FIG. 1 — ERIC H. HOLDER, JR. DEFENDS ROBERT S. MUELLER BECAUSE THEY ARE OLD BUDDIES.

Mueller and Holder drafted the rambling 208-page Department of Justice Department guidelines on Economic Espionage crimes with James P. Chandler. They are now trying to hang economic crimes around President Trump's neck after failing in their Russian hoax. The document is so discombobulated that these unscrupulous Deep State shadow government lawyers could convict a ham sandwich with it.

PAY-to-PLAY NEW WORLD ORDER
This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box.

Request for **DOWNLOAD** Congressional Intervention

(AUG. 04, 2017)—In Nov. 2000, James P. Chandler, Leader Technologies' patent attorney turned patent thief, compiled a Department of Justice guideline titled "PROSECUTING INTELLECTUAL PROPERTY CLAIMS." Cleverly

buried on page 14 is another excuse for a cabal of Justice Department insiders to colluded with impunity named "[The Intellectual Property Initiative](#)." Ever heard of it? Neither had we, and we're paying close attention to the machinations of these Deep State criminals. See Fig. 2 caption.

Try googling it. **It's FAKE!** It does not exist, except in this document! This guideline appears to be the playbook these swamp rats are using to try and take down President Donald J. Trump. While Chandler's name doesn't appear on the document per se, his trade secrets, economic espionage and intellectual property handiwork is notoriously known to Beltway intelligence, legal and political insiders. See [Timeline](#) for verifications.

This remarkable document places a number of Washington, D.C. lawyers together at the beginning of the Clinton Administration in the mid 1990's. Except for Janet Reno who is dead, these same people are currently prominent in the Trump-Russia witch hunt, along with their Deep State partners in the mainstream media, DNC and RNC with whom they collude.

Chandler's collaborators in these 2000 guidelines included Robert S. Mueller, III and Eric H. Holder, Jr. who were then U.S. Attorney and Assistant Attorney General respectively. Their boss was Clinton Attorney General Janet Reno of Waco infamey. They hired Paul Mogin of Williams & Connolly LLP to prosecute their first case under Clinton's and Chandler's freshly minted Economic Espionage Act of 1996, [U.S. v. Discussion of the Hsu case features prominently ([27 references to it](#)) in the Chandler-Mueller-Holder-Reno-Clinton document. Insiders say Chandler boasted inside the Beltway about Hsu since it was

[On Nov. 29, 2011](#), eleven years later, now Barack Obama's Attorney General Eric Holder made a single reference to it saying "in 1999, during my tenure as Deputy Attorney General - I helped to launch the Department's first intellectual property initiative." Besides being a [false statement](#) (the Initiative was announced in Nov. 2000), it is also [misleading](#) since the initiative was a [phantom group](#) evidently designed to give their spymaster James P. Chandler a job in the Deep State shadow government, and to prepare the social media technology that he had stolen from his client Leader Technologies for Barack Obama's ascension to the Presidency, which he announced on Facebook [on Feb. 10, 2007](#).

Tellingly, four of the Clinton's former Arkansas bodyguards (C. LeBleu, T. McKeaham, R. Williams, S. Willis) were shot in the head, execution style, at Janet Reno's Waco attack. And, Williams & Connolly LLP is the law firm hired by Barack Obama's State Department who stonewalled Congress during Hillary Clinton's private email server testimony as well as Lois Lerner's IRS stonewalling about the political targeting of the Tea Party.

Of course, in light of the current misconduct among these same individuals (save the murderer Reno, she's dead), this collection of former Clinton Administration characters is purely coincidental?

PROSECUTING INTELLECTUAL PROPERTY CRIMES

What Chandler failed to disclose to Leader Technologies is that he was feeding Leader's social networking invention to the Deep State shadow government at the same time. [See previous post.](#)

In the ultimate irony, Chandler was stealing Leader Technologies' social networking invention just as he was busily drafting a rambling 208-page guideline for prosecuting intellectual property crimes—like the very same crimes he was committing against his client Leader Technologies.

THE CHANDLER-MUELLER-HOLDER DOCUMENT IS A JOKE: IT COULD INDICT A HAM SANDWICH

The crimes reviewed in the document include counterfeiting, infringement of patents and copyrights, theft of trade secrets, bootlegging, organized crime, and economic espionage.

Chandler announced in the document "The Intellectual Property Initiative" with Eric H. Holder, Jr., then Deputy Attorney General and Robert S. Mueller, III, then U.S. Attorney. This Initiative occurred when Janet Reno was Attorney General and Bill Clinton was president.

