### OHIO STATE TRUSTEES APPROVE CRONY INVESTMENTS IN JPMORGAN & FACEBOOK WHILE ABUSING THEIR MARCHING BAND & SOCIAL NETWORKING INVENTOR

### DRAKE & STEINMETZ GIVEN \$100 MILLION DISCRETIONARY CHECK WRITING AUTHORITY PER INVESTMENT IN FIRST MONTHS ON THE JOB

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | OCT. 28, 2014 | PDF

(OCT. 28, 2014)—On Aug. 29, 2014, four weeks after firing OSU Marching Band director Jon Waters on a Title IX pretext, the Ohio State trustees approved sweeping changes to OSU investment policy.

According to the [440 pages of meeting minutes](#) (originally 50 MB; we compressed to 16 MB), the OSU trustees voted to give newly-installed President **MICHAEL V. DRAKE** and newly-installed Provost **JOSEPH A. STEINMETZ** broad authority to invest up to \$100 million per investment. They also placed newly-installed trustee, **ALEX R. FISCHER**, on the finance committee along with trustee president **JEFFREY WADSWORTH**, Fischer's boss from Battelle Memorial Institute.

Buried on [page 436](#), the trustees approved investing in three indexes: 60% in Morgan Stanley's MSCI index, 30% in Barclays' U.S. Aggregate Bond index and 10% in the Consumer Price Index.

**H. ACCOUNT VALUATION**

**Ohio State officers Drake, Steinmetz and Chatas can invest up to \$100 million "at their discretion" p. 228**

Notwithstanding the foregoing, the President, the Provost and the Senior Vice President for Business and Finance of the University, in consultation with the Chair of the Finance Committee of the Board of Trustees, may direct that certain LTIP funds that are transferred to the LTIP from Operating Funds as further described in Section II(E)(3)(b), up to a maximum amount of \$100 million, be invested at their discretion in compliance with this Policy, other than the Asset Allocation and Rebalancing and benchmarks provisions and as expressly set forth in this paragraph. Such LTIP funds will not be allocated units in the LTIP and any investments made using such funds will not be included in the unit value calculation referred to above. Such LTIP funds will constitute a separate component fund of the LTIP and will receive distributions in the amount of and only to the extent of distributions on the underlying investments made using such funds. Investment expenses and fees will be assessed on such funds to the extent applicable.

**FIG. 2**—The Ohio State Trustees secretly (without public comment) gave newly-appointed President Michael V. Drake and newly-appointed Provost Joseph A. Steinmetz signing authority to invest up to \$100 million per investment "at their discretion" at their Aug. 29, 2014 meeting while a public protest at the firing of band director Jon Waters broiled outside, forcing the trustees to give spokesman Gary Leppla, a band alum and Dayton attorney, five minutes to express their grievance. Others wanted to speak, including parents of current bandsman, but the trustees walked out. Source: [Ohio State Trustees Aug. 29, 2014 Meeting Minutes, p. 228 of 440 pgs.](#) (16 MB).

Ironically, despite their concurrent lack of ethics in the Jon Waters affair, they got religion and promised "no conflicts of interest or perceptions of conflicts of interest when making investment decisions" (p. 229). They violated this pledge the moment they voiced it.

### WHAT IS A CONFLICT OF INTEREST?

A public official has a conflict if he could benefit personally by decisions favorable to one side or the other in the matter. In such circumstances, the right thing to do is to disclose the conflict and disqualify himself from that decision. This helps insure that the decision benefits those he serves, and not himself, his friends, family or close relationships.

### TRUSTEES APPROVED INVESTMENTS IN WADSWORTH'S MCBEE STRATEGIC CLIENTS WHO ARE ALSO OSU CONTRACTORS

**FIG. A**—JEFFREY WADSWORTH, President, The Ohio State University Board of Trustees; CEO, Battelle Memorial Institute. Wadsworth's lobbyist, McBee Strategic, has 16 contracts with Ohio State. Before coming to Battelle, Wadsworth had no prior ties to Ohio, Ohio State or the Big 10; neither did Michael V. Drake. Their ties are all in California, LLNL, Univ. of Calif., Stanford.

The OSU Trustees try to avoid telling the public about their crony investments by hiding behind "indexes." Perhaps the biggest lie of the century is the notion that a public official can invest in a mutual fund that contains the stock he is interested in, and then avoid disclosing that holding when the company he is invested in comes before him in a public matter. If this were true, then the only conflicts that would have to be disclosed would be matters directly involving mutual funds. It is a silly notion that lawyers, politicians and bureaucrats have used to line their pockets with insider tips to grow rich while they are in office.

Closer analysis of the fund indexes reveals that the trustees approved all of McBee Strategic's clients who are Ohio State contractors for investing. McBee Strategic is Jeffrey Wadsworth's lobbying firm at Battelle Memorial Institute.

Any trustee who holds stock in any of the indexes funds approved had a duty to disclose that conflict and recuse himself from a decision in favor of that index.

The trustees conflicts of interest in selecting the Morgan Stanley and Barclay's indexes are many.

