DEEP STATE HIDES ZUCKERBERG'S EVIDENCE OF THE ROGUE C.I.A. THEFT OF SOCIAL NETWORKING

PAUL CEGLIA'S ATTORNEY ASKS, AGAIN, FOR ACCESS TO REVIEW ZUCKERBERG'S 28 HARVARD COMPUTER DEVICES AND EMAILS FOR HARD PROOF OF FACEBOOK'S PERJURY

CLINTONISTA FBI DIRECTORS MUELLER AND COMEY HAVE FAILED TO INVESTIGATE ZUCKERBERG'S MANY CRIMES

PAY-to-PLAY NEW WORLD ORDER
This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for ou landish speaking fees and Founda ion donations. Sycophant judges, poli icians, academics, bureaucrats and media were fed tips to mutual funds ied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is heir toy box.

FIG. 1 – C.I.A. ASSET MARK ZUCKERBERG. The rogue C.I.A. has hidden their pawn Zuckerbergs 28 computer devices and Harvard emails from 2003-2004. Multiple judges and lawyers in multiple cases who are evidently controlled by the Deep State have clearly violated the law. They have covered up for: (a) Zuckerberg's theft of the social networking technology from Columbus OH innovator Leader Technologies, as well as (b) fabricated evidence to hide the fact that NY entrepreneur Paul Ceglia had two verified genuine contracts with Zuckerberg—entitling him to 50% of Facebook, like he has claimed all along. Mr. Ceglia and his family were forced to flee the country after death threats. Ceglia's attorneys have regrouped and are focused on getting the court to follow the Rules of Civil Procedure for a change and actually allow them to examine Zuckerberg's stonewalled evidence.

BREAKING! JUN. 08, 2017:

TREASON: FBI COMEY ADMITS THAT HE WAS *THE NEW YORK TIMES* LEAKER!

Bombshell: [Comey Admits Leaking Memos to Press](#)—Former FBI Director James Comey admitted today to orchestrating leaks to the press in hopes of prompting the appointment of a special prosecutor. See [Clinton/Star/comey-Mueller flowchart](#) below.

UPDATE! JUN. 09, 2017: ADD COMEY'S LAWYER DANIEL C. RICHMAN TO THE DEEP STATE SWAMP LIST!

Some legal commentaries on the Comey Senate testimony claim that Comey asking his Columbia law professor friend and counsel, Daniel Richman, to get information about his notes to The New York Times is not an illegal "leak." This is incorrect in law. In fact, **Comey just implicated Professor Richman in the crime under the Economic Espionage Act of 1996 and the Federal Trade Secrets Act, among others** ("Misappropriation means . . . acquired under circumstances giving rise to a duty to maintain its secrecy or limit its use.") Richman knowingly used government information that he knew, or should have known (as a law PROFESSOR), was being improperly conveyed by Comey.

Comey was the FBI Director at the time he wrote the memo. The fact that he typed it on his personal PC is not relevant. In fact, he is repeating what Hillary did with personal computer: used personal equipment for secure government business. Also not relevant is his new private citizen status. That does not change his obligation to properly handle government information. **Comey's notes were and are government property, not to mention information about a confidential conversation between the President of the United States and his top law enforcement officer!** Comey's willingness to leak highly classified government information while FBI Director is certainly an indication of his moral double standard.

Daniel C. Richman, Yale Law graduate and Columbus Law professor who leaked the Comey memo to The New York Times while Comey was FBI Director, in likely violation of the **Federal Trade Secrets Act**, among others ("Misappropriation means . . . acquired under circumstances giving rise to a duty to maintain its secrecy or limit its use."). Receiving it was not the crime since he is Comey's attorney. Giving it to The New York Times under instructions by Comey is, for both men, in our opinion.

ORIGINAL POST

JUN. 06, 2017—Facebook is currently engaged in wanton censorship in violation of the First Amendment. This is because **Facebook and Mark Zuckerberg are not who they want us to think they are.**

They are, in fact, part of a rogue C.I.A. surveillance system. These globalists operate outside of all government checks and balances. They have systematically bribed, bought, cajoled, [sexually compromised](#), threatened and blackmailed so many American leaders that they have become an unelected shadow government. Facebook is just one of their brainwashing creations.

Attorney Paul Argentieri just filed a blistering letter to the court in U.S. (Facebook) v. Paul D. Ceglia that helps prove the rogue nature of these criminals.

