DRAIN THE SWAMP OF THE SHADOW GOVERNMENT

PICTUREBOOK OF GLOBALISTS ALIGNED WITH CLINTON FNDN WHO CONTINUE TO BENEFIT FROM THEIR THEFT OF THE SOCIAL NETWORKING INVENTION TO MANIPULATE MSM & WASHINGTON, D.C.

PAY-to-PLAY NEW WORLD ORDER
This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box.

FIG. 1: WASHINGTON, D.C., WALL STREET AND SILICON VALLEY SABOTEURS ARE STILL IN PLACE. THEY MUST BE DISMANTLED AND PROSECUTED. Since these technology thieves still control our digital networks, they continue to monitor all data communications, globally. If you doubt this, just look at the websites for our federal agencies as an example. They are covered with illegal data siphons to Facebook, Google, YouTube, Yahoo, Instagram, Pinterest, Instagram, etc. These sites send your personal information to a poorly controlled NSA intelligence operation and allow these Shadow Government companies to exploit your data illegally for personal enrichment. This is treasonous crony capitalism at its finest.

BREAKING NEWS, DEC. 06, 2016:

WE FOUND THE WAY TO REMOVE THE CORK AND DRAIN THE SWAMP!!

The cork has been the Executive Order 12958—Classified National Security, signed by Bill Clinton [on Apr. 17, 1995](#). (Note: Page will take a few seconds to load.)

It was the first in a string of 30 executive actions that created the **secret deep spy state run out of the White House without accountability to Congress**. The Clinton, Bush and Obama Administrations steadily expanded the reach of this new spy agency with each successive alleged threat and hidden agenda—Oklahoma City, 9/11, terrorism, The IBM Internet of Things / Eclipse Foundation, Black Lives Matter, Open Society Foundations (George Soros), Open Source, Clinton Foundation, racism, Islamaphobia, immigration, misogyny, bigotry, police hatred, fake news.

This Executive Order 12958 established an insider appeal group of six presidential appointees accountable only to the President. This group was relying on deceptive, unconstitutional interpretations of these orders that in fact consolidated dictatorial powers in the Presidency. Clinton, Bush and Obama have all used these powers to enrich their crony capitalist friends and work to establish globalist control over America. This evil must be resisted. The defeat of Hillary Clinton stalled their takeover, but their current attempts to censor patriots shows their fundamental disdain for democratic principles and Western values. The team working on this investigation would appreciate any help you can give.

CLAPPER QUILTS THE NSA

James R. Clapper, the NSA director who flat out lied to the Senate, resigned yesterday. He told the Senate on Mar. 12, 2013 that the NSA was not engaged in warrantless surveillance of Americans. Nine weeks later, Edward Snowden showed that the NSA was monitoring . . . EVERYTHING.

CLAPPER'S BIG LIE:

Sen. Ron L. Wyden (D-OR) asked Gen. Clapper: "Does the NSA collect any type of data at all on millions, or hundreds of millions, of Americans? Clapper flat out lied: "No, sir," rubbing his head. Sen. Wyden then asked, "It does not?" Still rubbing his head, knowing the NSA was engaged in high crimes and he was covering it up: "Not wittingly. There are cases where they could inadvertently, perhaps, collect, but not wittingly." Edward Snowden blew the whistle on Clapper nine weeks later on Jun. 06, 2013. Clapper was undoubtedly feeding salacious blackmail data to the DNC, Clintons and Podesta—an age-old spy tactic to compromise a target. See video evidence of Clapper's cover up and lie. See the official Senate transcript. Attorney General Eric H. Holder was obviously in on this, which is why it has taken three years for Clapper to go.

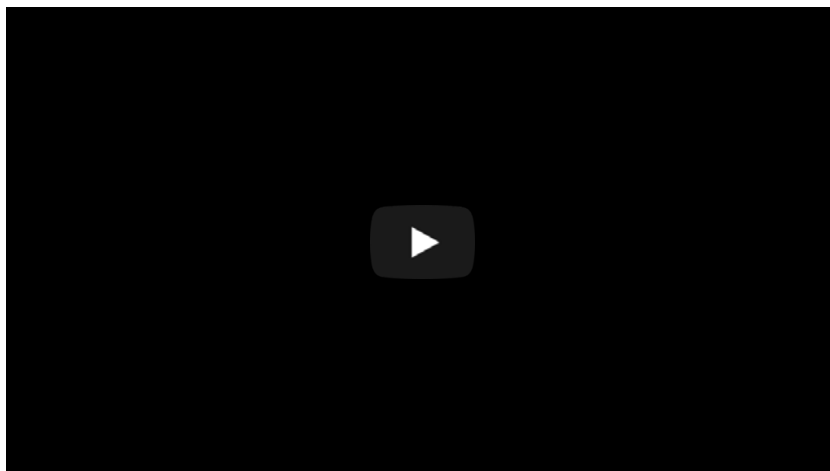

ORIGINAL POST

(NOV. 14, 2016)—AFI has quietly and methodically built a photo database of names and organizations involved with the theft of Columbus innovator Leader Technologies' social networking invention. We began building this database because we could see that these people were up to no good. They not only stole Leader Technologies' invention, but they were also hiding in the shadows of Fast & Furious, Obama's executive orders, the Facebook IPO, the suspension of monopoly checks and balances at the SEC, FEC, HHS, IRS and Commerce Departments, Benghazi, IRS targeting of the Tea Party, the Obamacare lies, spying on journalists Sharyl Attkisson and James Rosen, the persecution of FBI and NSA leakers, Hillary Clinton's private email server and cover-up, Ceglia v. Zuckerberg, Arunachalam v. JPMorgan, etc. etc. etc.

THESE CRIMINALS CAN BE GIVEN NO QUARTER

We hoped the day would come when the storm clouds surrounding this corruption would break so that the light of truth could shine through. The glimmer we see today will surely fade if we do not hold all these Bill, Hillary & Chelsea Clinton Foundation surrogates accountable for their crimes. They can be given no quarter.

It turns out that not even John Grisham would have dared suggest the scale of their vulgar abuses of power.

THANKS TO DONALD TRUMP FOR EXPOSING THE GLOBALIST TREASON

The candidacy of Donald Trump brought the globalist agenda into sharp focus and has smoked out the big dogs in this secret agenda.

Little did we know in 2012 that we had a front-row seat to the attempted takeover of the American Republic by the Establishment political parties and their globalist techno-bankers.

LESSON: WHEN UNSCRUPULOUS LAWYERS ARE ALLOWED TO SEIZE CONTROL OF A REPUBLICAN DEMOCRACY, LIBERTY DIES

STOP FACEBOOK PROPERTY THEFT

W LL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES
Inventor Protection Act
(Proposed)

America needs to practice what it preaches.