### WADSWORTH TAKES HIS ORDERS FROM JPMORGAN, CITIGROUP & FACEBOOK

Chief among Wadsworth's cronies are **JPMORGAN**, **CITIGROUP** and **FACEBOOK**. These two banks are currently embroiled in a patent infringement battle with Internet pioneer, **DR. LAKSHMI**

**UPDATE MAR. 25, 2014**

### FOUR CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. **WAS CHIEF JUSTICE ROBERTS BLACKMAILED** into supporting Obamacare by his ethical compromises in *Leader v. Facebook*?
2. **JUSTICE ROBERTS MENTORED** Facebook Gibson Dunn LLP attorneys.
3. **JUSTICE ROBERTS HOLDS** substantial Facebook financial interests.
4. **JUDGE LEONARD STARK FAILED** to disclose his Facebook financial interests and his reliance on

**ARUNACHALAM.** Dr. Arunachalam is former director of network architecture for Sun Microsystems, and is a true pioneer of how web transactions work. She holds over a dozen patents, and yet she is experiencing massive collusion among JPMorgan, the judges in her case, and the Patent Office who, like Wadsworth, are "chummy" with JPMorgan and Facebook. Stay tune for more developments in this case of deep-pocketed bullying of true inventors.

JPMorgan was also one of Facebook's underwriters who funded mutual funds like Fidelity Contrafund who helped facilitate the theft of **MICHAEL MCKIBBEN AND LEADER TECHNOLOGIES'** invention of social networking as well.

### A FINANCIAL INTEREST IS A FINANCIAL INTEREST, NO MATTER HOW MANY MUTUAL FUND BLANKETS YOU THROW OVER THE BODY.

The OSU trustees approved investments in the following McBee Strategic / Wadsworth clients: Facebook, Google, Alcoa, Boeing, Eastman Chemical, Fedex, Duke Energy, General Dynamics, General Electric, Honeywell, JPMorgan, Oracle, Praxair, Time Warner and WellPoint. However, from a conflict of interest perspective, Wadsworth had an affirmative duty to recuse himself from these decisions. Instead, he led the way.

**WELLPOINT, INC.,** a donor to Betty Montgomery's 2006 campaign, and Woodrow A. Myers' company (a Michael V. Drake crony from Stanford), is the 5th largest investment in one of the funds (SPDR Barclays Aggregate Bond ETF). Drake had a duty to disclose this conflict and recuse himself. There is no record he did. Neither did Drake disqualify Betty Montgomery from being involved with the ongoing investigations/fishing expeditions involving the band.

The trustees also approved investments in **SMUCKERS**, even though Smuckers' CEO, **TIMOTHY P. SMUCKER**, serves as a trustee. At a minimum, Smucker should have recused himself from any decisions involving the two key indexes in which his stock is listed. There is no record that he disclosed the conflict.

The trustees approved a **TIAA-CREF** fund chaired by **HOWELL E. JACKSON**. Jackson is a former Harvard Law vice dean, former consultant to the IMF and World Bank, and long-time colleague of Lawrence "Larry" Summers, President Obama's 2008 bailout director who fed over \$33 billion to his Facebook underwriter cronies, Goldman Sachs and Morgan Stanley. Summers was also the former Harvard president when Mark Zuckerberg attended and was fed the Michael McKibben/Leader Technologies' programming code needed to start Facebook. (Michael McKibben's son, Max, also attended Harvard and is now a surgeon at UNC.) Summers is also a former Treasury Secretary who recently was overwhelmingly opposed by his economist colleagues to head the Federal Reserve.

### WITCHES' BREW OF MUTUAL FUNDS

Tellingly, almost no Yale Law and no Ohio State Law graduates are involved in the Facebook Cartel. The Cartel is overwhelmingly comprised of unscrupulous Harvard Law graduates who are colluding with Wall Street in the formation of these witches' brew mutual funds.

### WADSWORTH'S CRONY COLLEGES AND MEDICAL CENTERS TO GET OSU INVESTMENTS

The trustees also approved investments in **STANFORD UNIVERSITY, UNIVERSITY OF CALIFORNIA, MIT, CORNELL, PRINCETON, GEORGE WASHINGTON UNIVERSITY, CLEVELAND CLINIC, MAYO CLINIC**—all known members of the **FACEBOOK CARTEL**. Those OSU trustees and officers who have worked at any of these schools should have disqualified themselves because their friends and colleagues would benefit personally from decisions favorable to any of their cronies.

The trustees also approved investments in approximately 30 companies with known direct affiliations with the **FACEBOOK CARTEL**, not counting the mainstream media, where they approved investments in CBS, NBC, ABC, Comcast, Walt Disney and Fox. Any trustee who has personal holdings in any of these companies had a duty to disclose and recuse, but there is no record they did.

