PANAMA PAPERS PROVE ILLICIT HILLARY CLINTON TIES TO FACEBOOK, GOLDMAN SACHS, RUSSIAN OLIGARCHS AND STATE DEPARTMENT RIGGING OF COURTS & PUBLIC MARKETS

FIG. 1—HILLARY R. & WILLIAM J. CLINTON. According to the just-released Panama Papers database, Hillary Clinton's State Department contracts with Facebook starting in 2009 tie her to a "weasely" world (term just coined by The Center for Public Integrity to replace the undeserved "elite" word often used for this crowd of thieves) of offshore shell companies that are secretly moving many hundreds of billions of dubious funds around the world. Worse for Hillary is the fact that these revelations prove that she conspired with foreign governments and the private sector to defraud the American people.

NEWS UPDATE: MAY 16, 2016—"WACKY" SANDBERG FEMINISM: Facebook COO Sheryl K. Sandberg's 1991 Harvard senior thesis was just released to Breitbart News. It concludes that domestic violence is caused by "traditional attitudes" and "western society." Remarkably, Sandberg failed to compare the plight of women in the Islamic world with women in the West. Sandberg wrote "the hierarchical, male-dominated society..." and then failed to draw comparisons to the more equal society of the West.

dominant nature of Western society’ and the ‘pervasive influence of patriarchy’ are the main triggers for violence against women. She concluded that 95% of domestic violence is against women when the real number is roughly 50-50. Brietbart journalist Milo Yiannopoulos labeled the thesis ‘wacky’ feminism. Sandberg credits her college advisor Lawrence H. Summers. Summers later hired her at the World Bank in 1993 (along with Russian Yuri Milner), then later as his chief of staff as Clinton Treasury Secretary. The threesome today play prominently with Obama, Clintons, Silicon Valley and Wall Street in Washington corruption. Judicial Watch uncovered intimate collaboration between Sandberg and Hillary Clinton (see below). Clearly, the co-mingling of gender politics and stolen social networking technology began decades ago. Also notable, Sandberg claimed copyrights on her thesis, yet she and Facebook abuse Leader Technologies’ patents and copyrights for social networking daily. Selective abuses appear permissible in Sandberg’s world. Click here for the Sandberg thesis download (10 MB).

**ORIGINAL POST**

(MAY 12, 2016)—On Jan. 23, 2009, three days after Barack Obama’s inauguration, Hillary Clinton, hired Princeton University law professor Anne-Marie Slaughter as her chief policy advisor at the State Department.

Slaughter’s book “A New World Order” (Princeton Univ. Press, 2004) advocates public-private partnerships where “private incentives are harnessed to public goals.”

For a new Secretary of State needing an overarching vision for her agency, Slaughter appears to have filled the void. However, Slaughter’s philosophy appears to do little more than smear lipstick on the pig of Crony Capitalism. Readers should note that Slaughter is related by marriage to George Soros—the infamous financier of the new world order.

“DISAGGREGATION”

Hillary wasted no time implementing Slaughter’s philosophy of “disaggregation” of governance. Slaughter stated in a State Department speech on Apr. 12, 2004 at the publishing of A New World Order:

**SLAUGHTER (2004):** “The state is not disappearing, it’s disaggregating, meaning it is simply operating through all its different branches, regulatory agencies, through judges, through legislators, and they are all networking with one another.”

Slaughter’s lipstick defines anarchy.

**ANARCHY:** “a situation of confusion and wild behavior in which the people in a country, group, organization, etc., are not controlled by rules or laws.” (Merriam-Webster).

Bottom line, Secretary of State Hillary Clinton followed the policy advice of an anarchist. It appears that America as we have known it is the target. Their vision appears to be to replace the U.S. Constitution with a global corporate policy manual.

**DEVOLUTION OF SOVEREIGN GOVERNMENTS INTO SELF-REGULATING AGENCIES**
According to Slaughter’s philosophy, Bill and Hillary Clinton’s wanton conduct is permitted as the natural devolution of government independently operating through interlocked agencies. The pesky details, like who appoints these agency heads and holds them accountable, are ignored in the rush to self-enrichment.

