PAY-to-PLAY NEW WORLD ORDER
This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box.

FIG. 1: The MainStream Media (MSM) has been weaponized by a rogue C.I.A. that is intent on enthroning a godless corporate government in America and around the world. Patriotic Americans must cast off their complacency and stand up against this evil before the American Republic is totally destroyed.

Breaking information proves that Donald Trump and his family have been wiretapped by the FBI/NSA/C.I.A. since at least 2004, along with patriot alternative media leader Alex Jones, Infowars, and even the U.S. Senate.

BREAKING NEWS! MAR. 22, 2017: **COMEY LIED. HE HAS KNOWN ABOUT TRUMP SURVEILLANCE FOR YEARS. HE SUPRESSES THE "ROADMAP TO DRAIN THE SWAMP."**

Patriots or Rogues?

James A. Baker, former Bridgewater hedge fund counsel | James B. Comey, former Bridgewater hedge fund counsel | Allen Souza, Rep. Nunes staff counsel | William Barnett, FBI special agent | Walter Biardina, FBI special agent

The founder of Judicial Watch, [Larry Klayman](#), just announced hours ago in WorldNet Daily that he has "47 hard drives and over 600 million pages of information" from NSA/C.I.A. whistleblower Dennis Montgomery. He says this information proves "systematic illegal surveillance on prominent Americans, again including the chief justice of the Supreme Court, other justices, 156 judges, prominent businessmen such as Donald Trump, and even yours truly."

Montgomery had worked side by side with C.I.A. director John O. Brennan, who he called "ethically challenged." He said that Brennan—a Wahhabi Islam convert—oversaw "Orwellian Big Brother' intrusion on privacy." Klayman says Comey granted immunity to Montgomery two years ago in exchange for access to Montgomery's information. This proves Comey lied and misled Congress yesterday. FBI personnel involved with the Montgomery data include general counsel James A. Baker, special agents Walter Biardina and William Barnett and Rep. Nunes' staff attorney Allen Souza.

John O. Brennan Obama's "ethically challenged" C.I.A. Director

Remarkably, Baker followed Comey from the world's largest hedge fund—Bridgewater Associates, LP. Before Bridgewater, Comey was chief counsel at money launderer HSBC—a Clinton Foundation donor and money launderer for the globalists. Comey had received **\$10 million from Bridgewater in 2012 alone** before being appointed FBI director by Obama. None of these conflicts of interest were disclosed by Comey to the American people. **Nunes did not ask a single question about Montgomery's massive criminal evidence in yesterday's hearing.** Instead, he let the Democrats take free shots at Roger Stone. This is the price we pay when we allow lawyers to guard We The People's interests. The fabricate evidence and scapegoats for their sins, hide like cowards behind secrecy, line their pockets, and then have the audacity to scoff at "the stupidity of the American people."

AMERICAN MORAL UNDERPINNINGS ARE UNDER SIEGE BY GO...

SCANDAL: NEW LEAKS CONFIRM THAT OBAMA WIRETAPPED TRUMP VIA NSA "PROJECT DRAGNET" — WATERGATE IS CHILD'S PLAY BY COMPARISON

Breaking news yesterday proves that Donald Trump and his family were, in fact, the subject of the surveillance "Project Dragnet" under both the Obama and Bush Administrations since at least 2004.

Today, the House Intelligence Committee opened hearings in which ranking Democrat member Adam Schiff (D-CA) appeared to blame Russian meddling, including WikiLeaks, for interfering in the 2016 Presidential election.

However, logically, the decade-long wiretap of Donald Trump, including presidential candidate Donald Trump, makes Watergate look like kid's play.

DEEP STATE CREATES ANOTHER FALSE FLAG TO FOOL UNINFORMED AMERICANS

This House hearing appears to be a false flag diversion by the globalists to confuse the average American who is not paying close attention.

Hopefully readers of AFI are not confused and will educate their friends, neighbors and colleagues. This education is critical to stopping a corporate globalist takeover of America.

Leaked yesterday by law enforcement insiders is definitive proof that the NSA/C.I.A. has been spying on Donald Trump and his family since 2004. This means both Bush and Obama were wiretapping President Trump.

Roger Stone, director of Donald Trump's exploratory committee in 2000, was attacked by Democratic congressman Adam Schiff in Schiff's opening comments at the hearing moments ago. Schiff alleged that Stone, a journalist, had contacts with Russian agent Guccifer 2.0 that rose to the level of a threat to the U.S. 2016 election.

