## WILL REPUBLICANS DEBATE THE REAL CORE OF WASHINGTON CORRUPTION - THE C.I.A. FACEBOOK SPY STATE?

### DID FACEBOOK DISCLOSE ITS C.I.A. AND CHINESE FUNDING CONFLICTS BEFORE SPONSORSHIP?

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | AUG. 03, 2015 UPDATED AUG. 08 | PDF

James W. Breyer, Facebook's largest institutional shareholder and former chairman, is a FOX director, Bush donor, TPP supporter, linked to Mexican bribery, Facebook's technology thief with IBM, "super bullish" on China, and tied at the hip to the C.I.A.—besides that, nothing to disclose

#### POST DEBATE NEWS:

#### DICK MORRIS, FORMER CLINTON ADVISER, CALLS OUT FOX NEWS BIAS; DR. RAND PAUL RIDICULED BY ATTORNEY CHRIS CHRISTIE FOR DEFENDING THE BILL OF RIGHTS AND DUE PROCESS

On Aug. 06, 2015, the Republican presidential candidates debated in Cleveland, Ohio, sponsored by Fox News and Facebook. While former Clinton aide and Fox News contributor, Dick Morris, was silent on the [illegal use of Leader Technologies' social networking invention](#), and slaving use of Facebook's logo, probably even on candidate undies, Morris did notice the FOX bias highlighted in this post. See [Dick Morris commentary](#).

Christie vs Paul

**NEW, AUG. 08, 2015:** Governor Chris Christie's dismissal of Senator Rand Paul's comments regarding the *illegal* NSA sweep of all American's data, including children, is telling. Christie accused Paul of "blowing hot air," yet failed to mention that Paul has sued the NSA over the illegal wiretapping. Christie is a former U.S. Attorney who used some of that data. It appears that Beltway insiders don't care about privacy when they can use it to further their careers. It is a fact that some NSA

employees used the data to spy on their girlfriends. Did the FISA court approve that too? As a reminder, the FISA Court approved Christie-like "for the national security" requests 34,000 times, and only said no 12 times. And, despite Christie's faldral about helping widows and orphans, the *FBI cannot point to a single terrorism case* that was cracked using the NSA data. So who is using it? (Answer: The Facebook Cartel of crony Silicon Valley and Wall Street companies to build "dark profiles" on every citizen.) (Note the C.I.A. Facebook spy-state "f" logos on both sides of Christie. Quite ironic.)

**BREAKING NEWS:****C.I.A.—IBM—ECLIPSE SPY ON CHILDREN GLOBALLY**

On Aug. 05, 2015, security experts showed how the [C.I.A. Facebook Cartel can hijack standard equipment](#) (PDF) in any phone, computer or printer and send information via radio capabilities secretly embedded in the hardware. This proof sheds more light on IBM, Microsoft, Facebook, Cisco, Wind River and Intel's (Eclipse) shadowy Italian partner, [Eurotech SpA](#). See [Reuters](#) (HTML).

Eurotech and IBM (Eclipse) supplied Facebook with MQTT messaging software on Nov 03, 2011 (during the *Leader v. Facebook* litigation). [IBM Press release](#).

IBM and Leader Technologies' intellectual property counsel (and key Obama / Holder / Lynch / Kappos adviser), Professor James P. Chandler, helped start Eurotech, Ltd. in 1995 with key retired energy, military and intelligence officials. The company moved to Italy in an evident effort to conceal their embedded systems scheme.

## ORIGINAL POST

(AUG. 03, 2015)—Facebook is a covert creation of the C.I.A., as now confirmed by multiple whistle blowers.

Facebook's largest institutional investor, [JAMES W. BREYER](#) (Transcript), Accel Partners LLP, is a [FOX director](#). He is also a former director of Wal-Mart before he resigned in the wake of the [Mexican bribery scandal](#). Breyer is a prime mover behind President Obama's Trans-Pacific Partnership (TPP) agenda.

Breyer is also partnered with the C.I.A. on Facebook's early investments. In 2004, the year Facebook started, Breyer became chairman of the [National Venture Capital Association \(NVCA\)](#). The C.I.A.'s Gilman Louie served as an NVCA director representing In-Q-Tel, the C.I.A.'s dubious Silicon Valley "private" investing company. (How can a *public* government entity operate a *private* venture capital company?)

