FIG. 1: BARACK OBAMA is using taxpayer funds to rig the 2016 election. In Oct. 2014 he sent his White House chief technology officer Todd Y. Park to Silicon Valley to help with Hillary’s campaign and to implement her Facebook election rigging software. Simultaneously, Obama hired Google engineer Mikey Dickerson at the White House and in just seven weeks created the U.S. Digital Service. Together, Park and Dickerson routed all election data through the White House, so that Obama could control the entire nation’s election... at least the parts that his operatives Bob Creamer, Robby Mook, John Podesta and Terry McAuliffe had not already rigged. See proofs below.

(Nov. 01, 2016)—Finding the truth about the extraordinary attempt to convert America to a globalist state has been slow and painstaking. However, thanks to the efforts of WikiLeaks, Citizens United, Judicial Watch, Project Veritas, InfoWars, DCLeaks, Swiss Leaks, ICIJ and others, the truth is finally emerging.

THE WHITE HOUSE ROLE IN STEALING THE 2016 ELECTION

WikiLeak: On Jun. 29, 2014, Robby Mook asked John Podesta to place an “Urgent call” to Mikey Dickerson, a Google engineer. Mook was Terry McAuliffe’s Virginia gubernatorial campaign manager at the time. Podesta was Barack Obama’s special counsel.

GOOGLE’S ERIC SCHMIDT PROPOSED (and Obama built) A BIG BROTHER VOTER DATABASE FOR THE DEMOCRATIC PARTY

This new evidence is more proof that Barack Obama himself is engaged in the most egregious violations of The Hatch Act imaginable. He’s using public funds to build a BIG BROTHER database specifically for the benefit of the Democratic Party. This means the current complaints of communist tactics are 100% accurate.

Mook was organizing “the Eric Schmidt project.” — "development of a single record for a voter that aggregates all that is known about them.)
On Apr. 15, 2014, Schmidt proposed “Notes for a Democratic Campaign” which the evidence shows that the White House controlled.

He wanted to recruit Dickerson to run it. However, Dickerson was “a little worried about how legit it was.” Mook clearly needed Podesta to strong arm Dickerson into accepting the appointment. The subsequent events show this effort was for Hillary Clinton’s election.

Longtime Clinton surrogate Terry McAuliffe was Mook’s cover, and would later pay a $675,000 bribe to the FBI Deputy Director Andrew McCabe to get Hillary off the hook in her private email server investigation.

WikiLeaks also revealed that Robby Mook was “close” to Robert Creamer, the top Hillary operative just caught in an undercover sting video by Project Veritas Action. Creamer is

captured on tape bragging about his various exploits to rig the election and disrupt Trump and Pence rallies.

The backdrop to this Mook email:

During the six months before the email, Creamer—a community organizer from Chicago close to Barack Obama—had visited the White House 42 times, three times with Obama, and 39 times with Valerie Jarrett’s Office of Public Engagement staff.

In total, Creamer has visited the White House 345 times, according to White House logs. Most if, not all, of Creamer’s White House meetings were with Valerie Jarrett’s staff in the Office of Public Engagement, which appears should be more accurately named the Office of Election Rigging.

**OBAMA HASTILY CREATED THE U.S. DIGITAL SERVICE IN JUST SEVEN WEEKS AS COVER FOR “THE ERIC SCHMIDT PROJECT”**

On Mar. 19, 2014, the GSA formed “18F” with a mission to simplify the government’s digital services. 18F was staffed with Presidential Innovation Fellows. According to Google internal documents, 18F has “informal ties to USDS” (U.S. Digital Service, see below). 18F targeted various federal agencies, most notably the Federal Election Commission (FEC).

FEC documents confirm that the effort was to move all FEC data processing to the cloud and thus under the control of the IBM Eclipse Foundation established by IBM’s chief inside counsel David J. Kappos (Obama’s director of the Patent Office) and IBM’s chief outside counsel James P. Chandler, who was also counsel to the real inventor of social networking, Columbus K. Chandler, who was also counsel to the real inventor of social networking, Columbus K. Chandler, who was also counsel to the real inventor of social networking.

