## 2ND CIRCUIT ISSUES SCANDALOUS NATIONAL ENQUIRER-GRADE OPINION IN US V. CEGLIA

### APPEALS COURT AFFIRMS ZUCKERBERG'S DEBUNKED FORGERY STORY DESPITE SECRET SERVICE FORENSIC AUTHENTICATION

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | APR. 20, 2015, UPDATED APR. 23 | PDF

(APR. 20, 2015) –No wonder Paul Ceglia left town with his family. The American justice system is out to put him away because, we believe, his claims upset a long-planned hijack of American digital infrastructure by Facebook’s handlers via the NSA, IBM and The Eclipse Foundation. In the process, judges are being handsomely compensated by Wall Street for going along.

The Facebook financial conflicts-laden Second Circuit in Paul Ceglia’s appeal (see previous post for analysis of their financial disclosures, also here: Cabraras | Raggi | Calabresi) took only one day to issue its opinion. The hearing occurred in Manhattan only on Thursday.

#### MADE-FOR-TV OPINION

This Made-for-TV opinion is replete with narcissistic references to Facebook’s “Academy Award-winning movie.”

Remarkably, an allegedly-esteemed U.S. appeals court is taking its cue about the facts and the law from Hollywood. The National Enquirer would be proud.

#### U.S. SECRET SERVICE FORENSICS: THE CEGLIA-ZUCKERBERG CONTRACT IS AUTHENTIC

#### 2ND CIRCUIT OPINION DETERIORATES TO NARCISSISTIC NATIONAL ENQUIRER FICTION

JUDGE GUIDO CALABRESI      JUDGE JOSE A. CABRANES      JUDGE REENA RAGGI

FIG. 1 –The Second Circuit judges issued an opinion that runs roughshod over Paul Ceglia’s most basic constitutional rights to a fair and impartial tribunal in Ceglia v. Zuckerberg and U.S. v. Ceglia. These judges failed to disclose their substantial holdings in Facebook financial interests that betray their bias to rule in Facebook’s favor. \$\$\$ Cha Ching.

The U.S. government is very evidently protecting Zuckerberg and Facebook. We believe this obvious abuse is designed to: (a) protect their personal financial holdings, and (b) to preserve the private agenda of the Facebook Cartel in collaboration with the FISA Court and the NSA to seize control of America’s digital infrastructure before President Obama leaves office. Ceglia is in their way.

Warning: Facebook’s astroturfers will be out in full force defending these judges and calling Paul Ceglia every name they can think of. We have now come to expect such unsavory conduct from Facebook’s “Punks with a Pen” (see previous post).

The "Summary Order" ignored the elephant in the room. The recent U.S. Secret Service Forensics report concluded that the **CONTRACT IS VALID** and NOT A FORGERY as claimed by Zuckerberg.

Despite this hard evidence, the Second Circuit continued to support the BIG ZUCKERBERG LIE—that the lower court got it right by so-called "clear and convincing evidence" that the contract was a forgery.

### ABORTION OF DUE PROCESS

The lower court judge made that decision without a jury trial, and with a magistrate judge, Leslie G. Foschio, who issued a 155-page report using only Facebook's forensic hired-liar experts whom he shielded from cross-examination by Ceglia's experts. Ceglia was also blocked from discovery of Zuckerberg's 28 hard drives and Harvard emails.

Ceglia's appeal focused on these clear abuses of due process—which the Second Circuit **IGNORED**.

This is one of the most pathetic abuses of federal power in recent memory. Like lemmings, these appeals court judges spout the Zuckerberg fiction while ignoring affirmed facts by the government's own experts.

Ceglia says he is telling the truth. The Secret Service affirms that he is telling the truth. And yet, these judges ignore the evidence and say he is guilty.

### THE GROSS DECLINE OF YALE & HARVARD LAW INTEGRITY

These judges (Calabresi, Cabranes and Raggi) hail from Yale and Harvard Law. The quality of their legal and moral education is very evidently suspect.

Welcome to the kangaroo courts of the old Soviet Union folks. We've arrived. This opinion proves this thesis with empirical evidence.

Dear AFI: I'd like to speak with you if you have a few minutes. To be honest, I'm skeptical about some of the connections you draw, or at least what they may mean. But others seem more promising. You're clearly very knowledgeable. And I'm trying to figure out where to pursue the story, now that the civil case is shut down and the criminal case is on hold as long as Paul's at large.

Dear [NAME] Skepticism comes with the profession, we understand. We have been careful to base our opinion on verifiable public facts. What in particular makes you uncomfortable? We can focus on those facts first.

In our opinion, you should focus on the recent Secret Service Forensic analysis which discredits this latest 2nd Circuit appeal. It's actually laughable when one reads their citation to the movie and the Academy Awards. For God's sake, the Secret Service discredits this court, yet they IGNORED that analysis of the government's own experts!!! (Sorry for the exclamation marks.) The movie actually shows Zuckerberg to be a criminal, and yet the court cites it as a validation? Give us a break.

BTW. This appeal is not over since litigants can always petition for en banc rehearing and fraud on the court given the judge's conflicts of interest. This is messy.

Hopefully you are up to doing some serious investigative journalism into this emerging Big Brother cartel.