PAUL ARGENTIERI'S LETTER TO JUDGE VERNON S. BRODERICK PROVING FACEBOOK'S FRAUD ON THE COURT

Argentieri: "Zuckerberg, and his lawyers, are subversives to our administration of justice."

[Argentieri Letter](#) (19 pgs), Exhibits— [Exh. 1](#) | [Exh. 2](#) | [Exh. 3](#) | [Exh. 4](#)

U.S.v. Ceglia, 12-cr-876-VSB (SDNY). The case was suspended after Paul Ceglia fled into exile following death threats. This development helped Zuckerberg and the Government by slowing down the march of Ceglia's attorneys to get acces to the 28 Zuckerberg computer devices and Harvard emails. This evidence has been systematically blocked by the Government and Facebook for the seven years since Ceglia first sued Zuckerberg on Jul. 12, 2010. NOTE: This lawsuit was one of the early signs of the emerging fake news "astroturfer" phenomenon. The paid trolls showered Ceglia's claim with now infamous words like "ridiculous, bizarre, and frivolous."

For years Facebook has been successful at fooling an unsuspecting public who believed the movie [The Social Network](#)—that Harvard sophomore Mark Zuckerberg created Facebook all by himself in "one to two weeks" while he was drinking, chasing girls and studying for finals.

We believe the evidence shows that Zuckerberg is a C.I.A. MKUltra mind control recruit who was selected to be the face of Facebook at Harvard because he fits the profile for a C.I.A. drone asset: pathological liar and devoid of empathy.

THE TRUTH ABOUT FACEBOOK IS STRANGER THAN FICTION

Facebook is a spy surveillance grid run by a rogue C.I.A. Their rogue C.I.A. controllors appear to stop at nothing to maintain their access to unlimited amounts of blackmail and population mind control data.

PATENT OFFICE AIDS AND ABETS FACEBOOK'S FRAUD AND IMMORAL SPYING

For example, [The Sun \(UK\)](#) just published an article titled "FACELOOK: Facebook wants to spy on people through their smartphone camera and analyse the emotions on their face."

The byline states: "Social network patents technology which monitors users' reactions to the posts, messages and adverts they see on its app." There is just one problem. All Facebook patents are all fraudulent because they stole the underlying invention of social networking from Columbus Ohio innovator Leader Technologies. By issuing patents to Facebook, the U.S. Patent Office is participating in this massive fraud. But, readers of this blog have known for some time now that the Patent Office is nothing but a globalist toy box from which to steal to feed their monopolies.

To manipulate your purchases, your votes, your choices . . . in short, to control you through C.I.A. MLUltra mind control algorithms.

Don't believe it? Do your own research. The evidence is overwhelming and the whistleblowers are many. Up until now, the Deep State-controlled mainstream corporate media has been successful at masking this spy state information as "conspiracy theories." Tellingly, as many times as Facebook and Zuckerberg have been sued, Zuckerberg has never produced his 28 Harvard computing devices and emails for a fair analysis. The ConnectU Winklevoss "analysis" in 2005 was so limited as to be laughable. Then, the record was sealed by the court.

One of the early lawsuits filed against Zuckerberg after ConnectU was by Paul Ceglia. Ceglia produced two contracts that he signed with Zuckerberg in April 2003 regarding his software ideas for "StreetFax" and "thefacebook." **Zuckerberg claimed the second "thefacebook" contract was**

STOP FACEBOOK PROPERTY THEFT

Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

a forgery, but that story has now been proven to be false after Secret Service forensic laboratory testing. One of Ceglia's New York attorneys was Paul Argentieri.

In short, the U.S. Secret Service proved Mark Zuckerberg and Facebook are fraudsters, yet the FBI under Mueller and Comey both have systematically refused to investigate. Could it be because their rogue C.I.A. handlers approve?

Then in 2009-2010, Facebook lied in Leader v. Facebook (which is yet more fraud on the court). They told the court just before trial that Zuckerberg's devices were "lost." This was only after stonewalling for nine months while Leader's attorneys pressed to review the Zuckerberg computer evidence.

The ConnectU court had sealed that evidence from public knowledge and Facebook's lawyers failed to tell the court that these devices were not lost at all. In fact, they were in the custody of Zuckerberg's attorneys McManus Faulkner LLP and Gibson Dunn LLP the entire time.

The first time the public learned of the existence of these devices was at the release of transcripts of a blistering deposition cross examination of Facebook's forensic experts by Ceglia's attorney Dean Boland on [July 18-19, 2012](#).

