United States Department of Commerce
1401 Constitution Avenue, NW
Washington, DC 20230

WRITER'S E-MAIL ADDRESS
rrizzi@omm.com

Dear Ms. Fredericks:

In preparing the OGE Form 278 (the "Form") for Penny S. Pritzker ("Ms. Pritzker"), certain fee income for the reporting period was inadvertently omitted from the separate attachment referenced at Page 91, Line 6, because of a clerical error and through no fault of Ms. Pritzker. A portion of this income includes fees received in the form of equity interests (in-kind). The equity interests received in-kind were already listed as assets in Schedule A of the originally filed Form and, where appropriate based on your conflicts analysis, are listed on Attachment A to Ms. Pritzker's Ethics Agreement, and will be divested.

The complete supplement to the original attachment referenced at Page 91, Line 6, is enclosed with this letter. Although the filer was not required to list separately the in-kind portions as income (because those portions are already set forth as assets elsewhere on Schedule A), it was impractical to separate the cash and in-kind amounts on the attachment, and therefore there will be some duplication of the amount of the fee income and the value of the equity interests set forth on the Form. We have also enclosed supplemental pages to Schedule D - Parts I and II, to incorporate additional consulting positions and sources of income that correspond to the additional fee income reflected on the supplemental attachment.

Sincerely,

Robert Rizzi
of O'Melveny & Myers LLP

Ms. Barbara Fredericks
Assistant General Counsel for Administration
United States Department of Commerce
1401 Constitution Avenue, NW
Washington, D.C. 20230

Dear Ms. Fredericks:

The purpose of this letter is to describe the steps that I will take to avoid an actual or apparent conflict of interest in the event that I am confirmed for the position of Secretary, U.S. Department of Commerce.

As required by 18 U.S.C. § 208(a), I will not participate personally and substantially in any particular matter that has a direct and predictable effect on my financial interests or those of any person whose interests are imputed to me, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2). I understand that the interests of the following persons are imputed to me: any spouse or minor child of mine; any general partner of a partnership in which I am a limited or general partner; any organization in which I serve as officer, director, trustee, general partner or employee; and any person or organization with which I am negotiating or have an arrangement concerning prospective employment.

I will divest my interests in the entities listed in Attachment A within 90 days of confirmation. With regard to each of these entities, I will not participate personally and substantially in any particular matter that has a direct and predictable effect on the financial interests of the entity until I have divested it, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2). Following confirmation and before commencing any duties that could require me to participate in a particular matter, I will promptly meet in person with the Department of Commerce's ethics office and notify that office of any and all additional assets acquired subsequent to signing this ethics agreement. I will abide by your decision regarding the divestiture of any or all such assets and will accomplish the divestitures within 90 days of my confirmation.

Upon confirmation, I will resign from my positions with the entities listed in Attachment B. For a period of one year after my resignation from each of these entities, I will not participate personally and substantially in any particular matter involving specific parties in which that entity is a party or represents a party, unless I am first authorized to participate, pursuant to 5 C.F.R. § 2635.502(d). Also, upon confirmation I will resign from my position with the President's Economic Recovery Advisory Board.

Upon confirmation, I will resign from my position with Hyatt Hotels Corporation. I own shares of Hyatt Hotels Corporation common stock. I also own restricted stock units in Hyatt Hotels Corporation. Pursuant to the terms of Hyatt Hotels Corporation Deferred Compensation

Plan for Directors, all restricted stock units will be converted to Class A shares of Hyatt Hotels Corporation stock upon my resignation from the Board. I do not own any vested or unvested stock options for shares of Hyatt Hotels Corporation common stock. I have been advised that the duties of the position of Secretary may involve particular matters affecting the financial interests of Hyatt Hotels Corporation and other hotel related entities in which I have a financial interest. The agency has determined that it is not necessary at this time for me to divest my interests in these entities because my recusal from particular matters in which these interests pose a conflict of interest will not substantially limit my ability to perform the essential duties of the position of Secretary. Accordingly, I will not participate personally and substantially in any particular matter that has a direct and predictable effect on the financial interests of any of these entities, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

I served on the Board of Directors for the Wm. Wrigley Jr. Company until January 2005, and participated in the company's deferred compensation plan. I am entitled to receive a cash payment from the company in 2020. I will not participate personally and substantially in any particular matter that has a direct and predictable effect on the ability or willingness of Wm. Wrigley Jr. Company to provide this contractual benefit, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

I understand that as an appointee I am required to sign the Ethics Pledge (Exec. Order No. 13490) and that I will be bound by the requirements and restrictions therein in addition to the commitments I have made in this and any other ethics agreement.

