GEORGE SOROS: THE EPIC GLOBAL MEDDLER

EXPLOITS OPEN SOCIETY FOUNDATIONS’ ALTRUISTIC PROGRESSIVIST MINIONS TO HELP HIM MANIPULATE CURRENCIES FOR HIS PERSONAL PROFIT

EPIC GREED, HUBRIS, INCOMPETENCE, SELF-DECEPTION, CRIMINALITY.

FIG. 1—GEORGE SOROS, FOUNDER, OPEN SOCIETY FOUNDATIONS (“OSF”), FORMERLY OPEN SOCIETY INSTITUTE (“OSI”)—George Soros has used his dubious hedge fund billions since 1992 to finance a not-for-profit spider’s web of allegedly philanthropic organizations around the planet. When OSF targets a country, they infiltrate every aspect of that society, then press their Progressive political agenda. In the meantime, OSF staff feed to Soros “ground game” business intelligence data that he then uses to "short" currencies for his personal profit. The OSF staff minions appear to become addicted to a regular flow of “grants” from Uncle George in exchange.

The OSF minions don’t seem to realize how cynically their altruism is being abused. Soros’s less than altruistic character can be summed up in his “Go for the jugular” ethic that almost brought down the British Pound in 1992. That event launched Soros’s alleged philanthropic interests. It cost the British taxpayer billions of pounds to prevent the collapse of their currency. Also, few know that as a Jew, Soros was a Nazi sympathizer. He collected blood money from confiscating Jewish properties for the Nazis in Hungary—an act...
With such a dubious moral past, why are so many people following Soros’s self-serving “progressive” agenda? With such corrupt origins, could this agenda be the destructive moral and ethical influence that is destabilizing social discourse around the world? It appears his grants are like a drug; once he controls the wallets of his minions, he controls their minds and priorities in exchange for the next fix.

SEARCH SOROS–DCLEAKS YOURSELF HERE:

White House executive order spy agents appear to be complicit, as are well-known public figures including Bill & Hillary Clinton, Barack Obama, James P. Chandler, III, New York mayor Bill DeBlasio, Al Gore, MSNBC, NPR, Bill Gates, Ford Foundation, IBM, Pew Trusts, MoveOn.org, Google / YouTube, Microsoft, Facebook / Instagram, Twitter, ACLU, Media Matters, Planned Parenthood and countless other Soros hangers on.

Soros cleverly instructs his altruistic OSF minions (we assume they are unwitting, which is probably generous) to collect business intelligence. Then he secretly exploits that data to manipulate currencies for his personal enrichment. There is also a likely correlation between Soros grantees and their outlier income increases.

STEVE KROFT. (DEC. 20, 1998). 60 MINUTES GEORGE SOROS INTERVIEW. CBS.
SOROS'S ORIGINAL UK CURRENCY ATTACK

Soros famously bet against the UK pound on Sep. 17, 1992. Hedge funds were not yet well known.

In a nutshell, Soros believed that the British Pound was overvalued and was headed for a devaluation. So, he borrowed over ten billion Pounds in a “Go for the jugular” move. He then immediately converted the Pounds into German Marks. When the markets learned about Soros’ actions, other traders followed suit. This run on the Pound triggered a devaluation. Soros then used his Marks to buy back the now devalued Pounds and pocketed $1.4 billion profit. All in one day.

Soros has refined this business model by using his OSF business intelligence data to create market instabilities that allow him to repeat his UK success with regularity.

He uses his market intelligence to buy currencies just ahead of devaluations that he knows about that others cannot see coming. For example, Soros sold Malaysian and Thai currencies short in the 1997 Asian financial crisis. Malaysian Prime Minister Mahathir Mohamad called Soros a “criminal” and complained bitterly that “a moron like Soros comes along with a lot of money” and undermined their growing Asian economies. QUESTION: SOROS’S RUSSIAN MEDDLING:

What role did George Soros play in the collapse of the emerging Russian economy in 1992-1993? Disastrous Russian privatization vouchers were created by then World Bank chief economist Larry Summers with his sidekicks Sheryl K. Sandberg (later assigned to Gmail, then to Facebook) and Yuri Milner (later assigned to VKontakte, Mail.ru and Facebook). Summers went from there straight to the Bill Clinton Treasury Department in 1993. How many Russian vouchers did Soros purchase himself and through surrogates? Milner’s later involvement in Bank Menatep IMF diversions and mob money laundering suggests that Soros’s meddling in Russia has been substantial.