FIG. 4—Announcement of "The Intellectual Property Initiative" including James P. Chandler, III (not identified but notoriously known to be the author of this document), Eric H. Holder, Jr. and Robert S. Mueller, III, Assistant Attorney General and U.S. Attorney respectively. Note that Chandler's earlier charter to assist the Judiciary with prosecution of economic espionage and trade secrets crimes from 1996 was set to expire on Oct. 11, 2001 (Introduction, pp. 1-2). This phantom "Initiative" allowed him to continue to collude with Holder and Mueller, in the name of "national security," of course. [Protecting Intellectual Property Crimes](#) guidelines (Nov. 2000), pdf p. 25.

[Click here to go to page PDF 25.](#)

The document is a **classical insider discombobulation**. It is evidently written by unscrupulous attorneys who intentionally muddy the waters with flowery verbiage that makes it easy for insider judges to make a law say whatever they might find useful later on.

It is legal puffery at its finest. Chandler's and Williams & Connolly LLP's 27 grandstanding references to the Hsu case is a good example.

It includes waffling guidelines for prosecuting and punishing a whole range of crimes that include counterfeiting and economic espionage.

These guidelines are so broad that they could indict a ham sandwich.

Notably, credits to Holder and Mueller have been removed at the Justice Department from the current version of these guidelines.

PREDICTION: BOGUS RICO CHARGES ARE IN THE TRUMP ORGANIZATION'S FUTURE

We hope we are wrong, but the tea leaves point to Mueller's co-conspirators cooking up RICO organized crime charges against the Trump Organization. Why? Because it will embarrass the President, and he cannot pardon an organization like he can individuals. It is the strongest set of charges against a company discussed in the guidelines.

W LL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Sickle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

We the People need to step in and use our Constitutional power over our dysfunctional, failing institutions to fix this.

Tellingly, the guidelines discuss the prosecution of companies with RICO organized crime statutes. **Why should we not be surprised if these rogue Deep State legal criminals attempt to accuse the Trump Organization of RICO organized crime offenses to hang around President Trump's neck? This conduct from people in whom we have put our trust for decades is simply outrageous and cannot be tolerated any longer by We The People.**

This document proves that the current Mueller investigation of President Trump is illegitimate since Mueller cannot possibly claim impartiality.

CHANDLER, MUELLER, HOLDER, RENO AND CLINTON HAVE BEEN COLLUDING FOR THE DEEP STATE **SINCE THE CLINTON PRESIDENCY**

The Intellectual Property Initiative promoted in 2000 by Chandler, Mueller, Holder, Reno and Clinton is more proof of their intimate political association and agenda.

Further, the Deep State's promotion of this bogus investigation of President Trump through Google, Facebook and Twitter using Leader Technologies' stolen social networking invention profoundly discredits these individuals. It also makes them co-conspirators in the theft.

Staff. (Aug. 05, 2017). BREAKING: FBI email dump reveals collusion between media and DOJ to squash 2016 Lynch Clinton meeting. The Right Scoop / Fox News.

A new email dump from the FBI via a FOIA request by the ACLJ reveals what appears to be collusion between the media and the DOJ to squash the story about the 2016 meeting between Loretta Lynch and Bill Clinton on the tarmac in Phoenix, AZ.

Also Comey reportedly said the FBI had no documents related to this meeting to fill a prior FOIA request. That apparently isn't true, given this new email dump.

Jim Hoft. (Aug. 04, 2017). COLLUSION! Liberal Media Hacks Caught Colluding to Kill Clinton-Lynch Tarmac Story (Video). Gateway Pundit.

The infamous Phoenix airport tarmac meeting between then-Attorney General Loretta Lynch and former President Bill Clinton is currently being investigated by the American Center for Law and Justice.

After pouring over documents connected to the meeting, the legal team says they were shocked to learn how dishonest the FBI under James Comey was in relation to the incident.

The ACLJ says they were shocked with the dishonesty of the Comey FBI regarding the controversial tarmac meeting.

"We have just obtained hundreds of pages in our ongoing investigation and federal lawsuit on former Attorney General Loretta Lynch's tarmac meeting with former President Bill Clinton while the Department of Justice (DOJ) and FBI had an ongoing criminal investigation into Hillary Clinton's emails," says a new report from officials with the American Center for Law and Justice.

"The results are shocking."

...However, from records that now have become available, "It is clear that there were multiple records within the FBI responsive to our request and that discussions regarding the surreptitious meeting between then AG Lynch and the husband of the subject of an ongoing FBI criminal investigation reached the highest levels of the FBI," the ACLJ reported.

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ullyot, who appears to have helped lead the Leader v. Michael Savage. (Aug. 05, 2017). MICHAEL SAVAGE: 'TAKING DOWN TRUMP' WOULD PROVOKE CIVIL WAR - 'All of you leftists who think you're going to steal our vote, you're wrong'. WND.

If the left succeeds in its effort to remove President Trump from office or renders him virtually powerless, America's working class - the "Eddies and Ediths" - will revolt, warned author and nationally syndicated talk-radio host Michael Savage.

