# MASSIVE WASHINGTON CORRUPTION EXPOSED BY LEADER V. FACEBOOK

BI-PARTISAN CITIZEN GROUP APPEALS TO CONGRESS TO RESTORE PROPERTY Confiscated by Widespread Federal Corruption Incl. Interference By Nancy Pelosi and Harry Reid

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | UPDATED MAR. 10, 2014 01:38 P.M. ET | PDF

## NEW: MAR. 10, 2014: SCRIBD CENSORS AFI DOCUMENTS, INCL. JUDICIAL & WHITE HOUSE FINANCIAL REPORTS – OBSTRUCTS CONGRESSIONAL INVESTIGATIONS

Sources: OPINION, Scribd, FreeSpeechArt.

New, Mar. 10, 2014—Several AFI activists just received a reply from a "Jason (Support Desk)" claiming that we abused Scribd's policy regarding the "presence of several 'dossier'-like profiles that contained home addresses of individuals, their relatives, neighbors, and, in some cases, children. This is a gross violation of Scribd's Terms of Use..."

How totally Orwellian. Jason defines publicly available information from the phone book, public records, Congressional records and *Facebook posts* as private for his purposes. This is a remarkable glimpse into the hypocrites of Silicon Valley. They trade

#### NEW, MAR. 7, 2014: LEADER'S SUPREME COURT ARGUMENT

Following the unconscionable censorship of AFI documents by Scribd today, volunteers are updating the links to new locations. In the meantime, the Scribd links in Leader's Supreme Court Petition have been updated and availab e here in the meantime (clickable citations).

THANK YOU, MAR. 8, 2014 03:30 A.M.: AFI volunteers have already updated the links in the Request for Congressional Intervention. The links are updated, and/or <u>click here for</u> <u>the updated version</u>.

Leader: 145,000 man-hours • over \$10 million • 20 people • solid engineering • hackers not welcome • affirms privacy, security, property • no foreign influence • respects U.S. Constitution

Facebook: "one to two weeks" • beer money • all by myself • 28 hidden hard drives • stole Harvard photos • hacks email • PayPal Mafia handlers • scofs at privacy • corrupts markets, judges, politicians & gov/t agencies

in everyone elses' privacy, yet jealously guard their own. He even calls it "gross" to present public information in a compiled form. How many thousands of companies do this for a living? Yes Jason, invasion of privacy is gross, but we did not do that. We merely re-presented *already public information provided by those individuals*. So, why don't you take the lead and stop trafficking in "big data." Are you claiming that Scribd is not a "big data" vendor? In any event, isn't it rather draconian to take down our hundreds of

documents, rather than the few you found

guestionable?

So much for the "freedom" of the digital "cloud." BTW, Scribd is a "free" service, like Facebook. Until that is, their task masters don't like your ideas. The power of a cloud provider to unilaterally block a user from accessing their data because they don't like your point of view illustrates why "the cloud" is an unreliable service for fundamental democratic principles of privacy, property, free speech and freedom.

Will Google join in lockstep and shut down this blog next? They're "free" also. We hope not. Like many, we use Google in good faith, and with the hope that they respect free speech.

Interesting how the Silicon Valley purveyors of the "death of privacy" hide behind their user agreements when they want their own privacy, self-defined. Hypocrites.

AFI documents on *Scribd* were summarily *deleted* on Friday, Mar. 7, 2014. All of them. Even things like the financial reports of government officials and Congressional Briefings. If you try to access a document now, Scribd posts a boldface lie: "Document deleted by owner." How Orwellian. This in-your-face conduct destroyed the trust of hundreds of thousands of readers who have relied on the site to access important evidence in the *Leader v. Facebook* judicial misconduct investigation.

Frankly, we expected this. *Scribd* has been tying itself to Facebook for some time. This is especially interesting since AFI documents have had about 250,000 reads so far. Point of interest, several of Dr. A's Federal Circuit filings had almost 20,000 reads. This censorship should be reported, publicized and demands made for *Scribd* to turn the documents back on. It appears they just flipped the lights off. They are now obstructing Congressional investigations and the American public's right to know the truth about the *Leader v. Facebook* judicial misconduct.

What dog does *Scribd* have in this hunt unless they are running cover for their Facebook cronies? Hmmmm.

The Request for Congressional Intervention has had almost 1,800 reads on *Scribd* already. Dr. Robert P. Kocher's (the 38-year old Obamacare architect; just three years out of residency) "lost" financial report had 1,800 reads in a week. Chief Justice Robert's financial disclosure had about 8,000 reads. No worries. We'll redirect links to all the documents. A number of libraries have *all* the documents. If you Google the document name you are looking for, you can probably find other instances. If you need a document quickly, post your request on the Comments or email us at **amer4innov@gmail.com**.