On Apr. 15, 2014, Eric Schmidt, CEO of Google, proposed “Notes for a Democratic Campaign” which the evidence shows the Barack Obama and the White House took control of and funded the leadership of this technical initiative via two former Obamacare techies Todd Y. Park, then WH Chief Technology Officer, and Mike Dickerson, Google engineer and soon to be named Administrator for the U.S. Digital Service.

On Aug. 20, 2014, Obama appointed Google engineer Mikey Dickerson to lead a newly created U.S. Digital Service, first named “the Eric Schmidt Project” (see Apr. 15, 2014). Google internal documents boast “Current and former Googlers have also disproportionately staffed the new office[s]” for both the U.S. Digital Service and 18F.

**GIBSON DUNN LLP exposed as one of the most corrupt law firms in America**

Investigative Reporter Julia Davis investigates Facebook’s Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. Click here to read her article “Everybody hates whistleblowers.” Examiner.com, Apr. 10, 2012. Here’s an excerpt:

“Skillful manipulation of the firm’s extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage.”

This statement followed right after Davis cited Facebook’s chief inside counsel in the Leader v. Facebook case, Theodore Ullyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner that instills confidence among the citizenry in the rule of law and the Judicial system. These promises appear to be meaningless. The deep integration of the Facebook and Google-White House networks ensures that Obama can focus his rigging on key swing states and tap into state election tabulators at will to change reported results. Peter Thiel’s Palantir software, supplied to the NSA since 2004, is being used to tap into any citizen’s computer at will, without a warrant.

. . . Barack Obama is rigging U.S. election networks through the White House.

All paid for by the American taxpayer.

WHAT CAN BE DONE?

White Hats need to stop this. The interconnections of these illegal rigged networks need to be disrupted legally during the entire time votes are being tallied and verified.

There is nothing more important to the Republic than the protection of this election.

ROBBY MOOK’S HIDEOUS BACKGROUND

3. Two Policy Changes That Will Make America More Democratic (and less contentious), Dec. 21, 2012

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney “dark arts,” destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury’s admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook’s appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news.

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P . Stark, U.S. District Court of Delaware, trial judge in Leader Techs, Inc. v. Facebook, Inc., 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the Pfaff v. Wells Electronics, Inc. test for on-sale bar, even after instructing the jury to use it. (See that Jury Instruction No. 4.7 here.) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the “heavy burden” of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). This is bad. Schmidt proposed creating a database of voters which collects "ALL THAT IS KNOWN ABOUT THEM". Google knows a lot, probably too much about everyone.

Eric Schmidt speaks and writes exactly as an employee of the Hillary Clinton campaign would. "Who we need to turn out and why" - this is something a Hillary campaign employee would write in an internal document, a hundred percent. This is truly shocking and very scary.

memo, found in one of thousands of Podesta emails published by WikiLeaks, underscores just how involved "big money" is in the inner workings of the political left.

Equally important, it lays bare what has been a largely successful effort by progressives to control public discourse, change American demographics and divide the electorate by categories such as race, gender and age.

It's now clear from numerous sources that the Podesta hack, which led to Wikileaks releasing tens of thousands of Clinton campaign emails, as well as other hacks targeting the Democratic Party, were the work of U.S. intelligence operatives attempting to save America from a Clinton presidency.

FBI Director James Comey reopened the agency’s investigation into Hillary Clinton’s emails last week because “almost 100” agents threatened to resign before next week’s election, former House Majority Leader Tom DeLay told Newsmax TV.

“A few weeks ago, almost 100 agents were threatening Comey that they were going to resign — and that kind of pressure is what turned him around,” DeLay, 69, the majority leader from 2003 to 2005, said on Tuesday’s “The Steve Malzberg Show.” “It wasn’t Comey or his integrity.

HEADS UP:
FACEBOOK's chief financier, second largest shareholder who has sucked well over $10 billion from the company, and former chairman, JAMES W. BREYER, ACCEL PARTNERS LLP, a CLINTON FOUNDATION donor, has effectively moved his venture capital operations to China as IDG-ACCEL CAPITAL PARTNERS.

