OHIO INSPECTOR GENERAL BEGINS INVESTIGATION OF OSU TRUSTEES AND ADMINISTRATION

"Your complaint regarding the actions of Ohio State University Trustees and Administration in the firing of OSU Marching Band Director Jon Waters has been received by the Office of the Ohio Inspector General...The Office of the Inspector General remains dedicated to the principle that **no public servant, regardless of rank or position, is above the law.**"

Sincerely, Randall J. Meyer, Ohio Inspector General

AFI has also received confirmation that complaints have been filed with the **DISCIPLINARY COUNCIL OF THE SUPREME COURT OF OHIO** against the OSU Trustees and staff whose licenses to practice law require them to uphold high ethical standards in all their activities. The complaints highlight several pages of failures to follow their ethical Rules of Professional Conduct in their mistreatment of Jon Waters. They also point out that district court judge Algernon L. Marbley, who along with U.S. Attorney General Eric H. Holder formerly employed Chris Glaros, author of the discredited "Glaros Report," receives pay from Ohio State as an instructor in violation of Ohio law. However, the complaint rules require that complaints be confidential. Therefore, we will not post the individual complaints about these public officials. [Click here to read a generic template.](#)

JON WATERS SUES OHIO STATE; WANTS HIS JOB BACK; EXPOSED DUPLICITY

JON WATERS today sued Ohio State for violation of due process and wants his job back. **TBDBITL** alums pledge continued support for reinstatement. Leader Technologies founder, **MICHAEL MCKIBBEN**, praises Waters and his team for standing firm. He says the attack on Waters smoked out other corruption that led Leader to discover the duplicity of OSU Trustees **JEFFREY WADSWORTH** and **ALEX R. FISCHER** at **BATTELLE MEMORIAL INSTITUTE** and **LAWRENCE LIVERMORE NATIONAL LABORATORY** that, in turn, led to the theft of his invention of social networking in 2001-2003, which was funneled to Mark Zuckerberg and Wall Street cronies to start **FACEBOOK**.

BETTY MONTGOMERY'S allegedly unbiased "investigation" into the band's culture is tainted by her failure to disclose that she took campaign contributions from Woodrow A. Myers, a Stanford alumni crony of OSU President Michael V. Drake, starting in 2006.

BREAKING NEWS, SEP. 12, 2014 (WE REMEMBER 9/11.)

U.S. DEPT. OF EDUCATION GOES ALONG WITH THE SCAPEGOATING OF BAND LEADER JON WATERS

The U.S. Department of Education issued yesterday a "Resolution" of its Title IX investigation. Suspiciously, the documents spend way too much time on the OSU band and Jon Waters, despite the fact that Waters' previous job performance reviews were glowing. Many of the small number of people interviewed in the "CHRIS GLAROS Report" say they were misrepresented. They feel the report abused them. Almost all of the alleged infractions occurred before Waters was the director. Waters followed university guidelines in handling the complaint cited. No fair representative sampling of the actual band culture occurred (had such a thing ever really been the concern). Glaros himself has a shady political past associated with the lawless Attorney General **ERIC H. HOLDER** and **FACEBOOK CARTEL** lawyers. It appears that the attack on the band was instigated by the OSU administration itself, without prompting from the U.S. Dept. of Education. The timing lends further credence to the criticism that the OSU administration chose the band as the scapegoat for other more serious Title IX problems, including at least two investigations of Athletic Director **GENESMITH**. [Click here to see USDOE documents](#).

[Sarcasm Alert!] The OSU Trustees "cover up" appears to be more than the cover up needed for the band's underwear session. Where is the investigation of OSU Trustee President **JEFFREY WADSWORTH** awarding 12 cush OSU contracts to his **MCBEE STRATEGIC** lobbying cronies? Where is the investigation of the controversial **MOOC (MASSIVE OPEN ONLINE COURSE)** collusion involving Provost **JOSEPH A. STEINMETZ**? Steinmetz is the band's boss. Where is the investigation of the theft of Michael McKibben's social networking invention by OSU Trustees **WADSWORTH AND ALEX R. FISCHER AT BATTELLE** and their secret ties to McKibben's former patent counsel, Professor **JAMES P. CHANDLER III** who also advised Glaros, Holder, Battelle, Livermore Labs (Wadsworth's former employer) and OSU Trustee **ALGERNON L. MARBLEY**? Not to mention Governor **JOHN KASICH**'s role in the recent nepotistic appointments of Fischer and attorney Abigail Wexner just 11 days before Waters was fired, and his tight association with and many investments (see below) in Wall Street and Silicon Valley interests through **MARK KVAMME**. Now those are real scandals that make even Title IX herself blush.

—Original Post—

(SEP. 05, 2014)—Suspensions of OSU Trustee and Administration impropriety swirl around the firing of beloved OSU Band leader Jon Waters on Jul. 26, 2014.

New evidence reveals that treacherous personal financial interests, and a universal MOOC (Massive Open Online Course) education agenda, are primary motivators for this cartel of actors.

Buckeye Nation's outrage shows no signs of subsiding. Despite the public outcry, Ohio State Trustees obstinate president, Jeffrey Wadsworth "stands firmly" behind the decision. Questions are now being asked about where Wadsworth gets his authority since Trustees are not executive roles. Some trustees are telling us privately that they did not approve Jon Waters' firing—that such a vote was never taken. If that is true, then Wadsworth's public statements are false.

MCBEE STRATEGIC APPEARS TO BE DRIVING THE BUS FROM WASHINGTON, D.C.

AFI was the first to report that the university has awarded at least twelve (12) contracts to clients of McBee Strategic, a chief lobbyist for Jeffrey Wadsworth, President of the OSU Trustees, in his job as CEO of Battelle Memorial Institute.

MOOC WILL BE BIG MONEY FOR THE CARTEL; THEY STOLE THE SOCIAL NETWORKING INVENTION OF OSU GRAD MICHAEL MCKIBBEN TO START FACEBOOK AND CREATE MOOC

OSU Provost Joseph A. Steinmetz was discovered [making a sales pitch for a controversial new MOOC initiative](#) that is heavily promoted by McBee Strategic clients [Google](#), [Oracle](#) and the National Venture Capital Association.

The Ohio governor appoints Ohio State trustees, and his impartiality is both required and assumed.

GOVERNOR KASICH KNEW, OR REASONABLY SHOULD HAVE KNOWN, ABOUT HIS CONFLICTING HOLDINGS

However, [Governor Kasich's 2013 financial report](#) shows that he is anything but impartial. Governor Kasich knew, or reasonably should have known, about these conflicting holdings, but failed to report them. Since this accusation ("knew, or should have known") was hurled at Jon Waters, turnabout is fair play.

Governor John Kasich holds multiple stock interests in [McBee Strategic's publicly disclosed clients](#), as well as stocks in well-known McBee/Wadsworth collaborators. These companies include:

FIG. 1—JOHN R. KASICH, Governor, State of Ohio. Governor Kasich is up for reelection in 2014. He has appointed many of the Ohio Trustees at the center of the Jon Waters band scandal. AFI investigators have just uncovered substantial Kasich investment holdings in companies allied with OSU Trustee President Jeffrey Wadsworth, Battelle Memorial Institute and Alex R. Fischer. An independent tribunal is needed to determine the level of corruption among the OSU Trustees who mistreated Ohio States highly innovative and much respected band leader, Jonathan Waters.

THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Sickle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;
—a technology stolen by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

GOVERNOR KASICH HOLDS STOCK IN WELLPOINT, INC., A POLITICAL CONTRIBUTOR TO BETTY MONTGOMERY AND DRAKE CA CRONY

Governor Kasich also has five (5) holdings in Wellpoint, Inc. Incoming OSU President Michael V. Drake's Stanford associate, Woodrow A. Myers, is chief medical officer at Wel point. Wel point has donated liberally to Ohio political campaigns starting in 2006. [Wellpoint contributed to Betty Montgomery's 2006](#) campaign. Despite this evident conflict, the governor and university president appointed their crony, Betty Montgomery, to lead the ongoing Waters investigation into the band's culture.