Three months later, on Oct. 26, 2012, the Deep State, clearly panicked, had Obama-appointed U.S. Attorney Preetinder Bharara arrest Ceglia on fabricated charges of forgery. This effectively shut down the civil case. While Ceglia was out on bail, his life was threatened so he fled the country with his family and is **currently in exile**.

Update: President Trump fired Bharara recently.

The courts have consistently protected Facebook from all challengers.

[On May 07, 2017](#), Paul Argentieri wrote Judge Vernon S. Broderick in the criminal case to ask for a thorough review of the stonewalled computer data and emails (see the full court filing above).

"ZUCKERBERG, AND HIS LAWYERS, ARE SUBVERSIVES TO OUR ADMINISTRATION OF JUSTICE."

Argentieri stated:

"Zuckerberg, and his lawyers, are subversives to our administration of justice."

Preetinder 'Preet' Bharara, former U.S. Attorney for the New York Southern District, arrested Paul Ceglia for the Deep State on now disproven pretext charges.

James B. Comey, former FBI Director, failed to investigate Zuckerberg's and Facebook's crimes.

Robert S. Mueller, former FBI Director, current Special Counsel, failed to investigate Zuckerberg's and Facebook's crimes.

Since the rogue C.I.A. Deep State is known to be abusing the privacy of Facebook users, the American public has a right to know the true origins of the Deep State PUBLIC origins of Facebook. Public organizations do not enjoy the protection available to private organizations.

The FBI under Robert S. Mueller and James B. Comey have refused to investigate Facebook's and Zuckerberg's criminality.

WHAT IS FACEBOOK HIDING ON ZUCKERBERG'S 28 COMPUTER DEVICES AND EMAILS?

Here's what we think:

1. The IBM Eclipse Foundation (formed [Nov. 29, 2001](#)) supplied Zuckerberg the stolen social networking inventions from Leader Technologies to start Facebook—Zuckerberg was merely a C.I.A.-recruited MKUltra drone front face. He fit the profile as a pathological liar with no empathy, just like so many other human tools in the C.I.A.'s MKUltra checkered history.
2. Columbus innovator Leader Technologies' invention formed the base of Facebook's social networking platform, as Leader later proved in federal court on 11 of 11 claims—even without having the benefit of

reviewing Zuckerberg's stonewalled files.

- 3. The Ceglia work for hire contracts are genuine, and therefore Paul Ceglia has a legitimate claim to 50% of Facebook. Whose programs that Zuckerberg was using are irrelevant to Ceglia's contract claims. Ceglia acted in good faith. Zuckerberg did not.
- 4. Zuckerberg was recruited by rogue C.I.A. Agents, including Harvard alums Larry H. Summers, James W. Breyer, Ping Li, Jim Swartz, Sheryl K. Sandberg, James P. Chandler, Marne L. Levine as well as Hillary & Bill Clinton, John D. Podesta, John M. Deutch, Gilman Louie and the "PayPal Mafia" insiders Reid Hoffman, Peter Thiel, Marc Andreessen, Matthew R. Cohler and Joseph Lonsdale, among others.

solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

FACEBOOK'S ROGUE C.I.A. HANDLERS

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

Tellingly, these C.I.A. criminals are present or former principals of:

- a. **FACEBOOK**—Summers, Breyer, Li, Sandberg, Milner, Deutch, Levine, Thiel, Andreessen, Chandler, Podesta, Clintons, Hoffman, Schmidt, Louie
- b. **INSTAGRAM**—Cohler, Andreessen, Summers, Levine
- c. **PALANTIR (NSA SPY TOOL)**—Thiel, Lonsdale, Schmidt, Chandler, Louie

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

CONCLUSION

WELCOME TO DONNA KLINE NOW! READERS!

The rogue C.I.A. runs Facebook. Therefore, Facebook is a public utility.

Justice and public transparency demand that Zuckerberg's 28 computing devices and Harvard emails be thoroughly analyzed to expose the levels to which the rogue C.I.A. Deep State shadow government has gone to seize globalist control over the Internet.

Public networks (as Facebook & Google are) require public accountability.

Let the chips fall where they may.

Either this swamp will get drained, or the American Republic will likely die in the Deep State's corruption.

AFI has been supporting Donna and is now picking up the main Leader v. Facebook coverage (she will continue coverage as well).

Democrats grilled the nation's top intelligence officials on Wednesday, but they came up short in their quest for damaging headlines related to what President Donald Trump may have said to them about the Russian hacking investigation.