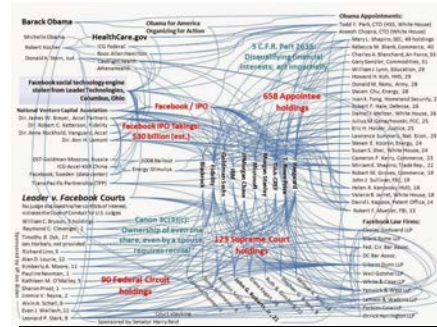

### WADSWORTH AND CRONIES ARE LINING THEIR POCKETS WITH INSIDER OSU DEALS

Jeffrey Wadsworth took two bites at the conflicts of interest apple. (1) He arranged OSU contracts for his McBee Strategic lobbyist, and then (2) he arranged for these same cronies to be approved to receive Ohio State investing dollars—up to \$100 million, at

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

**FIG. 2—OHIO STATE TRUSTEES APPROVED INVESTMENTS IN CRONY FUNDS.** On Aug. 29, 2014, the Ohio State Trustees approved a list of companies in which they could invest funds. However, not a single trustee recused himself or herself from decisions about funds and indexes in which they had personal investments. Ohio Ethics law forbids a public official from making decisions in matters where he or she will benefit personally from decisions for one party or the other. [Click here to download the PDF file.](#) Source: OSU Trustees.

## THE OSU TRUSTEES ARE RUNNING A RACKET TO BENEFIT THEIR CRONIES, NOT THE PEOPLE OF OHIO

**CONFLICT #1: MICHAEL V. DRAKE**—Newly-installed president Michael V. Drake failed to disclose his financial holdings in his [Sep. 29, 2004 financial disclosure](#) filed with the Ohio Ethics Commission. He gave his broker's name instead. In so doing, Drake has seriously violated Ohio ethics laws and has thwarted the ability of the public to hold him accountable for his financial decisions.

Drake did not submit this disclosure until AFTER the Aug. 29, 2014 trustee vote. The devil will be in the details of his undisclosed investments. Inquiries into this lack of disclosure should be made to the [Ohio Ethics Commission](#). Knowledge of Drakes's financial holdings are especially critical since he was give co-signing authority with provost Joseph A. Steinmetz up to \$100 million of OSU public funds

**CONFLICT #2: JOSEPH A. STEINMETZ**—Newly-installed provost Joseph A. Steinmetz does not make his financial holdings public, but given the conflicts discovered among his cronies, we can surmise that his conflicts are legion too. Steinmetz also failed to disclose his close association with M.O.O.C. (Massive Open Online Course) vendors, including Google and Oracle, whom he has been promoting.

Also, Steinmetz was given co-signing authority with Michael V. Drake over up to \$100 million in university investments (public funds), yet has failed to disclose his personal financial holdings for public scrutiny.

**CONFLICT #3: ALEX R. FISCHER**—Newly-installed trustee Alex R. Fischer failed to disclose his [holdings of McBee Strategic's clients](#), failed to recuse himself from the MSCI and

## LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate.  
Sanction. Certify.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.

## OSU HAS GIVEN SWEEPING POWERS TO THESE SCHEMERS

OSU football coach Urban Meyer does not just hand the reins of his football team to a new quarterback and expect him to perform well. Leadership takes time and trust from one's teammates and coaches. By contrast, these newly-installed OSU "leaders" are fumbling and stumbling, or so it seems.

They are either very stupid, or very sneaky. We don't think it is the former. We believe they have one goal: to get OSU's digital pipelines plugged in to their Silicon Valley and Wall Street cronies in order to gather Ohio voter data, and suck OSU ideas out to their favored companies ([just look at the list](#)). OSU generates a plethora of ideas in healthcare, research and student interaction.

## A GLOBAL PROGRESSIVE AGENDA IS AFOOT. IT'LL BE GOOD FOR YOU, DID YOU GET THE MEMO?

In our opinion, Wadsworth, Drake and Steinmetz only care about their personal finances and achieving control of Ohio State's digital infrastructure in student interaction and research as good foot soldiers for the Cartel. They don't care about Ohio State's storied traditions. The band is expendable. Propriety is old fashion. Decency is passe. Nothing matters except achieving their goal by the time the Obama Administration is out of power. With control of those pipelines, they'll be in control forever.

Prudence left the building at Ohio State. Since when is it OK for trustees and officers, much less newbies, to be given sole authority to spend \$100 million per investment on their signature? Experience with the Obama energy stimulus handouts has already shown where these funds will go: to political hacks.

OSU's current trustee who are trying to seize control of OSU's cash, are the same people who fired one of OSU most beloved and successful employees—OSU Marching Band Director Jon Waters.

In Waters' lawsuit, these are the same trustees who dug out a lampooning student calendars from Waters' desk drawer and are misrepresenting it in salacious terms. At the same time, they are performing back flips to make a flimsy case for "at will" employment technicalities—after that is, they cashed the \$30 million check that Waters generated for the university in the Apple i-Pad commercial. Unprecedented funds for a university music program.

No, the OSU trustee dog doesn't hunt.

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in

support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. [Click here for a PDF version of Julie Davis' article.](#)

## OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

Not unexpectedly, both president **MICHAEL V. DRAKE** and provost **JOSEPH A. STEINMETZ** are claiming no liability since they didn't assume their new jobs until after the scandal broke. As the Church Lady was fond of saying, "How conveeeeeenient." An analysis of their emails prior to Jul. 24, 2014 will no doubt show their duplicity. Any reasonable person can see that their start dates were timed so that they could deny liability now. Fraudulent misrepresentation is an offense. Collusion is criminal.