Instead, investigations need to occur immediately into the corrupt culture of the Ohio State trustees and their conflicts of interest with Governor John Kasich.

NORMALLY SQUEAKY CLEAN SMUCKERS IS BEING TAINTED

Normally squeaky clean [Timothy Smucker](#) cannot escape controversy in this matter. In 2011, Governor Kasich appointed Smucker as an OSU trustee. The governor holds at least two (2) stocks in Smuckers Inc. Timothy Smucker is also a director at Hal mark Cards.

Given Governor Kasich's heavy financial interests in OSU Trustee President Jeffrey Wadsworth's business associates, his bias in the Jon Waters firing is evident.

PROPRIETY DEMANDS AN IMPARTIAL TRIBUNAL

It appears time for unbiased members of the Ohio legislature to be put in charge of a thorough investigation of the corruption within the Ohio State Board of Trustees exposed by their attack on the Ohio State Marching Band and its director, Jon Waters.

Remarkably, AFI investigators recognize the cartel of companies into which Governor Kasich has invested. We call them the "Facebook Cartel." For example, besides the governor's five (5) investments in Facebook, he holds three (3) investments in LinkedIn, and five (5) investments in Baidu (CHINA) which was funded by this cartel to offer a Chinese social site like Google and Facebook. However, his close yet controversial advisor, [Mark Kvamme](#), is the former director of LinkedIn. Like Wadsworth and Drake, Kvamme too has close ties to the University of California.

Curiously, Kvamme came to LinkedIn at the same time that IBM and The Eclipse Foundation were distributing Leader Technologies' stolen invention to their eager "members." These members included Facebook and many members of the National Venture Capital Association when Facebook's first financier and future chairman, James W. Breyer, was chairman.

As a reader observed recently, the coincidences involving the theft of Leader Technologies' invention are so many, they are starting to eclipse the sun.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a

Facebook, McBee Strategic lobbies for the National Venture Capital Association whose members will make out like bandits when the MOOC learning initiative is fully embraced at Ohio State. MOOC relies on Ohio State graduate Michael McKibben's invention of social networking as the basis for the technology.

McBee Strategic's partner is Cooley Godward LLP, Facebook's attorney in the Leader v. Facebook judicial corruption scandal. Cooley also advised the White House on judicial appointments that switched the judges to an Obama nominee, Leonard P. Stark, just a month before trial. Also significant is that Cooley Godward LLP's fellow attorney in Leader v. Facebook, Gibson Dunn LLP, was former employer to Chris Glaros, the author of the now discredited Waters Report. See previous two posts.

OSU Provost Steinmetz doesn't promote MOOC so heavily while President of Psychological Science Association for his health. It means money in his pocket, and the pockets of his Facebook Cartel cronies.

In conclusion, propriety dictates that Governor John R. Kasich must recuse himself from the OSU Marching Band scandal investigation.

Wow, what does it take to be prosecuted for a string of complicitous actions that begin with an obvious theft of patented intellectual property, then weaves through a string of corrupt, greedy judges, and continues with a gaggle of colluding intellectual "buddies" that are all in various headline positions around the world? And then to put a cherry on a cow pattie, the corruption infiltrates the best dadgum college band outside of Okla State (just kidding, our band is made up of non musical rodeo clowns..... but give 'em a few beers and they are quite entertaining).

C'mon Eric Holder, I showed all of this evidence to our local Sheriff, Bubba Ramrock, and he was ready to deputize every single person at the Waffle House and load up the van to head for Ohio. I guess that if the fake reverend Al Sharpton doesn't get his panties in a wad, then Holder (Head of our Department of Revenge) doesn't give a flip either. Are you feeling safe at night with those yo- yo's having the big ears of our president?

Sheriff Bubba and my assistant, Flavia, go two stepping every Wednesday night after Church, so Bubba knows music, and he certainly is trained to spot a thief..... we had one once in our small town. It took years to get past that episode since it involved our mayor, a horse, and a pair of boots. Sheriff Bubba was ok until the mayor called him a shrimp. Bubba is only 4 foot tall but does a lot of damage in a fight, if you know what I mean. I like the Sheriff and envy his very well groomed mullet although his dentures are way too big for his mouth.

But back to this latest revelation. I thought I liked John Kasichbut evidently he couldn't get around his desire to gain wealth at the expense of his soul. I hope that my last sentence is not true.....however, his next few actions will make it crystal clear where his true heart and soul are. I will say this, there are more bad actors than good ones in this ongoing nefarious endeavor, beginning with the Zuckster and ending with this Jon Waters lynching. The victims are many, but none bigger than Leader. Justice must be served.

One last thought.....Obama is terrible! Have a nice day.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. Been thinking about this notion of "liberalism/ socialism". Doesn't appear to me to be much good for anyone in America except the super rich.....not even good for our first (half) black president even though he has no clue about anything . His ratings are 38% favorable , and 55% unfavorable. Not good for Congress , 11% favorable . Not a good time to be an ambassador, you could get killed without even trying and nobody in Washington cares. Not good to be a border agent as our DOJ will arm the intruders you are chasing and they will kill you. And nobody in Washington cares. Not good for black employment or women employment.....over 11% can not find work. Almost 25% of the black youth are unemployed. Not a good time for medical costs (just wait until we see the results of the real costs of medicine when we include the corporate mandate) . And how about cost of gasoline or cost of meat or eggs or milk or anything else we consume. For example, gasoline has doubled under Obama. Other than the top 10% earners, few are getting raises. Let's just give everybody more birth control pills and food stamps ! That will calm them down.

It's not a good time to be a tax payer that has irritated Lois Lerner (that is one nasty woman). It's not a good time to be a land owner on our southern border, or a veteran that needs promised healthcare. Not a good time to be a policeman trying to stop a robbery . The LGBT community can get married but can't find work. The straights can also get married but can't find work. The singles can't find work and can't afford a partner from any of those other categories. It's not a good time to be an American company since they pay the highest tax rate on the planet. It's not a good time to retire as a pensioner. A union man negotiated on your behalf years ago by bribing a crooked politician , and it sure looked good at the time, huh? Got them both re elected but your monthly payment may be in real jeopardy.

Not a good time to be a loved band leader at a podunk university , or a super smart man from a podunk town that believed his intellectual property was protected with a patent. How frightening is it that the fecklessness of this corrupt administration goes that deep into our society ? It's not a good time to be a captured reporter , or a Christian in the Middle East . You will be beheaded and nobody in Washington cares. It's not a good time to challenge the body of fake work from UN climatologists that want to create a world police force to save the ice caps. Obama said the science is "settled" so that clinches it. It's not a good time to work for CNN or MSNBC. How embarrassing it must be to talk to no one all day long . It's not a good time to be General Motors. They should put a recall notice on the same window with the price sticker. It could save them some postage. Since nine (yep, 9 !) commanding military Generals have been fired by Obama, it's not a good time to be one of those. He is dismantling our military. It's not a good time to be one of the solar companies that Obama funded, they are all broke but not his buddies that owned them. They all came out much wealthier.

So who is loving this Obama liberalism/ socialism? Well,,let's see.....all of Obama's buddies, ISIS , Al Queda, Russia, Cuba, the drug cartels, the Wall Street bankers, the White House visiting rappers, the crooked judges, all Harvard graduates, the smelt fish in CA, Bill Ayers, the tax collectors, Michelle (she is finally proud of America), the fake Rev Sharpton loves it, the street gangs in Chicago, the funeral homes in Chicago, Valerie Jarrett and George Soros love it, the fuel providers for Air Force One , the TelePrompTer repairman, eleven million illegal poachers, and that blonde with black rim glasses that works for John Kerry and faces the press every day.....her explanations are just breathtaking. Those ISIS commanders must wet their pants laughing at America.