ANSWER AUG. 23, 2016: SOROS’S RUSSIAN ALCHEMY:

The answer to our question came swiftly from American Thinker. On Feb. 27, 2008 Kyle Anne Shiver wrote “George Soros and the Alchemy of ‘Regime Change’. In a 1994 New Republic interview, Soros boasted “the former Soviet Empire is now called the Soros Empire.”

In 1999 while Larry Summers’s World Bank advisor Yuri Milner was busy laundering tens of billions of dollars in IMF, World Bank and Russian mob funds through BANK MENATEP, Soros told the House Banking Committee that he had used insider access to invest heavily in SIDANKO OIL—a Russian company that had otherwise forbidden foreign investors.

These revelations unmistakably tie together LARRY SUMMERS, BILL & HILLARY CLINTON, JAMES P. CHANDLER, GEORGE SOROS, SHERYL K. SANDBERG, YURI MILNER and Lloyd Blankfein (Goldman Sachs). Soros’s Open Society was advocating the “free flow of information.” Therefore, the breeding ground for the plan to take control of the Internet has now been identified. Summers directed the Clinton, Bush and Obama White House activity. Sandberg was assigned to Gmail and then Facebook. Milner was assigned to Mail.ru, VKontakte and Facebook. Goldman Sachs underwrote the whole bunch, including Bill’s 2005 Kazakhstan Uranistan uranium junket that netted $152 million to The Clinton Foundation.

Now we can see the complete circle of relationships between Facebook and the collapse of the Soviet Union.

OSF ORGANIZATION

In many ways, OSF operates like any organization. They have systems, procedures, cost controls, budgets, team building, strategy sessions and lots of meetings. That part of the leak was instructive but uninteresting.

Soros appears to have stumbled upon a fertile recruiting ground for gathering business intelligence: altruistic youth during their “rip-up-the-system” phase of life. Ivory tower academics and politicians are along for the ride because they feed at the Soros grant funding trough as well. Others have used this technique as “market leaders” with the commodities market as well.

SOROS'S OPEN SOCIETY FDN PIXIE DUST

Soros’s OSF minions make requests for project funds. $30 million (Al Gore), $10 million, $8 million, $6 million, $1 million, $500,000, $250,000, $100,000. The projects are sprinkled like pixie dust all over the planet.

STOP FACEBOOK PROPERTY THEFT

WE see. We “like.” We steal.

WILL HUMANK ND EVER LEARN? Facebook’s Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under Mao’s Red Star, Stalin’s SOVIET Hammer & Cycle and Hitler’s NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!
OSF minions use Soros’s money to set up field offices and recruit operatives. Once they collect their data, their “ground game” shifts to promoting their Progressivist agenda in the social, business and political affairs of that country.

Soros personally approves all budgets and owns all the intelligence data collected. See their 2016 budgeting schedule Fig. 4 below.

For example, one DCLeaks-Soros spreadsheet detailed 263 projects in Serbia between 2011-2014 totaling $3.5 million in grants (spreadsheet file attached inside PDF).

**GEORGE SOROS: MEDDLER-PROFITEER IN CHIEF**

On the surface these Serbian projects seem admirable enough:

Funded Serbian Projects: Open communications, education, women, architecture, applied European studies, minority rights, media, ecology, radio, leadership training, “humanitarian law,” economy, media monitoring, human rights, regionalism, sustainability, journalism, health, democracy, security, law enforcement, government, “queer studies,” philosophy, photography, children, youth, and development, to name just a few of the 263 projects.

Click image above to download a poster-quality PDF optimized for a 11in. x 17in. (ledger-size) poster. America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.
BUSYBODIES IN THE AFFAIRS OF SOVEREIGN NATIONS

However, at another level Soros's meddling in Serbia is just creepy.

Soros is Hungarian, not Serbian. He was given a Christian name to escape the Nazis, only to then assist the Nazis in confiscating Jewish property—blood money actions for which Soros told Steve Kroft on 60 Minutes, December 20, 1998 he had “[no] feeling of guilt”.

However, these meddling Soros projects have infiltrated practically every aspect of Serbian society.

When the data gathering is complete and the infiltration matures, Soros and his OSF minions know more about Serbia than most Serbians. That “knowledge is power.” No stone is left unturned in business associations, trade unions, churches, synagogues, mosques, communities, women and youth organizations and other social groupings. Once the minions make friends, they start infiltrating Serbia with their Progressivist agenda. In many of these projects Soros brings in other major, well-funded foundations like the Ford Foundation and the Bill and Melinda Gates Foundations.

