# CISCO IS A KEY ENABLER OF THE DEEP STATE SHADOW GOVERNMENT

## CISCO CEO JOHN CHAMBERS BUILT BACK DOORS INTO HIS INTERNET ROUTERS, DONATED \$5 MILLION TO THE CLINTON FOUNDATION, AND PAID \$1 BILLION INTO THE OBAMA/HILLARY "RUSSIAN RESET"

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | JUN. 30, 2016, UPDATED JUL. 09, 2017 | PDF

FIG. 1 – JOHN T. CHAMBERS, CEO, CISCO SYSTEMS. Chambers is emerging as a central organizing figure in the rogue C.I.A. Deep State shadow government's takeover of the American Republic. Here he is as special guest of Bill and Hillary Clinton at the Clinton Global Initiative (CGI) on Sep. 25, 2013. Chambers donated up to \$5 million to the Clintons and donated \$1 billion to the Hillary/Obama "Russian Reset" to promote Russian technology.

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. Robert S. Mueller's appointment of Assistant U.S. Attorney **ANDREW D. GOLDSTEIN** (Yale Law, [Reg. No. 4585675](#)), formerly [Paul Weiss LLP](#), [\*] now [Jeh Johnson's](#) law firm) must be rescinded due to Goldstein's personal DOJ conflicts of interest. Goldstein also worked for U.S. Attorney Preetinder Bharara who was recently fired by President Trump. [On Oct. 28, 2008](#), JPMorgan received a \$25 billion TARP bailout from the U.S. Treasury, managed by Larry H. Summers under Barack Obama. [On Mar. 09, 2009](#), five months later, Goldstein represented **JPMORGAN CHASE and Ford Motor Company** against a small NY brokerage firm involving a \$20 million transaction. [In 2010](#), Goldstein then joined Preet Bharara's U.S. Attorney's office. [On Nov. 19, 2013](#), JPMorgan settled

with Attorney General Eric Holder for \$13 billion with no prosecutions of JPMorgan executives by either Bharara or Goldstein. Some experts called this JPMorgan settlement money an Obama political "slush fund." JPMorgan CEO [Jamie Dimon had met secretly](#) with Attorney General Eric Holder before the settlement. **These close Deep State associations unmistakably tie Goldstein to Clinton-Obama Deep State collusion, and should disqualify him. This is more evidence that Rod Rosenstein and Mueller are organizing a hit job on President Trump.** See [previous post](#).

- CISCO IS A KEY ENABLER OF THE DEEP STATE SHADOW GO...

Presidents Bush and Obama. It is due for another renewal on Sep. 30, 2017 as Executive Order 13708.

If [Executive Order 13708](#) is not renewed by Sep. 30, 2017, these Deep State conspirators will be officially rogue—having lost their dubious legal authority to support the White House's National Security Staff (NSS). These devious individuals have hidden their collusion in a mountain of government intelligence legalese that promotes "public-private partnerships"—in the name of national security, of course. Their collusion has been cleverly hidden from Congress and the public by stamping "classified" on almost everything they have done since Bill Clinton came to power in 1993. According to former Defense Secretary [Robert Gates](#) in his book Duty (2014), the NSS staff ballooned from 50 in 1993 to over 350 in 2016 under Obama. That is a lot of spies running around in the White House! Are they doing The People's business? That is doubtful.

The question is, for whom have they been spying? The answer is evident: Deep State globalists working for a U.N. New World Order run by the very multinational corporations, academics, intelligence agencies and media who comprise this "public-private partnership" of elitist spies.

The NSS is a rogue C.I.A. spy operation run out of the White House without Congressional oversight to which the 17 other intelligence operations, including the NSA and FBI, are subservient.

The NSS has numerous tentacles into policy, funding, intelligence, media, academia, judicial, research and development—all sustained by a long string of dubious "national security" executive orders from Bill Clinton through George Bush and Barack Obama. Note: AFI researchers interviewed a very prominent member of the judicial community in preparation for this post. He had no awareness of this unConstitutional exploitation of intelligence executive orders. Therefore, spread the word.

