THE FALL OF THE U.S. & THE RISE OF A NEW WORLD ORDER

SAUL ALINSKY'S 12 RULES FOR RADICALS GUIDE THE TACTICS OF THE NSA-IBM SPY STATE CARTEL TO "FUNDAMENTALLY TRANSFORM AMERICA"

CONTRIBUTING WRITERS | OPINION | AMERICANS FOR INNOVATION | DEC. 19, 2015, UPDATED DEC. 25 | PDF

FIG. 1—THE CARTEL IS PRESSING A NEW WORLD ORDER FROM BOTH THE RIGHT AND THE LEFT TO GRAB POWER PERMANENTLY—BY CONTROLLING DIGITAL NETWORKS.

A cartel of judges, regulators, politicians and corporations have secretly signed on to "A New World Order" where government is "disaggregated" into self-defined networks. From that point on, their pledges of loyalty to the U.S. Constitution became optional.

In the dramatic up tick in White House polemics about Islam, it becomes important to note that unlike Christianity and Judaism where lying is a sin, Muslims are permitted to lie to Westerners, Jews and Christians. World Order." Theft of Columbus, Ohio innovator Leader Technologies' invention enabled them to unify their communications, monitor and control "the masses," and fulfill their rapacious grab for your assets and your liberty.

The court-proven facts are that Columbus, Ohio innovator, Michael McKibben, and the company he founded, Leader Technologies, invented social networking in the late 1990's. Prior to that, McKibben had re-built AT&T's email system in record time for release with Microsoft's much ballyhooed Windows 95.

In 1996, Leader was awarded its first patent. However, once the Cartel learned about Leader's invention from an unscrupulous patent attorney and adviser to IBM and the NSA, they wanted it so badly they broke many laws to get it. The invention enabled them to create "The Internet of Things" or "The Internet of Everything" where they could permanently control the digital economy in all its aspects: communications, banking, law, energy, finance, elections, defense, technology, communications, media, healthcare, education, entertainment, politics, guns, food, environment and news.

This sounds like Hollywood fiction, but as you will read in these pages, it is all too real.

The roots of the modern day "One World Order" agenda go back to the 1700's and philosopher Emmanuel Kant's essay. More recently, President Woodrow Wilson's failed effort to form The League of Nations eventually became The United Nations. The disciples of this soulless, mechanistic agenda include George Soros, Bilderberg Group, the 1910 Jekyll Island Club duck hunt, World Economic Forum (Davos), Council on Foreign Relations, Wall Street, Silicon Valley, and a slew of politicians, judges and bureaucrats. They benefit personally through investment gains and insider information.

World government is the notion of a common political authority for all of humanity, yielding a global government and a single state. Such a government could come into existence either through violent and compulsory world domination or through peaceful and voluntary supranational union. In such a world, national constitutions must be subservient to the single state.

PROponents OF A NEW WORLD ORDER ARE BETTING AGAINST AMERICA

On Jan. 05, 2011, new world order godfather and post-WWII Hungarian immigrant to America, George Soros (György Schwartz), stated that the "new world order" will be a "healthy, if painful [violent] adjustment." He continued, "China will be the engine driving it forward and the U.S. will be actually a drag that is being pulled along through a gradual decline in the dollar."

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

Holocaust, he posed as a Christian and helped the Nazis confiscate Jewish property. In a Dec. 20, 1998 CBS 60 Minutes interview with Steve Kroft, Soros told Kroft that as a young György Schwartz he "had no sense of guilt" about that anti-semitic activity.

THE MINDS OF OUR YOUTH ARE TARGETED

Nowhere is more telling of the Cartel's agenda than the uproar over Common Core. Critical to the Cartel agenda is the centralized control of education via Common Core in secondary education and M.O.O.C. (Massive Open Online Course) in higher education. Just like the re-education camps of every totalitarian ideology before them (like Mao, Lenin, Pol Pot, Stalin, Hitler, Brownshirts, Komsomol), the Cartel works to control the "narratives" that our children learn.

Where the facts do not fit the Cartel narrative, the facts are ignored or altered. They want to grow obedient, docile, faithless worker bees for their factories. Just like George Orwell envisioned in 1984, gone will be free thinking, free will and individuality. Liberty will be replaced by oligarchies, a permanent under-class, doublespeak, political correctness, disrespect, reading between the lines, hate, intolerance, inequality and brutality.

