PAY-to-PLAY NEW WORLD ORDER

Timeline shows how insiders sell access

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure has ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box. Click timeline above.

NOTICE TO READERS (12/09/16):

Google began blocking reader comments on this site the same day the MSM "fake news" diatribe began in the U.S. and Europe supported by Hillary Clinton - the queen of lies. This is an unwarranted attempt to silence citizen resistance to the attempt by globalists to dumb down the electorate and establish a corporate world government. Therefore, we subscribed to a Leader Private Email account (the real inventors of social networking) to which you can email your comments and we will post for you. If this blog is blocked, no worries, we will repost everything on independent media. The truth cannot be silenced. Resist.

FIG. 1: C.I.A. SECRETLY CONTROLS SOCIAL NETWORKING AS A GLOBAL SPY SYSTEM.

Few citizens know that the C.I.A. runs a large private investment company in Silicon Valley named In-Q-Tel ("IQT").

In-Q-Tel secretly created the social networking industry starting in the late 1990's during the Bill Clinton Administration. That's right, the C.I.A. created Google, Facebook, Yahoo, YouTube, Twitter, Instagram and others. We believe the C.I.A. has emerged from the shadows after Donald Trump's election because they are just about to lose control of their social media spy platform, as well as the technology relied upon by their co-conspirators Facebook, Google, AT&T, Verizon, AOL, What's App, Twitter, YouTube, Instagram, etc.

NEWS UPDATE, DEC. 30, 2016—GLOBALISTS ARE "ALL IN" TO HELP THE CLINTON-BUSH-OBAMA C.I.A. TAKEOVER AMERICA

Corruption watchdog [Open Secrets](#) reports that the Top 50 Contributors to American political campaigns gave \$908 million in 2016.

Of that total, 58% went to Democrats, 37% Republicans and 5% Other. Remarkably, 30 of the 50 contributors are Clinton Foundation donors and/or sponsors of Clinton speeches. All 50 are substantial beneficiaries of the C.I.A.'s theft of the social networking invention of Columbus innovator Leader Technologies. The C.I.A. bastardized Leader's invention into a global spy platform. Click here for a spreadsheet [XLS](#) and [PDF](#). These robber barons devised a scheme to hide stock in their globalist companies inside certain mutual funds. Then, they doled out insider tips to select judges,

The ethics rules had been recently changed to permit these public officials to invest in these mutual funds without disclosing the crony globalist stocks that comprise the funds. This way, public officials could benefit from decisions favorable to these globalists without disclosing their conflicts of interest.

C.I.A. *CREATED* SOCIAL MEDIA AND IS PROTECTING THEIR DEFORMED CREATURE FROM EXPOSURE BY DONALD TRUMP

The first serious breach of the public trust was allowing the C.I.A. to run a private venture capital company, In-Q-Tel, in Silicon Valley. Public agencies are generally prohibited from holding stock in private companies, yet the C.I.A. was allowed to massively invest. Clearly, these investments created subservience to the C.I.A. agenda.

Since 1993 when Bill Clinton became president, the C.I.A. helped devise a private intelligence operation run out of the White House. See [previous post](#). Then, the C.I.A. supported IBM and the formation of the IBM Eclipse Foundation. Eclipse stole the social networking invention of Columbus, OH, innovator Leader Technologies, in addition to other inventions, to build a universal spying system.

Absolute proof of this IBM-C.I.A. collaboration was revealed by a whistleblower that included a stenographer's notebook from James P. Chandler, III, last year. See [Timeline, Nov. 29, 2001](#). See also [Timeline, Aug. 30, 2002](#). Chandler was patent counsel to Leader Technologies, but was secretly loyal only to the C.I.A., IBM and Microsoft.

This IBM-C.I.A. collaboration CREATED the social networking media industry with the full faith and credit of the unwitting U.S. taxpayer. Despite virtually unlimited funds, their IBM, Microsoft and Xerox "groupware" technologies had a problem that they

could not solve. Their legal consiglieri, James P. Chandler, met Leader Technologies in early 2000. Once Chandler learned that Leader had solved the technical problem, he set out to steal their social networking invention. Leader had solved the problem of large-scale transactions in the Internet.

STOP FACEBOOK PROPERTY THEFT

W LL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOV ET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate.
Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

WHY ARE WE LISTENING TO THE C.I.A.? —PROVEN LIARS!!

Why are we listening to the C.I.A.?