Soros exploits that knowledge on two levels: (1) he enables his OSF do-gooders with data to support their “values shifting” within Serbian society toward A New World Order (authored by Soros in-law and Hillary Clinton political adviser Anne-Marie Slaughter, Princeton Press, 2004), and (2) he secretly exploits the economy for personal profit, directly and through surrogates.

If Soros’s minions even suspect his economic manipulation, they must turn a blind eye because Uncle George will be feeding them more funding for their next project, so life inside the OSF bubble is good.

The leaked documents are infused with haughty progressivist elitism (e.g., We know what’s good for you, you poor wretched soul who just fell off the turnip wagon.)

SOROS: EUREKA! PROGRESSIVISM IS A CURRENCY MANIPULATION OPPORTUNITY

Young progressive idealists recruited to OSF are much cheaper than their commercial counterparts at big analytics firms. These idealists don’t ask questions. They’re also willing to travel and they move quickly. They fan out for Uncle George in all directions, burning the midnight oil for the cause.

This Soros cult of personality sounds eerily familiar to other misguided global power mongers. History’s lessons appear to be quickly forgotten within the OSF “bubble of perpetual funding.”

Do Soros’ minions realize that they are being used to manipulate global currency markets? We suspect they have sold their souls long ago and don’t care about the morality as long as Uncle George keeps feeding them grants in perpetuity.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook’s Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. Click here to read her article “Everybody hates whistleblowers.” Examiner.com, Apr. 10, 2012. Here’s an excerpt:

“Skillful manipulation of the firm’s extensive media connections allows Gibson Dunn to promote their causes,

Then again, perhaps now that they know they are being used, they will jump ship and blow whistles.

PROTEST SOROS’S DUPlicitY AND IMMORAL MEDDLING AT UPCOMING OSF MEETINGS

Soros’s minions just spat upon supporters of Donald Trump this weekend. Last month they colluded with DNC insiders to steal Bernie Sanders primary votes. This uncivilized behavior is supposed to convince people not to vote for Trump or Sanders?

Let us turn the tables on the OSF busybodies. Here’s a calendar of 2016 OSF budgeting activities. Show up at their meetings and demand that these people stop their meddling and confusing the unsuspecting who should not have to assume that everything coming from the political left is a lying “narrative.”

This statement followed right after Davis cited Facebook’s chief inside counsel in the Leader v. Facebook case, Theodore Ulliot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner that instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. A full total of all Soros grants is estimated at multiple billions of dollars. Between 2005 and 2009 alone, Soros granted $292 million to his top 150 grantees. Here is what is believed to be an up-to-date list of Soros' current grantees:

Several of note include:

1. Black Lives Matter
2. Brookings Institution
3. Alliance for Climate Protection (Al Gore)
4. American Bar Association
5. American Library Association
6. Aspen Institute
7. Center for American Progress (John Podesta)
8. Center for Reproductive Rights
9. Change America Now
10. Democratic Party
11. J‐Street
12. Media Matters
13. MoveOn.org
14. Muslim Advocates
15. National Council of La Raza
17. New Israel Fund
18. Occupy
19. People for the American Way
20. Planned Parenthood
21. Project Vote (ACORN)
22. ThinkProgress (John Podesta)

Soros can surely be called the Pied Piper of radical leftist ideology.

Case in point is his recent $650,000 funding of the Black Lives Matter (BLM), confirmed by this leak. BLM has created chaos and the murder of police force members. Multiple analyses of racist allegations towards police departments have been conducted, and show that racist behavior by white police force members is minimal, and statistically not accurate. Yet, BLM movement protests and encourages violence against white police. Milwaukee Sheriff David Clarke calls BLM a “terrorist group.”

AFI investigators reached out to AIPAC (American-Israel Public Affairs Committee) for comment on Soros’ grants to anti-Jewish, pro-Jihadi Muslim organizations.

A senior AIPAC spokesperson responded:

“Soros has been the major funder for J‐Street, which has become the anti‐AIPAC. While J Street constantly proclaims itself as a pro-Israel organization, it is nothing of the kind. It’s a left‐wing organization with a deeply anti‐Zionist ideology. As we are well aware, just because an organization is Jewish and claims to be pro-Israel, it doesn’t mean it is.”