**BREYER DONATED \$40,000 TO JEB BUSH JUST FIVE WEEKS AGO; FOX HAS A DUTY TO DISCLOSE THIS BIAS BY ONE OF ITS FACEBOOK-TIED DIRECTORS; MCCONNELL AND BOEHNER ARE TAINTED**

FIG. 2—MEGYN KELLY AND CHARLES KRAUTHAMMER will moderate the first Republican debate on Thursday, Aug. 6, 2015, 9pm EST in Cleveland, Ohio, sponsored by FOX and Facebook. The problem is, Facebook's largest institutional investor, James W. Breyer, is a FOX director and just donated \$40,000 to Jeb Bush five weeks ago. Breyer sponsored the theft of Ohio innovator Leader Technologies' social networking invention upon which Facebook operates. Breyer's conflicts taint FOX's impartiality.

## NEW: C.I.A., IBM, ECLIPSE, FACEBOOK SHADOW GOVERNMENT INVESTMENT SCANDAL TIED TO REPUBLICAN LEADERSHIP TOO

**AUG. 06, 2015 UPDATE:** According to [Federal Election Commission](#) records, [James W. Breyer](#), Accel Partners LLP, disguises his left-leaning Harvard-elitist agenda with diversionary fairy-dust contributions to both Republican Senator Mitch McConnell and Democratic Senator Diane Feinstein.

Could this relationship with Breyer explain why Mitch McConnell goes soft in favor of Breyer's C.I.A. Facebook child predator agenda inexplicably?

[Mitch A. McConnell's 2014 financial disclosure](#) reveals that he is a card-carrying member of the Facebook Cartel. His portfolio is chock full of Vanguard, UBS, American

UPDATE MAR. 25, 2014

## FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

### 1. HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS

Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

### 2. WAS CHIEF JUSTICE ROBERTS BLACKMAILED into supporting Obamacare by his ethical

and T. Rowe Price, all among the largest mutual fund stockholders in Facebook and other members of the Cartel, like JPMorgan, Morgan Stanley, and Goldman Sachs. Curiously, he holds up to \$500,000 in FOX (News Corp.) and \$1,000,000 in Wells Fargo, a **Facebook underwriter**. When FOX's and the Cartel's stock's rise, so do Mr. McConnell's. This is the definition of conflict of interest.

Will McConnell disclose his personal interest in promoting FOX in the Republican debate sponsorship? This debate is getting more dubious by the minute.

McConnell's evident duplicity is matched by House Republican leader John Boehner's. **John A. Boehner's 2014 Financial Disclosure** reveals equally massive investments in the C.I.A. Facebook Cartel. For example, Boehner disclosed up to \$715,000 in members of IBM's Eclipse Foundation, including Apache, Apple, Cisco, CSC, Dell, EMC, Hewlett-Packard, Intel, IBM, JPMorgan, Microsoft, Oracle, Xerox and Wal-mart. In addition, Boehner disclosed up to \$900,000 invested in Facebook's underwriters and large mutual fund investors, including BlackRock, American, Goldman Sachs, Fidelity, UBS, Bank of America, Citigroup, Credit Suisse, JPMorgan, State Street Corp and Vanguard. Looks like old John received the Cartel memo that the rest of us did not.

## C.I.A, IBM, ECLIPSE, FACEBOOK, BREYER, MCCONNELL, BOEHNER INVESTED IN MURKY OFFSHORE BANKS WITH FRAUDSTERS AND DRUG DEALERS

Let's see, for starters, **Citigroup and UBS** were just convicted of rigging international currency markets. Goldman Sachs and Morgan Stanley were given \$33 billion in the 2008 bailout. Then, their buddies at JPMorgan were fined \$16 billion for fraud in the 2008 mortgage crisis. It appears defrauding the American people pays huge dividends for insiders like Boehner and McConnell too. All of these banks were exposed as in bed with intentional arms and drug money launderers by **HSBC Whistleblower Hervé Falciani**.

It appears the C.I.A. IBM Facebook Cartel is pulling the Republican leadership's strings as well as Barack Obama's. The American Republic is the loser. Free and fair elections are the losers.

On May 28, 2015, Breyer donated \$100,000 to the Right to Rise USA PAC, which in turn donated \$40,000 to Jeb Bush a month later, on Jun. 26, 2015.

By statute, the C.I.A. has no charter to operate within U.S. borders, much less invest in and take private companies public.