1. They illegally fund a private Silicon Valley venture capitalist In-Q-Tel.
2. They secretly control social networking globally as a universal spy surveillance platform.
3. They abuse the privacy and property of Americans via social networking.
4. They are known as assassins who destabilize regimes around the world.
5. They have historically been prohibited from being involved in the U.S. by law.

... AND WHY ISN'T THE FBI TELLING THE C.I.A. TO KEEP OUT OF DOMESTIC POLITICS?

The C.I.A. has no charter to operate within American borders. That is the jurisdiction of the FBI. So, why are we even talking about the C.I.A. here? Why are they sticking their noses into the 2016 election? Could it be because some members of the NSA and FBI who have been in cahoots with the C.I.A. and globalists, are reluctant to act?

QUESTION: WHY ARE SOME C.I.A. OPERATIVES ATTACKING TRUMP?

ANSWER: BECAUSE THEY WILL LOSE THE SOCIAL NETWORKING PLATFORM THEY *CREATED*

The C.I.A. knows they will lose their social networking universal spy machine if Trump is allowed to take power. Why? Trump promised to "drain the swamp."

In addition, we believe these rogue spies are blackmailing politicians, judges and bureaucrats to save their social networking capability.

They are attempting to coerce their minions in Congress and the courts to invalidate the Electoral College.

Will these rogue C.I.A. agents assassinate Donald Trump? We certainly hope they will not even try. But they do it all over the world.

SOME IN THE C.I.A. ARE OPENLY ATTACKING DONALD TRUMP'S ELECTION.

IS AN INSURRECTION IN PROCESS?

The C.I.A. and its New World Order globalist co-conspirators are attempting to use "fake news" as a Russian bogey man to block a Donald Trump presidency.

Knowledge is power.

America is under attack. Resist.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why

not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com](#), Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. Email comment by Tyler Durden:

Tyler Durden. (Dec. 13, 2016). Top US Spy Agency Refuses To Endorse CIA's Russian Hacking Assessment Due To "Lack Of Evidence". ZeroHedge

When the WaPo posted last Friday's story about a "secret" CIA assessment that Russian cyber attacks were aimed at helping Republican President-elect Donald Trump win the 2016 election, the readers of the Bezos-owned publication took it as gospel, despite, as we promptly noted, there being no evidence provided by the CIA, and as we learned today, the FBI openly resisting the CIA's assessment. It now appears that once again the WaPo may have been engaging in "partial fake news", as it did with its Nov. 24 story about "Russian propaganda fake media."

According to Reuters, the so-called overseers of the U.S. intelligence community as it supervises the 17 agency-strong U.S. intelligence community, the Office of the Director of National Intelligence (ODNI), while not disputing the CIA's analysis of Russian hacking operations - something which would be unprecedented for the US spy industry and would telegraph just how partisan and broken the country's intelligence apparatus has become - has refused to endorse the CIA's assessment "because of a lack of conclusive evidence" that Moscow intended to boost Trump over Democratic opponent Hillary Clinton.

As Reuters conveniently notes, the ODNI position could give Trump fresh ammunition to dispute the CIA assessment, which he rejected as "ridiculous" in weekend remarks, and press his assertion that no evidence implicates Russia in the cyber attacks. The ODNI's position confirms that Trump was once again, you guessed it, right.

"ODNI is not arguing that the agency (CIA) is wrong, only that they can't prove intent," said one of the three U.S. officials.

As Julian Assange has made crystal clear, the leaks did not come from the Russians. As I have explained countless times, they are not hacks, they are insider leaks - there is a major difference between the two.

I know who leaked them. I've met the person who leaked them, and they are certainly not Russian and it's an insider. It's a leak, not a hack; the two are different things.

In other words, Murray - a close friend of Julian Assange - says he knows for a fact that there were no hacks at all ... instead, an American insider leaked the information to Wikileaks.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

Michael Reagan. (Dec. 13, 2016). Democrats Secretly Worked With Russia to Oppose My Dad. Newsmax.

Did the Russians hack the 2016 election? The CIA, President Obama, and the media think so.

What did we learn from the hacked emails? Well, we learned that Hillary Clinton maintained "both a public and a private position" — one for the voters, one for Goldman Sachs. We learned that the DNC conspired against Bernie Sanders in the Democratic primary. We learned about the corrupt inner workings of the Clinton Foundation. And on and on.

In short, we learned the truth.