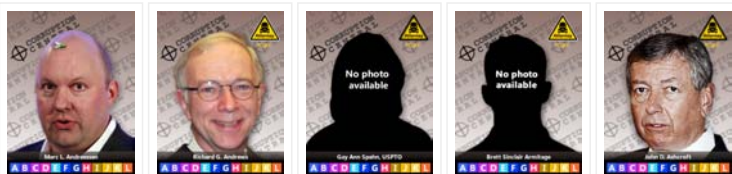

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

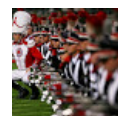

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. 3. [Two Policy Changes That Will Make America More Democratic \(and less contentious\), Dec. 21, 2012](#)

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#) Judge Lourie also failed to apply

his own law-test in Group One v. Hallmark Cards to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's Pfaff v. Wells Electronics, Inc. test for on-sale bar evidence, which included even the Federal Circuit's own Group One v. Hallmark Cards, Inc. test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook.](#) Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's

Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. [See analysis of Judge Rader's undisclosed conflicts of interest in *Leader v. Facebook*.](#) Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

LaMarche, a long-time progressive and close ally of billionaire funder George Soros, also expressed bewilderment of the election results, conceding they are "gathering in a haze of anger and grief and asking ourselves how it came to this." The group is filled with about 100 multi-millionaires and billionaires who are required to pony up at least \$200,000 each year to participate in the group. Between 2005 and 2014, the group is estimated to have given \$500 million to progressive and radical activist groups according to Politico. It's a proven fact that "trends" continue until they end. In the case of America being taken over by elite globalists, the trend of over 100 years has at least been sidetracked for four years. It took an uprising of "the dumb asses", the deplorables living in the hinterland to slow it down, and it took the offering of a Democratic candidate that very few people liked, very few people trusted, and very few people saw as a strong leader. All of the impossible came together last Tuesday to prove that our free Republic isn't dead after all.

Let's be clear. Evil exists in only one place.....the heart of the human. Volcanoes, earthquakes, tornadoes, and other natural disasters aren't evil. They are part of nature. A coyote killing and eating your pet cat isn't evil.....it's nature. Cancer isn't evil.....it's nature. Evil can only be conjured up by humans and in almost every case, it is against a fellow human or something loved by a human. Also, most evil committed by a human is

done so for the evil doers personal advancement. This certainly is the case of those that have banded together in these coalitions (see above) to restrict or confiscate the inventions, assets, or ideas of others for " the greater good". This is the heart of the progressive movement.....the means (whether it's moral or legal or not) is justified by the end result (whether it's evil or not).

I have seen the most interesting election ever in the last 18 months. More than half of America turned a blind eye to corruption, gang tactics, lying , and civic theft from the Clintons and still voted for Hillary. And the voters had thirty years to evaluate them ! All I can say is WOW. We remain in an age of uncommon sense, unmitigated dishonesty, unrivaled self interest, and deception . Now the leaders of these progressive coalitions , in desperation, are literally paying trained anarchists to disrupt numerous cities by rioting, destroying assets, beating up innocent people, and causing chaos. Young ignorant students are marching and more ignorant teachers are encouraging them. George Soros is paying for BUSLOADS of non locals to be transported to various cities to cause chaos. That's evil and it is blossoming in Soros's heart. Why would a billionaire hate America and its free market so much that he is using his final years of life to destroy it ? There is real evil in this man.

---BEGIN, TEX comment, Part 2---

There are two ways to be fooled: 1) believe something that is, in fact, false. Or 2) fail to believe something that is true. The progressives use both to sway the uninformed , non experienced youth. These kids are not evil (yet) because they have been fooled. But once they gain the truth and keep destroying things, they then have become evil. I pray they will calm down and begin their own positive development. The same is true of the teachers that have been fooled.

History has shown time and time again, that only a few men and women have had a chance to interrupt evil trends. In the past, they were ordinary folks with strong moral compasses. Many changed their hearts from evil to good. I can name at least 25 men and women that followed that path including a few of the Apostles. In my Church, we call them saints. In politics , our Founding fathers were disrupters, and were considered poison to the British society . Trump may well be that person of our generation that has the converted heart and is pragmatic enough to complete the daunting task of healing. I hope so. It is a paradox of history that each and every generation of our most powerful nations have been converted by the person that contradicts it the most. When it didn't happen, evil set in and they collapsed. Trump is an invasion , not a person. He is not a healer yet but has the potential to soften our great divide through fair policies. Fairness is not "safe spaces and trophies for all". Fairness is equal opportunity to compete, win or lose. It all begins with truth.

One last comment. I try to use imagery to help me get past skin color, personal appearances, accents, religions, gender, or other little things that cause prejudices. When in a crowd, I imagine each person as just a soul. Look past the outside and look inside. In 99% of the folks, good is the main ingredient. They have fears and hopes. Evil has little room to grow. When those good things are dashed, evil forms. When it does, it must be dealt with. Each of us can help or hurt others with our actions. Choose wisely because each choice truly makes a difference.

Have a great day, TEX

Hugh Bronstein. (Nov. 14, 2016). Snowden warns of increase in U.S. domestic spying after Trump victory. Reuters.

Donald Trump's election as U.S. president raises concern that Washington may increase the intrusiveness of domestic intelligence gathering, former U.S. spy agency contractor Edward Snowden said on Monday, warning that democratic checks and balances were losing ground to authoritarianism.

Snowden lives in Moscow under an asylum deal after he leaked classified information in 2013 that triggered an international furor over the reach of U.S. spy operations. He spoke at a teleconference hosted by Buenos Aires University's law school.

"We are starting to substitute open government for sheer authoritarianism, a government based not upon the principle of informed consent granted by people who understand its activities but rather a trust in personalities, a trust in claims, a trust in the hope that they will do the right thing," Snowden said.

Julian Assange cautioned all of us a while back, in the vein of revelations similar to those provided by Edward Snowden, that Google – the insidious search engine with a reputation for powering humanity's research – plays the dark hand role in furthering U.S. imperialism and foreign policy agendas.

Now, as the Wikileaks founder faces days of questioning by a Swedish special prosecutor over rape allegations inside his Ecuadorian Embassy haven in London today – and particularly in wake of the presidential election – Assange's warning Google "is not what it seems" must be revisited.

Under intense scrutiny by the U.S. State Department for several controversial Wikileaks' publications of leaked documents in 2011, Assange first met Google Executive Chairman, then-CEO, Eric Schmidt, who approached the political refugee under the premise of a new book. Schmidt, whose worth Forbes estimates exceeds \$11 billion, partnered with Council on Foreign Relations and State Department veteran, Jared Cohen, for the work, tentatively titled The Empire of the Mind – and asked Assange for an interview.