JOHN P. BREYER, his father, moved to China twenty years ago and has been coaching the Chinese with George Soros and Andy Grove (fellow Jewish Hungarian emigres) on how to takeover America.

JAMES W. BREYER, famously pronounced that he was “super bullish on China” back on Nov. 03, 2011:

Facebook is moving its operations and master databases to China and other offshore locations.

The first US election was held by a small group of revolutionaries that were willing to confront a corrupt government in a far away land that chose to impose their will for their own benefit, not the folks tilling the soil, expanding local commerce, and fighting the wild environment. The Monarch wanted the “new worlders” to redistribute their wealth through unjust taxes, put down their guns, and be good little sheep. The farmers, trappers, and merchants had a better idea.......liberty, freedom, and the pursuit of their happiness, not the King's happiness. They had the courage to confront the overwhelming power.

This election cycle has exposed an ugly truth.....our government is laden with corruption, choked full of insider deals , and pay to play deals. There is a dispair for truth and honest discourse. There are layers upon layers of hacks that abrogate our laws if it leads to their own little fiefdom , wealth, and power. Sadly, this corruption is not limited to one political party or one branch of government. The stench includes blacks and whites, men and women, religious and atheists. It is abundantly clear that even the best intentioned politician has no chance of making it better......the swamp is full of disease, snakes, and evil. Obama has become King, Hillary wants it, too. She wants to be the first female King. We must confront the overwhelming power. The swamp must be drained.

So here's our choice. We can chose a person that for 30 years has been the epicenter of corruption, dishonesty, and evil, or we can elect a clumsy, crass, brash non insider that can not, even when he tries, be politically correct . Hillary is currently under criminal investigation on several fronts, and has been for years. Do women really want this thug as their first female president ? Despite his trash mouth, Trump has , during that same 30 years , built many magnificent things through free enterprise including a large successful company. He is inherently honest but obviously non political. Ironically, the people that will vote for Hillary, need Trump the most. First time voters need jobs. Soccer moms want a better education and a safe local environment for their boys and girls. Blacks and hispanics need a path to the middle and upper class. Peace loving religious ( all brands) do not want to fear for their lives because zealots want to kill them where they live. America!!!! Trump has stated over and over, he will support those that want all of these things.......Hillary has stated that she will be an extension of current policies that put us in this mess. She will not make it anything but worse. It is this simple.....Hillary is a cause, Trump is a cure.

Don't be fooled. Hillary and her surrogates are evil. Justice will not be possible until we clean up the deadly corruption in our government. Let's give Trump our vote, our total support, and let's cover his back. He appears to understand the problem, has a solution, has the gonads to face evil, and he truly loves the country we love. On the other hand, Hillary and Bill have put together the MOST corrupt political machine ever created. Top to bottom........corrupt. It has been exposed. They must be eliminated from our lives once and for all. The Clintons could care less about America or our citizenry. They only love themselves, but , ironically , not each other. Even their marriage is a fraud. They are sick people. We can not put them in control. Believe this, if she loses and their power is mitigated, the Clinton Foundation will lose donors. Is that not an indictment in and of itself of "pay to play"?

Not sure how this next week will unravel......I hope that dishonesty and vote rigging do not come into play. It would be so refreshing if evil gets a set back. Have a fun few days of "pay to play"?

TEX.

Hey Tex, I resemble that last comment. Ouch. LOL.

"they don't want to rig an election, they want to rig the whole system"

WikiLeaks: Among the curiosities spewed from John Podesta's email by WikiLeaks is an intriguing memo to a group of billionaires that outlines the real goals of the Democratic Party's progressive wing. Turns out they don't want to rig an election, they want to rig the whole system – demographics, politics, the media, everything.

The idea that the Democratic Party is the party of the "little man," as the old term would have it, is one of the great fallacies of our time, as this memo clearly shows.