Sure, it's offensive that a foreign power would try to manipulate an American election. But it's not all that different from what President Obama did in 2015, sending \$350,000 (U.S. taxpayer dollars!) to a group called OneVoice, supposedly to further peace efforts in Israel. The money was actually spent on a failed attempt to unseat Israeli Prime Minister Benjamin Netanyahu.

American women need to stop believing the lie that most Muslims are good and decent people who respect liberal human rights. They don't. Look what is happening in France to French women who dare to try and enter into stores in immigrant enclave areas.

Leo Hihmann. (Dec. 14, 2016). SEE UNDERCOVER VIDEO OF 'NO-GO ZONES' FOR WOMEN IN FRANCE - Should be 'wake-up call' for U.S. cities importing Muslim migrants.

An undercover video report shows women openly barred from entering pubs and cafés in Muslim-majority areas of France, and a civil-rights group says it has launched a crusade to reclaim the areas for French women.

Two undercover French women tried to enter a café in Sevran, a suburb of Paris, and were told to stay outside and wait for their male family member. They were not allowed to enter alone.

"In this café, there is no mixing," someone can be heard telling them on the undercover video.

"Is this normal?" one of them asks.

"We are in Sevran. Not in Paris. It's a different mentality," the man tells her, adding, "It is like back home [in the Middle East]."

first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. A Clinton campaign aide says that a typo in a March 19 email sent to John Podesta is to blame for opening the campaign chairman's Gmail account up to Russian cyber hackers.

The IT aide, Charles Delavan, tells The New York Times that his error — typing the word "legitimate" instead of "illegitimate" to describe a hacker's email — continues to haunt him.

"This is a legitimate email," Delavan wrote to Clinton campaign aide Sara Latham after she forwarded him a spear phishing email sent to Podesta's account that was designed to look like official correspondence from Google.

WHOOOPS. "The Russians did it" CIA story fabricated by Mike Morell who now works for longtime Clinton Aide. Oh, now that is unbiased opinion. Where were his disclosures of this conflict of interest? We forgot, conflicts of interest only apply to Donald Trump, not the Clintons.

Aaron Klein. (Dec. 14, 2016). Mike Morell, Cited in 'Russia Hacking' Stories, Works for Longtime Clinton Aide Phillippe Reines. Breitbart.

TEL AVIV - Mike Morell, the former acting director of the CIA, is generating headlines for claiming that alleged Russian interference in the 2016 presidential election amounts to "the political equivalent of 9/11."

Morell further suggested that the U.S. should respond in a significant way to the alleged Russian actions and he has given interviews supporting reports that the CIA believes Russia tried to influence the election in favor of President-elect Donald Trump.

Absent from the news media coverage of Morell's statements is that he is known for his leading role in helping to craft the infamously misleading talking points used by Obama administration officials to blame the September 11, 2012 Benghazi attacks on a YouTube video.

The news media also failed to mention that Morell, who abruptly resigned from the CIA in June 2013, took a job that year at the Beacon Global Strategies firm, where he still works as senior counselor.

Beacon was founded by Phillippe Reines, who served as Communications Adviser to Hillary Clinton while she was secretary of state. From 2009-2013, Reines also served in Clinton's State Department as the Deputy Assistant Secretary of State for Strategic Communications. Reines is the managing director of Beacon.

Quick comment from a homophobic, Islamophobic , old codger from Texas.

Donald nominated Rex Tillerson for Secretary of State. Mr Tillerson is the leader of Exxon Mobil, a company with 84,000 employees and \$270 billion revenue per year . It is literally one of the most important companies on the planet. BUTthe media mental midgets are aghast that he would be the right person to represent our country in foreign country relationships/ negotiations. How can he be worthy because he is successful, battle hardened, and rich (rich is really bad !) After all, Mr Tillerson is worth \$200 million . Surely he slaughtered the little guy on his way to wealth. Surely he is the cause of Putin's rise in power and he personally is the cause of climate change.