Clifford Cunningham. (Nov. 16, 2016) . Soros, liberal billionaires meet in DC to plan war on Trump. InfoWars.

George Soros and other far-left billionaires began a three-day conference with Democratic Party activists and leaders to plan a war against President-elect Donald Trump.

Soros, along with the other far-left billionaires who make up the "Democracy Alliance" (DA), are meeting for a three-day investors conference at the Mandarin Oriental Hotel in Washington, DC. "This is our first time to gather and talk since the cataclysm of Election Day," the conference agenda notes.

DA President Greg LaMarche, formerly Vice President and Director of U.S. Programs for the Soros-founded Open Society Foundation, held a panel discussion with "four of the most thoughtful leaders of the Progressive community" on Sunday, the first day of the conference.

...

The "Democracy Alliance" has a well-documented history of funding far-left causes, having funneled over \$500 million to left-leaning groups since its founding in 2005.

One of the DA's favorite causes is stoking racial division. In November 2015, members of Black Lives Matter met with the Democracy Alliance to discuss funding for the organization.

Lisa Haven. (Nov. 16, 2016). While in Greece Obama Uttered His 'Last' Words, Words That'll Disgrace His Face Forever... Before It's News.

Obama has done everything in his power to get Hillary Clinton into the white house seat, however, his attempts failed starkly due to the fact that his policies have done nothing but completely flip America upside down and lead us down a path resulting in massive amounts of debt. In his last plays for New World Order globalism, Barack Obama seized every opportunity he got to attack nationalism and patriotic views, particularly those of his rival Donald Trump. In both his final United Nations address and his recent joint address in Athens, Greece, he made it clear that the enemy of the globalists are "patriots." But don't take my word for it....

"We are going to have to guard against a rise in a crude sort of nationalism, or ethnic identity or tribalism that is built around an us and a them, and I will never apologize for saying that the future of humanity and the future of the world is going to be defined by what we have in common, as opposed to those things that separate us and ultimately lead us into conflict." Barack Obama in Athens, Greece

"And we can only realize the promise of this institution's founding – to replace the ravages of war with cooperation – if powerful nations like my own accept constraints. Sometimes I'm criticized in my own country for professing a belief in international norms and multilateral institutions. But I am convinced that in the long run, giving up some freedom of action – not giving up our ability to protect ourselves or pursue our core interests, but binding ourselves to international rules over the long term – enhances our security." Barack Obama, UN Generally Assembly Speech, September 20, 2016

Subject: We're not backing down

If you're anything like me, you're still sorting through the events of the past week and a half. It's hard -- there's no way to sugarcoat that. Vulnerable communities are feeling like this country has turned its back on them. And years of hard work are on the chopping block, seemingly overnight.

Maybe you're feeling disillusioned, cynical, or frustrated. But now is not the time to walk away -- now is the time to get in the ring and fight harder than we ever have before.

Everyone knows what's at stake.

If you've been an active part of this movement, we need you to double down. If you're just joining us or want a constructive way to start organizing in your community, now is the time to roll up your sleeves and get involved. Don't ever think that you can't make a difference.

We need you.

Your voice, your compassion, and your actions have never been more important than they are today, right now. OFA leaders, volunteers, trainers, supporters, and staff are here, and we're not going anywhere.

Progress is never easy. But we've never been here for the easy fights.

Let's get to work.

Never been more fired up. Still ready to go,

Jeremy

Apparently Obama and the Clinton team are describing this massive loss of the Senate, the House, the Supreme Court, and the Presidency as "not our fault". The claim is that "fake news" cost them the election. It certainly could not have been the direction that Obama took our country, or the 30 year history of the Clinton's lying/ corruption/ immorality. Seems that a few stories circulating that made wild claims about Hillary went beyond funny. They truly were crass and misleading. Sadly, there were more lies about Trump than Clinton.

If Obama wants to finally make truth an issue, let's start in the classroom. Our kids are vulnerable and they are being taught to be cupcakes/wimps. Life is tough. Being successful takes hard work and time. Then let's clean up the cable and mainstream media news outlets. They have proven that they corrupt the truth. Any newscaster that lies in purpose should be fired. And how about the messaging from Josh Ernest, Obamas press secretary, and NOAA about global warming. Then let's stop the politically correct definitions being forced into our conversations and the nonsense about the normalcy of same sex interactions. Let's stop the corruption of economic statistics and "you can keep your doctor". Our country has become big festering lie.

I am glad Obama is bringing up the damage that social media is doing to our ability to get along. But he is missing the reason....it's the entire corrupt system set up in the liberal system. Distort and deceive to achieve a desired outcome is their base platform. When it works against them, they are aghast. It took conservatives a while to figure it out but we did. You hit us, we will hit you back.

Elections have outcomes that the losers don't like. When we lost twice to Obama and his agenda, we didn't leave our classrooms or burn down cities. We did our best to survive. Perhaps the losers should reevaluate their actions and their reasons to march against America. Give our new administration a chance. It will be a better America for everyone except the Clintons.

Have a great day, TEX

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

She's only actually held her teaching position at the private college in North Andover, Mass., for 15 months.

Multiple sources within the FBI and NYPD have confirmed Hillary Clinton's involvement in a massive pedophile ring in Washington DC.

According to experts on Reddit, insiders have recently confirmed rumors that a child sex scandal involving the Clinton's and their cronies are true and about to become public knowledge.

Reddit.com reports:

It seems that things are about to heat up. We are told that of the 662,871 emails lifted from Anthony Weiner's computer, 11,112 emails are Huma Abedin's... and pay to play - including Saudis and Israelis. Meaning Huma was the one Hillary used to communicate with foreign leaders via email for inside information and deals via Huma's computer.

WHAT IS THE NSA PROTECTING BESIDES THEIR PUBLIC-PRIVATE CRONY POWERS?

Ryan Gallagher, Henrik Moltke. (Nov. 16, 2016). Titanpointe - The NSA's Spy Hub in New York, Hidden in Plain Sight. The Intercept.

THEY CALLED IT Project X. It was an unusually audacious, highly sensitive assignment: to build a massive skyscraper, capable of withstanding an atomic blast, in the middle of New York City. It would have no windows, 29 floors with three basement levels, and enough food to last 1,500 people two weeks in the event of a catastrophe.

But the building's primary purpose would not be to protect humans from toxic radiation amid nuclear war. Rather, the fortified skyscraper would safeguard powerful computers, cables, and switchboards. It would house one of the most important telecommunications hubs in the United States — the world's largest center for processing long-distance phone calls, operated by the New York Telephone Company, a subsidiary of AT&T.