One last thought....I wonder if Obama would like to have his missile defense system back in Eastern Europe ? I wonder if he is still flexible with Putin "after the election"? I wonder if Hillary would like to have that red reset button

MORE SLIMY HARVARD, MIT, SILICON VALLEY VENTURES PROFITING FROM ILLEGAL OFFSHORE PAYDAY LENDING WEBSITES ---VECTOR CAPITAL THAT REINVESTS HARVARD AND MIT PENSION MONEY CLAIMS THEY ARE BEING HONEST AND ABOVE BOARD. HARVARD REFUSED TO COMMENT. This scheme is hiding behind Native American Indian Tribes and Caribbean shell companies. They create returns up to 900% per year that is extracted from American LOFOs (low information voters).

This investing conduct is almost identical to the investing shell games by Leader Technologies' former attorneys who stole Leader's source code and funneled it to the emerging "social" companies of BM's choosing via The Eclipse Foundation founded by BM in late 2001. Eurotech, Ltd. and The White Oak Group, Inc. are two keys to the exploitation of Leader's source code in the homeland security world.

The magnitude of utter incompetence in this Harvard administration has become so apparent that even the very left leaning media Obama worshipers are gasping for air. Today's example: Debbie Wasserman Shultz, aka The Pit Bull.

First of all, never trust a woman with three or more last names that has an agenda of spewing hatred with not an ounce of logic in her verbiage. Granted, liberals must create controversial diversions because the results of their last six years are the worst imaginable for Americans who just want to live a safe, prosperous life. The Pit Bull took it to a new low level, however, when claiming that Conservatives have a "war on women". Please indulge old TEX as I vent.

Let's discuss the real war on women by reintroducing a man that MSNBC just called our best president in modern times.....Billy Jeff Clinton. You talk about a war on women. Think about the path of destruction he delivered which certainly includes his wife (an alleged woman) and his daughter, a woman. Monica Lewinsky, Gennifer Flowers, Maria Furtwangler, Belinda Stronach, Naomi Robson, Markie Post, Patricia Duff, Elizabeth Gracon, Sally Perdue, Dolly Kyle Browning, and Paula Jones are certainly just a few of his affairs and/or molestations while in public office. That's as many women as in a small city in Texas.

Without sickening detail, I will just point out a few other liberal leaders that have had real a war on women:

- Jesse Jackson. Had a love child daughter with a mistress while married. Went two years behind on child support. War on at least three women.
- John Edwards (VP Candidate). Had an affair with his photographer, a baby girl was the result, all the while his campaigning wife was dying of cancer. That's a war on women.
- Peter Orzag. Obama spokesman in finance. Was engaged, had a separate mistress who got pregnant, and he walked away. War on women.
- James McGreevy, Dem from NJ, had an affair with a man while in office, while his wife and three kids were at home. War on all sorts of folks.
- Larry Summers. Mr Mentor to the Zuckster, while president of Harvard, said that women generally are not capable mentally of being top rated innovators or scientists. Got his butt fired. That's a war in women.
- LBJ. Had a 20 year affair and a love child. Lady Bird loved wild flowers, LBJ loved wild women. That's a war on women.
- JFK. Had a directors couch in the White House. He nailed every movie star of that era. That was a war on very sexy women and his wife and kids.

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. ([Read Leader's May 20, 2010 motion here.](#)) He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. [See his Sep. 14, 2009 Order.](#) Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

war on women. The examples above are guys had no respect for their wives, daughters, or their conquests. It's coming home to roost for our entire society.

Another couple of thoughts. This will get me blasted.....50% of the 50,000,000 babies aborted since Roe v Wade have been tiny little women. This is one of the greatest genocide of women since the beginning of time. That's a war on women. Now, I must admit that ISIS and the Taliban have a war on women. Perhaps Ms Debbie Pit Bull could snarl at the abortion clinics, ISIS, or the Taliban. Or perhaps she could address the fact that 50% of all babies today have no father in the house, especially young black babies. Go after that problem, Ms Pit Bull. Not only do you have the attitude of a Pit Bull, but you also remind me of a catfish; big head, all mouth, no brains. A bottom feeder that will swallow anything. The Catfish Pit Bull's response would be that I hate women because I don't want to pay for Sandra Fluke's promiscuity while she makes herself available to the men in her dorm in law school. Hey, I like driving fast, will you pay my speeding tickets?

OK ,you women, let me have it. I can take it. Where am I wrong ?

In the meantime, perhaps the Zuckster will clear his conscience today by telling all about how he accidentally stole the Facebook source code and all about the cadre of folks that are complicit in his slimy success. I would certainly have a better feeling about America's direction. Have a nice day, TEX=

SEP. 08, 2014 ---PATENT OFFICE TRADEMARK COMMISSIONER RESIGNS OVER CONFLICTS OF INTEREST. See earlier coverage:

<http://www.federalnewsradio.com/367/3662527/PTO-commissioner-illegally-intervened-in-hiring>

This is a glimmer of good news from the USPTO. However, by comparison to the widespread corruption and collusion of David J. Kappos and his IBM cronies in Leader v. Facebook, this move against the trademark commissioner, Deborah Cohn, is child's play. It is the same sort of slap on the wrist we've seen from Attorney General Eric H. Holder who has "sanctioned" the Wall Street banks for mere pitiunces as compared to the hundreds of billions of dollars that they made off the so-called mortgage crisis. Some pundits now believe that the 2008 "bank bailout" was nothing more than a concocted scheme for the Obama Administration cronies to line their pockets, pump the value of their pre-IPO Facebook stock, and buy votes; led by IBM, attorney James P. Chandler III, The Eclipse Foundation, Lawrence "Larry Summers" and George Soros.

Getting my barf bag ready for Obama's big speech tonight on his strategy for dealing with the thugs that are dismembering and beheading Americans and Christians in the Middle East. He's already said that these probable distant cousins of his are insignificant and not a danger to us. I can tell you what he will say and what he won't say. He will tell ISIS what we won't do.....no foot soldiers, no commitment , no urgency, and nothing personal towards each of these poor ISIS soldiers that are so misunderstood. They will take copious notes. Here's what he will say.....not one coherent thought It will be a lot of gobbledygook about how long this will take, and how he is putting together a coalition, and so on. He also will call these guys a PC name, IS L, not ISIS. Did they behead a coalition , or did they behead two Americans? How long did it take to cut the throats of those defenseless men? Well, that's how long it should take to crystallize the sand under them.

Obama has engaged a war on our energy complex but not Islamic radicals. We have a war on non- PC words, but not jihadists. We have a war on our Second Amendment, but not "beheading " Americans. We have a war on Tea Party folks, but not lying for political gains. We have a war on successful businesses but not the folks that are not even trying to get a job. We have a war on cops that protect themselves but not on punks that rob stores or NFL stars that try to behead their girlfriends with right cross punches in elevators. After all, as he pointed out in the past, Michael Brown might look like a son if he had one and if he had three daughters , Mrs Rice would look like the third one..Obama is good at white on black issues but not black on black,or black on white problems. Hey Obama, ISIS has declared war on us. They are calling you out. What does it take for you to come out of your fetal position and throw a counter punch ? We need a man.....be a man. The wussification of America continues. Our progressive leaders, wussies themselves, won't stop until women become masculine and men become feminine and they meet somewhere in the middle as being "equal"..... hey, we are equal but we are also different. If you don't think we are different, then stop reading , this will just upset you. I look at our lazy, sloppy, uncouth male kids today and really get frightened for this country's future. Our young men need the discipline of athletic team structure and/ or a tour of duty in the military. Do you not see that kids seek that basic needs from gangs?