NBC'S CYNTHIA MCFADDEN A RUSSIAN AGENT?

Journalists are supposed to interview sources. That is their job. In fact, the original Guccifer, Romanian Marcel Lehel Lazar, was interviewed by ABC's Cynthia McFadden who even flew to Romanian to conduct the interview. Why hasn't McFadden been labeled as a Russian agent for doing her job? Don't bother responding. The evidence shows that the alt-radical MSM gets a pass. Didn't you get the memo?

Stone has said repeatedly that no such contacts exist and that he welcomed Congressional scrutiny. Schiff presented a "cut and paste" string of Stone's public comments. In classical

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

George Orwell wrote in 1984 that one knows one is in a totalitarian state when telling the truth becomes an act of courage.

rogue lawyer style, Schiff's fabrications are clearly trying to smear Roger Stone.

[Breaking: Roger Stone's response to the House Intelligence Committee.](#)

HERE'S HOW C.I.A. MSM FAKE NEWS LIES TO THE PUBLIC:

For example, you might state:

"I am not a Russian spy and have no contacts with Russians."

However, these unscrupulous globalist lawyers and their MSM sycophants simply delete "not" and "no" so that:

"I am ~~not~~ a Russian spy and have ~~no~~ contacts with Russians."

. . . becomes an MSM fake news lie:

"I am a Russian spy and have contacts with Russians."

Then, the other MSM outlets at CNN, NBC, CNBC, MSNBC, CBS, ABC, Comcast repeat this fabrication **ad nauseum**.

The victims of this diabolical fake news are average Americans. They are good, trusting people who listen honorably to these fake news outlets. They rely on the rich, honorable, longstanding tradition of these firms. But these firms have violated that honor and trust over the past few years by manufacturing and broadcasting deliberate lies. There is rarely even a pretense of fairness.

In this way, truths become weaponized lies—the devil's playground.

BREAKING EXAMPLE OF FAKE NEWS BY ABC

For example, ABC just moments ago carried this headline about the House hearing: "[FBI director confirms probe of Russia's alleged election interference](#)"

However, FBI Director Comey and the NSA Director Rogers both confirmed that they had NO information that the Russians hacked the state election computers in Michigan, North Carolina, Wisconsin, Ohio, Pennsylvania or Florida.

By selectively reporting from the hearing, ABC presents fake news to an unsuspecting public who are out working for a living and cannot take the time to verify each ABC report.

Testimony omitted from the MSM fake news reporting:

Sen. Nunes: "Do you have any evidence by the FBI that votes were changed in the [six swing] states . . ."

FBI Comey: "No."

Once these Russian accusations against Roger Stone were made public, Stone was forced to defend himself against a negative. E.g., when are you going to stop beating your wife? If you don't beat your wife, then you are forced to prove that you do not beat your wife. Such defenses are very difficult and time consuming.

Stone had a serious medical crisis in [Dec. 2016](#), which his doctors believe was polonium poisoning. Radioactive polonium can only be obtained by State military, energy and intelligence players. In addition, on Mar. 15, 2017, [Stone car was T-boned](#) by a hit and run vehicle with tinted windows. This latest incident is now being viewed as another assassination attempt. It appears that someone does not want Stone to testify to the Congressional committee. Readers are encouraged to pray for Roger Stone's protection and safety. He is standing in the gap for all of us.

WAR ON WORDS: AMERICA IS A REPUBLIC, NOT A DEMOCRACY

America is a Republic, not a democracy. Listen closely to our elected officials, educators and the MSM fake news purveyor. The New World Order globalists are working hard to redefine America as a "democracy" instead of a Republic.

America's Founders specifically REJECTED democracy as our form of government. They concluded that democracy sounds good on the surface, but always becomes a tyranny of the majority over the minority. Instead, the Founders instituted a REPUBLIC in which the majority rules without abusing the rights of minorities. **The distinction is profound.**

By redefining America as a democracy instead of a republic, the globalists can then flood American with unvetted immigrants until they have created a permanent majority that is dependent upon the Nanny State.

