WHITE HOUSE SKUNK WORKS AT FACEBOOK SECRETLY RIGGING THE ELECTION

OBAMA SENT TOP TECH OFFICER TODD PARK TO SECRETLY RUN HILLARY’S DIGITAL CAMPAIGN IN SILICON VALLEY

FIG. 1—On Sep. 26, 2009, Hillary and the State Department contracted with Facebook for a “template for winning elections” otherwise called ELECTION RIGGING. This contract was illegal since the Leader vs. Facebook patent infringement lawsuit was in progress, so this contract was obstruction of justice in addition to property theft. Nonetheless, Facebook built the election rigging software. Then in the Fall of 2014 Obama lent his chief technology officer, Todd Y. Park, to the Hillary campaign in clear violation of ethics and election laws. Government agencies are not permitted to interfere in our sovereign elections.

(OCT. 21, 2016)–The rigging of our American election will be simple... and it can be stopped.

The White House and Facebook have established a skunk works project in Silicon Valley. It has been run secretly and illegally since late 2014 by Obama’s technology chief Todd Y. Park.

Seemingly harmless Facebook links to the Secretaries of State in the 16 swing states are planned to be hijacked using Palantir spy...
software to intercept and change vote tallies reported from key swing counties.

The founder of Palantir, Peter Thiel, is also a Facebook director and major shareholder.

Strangely, Thiel recently donated $1.25 million to Donald Trump in an evident false flag action to divert attention from the election rigging that his software will enable to ensure a Hillary win no matter the actual vote tallies, we believe.

AFI researchers have just confirmed that every swing state Secretary of State has embedded a Facebook link on the official state election website. These swing states are: Colorado, Florida, Indiana, Iowa, Michigan, Minnesota (invisible), Missouri, Montana, Nevada, North Carolina, Ohio, Oregon (invisible), Pennsylvania, Tennessee, Texas, Wisconsin.

Thanks to Judicial Watch, secret contracts between Hillary and Facebook surfaced. Those contracts prove that in 2009 Hillary hired Facebook to build “a template for winning elections.” This is the euphemistic terminology used by the Facebook manager in charge of this project, Dmitry Shevelenko, for what in reality was criminal ‘election rigging.’

Then in 2014, Barack Obama issued a suspicious announcement that the White House chief technology officer, Todd Y. Park, was moving to Silicon Valley to be his eyes and ears on the Left Coast. This occurred just a month before WikiLeaks recently revealed from The Podesta Emails that Park was secretly recruited to drive the digital strategy for Hillary Clinton's campaign. See previous post.

OBAMA'S FACEBOOK SKUNK WORKS PLANS TO ENTHRONE HILLARY

Connecting the dots, Park is directing a Facebook skunk works to implement Hillary's State Department "template for winning elections."

This skunk works will operate as a "man-in-the-middle" that intercepts county vote tallies, changes the totals to favor Hillary and fool the public, then pass the revised totals to the state data tabulators. It is possible that only a few technical people in each swing state helped implement this amazingly simple treason.

CAN THIS BE STOPPED? YES.

1. ADJUST FIREWALL FILTERS ON ELECTION NIGHT: The easiest and most ethical solution would be for each of our Secretaries of State to order that the firewalls for their state tabulating computers simply block all transactions to and from any and all social sites before and after election night. Go with a group to your Secretary of State's office and ask in person what he/she is specifically doing to stop this man-in-the-middle threat via social media and others. Don't accept generalities and pats on the head. Ask for bipartisan observers of the data traffic on election night.

2. WHITE HATS SHOULD PROTECT THE VOTE: Failing Secretaries of State doing the right thing, white hat security experts should work legally to prevent any connection before, during and after election night between state election systems and social media sites that are part of the Park-led skunk works. Republicans wearing red is a good idea too as a visual indication of the relative votes.

NEW: 10/23/2016: 3. ELECTION JUDGE FRAUDULENT CERTIFICATIONS: Election judges should be sued immediately for fraud and election rigging if they certify vote totals from electronic
devices and transmissions from which they cannot personally verify that the totals being reported from these electronic mechanisms are ACTUALLY the votes entered by the voters and not just generated on an unverifiable paper tape print out. See Call to Action.

Any Secretary of State or election official that resists the citizens taking charge over their voting process—the most sacred act an American citizen can perform—is likely corrupt. He/she should allow bi-partisan observers wherever the citizens demand. After all, it is their vote, not his/hers.

NEW: 10/23/2016: 4. USE A PAPER BALLOT: Paper ballots are auditable. Any electronic voting mechanism that cannot be independently verified should not be used. See Call to Action.

In review, here’s what we have:

2. 2011: JOE LOCKHART, Bill Clinton’s former press secretary moved to Facebook as vice president of communications. (Jun. 11, 2011)

   . . . ten days later . . .