Since Title IX was enacted in 1972, hundreds of men's collegiate athletic programs have been canceled. These include over 50 football programs, 40 baseball programs, 25 basketball programs, 180 wrestling programs, 84 tennis programs, 60 men's gymnastics teams, 20 track teams, and 25 men's swimming programs have been canceled at the collegiate level, due to this dumb mandate. Now couple that with no mandatory PE in school , bad eating habits, drug use, and no military for young men, and ,wahla, we have young wussies in large numbers. If the progressive , feminine little men leading our nation want to do something constructive, start school programs for boys to use their hands and backs in building things. Make them do push-ups, run laps, shoot guns, wrestle, and box. I call this Title X.

I ask Flavia to set up a 24 hour phone hotline for folks to call about Title X.....we hired two illegals (Spanish only please) to take your calls. The phone center is named Nine Juan Juan. Thanks for listening.....gonna have a glass of Cabernet now.

Email to OSU Marching Band Alumni this morning:

Dear TBDBITL Alumni,

Yesterday afternoon, the U.S. Department of Education announced an agreement with Ohio State bringing an end to their investigation of, and ensuring the university's compliance with, Title IX going forward. It goes without saying that the method by which the university chose, in part, to come to this agreement is extremely disappointing, disheartening, and otherwise incomprehensible.

It's no secret the university was in trouble with the U.S. Department of Education on Title IX compliance. The university decided to use Jon and the OSUMB as their scapegoat to end their troubles. Yesterday we had confirmation of that and it validates what many of us have been thinking all along.

The timing of this announcement is ironic if not peculiar. Remember how we, TBDBITL Alumni, have conducted ourselves over the last six and half weeks; with dignity and class. It is safe to assume the university would like nothing more than for us to unravel now, during our annual Reunion weekend.

Don't let that happen. We have come this far. Our fight isn't over. Don't take the bait.

Today, the Special Committee, consisting of Shelley Graf, Dr. Paul Droste, Gary J. Leppla and me, will conduct a press conference at 3pm to announce the release of our own investigation and subsequent response to the university's poorly written and ill-conceived travesty of a "report." We will address yesterday's announcement by the U.S. Department of Education during today's press conference.

This weekend is our signature weekend. It is the culmination of all that is right with our culture. We appreciate your continued support.

We appreciate your thoughts about how to best address these issues. But most of all we appreciate the manner in which you have conducted and continue to conduct yourselves in support of Jon, the OSUMB, and TBDBITL Alumni everywhere.

Safe travels to Columbus if you are coming to Reunion. If you are not able to attend, we will make you proud with our work on your behalf.

Our Honor Defend...

Sorry that my recent posts have been so lengthy. I have doubled my meds so maybe this will be shorter. I know I feel shorter when I take so many of the green ones.

I must comment on this Department of Education fiasco. I remember when Jimmie Carter established this socialist program in 1979. At that time we had the best darn educational system on the planet, bar none. Carter moved the emphasis from the state level to Washington, DC.

Today we rank 30th in the world in math, 23rd in science, and 24th in reading. Not bad, eh? A child today will cost us \$115,000 to educate from grade 1-12, by far the highest in the world. The cost is rising each year for a myriad of really dumb reasons and this year we will spend almost 6% of our GDP on education. The Dept of Education has a \$60 billion budget and 5,000 employees. Programs like Common Core, No Child Left Behind, and Title IX, not only cost us a fortune but are dumbing down our kids. Obama is trying to outdo Carter in total incompetence and it appears that once he grabbed the socialist baton, no one will come close to catching him.

It seems that the OSU president, the Department of Education's Office for Civil Rights, (OCR), and all of the Trustees, (remember it was stated that the Trustee vote was "UNANIMOUS"), are trying to divert attention away from the acts of the athletic director, Gene Smith, because they failed to follow through with compliance of Title IX when the complaints were raised against the athletes that were accused of rape in March of 2013. Where was that investigation by the OCR? These accusations were during this Title IX "proactive compliance review" and NOT A WORD!

It is interesting to note that the OCR does not acknowledge that there were any accusations against the 3 football players.

On the U.S. Department of Education's website the first paragraph states, The U.S. Department of Education's Office for Civil Rights (OCR) announced today that it has concluded a proactive compliance review of The Ohio State University (Ohio State), and has entered into an agreement to ensure the university's compliance with Title IX of the Education Amendments of 1972 (Title IX) by providing a learning, living, and working environment that is free from sexual assault and sexual harassment. This review began in 2010 and was not initiated by a complaint.

Started in 2010 with no complaint?

On the website Know Your IX.org, it lists information that you should know about Title IX, one question is about rights of both the accuser and accused

Does your school have an "equitable" Title IX complaint process?

Under Title IX, both the accuser and accused have equal rights, such as the right to:

- Have an adviser of choice present during the process (this includes an attorney if allowed at all by schools)
- Present evidence or have witnesses speak on their behalf
- Have timely access to information that will be used at the hearing
- Be present at pre-hearing meetings that provide an opportunity to present their testimony
- Receive the final hearing decision in writing at the same time as the other party without being required to sign a non-disclosure agreement
- Have the right to appeal a final decision
- The DCL warns schools creating a disciplinary system requiring the accused and accuser to directly interact may be re-traumatizing and discourages this practice.

Were any of these directives given to Jon Waters?

The "Dear Colleague Letter" that the U.S. Education Department's Office for Civil Rights uses as a mandate for its enforcement is NOT law!

A serious question arises with this ruling against Jon Waters. Since Judge Algenon Marbley is a trustee for the university and a United States District Judge, was he at all concerned that Jon Waters rights were being violated or was he promised that the Ethics investigation against him might go away for his cooperation? Logical conclusion in light of conflict! Appearance of Impropriety? Hmmm

Another thing to keep things in perspective is that the OSU Marching Band budget was exclusively under the Athletic Department until June of 2013.

The news article states."The Ohio State University marching band, known as The Best Damn Band In The Land, will get a big bump in its budget, from \$220,000 to \$1 million a year.

The College of Arts and Sciences and the Office of Business and Finance now will contribute to the band's funds that one time only received money from the athletic department.

Did athletic director Gene Smith have his head buried "in the sand"? (another phrase might be better), or was he not doing his job.

Is he taking the attitude that former president Gordon Gee took. In a New York Times article, Gee is quoted; "I don't need to know everything. And I don't. I run this complex organization. How would I know Terrelle Pryor is out getting tattoos?"

Head in "sand" (bet you thought it might be somewhere else!)

He apparently saw the errors of his ways. The article goes on to say,"Yet Gee now calls that thinking — engaging with the athletic department at arm's length — a "fool's paradox" for those in his position. As the head of Ohio State, he took "direct responsibility" for the scandal; he hired the key members of the athletic department, he set the expectations."

Where is Gene Smith's culpability.

All the Ohio State Trustees are in collusion with the President of the University, to cover up the ongoing ethics violations of one of their own. That would include all new Trustees.

By their own standards, they knew or should have known that Judge Marbley was in violation of R.C. § 3335.09.

"Ignorantia juris non excusat", (Latin for "ignorance of the law does not excuse" or "ignorance of the law excuses no one") is a legal principle holding that a person who is unaware of a law may not escape liability for violating that law merely because he or she was unaware of its content.

Judge Algenon Marbley might have other conflicts also since the Ohio law states,

3335.09 Powers of board of trustees regarding president, professors, other employees and course of instruction.

The board of trustees of the Ohio state university shall elect, fix the compensation of, and remove, the president and such number of professors, teachers, and other employees as are necessary; but no trustee, or his relation by blood or marriage, shall be eligible to a professorship or position in the university, the compensation for which is payable out of the state treasury or a university fund. (emphasis added)The board shall fix and regulate the course of instruction and prescribe the extent and character of experiments to be made at the university. Cite as R.C. § 3335.09 Effective Date: 10-01-1953

His excuse is that he,

1. At this time is teaching without pay during the investigation.

2. Does not vote on Trustee pay raises.

3. Didn't know his daughter in-law is employed by the University until after she was hired.

I didn't see any of those excuses in the law above.