The folks outside of the media that are attacking the hardest include Madonna, Beyoncé/ JZ , Robert Di Nero, and Rachelle Mad Cow. Let's break this down. Madonna is worth \$560 million . She made her money by wearing pointed bras, getting half naked, talking about sexual activities , humping fellow dancers, and singing off key. She could not make the Top 10 on American Idol. Beyoncé/ JZ are pretty talented. He is worth \$650 million and she is worth \$450 millionbut they earned theirs. She dances and sings while being half naked at the White House. He semi-sings (raps) and writes words about killing cops, and whitey and other positive, patriotic things at the White House. Robert Di Nero gets in front of a camera, pretends he is someone else, learns words written by someone else, is directed by someone else, and gets paid \$20 million a movie so he can have a big pool with lots of wasted water, a big plane that spews tons of hydrocarbons, and has a net worth of \$200 million. He is a climate change advocate. The little pipsqueak said he wanted to punch Trump. Heck, he can't handle little Barron Trump. And then there is Rachelle. And what a great thinker she is.....her net worth is about \$20 million and she receives an annual salary of \$7 million. Her big claim to fame was taking the progressive radio network Air America right into the tank. Yep, belly up. Her salary is twice Mr Tillerson's at Exxon because she is such a good manager of 84,000 employees and generates over \$270 billion a year of revenue. Oh wait, maybe I have the responsibility backwards. She gets in front of a camera , spews hatred which is written by someone else, and put in front of her . Rachelle loves it when old fashioned Americans fail. I guess , according to some blog critics, I hear her differently because I am absorbed with transgendered bathrooms.

So the nay sayers are still harping on Hillary winning the popular vote. There are 3141 counties in our great country. Trump carried 3084 of them and Hillary won 57. Just 5 of the 62 counties in New York carried the national popular vote for Hillary. Trump won 46 of the 62. The total square miles of those 5 counties is 319. There are about 3,800,000 square miles in total in the US. Should only "319 sq miles of progressives" dictate the government for the rest of us? The next move for the liberal progressive is to destroy the electoral college which ,by the way , is the only rule that stands between each of us and anarchy. We can not let the mob rule. We can not let voters with little or no skin in the game, dictate the rules. Stand tall folks. We won the election, and elections have consequences. I know, I watched it for 8 long years.

Have a great day, TEX

But sometimes CAIR leadership lets its guard down.

That's what happened, apparently, in the early morning hours of Nov. 9, right after the election of Donald Trump as president became clear.

Claire Bernish. (Dec. 18, 2016). George Soros and Bill Gates Exposed as the Force Behind Facebook's New 'Fake News' Detector. The Free Thought Project.

After controversy erupted over Facebook's plan to use left-leaning, liberal fact-checking organizations to flag "disputed" news — as part of the wholly vapid and unnecessary war on "fake news" — additional information has emerged that won't quell the public's misgivings on the situation. Billionaire globalist George Soros is among several liberal 'luminaries' funding the social media platform's latest foray into soft censorship of dissent.

On Thursday, CEO Mark Zuckerberg announced the plan to combat fake news — incidentally, an issue he wasn't concerned about until the left establishment applied pressure — but was met with consternation and outrage from constitutional rights advocates, alternative media, and right-leaning media for the singular viewpoint of the ostensible fact-checking organizations.

Indeed, Facebook's announcement it would use third-party fact-checkers from the 'trusted' Poynter Institute should have sounded even louder alarm bells, as Poynter receives funding from Soros' Open Society Foundations, Google, the Craig Newmark Foundation, the Bill & Melinda Gates Foundation, the Omidyar Network, and other extreme left groups.

EBay founder Pierre Omidyar has donated over \$30 million to the Clintons and their charities; the Gates have given the Clinton Foundation no less than \$25 million; and the loathed George Soros — who donated an unprecedented \$27 million to defeat George W. Bush in 2004 — reportedly spent over \$25 million on Hillary Clinton and other Democrats this election cycle.

In January 2005, I wrote that Eason Jordan - then executive vice president and chief news executive of CNN, chairman of CNN's editorial board and member of CNN's executive committee - had by his own admission kept secret that Saddam Hussein's son, Uday, planned to murder two brothers-in-law. And Jordan, while keeping Uday's intentions secret, then engaged in a massive disinformation campaign to the public under the guise of CNN News.

Fake news is something that CNN, et al., have long indulged in. In 1998, Joseph Farah, the publisher and founder of WND, exposed the fake news cooked up and reported as gospel truth by Peter Arnett, April Oliver and Jack Smith (aided and abetted by CNN's CEO, president and Eason Jordan).

From legendary political consultant and New York Times bestselling author, Roger Stone . . .

In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Trump pulled off the greatest upset in American political history despite a torrent of invectiveness and the dismissal by the mainstream media. Here is the first definitive explanation of how the "silent majority" shifted the election to Trump in reliable Democratic strongholds—Pennsylvania, Wisconsin, and Michigan—thus handing him the presidency.