1. Policy & Funding—National Infrastructure [Assurance](#) / [Advisory](#) Council (NIAC) and the "safe harbor" concept to get around the Fourth Amendment, which prohibits unreasonable searches and seizures. It requires governmental searches and seizures to be conducted only upon issuance of a warrant, judicially sanctioned by probable cause.
2. R&D—The [IBM Eclipse Foundation](#) and theft of social networking invention from Leader Technologies to get around the Fifth Amendment, which protects personal property from confiscation by the government without fair compensation.
3. Funding—Wall Street, offshore money laundering & drugs. See [HSBC / SwissLeaks / Comey / Mueller](#). See also [The Panama Papers](#).
4. Media—NPR, New York Times, CNN, Washington Post hide behind the First Amendment to disguise their role as Deep State propagandists. See [backdoor keys](#).
5. Blackmail—C.I.A., FBI, NSA, use of [pedophilia & ritual child sacrifice](#)
6. Academia—[Harvard, Yale, Stanford](#), Columbia, GWU, Ohio State M.O.O.C. (Massive Open Online Course—Deep State takeover of universities), Carnegie Mellon
7. Judicial—Secret FISA Court exploitation and the "[safe harbor](#)" mutual fund concept for hiding bribery of judges and getting around judicial ethics prohibitions against the 'appearance of impropriety'

The White House roundtable participants gather regularly around the world in various forums (likely seditious) to further their anti-American globalist agenda in places like Bilderberg, Davos, Tri-lateral Commission, In-Q-Tel, IBM Eclipse, NIAC, NVCA (National Venture Capital Association), World Bank, IMF, Federal Reserve, Council on Foreign Relations (CFR) and the Brookings Institution.

## BARACK OBAMA'S DARK POOLS OF CORRUPTION

Click to enlarge

# "OK, HOUSTON, WE'VE HAD A PROBLEM HERE"

This was the message that Apollo 13 Command Module Pilot Jack Swigert radioed to earth after an explosion in their spacecraft.

This Roundtable group almost universally backed Hillary Clinton for President. A president Hillary would have renewed Executive Order 13708 by Sep. 30, 2017.

However, without that renewal, the decades of digital sedition that has hidden under these executive orders will officially go rogue. The roundtable group members will have no legal authority to operate their warrantless surveillance of Americans and their unConstitutional theft of our privacy.

Said another way, the decades of collusion that have led us to the cliff of The New American Surveillance State will have no legal legitimacy whatsoever come Sep. 30, 2017.

Indeed, like Apollo 13, these conspirators just heard an explosion inside their own "command module." They have a serious problem.

After September 30, 2017, unless President Trump offers them some sort of amnesty these people will be in trouble. They will need to disclose anyone who is 'blackmailing' them, or their Deep State collusion will likely land substantial numbers of the technology world in prison for treason and sedition. Indeed, former C.I.A. leader turned whistleblower [Robert David Steele](#) recommends that President Trump implement such a "truth and reconciliation" program to help fix the rampant rogue spy-generated blackmail that has overtaken our public institutions.

## OFFICIALLY CRIMINALS AFTER SEP. 30, 2017

On Sep. 30, 2017, all of the companies and individuals who have colluded with the rogue C.I.A. / NSA / FBI and NSS in the White House to spy illegally on the American people will be officially criminals because they will no longer have the dubious executive order protections they have relied on since 1999 when these shadow government executive orders were instituted. (The first version of the NIAC, [Executive Order 13130](#) was implemented by Bill Clinton on Jul. 14, 1999.)

## HOW BAD IS IT?

President Trump asked each Roundtable participant to introduce himself or herself. AFI researchers have compared that list of attendees to various other collusion membership lists compiled for the [AFI TIMELINE](#):

People you trusted are now hijacking the Internet.

What emerged is a list that we have named the "Deep State Hive Mind Index." "Hive mind" as in "groupthink." We have hard evidence of this

[CLICK HERE FOR WASHINGTON'S ETHICAL DISEASE DISCOVERIES RE. FACEBOOK "DARK POOLS"](#)

## STOP FACEBOOK PROPERTY THEFT

W LL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

## ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

## LEADER V. FACEBOOK BACKGROUND

**Jul. 23, 2013 NOTICE:** DonnaKlineNow! has gone offline. All her posts are available as a [PDF collection here](#) (now updated, post-Scribd censorship).