Shouldn't he have been dismissed as a Trustee when his daughter in-law was hired and he found out about it? He has already been paid \$214,000 to teach courses in the OSU Moritz College of Law over the past seven years.

It seems the "Good Old Boy Trustee" network should be under investigation for their blatant violation of their own responsibilities.

They want to shift their own trespasses to Jon Waters as a scapegoat to say look how good we are! We got rid of a "bad" person!

The University was never in danger of losing funds from Title IX penalties. Not even Penn State was in danger.

Should we ask Governor Kasich to resign since he appoints the Trustees? Who holds the Trustees accountable?

We have received eyewitness reports that when Jon Waters took the podium of the OSU Alumni Band to direct HANG ON SLOOPY, the 800+ alumni band (twice a normal turnout) stood and cheered, then as stadium fans in the closed end of the famed horseshoe realized that Waters was on the podium, they stood and cheered as well. When asked how many, the eyewitness estimated "a significant portion, all the way around the stadium to maybe the 50 yard line--as many as could quickly figure out what was going on... Waters returned the accolades with waves, salutes and his hand on his heart... he was such a gentleman."

The eyewitness also said that members and interim directors of the active OSU band made pilgrimages to the other side of Ohio Stadium all through the game to greet Jon and show their obvious affection for their director.

Local TV news covered the event:

This investigation also raises serious questions about the impartiality of this investigation.

I call upon President Michael V. Drake, Trustee Jeffrey Wadsworth, Trustee Alex R. Fischer, Provost Joseph A. Steinmetz, Ms. Montgomery, David Vaughn and Arent Fox LLP to disclose their obvious conflicts of interest and to disqualify themselves.

I wonder if the board of trustee president Mr. Wadsworth, with his rush to judgement and hardcore stance, (Don't confuse me with the facts, my mind is made up!), ever bothered to notify the University Police and have them investigate the charges against Jon Waters.

Seems the Trustees might have overstepped their authority.

Since the OCR was on a witch hunt since 2010, (remember, they were investigating the University since 2010 without a complaint being filed!). When they notified the Trustees of the code violation.

Did any one of the Trustees notify the University Police as they are required to do?

Did the OCR notify Jon Waters that he would be able to provide his own witnesses to the procedures he put in place to correct the problems or was he blindsided and told he could not provide anything but his own testimony..

Even the "Dear Colleague" letter says he can have representation!

• Adequate, reliable, and impartial investigation of complaints, including the opportunity for both parties to present witnesses and other evidence;
Notice it says "ADEQUATE", "RELIABLE", and "IMPARTIAL INVESTIGATION"!

Did Jon Waters get any of the 3?

The OCR can do their own investigation, but the Trustees cannot without going through proper channels.

K. Craine September 19, 2014 at 6:43 AM

Dear Readers:

We just reached out to Dr. Lakshmi Arunachalam to ask about this Fernando post. As is typical of our Facebook Cartel posters, this is clearly more misdirection and innuendo (which, along with using crooked attorneys and buying off judges, seems to be all these people know how to do). She has indeed filed a motion to vacate judgment in cases started in 2012 (Fernando cites a 2014 case), but no rulings have occurred in those cases. We have read her motion, which complains "fraud on the court" since her judges hold stock in JPMorgan, one of the litigants that she has sued for patent infringement.

Another point of fact. Ohio Governor John Kasich holds large amounts of JPMorgan interests. See Table 1 above.

JPMorgan, well, well. JPMorgan is a big client of McBee Strategic. McBee is a chief lobbyist for Jeffrey Wadsworth at Battelle Memorial Institute, and President of the Ohio State Board of Trustees. This looks like more efforts by the Facebook Cartel to take control of university education through MOOC (Massive Open Online Course) and kill all broad Internet patents like Dr. Arunachalam's. She is the highly respected former director of network architecture for Sun Microsystems who holds over a dozen patents related to core features of Internet banking which JPMorgan has stolen and wishes to kill. This is the same conduct that AFI has been covering in the judicial corruption surrounding Leader Technologies' patent.

The pattern of this misconduct is now apparent. The Facebook Cartel, financed by the likes of JPMorgan are working to sweep all Internet patents off the table that stand in the way of their plan for global domination and control.

We will post Dr. Arunachalam's court filings as they become available.

Factoid: JPMorgan has a global data center in Columbus, Ohio and has "more than 20,000 employees in the Columbus market". This is a lot of reasons to take over Ohio State to ensure JPMorgan's hiring base.

These JON WATERS AND THE OSU MARCH NG BAND ACTION DOCUMENTS were posted on Facebook yesterday. Everyone is being encouraged to customize them as needed and file your own complaints and requests for information. Such complaints and requests are every American citizen's right and privilege ----- to ask for public information of your government. They work for you (although many seem to forget that!!!!). The FOIA (Freedom of Information Act) requests can be filed by any American citizen anywhere. The Ohio Inspector General Complaint may be limited to Ohioans, but I am not sure since Ohio State is a public university partially funded by the U.S. Government. Get moving folks! Time's awaistin'. See you at the Rally for Jon on Saturday at Flanagan's.

We encourage as many people as can to file the following attorney disciplinary complaint against CHRISTOPHER M. GLAROS, the author of the bogus "investigation" into Jon Waters and the OSU Band, as well as two of the OSU Trustees who are lawyers and should have spoken up, namely ALEX D. SHUMATE and Judge ALGERNON L. MARBLEY.

The following Ohio Supreme Court Disciplinary Complaint template has been prepared for submission by anyone. They do not have to be from Ohio (also attached).

DISC PL NARY COMPLA NT AGA NST ALGERNON L. MARBLEY, CHRISTOPHER M. GLAROS, AND ALEX D. SHUMATE

<https://drive.google.com/file/d/0B7vgGctUbtjrJr5UHJVRTNFVUU/edit?usp=sharing>

Let's get as many people as we can to file this complaint right away. Generally, the attorneys will be notified within days of a complaint being filed against them. Unlike constitutional rights of citizens, the license to practice law by these members of the OSU Trustees, is a PRIVILEGE bestowed upon individual practitioners who swore a solemn oath to practice ethically. As you can see, they have not.

Taking a chapter from recent complaints of abuse of power by attorneys and judges: Jon Waters had an affirmative right to assume he would not be mistreated by these attorneys while they were Trustees, and thus his employer and therefore HIS attorney too! Said another way, Jon had an affirmative right to assume that these attorneys would follow the Ohio Rules of Professional Conduct. As you can see, they violated many provisions. We stopped after two pages of violations just so it did not get too long.

Go Bucks!

What a road trip....when "Rain" posted the names and addresses of the OSU trustees, I put Flavia and her twin sister, Mavis, in my Hummer and we drove around checking out these folks houses. WOW!!! I guess socialism pays off for the head honchos. Several of these mansions look like they would be owned by people that make millions a year.... way more than educators could make. I wonder from where their second and third sources of revenue come?

I have to admit that I was a little intimidated pulling my boat through those neighborhoods but, hey, Flavia loves to fish. She was the national women's noodling champion in high school. Mavis was the state shot put champion...she can still throw her bowling ball about 50 yards in the air. I have seen her throw a small man 25 yards. I may have been intimidated but I was not afraid.

But back to the Trustees. When did we lose our understanding of the word "trust"? Do you trust these people? Trustee is a sacred and earned moniker. From now on I will refer to them as "thrustees"....they have thrust themselves into a situation that has not demonstrated "trust". As a matter of fact, Prima facie evidence shows exactly the opposite. And that really irritates the twins.

Transcript of Jon Waters speech at the "We Stand With Jon" Rally, Flannagan's, Dublin, Ohio, Sep. 20, 2014, 6:30pm

JON WATERS: I would just like to say on behalf of my wonderful family, Molly, my wife is around here somewhere, and our kids, we would not be here today had it not been for your generosity and your love.