ST. PAUL WARNED US ABOUT THE TIMES WE ARE IN – "THEY HAVE EXCHANGED THE TRUTH OF GOD FOR A LIE"

Given this exposé of fake news, the current attempt by the Deep State shadow government to silence criticisms from the alternative media—by labeling them fake news—is truly evil. St. Paul in the Book of [Romans, Chapter 1](#): 18, 25, said:

Dunn LLP. She credits this firm with the reason why all Street banker has gone to [Click here](#) to read her article [tes whistleblowers.](#)" [Examiner.com, Apr. 10, 2012.](#) Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. National Security Director Adm. Mike Rogers said Monday that the leak of surveilled transcripts that should stay classified is an act that can "hurt" U.S. national security.

Rogers was pressed on the issue by Rep. Tom Rooney, R-Fla., who was asking about the leak of a wiretapped conversation between former national security adviser Mike Flynn and the Russian ambassador to the U.S., Sergei Kislyak. That leak contributed to Flynn's decision to step down in the first few weeks of the Trump administration.

Declassified records recently unearthed in CREST show the CIA waffled on a promise to obey the law in destroying records of Agency's illegal activities and wrongdoing

In 1976, Congresswoman Bella Abzug wrote to CIA Director George H.W. Bush about the existing moratorium on the destruction of CIA files. As the Chairwoman of the Subcommittee on Government Information and Individual Rights, which had jurisdiction over government information policy including FOIA and the Privacy Act, she wanted the moratorium extended - specifically, she wanted to ensure that Congress had time to enact legislation in response to the Church, Pike, and Rockefeller hearings and the resulting reports.

values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored **shocking new evidence** that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. (See [that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. OUTRAGEOUS ILLEGAL SPYING AGAINST POLITICAL ENEMIES BY THE DEEP STATE

Staff. (Mar. 20, 2017). MICHAEL SAVAGE WAS TARGET OF NSA SPYING - No indication agency has stopped collection of personal data. WND.

Talk-radio host Michael Savage is among the public figures who were under surveillance by the National Security Agency as part of its "Project Dragnet," according to a database revealed by an agency whistleblower.

Dr. Jerome Corsi, an investigative reporter for Infowars.com, told Savage on "The Savage Nation" radio show Monday that one of Savage's email addresses was discovered in the database.

Infowars.com said the database has evidence of spying on U.S. citizens from 2004 to 2010, but Corsi told Savage there is no indication the surveillance has stopped.

It shows Donald J. Trump and Infowars founder Alex Jones also were under illegal, unauthorized government monitoring during those years.

A Justice Department intelligence veteran, employed by the FBI, unveiled a stinging indictment of how one of the country's top law enforcement agencies manipulates evidence garnered from wiretaps, which many times can be rogue and illegally conducted by contractors hired by the bureau.

These revelations echo allegations waged by President Donald Trump, despite the counter claims of FBI Director James Comey, that Trump Tower was wiretapped in the fall of 2016. Comey is expected Monday to testify on Capitol Hill regarding whether Trump's wiretapping claims are legitimate based on whether a warrant was issued to conduct such surveillance. Comey is reportedly irate and could savage Trump for implicating the FBI in illegal activity. But a FBI insider's admissions further damage Comey's credibility regardless of how and what he testifies about on The Hill. According to the insider, it is alleged the FBI ignores privacy and civil rights protections of Americans as a rule, not as an exception and could have played a role in eavesdropping on Trump, either legally or illegally.

"What Comey says is somewhat immaterial because we have the capability to listen to anyone's phones without a warrant," the FBI insider said. "If Comey says there was never a warrant for a wiretap, that doesn't mean there was no eavesdropping."

PINION: The lights were burning in the Beehive on Tuesday night as an army of staff speed-read the explosive new book by Nicky Hager and Jon Stephenson.

The book claims a military cover-up in relation to a bloody raid on an Afghan village following the death of a New Zealand soldier in 2010.

These are deadly serious allegations. If true, the implication is that New Zealand soldiers may be guilty of war crimes. But it is not the first time they have been raised.

David Schnare, an outspoken climate change skeptic, was a member of the so-called EPA "landing team" tasked with creating an "action plan" to reform the agency.

Schnare's abrupt resignation came as a surprise. He was expected to accept a leading position at the EPA.

Vladimir Putin created Rusnano (Russian Nanotechnology Corporation) to fund emerging technologies, especially his interest in nano technologies. In the old Soviet days, such entities were first and foremost spying opportunities. Little appears to have changed. As such, Hillary's activities with her campaign manager and longtime advisor, John Podesta, have likely risked national security. It is becoming evident that Hillary needed her private email servers to hide her Russian collusion, among other things.