Referring to a 1939 novel, Savage told his listeners Friday that "The Day of the Locust" will come and people will "resort to mob violence" when they "are finally aware of the fact that they've been tricked by their society, and that no matter how hard they work as middle class people" they are denied.

"That is what's going to happen in this country," Savage said. "You have not yet seen mob violence in this country. You've seen some mob violence instigated by George Soros' mobs. ... But you haven't seen the thing I'm telling you is coming in this country. You haven't seen the 'Day of the Locust' yet."

"The Day of the Locust" is a 1939 novel by Nathanael West that features an artist from Yale who comes to Hollywood and creates a painting called "The Burning of Los Angeles." The painting captures the despair of Americans who worked and saved their entire lives but failed to realize the American dream, prompting anger that boils over into destruction and mob rule.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

The required impartiality of a Special Counsel in the Russia probe is being absurdly ignored, yet no one in Washington, D.C. is stopping this witch hunt.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

OUR UNDERUSED CONSTITUTIONAL POWER:

We the People need to use our God-given power over our corrupt government and stop this lawless madness in our dysfunctional government.

Most of our officials appear to be compromised as a result of rampant spy blackmail (sex, drugs, pedophilia, innuendo) from illegal, warrantless NSA /CIA surveillance for decades—directed by the Clintonistas since 1993.

RT. (Aug. 05, 2017). Debbie Wasserman Shultz Planned to pay FLEEING suspect! Trump Nation.

Rep. Debbie Wasserman Schultz has broken her silence in the controversy over a former IT aide whom she kept on the payroll for months despite a criminal probe.

While Republicans are calling for a deeper investigation, Wasserman Schultz defended her handling of the matter in an interview published Thursday in the Sun Sentinel. She blamed the "right-wing media circus fringe" for the attention on former aide Imran Awan.

The former head of the Democratic National Committee suggested it's all part of an effort to distract from the investigation of Russian meddling in the 2016 campaign and possible ties to President Trump's team.

"Any opportunity they can to pull people's eyes and ears away from that they take," Wasserman Schultz told the newspaper. "The right-wing media circus fringe has immediately focused not on this run-of-the-mill investigation just reporting the facts, but jumped to outrageous egregious conclusions that they were trying to, that they have ties to terrorists and that they were stealing data."

Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader

Her colleagues in Congress, though, say there are serious security implications in her former staffer's case. One Republican is urging the Justice Department to probe the aide's ties to Pakistan, amid calls for Wasserman Schultz to testify as well.

"We have to investigate how our systems may have been compromised, and that may involve putting people in the [witness] chair," Rep. Ron DeSantis, R-Fla., told "Fox & Friends" earlier this week.

Comey, Rosenstein and Mueller

While everyone is looking at Robert Mueller as the culprit in this witch hunt of our President, we had better take a closer look at Rosenstein, the Deputy AG who appointed Mueller as special counsel for the DOJ and establishment infiltration. Comey, Rosenstein and Mueller are long time affiliates.

Never Trumpers Infiltrate Administration

Roger Stone feels that the Never Trumpers have infiltrated the administration via Reince Priebus, but I believe VP Pence is also responsible. How else does one explain CFR member, Dina Habib Powell, best friend of Valerie Jarrett, Huma Abedin, and CFR member Condoleezza Rice? Powell is Arabic and a former Goldman Sachs employee. She is the current U.S. Deputy National Security Advisor for Strategy to President Donald Trump under McMaster. She is also an Assistant to the President and Senior Counselor for Economic Initiatives.

Aaron Klein. (Aug. 06, 2017). McMaster Worked at Think Tank Backed by Soros-Funded Group that Helped Obama Sell Iran Nuclear Deal. Breitbart.

EL AVIV – White House National Security Adviser H.R. McMaster served at a UK-based think tank financed by a controversial, George Soros-funded group identified by the Obama White House as central in helping to sell the Iran nuclear deal to the public and news media.

From September 2006 to February 2017, McMaster is listed as a member of International Institute for Strategic Studies (IISS), where he served as consulting senior fellow. The IISS describes itself as a “world-leading authority on global security, political risk and military conflict.”

The IISS has been supportive of the Obama administration-brokered 2015 nuclear accord with Iran, and the group has repeatedly hit back against charges that Tehran has violated the agreement.

McMaster himself has been accused of purging the National Security Council of hardliners on Iran, and he is seen as a leading proponent of the Iran nuclear accord within the Trump administration. He has reportedly urged the White House to recertify Iran’s compliance with the Iran nuclear deal.

evident and intentional omission coming from a former patent law professor. After debunking all of Facebook’s evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See [Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr.

Lakshmi Arunachalam’s motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach’s behalf. See [a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court’s violation of Leader’s Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge’s chambers after he had just invalidated Facebook’s sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court’s *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit’s own *Group One v. Hallmark Cards, Inc.* test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