HILLARY HAS REPLACED THE U.S. CONSTITUTION WITH “DISAGGREGATION” WHERE DECEPTION AND THEFT ARE ACCEPTABLE IF THE GOAL IS ACHIEVED

Hillary wasted no time disaggregating at the State Department. For example:

1. **PRIVATE EMAIL SERVER**: Hillary set up her own private email server to conduct official business secretly in violation of many national security laws and common sense.

2. **BLUMENTHAL**: Hillary secretly hired Sidney Blumenthal as political advisor over White House objection. Blumenthal then provided reams of rogue advice but was accountable to no one.

3. **BILL’S URANIUM JUNKET**: Hillary approved the sale of critical uranium mining interests to Russia that netted $152 million in donations to The Clinton Foundation in violation of ethics laws.

4. **LEADER V. FACEBOOK OBSTRUCTION OF JUSTICE**: Hillary obstructed justice in the Leader v. Facebook social networking patent infringement case by contracting with Facebook and thus tampering with Facebook witnesses.

The list is long... We can only imagine what she is up to now.

THE PANAMA PAPERS REVEAL HILLARY’S SECRET OFFSHORE FINANCING SCHEME

On Sep. 26, 2009, Hillary paid $120,000 to Facebook for an “election winning template” in preparation for the 2010 midterm U.S. election. See [previous post](https://americans4innovation.blogspot.com/2016/05/hillarys-secret-offshore-financial.html?m=0).

This U.S. State Department–Facebook contract proves: (1) obstruction of justice in Leader v. Facebook by interfering with Facebook witnesses to that case, and (2) election tampering by Hillary and the State Department.

The Panama Papers also uncover a third problem with Hillary’s Facebook contracts: (3) a secret offshore Clinton financing network enriched by Facebook contracts and underwritten by Goldman Sachs.

DST USA II LIMITED, FACEBOOK, GOLDMAN SACHS, ALISHER USMANOV,
YURI MILNER, VLADIMIR SKOCH & ARDAVAN FARHAD MOSHIRI

The Isle of Man is a postage stamp island in the Irish Sea that facilitates tens of billions of dollars in dubious Russian cash to and from Facebook through the British Virgin Islands, among other places.

The Panama Papers, the giant leak of more than 11.5 million financial and legal records of secretive offshore companies, further embroils Bill and Hillary Clinton in crime, corruption and cover ups.

On Apr. 09, 2016, the International Consortium of Investigative Journalists (ICIJ) released the full Panama Papers database for public review and download. This database is the source of this new evidence against the Clintons and Facebook.

FIG. 5—ISLE OF MAN. Bill & Hillary Clinton’s secret Russian money laundering “intermediary”

FIG. 6—FACEBOOK DISCLOSED ONLY A FEW OF USMANOV’S MANY FACEBOOK INTERESTS. On May 26, 2009, just months after Obama and Hillary took office, DST’s Yuri Milner appeared out of thin air in Palo Alto, CA. Milner invested $200 million in Facebook. Tellingly, Milner did not demand a seat on the board of directors or oversight of his investment. Hindsight shows that Milner, Usmanov and DST (aka Digital Sky Technologies) were tapped by Milner’s 20-year mentor, Lawrence Summers, to pump Facebook’s pre-IPO stock value, then dump the stock right after the IPO. Goldman Sachs underwrote all this illicit conduct. Pundits like CNBC’s Jim Cramer were openly appalled at the insider conduct, but were quickly muzzled by CNBC owners who were all in on this weasely enrichment game with Hillary and Bill. ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!
Russian oligarch Alisher Usmanov’s secret entity network funnels tens of billions of dollars to and from Facebook. All of these entities have been enriched by Hillary Clinton’s State Department contracts with Facebook.

WHO ARE THESE PEOPLE?

**ALISHER USMANOV**—Became “The Richest Man in Russia” after cashing out his Facebook stock. Vladimir Putin confidante. Yuri Milner business partner. Both Milner and Usmanov are Sheryl K. Sandberg, Facebook COO, collaborators and protégés of Lawrence Summers.

**VLADIMIR SKOCH**—Deputy in the Russian Duma, Russia’s national legislative body. In reality, the Duma is largely a rubber stamp for Vladimir Putin.

**ARDAVAN FARHAD MOSHIRI (PERSIAN: ﻓﺮﻫﺎﺩ ﺛﺍﺭداو ﻓﺮﻫاد مُشیری)**—British-Iranian business man in U.K. and Russian steel and energy living in Monaco. Moshiri is a serial investor in Usmanov entities.