4. 2014: BARACK OBAMA sent his White House chief technology officer Todd Park to Silicon Valley on a pretext, but kept him on the White House payroll. (Oct. 28, 2014)

5. 2015: JOE LOCKHART is labelled a “Key WJC/HRC surrogate” by John Podesta, Hillary’s campaign chairman. WikiLeaks (Mar. 08, 2015).

6. . . 2014–2016: TODD Y. PARK was recruited by the Hillary campaign and illegally paid by the White House to implement Hillary’s “election winning template” skunk works at Facebook. This “election winning” name given to Hillary’s illegal activity should be labelled ELECTION RIGGING TEMPLATE.

It’s time for We the People to put an end to this corruption.

The time for procrastination is over. If we allow this election to be stolen by the globalists, the dismantling of the 240-year grand American experiment in Republican democracy will likely be finished.

TAKE ACTION: “If it is meant to be, it is up to me."

The Clinton didn’t have the independence to challenge powerful actors on Wall Street and in Washington, “Crooked” Clinton for her big dollar campaign contributors. Seven in 10 voters consider Clinton part of the establishment. Just 30 percent trust her to take on special interests, Clinton praises Wall Street bankers as people who “see over the horizon; she tells Goldman Sachs’s Blankfein that “there is such a bias against people who have led successful and/or complicated lives:” YES MONEY MATURES. But lets not forget the Global Economic CRISIS OF 2008 that cost tens of millions of people their life savings and their jobs their homes

Where is the SEC? Dept of Commerce? Dept of Justice? This is clearly an anti-trust violation. An oligopoly.

Who runs these agencies?

SEC: Mary L. Schapiro served as the 29th Chairman. She had over 65 holdings in Facebook interests before the Facebook IPO. Globalist? CHECK.

SEC: Current chair Mary Jo White another Wall Street puppet. So bad even Elizabeth Warren calls for her removal.

Commerce Dept: Secretary is billionaire heiress Penny S. Pritzker, a $1 million donor to The Clinton Foundation. CHECK.

Justice Dept: FBI Director Comey, another shill of the Clinton Foundation and former director at HSBC, a Clinton Foundation lackey.

AT&T Time Warner merger is nothing but a New World Order consolidation of global communications into the U.S. government’s hands--A destruction of competition. A naked attack on the U.S. Constitution and real capitalistic competition.

Emails obtained by Citizens United through a Freedom of Information Act (FOIA) request and released on Tuesday suggest that walking around a stage may have been a challenging burden for Hillary Clinton as early as 2009.

In a 2009 email exchange between top Clinton aide Huma Abedin and Clinton Global Initiative employees Amitabh Desai and Ed Hughes, Abedin revealed that Clinton could not walk around the stage like her husband Bill Clinton and would need a podium for an upcoming address.

Hey dave123. Now that those NEW ZEALANDERS are over their overnight pot high, try some facts:

RIGGED POLLING at NBC, Wall Street Journal.

HART RESEARCH ASSOCIATES PUBLIC OPINION STRATEGIES firm was paid $225,000 in Sep. 2016 by Hillary Clinton's SuperPAC Priorities USA - the largest Democratic PAC - for what is evidently skewed, pseudo-scientific polling data supplied to NBC and Wall Street Journal.

Moral of this story: The MSM “polls” showing Hillary ahead are lies meant to deceive. Don’t be fooled.

Thank you to a number of readers who have sent links to videos proving election fraud and disproving the current MSM narrative that election rigging is ridiculous . . . unless it is the Russians, which fits their narrative to deflect attention from the election rigging that the brave investigator James O’Keefe and Project Veritas Action has just proven.

Remember, in Saul Alinsky’s 12 Rules for Radicals embraced by Hillary Clinton and Barack Obama, when they get caught, their tactic is to deny, deny, deny. Have you noticed a lot of denial about the O’Keefe videos and WikiLeaks in the last few days? LOL. They are predictable once you know who pulls their strings.

See the various videos above. They have been downloaded and distributed so that they cannot be censored.

Hillary Clinton’s campaign, the DNC and the non-profit organization Americans United for Change. And, it’s all disguised as a duck. In this video, several Project Veritas undercover journalists catch Democracy Partners founder directly implicating Hillary Clinton in FEC violations. “In the end, it was the candidate, Hillary Clinton, the future president of the United States, who wanted ducks on the ground;” says Creamer in one of several exchanges. “So, by God, we would get ducks on the ground.” It is made clear that high-level DNC operative Creamer realized that this direct coordination between Democracy Partners and the campaign would be damning when he said: “Don’t repeat that to anybody.” The first video explained the dark secrets and the hidden connections and organizations the Clinton campaign uses to incite violence at Trump rallies. The second video exposed a diabolical step-by-step voter fraud strategy discussed by top Democratic operatives and showed one key operative admitting that the Democrats have been rigging elections for fifty years. This latest video takes this investigation even further.