**FIG. 3—MITCH MCCONNELL**, Republican Senate Majority Leader. Mitch McConnell's 2014 financial disclosure revealed substantial investments in left-leaning mutual funds closely tied to the C.I.A. Facebook Cartel and the Natioal Venture Capital Association, including up to \$1,000,000 in Wells Fargo, a Facebook underwriter. Tellingly, Facebook's task master, James W. Breyer, Accel Partners, is a personal contributor to McConnell. Breyer was chairman of the NVCA in 2004 when the C.I.A. confiscated Leader Technologies' social networking invention via IBM and attorney James P. Chandler.

## STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

## ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

## C.I.A., FOX, BUSH, WAL-MART, MEXICAN, CHINESE & TPP CONFLICTS BIAS THE DEBATE

Despite these massive conflicts, Facebook is co-sponsoring the first Republican debate Thursday night in Cleveland, Ohio.

Ethics laws demand that Facebook disclose its Breyer - FOX - Bush-Immigration (Mexican) - Chinese - C.I.A. political biases, to the Republican Party and American public.

AFI's investigations reveal that the C.I.A. funded the meteoric rise of social media via theft of the social networking inventions of Columbus, Ohio-based Leader Technologies. See previous posts linked above.

The cartel of individuals and companies who have colluded with the C.I.A. include billionaire George Soros and people from both the Republican and Democratic Parties. This collusion spans multiple U.S. Administrations from Bill Clinton through George Bush to Barack Obama.

## FACEBOOK ENGINE STOLEN FROM OHIO INVENTOR LEADER TECHNOLOGIES BY C.I.A., IBM & THE ECLIPSE FOUNDATION (ECLIPSE IDE)

In 2001, the C.I.A. funded The Eclipse Foundation with IBM and law Professor James P. Chandler, author of the Economic Espionage Act of 1996.

Chandler was both IBM's and Leader's intellectual property attorney. He shuffled Leader's inventions out his law firm's backdoor to the C.I.A. via his deep-pocket client IBM. Two men closely associated with Chandler at the time eventually became Obama appointees: Attorney General Eric H. Holder, Jr., and Patent Office Director David J. Kappos.

## C.I.A. & CRONIES USE DEBATE DATA TO MANIPULATE U.S. ELECTIONS

The Eclipse Foundation enabled the C.I.A. to offer social networking software with *hidden backdoors for spy-state surveillance*. This data goes exclusively to the C.I.A. and its Wall Street and Silicon Valley cronies who "mine" that data in order to manipulate voting results. This voter data helps the C.I.A.'s preferred candidates to refine their messages to a gullible public. The C.I.A. is secretly driving American social dialogue in violation of its express prohibitions against such activity.

## CRITICAL QUESTIONS FOR THE DEBATE SPONSORS:

Breyer has shifted his venture capital investing priority outside the U.S. to China where his reclusive father, **John P. Breyer** (the web has been essentially cleansed of Breyer Sr.'s biographical information who was the founder of ComputerWorld (!), but AFI investigators found some information linked here), moved to set up IDG-Accel and IDG Capital Partners. John P. Breyer, Andy Grove (Intel) and George Soros are fellow Hungarian refugees.

Some of the Chinese officers of Breyer's **IDG Technology Venture Investment III LLP** and **Wininchina, Inc.** were identified by HSBC Swiss whistleblower **Hervé Falciani** as being involved with off-shore money laundering of dictators, drug and arms dealers. The HSBC money launders fingered by Falciani include *all* of the **Facebook IPO underwriters** and **several Facebook law firms**.

Breyer is also pressing Barack Obama to push through the Trans-Pacific Partnership (TPP) which includes liberal intellectual property provision allowing infringing countries to rewrite their rules at any time to favor a local infringer like Facebook and other Breyer companies.

## LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

*Rescind. Investigate. Sanction. Certify.*

2. Did Facebook disclose its C.I.A. et al funding and relationship conflicts to the Republican Party before sponsoring the debate?

Up until now, FOX has avoided the facts of the C.I.A.'s theft of American innovations, illegal investments in private companies, and its meddling in social technology.

FOX's continued silence will become deafening. Free and fair elections must be extricated from these lawless oligarchies and returned to We, The People.

**FIG. 6— BARACK H. OBAMA WITH MARK ZUCKERBERG.** Obama stole the 2008 and 2012 elections, we believe, by the careful manipulation of Facebook user data (well-known fact). The president has never disclosed his reliance on a Facebook platform that was pirated from Columbus, Ohio innovator, Leader Technologies, Inc. In return for the C.I.A./NSA's data support in getting him elected, Obama has given The Agency exclusive access to *all* of America's data, all the time.

## GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's *Leader v. Facebook* attorney Gibson Dunn LLP. She credits this

firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

Email comment by TEX:

As a simple old man sitting on a rocking chair on my front porch, I seem to be losing touch with the real world. Here's a few things that really have gobsmacked me of late.

-- we continue to release known criminals that are citizens of other countries into our society and they kill our folks every day. Why are our border agents, local authorities, and ICE told to stand down ?

--we trade five known terrorist killers into the middle eastern Islamic world for a cowardly soldier who knowingly abandoned his watch post, left his fellows soldiers vulnerable, sought comfort from the enemy, and recently violated his uniform again by smoking grass at a gathering of potheads while awaiting his court martial proceedings. Our president ( puke) did a group cumbaya hug with his hippie parents at the Rose garden, and extolled the American virtue of leaving no soldier behind. Obama probably had a hookie with them before his press conference. Susan Rice later told us that Bergdahl served admirably ( puke again).

-- Hillary chose to leave some behind in Benghazi. It was her call. She did it. They died, she lied. Why?

-- now our Navy leaders are considering filing criminal charges against the Lt. Commander in Tennessee that used his personal weapon to fire on the " son of Islam" that was mowing down our unarmed soldiers. Why? He should be a national hero.

--we allow thugs and militants to burn down and destroy fragile inner city infrastructure including schools, drug stores, food stores, and churches. Our liberal mayors in NYC, Baltimore, St Louis, Chicago, Detroit, etc. have down nothing to protect law abiding folks from these creeps. . We stand down . Why?

--Obama and Hillary ( puke) have attacked the film makers of the recent Planned Parenthood genocide and organ harvest as " a war on women". Last year PP mutilated almost 1,000,000 little folks with their heartless abortive techniques. Half of those babies were girls.....baby little women . Did you see the short scene where they're moving around these tiny organs and discussing cost per organ ? That's a real war on women. Why are we standing down ?

--every day Iran issues a new manual ( fatwah ) against the U.S. And Israel. Not only are we standing down , we are assisting them with our actions. Why?

When you have had enough, please get radical. That's what the MSM calls me and other conservative citizens who speak out, and support opposition to this transformation of our country. Excuse me while I puke.

Have a great day, TEX

Former President Jimmy Carter came very close to admitting the Cartel that has been uncovered by AFI researchers and the Leader v. Facebook judicial corruption scandal implicating Chief Justice John G. Roberts, Jr.

AFI Research has identified the early 1990's and then Harvard professor turned World Bank chief economist, Lawrence "Larry" Summers, as the genesis of the current C.I.A. / IBM / Facebook / Soros Cartel running the Obama Administration. Fresh students Sheryl K. Sandberg and Yuri Milner were their flunkies then.

This Cartel had its beginnings with the Clinton Administration, gained full steam with George W. Bush Administration (C.I.A backing and protection - James P. Chandler), then began raping and pillaging under the Obama Administration.

Gee Tex, nothing gets by you, does it? LOL.

Have you checked out Boehner's and McConnell's financial disclosures by the way? Very Cartel-centric. Explains their sudden-onset flaccidity. They're blackmailed. They've been investing in the Cartel for too long. Those insider tips that seemed so hush hush and innocent at the time are now coming back to bite them..., and America.

## OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

*... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney dark arts, destruction, confusion, dishonesty, judicial chicanery and lawlessness.*

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

Email comment by TEX:

The "debates" being held this week are nonsense. The format has been created so that the announcers can look really smart with gotcha questions and the candidates are encouraged to shout out brilliant one liners for all to see. Rather than play this charade, I suggest a new format:

---- all candidates should come out in speedo bathing suits. Let's see how they have maintained their bodies. It might even make sense to put a bag with small eye holes over their heads.

---- then all should take a 10 minute general Mensa test to determine ability to think without practice sessions.

---- then a quick written quiz on the Constitution, the economy, and the military. For example, " what is the general purpose for the Tenth Amendment ? Why is Article 5 in our Constitution ? How many troops are currently stationed overseas ? What current military strategy is in place to stem the tide of attacks on our homeland by Islamists? What does the term M1 mean in economics? What is the Laffer curve? Can you explain any rationale for having almost 18,000 employees in the EPA? What control, if any, does the Congress, the President, or the Courts have over the Federal Reserve?

---- then after showing these folks in their semi exposed bodies, and finding out about their real IQ and knowledge, one question, " do you have the training , stamina, and mental wherewithal to fix this mess we are in and why ?"