## JERRY SPRINGER COULD DO BETTER

Leave it to unscrupulous lawyers to sling more mud at \$500-900 per hour of Ohio's money. OSU's response reads more like a badly-produced Jerry Springer show, replete with 24 exhibits. The contents are simply more of the same stuff from the discredited Glaros Report. See [Columbus Dispatch](#) coverage just released.

[Click here](#) to download the complete Defendant's response with 24 exhibits (21MB ZIP file).

[Click here](#) to download just Defendant's response without the exhibits.

The trustees introduce more salacious innuendo. If this information was really so important as they make it now, then why wasn't it included in the Glaros Report? This OSU administration appears more interested in pumping out salacious tidbits for the evening news than in treating Jon Waters and the band fairly.

## UNIVERSITY ATTACKS JON WATERS WHILE FISCHER AND WIFE, LORI BARRARES, SECRETLY MAKE THEIR FORTUNES FROM OSU CONTRACTS

Newly-minted Ohio State trustee **ALEX R. FISCHER** holds 48 stocks of **MCBEE STRATEGIC** clients including 12 in **M.O.O.C. (MASSIVE OPEN ONLINE COURSE)** vendors **GOOGLE** and **ORACLE**. He also holds three stocks in **WELLPOINT, INC.**, and 94 stocks in members of the **FACEBOOK CARTEL**.

See [Alex R. Fischer, Lori Barrares Financial Disclosure, 2013, filed with the Ohio Ethics Commission, Apr. 14, 2014.](#)

Fischer's only apparent qualification to be an OSU trustee is that he has lived in the shadow of OSU trustee president Jeffrey Wadsworth for most of his career. During that time he served as chairman of OmniViz, the Battelle Laboratory subsidiary that appears to have been the conduit for Battelle's theft of OSU grad and inventor Michael McKibben's invention of social networking. See previous three posts.

## FEDERALIZATION OF HIGHER EDUCATION IS AFOOT

The mud slinging at band director Jon Waters is silly misdirection. This university leadership is hiding the real sins in their surreptitious efforts to federalize Ohio State's IT infrastructure into their global MOOC plan.

**FIG. 1—ALEX R. FISCHER**, OSU Trustee, Lori Barreras, Commissioner, Ohio Civil Rights Commission, are seen here enjoying some of the \$30 million OSU received from Jon Waters' success with the Apple iPad commercial Fischer also holds 48 stocks in Ohio State contractors who are clients of McBee Strategic, the lobbyist for OSU Trustee president Jeffrey Wadsworth and his company, Battelle Memorial Institute. Battelle manages billions of dollars of contracts for the Department of Energy. Wadsworth learned about OSU graduate Michael McKibben's invention of social networking a full 18 months before Facebook went live.

Magically, Jeffrey Wadsworth, had signed a contract with McKibben and his company, Columbus-based Leader Technologies, within days of the Battelle meeting, while Wadsworth worked for Lawrence Livermore National Laboratory in California, run by the University of California Trustees. Those trustees also employed OSU's new president, Michael V. Drake. Shortly after Wadsworth signed the Livermore contract, he then magically took over at Battelle. In addition, Wadsworth brought in Alex R. Fischer to become chairman of the Battelle subsidiary that was making plans with McKibben. Leader says Battelle has never contacted them about Battelle's intent to exploit Leader's invention.

The nepotism among Wadsworth, Fischer, Barreras, Marbley, Drake and Steinmetz appears to be hiding great sins. Their response to Waters' lawsuit is simply more juvenile mud slinging. It is not worthy of a great university. They must be fired.

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Holding stocks in companies that benefit fellow trustees and their business associates is an illegal conflict of interest. The ethical principle is that if a decision you make on behalf of the university will benefit you, your family, friends and/or close associates and acquaintances personally, you must disqualify yourself from that decision. In the case of Fischer, his financial holdings essentially taint all his advice, since these companies supply all corners of the university operations.

**FISCHER AND BARRARES LIVE IN JEFFREY WADSWORTH’S SHADOW**

Fischer and Barreras were both employed by Wadsworth at Battelle before they were fired in early 2009 for improper use of the Battelle corporate jet (ostensibly to accommodate their affair), according to a Battelle source. In recent days, they have landed well. Barreras was sworn in by OSU Trustee **ALGERNON L. MARBLEY** as a commissioner at the Ohio Civil Rights Commission. Fischer was installed as an OSU trustee two weeks before they fired Jon Waters. Curious timing.

## FIRING OF OSU BAND LEADER EXPOSES CORRUPTION AT BATTELLE LABS, PATENT OFFICE, NSA

### JEFFREY WADSWORTH, BATTELLE CEO AND OSU TRUSTEE PRESIDENT, DOLES OUT OSU CONTRACTS TO FACEBOOK CARTEL THRU HIS MCBEE STRATEGIC LLC LOBBYIST

Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks](#). Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. ## WADSWORTH-MCBEE STRATEGIC CLIENTS INSIDE HER MUTUAL FUNDS—LEGALIZED PAYOLA?