All of the entities shown in the relationship map above are controlled by Usmanov.

**DST USA II LIMITED** was a pre-IPO (initial public offering) investor in Facebook. Ref. SEC Form 4, May 24, 2012.

**BRETT SINCLAIR ARMITAGE, BRIDGEWATERS (IOM) LIMITED**—The company representative who signed the SEC Form 4 was Brett Sinclair Armitage. Armitage is managing director of a registered companies’ agent in the Isle of Man named Bridgewaters (IOM) Limited. “IOM” = “Isle of Man”

Bridgewaters is identified in The Panama Papers as the “Intermediary” for 200 entities in the Isle of Man and one (1) entity in the United Kingdom.

Armitage identifies himself as a director of DST USA II Limited, which makes him a fiduciary in the United States and subject to US securities law.

**URASIA MINING LIMITED**, Bridgewaters (IOM) Limited was also the intermediary for UrAsia Mining Limited. The Panama Papers show that UrAsia was incorporated in the Isle of Man on Apr. 12, 2006 and “struck off” 18 months later on Oct. 31, 2007.

BRIDGEWATERS’ URASIA RELATIONSHIP TIES CLINTONS UNMISTAKABLY TO MULTIPLE FLOWS OF TENS OF BILLIONS OF RUSSIAN FUNDS TO AND FROM FACEBOOK AND URASIA (URANIUM) MINING

In short, the same Isle of Man intermediary, Bridgewaters (IOM) Limited, managed the flow of $3.1 billion Russian UrAsia funds to Bill Clinton’s friend and Clinton Foundation donor in 2007. Then, managed the flow of dubious Russian funds into Facebook to pump its pre-IPO valuation to $100 billion. This is after Hillary Clinton as Secretary of State issued over a dozen contracts with Facebook, including “communications services” contracts to develop a “template for winning elections” prior to the 2010 midterm U.S. elections. GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook’s Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. Click here to read her article “Everybody hates whistleblowers.” Examiner.com, Apr. 10, 2012. Here’s an excerpt:

“Skillful manipulation of the firm’s extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage.”

This statement followed right after Davis cited Facebook’s chief inside counsel in the Leader v. Facebook case, Theodore Ullyott, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner that instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. Any benefit provided by Hillary Clinton and the State Department to Facebook dramatically benefits this labyrinth of secret offshore Facebook financing, all leading to Alisher Usmanov, Yuri Milner and Sheryl Sandberg, Larry Summers’ protégés.

Barack Obama, himself a product of this Harvard cabal, like Sandberg and Summers, was surely not ignorant of these secret associations. Why else would he have appointed Larry Summers to manage the so-called “bailout” where tens of billions of dollars were sent overseas to enrich Hillary’s private financial empire?

NO OBAMA SANCTIONS FOR HILLARY’S SECRET RUSSIAN FINANCIERS

Remarkably, in the latest round of Ukrainian sanctions, Obama did not sanction Usmanov, Milner, Skoch or Moshiri. Why would he? They have helped finance Facebook’s U.S. election rigging at Hillary’s request. That election rigging helped Barack Obama win the 2012 election.

LARRY SUMMERS, CHIEF ECONOMIST OF HILLARY’S NEW WORLD ORDER

When Bill Clinton became President in 1993 he appointed Lawrence H. Summers, former Harvard economics professor and World Bank chief economist, to the Treasury Department. Summers became Clinton’s Treasury Secretary on Jul. 02, 1999. Click here for U.S. House Oversight Briefing and Summers-Sandberg-Milner Timeline.

HARVARD HUBRIS AT ITS FINEST

Sandberg and Milner supported [Summers' reckless recommendation] that the collapsing Soviet economy adopt a privatization voucher system—even though only Russian organized crime had access to Western currency to buy the vouchers.

Most economists point to Summers as the ignominious father of corrupt Russian oligarchy. This makes Sandberg and Milner Russian oligarchy’s bastard children.

Summers also led the efforts in the Bill Clinton Administration to destroy the wall of separation (Glass-Steagall Act of 1933) that forced banks to keep investment banking from investor funds, and argued strongly against the regulation of derivatives. Both changes were primary causes of the Great Recession of 2008.