----- if we still had time, I would proffer the following questions. Why do we need borders? Should patents be enforced by neutral courts or is it ok for judges to have vested interests in the outcome? Why is Congress exempt from insider trading laws? Define the word "liar". Should lying be permitted by our leaders to advance a political agenda? Which of these are not important to America going forward?

My guess is that after this type of debate, we might not have 16 yahoos pretending to be presidential material.....maybe the bag idea is too much, but let's get away from beauty contests.

Bottom line, we just need one good one and we need it now.

Hope Thursday turns out to be a great day for America, TEX=

We've been warning for some time that Bitcoin is nothing but another way for the Facebook, Accel Partners, IDG, Goldman Sachs, Morgan Stanley, JPMorgan Cartel (Obama's next employer) to control transactions without involving sovereign states. This hacker got caught. How many of the really bad big fish won't?

Here's how easy it will be for the Cartel to line their pockets with Bitcoin... one successful hack after another:

Microsoft has been a closet member of The Eclipse Foundation since inception on November 29, 2001. Therefore, Microsoft has been a prime mover in promoting the C.I.A. IBM Facebook spy state surveillance of ALL AMERICANS.

We should therefore not be surprised to learn that the new "free" Windows 10 is chock full of security and privacy back doors. Our educated guess is that while this utility may close many and maybe even most of the holes, the juiciest back doors are known and discoverable only by the C.I.A. IBM Eclipse Facebook Cartel.

By analogy, after the Allies cracked the German Enigma code cipher, they did not want the Germans to know that the Allies could listen to all of their communications. So, the Allies allowed certain German operations to be successful so that they would not suspect that their communications were compromised.

Many so called security vendors operate similarly. They are given "fixes" for some but not all of the Trojan Horses and other malware. That way, it gives the impression of privacy and the user will not suspect that his computer and phones are still snooped by the Cartel.

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Yep, Microsoft concealed its involvement in The Eclipse Foundation by using the University of Washington as its surrogate member. The lines of accountability and separation of powers have been destroyed by these sneaky SOBs. Seeking a few good whistle blowers.

Even Bill Clinton's former political adviser, Dick Morris, picked up on the FOX NEWS bias in the Republican debates last night that this post uncovers masterfully. Although, I firmly disagree with his assessment of Senator Rand Paul, who vigorously defended the Bill of Rights against Governor Chris Christie's obvious over-eagerness to let the spy-state scoop up of metadata on all Americans, including children, without a warrant. (Christie is a former U.S. Attorney, and therefore someone who enjoyed the fruits of illegal surveillance... for the national security, of course.) Here's Morris take on the evident FOX NEWS bias:

DICK MORRIS at the end of his analysis: "... The other big loser was FoxNews.

Their anti-Trump bias was obvious. The questions were way too negative and often too personal. The network, which is built on being fair to conservatives, was manifestly unfair to them tonight."

And the winner is " Fox News".....last night the moderators showed the MSM how to conduct a political free for all. There was a few uncomfortable moments for the candidates but the questions were based on historical comments and/ or actions of the candidate themselves. I did not see one gotcha moment from Fox although there was a few cheap shots in the candidate banter. I thought Rubio handled his moment in a very " presidential" manner , while Trump appeared to be the most rattled under fire. Rubio has it going in the right direction.

But back to Fox. I hope liberals watched last night. If they did, they saw what a legitimate news team looked like. Can you even imagine MSNBC asking Hillary penetrating questions of that magnitude? I am not sure that Al Sharpton or Rachel Maddow have the guts to be honest reporters. Bravo, Fox News.

Have a great day, TEX

**Judge Leonard P. Stark**, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact

Hi TEX.

... but, the fact that Fox ignored the criminal in the room (the Facebook logos plastered everywhere) is inexcusably bad journalism. Until this Leader v. Facebook corruption gets exposed and fixed, Fox is just as bad as the others in my book, maybe worse, given all the heads up I personally know that they have been given by my friends and colleagues.

I do agree the moderators individually were much more professional than Crawley, although I did notice Dick Morris' point. FOX, CNN, NBC etc. are funded by the Cartel and are merging executives at the top, as this post highlights.

discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

**Judge Alan D. Lourie**, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See analysis of Judge Lourie's *T. Rowe Price* holdings re. the Facebook IPO.

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

**Judge Kimberly A. Moore**, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs. v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook.