Another expert on Jewish-American affairs said:
"THE WORLD'S MOST DANGEROUS BILLIONAIRE"

Indeed, a blogger for "THE WORLD'S MOST DANGEROUS BILLIONAIRE" calls Soros “the world's most dangerous billionaire” citing the Kroft 60 Minutes interview for proof of his ruthlessness. One can only assume that his OSF minions have discounted these facts as just another “vast right wing conspiracy” to quote Hillary Clinton's perennial excuse to evade answering hard questions.

Soros's OSF minions also have apparently ignored his profoundly immoral attempt to destroy the British economy in 1992. He launched his “philanthropy” career off of that ill-gotten gain. Will his minions ever awake from their drunken grantee stupor that is founded on Soros’s WWII Jewish blood money?

Apparently Soros learned long ago that leftists will gather his market intelligence because they are:

1. greedy enough to take his money,
2. gullible enough to march to his orders,
3. vain enough to think they deserve it,
4. incompetent enough to believe their uninformed, newly-minted ideas are better than the wisdom of the ages,
5. haughty enough to believe their ideas are superior to those of others, and
6. immoral enough to believe the ends justify the means.

These jumbled values of Soros's OSF minions, combined with Soros's tens of millions of dollars in pixie dust grants, appears to be the source of much of the world's current instability.

MSNBC GETS “A LOT OF CONTENT” FROMSOROS GRANTEES

According to the leaked documents, Soros has “fully integrated” his grantee organizations to “align their messaging,” including “Center for American Progress, Media Matters and Color of Change, to name a few.”

The Center for American Progress a.k.a ThinkProgress was founded by John Podesta. Podesta is Hillary & Bill Clinton's serial advisor. He is also a chief adviser to The Clinton Foundation and Clinton Global Initiative (CGI).

Podesta's duplicity involving Secretary of State Hillary Clinton and Clinton Global Initiative (CGI) creator Douglas J. Band was uncovered in the Aug. 09, 2016 release of 44 email

"... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

**SOROS GRANTED $30 MILLION TO AL GORE TO HYPE GLOBAL WARMING**

**CODE OF CONDUCT FOR U.S. JUDGES**

“CANON 2: A JUDGE SHOULD AVOID IMPROPERITY AND THE APPEARANCE OF IMPROPERITY IN ALL ACTIVITIES”

A leaked OSI all-hands-on-deck planning memo on climate exposes the breathtaking naiveté of the OSI crowd who have more Soros money than sense. Read The Daily Caller article.

The author of an OSI climate memo, Nancy Youman, is a journalist and community organizer and Associate Director of U.S. Programs. Notably, Youman is not a scientist, chemist or engineer with any expertise worth listening to in the climate subject. Her headlong, foolhardy approach to climate is profoundly disturbing considering she is leading the OSI charge into Soros's newly-minted interest in climate. A few choice Youman quotes say it all:

FEAR MONGERING BY A CAREER JOURNALIST LEADING OSI

"The next few years are make or break years for the Earth's climate." PDF, p. 8.

PRIORITY #1: TAKE CARE OF AL GORE & PURSUE A NEW HEDGE FUND SCAM

"George Soros became interested in global warming a few years ago, we have gotten up to speed on the issues..." p. 3.

"George Soros pledged $10,000,000/year for three years, beginning in 2008, to the Alliance for Climate Protection, founded by Al Gore." p. 3.

THE UNBRIDLED HUBRIS OF ELITIST CLIMATE NEWBIES

"George Soros and OSI are looked to for leadership." p. 3.

EXPLOITED CLIMATE TO PROMOTE PROGRESSIVISM
“Drawing out and deepening connections between a climate-constrained world and OSI’s equality, opportunity, justice, accountability and governance priorities.” p. 1.

OSI also has much to gain, since climate ripples through so many of the issues and regions on which it focuses.” p. 2.

“We can already see links to OSI’s work in the U.S. Europe, Africa, China...” p. 2.

“The phenomenon of climate change is transformational.” p. 2.

This Al Gore revelation further reinforces the premise of these findings. George Soros funds self-absorbed youth, academics and politicians who are blinded by their own ambition and sense of self-importance.

INCOMPETENCE

Soros told Charlie Rose in a 1998 interview at 19 min. 56 sec.:

“I am better at the analysis than the solution.”

Sovereign nations are comprised of people with families and lives to lead without interference from meddlers. However, Soros and OSF admit to viewing these people as mere variables for experimentation, analysis and exploitation.