Q: WHERE ARE SANDBERG AND MILNER TODAY? A: (PRIVATELY) MANIPULATING GLOBAL MESSENGING & DIGITAL TRANSACTIONS

No wonder Hillary Clinton wanted her own private email server. She knew how her "public-private partners" are compromising electronic communications around the world

SHERYL K. SANDBERG introduced Gmail at Google in 2004, then she became chief operating officer at Facebook in 2008. Goldman Sachs was Facebook’s underwriter.

Sandberg is and has been responsible for:
(1) Gmail, (2) Facebook, (3) Facebook Messenger (IBM Eclipse Foundation, MQTT technology), (4) Instagram, (5) WhatsApp and (6) AOL (See Marne L. Levine (Deutch) below).

3. Two Policy Changes That Will Make America More Democratic (and less contentious), Dec. 21, 2012

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness, . . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney “dark arts,” destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury’s admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook’s appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news
(No wonder Hillary wanted her own private Email server. She knew the way the world’s communications was being snooped by her “public-private partners.”)

MARNE L. LEVINE (DEUTCH) has intimate relationships with Sandberg, Clinton, Summers, IBM Eclipse Foundation and Milner. In fact, she appears to be an insider goat for the Cartel. Deutch is the daughter-in-law of the son of disgraced former CIA director John M.Deutch. Deutch was pardoned by Bill Clinton for having classified information on his personal home computer on the same day that Clinton appointed Leader Technologies’ patent attorney, James P. Chandler, III to the National Infrastructure Assurance Council (NIAC).

The NIAC has become a private intelligence organization for the White House.

Kappos is a protege of Leader Technologies’ former patent attorney, James P. Chandler, III, who is a legal confidante of IBM, Eric Holder, Bill and Hillary Clinton and Barack and Michelle Obama.

Goldman Sachs also brokered the Bill Clinton UrAsia/Uranium One deal in Kazakhstan that netted $152 million to The Clinton Foundation (2005-2007).

On May 11, 2016, whistleblower financial analyst Charles Ortel reported “gross charity fraud” at The Clinton Foundation. The Panama Papers expose a secret global financial playground for Hillary and Bill where morals and laws are mere speed bumps

The Panama Papers, the giant leak of more than 11.5 million financial and legal records of secretive offshore companies, embroils Bill and Hillary Clinton still further in crime, corruption and cover ups.

On Apr. 09, 2016, the International Consortium of Investigative Journalists (ICIJ) released the full Panama Papers database for public review and download.

The papers expose a convoluted mix of shady companies and lawyers. Hillary’s Russian conspirators have offices in the Isle of Man, Virgin Islands, Belize, Cayman Islands, Dubai and Hong Kong.

Hillary’s partners include Russians, Goldman Sachs, Facebook, Larry Summers and the State Department.

Hillary’s “Sugar Daddy’s” include Russians Yuri Milner, Alisher Usmanov and Vladimir Skoch, as well as British-Iranian Farhad Moshiri. They hold shares in DST USA II Limited --a Virgin Islands company managed from the Isle of Man.
DST AND GOLDMAN ARE BENEFICIARIES OF HILLARY’S FACEBOOK CONTRACTS AT THE STATE DEPARTMENT

The following DST and Goldman entities - all beneficiaries of Hillary’s State Department contracts with Facebook - enriched themselves by cashing out on Day 3 of the Facebook initial public offering at $37.582 per share.

DST USA II LIMITED is related to a string of related Usmanov companies (links to U.S. SEC Facebook Form 4 Insider Trading filings on May 24, 2012 following the start of the intitial public offering). The beneficiary entities in yellow highlighted bold red were not disclosed in the Facebook public offering.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells Electronics, Inc. — an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook’s evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. HILLARY, GOLDMAN SACHS CO–CONSPIRATOR