On Mar. 19, 2014, former Ohio Attorney General, Betty Montgomery, filed her required [2014 financial disclosure](#) with the Ohio Ethics Commission. Montgomery was appointed by OSU President **MICHAEL V. DRAKE** to head an inquiry into the OSU Marching Band culture after he fired director Jon Waters on a Title IX pretext. This inquiry appears to be a fishing expedition. Fishing expeditions (trolling for evidence to build a case for which one does not have the evidence) are illegal in Ohio. Montgomery surely knows this as former Ohio attorney general. Nonetheless, she disclosed holdings in BlackRock mutual funds.

### REQUEST AN OHIO ETHICS INVESTIGATION

The Ohio Ethics Commission collects financial disclosures from 11,000 public officials a year. They don't give an opinion on the veracity of a report. Investigations are triggered by complaints from the public. [Click here to go to the Ethics Commission for instructions on how to file.](#)

## THE MUTUAL FUND SCAM

SEC records reveal that the fund holds stock in **14 OF THE 16 OSU CONTRACTORS** who are also clients of **MCBEE STRATEGIC, BARACK OBAMA'S** conduit for green energy stimulus funds to political cronies and the lobbyist for OSU Trustee President **JEFFREY WADSWORTH** and his company, **BATTELLE LABS**. Those stocks include prominent players in the **M.O.O.C. (Massive Open Online Course)**

initiative to centralize higher education under federal control. **JPMORGAN** figures prominently in Montgomery's and Wadsworth's crony relationships. Such conflicts of interest taint the task force with evident bias. Montgomery agreed to be removed by the governor **"if it is found that [s]he**

**has used his[her] office corruptly."** [Ohio Revise Code 3.04](#). OSU President **MICHAEL V. DRAKE** signed the same statement. [Click here to read "Mutual Funds and Conflicts Concealment among Public Officials at Ohio State—Betty Montgomery Case Study."](#)

It appears time for Ohio Governor **JOHN KASICH** to step in before his inaction destroys the band's storied 136-year tradition at the hands of Drake and Wadsworth, who are creating a caustic organizational environment at OSU.

Montgomery's and Drake's financial nondisclosures give Governor Kasich a good reason to step in. Unfortunately, Governor Kasich is himself conflicted. He holds at no less than 26 JPMorgan stocks. [See previous post.](#)

## JPMORGAN "LEGALIZING PIRACY"

**UPDATE: OCT. 16, 2014**—Federal court filings today allege judges and JPMorgan collude to deprive Internet pioneer, Dr. Lakshmi Arunachalam, of her patent rights. Collusion among deep-pocketed patent infringers and federal judges appears to be rampant, as we have been reporting in [Leader v. Facebook](#) for several years—in the same Delaware District Court. [Click for more.](#)

fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's [Pfaff v. Wells Electronics, Inc.](#) test for on-sale bar evidence, which included even the Federal Circuit's own [Group One v. Hallmark Cards, Inc.](#) test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

[Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit](#), clerk who signed all the opinions in [Leader Techs v. Facebook, Inc.](#), 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook.](#) Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

Original Post

**(OCT. 10, 2014)**—AFI has just received a copy a of new Congressional Briefing. See Fig. 2 below. [Click here to download PDF.](#) It exposes a global agenda to control American elections in perpetuity. It fleshes out what Dick Morris has exposed in his runaway bestseller, [Power Grab](#)—Obama's Dangerous Plan for a One-Party Nation.

The Facebook Cartel may have overreached when they fired Jon Waters, the Ohio State Marching Band director. Up until that point, the Cartel's global Common Core-like M.O.O.C. university strategy to centralize control of university education (Massive Open Online Course) was largely unknown.

MOOC appears to be the higher education version of Common Core. It is yet another attempt by the "progressive" Facebook Cartel to move higher education under tight federal control—all in the name of "increased social engagement."

At the same time, the Cartel has been busy taking control of the underlying technical infrastructure of America at the IRS, HHS, SEC, FEC, Commerce, HealthCare.gov and now the FCC with

**FIG. 1—JEFFREY WADSWORTH**, OSU Trustee President; CEO, Battelle Memorial Institute. Wadsworth appears to have been ordered by the Facebook Cartel to get the Common Core-like MOOC initiative (Massive Open Online Course) moving at Ohio State. So, he sacrificed the Marching Band as the pretext to get out of the university's Title IX investigations. This action exposed Wadsworth's prior association with Columbus innovator, Michael McKibben, chairman and founder, Leader Technologies, and McKibben's invention of social networking, which he shared confidentially (he thought) with Battelle back in 2001. This included proposing a project with Harvard and IBM. Facebook

## OHIO STATE'S MOOC STALLED BY TITLE IX—OSU BAND'S 136-YEAR TRADITION SACRIFICED BY HAPLESS CALIFORNIANS

UPDATE OCT. 12 2014

### OSU PRESIDENT MICHAEL V. DRAKE FAILED TO DISCLOSE HIS INVESTMENTS

On Sep. 29, 2014, OSU president **MICHAEL V. DRAKE** filed a required financial disclosure with the Ohio Ethics Commission. This

was two months after he fired OSU Marching Band director, Jon Waters, on a Title IX pretext. [Click here to read Drake's disclosure.](#)

Shockingly, Drake disclosed his broker's name rather than his financial holdings. The broker, "Bank of the West Investment/Mutual Funds," has no mutual fund, but rather, they broker "an extensive list of no-load mutual funds from a variety of fund families." In fact, they represent over 100 funds. We highlighted some of the known members of the Facebook Cartel in that list linked above.