The Senate Intelligence Committee hearing was supposed to be about reauthorizing Section 702 of the Foreign Intelligence Surveillance Act.

FISA allows intelligence officials to conduct surveillance on non-U.S. persons, if there is an intelligence purpose. The program is a key anti-terror tool that has foiled plots, according to government officials.

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. After having disclosed information about CIA's spyware tool Athena only last week, WikiLeaks has published new information from Pandemic, another alleged CIA project that "targets remote users by replacing application code on-the-fly with a trojaned version if the program is retrieved from the infected machine."

Part of the Vault 7 series of documents that were either leaked following an inside job or stolen from the CIA by hackers, Pandemic basically turns Windows machines from a targeted network into Patient Zero. It then covertly infects other computers linked to the system by delivering infected versions of the requested files. Because it is very persistent, the original source of infection is difficult to detect.

Pandemic only takes 10 to 15 minutes to install and replaces up to 20 programs, according to a user manual, which doesn't thoroughly describe how it is actually installed on a targeted file server. The project allegedly dates from April 2014 to January 2015.

Since March, other CIA tools leaked in the Vault 7 series are AfterMidnight and Assassin, Archimedes, Scribbles, Grasshoper, Marble, Dark Matter, Weeping Angel and Year Zero.

William La Jeunesse, Andrew O'Reilly. (Jun. 07, 2017). Fast and Furious hearing rips Holder, DOJ for deception in gun-running scandal. Fox News.

Members of a congressional committee at a public hearing Wednesday blasted former President Barack Obama and his attorney general for allegedly covering up an

investigation into the death of a Border Patrol agent killed as a result of a botched government gun-running project known as Operation Fast and Furious.

The House Oversight Committee also Wednesday released a scathing, nearly 300-page report that found Holder's Justice Department tried to hide the facts from the loved ones of slain Border Patrol Brian Terry - seeing his family as more of a "nuisance" than one deserving straight answers - and slamming Obama's assertion of executive privilege to deny Congress access to records pertaining to Fast and Furious.

"[Terry's death] happened on Dec. 14, 2010, and we still don't have all the answers," Rep. Jason Chaffetz, R-Utah, committee chairman, said of Terry's death. "Brian Terry's family should not have to wait six years for answers."

CONFIRMED: DNC paid the 'Russian' founder of CrowdStrike to hack its server so it could be blamed on Russia!

DMITRI ALPEROVITCH, CTO, CrowdStrike

DNC Hackers Finally Identified

The Millennium Report

Would you trust this guy with technically verifying who perpetrated the alleged Russian hack?

Believe it or not, the above photo of CTO Dmitri Alperovitch was taken directly from CrowdStrike's official website, the "American cybersecurity technology company" tasked with the digital sleuthing of the DNC server hack.

Key Point: CrowdStrike has since been proven to be a criminal hacking organization by Internet investigators. The shadowy cyber-firm was founded by a Russian-American so that the U.S. Intelligence Community could use it to perpetrate 'Russian' hacks. In this way, CrowdStrike methodically fabricates fake evidence on demand for the CIA/NSA/FBI which can then be blamed on Russia.

In the fictitious Russian election hack case, CrowdStrike was the C.I.A. contractor paid to create digital evidence with fake Russian "signatures" in order to incriminate the Kremlin. This fabrication of evidence appears to have been perpetrated in collusion with the creators of Guccifer 2.0. Did Guccifer 2.0 Fake "Russian Fingerprints?"

Neither FBI Mueller or Comey investigated Fast & Furious. This Senate Comey hearing is a joke by comparison.

Alcohol, Tobacco and Firearms special agent and whistleblower John Dodson stepped forward and spoke with Attkisson publicly in March 2011 after Border Patrol Agent Brian Terry was murdered by illegal immigrants carrying weapons trafficked in the Fast and Furious operation. Dodson said the agency was trying to cover up the murder's link to Fast and Furious, which he'd objected to internally for months.

Assistant U.S. Attorney Sara Woodward disclosed the information while trying to convince a judge to keep a doctor and his wife locked up in the historic case. It involves allegations that two Minnesota girls had their genitals cut at a Livonia clinic in February as part of a religious rite of passage and were told to keep what happened a secret.

"Due to the secretive nature of this procedure, we are unlikely to ever know how many children were cut by Dr. (Jumana) Nagarwala," Woodward said, referring to the lead defendant in the case, later adding, "The Minnesota victims were not the first victims."