There is only one way to describe this scenario today and that is love. Everyone in this audience, and everyone in these young men and women behind me (laughter from many decades of band alumni) are true representatives of what it means to be great people. They learned that, in part, from The Ohio State University Marching Band. (cheers, clapping)

I see here in the front row, and I just want to embarrass her for a moment. Chris Tikson. Chris had a dream of being The Ohio State University Marching Band. Except, she is a non-traditional student because she is 52 years old. (cheers) Hold on, 53.

A few years ago she came to us and said she wanted to be in the band. And, she had this dream. She worked hard, she self-taught mellophone horn. She tried out for the band. In fact, the first time she decided not to try out because she was not ready. The next year, she tried out after practicing all year and didn't make the band, as so many don't. And finally, the third time, the third year, she did try out and she did make the band. (clapping, cheers)

And she is today a third year member. (clapping cheers) But, the best part of that story is not what I just told you. The best part of that story is the following.

Every year the band votes, the band not the staff, but the band votes on one award each year called "The Most Inspirational Bandsman." And always, that award always goes to a senior band member. In its history it has never not gone to a band member who has given time and dedication to the band over multiple years.

Well, a couple of year ago, our band, in Chris Tikson's first year, the students in the band voted her Most Inspirational Bandsman. (cheers, clapping) And they say the culture is bad in The Ohio State Marching Band. (boos) They say that that decision by the students and other student decisions that they make contribute to a poor culture. Well, I am here to tell you, and say it loud and clear so everyone understands completely, that the culture of The Ohio State Marching Band is one of love, dedication and those students would not have voted Chris Tikson M B [Most Inspiration Bandsman] if they had not felt it in their hearts. That is the culture of the band. (cheers, clapping, hugs)

So, to the generations that are here today; to the generations that are in the audience; to the students that I see here in the audience. I see current band members here, and I

124. Kathleen Sebelius (Obama's Secretary of Health & Human Services since 2009 responsible for \$678 million Obamacare implementation; made the decision to hire CGI Federal on a no-bid contract despite the evident conflict of interest with Michelle Obama and \$47 million in Obama campaign donations by CGI; the website is replete with social features and links to Facebook)

START, Jon Waters' Speech, Sep. 20, 2014, Part II

YouTube, Sep. 20, 2014:
http://youtu.be/j1ngRUhgj_A

Those students need us now more than ever. They need every one of us to be there for them. This is not about me. This is not about my firing. This is about standing up for what is right. This is about standing up for the students. (clapping)

A year ago we met with the alumni band and honored the first five women, plus Shelly as the first female drum major (clapping), and Jan Duga as the first female "i"-dotter. That was one short year ago.

Now that is what the Ohio State marching Band thinks of Title IX. We embrace it. We celebrate it. And, because of Paul Droste and the work that happened in 1972 and 1973, women are embraced in The Ohio State Marching Band. And, that is our culture. (clapping cheering) So, as we move forward together; as we march forward together, we just ask two things.

Number one is that you support our current students. (cheers, clapping)

And number two that we work to set the record straight—to make all of America understand that what Ohio State put out was complete and utter nonsense. (cheers, clapping)

Just think about this. These people would not come [ref. alumni band]... This is a unique organization. It exists all year round. They do concerts all over the state of Ohio. They are everywhere. It wouldn't exist if the culture were bad.

We would not have decades and decades and decades of people coming back to our alumni reunion if the culture in the band were bad, if what we were teaching them, if what Paul Droste, and Jon Woods, and Jack Evans, and Charlie Spohn taught those students was bad. CROWD: And Jon Waters. (cheers)

I am a humble steward of a tradition. I am a humble steward of this great tradition. I happen to be number nine in a long line of band directors since 1878 who led our band. Number nine—that certainly is threatened right now.

But, if you will walk with me. If you will uphold the good name of The Ohio State Marching Band. If you will defend our students. If you will stop people from approaching our students in a football game situation, and making a snide remark about something was put in the media that was incorrect.

If you will stand up for them, I will stand with you. I will stand up for every one of you. (cheers, clapping) This is not just a happenstance gathering of people. The Ohio State Marching Band is not a community of students endeavoring in academic pursuits at The Ohio State University. This is a family. (cheers, clapping) And so, for the honor of our students, for the honor of the alums, for my own honor, for all our honor. We indeed will defend it. We will indeed be victorious. Thank you so much.

Ohio State's Provost Joseph Steinmetz (the guy who fired OSU Marching Band Director Jon Waters) just announced his first MOOC initiative today--Massive Open Online Course, you know, the technology that was stolen from Leader Technologies by Battelle Memorial Institute and CEO Jeffrey Wadsworth, OSU Trustee President. Very interesting timing.

Chinese entities, including IDG Capital Partners, IDG-Accel and other variants; Li appointed a junior attorney from Fenwick & West LLP, Palo Alto/Mountain View, namely Parker Zhang, to be his "Head of Patents;" Fenwick & West LLP represented both Leader Technologies, Inc. and Accel Partners LLC in 2002-2003 and had Leader's source code in their files.)

128. Parker Zhang ("Head of Patents" at Baidu, Inc. (ADR), appointed in approx. May 2012; formerly a junior Associate attorney at Fenwick & West LLP; graduate from Michigan Law in 2005)
129. Penny S. Pritzker (Secretary, Department of Commerce; replaced Rebecca M. Blank; holds over \$2.4 million in Facebook "dark pools" stock, most notably in Goldman Sachs, Morgan Stanley and JPMorgan)
130. Rebecca M. Blank (Secretary, Department of Commerce; oversaw the dubious Leader v. Facebook activities of the Patent Office Director, David J. Kappos, who held over one million dollars in Facebook "dark pools" during the Leader v. Facebook proceedings; Kappos purchased this stock within weeks of his surprise recess appointment by President Obama; Kappos also was formerly employed by IBM, who sold Facebook 750 patents during the Leader v. Facebook proceedings; right before leaving the Patent Office, Kappos also ordered an unprecedented 3rd reexamination of Leader's patent without even identifying claims)
131. Mary L. Schapiro (Chairman, Securities & Exchange Commission; holds 51 Facebook "dark pools" stocks which held stock in Facebook, Baidu and more than a dozen Facebook crony companies; failed to regulate the "dark pools;" failed to disclose her substantial conflict of interest in regulating the run up to the Facebook IPO)
132. Robert C. Hancock (Chief Compliance Officer, Sands Capital Management, LLC; failed to file S.E.C. Form SC 12G notice of acquisition reports for Athenahealth, Baidu and Facebook during the period of the Facebook IPO in 2012; this conduct masked the conflicts of interest of Todd Y. Park, who was appointed by President Obama to be the U.S. Chief Technology Officer during this same period; Todd Y. Park is/has been founder, director and CEO of both Athenahealth and Castlight Health; Todd Y. Park deeply embedded the software from Athenahealth and Castlight Health into HealthCare.gov when he was CTO at Health & Human Services; none of these conflicts of interest were disclosed; Todd Y. Park's ethics pledges and reports are missing from the Office of Government Ethics)
133. Jonathan Goodman (Chief Counsel, Sands Capital Management, LLC; failed to file S.E.C. Form SC 12G notice of acquisition reports for Athenahealth, Baidu and Facebook during the period of the Facebook IPO in 2012; this conduct masked the conflicts of interest of Todd Y. Park, who was appointed by President Obama to be the U.S. Chief Technology Officer during this same period;

The Ohio State Trustees must be getting worried that the hubcaps are starting to fall off their grand plan to take over the electronic infrastructure of American higher education?

Consumer Alert: DROPBOX is making a big push into the market right now. Be warned that Dropbox is a creation of Goldman Sachs and Accel Partners LLP, two of the prime players in the Facebook Cartel that have stolen Leader Technologies' invention for social networking and is the same cartel behind the OSU Marching Band scandal centered around Battelle Memorial Institute in Columbus, Ohio. Be assured that once you click on the DROPBOX link just once, you will be giving away permission to the cartel to snoop into your computer and phone any time their tech goons wish.