Email comment by fellow investigative journalist:

Well, Paul [Ceglia] filed his case in 2010. You don't think it was more a matter of the trial date getting close?

I have read the Secret Service report and discussed with his lawyers. Is the idea that it doesn't explicitly rule out the possibility the "Work for Hire" contract is genuine? Or am I missing something?

[NAME]:

The nearness to trial supports Ceglia, not Zuckerberg. Ceglia's appeal is seeking a fair hearing and not a railroad job. Magistrate Faschio declared that he was not subject to the Federal Rules of Civil Procedure and Evidence in ruling the contract a forgery without cross-examination. How much more blatant can a court be than to deny its own standards of fairness? BTW. Judge Aracara, his boss, holds massive amounts of Facebook cartel stock and should have recused himself.

The fact that it is Zuckerberg who stonewalls discovery in both cases says it is Zuckerberg, and not Ceglia, who fears taking the stand and/or being cross-examined in deposition.

The legal standards required to convict Ceglia are clear and convincing evidence (in the civil case) and beyond a reasonable doubt (in the criminal case). However, the government's Secret Service Forensics opinion supports neither standard. That report totally discredits the 2nd Circuit.

They indicted Ceglia based solely on Faschio's reliance on Facebook's expert, that he did not permit to be cross-examined, and now the government's expert has proven that testimony false. The Post Office also relied on Facebook's expert without performing their own arm's length test. This new Secret Service Forensic testimony proves that both the civil case and criminal indictment had no basis in fact.

The Secret Service Forensic Lab set a 4-point test. The resulting equation is simple math.

Ceglia 2, Zuckerberg 0

Two of the four criteria support validity and the other two were inconclusive. Hence, Zuckerberg cannot support either legal burden of proof. Said another way, NOTHING in the test would indicate that the contract was a forgery. And, in the alternative, all the available evidence says it is genuine. Therefore, it

4. JUSTICE ROBERTS HOLDS substantial Facebook financial interests.

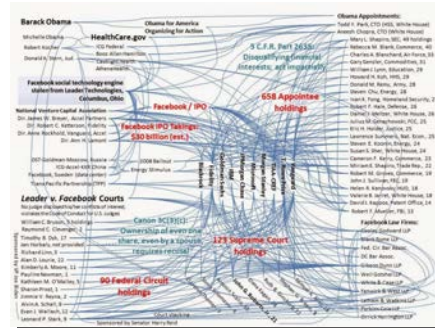

5. JUDGE LEONARD STARK FAILED to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment.

### BARACK OBAMA'S DARK POOLS OF CORRUPTION

### STOP FACEBOOK PROPERTY THEFT

WILL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Sickle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

### ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

must be presumed genuine, especially since Zuckerberg cannot even produce his own copy of the contract, and the August 18, 2003 email proves Zuckerberg lied about his denial of a second contract (and has yet to produce the attachment to that email showing the contract draft).

In short, NOTHING in the evidence supports Zuckerberg. Zuckerberg's accusations are based solely on innuendo, surmise, attorney fabricated evidence, slander and astroturfing. Ask yourself why no one has ever been able to evaluate Zuckerberg' 28 hard drives and Harvard emails and why the law firm who has them, Gibson Dunn LLP, is the one getting away with hiding them (and being allowed by the government to intervene in the criminal case).

Hope this helps.

Scratch that surface and your Pulitzer awaits. Are you in touch with the ICIJ and their HSBC investigations? These are intertwined and you can leverage their research.

We gotta admit, we hesitate using "successful" with this criminality since we choose to equate "success" with positive, life-affirming virtues. How about "immoral" or "unscrupulous?" One always has a natural early advantage when one bends the rules to take advantage of people with integrity. That's not "success" in our minds. But, we know what you mean.

# LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.

Real American inventors need your support.

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this

firm with the reason why not a single Wall Street banker has gone to jail since 2008. Click here to read her article "Everybody hates whistleblowers." Examiner.com, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulliot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in

support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. [Click here for a PDF version of Julie Davis' article.](#)

## OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for

strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

## CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

## GALLERY OF JUDICIAL MISCONDUCT

**Judge Leonard P. Stark**, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact

discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. ([Read Leader's May 20, 2010 motion here.](#)) He also permitted the jury to ignore the Pfaff v. Wells Electronics, Inc. test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#))

He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. [See his Sep. 14, 2009 Order.](#) Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

**Judge Alan D. Lourie**, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. [See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#)

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Kimberly A. Moore**, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore

stood to benefit financially from undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks.](#) Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Evan J. Wallach**, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence

(using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's Pfaff v. Wells Electronics, Inc. test for on-sale bar evidence, which included even the Federal Circuit's own Group One v. Hallmark Cards, Inc. test—a test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie helped write that opinion. [Group One test omission analysis.](#)

**Clerk of Court Jan Horbaly**, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an amicus curiae brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook.](#) Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

**Judge Randall R. Rader**, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that

they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of law at George Washington University Law Center, former Leader director Professor James P. Chandler. [See analysis of Judge Rader's undisclosed conflicts of interest in Leader v. Facebook.](#)

Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

## HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;
- (2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and
- (3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The

Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