**Mar. 20, 2014 READER NOTICE:** On Mar. 7, 2014, all of our documents linked to Scribd were deleted by that "cloud" service using the flimsiest of arguments. Some of our

groupthink, in which the desire for harmony or conformity in the group results in an irrational or dysfunctional decision-making outcome. We believe this explains the globalist New World Order elitist drive to seize power and control, at all costs.

# THE DEEP STATE HIVE MIND INDEX

We coined the term “Deep State Hive Mind Index” as a way to determine the relative contributions of the various actors involved in this massive collusion. Clearly, some of these players are more central to this hive mind than others.

Membership in the following Deep State shadow government activities were each given a “1” value, and Clinton speaking fees were given a “1” for each speech. Ohio State's Trustee President [Jeffrey Wadsworth](#) manages numerous intelligence units as CEO of Battelle Institute and therefore classifies Ohio State as a C.I.A. agent.

Ohio State is also the network hub for M.O.O.C. (Massive Open Online Course)—an evident agent of the Deep State shadow government to **steal university research data** and **brainwash students** using advanced C.I.A. [MKUltra mind control techniques](#) like virtue signaling and trolling. MKUltra never stopped despite Congress' order to shut it down. “Conspiracy theory!” you say? Open your eyes. Such reactions have been effective in hiding this diabolical program in plain sight. This is not 'conspiracy theory' if it is true. See FBI superstar Agent In Charge [Ted L. Gunderson](#) whistleblower revelations.

Criteria for the creation of the Index below:

1. Policy & Funding: National Infrastructure [Assurance](#) / [Advisory](#) Council (NIAC), the “safe harbor” concept to circumvent 4th Amendment privacy protections; safe harbor protections will expire on Sep. 30, 2017 which will likely and immediately expose all NIAC contributors to treason and sedition charges
2. FBI backdoor: [On Jun. 07, 1993](#), Podesta and James Chandler sponsored CRYPTO 1993 to give the FBI a backdoor key to the Internet
3. Judicial bribery: the “[safe harbor](#)” mutual fund concept
4. R&D: [IBM Eclipse Foundation](#) and the theft of Leader Technologies' social networking invention
5. NSA backdoor encryption: [NIST registration](#) of backdoor keys. See also [Dell ships backdoor keys](#)

TABLE 1: White House Technology Roundtable Participants (Jun. 19, 2017).

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. [Click here for a PDF version of Julie Davis' article.](#)

## WHAT IS THE DEEP STATE HIVE MIND?

One notable trend among these collaborators is their near universal involvement in the [IBM Eclipse Foundation started on Nov. 29, 2001](#). This foundation distributed the social networking invention of Columbus innovator Leader Technologies at no charge to the entire tech community. Of course, embedded in that code were Deep State requirements for backdoor keys and quid pro quo data sharing.

Is the adoption of the "Eclipse" symbolism merely coincidental? Or, is it intentionally selected Islamic symbolism signaling the unholy alliance between the globalist New World Order has and jihadi Islamic extremists?

## SACRIFICED MORALS FOR POWER AND MONEY

Evidently, these people sacrificed their morals and ethics to establish this unconstitutional and depersonalized "Internet of Things" to spy on you and steal all your best ideas to exploit among the hive mind elitists.

These people are like a hive of drone bees buzzing around their corrupt Queen Hillary.

Tellingly, Barack Obama even promoted the "Internet of Things" in his [Executive Order 13718](#). They probably thought no one was paying attention.

# MISPRISION OF A FELONY: DID THE ROUNDTABLE PARTICIPANTS COMMIT A FELONY BY NOT DISCLOSING THEIR DEEP STATE COLLUSION TO THE PRESIDENT?

The law is clear. It is a felony to have knowledge of fraudulent activity involving a contract with the federal government and not disclose it.

## 18 U.S. Code § 4 - Misprision of felony

“Whoever, having knowledge of the actual commission of a felony cognizable by a court of the United States, conceals and does not as soon as possible make known the same to some judge or other person in civil or military authority [including the President and his agency chiefs] under the United States, shall be fined under this title or imprisoned not more than three years, or both.”

