FIG. 1—EDWARD WILLIAM "BILL" PRIESTAP, assistant director of the counterintelligence division with the Federal Bureau Of Investigation (FBI), listened during a Senate Judiciary Committee hearing in Washington, D.C. on Wednesday, July 26, 2017. Some speculate that he has turned on the Obama-Clinton-Comey-Mueller conspiracy, but we highly doubt it given his intimate family association with Harvard, Facebook, The Internet of Things and the Deep State shadow government.

BREAKING! FEB. 18 2018, MUST WATCH!
AMERICAN INTELLIGENCE MEDIA (AIM) INTERVIEWED MICHAEL MCKIBBEN ON FEB. 16, 2018 ABOUT HOW ENTREPRENEURS IN AMERICA ARE BEING RIPPED OFF BY DEEP STATE "PUBLIC-PRIVATE" FASCIST ESTABLISHMENT INSIDERS HIDING AS LIBERAL PROGRESSIVES & RINOS

ORIGINAL POST

(FEB. 13, 2017) On Dec. 21, 2015, then FBI Director James B. Comey appointed William E. “Bill” Priestap as Assistant Director of the Counterintelligence Division at the FBI.

Priestap is embroiled in the current cover-up of the FBI’s lies and disinformation to Senate and House Judiciary, Intelligence and Homeland Security Committees.

Investigations into Priestap’s background reveal important new clues about Priestap’s Deep State mission at the FBI.

What is Priestap hiding in his biography?

Priestap’s biographies are uniformly missing the name(s) of the universities where he claims to have received degrees in business and education. Clearly, the school identities are being intentionally withheld. Why? What are Mr. Priestap and the FBI hiding?

Second, Priestap’s spouse, Sabina (Menschel) Priestap, has a suspiciously successful intelligence resume for a 1999 Harvard College graduate, who then received a Harvard MBA in 2005.

Sabina (Menschel) Priestap IMMEDIATELY became a Special Advisor at the FBI (Jul. 2005)—a truly magical rise.
Note that Sabina (Menschel) Priestap attended Harvard Business School during the tenure of Lawrence “Larry” Summers, who became Harvard President after leaving the Clinton White House.

Summers brought his rogue C.I.A. Treasury employee, Marne L. Levine (Deutch), to be his Harvard chief of staff while he sent his Treasury chief of staff Sheryl K. Sandberg to Google to start Gmail. He had already sent his other World Bank protégé Yuri Milner to Russia to start Mail.ru, Russia’s version of Gmail.

Marne L. Levine (C.I.A. Deutch) is the daughter-in-law of Bill Clinton’s disgraced C.I.A. Director Philip J. Deutch (“Daddy Deutch”). Daddy Deutch was pardoned by Bill Clinton on Jan. 19, 2001 along with finance fraudster Marc Rich. Daddy Deutch had been indicted for mishandling classified information on his home computer.

Levine (C.I.A. Deutch) later went to AOL Email (2006), National Economic Council as Larry Summers' chief of staff (2009), Facebook as vice president of global policy (2010), and is now chief operating officer at Instagram, where Summers joined as director on Jun. 29, 2011. See Timeline.

Levine (C.I.A. Deutch) has had another truly magical professional rise.

Note that Facebook Boy King cardboard cutout Mark Zuckerberg started attending Harvard in 2001—contemporaneously with Sabina (Menschel) Priestap. Zuckerberg’s is another truly magical professional rise starting as a 19 years old Harvard sophomore. See AFI. (Nov. 22, 2017). The Weaponization of Social Media Should Concern Us All. Americans for Innovation.
M.O.O.C. HARVARDX ROGUE C.I.A.-INSPIRED BRAINWASHING SYSTEM

Sabina (Menschel) Priestap’s father, Richard L. Menschel, funded HarvardX in 2013. HarvardX is one of the primary M.O.O.C. platforms for the takeover of higher education by the Deep State shadow government. M.O.O.C. means “Massive Open Online Course.” It is essentially Common Core for higher education.

Facebook’s rogue C.I.A. handler, James W. Breyer, is a co-conspirator with Menschel in promoting HarvardX.

Given the Deep State’s intensive anti-Trump virtue signaling, the control by Daddy Menschel and Facebook’s James W. Breyer over HarvardX, EdX—M.O.O.C. renders Priestap hopelessly compromised.

These relationships alone prove that Bill Priestap cannot be impartial in the Trump-Russia investigation. It further proves that he is evidently running cover for the globalist takeover of education and the U.S. Constitution.

MORE CONSPIRACIES AMONG MENSCHEL, PRIESTAP, HARVARDX, M.O.O.C.