Clyde Hughes. (Jun. 08, 2017). OLIVER STONE THROWS ROCKS AT MEGYN KELLY'S INTERVIEW WITH PUTIN. Newsmax.

Oliver Stone panned Megyn Kelly's interview with Russian President Vladimir Putin as he promoted his own multi-segment Showtime interview with the Russian leader that starts Sunday.

Kelly, the former Fox News anchor, made her debut on NBC with an interview with Putin on her new show "Sunday Night with Megyn Kelly." The interview, though, was widely panned for not breaking any new ground in allegations that the Russians interfered in the 2016 election, said The Business Insider.

Stone said Kelly wasn't prepared to handle an interview with the former KGB agent and came off as hostile in the interview, said USA Today. Stone, though, also suggested that Kelly got the one-on-one interview because of her attractiveness.

"(In) those 15 minutes she got, she asked every hostile question she could ask," Stone told USA Today. "She's beautiful to look at and I'm sure that had a lot to do with getting any interview at all, because he's not averse to beauty and also she has charisma, but she's not informed well."

I have a few questions.....and redneck comments, of course.

How do we negotiate with folks that believe that our good things are evil whilst we believe that their good things are evil? Who gets to decide that ? Bad is good, good is bad. Not going to end up very well .

How do we reconcile with folks whose god asks them to strap on a bomb to kill innocent people for "sinning", when our God strapped a crucifix on to die for us because we sinned ? Our God told us that lying is a sin, their god told them that lying to an infidel is expected.

How do we explain to these people that " new technology, transportation, medicine, art, music" are ok and that modernity is not their enemy ? Our God gave us free will. Their

Can we negotiate with armies of killers that come into our country under a white flag, and then slaughter us for being so stupid to believe that they want to be real Americans ? They do not assimilate.....period. When the Muslim communities get to certain size, they return to Sharia laws which incidentally may include certain punishments for infidels. Don't believe it? Go to Manchester ,England or Paris or Minneapolis. We call that murder, they call it an act of love to their god.

Why do liberal feminists and Code Pink women hate Trump for being mean to Muslims when Muslims are really mean to women , especially women that want to act like men. Women can't speak out, show their new hairdos, or wear sun dresses. If a women looks admiringly at another man, she is stoned to death.....and I am not talking marijuana . And, by the way, Muslims are not fond of Hollywood celebrities, Jewish movie producers, or gay men , either. Why, oh why, would these liberal Americans want unknown characters coming into our country unvetted? Liberal thinkers will be the first target of fundamental radicalized Muslims. And gay men, off the tallest building.

Are all jihadists cowards? I can't remember one jihadist that walked into a biker bar and called out the toughest biker to a fist fight. These perverted punks hide behind shadows and false identities, wear no uniforms or dog tags, strap little belts with nails and shrapnel in pockets, and blow themselves or their sweet little kids up for Allah. The more bloodshed, the better. And malls, churches, schools, hospitals, tall buildings, dams, water supplies, and sports arenas are sitting ducksI hate to be the bearer of bad news but this will happen at a mall near you.

And wait until they have weapons as big as our weapons. Can you imagine how fast they would use up an arsenal as big as ours ? They don't have enough virgins for that day. Old TEX is not a racist or an Islamophobe, but I am a realist in the sense that I have been watching this crap since Klinghoffer was thrown (in his wheelchair) overboard a cruise ship by radical Muslims in the early '80's. It just gets worse and we get more immune to it.

Mr Trump is the very best thing that could have happened to this country. Obama, Kerry, Hillary, et al , are trying to paint him as a looney tune character because he is demonstrating what a leader does for his country , LEAD.....give the man a chance and maybe Hollywood won't be the first target of a nuclear armed jihadist. The people of ISIS , al Queda, and Hamas viewed America as weak-kneed wimps . And then came the Trumpster. They understand strength and superior power.....and they fear Trump. He will win this battle for me and you. You're welcome.

Staff. (Jun. 09). BREAKING : DOJ Says Comey LIED During his Hearing. TruthFeed.

We already know that James Comey committed perjury with his debunked story about the events leading up to his leak to the media.

Now the DOJ is confirming that was just ONE of Comey's MANY lies under oath.

From DailyCaller

A Department of Justice spokesman denied several claims made by former FBI Director James Comey in a Senate hearing Thursday.

"Given Attorney General Sessions' participation in President Trump's campaign, it was for that reason, and that reason alone, the Attorney General made the decision on March 2, 2017 to recuse himself from any existing or future investigations of any matters related in any way to the campaigns for President of the United States," DOJ spokesman Ian Prior said in a Thursday night statement.