Each of these Deep State participants has contracts with the federal government.

By remaining silent about their decades of fraud and crony capitalist collusion, is not each person who introduced himself or herself to President Trump guilty of misprision of a felony? In the opinion of our legal experts, yes.

## WHY WAS THE DEEP STATE DIGITAL KINGPIN CISCO ABSENT? GOOD QUESTION.

Conspicuously absent from the White House meeting is one of the Deep State kingpins—Cisco and its chairman John T. Chambers.

We digress for just a moment to give readers more context for the insidious Washington, D.C. corruption machine. Also missing the roundtable was FACEBOOK's Zuckerberg or Sandberg. However, since PETER A. THIEL is a director and major shareholder of Facebook, they were present, even if not introduced. This does not even consider that all or nearly all of the companies who did attend collude with Facebook. See [Jim Cramer's CNBC rant about Peter Thiel's unethical sale of Facebook IPO stock on May 22, 2012](#). Also present were former GOLDMAN SACHS executives who were the primary underwriters for the Facebook stock offering that **substantially funded the Deep State**.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

# CISCO HAS HELPED LEAD THE DEEP STATE TECHNOLOGY COLLUSION

From 2002-2006 Cisco's CEO John T. Chambers was vice chair of the National Infrastructure Assurance Council (NIAC) started under Bill Clinton as the main policy arm of the rogue C.I.A.'s takeover of the Internet. It was during this period that IBM and Cisco conspired with the rest of the technology world to steal Leader Technologies' social networking invention and convert it to a global spying platform.

These were also the formative years following the Deep State's rogue C.I.A. orchestration of the 9/11 false flag and The Patriot Act. This council was established under

Cisco's timeline shows that they were helping lead the development of the rogue C.I.A. surveillance system—almost completely outside the oversight of Congress and the American People. It also shows that Cisco has been a central figure in the Clinton-Obama-Soros-Russia axis:

**Judge Leonard P. Stark, U.S. District Court of Delaware,** trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here.](#))

He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

## HOW DO WE KNOW THE DEEP STATE ABUSED THEIR BUREAUCRATIC POWER?

The NIAC's own internal PowerPoint said that's what they were doing—by design. They clearly state that they will essentially **bribe vendors** with government contracts to get compliance with the plan:

### Recommendations – Cybersecurity Framework Adoption

**2. Use the Government's procurement power to encourage information technology suppliers to develop cybersecurity framework-compliant hardware and software.**

- Government procurement practices have numerous indirect benefits for the larger critical infrastructure community.
- It incentivizes suppliers to enhance the security of their products and services, which are often the same products and services used throughout the critical infrastructure security and resilience (CISR) community.
- Improvements to those systems and reducing the risk associated with hardware and software gaps also allow owners and operators to redirect their attention to other critical security concerns.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the

**FIG. 4: ON JAN. 17, 1961, PRESIDENT DWIGHT D. EISENHOWER** warned the world about the dangers for tyranny arising from a military-industrial complex. As the AFI investigation has uncovered, that day came on Sep. 29, 1999 when the C.I.A. began investing in hardware and software companies, thus essentially nationalizing, largely in secret, America's emerging digital infrastructure. This gave the C.I.A. an unprecedented and unaccountable ability to spy on everyone without a warrant. <https://youtu.be/orEurY6HdXU> | [Raw \\*.mp4 video](#)

Judge Wallach also failed to police his court when he failed to apply the Supreme Court's Pfaff v. Wells Electronics, Inc. test for on-sale bar evidence, which included even the Federal Circuit's own Group One v. Hallmark Cards, Inc. test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

**Clerk of Court Jan Horbaly**, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook.](#) Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. Brian Barrett. (Jun. 30, 2017). THE ENCRYPTION DEBATE SHOULD END RIGHT NOW. Wired.

WHEN LAW ENFORCEMENT argues it needs a "backdoor" into encryption services, the counterargument has typically been that it would be impossible to limit such access to one person or organization. If you leave a key under the doormat, a seminal 2015 paper argues, a burglar eventually finds it. And now recent events suggest an even simpler rebuttal: Why entrust a key to someone who gets robbed frequently?