## NEW, MAR. 7, 2014: STRATEGY TO COMPROMISE Congress Longterm Unearthed

Scribd's suppression of free speech today occurred just as AFI was provided a copy of a Congressional Request. The request contained the shocking, but believable, notion in the cover letter that the Facebook Cartel has likely been working **for years** to compromise members of Congress with unknowing financial conflicts of interests—like time bombs—in the form of cleverly concealed Facebook Cartel stocks inside colluding mutual funds. Click here to read the Congressional Request Cover Letter.

## THE DIGITAL "CLOUD" IS A TOXIC ETHICAL WASTELAND.

This is a good lesson for why we cannot place our hope in the Facebook Cartel's one-stop-shop digital "cloud" for the future of democracy. Sounds good on paper, but it assumes honesty, integrity, good faith and respect for one's fellow man, for which these people are in short supply. Power corrupts. Absolute power corrupts absolutely. The fewer hands into which we put our digital futures, the greater will become censorship and attempts to control the "narratives" of public discourse. *1984* author George Orwell was right. You know you have arrived on the doorsteps of totalitarianism when telling the truth becomes an act of courage. All the links are updated in this post. ## (MAR. 02, 2014)—OBAMACARE ARCHITECT'S 2009 FINANCIAL REPORT Recovered—Proves obamacare is wedded to the facebook cartel

AFI investigators have uncovered the 2009 finanacial disclosure for **ROBERT P. KOCHER**, **MD**, the 38 year old chief architect of Obamacare. The Obama administration has removed this report from the Office of Goverment Ethics website. The report is a smoking gun.

It shows that Dr. Kocher held 37 Facebook "dark pools" funds in 2009–practically all of his holdings. These funds include Obamacare-specific holdings in

CGI, Athenahealth, Castlight Health, Facebook and Accenture. He was clearly an insider and was in on the long-promised Facebook IPO bonanza for himself, his cartel buddies, and his wife, who uses multiple names: Cindy Chen, Chao Chen, Chao H. Chen, Chao I. Chen, Cindy C. Chen and Ci Chen, according to public records.

Robert P. Kocher, MD Director, Castlight Health, founded by U S CTO, Todd Y Park; former member, National Economic Council; special adviser to Bar ack Obama on Health Policy (chief architect of Obamacare) *Photo:* Wathingtonedu. The disclosure reveals that Dr. Kocher—as the healthcare policy director at the National Economic Council—was making recommendations for Obamacare to use services in companies where he stood to gain financially.

Such conflicts of interests are specifically forbidden by the Standards of Ethics for Employees of the Executive Branch. In addition, Dr. Kocher signed an ethics pledge committing not to engage in such conduct. <u>Click here to read Robert P. Kocher's</u> <u>2009 Financial Disclosure</u>. The White House removed Dr. Kocher's signed ethics pledge from public review as well.

NEW MAR. 06, 2013: Robert P. Kocher 2009 Financial Analysis Excel Spreadsheet File (download here).

Remarkably, Dr. Kocher was 38 years old and only three years out of medical residency when he was given these heady responsibilities. Did the appointment of this inexperienced young

physician doom Obamacare to the fiasco it has become? Figuratively speaking, the President chose a boy to do a man's work.

It appears that Dr. Robert P. Kocher was the Mark Zuckerberg-esque boy band leader for healthcare "reform," along with Baidu China's Robin "Handsome Return" Yangong, and Russia's Yuri "Money Launder" Milner. All the same Facebook Cartel actors are present. America, China, and Russia; what are these peoples' designs? They must be stopped before they do more damage to the world economy.

Readers are encouraged to send the **REQUEST FOR CONGRESSIONAL INTERVENTION** to your members of Congress with urgency. See below.

(FEB. 21, 2014)—Several days ago, AFI received a pre-release copy of a request headed to Congress asking them to intervene in what amounts to federal confiscation of private property. Actors in the scheme include the now familiar players: Facebook, Facebook's PayPal Mafia handlers, HHS, HealthCare.gov, Barack Obama, the White House cabinet revolving door, Wall Street and even the Congressional website.

## STOP FACEBOOK PROPERTY THEFT

## We see. We "like." We steal. STOP FACEBOOK PROPERTY THEFT. www.fbcoverup.com

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

Our researchers have spent the last few days verifying the research. Corruption is a sickly animal. Any one item of data doesn't necessarily prove a theory, but the sum total of this information creates visions of being slimed in the movie Ghost Busters. If you had any doubts about the level of corruption in Washington D.C., this document should put your doubts to rest.