Drake also disclosed he is a director of the bank. Therefore, he has no excuse for failing to disclose materially significant information in a public disclosure. The fact that Drake listed a broker's name rather than his actual financial holdings is appears to be an intentional act to mislead the public.

#### JPMORGAN CONFLICTS

The Drake disclosure hides his actual financial holdings. For example, JPMorgan is one of the mutual funds brokered by the bank. Numerous of those funds hold JPMorgan stocks. JPMorgan is also an Ohio State donor and vendor. JPMorgan is also a client of Jeffrey Wadsworth's Battelle lobbyist, [McBee Strategic LLC](#).

Disclosure of such intertwined JPMorgan interests would have been problematic for Drake, so he evidently hid it.

Drake acknowledged in his disclosure that "DRAKE: filing a false statement may be grounds for removal from public office or dismissal from public employment."

Drake's **dismissal from public employment** for this act of material nondisclosure is appropriate, especially considering the caustic environment that he has created in his first months in office.

Ohio State is the 3rd largest university in the country and a critical component in the MOOC roll out. That roll out was stalled by an ongoing Title IX investigation.

Jeffrey Wadsworth, OSU's Trustee president, appears to have been under orders from the Cartel to get MOOC rolling at Ohio State. Wadsworth and provost Joseph A. Steinmetz chose to sacrifice the OSU band.

Wadsworth and new OSU President Michael V. Drake had matriculated from California to Ohio and haven't a clue about the OSU band's 136-year tradition.

Not surprisingly, the pretext worked like magic. Within a few short weeks, the Department of Education in Washington, D.C. closed the multi-year investigation. A few weeks after that, Steinmetz announced his 12-university "University Innovation Alliance."

### WADSWORTH'S DIRTY LITTLE SECRET

Wadsworth's attack on Jon Waters highlighted his prior association with another OSU Band alum, Michael McKibben. McKibben holds the patents on social networking.

In 2002, Wadsworth had signed a technology agreement with McKibben while Wadsworth was a technology director at Lawrence Livermore National Laboratory (LLNL). LLNL was managed by the University of California Trustees, which also employed Drake. Concurrent with his LLNL agreement, McKibben had been in discussions with Battelle Labs as well about his innovations.

### WADSWORTH REAPPEARED AT BATTELLE

Shortly after the LLNL agreement with McKibben and Leader, Wadsworth took over at Battelle and was off to the races with McKibben's invention, unbeknownst to McKibben . . . until the firing of Jon Waters.

In 2010, McKibben proved that Facebook is infringing his social networking invention and patent on 11 of 11 claims, yet the federal courts (all the way to the U.S. Supreme Court) protected Facebook on an unfounded legal pretext, easily proven so. Tellingly, all the judges in the case held massive amounts of stock in Facebook interests. They were also chummy with Facebook's attorneys. The Code of Conduct for U.S. Judges requires judges in such circumstances to disqualify themselves from the case. These judges hammered down anyway, very evidently to protect their Facebook holdings in the coming IPO.

AFI investigations into the Leader v. Facebook judicial corruption were the first to identify the Cartel and its tangle of Byzantine relationships. We have observed in these relationships the old adage: "You can fool most of the people most of the time. But, you cannot fool all the people all the time."

Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. [See analysis of Judge Rader's undisclosed conflicts of interest in Leader v. Facebook.](#) Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

## THE FACEBOOK CARTEL—TAKEN DOWN BY A MARCHING BAND?

Thanks to the mistreatment of Jon Waters and the Ohio State University Marching Band, we have discovered the Facebook's Cartel's likely demise—**JEFFREY WADSWORTH AND BATTELLE MEMORIAL INSTITUTE**.

We'll stop here. You can read the briefing for yourself below.

Let us hope the Cartel's overreach and abuse of The Ohio State University Marching Band will be their undoing. That would be poetic justice, to have the mighty Facebook Cartel taken down by a dedicated band of musicians.