The Democratic Party has been captured by the interests of a handful of left-leaning billionaires and cash-rich labor unions who see the party as a way to impose their progressive vision on all of us, without us even knowing it.

This, no doubt, explains why Clinton's Campaign Chairman Podesta has become so having directed the IRS targeting of the Tea Party)

The FBI’s investigation into the Clinton Foundation that has been going on for more than a year has now taken a “very high priority,” separate sources with intimate knowledge of the probe tell Fox News.

FBI agents have interviewed and re-interviewed multiple people on the foundation case, which is looking into possible pay for play interaction between then-Secretary of State Hillary Clinton and the Clinton Foundation. The FBI’s White Collar Crime Division is handling the investigation.

True Pundit. (Nov. 03, 2016). BREAKING BOMBSHELL: NYPD BLOWS WHISTLE ON NEW HILLARY EMAILS: MONEY LAUNDERING, SEX CRIMES WITH CHILDREN, CHILD EXPLOITATION, PAY TO PLAY, PERJURY

“If they don’t cooperate they are going to see long sentences,” a federal law enforcement source said.

New York Police Department detectives and prosecutors working an alleged underage sexting case against former Congressman Anthony Weiner have turned over a newly-found laptop he shared with wife Huma Abedin to the FBI with enough evidence “to put Hillary (Clinton) and her crew away for life,” NYPD sources told True Pundit.

NYPD sources said Clinton’s “crew” also included several unnamed yet implicated members of Congress in addition to her aides and insiders.

"It involves Hillary Clinton, Huma Abedin, and Bill Clinton as well as Jeffrey Epstein," DC insider Doug Hagmann said on The Alex Jones Show Wednesday. "According to my source, these files exist - he did not touch these files so he doesn’t know what’s in them, but the fact that they exist on this computer suggest some sort of overlap here."

"It involves the Saudis, very big money and interests in the Middle East, and it involves Hillary, Huma, and to a much lesser extent Anthony Weiner."

The NYPD seized the computer from Weiner during a search warrant and detectives discovered a trove of over 500,000 emails to and from Hillary Clinton, Abedin and other insiders during her tenure as secretary of state. The content of those emails sparked the FBI to reopen its defunct email investigation into Clinton on Friday.

But new revelations on the contents of that laptop, according to law enforcement sources, implicate the Democratic presidential candidate, her subordinates, and even select elected officials in far more alleged serious crimes than mishandling classified and top secret emails, sources said. NYPD sources said these new emails include evidence linking Clinton herself and associates to:

- Money laundering
- Child exploitation
- Sex crimes with minors (children)
- Perjury
- Pay to play through Clinton Foundation
- Obstruction of justice
- Other felony crimes

Wikileaks: Proof John Podesta is still associated with Vladimir Putin.

Podesta held stock in Joule Unlimited LLC (Boston) with Rosnano, Putin's venture capital company where Podesta resigned as a director, but transferred his holdings to his family members:

-Megan Rouse,
-Mae S. Podesta and
-Gabriel J. Podesta

This proves that all the complaints about Trump's alleged Russian connections were all lies when, in fact, Hillary's own campaign chairman was the one in bed with the Russians.

Menstrual blood, semen and breast milk: Most bizarre Wikileaks revelation yet. InfoWars.

In what is undoubtedly the most bizarre Wikileaks revelation to date, Clinton campaign chairman John Podesta was invited to a "spirit cooking dinner" by performance artist Marina Abramovic, to take part in an occult ritual founded by Satanist Aleister Crowley.

In an email dated June 28, 2015, Abramovic wrote, "I am so looking forward to the Spirit Cooking dinner at my place. Do you think you will be able to let me know if your brother is joining? All my love, Marina."

Tony Podesta then forwarded the email to his brother John Podesta (Hillary Clinton's campaign chairman), asking him, "Are you in NYC Thursday July 9 Marina wants you to come to dinner."

Facebook offered 421 million shares of common stock at $38 per share THAT ended with disappointment Leading one of these cases, shareholder Robert Lowinger accused Facebook, Mark Zuckerberg and the banks that underwrote the IPO of downgrading earnings expectations before the offering but sharing the bad news only with “certain preferred investors.”