FIG. 23—MARY L. SCHAPIRO
Chair, U.S. Securities & Exchange Commission
(Jan 20, 2009 to Nov 26, 2013). Barack Obama nominated Schapiro the same day as Hillary Clinton. She
held more undisclosed Facebook interests than anyone else in
Obama’s cabinet. She ignored the Goldman Sachs “dark
pools” trading in Facebook pre-IPO insider stock to
foreigners like Usmanov,
Milen, DST and Muri ru that
pumped Facebook’s valuation
to $100 billion
This turning of
blind eyes by Schapiro and the
SEC was an obscene violation
of the 500-shareholder trading
limitation on unregistered
stock. Ethics and fair play
were willfully damned by
these transactions

MARY L. SCHAPIRO, AS CHAIR OF THE U.S.
SECURITIES & EXCHANGE COMMISSION,
APPROVED THE GREATEST FINANCIAL CRIME IN
THE HISTORY OF THE WORLD IN TERMS OF THE
VALUE OF LEADER TECHNOLOGIES’ SOCIAL
NETWORKING INVENTION

Tellingly, Goldman Sachs’ sale of pre-IPO “dark pool”
Facebook insider stock was stopped for U.S. investors due to
questions as to whether they were violating the 500-
shareholder rule. Once U.S. investors were blocked, these
DST Russian entities evidently flooded in. SEC Chair
Mary L.
Schapiro turned a blind eye given her massive holdings in
Facebook interests. Former Commerce Secretary
Rebecca M. Blank (June 11, 2012 – June 1, 2013) was also involved in
these schemes and holds the second highest number of
disclosed Facebook interests in the Obama cabinet, yet
did not recuse herself in Patent Office business (run by the
Commerce Department under the Executive Branch) re.
Leader Technologies and Facebook, despite numerous
requests from Leader’s shareholders, Leader reports.

AT LEAST SEVEN BIG PROBLEMS WITH
HILLARY’S FACEBOOK CONDUCT

1. GOLDMAN SPEAKING FEES: The Clintons have been paid $1,150,000 in speaking fees
by Goldman Sachs (2004 and 2012). Therefore, she had a public duty to recuse
herself from any matter involving Goldman Sachs as a beneficiary, including her
State Department contracts with Facebook.

2. GOLDMAN/DST PARTNERSHIP (MOSCOW): Goldman Sachs is a Moscow partner of
DST, Digital Sky Technologies, Mail.ru, Alisher Usmanov, Yuri Milner and Farhad
Moshiri. Therefore, she had a public duty to recuse herself from any matter
involving Goldman Sachs as a beneficiary, including her State Department contracts
with Facebook.

3. VLADIMIR SKOCH: Skoch is a member of the Russian Duma. Therefore, Hillary had
a duty to recuse herself from any matter involving Skoch as a beneficiary, including her
State Department contracts with Facebook.

4. INCESTUOUS SUMMERS, MILNER, SANDBERG, GOLDMAN, FACEBOOK, DST
INTERRELATIONSHIPS: Obama appointed Larry Summers to lead the National
Economic Council in Nov. 2008. This included Summers’ oversight of $13 billion in
TARP funds to Goldman Sachs. Goldman underwrote and invested in Facebook.
Goldman underwrote DST’s Facebook investments. Goldman was partnered with DST

Readers should note that Goldman Sachs knows the rules
about disclosing related beneficial interests on their own
Facebook account, yet profoundly (and criminally?) failed
to require similar disclosure from DST, Milner, Clinton,
Sandberg, Summers and Usmanov related entities. Such
nondisclosure is securities fraud. The collaboration of
these various individuals and entities amounts to
organized crime.

DISCLOSE CONFLICTS OF INTEREST. Judge
Wallach continued in silence even
after Clerk of
Court Horbaly
failed to provide
him with Dr.
Lakshmi Arunachalam’s motions
(according to his Federal Circuit
staffer Valeri White), and yet
the Clerk signed an order regarding
that motion on Judge Wallach’s
behalf. See a full analysis of these
events at Donna Kline Now! Judge
Wallach also failed to police his
court’s violation of Leader’s Fifth
and 14th Amendment constitutional
right to due process when he
participated in the fabrication of
new arguments and evidence for
Facebook in the secrecy of judge’s
chambers after he had just
invalidated Facebook’s sole
remaining item of evidence (using
disbelieved testimony as ostensibly
evidence of an opposite). Judge
Wallach also failed to police his
court when he failed to apply the
Supreme Court’s Pfaff v. Wells
Electronics, Inc. test for on-sale
bar evidence, which included even
the Federal Circuit’s own Group
One v. Hallmark Cards, Inc. test—a
test which Judge Lorie should
have advised Judge Wallach to
follow since Judge Lorie helped
write that opinion. Group One test

Circuit, clerk who signed all the
opinions in Leader v. Facebook,

Moscow. DST’s CEO Yuri Milner and Facebook’s Sheryl K. Sandberg are protégés of Summers. Alisher Usmanov is Russian oligarch product of Summers’ failed Harvard consulting assisted by Sandberg and Milner. The conflicts of interest are glaring.