House Speaker Paul Ryan said last week Capitol Police are receiving additional help for the investigation. For at least 30 minutes every weekday for the past seven years, a classroom at Liberty High School in Frisco, Texas, gets transformed into an on-campus mosque.

At least a dozen students use the "Muslim prayer room" between 2:05 and 2:35 p.m. Monday through Friday.

Controversy over the prayer room was sparked by an article in the student newspaper, the Wingspan, which clearly laid out how the room is used and by whom.

That prompted State Attorney General Ken Paxton, a Republican, to instruct one of his deputies to send a letter to the school district warning that special accommodations for one religion over another are unconstitutional.

Appearing on One America News Network Tuesday, Washington Free Beacon writer Adam Kredo dropped a timely reminder that fake evidence was likely planted on servers at Trump tower to make it appear that the Trump campaign was colluding with Russian entities.

"It wasn't very well reported, the Department of Justice revealed just last week that in fact some of these ties that they had witnessed between Trump Tower servers and Russian entities in fact, were stooged," Kredo said, discussing the FBI's investigation and James Comey's testimony before Congress.

"What that means is that there was malware on some of these computers that were mimicking contact between these entities, in what looks like an attempt to put Trump in a tight position, and in fact lead to claims that there was some sort of collusion." Kredo noted.

Our readers may recognize Alphabet Inc. as the company that reportedly hired the elusive Eric Braverman, ex-CEO of the Clinton Foundation, and not seen in public since his name came up in the Podesta Emails released by WikiLeaks. Yep, things are about to get weird...

Among other things, it would be interesting to know if Eric Braverman is involved in this latest Jigsaw project.

Members of the intelligence community collected "incidental" communications of the Trump transition team during legal surveillance operations of foreign targets, a top Republican lawmaker said Wednesday afternoon.

House Intelligence Chairman Rep. Devin Nunes, R-Calif., said this produced "dozens" of reports which eventually unmasked several individuals' identities and were "widely disseminated."

He said none of the reports he had read mentioned Russia or Russians and he was unsure whether the surveillance occurred at Trump Tower -- as President Trump has suggested. Nunes also was unsure if then President-elect Trump was captured by the surveillance, which occurred in November, December and January.

"I recently confirmed on numerous occasions the intelligence community incidentally collected intelligence," Nunes said.

"If Europe continues this way, no European in any part of the world can walk safely on the streets. We, as Turkey, call on Europe to respect human rights and democracy," Erdogan said Wednesday at an event for local journalists in Ankara, Reuters reported.

The news wire said Turkey has been in a dispute with Germany and the Netherlands over the barring of appearances by Turkish officials who are campaigning for a referendum that would increase Erdogan's powers.

In London, an assailant who has yet to be identified ran over pedestrians on Westminster Bridge and stabbed a police officer on the grounds of Parliament. At least four people are dead, including an armed police officer, and 20 have been injured.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Serious claim: FBI's Comey 'falsely' denied surveillance

Posted By *Bob Unruh* On 03/22/2017 @ 12:27 pm

By Larry Klayman

Larry Klayman

The lawyer who founded Judicial Watch and later [Freedom Watch](#), Larry Klayman, has sent a letter to Rep. Devin Nunes, R-Calif., chairman of the Permanent Select Committee on Intelligence, asking him to look at a whistleblower's evidence of "systematic illegal surveillance on prominent Americans, again including the chief justice of the Supreme Court, other justices, 156 judges, prominent businessmen such as Donald Trump, and even yours truly."

That spying was done, Klayman's letter contends, by the FBI.

It's become a major issue following President Trump's assertion that he and Trump Tower were spied upon by the federal government, and the subsequent denials by intelligence and law-enforcement officials, including FBI Director James Comey, who famously cleared Hillary Clinton on accusations she mishandled classified information as U.S. secretary of state.

Klayman has been working with Dennis Montgomery, a former NSA and Central Intelligence Agency contractor who "left the NSA and CIA with 47 hard drives and over 600 million pages of information, much of which is classified."

Montgomery then "sought to come forward legally as a whistleblower to appropriate government entities, including congressional intelligence committees, to expose that the spy agencies were engaged for years in systematic illegal surveillance on prominent Americans."