The quid pro quo “deal with the Devil” is that Soros “grants” his minions hundreds of millions of dollars to play, and they in turn feed him “ground game” data that he uses to manipulate financial markets for his personal profit.

Soros’s global meddling is unprecedented, and as The Times of Israel wrote—dangerous.

Donald Trump may or may not fix his campaign, and Hillary Clinton may or may not become the first female president. But something else happening before our eyes is almost as important: the complete collapse of American journalism as we know it.

The frenzy to bury Trump is not limited to the Clinton campaign and the Obama White House. They are working hand-in-hand with what was considered the cream of the nation’s news organizations.

The shameful display of naked partisanship by the elite media is unlike anything seen in modern America.

The largest broadcast networks — CBS, NBC and ABC — and major newspapers like The New York Times and Washington Post have jettisoned all pretense of fair play. Their fierce determination to keep Trump out of the Oval Office has no precedent.

Indeed, no foreign enemy, no terror group, no native criminal gang, suffers the daily beating that Trump does. The mad mullahs of Iran, who call America the Great Satan and vow to wipe Israel off the map, are treated gently by comparison.

OBITUARY TO THE AMERICAN FREE PRESS:

Glenn Greenwald of the Intercept, formerly of The Guardian newspaper, laid out in an interview with Slate magazine that the media in the United States has decided to band together in a last-ditch effort to stop the rise of 2016 GOP presidential nominee Donald J. Trump.

Greenwald, the progressive journalist who broke the Edward Snowden mass government surveillance storyline, was asked what he thought about Donald Trump's press conference recently in which Trump joked that Russia should release any emails it has from 2016 Democratic presidential nominee Hillary Rodham Clinton’s illicit private home-brew email server from her time as President Barack Obama’s Secretary of State.

There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunchalam’s motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach’s behalf. See a full analysis of these events at Donna Kline Nov. Judge Wallach also failed to police his court’s violation of Leader’s Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge’s chambers after he had just invalidated Facebook’s sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court’s Pfaff v. Hillary Clinton’s email scandal continues.

On Friday, the New York Times reported that Clinton told FBI officials former Secretary of State Colin Powell had advised her to use a personal email account while she held the Secretary of State office herself.

“Her people have been trying to pin it on me,” Powell, 79, told PEOPLE Saturday night at the Apollo in the Hamptons 2016 Night of Legends fete in East Hampton, New York.

“The truth is, she was using [the private email server] for a year before I sent her a memo telling her what I did,” Powell added.

Why does the former diplomat believe this to be the case? “Why do you think?” he said. “It doesn’t bother me. But it’s okay; I’m free.”

Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. See analysis of Judge Rader’s undisclosed conflicts of interest in Leader v. Facebook.

Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook’s evidence on appeal, which is a clear breach of constitutional due process.

Seems the entire Obama government is one big criminal racketeering enterprise.

State: Nearly 15,000 New Clinton Emails Found in FBI Probe

The FBI has uncovered nearly 15,000 previously undisclosed emailed documents sent directly to or from Hillary Clinton, the State Department said Monday.

The shocking admission to almost 50 percent more than the 30,000 work-related documents Clinton’s lawyers turned over to the State Department in 2014 was tweeted out by conservative watchdog Judicial Watch president Tom Fitton before a court hearing where State Department officials announced the discovery.

... still more from the Obama Hillary criminal enterprise:

Newly released emails reveal more instances of the Clinton Foundation appearing to reach out to then-Secretary of State Hillary Clinton’s State Department for favors involving wealthy donors — including Crown Prince Salman of Bahrain — according to a watchdog group that fought to obtain the emails.

Thefacebook In the financing that Parker negotiated with Thiel, as well as a much larger deal signed seven months later with the Accel Partners venture-capital firm, Parker was able to negotiate for Zuckerberg something almost unheard of in a venture-funded startup: absolute control for the entrepreneur AND THEY DID THIS KNOWING FACEBOOK WAS STOLEN.