5. U.S. ELECTION RIGGING: Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in violation of the Hatch Act in her State Department contract with Facebook.

6. WITNESS TAMPERING: Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in violation of U.S. law in witness tampering in Leader v. Facebook in her State Department contract with Facebook.

7. CONSPIRATORS IN PROPERTY THEFT: Hillary made DST, Goldman Sachs, a member of the Russian Duma and others involved with Usmanov co-conspirators with Facebook in the theft of Leader Technologies’ social networking invention. The financial sums values involved make this the Greatest Financial Crime in the History of the World.

8. URASIA URANIUM MINING JUNKET. Failure to disclose family and Clinton Foundation conflicts of interest and self-dealing.

HILLARY CLINTON: TOO BIG TO JAIL?

No.

America’s elected officials, law enforcement and the courts are evidently turning a blind eye. Many of them appear to be enriched by this corrupt financing underworld.

We the People demand fidelity to our moral principles. You would be complicit if you support or vote for “Hillary for President.”

The Dark Side Of Eric Holder's Legacy
Holder's reign, there has been an increase in the number of cases brought against non-U.S. banks for things like money laundering for drug dealers and illegally doing business with Iran. But that's about pursuing State Department aims, not redressing wrongs that contributed to the financial crisis. They are about bank regulation as a tool to conduct U.S. foreign policy. Similarly, the cases against big banks for manipulating Libor, a key global interest rate benchmark, do include U.S. banks, but tilt mainly against foreign institutions. And Libor manipulation, like banking Iran, has nothing to do with the MORTGAGE CRISIS.

The Dark Side OF FACEBOOK

Newly released documents are raising more questions about whether the State Department IT specialist who managed Hillary Clinton’s private email system was qualified for the job.

The IT director on Clinton’s 2008 campaign, Pagliano was hired as a Schedule C employee by the State Department in May 2009, much to the confusion of the agency’s career IT officials, who had never had a political appointee work in their shop.

Report: Bill Clinton Directed Millions To Company Owned By Attractive ‘Family Friend’

Bill Clinton helped direct nearly $3 million to an energy company that was owned in part by a “family friend” who is rumored to be one of the former president’s mistresses.

And according to The Wall Street Journal, the charity also scrubbed its website of evidence of a $2 million commitment that Clinton helped arrange for the company, Energy Pioneer Solutions, in order to avoid drawing attention to the former president’s friendship with that investor, a 56-year-old blonde divorcee named Julie Tauber McMahon.

A billionaire and a Russia-controlled bank named in the Panama Papers have links to Hillary Clinton through two separate lobbying efforts — one through a Clinton-connected lobbying firm and another through Sidney Blumenthal.

Clinton is linked to Sberbank, Russia’s largest bank, through Podesta Group, a lobbying firm co-founded by Clinton’s campaign chairman John Podesta and his brother, Tony Podesta, a major Clinton bundler.

In a 2006 interview with the CBC, Tony Merchant said: “Money has always motivated me. But it’s not really that it motivates me to spend it, in particular. But I guess it motivates me to have it. And I’m sure my children will spend it well.”

While Merchant’s wife was named as a beneficiary of an offshore account, Liberal Senator Percy Downe has been campaigning for years against such investment vehicles, calling many of them “a tax holiday.”

FBI Director James Comey is a cartel insider. The AFI investigations have dug that out. So much for his squeaky clean image. More disinformation from Obama’s lying core of public officials.

What do you call opposing attorneys teaming up against a litigant? The American “Justice” System.

There was an extraordinary report in Tuesday’s Washington Post about the Clinton e-mail investigation. It involved the government’s interview of longtime Clinton consigliere Cheryl Mills. It details how Justice Department attorneys made an agreement with Mills’s attorney to cut off questioning about a key aspect of the case.