Ohio State University is a global Deep State shadow government network hub for M.O.O.C. – Massive Open Online Course.

In 2014, Ohio State Marching Band Director Jon Waters was inexplicably abused over his advertising successes after using Apple iPads to create wildly popular animated on-field marching formations that went viral. The incoming president Michael V. Drake from Stanford, who did not even know Waters, accused him of promoting a “sexualized culture.” These accusations were denied and never proven. However, they were successful in getting Waters fired and stopping the Apple publicity momentum.

Stop Facebook Property Theft

We see. We “like.” We steal.

Stop Facebook Property Theft.

Will Human Kind Ever Learn? Facebook’s Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under Mao’s Red Star, Stalin’s SOV ET Hammer & Cycle and Hitler’s NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

Ask Congress: Pass the Inventor Protection Act!

Leader Technologies Inventor Protection Act (Proposed)

America needs to practice what it preaches. We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based Inventor Leader Technologies to go uncompensated for the risks they took to help invent social networking…

— a technology upon which the President and U.S. government now rely.

— a technology stolen by the Facebook Cabal, who recruited the federal courts and Patent Office into their club of corruption.

America should not be in the business of cheating its entrepreneurial investors simply because the cheaters buy off judges with the money gained from their theft. Such permissiveness is obscene.

George Orwell wrote in 1984 that one knows one is in a totalitarian state when telling the truth becomes an act of courage.

These bizarre events appeared nonsensical since Waters’ creativity had just generated $30 million in advertising revenue and positive PR for the university. However, hindsight shows that the Apple attention threatened to expose Ohio State’s and Governor John Kasich’s cooperation with IBM and the rogue C.I.A. to make Ohio State a global networking hub for M.O.O.C. / HarvardX / EdX. This conspiracy was being organized by Ohio State trustee president Jeffrey Wadsworth, who is a rogue C.I.A. DARPA agent at Battelle Memorial Institute where he is CEO.

Ohio State’s then provost Joseph E. Steinmetz was busy promoting M.O.O.C. / HarvardX at Ohio State. At the same time, Ohio governor John Kasich gave IBM a $267 million exclusive contract (2013) to move Ohio State’s data center off campus to become a global network control hub for M.O.O.C.

Former OSU data center engineers interviewed by AFI investigators say the move to an off campus site was wholly unnecessary on technical grounds. See IBM Opens Advanced Analytics Center in Columbus, Ohio. That’s right, Ohio State today does not even have its own campus data center. That center is completely controlled by John Kasich, M.O.O.C. and globalist forces that have no loyalties to Ohio State.

As case in point, Ohio State’s president Michael V. Drake, who fired Waters as his first act after hiring, came from Stanford where he had no prior association with Ohio State, but had plenty of associations with the Silicon Valley Boy King cardboard cutouts in the Deep State.

Governor Kasich’s alignment with anti-Trump RINOs (Republicans in Name Only), and with anti-Trump Deep State Wall Street interests, reveals highly suspicious ties among Priestap, James B. Comey Robert S. Mueller and Governor John Kasich. This Gordian knot of relationships disqualifies Priestap from the Russia-Trump investigation.

Given all of the above, there is NO WAY that Priestap can be a part of any investigation related to President Trump. In fact, he should probably join the others in Guantanamo.

Given the way this post just exposed Ohio State, Jeffrey Wadsworth, John Kasich and IBM, it is certainly curious that this little article about Apple was the lead story in the Ohio State Lantern’s email newsfeed this morning.

This article is obvious misdirection. Anyone in technology knows that they might as well have announced BREAKING: Four Ohio State students ordered Cafe Lattes yesterday at breakfast!

No, it is clear that OSU rushed out this article as misdirection.

Gotcha. Payback is a bitch.

Karma sucks.

. . . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney “dark arts,” destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury’s admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook’s appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook’s evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam’s motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach’s behalf. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events that he had seen plans for back in the early 1970s. Bill correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall, and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from top secret documents that he read while with the Intelligence Briefing Team and from over seventeen years of research."

"Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in topsecret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the secret government, and UFOs. Bill is a lucid, rational, and powerful speaker whose intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events that he had seen plans for back in the early 1970s. Bill correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall, and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from top secret documents that he read while with the Intelligence Briefing Team and from over seventeen years of research."

Q. Anons, I've been following these drops since day one, but this is the first I'm hearing of this "Behold a Pale Horse" book from 1991, by Bill Cooper. It actually describes clowns planning to use school shootings as a way to disarm the citizenry.

This looks legit to me, astonishing as the quotes are. What say you all?