Without that control, Facebook would almost certainly have been sold to either Yahoo or Microsoft, its C.E.O., Steve Ballmer, offered $15 billion for it in the fall of 2007 — BUT YAHOO AND MICROSOFT KNOWN FACEBOOK WAS STOLEN? Yahoo bailed and invested in Alibaba after getting a TIP off Yahoo knew one day that Facebook would fuck them over? and yes YAHOO HAD TO SELL JUST LIKE AOL THEY LET FACEBOOK SAY THEIR ASS KNOWING FACEBOOK WAS STOLEN?? (Ego got the better of you) well they had Alibaba they got to keep. Microsoft got all the emails about stolen facebook and tried to tack over facebook by offering $15 billion for it BUT A DEAL WAS STUCK TO INVEST IN FACEBOOK. Parker AND Thiel knew facebook was stolen

"George Soros knew about stolen idea facebook, Soros only communicates using Email that self Deletes to keep secret's thanks to IBM?? George Soros is a very very dangerous person make no mistake about this!!

Here's more TV coverage of the Paul Ceglia Statement:

BUFFALO, N.Y. (WKBW) - A statement written by a person identified as Paul Ceglia has surfaced, and it suggests the American fugitive is planning to sue the United States for Human Rights violations.

"I'll be delighted to be bringing this suit in international court where the completely biased media coverage I have often received in the US, will be forced to discuss the real issues in this case, rather than to create more tabloid stories that focus on me buying beer for my high school classmates 25 years ago or that I was caught after picking mushrooms in a field in Texas in the 90s," the letter states.

The 28-paragraph letter, published on the Americans for Innovation website, indicates Ceglia is in good health. It confirms earlier reports from Bloomberg - the letter states.

The letter goes into detail about Ceglia's innocence regarding the Facebook fiasco that resulted in forgery charges against him.

Allegations of collusion among the judges who have presided over Ceglia's various proceedings are also strewn throughout the statement.

In 2014, U.S. District Judge Richard Arcara dismissed a lawsuit filed by Ceglia against Facebook founder Mark Zuckerberg. Ceglia accuses Arcara and other judges of being 'substantial Facebook shareholders, and maintains he helped Zuckerberg create Facebook.

"I also funded Facebook's start and developed the search engine that runs it," the letter says.

"All this is ignored along with decades of a track record demonstrating my integrity to misconstrue age old facts into tabloid gossip."

Soros has links to everything that is currently wrong in America......the Clintons, Obama, Black Lives Matter, Immigration law violations, academia, excessive government debt, etc. Soros makes his money when the world is in chaos by hedging various currencies and capturing the delta . If he knows before hand when chaos will occur , he wins every time. And he certainly knows in advance when his goons cause it !!

By controlling information such as found in Wikipedia, he controls history and reasoning of the unsuspecting American who swears by this site. Soros also controls Snopes. Isn't that convenient !!!

In May , 2012, a book was released called Don't Mess with Travis which, in a comedic way, shows the Soros character as the center of a globalist takeover of America. It is a fun, historically accurate journey through an accidental secession of Texas.

Check it out . Soros, et al, are evil folks.

Latest Clinton emails shed light on Dennis Cheng's role

Hillary Clinton's national finance director has emerged in newly released emails as what one watchdog called the “middle” man between her State Department and family foundation, sharing donor information with a top Clinton confidante when he was working at the foundation.

Dennis Cheng, before joining the campaign, worked for over three years as the foundation's director of development and before that as deputy chief of protocol in Clinton's State Department.

He has managed to stay below the radar for years, but emails obtained by Citizens United in a Freedom of Information Act request show him working closely with Clinton aide Huma Abedin - particularly after leaving the department for the foundation.

Reviews of the more than 2,500 documents hacked from the servers of George Soros’s Open Society Foundations highlight the undue influence the billionaire financier exerts domestically, from attempting to remake the American electorate to successfully lobbying for changes in U.S. immigration policy to funding initiatives targeting local police forces.

While many of the documents spotlight Soros’s global network, focus on the hacked materials from his Foundations’ U.S. contingent begins to expose the many tentacles of the Democratic Party mega-donor’s operation and its deep impact over the policy objectives of the Obama administration, often utilizing a slew of U.S.-based progressive groups and activist organizations. The revelations in the hacked documents also raise questions about Soros’s future influence over presidential candidate Hillary Clinton, especially since the billionaire is one of Clinton’s top donors.

Priorities USA is another Soros funded SuperPAC slandering Trump and praising Hillary. Hopefully Americans see through this agenda - - - that these funders just want to line their pockets with their Puppet Hillary) and the fish aren’t biting any longer.

My friends worry about this or that poll, and I remind them that those are contrived numbers. For example, asked to pick between Trump, Hillary and Johnson and Hillary leads. Asked to pick between Trump and Hillary and Trump wins hands down. Of course, the second result is never reported by the mainstream media lapdogs. Reporting on polls is a propaganda event. They’re not factual, fair or accurate.