Mills, who is a lawyer, was represented at the interview by a lawyer named Beth Wilkinson. As is customary in these situations, the questioning was conducted jointly by FBI agents and Justice Department prosecutors. Yet when things got dicey, it seems the Justice Department prosecutors worked jointly with Ms. Wilkinson to block the FBI from asking having directed the IRS targeting of the Tea Party)

Still more confirmation that Soros and Clinton helped steal Leader Technologies' social networking invention and created Facebook with the NSA to (1) spy on us, and (2) steal all our personal data for commercial exploitation... and to line their pockets.

Billionaire George Soros, who has spent millions of dollars financing Democrats and left-leaning causes, used a controversial Panamanian law firm to establish a web of offshore investment partnerships that operate around the world and out of the scrutiny of U.S. regulators, according to leaked documents.
Pundits say, "Trump must be more Presidential". Hmmm, let's see, "I did not have sexual relations with that woman" or "you can keep your insurance and your doctor and your premium will drop $2500" or "it was a video that caused our four Americans to die" or "read my lips, no more taxes". Is that what they mean by being more presidential? I would rather have a bombastic blowhard than more of the lying SOBs.

The reason that Trump is even this close is that our cool, suave, polished former presidents were (and still is) liars and cheaters. Folks are sick of the fakers and liars in our White House. Obama is the best, but not the only, presidential liar in my lifetime. I don't think Jimmy Carter or Ronald Reagan were serial liars. Kennedy only lied about his infidelity, Nixon and LBJ were really good liars. Eisenhower was a professional liar. I like the Bushes. But they both deceived and mislead when it was in their own self interest. It's no wonder that Hillary is such a good liar.....she lives with the quintessential liar, she worked for Obama the master liar , and she is raising one in Chelsea.

How about Obama saying that global warming being caused by man is proven science. HA ! A scientists job is to prove existing science is not proven at all. As a matter of fact, 99% of all scientific facts since the first scientist began watching stars has been proven wrong . Literally, no science is irrefutable. The earth has cooled and heated and cooled ad nauseum since our planet was formed. Is being dumb a good presidential trait ? They scream about CO2. The CO2 levels are up less than ONE part per million in the last 50 years. The average temperature increase in the next hundred years that is scaring everyone is projected to be less than 0.10% of one degree f. Grounding Air Force One could take care of that !!!!!

If I want to know who comes into my house , is that wrong? Is it wrong to want a safe place for my kids? Is it wrong to want to stop the flow of drugs, the flow of non qualified immigrants, and to find work for the young unemployed millennials? Or, on the other hand, is Hillary's approach to open our borders, take our guns, berate our police and military, increase our taxes, and ramp up bogus regulations be more presidential? What jobs can we create with her agenda? Only one category......government.

This blog site points out not just bad decisions in the innovation and technology world, but more importantly, it points out blatantly bad people with bad intentions . Amazingly , they all get gloriously wealthy during the process. The Zuckerberg/Clinton/ Summers/ Obama / Soros cabal uses every tool in the Saul Alinsky toolkit to coerce their outcomes. AFI has captured a true historical overview of their activities to control our lives . Folks that get in their way are called names like racist, misogynry, homophobe, haters, Islamaphobic, and deniers . Some of their opposition even had their lives shortened by weird accidents. If you doubt this statement, do a little checking on the Clinton's history of timely accidents happening to trouble makers.

The progressives say that science is their friend, but they must not understand science. They use the media as their imprimatur , but the media is anything but unbiased. These are VERY evil people. Sadly, they are so evil that they believe that they are helping us . We certainly are not smart enough to survive on our own.

More and more eyes are reading this site everyday. Please tweet your friends. Putting light on their evil ways is the only way that they can be stopped. Let's make America great again.