The building was designed by the architectural firm John Carl Warnecke & Associates, whose grand vision was to create a communication nerve center like a "20th century fortress, with spears and arrows replaced by protons and neutrons laying quiet siege to an army of machines within."

Yesterday our VP elect, Mike Pence, decided to have a pleasant night out . He had a nice meal and ventured to the Broadway play, Hamilton. After the performance , one of the lead actors stood on stage and battered the new administration for being homophobic, racist, and other standard liberal words. Pence stood like a man, took his trashing, listened to the boos, and walked out of the theater.

The coward that accosted this classy man showed that he is truly a piece of s**t . He knew that Pence couldn't respond, that the audience and cast were primarily elite liberals, and that he could be famous by his rude actions. What a jack rabbit.

Here's how we deal with this.....do not go to these places. Stop buying the tickets. Now granted, if a conservative had done this to Hillary, the town would be burned down. That's what they do. Perhaps we should get tougher. I personally would like to slap that coward and have him roll up into a fetal position, seek a safe place. But that's only me.

Enjoy a quiet time at home. And Happy Thanksgiving, although the Pilgrims were mean to Native Americans.

A number of health clinics, hospitals and a university have joined the state of North Dakota in a lawsuit against a new federal regulation that demands that doctors - all of the estimated 900,000 in America - be ready, willing and able to perform gender-transition procedures on children.

That's even if the physician believes such treatment could harm the child.

The federal regulation, announced earlier this year, is the target of a lawsuit filed by the clients of the Becket Fund.

"No doctor should be forced to perform a procedure that he or she believes will harm a child," said Lori Windham, a senior counsel for the group. "Decisions on a child's medical treatment should be between families and their doctors, not dictated by politicians and government bureaucrats."

The lawsuit is on behalf of the Religious Sisters of Mercy, Sacred Heart Mercy Health Care Center in Jackson, Minnesota; Sacred Heart Mercy Health Care Center in Alma, Mississippi; SMP Health System; the University of Mary; and North Dakota.

Glad to see Mayor Rahm Emmanuel , Chicago, stand his ground about "sanctuary cities". He stated loudly that Chicago will not apply Federal laws if they don't want to.....he dares Trump to enforce it. Well , ok then.

He certainly has quite an accomplished track record.....they have more poverty, more gang bangers, more murders, higher taxes, fewer jobs, more illegitimate babies born, more drug trafficking , higher dissatisfaction ratings, the worst airport, more dissatisfied police and firefighters, and the most criminal political history of any major city in history. They just reached an unenviable 700 murders in the Windy City thus far in 2016. He is quite the leader. The man was once a ballerina .

Hello Chicago. Are you there? Get serious and run this guy off. You can't be this stupid. His policies are literally killing you.

Paul Joseph Watson. (Nov. 14, 2016). REPORT: THREE MILLION VOTES IN PRESIDENTIAL ELECTION CAST BY ILLEGAL ALIENS - Trump may have won popular vote. InfoWars.

Three million votes in the U.S. presidential election were cast by illegal aliens, according to Greg Phillips of the VoteFraud.org organization.

If true, this would mean that Donald Trump still won the contest despite widespread vote fraud and almost certainly won the popular vote.

"We have verified more than three million votes cast by non-citizens," tweeted Phillips after reporting that the group had completed an analysis of a database of 180 million voter registrations.

"Number of non-citizen votes exceeds 3 million. Consulting legal team," he added.

According to current indications, Hillary Clinton won the popular vote by around 630,000 votes, although around 7 million ballots remain uncounted.

Virtually all of the votes cast by 3 million illegal immigrants are likely to have been for Hillary Clinton, meaning Trump might have won the popular vote when this number is taken into account.

Let's say that the person we love the most has had a very serious accident . The doctor on staff at the ER says that your loved one has a cranial issue which must be addressed by experts quickly or the outcome will be bad. He says that only a doctor versed in one special procedure can fix the problem.

Now let's say that we are liberal and we want a team of surgeons that is diverse...in other words, just as many women as men . Just as many whites as blacks plus a Hispanic and an Eastern European regardless of resume . Throw in a gay man, a one eyed midget, and Michael Moore or Mark Cuban (the moron category) . But the best doctors are all whites with blonde hair , we are told. Only they can save your loved one's life. Would it make sense to insist on diversity despite lack of knowledge or experience when a life is on the line? You betcha almost .

Today Donald Trump is picking his "doctors to heal America.". Yes, many are white men. In my mind, I don't care about gender or color. All I care about is picking the right surgeon to fix my beloved America. This diversity crap got DJT elected last week. Stop it MSNBC. It doesn't matter. Give the guy a chance to fix what ails us. Pick the very best human possible to tackle these challenges. Forget the other things. They don't matter. And oh, MSNBCLBGQT whatever, you don't matter either. Diversify your self into oblivion.

I am so confused. Barack Hussein Obama received the Nobel Peace Prize for what? The world is less peaceful because of him. Should he give the trophy back? BHO is releasing thousands of US prisoners through pardons at the same time that four police officers are ambushed . Not one word from the White House about the 140 slain officers across our country this year. Not one caution to the language of Black Lives Matter nor the vitriol of the mayors of sanctuary cities. What he doesn't say is loud and clear.

BHO has given a stand down order to Border Patrol at our southern border while more than 1500 unvetted , unknown invaders enter our country every day. His main campaign promise in 2008 and 2012 was to release deranged Islamic savages from GITMO regardless of their intentions to wipe out the western modern world. So what he does say in this regard is loud and clear.

I believe the man has actually cemented his legacy. It's not a legacy I would want but it will be clear. Trump was a result of BHO's intense dislike of our country as much as an antidote to the cancerous Clintons. Under no other scenario can I imagine Donald as our President.

And how about the folks yesterday that got the Medals of Freedom from BHO? Where were the NASCAR drivers, military leaders, the country/western singers, police officers, firefighters, border patrol officers, the brain surgeons? He picked black basketball players, celebrities, and gay TV hosts? What freedom did they create? It was political not fair and balanced.

So I am confused. Why do we have all of this talk about the Obama legacy ? It is crystal clear to me. He is a hater not a lover. And we will see it for years to come.

Have a great day, TEX

MORE "SOCIAL" CENSORSHIP OF RESEARCH INTO THE CLINTON FOUNDATION CORRUPTION:

Zero Hedge. (Nov. 24, 2016). REDDIT BANS "PIZZAGATE" - "WE DON'T WANT WITCHHUNTS ON OUR SITE" - The "Pizzagate" subreddit was started by a group of Trump-supporting internet sleuths. InfoWars/ZeroHedge.