Paul Joseph Watson. (Dec. 29, 2016). Soros: Trump is a "Would Be Dictator" who threatens the New World Order. Infowars.

Billionaire globalist pens panicked rant.

Billionaire globalist George Soros has penned a panicked rant in which he decries President-elect Donald Trump as a "would be dictator" who threatens the future of the new world order.

In an article for Project Syndicate, Soros begins by mentioning how he lived under both Nazi and then Soviet rule in Hungary before asserting that "various forms of closed societies - from fascist dictatorships to mafia states - are on the rise."

This claim is confounded by the facts, which show that, "The share of the world population living in democracies (has) increased continuously."

We cannot believe anything coming out of Obama's government and the Clinton News Network.

Paul Joseph Watson. (Dec. 30. 2016). CNN RUNS FAKE NEWS STORY ABOUT RUSSIA CLOSING ANGLO-AMERICAN SCHOOL IN MOSCOW - Supposed retaliation measure is not actually happening. Infowars.

CNN, one of the media outfits that regularly complains about "fake news," ran a fake news story of its own when it claimed that Russia was closing an Anglo-American school in Moscow as retaliation for President Obama's sanctions.

"Russian authorities ordered the closure of the Anglo-American School of Moscow, a US official briefed on the matter said. The order from the Russian government closes the school, which serves children of US, British and Canadian embassy personnel, to US and foreign nationals," reported CNN.

However, Russian Foreign Ministry Spokeswoman, Maria Zakharova responded swiftly by denying that the school had been closed.

"US officials 'anonymously informed' their media that Russia closed the Anglo-American School in Moscow as a retaliatory measure," Zakharova wrote on her official Facebook page. "That's a lie. Apparently, the White House has completely lost its senses and began inventing sanctions against its own children."

Zakharova accused CNN of spreading "false information citing official American sources".

The misreported story is an embarrassment for the network, which has run a series of articles over the past month complaining about so-called fake news.

Jerome R. Corsi. (Dec. 30, 2016). OBAMA IGNORES EVIDENCE RUSSIA DIDN'T HACK DNC, PODESTA - WikiLeaks' Assange maintains there's 'no proof whatsoever'

President Obama's punishment of Russia for allegedly hacking the emails of Democratic Party operatives to influence the 2016 U.S. presidential election ignores at least two important facts.

For one, WikiLeaks founder Julian Assange, whose hacktivist organization released the thousands of emails that shed damaging light on Hillary Clinton and her allies, denied the Russians were the source.

In addition, the Obama administration has developed a reputation for manipulating intelligence for political purposes.

The administration announced Thursday that through an executive order, Obama sanctioned two of Russia's intelligence services, the GRU and FSB, and declared 35 Russian intelligence operatives "persona non grata" in the U.S. Also, the U.S. is shutting down Russian compounds in Maryland and New York.

Vladimir the merciful?

Following this morning's reports that Foreign Minister Sergei Lavrov would recommend to Russian President Vladimir Putin a retaliation in kind, and expel 35 American diplomats, saying that "we cannot leave such acts unanswered. Reciprocity is part of diplomatic law" with Putin spokesman Peskov adding that "there is no doubt that Russia's adequate and mirror response will make Washington officials feel very uncomfortable as well", it was ultimately up to Putin to decide how to respond to the US.

Which he did on Friday morning, when in a stunning reversal, the Russian leader took the high road, rejected the Lavrov proposal, and in a statement posted by the Kremlin said that Russia won't expel any Americans in retaliation to US moves, in a brutal demonstration of just how irrelevant Obama's 11th hour decision is for US-Russian relations.

On December 20, 1998, George Soros stated in a CBS 60 Minutes interview with Steve Kroft that when he was a 14-year-old boy in Nazi-occupied Hungary originally named György Schwartz, he had assisted in confiscating property from Jews, and that he said he had no guilt over it as a Jew. Fellow Jews today call his gains immoral "blood money." Soros' fellow WWII-era Hungarian Jewish immigrant actors in this story include John P. Breyer (original name unknown), founder of Computer World and now director of IDG-Accel Capital Partners (China), and Andy Grove, CEO of Intel (originally András Gróf). The involvement of these people is certainly not coincidental. Grove's Intel was an early member of IBM's Eclipse Foundation and participates substantial in the development of embedded technologies with spy-state backdoors.