## EXPRESS YOUR CONCERNS TO CONGRESS—JOIN US!

A national citizens' campaign has begun. Congress is being asked to use its Constitutional authority over property and purse to fix the horrific results of the corruption exposed by *Leader v. Facebook*.

If not you, who? If not now, when?

# **NEW:** FIRST IMPRESSIONS OF THE CONGRESSIONAL REQUEST

This Congressional Request contains new evidence connecting **CONGRESSWOMAN NANCY PELOSI** and **SENATE MAJORITY LEADER HARRY REID** to the judicial corruption in *Leader v. Facebook.* This doesn't even take into account the public knowledge that both Pelosi's and Reid's families have made out like bandits from various government stimulus programs.

WITHIN ONE WEEK after the pre-trial Markman Hearing in which 25-year veteran, Judge Joseph J. Farnan, took Facebook to the woodshed, he suddenly announced his retirement. Farnan was replaced by Magistrate LEONARD P. STARK, an Obama nominee. Stark's appointment had been recommended by Obama's Cooley Godward LLP "justice adviser," Donald K. Stern.

Despite Stark's conflict of interest with the Cooley firm, he nevertheless allowed Cooley's attorneys, including Michael G. Rhodes, to argue for Facebook.

Congr esswoman

Rhodes had just been appointed chief counsel for Tesla Motors, Inc. Tesla had just received \$465 million in energy stimulus funds on

in Nancy Pelosi

the recomendation of Mike Sheehy, former national security adviser to then Speaker of the House NANCY **PELOSI**. Stark also held substantial Fidelity holdings.

WITHIN TWO DAYS of Leader filing its appeal with the Federal Circuit, Pres. *Obama nominated* EVAN J. WALLACH. Wallach was Senate Majority Leader HARRY REID's former general counsel. Wallach also held substantial Fidelity holdings. Cooley's Donald K. Stern

continued his stellar "justice advice" in Wallach's appointment.

Despite their relationship and despite the financial conflicts of interest, both Judge Stark and Judge Wallach sat in judgment in *Leader v. Facebook*, obviously to give their sponsors the verdict they demanded.

Senator Harry Reid

Reid and Pelosi, who chose first to protect the Facebook Cartel, are conflicted out of having any say or vote in the coming congressional investigation into *Leader v. Facebook* corruption.

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this

firm with the reason why not a single Wall Street banker has gone to jail since 2008. Click here to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

> "Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot,

who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. FIG. 2-A REQUEST FOR CONGRESSIONAL INTERVENTION. On Feb. 21, 2014 (latest revision: Mar. 1, 2014). A group of concerned citizens published a request being sent to numerous members of Congress. The request seeks constitutional redress for widespread corruption within the Executive and Judicial Branches surrounding the Leader v. Facebook patent battle. Facebook argues they won, but would not say "fair and square." Leader counters that any verdict or Patent Office decision based on fraud cannot stand.

The fact is, the ruling against Leader did not have a shred of justification. No expert testimony, no witnesses, no evidence, just Facebook attorney charades that confused the jury. The appeals system is supposed to fix jury confusion, not embrace it like happened here. It now appears the verdict was pre-ordained as Judge Leonard P. Stark's quid pro quo for his judgeship appointment by President Obama-just a week aftr the trial. It was also insurance to protect the substantial financial holdings of the judges and Obama White House officials (thanks to the various stock market maniplations by JPMorgan Chase, Goldman Sachs and Morgan Stanley) in funds that invested heavily in Facebook pre-IPO stock. Please refrain from using a lot of profanity in your posts and you'll be fine. A few of your recent posts were a little over the top! Let's use facts and reasoned argument to beat these unscrupulous individuals. We realize that their immoral treatment of fellow human beings is frustrating, but we cannot allow these profane individuals to drag us down to their level. That said, an occasional choice epithet will get a pass. :-)

We have at least one dyslexic person who posts. We absolutely do not want to discourage such persons from posting. On the other hand, if the grammar and spelling get too hard to read, that person's point gets scrambled too. We tend to delete those. We have friends with the affliction and know that one has good days and bad. If this is you, maybe save what you wrote and re-post on a good day, or maybe ask a friend to edit it first. Thank you.

For grins, I just checked the analysis of his financial disclosures. Genachowski is in the Facebook Cartel. He holds 30 of the Facebook black pools. These people are voracious. They must be stopped before they destroy our free society. Remember how long it took the world to rid itself of Hitler, Stalin, Mao? These people are setting us up for this scale of a problem.

