in federal court seeking this information," Judicial Watch President Tom Fitton released in a statement. "An air of corruption surrounds the FBI/Justice Department investigation of Hillary Clinton and so, through this lawsuit, Judicial Watch is investigating the investigators." FBI agents reportedly told the New York Post they believe some kind of deal was struck during the meeting between Clinton and Lynch. Sources said they had never heard of the "Case Briefing Acknowledgment" form being used before, although all agents must initially sign nondisclosure agreements to obtain security clearance. "This is very, very unusual. I've never signed one, never circulated one to others," said one retired FBI chief. Meanwhile, FBI agents expressed their "disappointment" over FBI Director James Comey's decision not to recommend charges against Clinton, sources close to the matter told The Post. "FBI agents believe there was an inside deal put in place after the Loretta Lynch/Bill Clinton tarmac meeting," said one source.

Clinton Chief Wanted 'Decoy' Leak After Email Scandal Broke

The newest emails reveal that:

Hillary's campaign colluded with the Justice Department to get ahead of the imminent private server hearings. CNN commentator, and now DNC chair, Donna Brazile, provided Hillary with questions in advance of the primary debate. The Clinton campaign tried to use Benghazi to distract from, and bury the private server scandal. The emails confirm that Hillary and her team colluded with both the media and the Justice Department to bury the truth on all fronts.

Email comment by TEX:

Hillary says that her issues are vast Right Wing conspiracies. Flávia asked me about the definition of a Right Wing Conspiracy. Here it is :

Weiner used his right wing to text nasty pictures to vulnerable kids. Huma hid emails on his computer because she wanted protection just in case Hillary threw her under the bus. Duh !

Ambassador Chris Stevens was killed in Benghazi because Hillary failed to use her right wing to pick up the phone to call for help from our powerful military.

Hillary has a right to wing lies at her pleasure regardless of what the truth is and who it hurts.

She uses her right wing to grab wealth from Clinton Foundation and their pay to play insiders.

Slick Willy uses his right wing (and left wing) to grope women.

Interestingly enough , the Right Wing nut-cakes do not support Trump. The reason ? Trump will attack their little fiefdoms just like his intentions to go after the Left Wing nut-cakes. The media is still trying to cover her lies, Obama is holding his nose and stumping for her, and her surrogates are risking prison time. That's the conspiracy, folks.

•The author of this email once an “article” on the Huffington Post that Trump was “a sorcerer and a wizard”. Yes... Huffington Post actually published this. That’s why no one takes The Huffington Post seriously.

List of reporters that Hillary wined and dined, including biggest

journalists and pundits of CNN, ABC, NBC, MSNBC, NY Times, and a lot more. Off the record.

•<https://wikileaks.org/podesta-emails/emailid/10353>

•<https://wikileaks.org/podesta-emails/emailid/26404>

•“20 reporters who will closely cover the campaign (aka the bus)”

•“Off the record” dinner with 25 press attendees.”

•“Hi John - I just wanted to thank you again for your hospitality last night. You were so kind to open your home to us, and the food was as fantastic as promised (everyone at the White House raves about your dinners). I really appreciated the opportunity to connect with a number of folks from Team Clinton. The evening was a great way to kick off this crazy adventure. Thank you, and I hope we’ll cross paths again soon. Best, Colleen Colleen McCain Nelson The Wall Street Journal”

•No wonder the mainstream media has been shilling so hard for Hillary.

•The first link is the list of media personalities who went to the “off the record” private party in the personal home of John Podesta. Includes many corrupt, in-the-tank-for-Hillary journalists like John Heillman, Mark Halperin, Maggie Haberman (colluding in other emails with the Hillary campaign) and many others (Diane Sawyer, George Stephanopoulos, Mika Brzezinski, and so many more).

•The largest amount of invitees who said yes to the private party are from the New York Times, Bloomberg, MSNBC, and CNN. Seems to nicely reflect the level of corruption and pro-Hillary bias. This is April 2015 so they were influencing journalists for a long time and their investment has clearly paid off.