I worry most about the “Man in the Middle” election rigging by Hillary stooges. We need to make sure that we have bi-partisan election observers who know how data networks operate to watch the data traffic flow from the precinct to district to county to state tabulator. That is where the vote totals will secretely be CHANGED by shadowy MEN IN THE MIDDLE in swing states.

The former Pennsylvania governor says the relationship between Clinton Foundation and State Department employees “creates a bad perception” for the Democratic nominee.

Former Pennsylvania governor Ed Rendell said in a radio interview on Tuesday that the firewall between the Clinton Foundation and the State Department while Hillary Clinton was secretary of state was “ineffective,” creating a “bad perception” for the Democratic nominee.

Rendell, the chair of the Philadelphia host committee for the Democratic National Convention last month, was asked about an AP analysis showing that a large proportion of people from private interests who met or spoke on the phone with Clinton at the State Department were Clinton Foundation donors.

Hillary Clinton is only running for the White House because she and former President Bill Clinton “want power in order make money,” political strategist Dick Morris said Wednesday.

“They wanted money in order to get power,” Morris told Brian Sullivan on CNBC. “Give me campaign contributions.

“Now, they want power in order to make money.”

Regarding the Clinton Foundation, Morris said that Hillary Clinton should “close it down” because of her presidential bid.

About Dick Morris:

Dick Morris is a (former) friend and advisor to Bill Clinton during his time as Governor of Arkansas. Morris became a political adviser to the White House after Clinton was elected president in 1992. Morris encouraged Clinton to pursue third way policies of triangulation that combined traditional Republican and Democratic proposals, rhetoric, and issues so as to achieve maximum political gain and popularity. He worked as a Republican strategist before joining the Clinton administration, where he helped Clinton recover from the 1994 midterm elections by advising the President to adopt more moderate policies.
I saw my (** former **) hero **BONO** on the news last night speaking at the Clinton Global Initiative. I also learned he is a big Clinton Foundation donor and that he asked Secretary of State Hillary Clinton for favors in emails she stonewalled from Judicial Watch.

Also on the news was the Associated Press study that more than 50% of Hillary's Clinton's non-government meetings while Secretary of State were with Clinton Foundation donors. The obvious conflict of interest aside, your post got me to wondering if Bono had any connection to George Soros.

Bono a bad guy? CONSIDER THAT FAR FROM USING HIS SUPPOSED DONATIONS FOR HELPING THE POOR IN AFRICA, **BONO AND HIS CHARITIES ARE JUST MONEY LAUNDERING FRONTS FOR SOROS.**

It would not be the first time that prominent personalities hid money laundering behind charitable work. How about Hillary and Bill and The Clinton Foundation? Here are just some of their foundations. I had to laugh when Bill offered to stop taking donations into The Clinton Foundation, USA, when we know he has these offices spread all over creation. He is such a low life to me.

HILLARY’S BAG MAN, JOHN PODESTA: Looks like John Podesta has been Bill & Hillary's bag man since the early 1990s.

Exactly how Clinton profited off deals with Skolkovo is something the American public has a right to know before November 8

Schweizer (Clintom Cash movie) shows that John Podesta sat on the board of a Dutch-registered company that took $35 million from the Kremlin. The company was a transparent Russian front, and how much Podesta was compensated—and for what—is unclear. In addition, Podesta failed to disclose his position on that board to the Federal government, as required by law.

‘In the old days, the KGB had to recruit spies to steal Western technology—now they do deals with you.’

Even worse is how Clinton, Inc. profited from the Russian “reset” that was one of the big achievements of Hillary’s tenure at Foggy Bottom. Never mind that the reset was a West’s application on behalf of Facebook for an unprecedented exemption to the 500 shareholder rule; opened the floodgates for Goldman Sachs and Morgan Stanley to make a private market in Facebook pre-IPO insider stock; facilitated the influx of billions of dollars from “dubious” sources associated with Russian oligarchs, Alisher Asmanov and Yuri Milner, and the Kremlin; Goldman Sachs is a partner with this Moscow company, Digital Sky Technologies, aka DST, aka Mail.ru)

120. Bryan J. Rose (Stroz Friedberg; Facebook forensic expert who lied about his knowledge of the contents of the 28 Zuckerberg hard drives and Harvard Email accounts)