## **OUR MISSION**

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfu ness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney dark arts, destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice

The administration's news talking points this morning about the Ukrainian Crisis are historically juvenile. Secretary of State John Kerry and Defense Secretary Chuck Hagel kept repeating the President's desire not to return to "19th Century" Cold War tactics.

Soviet Communism took over in Russia in 1917. That was well into the 20TH CENTURY.

http://en.wikipedia.org/wiki/Bolshevik\_Revolution

This faux pas is indicative of a general lack of credibility. How can citizens have confidence in an administration that doesn't even know when the Cold War began, yet wants to move past it? History teaches us if we forget the lessons of the past, we are doomed to repeat their mistakes.

Just watch, FOLLOW THE MONEY. Putin's #1 oligarchs Alisher Usmanov and Yuri Milner (Larry Summer's creations) were caught in the late 1990's diverting over \$4 billion in IMF funds, and got away with it. Now the IMF is set for meetings in Kiev in a few weeks. This whole Ukrainian scare could be one big hoax to scare the IMF and West into giving the Ukraine a bunch of free money (sound like other contrived crises in this country, ala 2008 bank "bailout" and the energy "stimulus." Each time the money went right into the hands of the Facebook Cartel. If it is true that Putin is run by the oligarchs, then this whole crisis is about them wanting to get some more billions in free cash for their project to consolidate global digital power.

I am hoping the IMF/West will push back and not be fooled. The Russian soldiers are not going to fire upon their Russian brothers. It makes no sense. It would be like people from Kansas taking up arms against Nebraska. This is a made for TV crisis in my opinion. Remember what Rahm Emanuel (Obama's former chief of staff): "Never let a good crisis go to waste."

## **CURRENT EDITORIAL FOCUS**

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored shocking new evidence that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Big thank you to AFI volunteers who turned what Scribd meant to slow down our Constitutional rights advocacy into an opportunity to consolidate our libraries. This will make the hand off to prosecutors even easier. We've still got to update the embedded documents in past posts. That should be done within a few days. Word is coming in from all over the country of folks who are contacting their elected representatives with the Request for Congressional Intervention.

Readers should know that the Scribd censors even removed almost all search results for search words like "leader technologies" and "leader v facebook" They have done their best to clear the decks for their darlings at Facebook. Free speech took a serious blow in the last 48 hrs. Forces are at work in this country to dismantle the U.S. Constitution, that much is crystal clear.

This conduct is every bit as serious as the conduct of the Soviet Department of Disinformation just a few decades ago. Facebook's Moscow-based partners at Digital Sky and Goldman Sachs-Moscow probably kept the training manuals.

We cannot let these people succeed. They are sailing headlong into dark and stormy seas that may take decades or even several lifetimes from which to recover. Give a person lacking a good moral foundation money, and this is what happens.

Should we be alarmed? Yes.

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs*, *Inc. v. Facebook*, *Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact 3/10/2014

discovery and blocked Leader from preparing its Like defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. (Read Leader's May 20, 2010 motion here.) He also permitted the jury to ignore the Pfaff v. Wells Electronics, Inc. test for on-sale bar, even after instructing the jury to use it. (See that Jury Instruction No. 4.7 here.) He also Like contradicted his

Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. See his Sep. 14, 2009 Order. Facebook's entire onsale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.

Judge Lourie also failed to apply his own law-test in Group One v.

Hallmark Cards to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned-a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader

Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See disclosure of substantial holdings in Facebook and Facebook-related stocks. Judge Moore failed to follow the long-

held precedent for testing on-sale bar evidence in Pfaff v. Wells

Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned —a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook. Inc.. 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. See Motion to Disclose Conflicts of Interest. Judge Wallach

continued in silence even after Clerk of Court Horbaly failed to

provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. See a full analysis of these events at Donna Kline Now! Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after

he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's Pfaff v. Wells Electronics, Inc. test for on-sale bar evidence, which included even the Federal Circuit's own Group One v. Hallmark Cards, Inc. test-a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. Group One test omission analysis.

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook. Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as

association with one of Facebook's largest shareholders,

his close

Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A selfgoverning state?]

#### Judge Randall R. Rader, U.S.

Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge

Rader also failed to disclose his conflicting relationships with

relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. See analysis of Judge Rader's undisclosed conflicts of interest in Leader v. Facebook.

Judge Rader also did not stop his judges from creating new arguments and

evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.