This aptly describe US intelligence services of late. In March, WikiLeaks released nearly 9,000 documents exposing the CIA's hacking arsenal. More so-called Vault 7 secrets trickled out as recently as this week. And then there's the mysterious group or individual known as the Shadow Brokers, which began sharing purported NSA secrets last fall. April 14 marked its biggest drop yet, a suite of hacking tools that target Windows PCs and servers to devastating effect.

Staff. (Jul. 03, 2017). Cover-up! Obama buried Trump spying evidence for YEARS. The HORN NEWS.

Former President Barack Obama's administration spied on then-Republican presidential candidate Donald Trump, unmasked the names of private citizens, and leaked them for political reasons.

Now that members of the Obama team are facing potential jail time, the Deep State has pulled one last, desperate attempt to bury all the evidence.

They have removed all the records from government files and put them under lock and key for five years – inside Obama's private library.

Judicial Watch filed a Freedom of Information Act (FOIA) demanding everything related to the alleged Russian hacking scandal – especially anything produced by Susan Rice, Obama's national security adviser. In the past, Rice admitted she unmasked the names of Trump officials, feeding the phony story to the media that they colluded with Russia to steal the election.

But the government says those records are missing and are now sealed inside a library that hasn't even been built yet in Hoffman Estates, Illinois.

Numerous states are refusing to give information to the very distinguished VOTER FRAUD PANEL. What are they trying to hide?

The President asks a very important question. How much Democratic Party voter fraud is America going to tolerate? The Trump administration has requested voter records in order to investigate whether, or not, voter fraud was widespread. I echo the President's concern, what are these states hiding? What they are hiding is as plain as the nose on your face. The Democrats stole millions of votes in 29 states and the Democrats running these states are running for cover and are refusing a lawful order to release their voter information based on probable cause.

Special Counsel Mueller's investigation is out of control. @realDonaldTrump DOJ should shut it down.

<https://t.co/1Yr9Hiqkix>

Fitton joined "America's News HQ" this afternoon to explain after Mueller's latest hire of Andrew Goldstein, a former prosecutor who worked under Preet Bharara in New York.

Fitton questioned who is overseeing Mueller's day-to-day conduct, pointing to the 12 hires he has made for his legal team.

He noted that several of the lawyers donated to Democrats and it seems that the team is "searching for a crime."

"I don't understand what this investigation is about," he said, adding that there are constitutional questions that must be answered.

Mueller is conducting the investigation into Russia's meddling in the 2016 presidential election and whether the Trump campaign was involved.

There is a longtime and incestuous relationship between the fixers who have been tasked with taking down President Trump, under the fake narrative of enforcing the law. James Comey worked in the DOJ directly under Mueller until 2005. Rod Rosenstein and Mueller go even further back.

James Comey wasn't just some associate of Mueller back then, but rather his protégé. Under the George W. Bush presidency, when Comey was serving as Deputy Attorney General under John Ashcroft, Robert Mueller was Comey's go-to guy when he needed help. The two men, as it came to light years later, conspired to disobey potential White House orders to leave Ashcroft alone when he was incapacitated in March of 2004. These two men, when together, will not obey orders if they think they know better. Being filled with hubris and almost two decades of doing just about anything they want, they always think they know better.

Rod Rosenstein, current Deputy Attorney General under Attorney General Jeff Sessions, is also a member of the Mueller Gang, having worked directly under Robert Mueller at the Department of Justice as far back as 1990. When Comey was still working as the Deputy Chief of the Criminal Division for the U.S. Attorney's office in New York, Mueller and Rosenstein were becoming thick as thieves.

We look back at Rod's loyal work for Hillary Clinton, . . .

After Muslims had a violent reaction as two street preachers cited quotes from the Bible, the preachers were brought to court by prosecutors in the United Kingdom - and now they've both been cleared of charges.

However, a British Christian organization warns the message the prosecutors sent throughout the dispute is alarming: Submit to Islam's Shariah law, and the government will "enforce the Islamist agenda of prohibiting any criticism of Islam."