Comey testified during the hearing that there is an undisclosed reason that might've been behind the attorney general's recusal from the investigation into Russian election interference and possible collusion with the Trump campaign.

"We also were aware of facts that I can't discuss in an open setting that would make his continued engagement in a Russia-related investigation problematic," the former FBI director said.

The statement from the DOJ also pointed to testimony from Comey that he wasn't aware of "any kind of memorandum issued from the Attorney General or the Department of Justice to the FBI outlining the parameters of [the Attorney General's] recusal."

The email continued on to say that Sessions shouldn't be involved or briefed on those matters and that Acting Attorney General Dana Boente will perform the functions of the attorney general in those investigations.

In December 2015, nine months before the end of his presidency, Barrack Obama signed the Paris Accord. The United States did not. In order to ratify it as a treaty 2/3rds of the Senate had to approve it. Obama told us it was not a treaty, but an executive agreement between himself and other nations.

The Paris agreement was an agreement only with the Obama Administration, and an unratified treaty in which case it had no effect. The Constitution's separation of powers prevents the President from binding the country unilaterally. Our system does not divide authority into spheres controlled exclusively by the Senate, House and President. It requires combinations of offices to work together.

Obama's counterparties in Paris knew he lacked the support to bind our country. In fact, they watered down the wording of the agreement to support Obama's agreement that it does not require ratification.

Examples: they changed the word "shall" to "should" in many places in order to avoid calling it a treaty. The negotiators choose between a treaty that would bind the United States and the promise of an outgoing president.

Any claims that Trump or the United States "is going back on it words" is disingenuous. Only Obama gave his word and the other parties in Paris helped design the agreement to throw our Constitution out the window.

Obama ignored his constitutional duty to submit treaties to the Senate. In fact, a statement from the Obama White House said it all when the White House signaled it would bypass the Senate no matter what by saying:

" I think it's hard to take seriously from some members of Congress who deny the fact that climate change exists, that they should have some opportunity to render judgement about a climate change agreement. "

Under the agreement Obama signed, the UN would have called the shots on what we did within our own borders to protect the climate. They would have also had the power to punish us through embargoes and trade agreements.

Under Obama's agreement, China, the world's major polluters are ALLOWED to increase their emissions where the United States cannot. India is hinging it's participation on billions of dollars of foreign aid.

The agreement was less about the climate and more about other countries gaining financial advantage over the United States. This was a United Nations program that gave foreign leaders in Europe and Asia more say with respect to the United States economy than we do. It would have handicapped the United States economy - it was a deal that would have punished the United States, while imposing no obligations on the world's leading polluters. China would be allowed to build hundreds of additional coal plants, but we can not, according to the agreement. India would be allowed to double its coal production by 2020, but we have to get rid of ours. Even Europe is allowed to continue construction of coal plants, but we can not.

START, TEX comment, Part II

Obama's requirements in the Paris Accord would cost the United States economy nearly \$3 trillion.

By 2040 our economy would lose 6.5 million industrial sector jobs including 31 million manufacturing sector jobs. It would decapitate our coal industry which now supplies one-third of our electric power.

It imposed unrealistic targets on the United States for reducing our carbon emissions, while giving countries like China a free pass China would actually be allowed to INCREASE emissions until 2030.

Obama committed \$3 billion to the Green Climate Fund - which is about 30 percent of the initial funding - WITHOUT being authorized by Congress.

We are \$20 trillion in debt, US taxpayers should not be paying to subsidized other countries energy needs. The United States is already a Clean Energy and Oil & Gas Energy Leader. We can reduce our emissions and continue to produce American energy without the Paris Accord. America has already reduced its carbon-dioxide emissions dramatically (who remembers those yearly emission tests). The United States is the leader in oil and gas production.

For anyone that thought the Paris Accord was all about clean river and air, it is not and never was.

THE AGREEMENT FUNDS A UNITED NATIONS CLIMATE SLUSH FUND UNDERWRITTEN BY THE AMERICAN TAXPAYERS.

Hopefully , after reading this, you can see through any bias you may have had against Trump and understand that he did a good thing here by getting us out of this anti-American scam being sold to us as "for the earth".

After all, Kupelian explained, "there is something about sacrificing your life" that is uniquely noble. "We celebrate self-sacrifice and genuine martyrdom and courage ... [as being] higher than any other value."