As of earlier today, the subreddit, r/Pizzagate, was officially banned by Reddit which posted the following notice to their site:

"This community has been banned - This subreddit was banned due to a violation of our content policy. Specifically, the proliferation of personal and confidential information. We don't want witchhunts on our site."

For those not familiar with the movement, the "Pizzagate" subreddit was started by a

group of Trump-supporting internet sleuths who were attempting to use WikiLeaks' leaked Podesta emails to connect the Clintons and John Podesta to the convicted sex offender, Jeffrey Epstein. That said, when the Podesta emails failed to reveal a "smoking gun" linkage, the sleuths instead turned their focus to multiple "pizza" references in Podesta's emails which then led to the speculation that those "pizza" references must be code for something far more sinister.

Abramoff, a top lobbyist for two legal firms closely linked to Theodore Greenberg and the Clintons, was trying to persuade Mahathir to support a Kerry presidency.Kerry was linked to several persons from those firms and the Clintons as well. Currently the 68th US Secretary of State under the Obama administration, Kerry is said to have been positioned by both Soros and Obama within the State Department to prepare for what was once believed to be Hillary's eventual ascend to presidency.

A thoroughbred Khazarian, Kerry's father was wed to Rosemary Forbes, the beneficiary of the Forbes family trusts, which amassed a huge fortune in Chinese oil trade.Both Soros and the Clintons wanted to tap into the nexus of associations that existed between Kerry's family trusts and the Chinese oil barons, as did Mahathir and Blair.It dawned upon the former premier that Kerry would be a better choice than Bush to lead the US.

Days before handing over the reins of government to Abdullah Ahmad Badawi, Mahathir sent a very personal message to Soros, one that was shrouded in secrecy and not known to anyone, not even to the former premier's most trusted aides, Daim Zainuddin and Matthias Chang.In that message, the former premier informed Soros that he would support a Kerry administration over the Bush administration in the greater interest of stability within the region.

John Key keeps lid on hidden billions

Within days of the release of the Panama Papers in April, the major players behind New Zealand's embattled foreign trust sector began a lobbying campaign that has helped to minimise changes that would identify their secret clients.

These clients, who reportedly hold tens of billions of dollars in New Zealand foreign trusts, are the victims in this story, terrified by the threats of kidnappers - or so industry figures claim. It's the reverse of the picture painted by the 11.5 million documents that comprise the Panama Papers

STOP TWO-TIERED 'JUSTICE' IN AMERICA !!!!

Mallory Shelbourne. (Dec. 04, 2016). Snowden: Petraeus disclosed more 'highly classified' information than I did. The Hill.

Edward Snowden, the former National Security Agency contractor who shared classified information about the U.S. government's surveillance programs with journalists, criticized the U.S. justice system Sunday for how it treats "well-connected" individuals.

Snowden cited the case of retired Gen. David Petraeus, who is being considered by President-elect Donald Trump for the position of secretary of State, as a prime example.

"We have a two-tiered system of justice in the United States, where people who are either well-connected to government or they have access to an incredible amount of resources get very light punishments," said Snowden in an exclusive interview with Yahoo News published Sunday.

"Perhaps the best-known case in recent history here is Gen. Petraeus — who shared information that was far more highly classified than I ever did with journalists," he said.

My decision to retire from "ranting in writing " on this blog will pause for a moment because I have to comment on the New Democratic Party. It's great to see new , young, vibrant facesthey obviously heard what the electorate had to say and are responding accordingly.

Here's the new line up :

- Nancy Pelosi was re-elected to lead the House minority despite losing over 60 seats since Barack Obama was elected in 2008. She stated eloquently that Americans do not want a new political or economic direction. Very insightful !!! Her last facelift might have nipped the left lobe of her brain. She is 76 years old.
- Bernie Sanders, a socialist who is not a Democrat, is the head of the vocal far left which is now the middle of party thought. The man is a radical hater of our capitalistic, religious, family oriented way of life. His wife just bankrupt a small college in Vermont as its president. She gave everyone everything including a trophy and a worthless diploma. Bernie is 75 years old.
- Elizabeth Warren, aka Hiawatha, is an activist lawyer who once claimed to be a Native American Indian . Her acceptance into law school was based on her minority status. When confronted about this lie, she said her grand mother had an Indian nose. She won the Senate seat in Massachusetts .The woman is a cold blooded fraud . She is a shrill 67 years old.
- Big Al Gore is a pompous ass. Who cares how old he is.
- Joe Biden announced that he will run against Kanye West , who previously announced his candidacy , in the next DEM primary. Somehow Uncle Joe has forgotten his log trail of plagiarisms, flagrant lies, stupid guffaws, and open mike trash talking. Granted Kanye is undergoing a mental breakdown, but the rapper still remains the candidate of choice for the liberal millennial. Biden is 74 years old.
- Michael Bloomberg , like Bernie, is not a Democrat but will run as one. He's a registered Republican and hates Trump. He will throw his elevator shoes in the ring in 2020. He is 74 years old and might cry when Trump calls him a name.
- Howard Schultz is a left leaning businessman that smells like coffee. Because he is the inventor of extreme caffeine , he is a perfect candidate for the college kid looking for a safe place with latte' . The importance of an inhibitory neurotransmitter (Adenosine) in an elitist socialist America can not be over stated. Ironically, his candidacy will cause the GOP to point out that coffee is often roasted with wheat, soy, brown sugar, plant husks and twigs. Schultz is 63 but will age quickly when he goes under the political microscope. I doubt that he ever talked about girls at the gym.
- here's the list of young Democratic Party up and comers.....oops. Still looking. I got nothing.....

Hope all of you have a wonderfully deplorable Christmas. Remember why the base word is "Christ".

Have a great day, TEX Merry Christmas

Listen up astroturf predator spammers on this blog, the reason that Chandler, Podesta, or any other person (Zuckerberg included) hasn't responded to any of these blog postings, is that they have something to hide.

Where I come from, you call out my integrity, I fire back!! Or at least file a Cease and Desist order in court. None of that has happened, because the guilty stay out of the fight to spare the embarrassment of revealing their true natures.

And believe it when I say that THEY are watching. THEY are listening. My wife and I have personally been censored and/or blocked from sharing information over the internet numerous times. Why? Because we speak the unvarnished truth.

And speaking of true nature, you seem to have shown your cards too soon in this 'poker game' by insulting contributors to this blog and this blog's investigators, not to mention the obviously false claims you make to ownership in Leader Technologies. It makes you look more like a Facebook troll than a disgruntled investor.