On appeal, the Securities and Exchange Commission boosted the banks' position by advising the appellate court that "lock-up agreements" do not implicate the Exchange Act's ban on insiders making short-swing profits. There is an exception to this rule for good-faith underwriting of IPOs, a rule that by advising the appellate court that “lock-up agreements” do not implicate the S.E.C. The Podesta “Spirit Cooking dinner” is absolutely vile. It’s blood, sperm and breastmilk. But mostly blood. The video included in the link above shows only a small excerpt, the rest is unbearable. These are the kinds of rituals these depraved, wealthy people are engaged in. This video was produced by Marina Abramovic, the woman who invited Podesta to her “Spirit Cooking dinner” like the one she conducts below. “Dinner” is a truly vile event as shown below. “The Menu” appears to be a code word for various depraved activities.

May God deliver us from this evil.

Wow, that is rich. Calling this depraved? This comes from someone who believes that Jesus Christ turned his body into a bowl of crackers. Which you then consume. Cannibalism. And then you drink his blood. Not only is that wickedly depraved, it also displays extraordinary gullibility and naïveté.

And where is the evidence that Podesta actually engaged in any of this?

This blog has truly become an adorable caricature of itself.

Oh and that Fox news story about Hillary being indicted? Another hoax. So bad that Fox actually apologized for it.

JKR (by one of your legion of astroturfing names), now you spew sacrilege in the name of liberalism. We will pray for your immortal soul. Let’s see, how many astroturfer epithets did you spew in this one little comment?:

1. "Wow, that is rich"
2. "Depraved"
3. Holy Communion is “bowl of crackers,” “cannibalism,” “wickedly depraved,” “extraordinary gullibility,” “naïveté.”
4. Ignore the mountain of Podesta evidence emerging
5. “Adorable caricature of itself”
6. Hillary’s coming indictment a “hoax.” Time will tell who is in the dark, although that seems obvious from your comment.

WASHINGTON - Huma Abedin, Hillary Clinton's closest aide, has reportedly “flipped” and is cooperating with investigators looking into possible crimes by the former secretary of state.

Breitbart is reporting that is because Abedin fears she could go to jail over the scandal.

Blackwater founder and retired Navy SEAL Erik Prince said “well-placed” sources in the New York Police Department told him “(Anthony) Weiner and Huma Abedin, his wife - the closest adviser of Hillary Clinton for 20 years - have both flipped.”

Hillary Clinton’s ties to satanic rituals and the occult have been well-documented for decades.

Clinton insider Larry Nichols told Infowars that Hillary Clinton used to attend a “witch’s church” in Los Angeles during Bill’s presidency.

And a source claimed many FBI agents consider Clinton to be “the Antichrist personified.”

Also, DC insider Doug Hagmann broke the news that the NYPD found a blackmail sex network on Anthony Weiner’s computer.

Furthermore, the latest bombshell to come from WikiLeaks connects Clinton campaign head John Podesta to top occultist Marina Abramovic.

Infowars reporter Paul Joseph Watson breaks down the “spirit cooking” ritual:

At least eight other countries besides Qatar gave new or increased funding to the foundation, in most cases to fund its health project, without the State Department being informed, according to foundation and agency records. They include Algeria, which gave for the first time in 2010, and the United Kingdom, which nearly tripled its support for the foundation's health project to $11.2 million between 2009 and 2012.

Foundation officials have said some of those donations, including Algeria, were oversights and should have been flagged, while others, such as the UK increase, did not qualify as material increases.

The foundation has declined to describe what sort of increase in funding by a foreign government would have triggered notification of the State Department for review. Cookstra said the agreement was designed to "allow foreign funding for critical Clinton Foundation programs" to continue without disruption."

Readers should know that the reason these crooked lawyers (I know, I am being redundant) claim "human error," "oversight" and "mismanagement" and "inadvertence" is because there is no law against human error. But, there is a law against fraud and willful misrepresentation. So, these experienced crooks always claim human error each time they are asked about their fraud.

