The spy state Cartel fox is guarding the hen house

The National Security Agency (NSA) bypassed Congress beginning in 1995 with Bill Clinton’s Executive Order No. 12958 and help organize a secret White House spy agency.

The White House, in collusion with the IBM Eclipse Foundation, Silicon Valley and Wall Street, created Facebook, Twitter, LinkedIn, Google, YouTube and Yahoo to spy on Americans in violation of fundamental moral principles embedded in the U.S. Constitution.

Users are offered only the illusion of choice. All personal user data is collected, stored, analyzed and sold to the highest bidder by the Cartel for both surveillance and commercial benefit.

Many of the users below and their customers are unaware of how their participation in these platforms is compromised.

1. Breitbart
2. Center for Public Integrity