Have a great day, TEX

As a Conservative man , I believe in a lot of things…...i believe in laws which were derived from our Constitution ; I believe in our borders; I believe in X and Y chromosomes which scientists say is the main difference in men and women; I believe in using any words I want to communicate my thoughts , not the deceptive words that others want me to use; I believe that man did not create the universe but I believe it was created by something or someone greater than man; I don't believe that my Creator wants me to blow up or behead non believers; I believe that if I actually make an effort to make our world a better place for me and my family, we should reap the benefits of that effort, not those that aren't so inclined ; I believe charity is a thing I will do through being persuaded, not being coerced; I believe that men and women ( military and law enforcement) who through their goodness and training are willing to put their very lives on the line everyday so that me and my can live in a land of freedom and liberty , are very special.......they deserve hero status; I believe that men and women are equal in terms of their standing in society but they are not the same……..never have been and never will be; I believe that Republicans will NEVER elect the person that all Republicans want because that person does not exist. The GOP is always on the defense because we believe in things.

My Liberal friends have an easier path………they believe in nothing. No God, no borders, no gender, no truthful words, no requirements for candidates other than they must NOT believe in our Constitution or anything else, because that belief could offend someone. They can elect many in their ranks because it's easy to believe in nothing and do nothing except take from those that DO and give to those that don't want to. They have to define anything because they believe that anything goes. Democrats vote for the team, Republicans don't. That is a formula for Hillary and her "believe in everything ( which really is nothing )" party.

Grow up you big GOP crybabies. This is a vote for the least of evils.

More confirmation of this site's findings that social networking is a creation of a secret White House spy agency created by Executive Orders.

A project examining White House visitor logs shows the Obama administration has extended an open door to Google. Johann Shetland, Google’s director of public policy — in effect, the company’s top lobbyist — has visited White House officials 128 times since President Barack Obama took office in 2009. To put that in perspective, senior lobbyists for other companies in the telecommunications and cable industry — including Comcast, Facebook, Amazon, Oracle and Verizon — have visited the White House a combined 124 times in the same span. (That data goes through October 2015.)

Zuckerberg is to meet with about a dozen conservatives including political commentator Glenn Beck and Fox News talk show host Dana Perino, a Facebook spokeswoman told AFP in the run up to the meeting.

In an interview with Fox News on Tuesday, Perino said she believed Facebook was taking the allegations seriously.

“I also think it is probably fairly solvable. So I am looking forward to going tomorrow to hear more about what they found,” she said.

I just posted this on http://sultanknish.blogspot.com who carried a thoughtful discussion about the idiot sycophants who met with Zuckerberg yesterday. Sultanknish gives those Facebook crooks too much credit. Glenn Beck’s ego bested his brain. He is now being such a suck up. The loss of his network appears to have extended to his reasoning. Zuckerberg and
Hillary Clinton attended the same School for Pathological Liars, looks like Beck wants to attend their graduate school.

Dear Dan,

Good analysis Daniel. A friend of mine put me on to your site recently.

Facebook is far from mere experimentation IMHO. Americans for Innovation lays it out bare. Suggest you pick up on their irrefutable findings of fact. Here’s the link. There are over 100 entries, so suggest you read from most recent post backwards. Also, the timeline is devastating to any doubt that the three letter agency and their “public-private partnership” cronies CREATED the entire social media phenomenon as a mass spying tool founded on the social networking invention of Columbus, Ohio innovator Leader Technologies.

Here’s the timeline and bibliography:

"Follow the money." That telling phrase, which has come to summarize the Watergate scandal, has been a part of the lexicon since 1976. It’s shorthand for political corruption: At what point do “contributions” become bribes, “constituent services" turn into quid pro quos and “charities” become slush funds?

Lawsuit claims Facebook illegally scanned private messages

The Verge

Facebook may have violated federal privacy laws by scanning private messages, according to a lawsuit certified for class action yesterday in Northern California District Court. The allegations center around Facebook's practice of scanning and logging URLs sent through the site's private messaging system. Those scans serve a number of purposes, including anti-malware protection and industry-standard searches for child pornography, but may also be used for marketing purposes.

The plaintiffs allege that Facebook routinely scans those URLs for advertising and other user-targeting data — and claim that by maintaining those records in a searchable form, Facebook is violating both the Electronic Communications Privacy Act and California Invasion of Privacy Act.

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named “University Innovation Alliance” (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for “Massive Open Online Course.”

You should complain about:

1. the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

Research Tip:
Type any name or subject in the Google search at the top of this webpage. That will show you any relevant links within the sites that we have been following and investigating in the Leader v. Facebook case. Vigilance everyone! Our American Republic is at risk.
the corruption at Ohio State University and OSU’s collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a “massive” scale… Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