DROPBOX and MOOC are tied at the hip as well. Once they get DROPBOX established as a "cloud" storage option, they will be collecting the files of students from Grades 1 through graduate university level for DATA HARVEST NG.

Additional thought and suggestion. Buckeye Nation should start writing to the universities that Steinmetz is inviting to his "University Innovation Alliance" and giving them a heads up to the corruption behind MOOC and the Ohio State Trustees and Administration.

We need to start throwing cold water on everything these corrupt actors try to do. They need to learn a lesson that human decency is a requirement if you are going to hold a position of public trust.

We recommend that the administration leaders in these universities be contacted and warned about the corruption at Ohio State with a recommendation to investigate the intellectual property and licensing claims of Steinmetz's MOOC (Massive Open Online Course) initiative. They need to investigate the dubious connections between MOOC, Battelle Memorial Institute, Jeffrey Wadsworth and Alex R. Fischer.

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz corrupt MOOC initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

Just in case you folks missed the Instagram that appeared yesterday from the White House showing our disrespectful president saluting a Marine standing guard for his protection, take a peek at it . You can find it on your search engine. The man had just ordered our military heroes into battle again in the Middle East . Why was the salute disrespectful ? He is holding a cup of coffee in the saluting hand.....it may have been spontaneous but it certainly projects his disdain for all that we , as Americans, stand for.

Although this flippant action was so disrespectful, nothing will ever match his quick flight to the golf course after talking to us about our fellow citizen being beheaded. I am sure that his staff is conjuring up some new ideas for him to use his community activist training to destroy our status quo

Tomorrow he might "moon" those guys.

I am certain that in the next day or so, we will hear this imposter declare that the heat from global warming caused the eruption of terrorism around the world. Climate change will be the cause of Ebola, and rising oceans (even though they are not rising) have caused a failed corporate tax system in this country. As I type these thoughts, our great deceiver is speaking at the UN. He claims loudly that the UN is our only solution. Well , Mr Nobel Peace prize holder, I am saluting you with one of my phalanges protruding upwards while the rest of my phalanges hold my Starbucks dark roast.

Like it or not, what he's doing is exactly what the patent thief , the Zuckster, and his band of thieves want for this country. A one world order controlled by the elitists. So here's a salute to the Zuckster , coffee and all. Have a nice day.

I have heard it all now..... The very first private , non Harvard investor in Facebook is a gay (not that there is anything wrong with that) billionaire that has made his fortune off of sanctioning the obvious confiscation of patents and ideas from unlucky victims such as Leader Technologies. As it turns out he picked really good con men with which to invest his money (that money he raised from other hard working, productive folks). Now he is putting forth the idea that " he" is brighter than the average American that chooses to live by conservative values. He is also proffering the notion that overall liberal progressives have a higher IQ than the average conservative. Really, Peter, come on down to Texas. I will show you some really clever conservatives that would eat your lunch in yielding real value to society.

And by the way, Peter, your statement is below your proclaimed IQ level. IQ is a measurement of capacity, not a measurable performance level. I learned that in my MENSA therapy class. I must admit that I quit that group because I was embarrassed at their lack of understanding of the real nature of real men.

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... My hair is on fire today. I just read where Obama's reliable mentor on healthcare, Ezekiel Emanuel, thinks we should all die by age 75. He carries a comical title of " bioethicist" . This is what our leaders really believe, except perhaps Joe Biden, who has no idea about much of anything. By the way, I showed the article in the newspaper about Emanuel's concept to Flavia and she said that she is going to challenge Emanuel to either cage fighting or cow patty throwing. She is very close to the ethicists' magic age number. In the cage , Flavia would maul that coward. So what about some of the other pernicious ideas supported by the progressive elites who are leading us commoners into mediocrity or worse ?

. They raise taxes and regulate our free market to a point of basic zero growth, zero job expansion, and zero income increases. Only one class has prospered in this movement....the super rich elites.

. We are battling a radical group of maniacal Islamic warriors that wear no uniforms or dog tags, play by no rules, have no borders, will maim/destroy innocent women and children, and are not afraid to die. All the while, our Muslim inculcated President is reducing the size and strength of our military and will use a minimalistic approach to defending Americans.

. Our president has issued his own fatwas on refineries, pipelines, and exploration for oil and gas while promoting Don Quixote windmills, solar panels, and lithium batteries. We are losing thousands of eagles and condors but thank goodness that sweet little fish (smelt) can swim around in Northern California (thanks to the dry canals). Your gasoline and utility costs have doubled under this man's leadership. And the economy in the fertile valleys in Northern California is devastated.

. Climate change (a recent phenom that is 4 1/2 billion years old) , according to Obama , Eric Holder, Harry Reid, Hillary, and Biden is far more threatening than the radical in OKC that just beheaded a woman primarily for Allah. Her crime ? She had a head. Anyone lost a head lately with warmer weather ?

. We are sending untrained American soldiers into Africa(home of Obama's father) to combat Ebola while hundreds of thousands of illegals ,from very far away ,enter our country unencumbered.We will pay these intruders American wages , put them in our hospitals, we will educate them in their language, they will pay no taxes, and they will vote in our elections. Our soldiers are not trained to fight Ebola and many could die. Our soldiers families at home are being invaded by folks whom we know not their intentions, their future locations, nor even their names.

. Our society is getting more violent and our social divide is widening, yet our president wants to take your guns and ammo. The vulnerable citizen can not allow that to happen. Perhaps he will ask his security guards to drop their weapons.

. I have dozens of additional examples but will limit my post today. I hear drones over my house.

Listen to old TEX here. The issues on this site.....patent infringement, failure of enforcement, high jacking of our educational systems, are all part of the plan of the elite erudites but also are systematic of societal collapse. No laws, no borders, no self defense, control of the media and education, lethargy of the average citizen.....boom. America will be "transformed fundamentally". Have a nice day. TEX

Will be glad to see the report from the "appropriate law enforcement agency" that the Trustees notified to do the investigation when they learned of the supposed code violation!, 3335-23-05 Initiation and investigation of code violations.

AMERICA THE MAFIA STATE:

The global economic crisis of 2008 cost tens of millions of people their saving, their jobs, and their homes. And it all started at Harvard . Obama Summers and the bankers showered money on themselves each other and their friends, Obama bailout chief, former Harvard professor and president, Lawrence Summers, was busy shuffling \$33 billion in U.S. taxpayer bank bailout funds off to Goldman Sachs, Morgan Stanley and State Street Corp. Of the \$33 billion \$9 billion was for Leman Brothers, But Leman Brothers got nothing the only bank interested in buying Leman Brothers was the British firm Barclays, All the other banks knew that there was going to be no bank bailout funds for Leman Brothers?? Paulson AKA Goldman Sachs Refused to give out. Goldman Sachs sold at least \$3.1 billion worth of toxic C.D.Os in the first half of 2006 The CEO of Goldman Sachs was Henry Paulson at this time. Goldman Sachs peddled \$40 billion in Securities and in risky home mortgages and sold out just in time So what did Goldman Sachs lose it lost nothing in fact they made money on it but still got \$33 billion bailout funds, and Summers got the \$9 billion that was for Leman Brothers. The ponzi scheme had everything it needed, in September 15 2008 Leman Brothers the biggest investment bank was made and forced to declare it self bankrupt, and this crisis was not an accident. In a private email Goldman Sachs said it was willing to do everything to destroy Leman Brothers, the F.B.I got the email on this

THE MAFIA FACEBOOK: Facebook low information voter "likes" are credited with winning obama the rigging of the 2008 and 2012 elections. they got Obama in by micro election-targeting these voting subgroups on facebook Larry Summers used the promise of wild Facebook PO returns as the currency for their plans to install Barack Obama as President and press their global data gathering agenda. Summers is the shadow power behind Facebook where Sandberg and Zuckerberg were merely follow orders. Larry Summers knows how Mark Zuckerberg stole the idea facebook Goldman Sachs and Summers Moscow partners Alisher Asmanov, Yuri Milner, DST, and Digital Sky Technologies invested up to \$3 billion in private Facebook stock to become the second largest shareholder using stolen bailout funds and they all knew how facebook was stolen?. They did not even ask for a board seat or any normal participation by a large investor.