The digital part of this remaking of education is well down the path. Most secondary schools use Google Docs almost exclusively for their document sharing. In universities, M.O.O.C. curricula are rapidly replacing individualized instruction in favor of the allegedly more "rich" (cleansed and censored) content of "Big Data" and "The Cloud."

Universities are being connected using The Ohio State University's IBM / Microsoft / Oracle / SAP / Eclipse data center as an international M.O.O.C. network hub that Presidential candidate John Kasich approved. The supply of Cartel shiny things to lure educators, parents and students into this morally dark world appears unstoppable as the "users" mainline on the digital drugs.

THIS LEADER V. FACEBOOK TIMELINE REVEALS CARTEL NAMES, PLACES AND ILLEGAL ACTS

Hillary Clinton's political adviser, Anne-Marie Slaughter (2009-2013) implemented her book—A New World Order (Princeton Press 2004)—when she worked for Hillary at the State Department. She started promoting Facebook at the State Department in 2009, even though Facebook did not have the intellectual property rights. Of note, Slaughter has Hungarian immigrant connections by marriage with Soros, Intel's Andy Grove and IDG-Accel Partners (China)'s John P. Breyer. Accel is Facebook's 2nd largest shareholder.

To gain control of the world's information (and thus its money and power), the Cartel employs the political organizing tactics of Saul Alinsky. Hillary Clinton is an expert. She wrote her undergraduate thesis on Alinsky and [corresponded with him](#). Barack Obama employs Alinsky's bible—12 Rules for Radicals (Random House 1971).

Tellingly, Alinsky dedicated 12 Rules to

Lucifer, who he calls the original radical. Lucifer is one of the names for Satan, the Devil, the Evil One and The Dragon (The Book of Revelations 12:2; 20:2).

The Obamas and Clintons employ Alinsky's habitual lying technique: Keep the enemy confused and on its heels working to keep up with your

WILL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE

lies. Lies also often become truths if repeated incessantly. For example, the lies about Zuckerberg and Facebook in The Social Network movie are accepted as the truth by many.

Obama's and Hillary's lies are legion. Their whoppers include: (1) Obama's oft-repeated promise "If you like your doctor, you can keep your doctor," (2) Obama's claim to be a Christian to fool voters, (3) Hillary's fabrication about a Benghazi video, and (4) Hillary's ever-changing private email stories.

They have also brazenly ignored and violated laws. They encourage others to violate U.S. laws themselves, and not respect traditional authority—our borders, the U.S. Constitution and the people responsible for carrying out our laws, such as our police and military personnel. The Justice Department's U.S. Attorneys have become little more than mobsters themselves—A fish rots from the head down.

THE CARTEL'S CORRUPT TACTICS IN *LEADER V. FACEBOOK* WERE PURPOSELY CONFUSING IN ORDER TO DISCOURAGE THE PUBLIC FROM LEARNING THE TRUTH

The following timeline is complex. That is an Alinsky tactic: Put so many layers of lies on the onion that most people won't take the time to peel them away.

Americans For Innovation has been peeling away the layers of this Leader v. Facebook judicial corruption onion for years. **The Cartel's onion core is now exposed.** Names, places, dates, crimes and motives have been uncovered thanks to the dedicated work of many.

Soros' New World Order wants to force its will on America and the planet. In their morality, you would be reduced to merely a consuming animal—"a useful idiot" (Alinsky).* In their world, faith, hope and love are the antiquated values of weak people. They also have little need for any constitution, law or regulation that stands in their way.

* Alinsky used the phrase "a useful idiot" that is sometimes attributed to Vladimir Lenin, although this is in question.

LURE USERS, YOUNG AND OLD, INTO "THE CLOUD," THEN AMBUSH THEM

Theft of Leader Technologies' invention of social networking was critical to the Cartel's plan. With control of the digital endpoints of our lives ("The Internet of Things" aka "The Cloud"), the Cartel could achieve their new world order more quickly.

The moral, philosophical and cultural battle lines are drawn. If we choose the Cartel, the "nanny state" of entitlements will eventually overtake us like it collapsed the Soviet Union. On the other hand, if we choose the timeless values of the U.S. Constitution, we must protect and restore Leader Technologies' property rights. Then, we empower real, ethical innovators to rebuild our digital networks in a way that takes us to higher ground.