The lawyers protecting Obama and the Clintons are nothing but MOB LAWYERS who will (and do) lie, cheat, break laws and steal from their mothers to protect their crooked clients while lining their pockets.

NYPD / FBI INSIDERS ARE CONFIRMING MASSIVE EVIDENCE OF CHILD MOLESTATION AND WORSE AMONG THE CLINTON FOUNDATION ENTOURAGE

Kit Daniels. (Nov. 5, 2016). LAW ENFORCEMENT BEGS WORLD: READ HILLARY EMAILS TO FIND CHILD RAPE EVIDENCE - Hillary linked to child sex ring, emails suggest. InfoWars.

The Clinton campaign and its associates sought out underage children for “entertainment” at a hot tub party and made strange references to “hot dogs” and “Beanie Babies” in emails which may contain code for pedophilia or other illegal activities, according to investigative researchers.

Law enforcement sources have asked the public to point out potential code words for “weapons, drugs and people” in the emails released by Wikileaks - and evidence of child sex trafficking would explain why the FBI reopened their investigation into Hillary Clinton despite severe political blowback.

Be warned: while these emails could refer to non-sensical, inside jokes, that’s not the conclusion of many of those who’ve seen these bizarre emails - and there’s hundreds.

An Oct. 2015 email inviting members of the campaign to a rural getaway pointed out that three children ages 11, 9 and almost 7 would be supplied for entertainment.

Email comment by TH:

It’s no secret that democrats are all about fixing elections with every tactic possible and that is exactly what is happening this year for Hillary. Specifically, Elections expert J. Christian Adams told FOX and Friends on this morning that there are 4 million dead people on US voter rolls.

Adams was the Voting Section Attorney at the US Department of Justice, so he knows a thing or two about this topic. In fact, he has filed six lawsuits against Philadelphia and Broward County, Florida where the voter rolls are corrupted.

Leftist groups continually sue to keep the voter rolls exactly the way they are. Why is that? Well, it’s very obvious. The current voter rolls benefit democrats, as the data shows dead people vote for democrats in an overwhelming majority. The Obama administration has no desire to clean up these voter rolls.

J. Christian Adams says, “Dead people are voting and it’s something this administration does not want to do anything about. They must like it. They must like who they are voting for... Now we have four million, four million Steve, ineligible and dead voters on American voter rolls according to the Pew Charitable Trust."

TERRY MCAULIFFE IS A DIRECTOR IN THE CLINTON FOUNDATION.

Virginia Gov. Terry McAuliffe has granted voting rights to as many as 60,000 convicted felons just in time for them to register to vote, nearly five times more than previously reported and enough to win the state for his long-time friend, Democratic nominee Hillary Clinton.

McAuliffe sought to allow all of Virginia’s estimated 200,000 felons to vote, but state courts said each individual felon’s circumstances must be weighed. To get around that, McAuliffe used a mechanical autopen to rapidly sign thousands of letters, as if he had personally reviewed them, even as his office was saying the total was 13,000.

Now, The Daily Caller News Foundation Investigative Group has learned that McAuliffe — who managed Clinton’s unsuccessful 2008 presidential campaign — churned out five times as many letters before the registration deadline than publicly claimed.

Of all the things Jack Ma thought he'd confront in 2017, a Donald Trump presidency wasn't among them.

Much has been made of risks emanating from Trump's anti-China worldview. It's a particular concern for investors in Alibaba (BABA), the e-commerce juggernaut aiming to generate 50% of its revenue outside China. While Trump's shocking win is slamming technology shares from the U.S. to China, the colossus Ma created is uniquely in harm's way. Its scale, level of mainland penetration and global ambitions put Alibaba on the frontline of Trump's whims.

That makes Alibaba a singularly telling indicator of both Chinese growth shifts and Beijing-Washington relations.

With the intention to censor independent media, President Obama is now spearheading the fervent assault on so-called “fake news.”

Obama made clear his desire to limit news reports by populist media at a press conference in Lima, Peru, on Sunday where he also defended the Trans-Pacific Partnership.