Politico’s Glenn Thrush colluding with Hillary’s campaign, admits to being a “hack”

•<https://wikileaks.org/podesta-emails/emailid/12681>

•“sorry to bother... Because I have become a hack I will send u the whole section that pertains to u. Please don’t share or tell anyone I did this. Tell me if I fucked up anything”

•He sends a huge part of the article to John Podesta. Absolutely disgraceful. Podesta approves the section of course which showed him in a very positive light to begin with.

•Don’t worry Glenn Thrush of the Politico. I’m sure Podesta won’t tell anyone you did this.

Trouble with NBC so they call Chuck Todd to take care of it
 •<https://wikileaks.org/podesta-emails/emailid/12196>

- <https://wikileaks.org/dnc-emails/emailid/13718>
- "This is the LAST straw. Please call Phil a Griffin. This is outrageous. She needs to apologize."
- "Not sure it will help, but I called Chuck Todd (as head of political unit) to let him know how outrageous and ludicrous this was and that our side of the house is watching to see how NBC handles this."
- Debbie Wasserman-Schultz, the chair of the Democratic National Committee, was livid when she was criticized by the MSNBC host Mika Brzezinski. She then called for Brzezinski to "apologize" and told her co-worker Chuck Todd "this must stop." Even the DNC chair complained to MSNBC's president.
- Just more media collusion.

Worried that Bernie supporters and younger women "hate her so much (they) might even vote for a Republican"

- "I just hate her so much I might even vote for a Republican but I will never vote for her."
- "The idea of the campaign for the candidate who could become the first woman president initiating a civil war between older women and younger women over her candidacy is political malpractice that leaves me speechless."
- "My phone is ringing off the hook with establishment Democrats who she thinks support her, who are appalled and alarmed by the kind of campaign she is running...more than one of them has said I could quote them by name, that's how appalled and alarmed they are."

- And this is happening all over the country, despite the media's best effort to hide this fact.

Is Russia behind the leaks?

Despite Hillary stating at the third debate that 17 intelligence agencies have said Russia is behind it, there is no proof that Russia is responsible for these leaks against her and the DNC. In fact, even Politico (who has been implicated in these leaks several times with Glenn Thrush) gave her claim a negative fact-check. There is no definitive proof, even from Hillary, only theories that it "could" be Russia. The reason for this constant claim by the media (as if it is 100% truth) is to pivot away from what is actually in the damning leaks and get your attention onto "evil" Russia. This immature approach by Hillary and the media, in conjunction with other recent foreign policy blunders, has led to extremely increased levels of tension with Russia, not seen since the Cold War. Julian Assange has strongly indicated that insiders in the DNC and US government are responsible for the leaks, including hinting at one DNC insider who was killed shortly after the DNC leaks. Regardless of who the hacker is, it does not take away from the validity of what is actually in the leaks.

Clinton campaign was in direct communication with DOJ regarding Hillary's investigation

- <https://www.wikileaks.org/podesta-emails/emailid/4178>
- "DOJ folks inform me..."
- This report that Clinton's campaign was in direct communication with the Obama Department of Justice on the email investigation shows a level of collusion which calls into question the entire investigation into her private server.
- On June 29, head of the DOJ, Attorney General Loretta Lynch met with Bill Clinton on a private plane for 30 minutes. The meeting occurred hours before the House Select Committee on Benghazi released its final report to the public. Sneaking around during an investigation with the husband of the one being investigated is highly unethical and downright shady.
- On October 28, Attorney General Lynch declined to comply with Congress regarding the secret Iran ransom payments. The top law enforcement official, The United Sates Attorney General, "declines to cooperate" with an investigation by Congress. Let that sink in.

Remember, Donna Brazile worked for CNN and the first debate question was released through CNN. The network that has been caught colluding with the Hillary campaign and in their own words, "doing everything [they] can to give [Hillary] a free ride" is implicated just as much as Donna Brazile and has no room to take the high road here.