This restoration of Leader Technologies' (and others) property rights will expose the decades of corruption that has resulted in this digital takeover. Whether these criminals go to jail, are pardoned or ignored, **one thing is for sure-- they must be defunded and disempowered.**

Saul Alinsky's 12-Step Community Organizing Program:

1. Power is not only what you have but what the enemy thinks you have.
2. Never go outside the expertise of your people.
3. Whenever possible, go outside the expertise of the enemy.
4. Make the enemy live by up to its own book for rules.
5. Ridicule is man's most potent weapon.
6. A good tactic is one your people enjoy.
7. A tactic that drags on too long becomes a drag.
8. Keep the pressure on. Never let up.
9. The threat is usually more terrifying than the thing itself.
10. If you push a negative hard enough, it will push through and become a positive.
11. The price of a successful attack is a constructive alternative by the enemy.
12. Pick the target, freeze it, personalize it and polarize it.

IS "THE NEW WORLD ORDER" TOO BIG TO FAIL?

Some ask if social networks are now "too big to fail." The last time Americans thought that was when our too-big-to-fail banks were bailed out in 2008. The taxpayer was stuck with the bill while the bankers continued to pay themselves bonuses. Not a single banker was jailed, fired or even fined. Is this the New World Order we have to look forward to? The answer is yes, unless WE THE PEOPLE put a stop to this profligacy.

These social networks can and will be reconfigured to provide the positive benefits without the abuses of security and privacy. However, they will not be run by the current crop of greedy "public-private" criminals, who must be run out of town, this current President and his cabinet among them.

Americans deserve statesmen running our digital infrastructure, not scoundrels.

Given the timing of this meeting—a week after the radical "Net Neutrality" changes to Internet regulation by the FCC—the real agenda of this group was most likely to discuss progress on their common agenda—the IBM et al "The Internet of Things" takeover of global digital infrastructure, which the FCC changes to Internet regulation helped facilitate.

Stone, M. (Dec. 19, 2015). A Cybersecurity Bill Loathed By Tech Companies Is Now Law. Gizmodo.

<http://gizmodo.com/a-cybersecurity-bill-loathed-by-tech-companies-is-now-l-1748859994>

If you thought the US government's ability to spy on its citizens had languished of late, think again.

Yesterday, Congress and President Obama approved the Cybersecurity Information Sharing Act (CISA), a measure that lets private companies turn over consumers' personal data to Homeland Security, as long as that data meets some broad and vague criteria of relevance to cybersecurity investigations. Homeland Security can then pass said data directly to the NSA, the Department of Defense, and the FBI.

Tech companies, civil liberties groups and security experts have all decried this bill. How did it become law? Simple. House Speaker Paul Ryan attached CISA as a rider to the omnibus budget bill, a \$1.15 trillion federal spending plan. If Congress and the President hadn't approved the measure, we would be on the brink of another government shutdown right now.

The language in the bill is so broad that it could undermine existing privacy laws. Even the Department of Homeland Security said CISA could undermine the Stored Communications Act, which protects personal data from undue government prying.

Aside from screwing with existing privacy laws, CISA has no safeguards to prevent companies from sharing irrelevant personal information, just vague wording about the need for a "cyber threat indicator" to give up the digital goods.

My lights just came on. Now I get it. These jackasses are fundamentally changing America. The wheel and spoke illustration is perfect.

Glenn Beck figured this out eight years ago and he got fired by FOX because even they couldn't believe that all of this was a long term goal of the Progressive elite statist. Beck's insight was pure genius. The puppet master was Soros. He made billions upon billions by betting one currency against another. The dollar vs the Euro. The dollar against the Yen. If he knew in advance, he couldn't lose. By controlling the information flow, the education process, and the political system, it was a no brainer that was so large that it was invisible. Brilliant.

And we just follow the lead. We have families, go to work, go to Church, and tweet our brains out.

WAKE UP America ! The next election is really critical. These crooks have a deep hatred of our country. And, oh, Merry Christmas.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

On Thursday, tech giant Juniper Networks revealed in a startling announcement that it had found “unauthorized” code embedded in an operating system running on some of its firewalls.

Carman, A. (Dec. 22, 2015). Who hid a backdoor in a popular corporate VPN program? The Verge.

<http://www.theverge.com/2015/12/22/10638482/juniper-networks-vpn-vulnerability-backdoor>

For years, attackers may have unmasked and read sensitive digital communications between users and corporate entities around the world. Last week, their efforts were finally detected in the form of recently discovered backdoors, raising troubling new questions about state efforts to break network security.