THE MAFIA PAY OFF: Facebook's Latham & Watkins LLP and Fenwick & West LLP have men and women at the Securities & Exchange Commission to approve Facebook's exemptions that opened the floodgates for billions of pre-IPO, valuation-pumping billion's of dollars in "dubious" foreign investments into the stolen Facebook, most of it was from billion's of bailout funds that was stolen and the IRS, like the Patent Office blanked out most of its disclosure including every reference to Microsoft Bill Gates and Facebook. The Freedom of Information Act (FOIA) officer herself, attorney Kathryn Siehndel, failed to disclose her prior employment with Facebook's lawyer in Leader v. Facebook, White & Case LLP.

in an email to David London from Microsoft Bill Gates said he was interested in investing into the idea facebook but he wanted to do the investment under the table, David said you cant do that, the investment was too big, two weeks later in an email said he was not going to invest in the idea facebook But what Microsoft Bill Gates did find was some one that was willing to hid his investment? its called insider trading and Bill Gates did this knowing that facebook was a stolen idea?

Is anybody paying attention in this country? Hello out there !!!!!

The world is burning up and our elected leaders are talking about climate change.....well maybe the explosions and riots around the world are creating the differential in atmospheric CO2. This is most likely a better scientific answer than the one we are hearing. We have unknown intruders streaming across our borders, beheadings on our soil, massive unemployment problems, liars at every level of our government, incompetence in our national intelligence departments, a Justice Department that is built to extract revenge on the last 200 years of American "racial" issues, educators and reporters that hate the fact that a free market rewards effort and excellence, and , other than the previously mentioned problems, a leadership that has done ZERO to enhance the lives of the bulk of Americans.

So why do I have my panties in a wad ? I am so tired of the Bushes, the Clintons , and the Obamas , that I could probably get uncontrollably nauseated. Who cares if Michelle wears a blue dress to watch Beyoncé run around the White House? Who cares if Hillary is a grand mother? Who cares if Obama hits a wedge on his third shot to a short par three? I want to know how we are going to get out of this mess without a strong visionary leader, an honest (truthful) evaluation of our "politically correct "agenda, and I want to know why we are cutting our national security and military budgets while spending more on welfare programs for folks that want something for nothing. I want to know why we stand down in Libya, stand down on our borders, stand down on Iran, humiliate Israel, disregard daily briefings, and ignore advice from our generals. Did you know that we have a shortage of Tomahawk missiles? Our HHS bought up our private ammo yet we are running out of munitions to destroy our enemies. Have you been watching the blame throwing president crucify his team on every front? And what is Eric Holders last gift to our tragic direction? No profiling.....really ? That'll fix it. What a bunch of bimbos.

I hope the world listened intently to what Bibi Netanyahu said yesterday at the UN. The truth is frightening. We have an enemy in radical Islam that respects no life, has no border, no PC police, but has a long term goal of annihilating you and me. Let's not profile anybody. The really scary part is that the Zuckerbergs, Obamas, Clintons, the media, college professors, progressive liberals also have an agenda to destroy our fundamental will to fight.....in concert, these simultaneous movements spell disaster to our liberty and freedom. Hey Mr President, they are jumping over your fence. Profile that ! Sleep tight.

I am going fishing today .I plan on using our US border policy of catch and release unless, of course, I catch a man eating shark. In that case, I would propose that he/she be the next DNC chairperson. Maybe tomorrow will be better.

Follow up to the report... an AFI activist called the Ohio Office of Inspector General this morning about getting confirmation of her entry which she had emailed. She was told, "Oh yes, we have received your complaint. In fact, we have received MANY complaints which we are processing now and we will send your confirmation shortly."

We have obtained a copy of a confirmation from the Ohio Office of Inspector General and will post it tomorrow. Betty Montgomery made comments today about her supposed independent investigation. Strangely, not a single mainstream media outlet has carried news of her 2006 political donations received from OSU president Michael V. Email comment by TEX:

This is unreal. My gal Flavia got an email in her inbox today that was obviously meant for an ISIS warrior in Iraq. I had to share it.

"My dearest Khalib, I know you are in Iraq enforcing Allah's will on the non-believers so I thought I would drop you a note from deep inside the USA. As you know we are laying low until we lull these infidels to sleep. Did you realize that we can now walk into this crazy country on their South border? My friend Azul rode his camel all the way into San Diego. Not sure how far he has traveled but I think he's heading for the nation's Capitol because he can probably ride that nasty beast right into the Green Room. It's obvious that the Secret Service and CIA are now totally ineffective, so our world expansion plans look most encouraging. One question. I know Obama has a love for our religion, but do you know if he is a Sunni or Shi'ite ?

I would like to suggest an idea to our senior ISIS council. If we just hide out for awhile and recruit our normal number of new soldiers, the math is on our side. The US bombs are killing 10 of us a day and we are gaining a 1000 new troops a day from all over the world. What's really funny is we get more new soldiers each day from America than they are killing over here.....in a year or two, the time Obama said we have, our army will be bigger than his. And, praise Allah, soon we will have that great big bomb and missiles that Iran is building. I have a question. We are lopping off heads of US citizens and we get no reaction. Why? They trade five of our captured leaders for one US soldier that deserted his post. Why? They have a marine in jail in Mexico and the president does nothing ? Why? Can you believe that those idiots have already spent over a billion dollars and have killed less than a 1000 of our troops ? This enemy is not even competitive. Perhaps we should start to behead a few Chinese or Russians so we can have a real war.

Anyway, hope all is well. My inside spy in the White House said that Obama is going to present an idea to the Washington Redskins today that rather than change their name, they should change their logo from an Indian chief to a small red potato. Yep, a potato that grows in Idaho. I can not believe that Americans elected this guy. That is proof that free elections do not work. I will keep you informed. Praise to Allah, Ishmael."

Have a nice day. TEX

Ken Burns' recent documentary on the Roosevelts has a central theme. It takes moral, strong leadership to make our country better. TR faced corruption in the private and public sectors. But it wasn't until he personally witnessed the disease-ridden tenements in NYC that he decided to "take on" those corrupt leaders. Throughout his legislature and Presidential careers, he changed the marketplace and broke up monopolies ("trusts"). Facebook has created a market concentration that similarly needs to be broken up. They stole the technology from Leader and now have over a billion users. You need to "hire" (elect) morally guided, strong leaders next month. Our country depends on it.

As Ben Franklin admonished: If we don't hang together, we will certainly hang separately. We certainly have serious foes (e.g. ISIL and others) who will gladly destroy us and everything we have.

It appears that JPMorgan Chase is getting hacked on one side, and abusing American inventors on the other. Dr. Lakshmi Arunachalam is a true Internet pioneer who holds over a dozen patents on the basic infrastructure of web transactions, but JPMorgan has not only stubbornly refused to acknowledge her existence, but has engaged in collusion with the judges in her cases. In this case, Delaware federal court judge Richard G. Andrews holds substantial investments in JPMorgan and he was employed at a law firm (Mayer Brown & Platt LLP) whose partners practically live at JPMorgan's headquarters and have done perhaps 50 or more large financial deals for JPMorgan. Dr. Arunachalam is asking that he recuse himself from her cases, but so far, he is refusing and playing procedural tricks with JPMorgan's attorneys.

PLAINTIFF'S REPLY BRIEF, Pi-Net International, Inc. (Dr. Lakshmi Arunachalam), v. JPMorgan et al, Doc. No. 115, 12-cv-00355-RGA, Sep. 30, 2014 (D. Del. 2012).