Finally, I have been advised that this ethics agreement will be posted publicly, consistent with 5 U.S.C. § 552, on the website of the U.S. Office of Government Ethics with other ethics agreements of Presidential nominees who file public financial disclosure reports.

Sincerely,

Penny S. Pritzker

Morgan Stanley Funds in Big Facebook Bet

By Aaron Lucchetti and Telis Demos
Updated Aug. 24, 2012 11:57 a.m. ET

U.S. mutual funds run by [Morgan Stanley](#), [MS -0.12%](#) the lead underwriter in Facebook Inc. FB \$16 billion initial public offering, have disproportionately high investments in the social-media company, leaving fund shareholders exposed to the stock's big drop since its May 18 IPO.

New data show that eight of the top nine U.S. mutual funds with Facebook shares as a percentage of total assets are run by Morgan Stanley's asset-management arm, according to fund tracker Morningstar Inc.

Morgan Stanley had a crucial role in lining up orders for Facebook as the social-media company prepared to go public. It helped advise Facebook executives to increase the size and price of the IPO, despite warnings the company was making about its profit outlook. The New York securities firm, which declined to comment, took in \$200 million in underwriting fees and trading profits,

according to regulatory filings and people involved in the deal.

The Morgan Stanley funds that have Facebook shares got many of them before the IPO at prices well below the \$38 offering price.

That means that fund shareholders may still have paper gains on their Facebook purchases, depending on when the fund bought their original stake. It also means the funds have been unable to sell any of their pre-IPO holdings.

The company's mutual funds have made large bets on other big-name technology companies in recent years, including bets on [Apple Inc.](#), AAPL +1.48% [Amazon.com Inc.](#) AMZN -1.06% and [LinkedIn Corp.](#) LNKD +0.14% whose values have all surged this year.

Still, the Morgan Stanley funds' large stakes raise questions about whether the firm's role as lead underwriter influenced decisions.

A large investment bank that simultaneously buys and sells shares in any company "is in this conflicted position," said Frank Partnoy, a law professor at the University of San Diego who worked for Morgan Stanley in the 1990s. "This time it didn't work out."

The funds span the \$1.6 billion Focus Growth fund to the \$2.5 million Institutional Global Advantage fund.

Morgan Stanley's funds don't appear to have violated Securities and Exchange Commission rules limiting investments in offerings underwritten by an affiliate. SEC rules allow bank-affiliated mutual funds to participate in offerings in which the bank's investment bankers are advising the company, as long as the fund managers don't buy more than 25% of the deal and they buy the shares from a different bank.

The concentration of Morgan Stanley's funds stands out when compared with funds operated by other large institutional holders of Facebook stock.

Morgan Stanley Focus Growth Portfolio had 5.7% of its assets in Facebook shares as of July 31, according to Morgan Stanley's website, while Morgan Stanley Institutional Opportunity Portfolio had 5.5% and Morgan Stanley Institutional Growth Portfolio had 4.8%. Others among the eight Morgan Stanley mutual funds range between 3.6% and 4.6%. Those proportions ranged between 5% and 7.8% on June 30, according to the most recent Morningstar data that included other fund families.

"It's surprising that so many Morgan Stanley affiliated funds out of the thousands of mutual funds show up as having

extremely big weights," said Jay Ritter, a professor of finance at the University Florida.

Morgan Stanley isn't the largest institutional holder of Facebook.

Larger holders by dollar value include Fidelity Investments, [T. Rowe Price Group](#) Inc. TROW -0.79% and Goldman Sachs Asset Management, a unit of underwriter [Goldman Sachs Group](#) Inc. GS -0.24% Goldman also owned Facebook shares before its IPO

Goldman's most concentrated mutual fund position in Facebook was the Technology Tollkeeper fund, with Facebook making up 2.85% of its portfolio as of the end of June.

No mutual funds operated by Fidelity or T. Rowe Price, two other large institutional holders, publicly reported holding more than 1% of their portfolios in Facebook through June.

Many of the Morgan Stanley funds are sold to institutions only, and require a \$5 million minimum investment.

Morgan Stanley Multicap Growth Fund—one fund open to retail investors, including Morgan Stanley Smith Barney brokers—had a stake in Facebook as early as November 2010, when Facebook shares were valued at about \$13. They closed Thursday at \$19.44, down 49% since the IPO.