**BREAKING NEWS, SEP. 12, 2014 (WE REMEMBER 9/11.)**

## U.S. DEPT. OF EDUCATION GOES ALONG WITH THE SCAPEGOATING OF BAND LEADER JON WATERS

The U.S. Department of Education issued yesterday a "Resolution" of its Title IX investigation. Suspiciously, the documents spend way too much time on the OSU band and Jon Waters, despite the fact that Waters' previous job performance reviews were glowing. Many of the small number of people interviewed in the "CHRIS GLAROS Report" say they were misrepresented. They feel the report abused them. Almost all of the alleged infractions occurred before Waters was the director. Waters followed university guidelines in handling the complaint cited. No fair representative sampling of the actual band culture occurred (had such a thing ever really been the concern). Glaros himself has a shady political past associated with the lawless Attorney General **ERIC H. HOLDER** and **FACEBOOK CARTEL** lawyers. It appears that the attack on the band was instigated by the OSU administration itself, without prompting from the U.S. Dept. of Education. The timing lends further credence to the criticism that the OSU administration chose the band as the scapegoat for other more serious Title IX problems, including at least two investigations of Athletic Director **GENE SMITH**. [Click here to see USDOE documents.](#)

[Sarcasm Alert!] The OSU Trustees "cover up" appears to be more than the cover up needed for the band's underwear session. Where is the investigation of OSU Trustee President **JEFFREY WADSWORTH** awarding 12 cush OSU contracts to his **MCBEE STRATEGIC** lobbying cronies? Where is the investigation of the controversial **MOOC (MASSIVE OPEN ONLINE COURSE)** collusion involving Provost **JOSEPH A. STEINMETZ**? Steinmetz is the band's boss. Where is the investigation of the theft of Michael McKibben's social networking invention by OSU Trustees **WADSWORTH AND ALEX R. FISCHER AT BATTLE** and their secret ties to McKibben's former patent counsel, Professor **JAMES P. CHANDLER III** who also advised Glaros, Holder, Battelle, Livermore Labs (Wadsworth's former employer) and OSU Trustee **ALGERNON L. MARBLEY**? Not to mention Governor **JOHN KASICH**'s role in the recent nepotistic appointments of Fischer and attorney Abigail Wexner just 11 days before Waters was fired, and his tight association with and many investments (see below) in Wall Street and Silicon Valley interests through **MARK KVAMME**. Now those are real scandals that make even Title IX herself blush.

**(SEP. 05, 2014)**—Suspicious of OSU Trustee and Administration impropriety swirl around the firing of beloved OSU Band leader Jon Waters on Jul. 26, 2014.

New evidence reveals that treacherous personal financial interests, and a universal MOOC (Massive Open Online Course) education agenda, are primary motivators for this cartel of actors.

Buckeye Nation's outrage shows no signs of subsiding. Despite the public outcry, Ohio State Trustees obstinate president, Jeffrey Wadsworth "stands firmly" behind the decision. Questions are now being asked about where Wadsworth gets his authority since Trustees are not executive roles. Some trustees are

**FIG. 1—JOHN R. KASICH**, Governor, State of Ohio. Governor Kasich is up for reelection in 2014. He has appointed many of the Ohio Trustees at the center of the Jon Waters band scandal. AFI investigators have just uncovered substantial Kasich investment holdings in companies allied with OSU Trustee President Jeffrey Wadsworth, Battelle Memorial Institute and Alex R. Fischer. An independent tribunal is needed to determine the level of corruption among the OSU Trustees who mistreated Ohio States highly innovative and much respected band leader, Jonathan Waters.

telling us privately that they did not approve Jon Waters' firing—that such a vote was never taken. If that is true, then Wadsworth's public statements are false.

## MCBEE STRATEGIC APPEARS TO BE DRIVING THE BUS FROM WASHINGTON, D.C.

AFI was the first to report that the university has awarded at least twelve (12) contracts to clients of McBee Strategic, a chief lobbyist for Jeffrey Wadsworth, President of the OSU Trustees, in his job as CEO of Battelle Memorial Institute.

## MOOC WILL BE BIG MONEY FOR THE CARTEL; THEY STOLE THE SOCIAL NETWORKING INVENTION OF OSU GRAD MICHAEL MCKIBBEN TO START FACEBOOK AND CREATE MOOC

OSU Provost Joseph A. Steinmetz was discovered [making a sales pitch for a controversial new MOOC initiative](#) that is heavily promoted by McBee Strategic clients [Google](#), Oracle and the National Venture Capital Association.

The Ohio governor appoints Ohio State trustees, and his impartiality is both required and assumed.

## GOVERNOR KASICH KNEW, OR REASONABLY SHOULD HAVE KNOWN, ABOUT HIS CONFLICTING HOLDINGS

However, [Governor Kasich's 2013 financial report](#) shows that he is anything but impartial. Governor Kasich knew, or reasonably should have known, about these conflicting holdings, but failed to report them. Since this accusation ("knew, or should have known") was hurled at Jon Waters, turnabout is fair play.

Governor John Kasich holds multiple stock interests in [McBee Strategic's publicly disclosed clients](#), as well as stocks in well-known McBee/Wadsworth collaborators. These companies include:

Orrin Hatch; author, The Federal Trade Secrets Act and the Economic Espionage Act of 1996; Leader Technologies' legal counsel, along with Fenwick & West LLP)