121. Dr. Saul Greenberg (Facebook’s expert witness from the University of Calgary; disingenuously waived his hands and said he would be “wild guessing” about the purpose of a Java “sessionstate” import statement (even Java newbies know it is used for tracking a user while in a web session); in short, Dr. Greenberg lied to the jury, thus discrediting his testimony)

122. Toni Townes-Whiteley (CGI Federal; Michelle Obama’s 1985 Princeton classmate; CGI “donated” $47 million to the Obama campaign; CGI won the no-bid contract to build the www.healthcare.gov Obamacare website; CGI shut off the security features on Obama’s reelection donation sites to increase donations)

123. CGI Federal (US division of a Canadian company; Donated $47 million to Obama’s reelection, then received the no-bid contract to build the ill-fated Obamacare website; Michelle Obama’s Princeton classmate, Toni Townes-Whiteley, is a Senior Vice President of CGI; the website is replete with social features and links to Facebook)

124. Kathleen Sebelius (Obama’s Secretary of Health & Human Services since 2009 responsible for $678 million Obamacare implementation; made the decision to hire CGI Federal on a no-bid contract despite the evident conflict of interest with Michelle Obama and $47 million in Obama campaign donations by CGI; the website is replete with social features and links to Facebook)
disaster, culminating in Kremlin aggression against Ukraine. Hillary’s signature program at the State Department ended in unambiguous failure. Yet Clinton, Inc. did very well out of the temporary warming of relations with Moscow.

As part of the reset, Hillary encouraged and enabled American and European investment in Russia, particularly in high-tech firms. A key role was played by the Skolkovo Innovation Center, a sprawling complex in Moscow’s western suburbs that was established in 2009 as Russia’s answer to Silicon Valley. With encouragement from the State Department, American companies jumped aboard. Cisco pledged $1 billion of investment in Skolkovo in 2010, and Google and Intel quickly joined the bandwagon. All three “just happened” to be major investors in the Clinton Foundation too.

HILLARY’S BLEACH BIT DATA DESTROYER PROGRAM (NOT A CLOTH)

Hillary Clinton’s team used more than just a “cloth” to scrub her private server - employing a special program known as BleachBit to delete her private emails and try to prevent their recovery, a senior Republican on the House oversight committee who has read the FBI’s investigative file told Fox News.

“They didn’t just push the delete button. They had them deleted where even God can’t read them,” Rep. Trey Gowdy, R-S.C., said Thursday.

The account is striking considering that Clinton, at a rare press conference last year in Las Vegas, seemed to claim ignorance when asked by Fox News whether she wiped her server.

“What, like with a cloth or something?” Clinton quipped, adding: “I don’t know how it works digitally at all.”

Yet Gowdy said her team was using BleachBit, which is like an electronic shredder that permanently scrambles data.

In reference to the kinds of emails Clinton has claimed were private and not worth turning over, Gowdy said, “You don’t use BleachBit for yoga emails, or for bridesmaids emails. When you’re using BleachBit, it is something you really do not want the world to see.”

(Reuters) - When President Barack Obama entered the White House in 2009, the federal appeals court based in Virginia was known as one of the most conservative benches in the country.

Two Obama terms later, Democratic appointees hold a 10-5 majority on the 4th U.S. Circuit Court of Appeals, a panel of which issued a groundbreaking ruling this April backing transgender rights.

The shift to the left on the court, which hears cases from Virginia, Maryland, West Virginia, South Carolina and North Carolina, highlights a widely overlooked aspect of Obama's legacy.

His appointments of dozens of judges to the country's influential federal appeals courts have tilted the judiciary in a liberal direction that will influence rulings for years to come and be further entrenched if Democrat Hillary Clinton wins this November's presidential election.

Mark Zuckerberg says his main goal is "to help make the world more open and transparent," which is how the Facebook CEO justified publishing his users' private information. But when it comes to Facebook's finances, Zuckerberg has a double standard. And that's where George Lee comes in. Facebook decided it could use more investors. But it didn't want to trigger a 500 investor cap that would force it to take its shares — and financial data — public, so logically it turned to Goldman Sachs, the firm renowned for its unmatched ability to subvert the laws of the federal government and the ethics of the American political system. A Goldman "lifer" and tech industry specialist named George Lee was the executive assigned to Facebook, Business Insider revealed today. He proposed a "special investment vehicle" that would, in theory, aggregate many distinct shareholders into a single legal investor, letting Facebook have its financial privacy cake and eat it too.