If indeed you are a true investor, I'd rather think you'd spend your time more wisely by offering advice, constructive criticism, or even your talents to the cause, instead of belittling it. And why insult people on here, if you are truly on the same team? You are always free to leave the building and seek greener pastures.

Dave contributes, because he believes. He was there in the beginning, the very beginning. This is factual evidence that you are NOT privy to.

Tex offers his insightful knowledge, gained from a lifetime of successes and failures (as we all hope to do). He tells it like he sees it; I'm inclined to agree, because I'm one of those 'right-wing codgers' who loves his country, and has served this country, whether you like it or not!

This blog is defending McKibben, Dr. A. Dr. Van de Meer and others against this globalist theft of inventions to feed their unbounded greed. If you were a real Leader investor, you'd appreciate that. Instead you just sneer, ridicule and make funny faces. No, you're a Saul Alinsky disciple, that is obvious. Alinsky didn't produce anything in his evil career. Instead, he taught people like the Clintons and Obama (and you) to steal from the creative class of this country. I am sure the AFI contributing writers could care less that you find the layout of his website out of date, or that it is lacking flair! They have more on their plates than your fascination with shiny things.

My grandpa was a wise man; he gave me advice many years ago. He said to me that all a man does, all a man will ever do, or anything a man will ever say is for naught, if that man cannot humble himself to the reality that the world does not revolve around him and his personal ideology. There is a God. And you are not Him!

The European Union is demanding that Twitter, YouTube and Facebook censor "illegal hate speech" within 24 hours, content that includes so-called "fake news," a term so broad that it includes perfectly legitimate news content.

Complaining that censorship is currently taking too long, EU commissioners are threatening to pass new laws if the "non-legislative approach" fails.

"The last weeks and months have shown that social media companies need to live up to their important role and take up their share of responsibility when it comes to phenomena like online radicalisation, illegal hate speech or fake news," EU Justice Commissioner Vera Jourová told The Financial Times.

The fact that the EU is characterizing "fake news" in the same context as jihadist propaganda is chilling. Former UKIP leader Diane James previously told Breitbart that the EU's definition of hate speech, "Is so vague that it is the thin end of the wedge not just to curb hate speech but free speech as well," adding that the issue should be decided by parliaments, not by the unelected EU Commission.

HOLY S**T

Chuck Ross. (Dec. 07, 2016). EXCLUSIVE: DNC Official Shared Political Intel With Turkish Government Officials, Paid For Pro-Turkey Op-Ed. WikiLeaks / The Daily Caller.

A Turkish-American businessman who is head of the Democratic National Committee's Heritage Council claimed to have paid a former GOP congressman to write a pro-Turkey op-ed last year and also provided secret updates on his own political activities to members of Turkish president Recep Tayyip Erdogan's inner circle, newly released emails reveal.

The businessman, Murat Guzel, was also interviewed by the FBI earlier this year along with several Turkish nationals linked to its government, other emails indicate.

The bombshell revelations come from the hacked email account of Berat Albayrak, Turkey's energy minister and Erdogan's son-in-law. The emails, which number more than 57,000, were originally released by a hacker collective called RedHack, but they received little attention in the American press until they were published on Monday by WikiLeaks.

The documents, almost all of which are in Turkish, shed light into many secret activities between Erdogan's government and U.S.-based operatives working to further Turkey's agenda.

Guzel, who owns Nimeks, an organic juice company based in Pennsylvania, has perhaps the biggest political footprint of any of the operatives identified in the emails.

He has contributed nearly \$300,000 to committees that supported Hillary Clinton for president, and his Facebook page is replete with photos he has taken with the former secretary of state and other top Democrats.

He's given hundreds of thousands of dollars more to various Democratic politicians, and has visited the White House on several occasions. One of Guzel's Facebook photographs shows him sitting in on a meeting with President Obama.

And writing under his title as chairman of the DNC's heritage council and as an officer with the National Democratic Ethnic Coordinating Council, Guzel endorsed Clinton in an op-ed published in The Hill on Nov. 2.

The Third Force

In 1969, world renowned billionaire George Soros founded the Double Eagle Fund, a limited partnership of high risk takers who were known to hedge their positions with ridiculously priced futures contracts. If that seems a mouthful to you, then look at it this way - Soros started a partnership wherein which he convinced traders to purchase stock he didn't already own at a later date through pricing agreements that didn't make sense. He was able to do that as he had a 'track record' for being able to predict futures prices accurately.

But the remarkable accuracy with which Soros priced the futures contracts wasn't by virtue of foresight. He simply had friends high up in media who would trigger panic selling at the right moment by rolling out gloomy market forecasts that weren't reflective of circumstances. With these manoeuvres, Red Eagle quickly went on to establish benchmarks in the hedge fund industry, some of which have remained unparalleled to this day.

PANAMA PAPERS EXPOSE FINANCIAL RATS WORLDWIDE - NOW FULLY EXPOSE THE GLOBAL CLINTON FOUNDATION CARTEL BEHIND FACEBOOK (for starters), THE "FAKE NEWS" CENSORSHIP SCAM, AND THE DEEP SPY STATE FUNDED BY GLOBALISTS

Will Fitzgibbon, Emilia Díaz-Struck. (Dec. 1, 2016). Panama Papers Have Had Historic Global Effects – and the Impacts Keep Coming. ICIJ.

The investigation has produced an almost daily drumbeat of regulatory moves, follow-up stories and calls by politicians and activists for more action to combat offshore financial secrecy

In this story:

-At least 150 inquiries, audits or investigations into Panama Papers revelations have been announced in 79 countries around the world

-An estimated \$135 billion was wiped off the value of nearly 400 companies after the Panama Papers

-Governments are investigating more than 6,500 taxpayers and companies, and have recouped at least \$110 million so far in unpaid taxes or asset seizures

-Nine Mossack Fonseca offices have shuttered around the world, and the law firm has been fined close to half a million dollars

On April 7, 14 large blue letters quietly disappeared from the outer walls of an office building in an exclusive neighborhood in northern San Salvador.

One by one, the letters came down from the blue and beige stucco walls, leaving behind faint traces of the name of the law firm that had been working there just days before:

M-O-S-S-A-C-K-F-O-N-S-E-C-A.

Employees of the El Salvador branch of Mossack Fonseca, the Panama-headquartered law firm whose leaked files have formed the basis of thousands of news reports exposing the secrets of the offshore financial industry, claimed it was a scheduled relocation.

Salvadoran authorities suspected something else was going on.

Just the day before, they had announced an investigation into citizens who had done business with the law firm. They worried that evidence might be destroyed. So the afternoon after the signage vanished, policemen – some hooded in black balaclavas, wearing soccer jerseys and with handguns holstered at their waists – swept through Mossack Fonseca's workplace.