According the international Christian ministry Barnabas Fund, street preachers Michael Stockwell and Michael Overd were convicted in a lower court but then found not guilty of inciting public disorder at Bristol Crown Court.

The lower-court decision, from Bristol Magistrates Court, founded them guilty of an offense under the Crime and Disorder Act, and although the appeals court cleared them, the message left by the prosecution is concerning, the Christian organization explained.

Linda Sarsour, the Woman's March organizer and bombastic street-preacher for radical Islam, addressed the 54th annual convention of the Islamic Society of North America last weekend and called on all American Muslims to "stay outraged" and go on jihad against the Trump administration.

Sarsour, on the prime-time stage of the nation's largest Islamist organization, gave a fiery speech in which she told her audience not to assimilate into American culture.

If they are not constantly in a state of rage against the Trump administration, she said, they are traitors to Allah.

"Why sisters and brothers, why are we so unprepared? Why are we so afraid of this administration and the potential chaos that they will ensue on our community?" she asked. "I hope that when we stand up to those who oppress our communities, that Allah accepts from us that as a form of jihad."

The theme of the June 30-July 3 ISNA convention was "Hope and Guidance through the Quran."

Arkansas is the only state as of Friday to submit data to President Trump's voter integrity commission, according to the Justice Department.

Arkansas uploaded information at the request of the Presidential Advisory Commission on Election Integrity on Thursday, according to reports by BuzzFeed and The Washington Times.

"It may be that our submission was the only one so far, we have no idea on what schedule other states have for submitting their data," said Chris Powell, the assistant director for communications and education at the Arkansas secretary of state's office. "Since we were submitting the data electronically, we saw no reason for delaying our submission."

Muslims in the United States should not assimilate into American society, but should instead act "to please Allah and only Allah," said Linda Sarsour, a rising star among progressive Democrats, last weekend.

Sarsour's remarks were part of a July 1 speech given at the annual meeting of the Islamic Society of North America, or ISNA. She said:

Our number one and top priority is to protect and defend our community. It is not to assimilate and to please any other people in authority. Our obligation is to our young people, is to our women, to make sure our women are protected in our community, and our top priority, even higher than all those priorities, is to please Allah and only Allah.

Jack Montgomery. (Jul. 04, 2017). Emmanuel Bonaparte: Macron Declares He Will Govern Like a Roman God. Breitbart.

French president Emmanuel Macron has declared he will govern France like Jupiter, the Roman king of the gods, shortly after officials told the media his thought process was "too complex" for journalists to understand.

Summoning over 900 politicians from both houses of the French parliament to a rare Congress at the palace of Louis XIV - the 'Sun King' - in Versailles, he threatened to overrule lawmakers with a referendum if they try to frustrate the "reforms" he wishes to impose on the legislature. Such assemblies are usually reserved for times of national crisis.

Reuters reports him as saying he desires to reign as a "Jupiterian" president - "a remote, dignified figure, like the Roman god of gods, who weighs his rare pronouncements carefully".

## HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

the United States, but was denied," she added. "I also applied for entry visas for my children, so that they could be together with me over the Christmas holiday while I was working in New York on this lawsuit, but this was also denied. However, the United States did issue a parole letter for me to enter the United States in order to help defend this lawsuit," she wrote.

It was apparently during the time she was in the United States on that parole entry that she arranged to meet with Donald Trump Jr., Trump son-in-law Jared Kushner and former campaign manager Paul Manafort on June 9, 2016 at Trump Tower.

During the meeting Veselnitskaya raised the issue of restoring U.S. adoptions inside Russia if the United States would repeal the Magnitsky Act, a law passed in 2012 punishing Moscow for human rights violations in connection with the death of a lawyer who had discovered a massive money laundering scheme inside the country.

Vladimir Putin has long reviled the Magnitsky Act and fought to have it repealed. And according to letter from Senate Judiciary Committee chairman Charles Grassley, the Kremlin's main fight against the law was led by Veselnitskaya's client, Katsyv.

Another player in the Russian influence scandal, the U.S.-based political firm Fusion GPS, was also involved in helping Prevezon, Katsyv and Baker Hostetler, according to the Grassley letter.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale...