Last week, Juniper Networks issued an out-of-cycle security advisory for thousands of its devices, based on two vulnerabilities in its ScreenOS product. The vulnerabilities would allow an attacker to gain access to devices or monitor and decrypt protected VPN traffic. And unlike most vulnerabilities, this weakness appears to have been deliberately inserted in the code, designed to be overlooked and kept secret for as long as possible.

K. Craine  December 23, 2015 at 9:08 AM

AFI researchers did some more checking into this The Verge exposure of Juniper Networks backdoors. Looks like the Cartel is working overtime to cover this up. First, the article itself tries to blame the Chinese. However, in September 2015, Juniper took a \$35 million Series D financing from Vectra Networks. Turns out Vectra is just a front for Spy State Cartel principals Accel Partners (James W. Breyer), Intel (Andy Grove, Hungarian refugee colleague of George Soros), and Juniper (yes, Juniper is invested in Vectra which is invested in Juniper which is invested in Vectra....).

As more evidence of Juniper's duplicity, they list Palo Alto Networks as a competitor. However, one of Palo Alto's key investors is Greylock Partners started by Reid Hoffman (LinkedIn CEO, Facebook director, Accel Partners, James W. Breyer collaborator). This connects Hoffman to Greylock to Accel to Vectra, and therefore to Juniper. This makes Juniper an ally with Palo Alto, NOT A COMPETITOR (ANOTHER LIE). All these players are sucking the same warm mammary gland of the U.S. Gov't Spy State Cartel.

Juniper has \$5 billion in revenue and provides "security" services (read Spy State backdoors) to 30,000 enterprises in government and the private sector.

Their "blame it on China" diversion tries to mask their collusion with the American spy state intelligence community. Hey whistleblowers, speak up. Do your part to save our Republic from these criminals. Do you really want your children and grandchildren growing up as robots in a spy state?

Here is The Verge article with the incestuous investing background of Juniper from CrunchBase:

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

NEW WORLD ORDER'S SUPPORT FROM THE LEFT:

BILL & HILLARY CLINTON

AFI has already investigated these thieves and liars. Even Jesus Christ at his birth had his mortal enemy in Rome-appointed King Herod, who committed infanticide in Israel to try and avoid competition from the prophesied Christ, King of the Jews.

Have a Blessed Christmas everyone. I am going to add the proofs of the support on the RIGHT for the New World Order in just a minute.

"Jeb Bush and his allies are building a data-driven operation to turn out voters in the general election much later – spending heavily on the assumption he will overcome his sluggish start and win the Republican presidential nomination."

According to the article, a Bush PAC named "RIGHT TO RISE" is behind this initiative. It is staffed by a former Facebook executive, ANDY BARKETT and his company Digital Core Campaign, who also advises the Republican National Committee.

The anonymous source said some in the Bush camp thought Barkett's tactics amounted to "illegal coordination." That has not stopped the others from moving forward with this plan to manipulate the 2016 election with Obama's Cartel election manipulation tactics.

Not surprisingly, a \$100,000 donor to RIGHT TO RISE is JAMES W. BREYER, Managing Partner, Accel Partners LLP, and Facebook's largest shareholder. Breyer and Zuckerberg began their illegal solicitation of Stanford programmers to write apps for the Leader Technologies invention stolen by the IBM ECLIPSE FOUNDATION CARTEL.

Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact

NEW WORLD ORDER'S SUPPORT FROM THE RIGHT

CHRIS CHRISTIE

Summary of Cartel donors to Christie:

- Goldman Sachs
- JPMorgan
- Dell
- Motorola
- Vanguard
- Horowitz (Andreessen)
- Merrill Lynch (Bank of America)

Warning: Candidate Christie is a lawyer (former US Attorney as he is fond of pointing out), and therefore his disclosure are toxic by nature. He does a sneaky job of hiding his Cartel connections. One has to do a little more digging to find them, but they are there.

First, in his 2015 New Jersey financial disclosure, he does not report a single stock or bond investment. Instead, he says he has a blind trust and marks them "N/A", without disclosing values, which is highly improper:

https://www6.state.nj.us/ethics/ETH_DISC/docs/22664.pdf#44

However, he wasn't so clever in his 2010 New Jersey financial disclosure. There he discloses substantial holdings in Cartel kingpins:

- Goldman Sachs Hedge Fund Partners
- Dell

discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the Pfaff v. Wells Electronics, Inc. test for on-sale bar, even after instructing the jury to use it. (See [that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#)

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook.

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells

Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

[Judge Evan J. Wallach](#), U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr.

Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also