Salvadoran police and the country's General Prosecutor seized 20 computers. Authorities live-tweeted the action as officers invaded the law office.

The raid of Mossack Fonseca's El Salvador office was one of hundreds of official reactions to Panama Papers – a mix of investigations, fines, high-profile resignations, police raids, arrests, national legal reforms and international conclaves.

Government officials and activists expect the developments to continue for years to come as outrage fueled by Panama Papers revelations drives politicians and citizens alike to bring light to a shadowy financial system that, for decades, has resisted reform.

Paul Joseph Watson. (Dec. 07, 2016). THE ULTIMATE "FAKE NEWS" LIST. Infowars.

The mainstream media is the primary source of the most harmful, most inaccurate news ever

Isn't it ironic how the mainstream media has the nerve to lecture everyone else about "fake news" when they are the primary source of fake news on a consistent basis stretching back years?

Fake news stories and fake narratives put out by the mainstream media have resulted in deaths, destruction and people's lives being ruined.

RELATED: PETITION: DEFEND INDEPENDENT MEDIA FROM 'FAKE NEWS' ATTACKS

<http://www.infowars.com/petition/>

The most harmful fake news is routinely published by the mainstream media. They are the main progenitors of fake news.

- The fake news that Saddam Hussein had weapons of mass destruction and that Iraq was involved in 9/11, dutifully regurgitated without question by the mainstream media, resulted in hundreds of thousands of dead Iraqis, thousands of dead and injured U.S. troops, and the destabilization of an entire continent.

- The fake news that the rebels in Syria were "moderates" who did not have jihadist sympathies and should be supported led to the destruction of Syria, Libya and the rise of ISIS.

- The fake news that George Zimmerman was obsessed with Trayvon Martin's race before the altercation that led to Martin's death was accomplished by means of NBC deceptively editing an audio tape. This incident stoked racial tensions across the country and laid the groundwork for the violent 'Black Lives Matter' movement that was to follow.

- The fake news that produced the "hands up, don't shoot" narrative, which was proven to be completely fraudulent, led to riots, violent attacks and looting in Ferguson, Missouri, as well as numerous other U.S. cities. Even after the rioting began, the mainstream media continued to legitimize the unrest. Fake news outlets continued to parrot the "hands up, don't shoot" narrative even after it was proven false.

STEALING THE VOTE

Staff. (Dec. 08, 2016). RECOUNT UNCOVERS SERIOUS FRAUD IN DETROIT - Votes in Democrat stronghold may have been counted up to 6 times. WND.

There's something fishy going on in Michigan, where a full one-third of precincts in Wayne County - which includes Detroit - were unable to have ballots counted - due to discrepancies with ballot counts.

And one person reports single ballots being counted as many as six times.

On Wednesday, a federal judge halted Michigan's recount after two days of ballot counting, saying there's not a legitimate reason to continue. After all, Green Party candidate Jill Stein, who asked for the recount - suggesting the possibility of vote fraud and stating, "We must have a system we can be confident in" - never even had a chance of winning with just 1 percent of the vote.

But the judge's decision came just after news reports began surfacing of possible vote fraud.

The worst of the problems were in Wayne County, Michigan's largest county, where 66 percent of voters cast their ballots for Hillary Clinton and just 29 percent for Donald Trump.

There was such a problem, the Detroit News reported, "[O]fficials couldn't reconcile vote totals for 610 of 1,680 precincts during a countywide canvass of vote results late last month."

BRIAN WILLIAMS CALLS FACTUAL JOURNALISTS "FAKE" IN HIS DISCREDITED, PRO-GLOBALIST REALITY

Matthew Boyle. (Dec. 08, 2016). Fake Newsman Brian Williams Slams Fake News. Breitbart.

Fake journalist Brian Williams, who was suspended from the NBC Nightly News anchor slot for reporting fake news and lost the job altogether – and is now relegated to an MSNBC position – slammed fake news on MSNBC on Thursday.

"Fake news played a role in this election and continues to find a wide audience," Williams said, before attacking retired Army Lt. Gen. Mike Flynn—President-elect Donald Trump's National Security Adviser—and Breitbart News Network.

It's curious that Williams is becoming the face of the legacy and establishment media charge against "fake news," the matter that such media luminaries are rallying around to blame their widely inaccurate reporting of the 2016 presidential election. Williams lost his slot as anchor of the NBC Nightly News after he made up scores of accounts, passing off completely fabricated stories as journalism.

Let's see. Me thinks Hillary and Bill believe American citizens have the memory of ants.

A SHORT LIST OF HILLARY'S FAKED STORIES:

- Benghazi murders sparked by a video.
- She landed under sniper fire in Bosnia.
- Gennifer Flowers lied (not).
- Travelgate never happened.
- Cattle futures netted her 100x her money without inside knowledge.
- Vince Foster committed "suicide" and his documents disappeared.
- Rose Law Firm was ethical.
- Castle Grande was an innocent real estate deal.
- Uranium One was not pay for play.
- Bill and Hillary did not have their Arkansas bodyguards all killed as they moved to the White House in 1993.
- The Clinton Foundation does not launder money.
- The Clinton Foundation did not kill 10,000 Hatian children.
- 500,000 dead Iraqi children was 'worth it'
- Whitewater was a simple misunderstanding.
- Clintons were not smuggling drugs from Mena, AK
- Clintons were not laundering \$100m per month in AK
- Hillary turned over ALL work-related emails to Congress.
- What difference does it make?
- Bill & Hillary did not use Epstein's Lolita Express to engage in pedophilia.
- Never sent classified information from private email server.
- Hillary did not have emails destroyed.

- 65,000 destroyed emails were all personal about Chelsea's wedding and yoga.
- Against TPP before being for it.
- The Russians hacked Hillary's emails.
- Yada, yada, yada.

But now, Hillary accuses her opposition of defeating her with "FAKE NEWS" !!

This is so Saul Alinsky's 12 Rules for Radicals (Hillary's and Obama's mentor): Accuse your opponent of your weaknesses.

On Thursday, Hillary Clinton unexpectedly called for action against the "epidemic of fake news that spread across the world".

She made a rare public appearance on Thursday to address the Pizzagate tragedy that unfolded over the weekend because of fake news.

A man opened fire in a DC pizzeria after reading a terrifying yet false story online. It claimed that the restaurant's holding children as part of a sex slavery ring . . . run by Clinton. Fortunately, nobody was hurt in the shooting. Hillary Clinton, whose 2016 presidential campaign was often accused of generating fake news, called to immediate action in her speech.