## C. Facebook puppet masters:

81. President Barack Obama (appointed Leonard P. Stark to the judge's seat in Delaware Federal District Court eight days after Stark's court allowed Facebook to get away with jury and court manipulation of an on-sale bar verdict which was attained without a single piece of hard evidence; Barack and Michelle Obama were evidently protecting their 47 million "likes" on Facebook)
82. Lawrence "Larry" Summers (Harvard President who aided Zuckerberg's light-speed rise to prominence with unprecedented Harvard Crimson coverage; Obama bailout chief; Clinton Treasury Secretary; World Bank Chief Economist; "Special Advisor" to Marc Andreessen in [Instagram](#); co-creator of the current Russian robber baron economy; close 20-year relationships with protégés Sheryl Sandberg & Yuri Milner; aided in recommendations that created the Russian robber baron economy—and Yuri Milner/DST/Asmanov's money used to purchase Facebook stock)
83. James W. Breyer, Accel Partners LLP; Facebook director; client of Fenwick & West LLP since the 1990's; apparently received technology from other Fenwick clients that was shuffled to Zuckerberg, incl. Leader Technologies' inventions)
84. David Plouffe; directed Obama's 2008 and 2012 campaigns; a self-described "statistics nerd;" likely directed the activities of the Facebook Club; employed Robert F. Bauer, Perkins Coii LLP in 2000 at the Democratic Congressional Campaign Committee
85. McBee Strategic (one of the main "private" arms responsible for doling out the billions in Obama "green energy" stimulus funds; partnered with Cooley Godward

Note: IBM created The Eclipse Foundation in late 2001 with the aid of Columbus-based Leader Technologies' former attorneys, to distribute Leader' social networking invention which they had just stolen, and which Leader had disclosed to Jeffrey Wadsworth, Livermore Labs (Univ. of Calif.), Alex R. Fischer and Battelle Memorial Institute under firm confidentiality secrecy agreements. See previous posts.

## GOVERNOR KASICH HOLDS STOCK IN WELLPOINT, INC., A POLITICAL CONTRIBUTOR TO BETTY MONTGOMERY AND DRAKE CA CRONY

Governor Kasich also has five (5) holdings in Wellpoint, Inc. Incoming OSU President Michael V. Drake's Stanford associate, Woodrow A. Myers, is chief medical officer at Wellpoint. Wellpoint has donated liberally to Ohio political campaigns starting in 2006. [Wellpoint contributed to Betty Montgomery's 2006](#) campaign. Despite this evident conflict, the governor and university president appointed their crony, Betty Montgomery, to lead the ongoing Waters investigation into the band's culture.

Instead, investigations need to occur immediately into the corrupt culture of the Ohio State trustees and their conflicts of interest with Governor John Kasich.

## NORMALLY SQUEAKY CLEAN SMUCKERS IS BEING TAINTED

Normally squeaky clean [Timothy Smucker](#) cannot escape controversy in this matter. In 2011, Governor Kasich appointed Smucker as an OSU trustee. The governor holds at least two (2) stocks in Smuckers Inc. Timothy Smucker is also a director at Hallmark Cards.

Given Governor Kasich's heavy financial interests in OSU Trustee President Jeffrey Wadsworth's business associates, his bias in the Jon Waters firing is evident.

## PROPRIETY DEMANDS AN IMPARTIAL TRIBUNAL

It appears time for unbiased members of the Ohio legislature to be put in charge of a thorough investigation of the corruption within the Ohio State Board of Trustees exposed by their attack on the Ohio State Marching Band and its director, Jon Waters.

Remarkably, AFI investigators recognize the cartel of companies into which Governor Kasich has invested. We call them the "Facebook Cartel." For example, besides the governor's five (5) investments in Facebook, he holds three (3) investments in LinkedIn, and five (5) investments in Baidu (CHINA) which was funded by this cartel to offer a Chinese social site like Google and Facebook. However, his close yet controversial advisor, [Mark Kvamme](#), is the former director of LinkedIn. Like Wadsworth and Drake, Kvamme too has close ties to the University of California.

Curiously, Kvamme came to LinkedIn at the same time that IBM and The Eclipse Foundation were distributing Leader Technologies' stolen invention to their eager "members." These members included Facebook and many members of the National Venture Capital Association when Facebook's first financier and future chairman, James W. Breyer, was chairman.

As a reader observed recently, the coincidences involving the theft of Leader Technologies' invention are so many, they are starting to eclipse the sun.

## SMITH?

Facebook, McBee Strategic lobbies for the National Venture Capital Association whose members will make out like bandits when the MOOC learning initiative is fully embraced at Ohio State. MOOC relies on Ohio State graduate Michael McKibben’s invention of social networking as the basis for the technology.

**McBee Strategic’s partner is Cooley Godward LLP**, Facebook’s attorney in the Leader v. Facebook judicial corruption scandal. Cooley also **advised the White House** on judicial appointments that switched the judges to an Obama nominee,

Leonard P. Stark, just a month before trial. Also significant is that Cooley Godward LLP’s fellow attorney in Leader v. Facebook, Gibson Dunn LLP, was former employer to **Chris Glaros**, the author of the now discredited Waters Report. See previous two posts.

OSU Provost Steinmetz doesn’t promote MOOC so heavily while President of Psychological Science Association for his health. It means money in his pocket, and the pockets of his Facebook Cartel cronies.

In conclusion, propriety dictates that Governor John R. Kasich must recuse himself from the OSU Marching Band scandal investigation.

## HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;
- (2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and
- (3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The

Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