Explained Klayman: "Working side by side with former Obama Director of National Intelligence James Clapper, who lied in congressional testimony, and former Obama Director of the CIA, the equally ethically challenged John Brennan, Montgomery witnessed 'up close and personal' this "Orwellian Big Brother' intrusion on privacy, likely for potential coercion, blackmail or other nefarious purposes."

[Trust the government? Maybe you shouldn't. Read the details in "Lies the Government Told You," by Judge Andrew Napolitano.](#)

But he said the testimony has been essentially ignored.

Now, however, with the issue pending before Congress, there even are media reports that appear to substantiate the general claims that the government has been spying. The New York Times in January referenced wiretapping at Trump Tower, and just this week [ABC News documented](#) that the FBI monitored Trump Tower. The report claimed, "But it was not placed at the behest of Barack Obama, and the target was not the Trump campaign of 2016. For two years ending in 2013, the FBI had a court-approved warrant to eavesdrop on a sophisticated Russian organized crime money-laundering network that operated out of unit 63A in Trump Tower in New York."

It resulted in the indictments of more than 30 people, ABC said.

Explained the report: “The FBI investigation did not implicate Trump. But Trump Tower was under close watch. Some of the Russian mafia figures worked out of unit 63A in the iconic skyscraper – just three floors below Trump’s penthouse residence – running what prosecutors called an ‘international money-laundering, sports gambling and extortion ring.’”

Klayman, a Washington watchdog who repeatedly took on the Clinton political machine to investigate suspicion of wrongdoing, explained in his letter to Nunes, which was copied to other members of Congress, that he previously won a judgment from U.S. District Judge Richard Leon preliminarily halting the “illegal, warrantless, and massive surveillance of U.S. citizens and lawful residents” in 2015.

As part of Nunes’ hearing on claims of government spying, he invited “anyone who has information about these topics to come forward.”

Klayman said that is exactly what Montgomery has done.

“There is a myriad of evidence, direct and circumstantial, of the illegal and unconstitutional surveillance disclosed to the FBI by Montgomery,” said Klayman, describing how his client made an on-camera interview with the agency about the misdeeds some time ago.

He said Montgomery “holds much of the roadmap to ‘draining the swamp’ of this corruption of our democracy.”

Montgomery, Klayman said, has information “that the spy agencies were engaged for years in systematic illegal surveillance on prominent Americans.”

During Montgomery’s interview with FBI General Counsel James Baker, under grants of immunity, he “laid out how persons like then businessman Donald Trump were illegally spied upon by Clapper, Brennan, and the spy agencies of the Obama administration.”

“He even claimed that these spy agencies had manipulated voting in Florida during the 2008 presidential election, where illegal tampering resulted in helping Obama to win the White House.”

But that interview, “conducted and videotaped by Special FBI Agents Walter Giardino and William Barnett, occurred almost two years ago, and nothing that I know of has happened since.”

Klayman wrote that it appears to have been “buried” by Comey, possibly because “the FBI itself collaborates with the spy agencies to conduct illegal surveillance.”

He said he previously visited with a staff lawyer, Allen Souza, to inform Nunes of questions that needed to be put to Comey while under oath.

“My expressed purpose: to have Chairman Nunes of the House Intelligence Committee ask Comey, under oath, why he and his FBI have seemingly not moved forward with the Montgomery investigation while, on the other hand, the FBI director recently claimed publicly, I believe falsely, that there is ‘no evidence’ of surveillance on President Trump and those around him by the Obama administration.

“Indeed, there is,” he wrote.

He tells members of Congress that Comey needs to be grilled during a subsequent hearing, now set for March 28. He asks Nunes to respond by March 24 to let “the American people, and Mr. Montgomery ... know where you and the other members of your committee stand.”

“Do you intend to get at and investigate the full truth, or as has regrettably been the case for many years in government, sweep the truth under the carpet?”

Other recipients of the letter were Reps. Adam Schiff, Mike Conaway, Peter King, Frank LoBiondo, Tom Rooney, Ileana Ros-Lehtinen, Michael Turner, Brad Wenstrup, Chris Stewart, Rich Crawford, Trey Gowdy, Elise Stefanik, Will Hurd, Jim Hines, Terri Sewell, Andre Carson, Jackie Speier, Mike Quigley, Eric Swalwell, Joaquin Castro and Denny Heck.