In mid-April, the special committee recommended that Facebook’s board approve the new system, and according to the court documents Andreessen texted Zuckerberg: “The cat’s in the bag and the bag’s in the river.”

Zuckerberg replied: “does that mean the cat’s dead?”

Andreessen answered: “mission accomplished”, adding a smiley face. The board approved the plan, as did shareholders, with Zuckerberg the controlling voter among them.

According to the proposal as it was described in a regulatory filing, Zuckerberg would be able to take a two-year leave from Facebook to serve “in a government position or office” without losing control of the company.

Soros’ media platforms are FAKE SOCIAL founded on stolen inventions by real entrepreneurs

On Dec. 05, 2016, Malaysia Today did a better job than the MSM exposing George Soros’ criminal manipulation of global currencies. Globalist Soros uses these funds to dismantle nation states and install corporate world government. As a part of this agenda, the EU moved a few days ago to censor alleged “fake news” that is actually true news exposing the Soros-Clinton-Obama agenda. Google, Facebook, Yahoo, Instagram and YouTube are all cooperating and have started to block true news sites so that the MSM can control their false “narratives.”

There's been a lot of hot air blown across headlines this week about the big cybersecurity plan proposed by the White House's Commission on Enhancing National Cybersecurity (PDF).

The plan for a commission to create long-term recommendations on beefing up America's cybersecurity was first hatched in April. It's a roadmap that should've been plotted many years ago, and is now being regifted to the next administration. Which may or may not use it for toilet paper.

The report, which identified six key issues for improving the cybersecurity of the US as a whole, is meaningless without the buy-in of the next administration. "The commission considers this report a direct memo to the next president," it states. "It is critical that the next president and his administration and Congress begin immediately to tackle each one of the issues raised."

This past week, WikiLeaks released SMS messages proving that the organization's, founder Julian Assange, was framed by Swedish police for a crime he did not commit.

For over four years, Julian Assange, the Founder and Editor-in-Chief of WikiLeaks, has been "arbitrarily detained" in the Ecuadorian Embassy in London since the summer of 2012. Assange has been unable to leave the embassy for nearly 1,500 days, as the UK government has promised that he would be immediately arrested and extradited to Sweden upon leaving the premises. Sweden has accused Assange of raping two women, but has never charged him with a crime and the case has been at the "preliminary investigation" stage for six years. Alleged CIA claims about Russian hacking of U.S. elections to help Donald Trump are unverified WaPo fabrication

Glenn Greenwald. (Dec. 10, 2016). Anonymous Leaks to the WashPost About the CIA's Russia Beliefs Are No Substitute for Evidence. The Intercept.

THE WASHINGTON POST late Friday night published an explosive story that, in many ways, is classic American journalism of the worst sort: The key claims are based exclusively on the unverified assertions of anonymous officials, who in turn are disseminating their own claims about what the CIA purportedly believes, all based on evidence that remains completely secret.

These unnamed sources told the Post that “the CIA has concluded in a secret assessment that Russia intervened in the 2016 election to help Donald Trump win the presidency, rather than just to undermine confidence in the U.S. electoral system.” The anonymous officials also claim that “intelligence agencies have identified individuals with connections to the Russian government who provided WikiLeaks with thousands of hacked emails” from both the DNC and John Podesta’s email account. Critically, none of the actual evidence for these claims is disclosed; indeed, the CIA’s “secret assessment” itself remains concealed.

A second leak from last night, this one given to the New York Times, cites other anonymous officials as asserting that “the Russians hacked the Republican National Committee’s computer systems in addition to their attacks on Democratic organizations, but did not release whatever information they gleaned from the Republican networks.” But that NYT story says that “it is also far from clear that Russia’s original intent was to support Mr. Trump, and many intelligence officials – and former officials in Mrs. Clinton’s campaign – believe that the primary motive of the Russians was to simply disrupt the campaign and undercut confidence in the integrity of the vote.”

Deep down in its article, the Post notes – rather critically – that “there were minor disagreements among intelligence officials about the agency’s assessment, in part because some questions remain unanswered.” Most importantly, the Post adds that “intelligence agencies do not have specific intelligence showing officials in the Kremlin ‘directing’ the identified individuals to pass the Democratic emails to WikiLeaks.” But the purpose of both anonymous leaks is to finger the Russian government for these hacks, acting with the motive to defeat Hillary Clinton.

George Orwell's "Ministry of Truth"

"He went on after the war, in 1948, to write his masterpiece 'Nineteen Eighty-Four', in which he drew on his wartime experiences to create a fictional 'Ministry Of Truth'. When describing his fictional Ministry Orwell clearly had in mind the headquarters of London University, Senate House, which, throughout the Second World War, was the home of the Ministry Of Information. The Ministry of Truth was, he said, 'an enormous pyramidal structure of glittering white concrete rising 300 metres into the air'. Senate House, a white Portland stone skyscraper rises a comparatively modest 64 metres into the air above London's Malet Street, rather than 300, but it still dominates the skyline of Bloomsbury today. At its peak it housed some 2,900 MOI staff during the war."

-The story was widely reported on in 2013, but Jonasson made no mention of the US trying to frame Assange

-It became known that the mission was part of a 'wide-ranging investigation' into Assange and WikiLeaks

-Jonasson said himself he made it clear he is on 'Assange and WikiLeaks' side'

A former Icelandic minister has claimed that the FBI attempted to frame Julian Assange during a mission to Iceland.

Ögmundur Jonasson, who currently serves as a member of the Icelandic Parliament, said US authorities told him in June 2011 that hackers were trying to destroy software systems in the country.

The authorities said there was an 'imminent attack' on Iceland's government databases and that the FBI would send agents to investigate.

Jonasson said he was immediately skeptical of the FBI's intentions.

'I was suspicious,' he told Katoikos. 'Well aware that a helping hand might easily become a manipulating hand!'

Sundance. (Dec. 11, 2016). The New York Times and Washington Post "Intelligence Sources" Under Inspector General Investigation... Conservative Tree House.

The Sunday Talk Shows are filled with various left-wing punditry using two media reports from the Washington Post and New York Times claiming anonymous, albeit transparently political, "intelligence officials" who state: the Russian government "hacked the U.S. election".

It is impossible to "hack an election". What was hacked was the DNC email system, and John Podesta's email. WikiLeaks published the content of both "hacks".

Additionally, WikiLeaks has denied the source of the information was a foreign government.

Both The Washington Post and New York Times, simultaneously, published articles on Friday claiming anonymous sources within the CIA (note: intensely political CIA Chief John Brennan in charge) point to the Russian government as the originators of the hacking. However, both articles are written with very obtuse and non specific language intended to cover over the fact these reports are not actually stating the official intelligence community are making these specific claims.