In June, a commentary on Morgan Stanley's fund website noted that Facebook and other technology stocks were "the leading detractor in the portfolio this quarter," attributing the decline in Facebook shares "to post-IPO volatility."

Under SEC rules, mutual fund managers also are bound by fiduciary duties to look out for their investors' interests over their own.

There's no sign that fund managers at Morgan Stanley bought Facebook shares because of the firm's underwriting relationship with Facebook, or to help curry favor with Facebook executives who chose Morgan Stanley for a key underwriting assignment in the spring IPO.

Mr. Ritter cited "psychological factors" as a possible explanation for the large investments, driven by the fact that many of the funds owned a big chunk of Facebook shares before the company sold shares to the public.

"There's a tendency to fall in love with what you've got rather than stepping back," said Mr. Ritter. Many Morgan Stanley funds added to their pre-public stakes during the month of the IPO—a sign, he said, that "they were drinking the Kool-Aid and became true believers."

Morgan Stanley has streamlined its mutual fund business under Gregory Fleming, who runs both the firm's asset management and wealth management units. Morgan Stanley's asset management at the end of June managed \$311 billion and produced \$456 million in revenues.

Morgan Stanley funds with the strongest liking for Facebook are overseen by Dennis Lynch, the firm's head of growth investing. A Morgan Stanley spokesman declined to comment on behalf of Mr. Lynch.

Who Else Has a Big Bet on Facebook

By Telis Demos

We [reported this morning about the concentration](#) of Facebook stock in the portfolio of one group of investors, several mutual funds operated by Morgan Stanley Asset Management. But that is not where the concentration of Facebook stock ends.

AFP/Getty Images

According to fresh data from Ipreo, which has tallied up the public filings by all investors, a relatively large chunk of Facebook stock just three months after its \$16 billion IPO in May is held by the company's 10 largest institutional investors (that excludes insiders, like CEO Mark Zuckerberg, and the early VC investors, like Accel Partners).

The top 10 "accounts," in banker-speak, represent about 50% of Facebook's institutional ownership, according to Ipreo, the capital markets data firm. That tops the 42% concentration for the top 10 institutions for all second quarter tech IPOs three months after they went public. Across more comparable \$1 billion-plus IPOs since 2010, the concentration is even lighter: The top 10 institutional accounts held 32% of those companies' shares.

This data, keep in mind, does not tell us who bought the IPO. That's a closely guarded secret held by the lead underwriters. These figures are based on public disclosures as of June 30. They are at best a proxy for how the IPO was actually distributed.

So who are the biggest betters — by total number of shares, not necessarily by weighting within the fund — on Facebook? Morgan Stanley Asset Management is only the fifth largest holder by that measure, according to Ipreo. Above them are Goldman Sachs Asset Management, Baillie Gifford & Company, Fidelity Investments, and T. Rowe Price Group Inc. Rounding out the top 10 are BlackRock Inc., Sands Capital Management LLC, Jennison Associates LLC, The Vanguard Group Inc. and Capital Research Global Advisors Inc.

Some of those investors were big pre-IPO holders. Goldman Sachs famously marketed a fund with pre-IPO Facebook stock to international investors, which accounts for a big chunk of its holdings. T. Rowe Price and Fidelity also bought in before the IPO. The point here is that they all may still be sitting on Facebook stock gains, depending on when exactly they got into the stock.

Others, however, appear to have gotten in primarily via the IPO, or after it began trading. That includes Baillie Gifford, an Edinburgh-based fund management giant that manages assets of £76.0 billion (\$120 billion). They are a sub-advisor to some large fund management families, like Vanguard, but also manage money on behalf of giant pension funds such as the California Public Employees' Retirement System (CALPERS), the New York City Police Pension Fund and the Korea National Pension Service, according to their website. The firm did not return requests for an interview.

Some of the big investors are also there just because they have to be. BlackRock and Vanguard operate many index funds that may have bought Facebook stock solely because it likely will be a member someday of indexes such as the S&P 500 and Nasdaq 100, and is already in indexes such as the Russell 1000.

What speaks loudly are the absences of firms that are typically very big holders of recently IPO'd companies. Citadel Advisors, which bought 17 other second-quarter IPOs according to Ipreo, owned just 167,164 Facebook shares at the end of June. Wellington Management Company LLP and Lord Abbett & Company LLC, which bought 11 second quarter IPOs, both held fewer than 1m shares. For context, Baillie Gifford reported holding 19 million shares.

RANK	NAME	TOTAL AUM	FB SHARES AS OF JUNE 30
