FIG. 1: NEW RESEARCH ON THE C.I.A. SHOWS WHY DONALD TRUMP MUST REORGANIZE IT BEFORE IT COMPLETELY DESTROYS THE U.S. CONSTITUTION.

Few citizens know that the C.I.A. runs a large private investment company in Washington, D.C. and Silicon Valley named In-Q-Tel ("IQT") started on [Sep. 29, 1999](#) by President Bill Clinton. Presidents George W. Bush and Barak Obama have perpetuated and grown the company. Bottom line, C.I.A. liars gave birth to the liars of Silicon Valley—techies, lawyers and Wall Street. **Main Street was screwed.**

It is not OK for the C.I.A., a government body, to use taxpayer funds to invest and have controlling interest in private companies—that is called nationalization. It's OK for the C.I.A. to buy technology, but not invest in and thus control companies that have obviously gained uncompetitive advantage in Silicon Valley. Further, it is not OK for the C.I.A. to use the profits from these investments to operate as a rogue agency without Congressional oversight

This Clinton-Bush-Obama spying scam is just outrageous. How many elected officials, bureaucrats and judges are compromised by bribes, coercion, blackmail, insider trading, money laundering, offshore bank accounts, drug smuggling, pedophilia, rigged contracts, threats and cronyism?

In-Q-Tel secretly created the social networking industry. That's right, the C.I.A. essentially created Google, Facebook, Yahoo, YouTube, Twitter, Instagram and others as a universal spying tool to gather dirt ("information") on every citizen of the planet. We believe the C.I.A. has emerged from the shadows after Donald Trump's election because they are just about to lose control of their social media spy platform, as well as the technology relied upon by their co-conspirators Facebook, Google, AT&T, Verizon, AOL, What's App, Twitter, YouTube, Instagram, etc.

Just imagine how unscrupulous globalist New World Order actors like George Soros, John Podesta and the Clintons have used this C.I.A. / NSA dirt to coerce and blackmail politicians, bureaucrats and judges into submission since 1999. Their plan to control global information flow after Bill Clinton took power in 1993 was being delayed because legacy IBM, Xerox and Microsoft "groupware" technologies were not able to handle the millions of simultaneous Internet transactions. **In 2000, their serendipitous discovery, theft and exploitation of the social networking invention of Columbus innovator Leader Technologies was pure evil genius. Lock them up.**

BREAKING NEWS! JAN. 11, 2017

Independent media kingpin Matt Drudge thinks the C.I.A. / NSA may be using its "own dirt" to blackmail (this suspicion is consistent with AFI research discussed above and below and in this blog (see Blog Archive on right))...

(JAN. 06, 2016)—[On Sep. 29, 1999](#), Bill Clinton and his White House shadow government allowed the C.I.A. to form a private company named In-Q-Tel. However, there is one BIG problem: the C.I.A. / NSA are forbidden from operating inside the United States. It appears that our nation's leaders turned a blind eye to our Constitutional privacy rights en masse.

In-Q-Tel immediately began investing in Silicon Valley hardware and software companies. They now effectively own and certainly control much of Silicon Valley, directly and indirectly. They reap hundreds of

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

billions of dollars a year from these investments. They manage massive offshore accounts. Those funds are used to fund a global technocracy of crony capitalists led by globalist don George Soros.

The current narrative that the Russians hacked the U.S. elections was allegedly leaked by an unidentified C.I.A. operative—who produced no evidence.

WikiLeaks' Julian Assange has said repeatedly that his John Podesta emails did not come from Russia or any other state actor. Other

sources say they came from inside the U.S. intelligence community in order to inform the American electorate about the extent of the corruption. Even the FBI would not confirm the shadowy C.I.A. allegations, yet the MSM continues to repeat the accusations ad nauseum.

There are at least three reasons why Americans cannot rely on the truthfulness of the C.I.A.

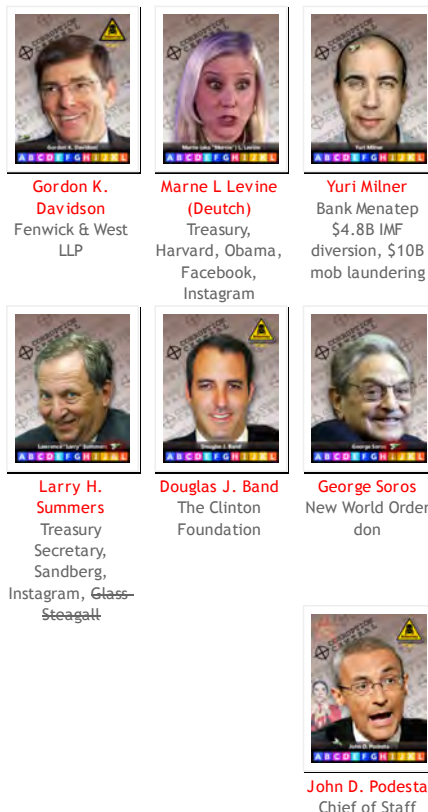

First, the C.I.A. broke the law in 1999 by investing in private U.S. technology companies. This means that Silicon Valley is essentially a nest of spies aligned with their globalist taskmasters. These spies grossly abuse the digital privacy rights of every American.

Secondly, the C.I.A. are hired liars who assassinate people for a living. They are not to be believed.

Thirdly, NSA Director Eric Clapper lied to Congress on Mar. 12, 2013 when he said that the NSA was not spying on Americans. See video below "NSA Clapper's Big Lie."

On Sep. 29, 1999, the Central Intelligence Agency (C.I.A.) formed In-Q-Tel and hired its first CEO, Gilman Louie. See the book: [In-Q-Tel: A New Partnership Between the CIA and the Private Sector](#):

THE BIG LIE: "The origins of the concept that has become In-Q-Tel are traceable to Dr. Ruth David, a former CIA Deputy Director for Science and Technology [she was appointed by President Obama as a member of the National Science Board and National Science Foundation in 2012]. She and her Deputy, Joan Isham, were the first senior Agency officials to understand that the information revolution required the CIA to forge new partnerships with the private sector and design a proposal for

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

PRESIDENT DWIGHT D. EISENHOWER'S WARNING ABOUT THE RISE OF THIS MILITARY-INDUSTRIAL COMPLEX

No one appears to have challenged the constitutionality of the C.I.A. owning a private American company on U.S. soil. Despite President Eisenhower's dire warning about the amassing of unchecked power, the entire military-industrial complex lined up behind C.I.A. In-Q-Tel and supported a fundamental breach of U.S. law that forbids the C.I.A. from operating inside the United States.

FIG. 2—ON JAN. 17, 1961, PRESIDENT DWIGHT D. EISENHOWER WARNED THE WORLD ABOUT THE DANGERS FOR TYRANNY ARISING FROM A MILITARY-INDUSTRIAL COMPLEX. As this investigation uncovers, that day came on Sep. 29, 1999 when the C.I.A. began investing in hardware and software companies, thus essentially nationalizing, largely in secret, America's emerging digital infrastructure. This gave the C.I.A. an unprecedented and unaccountable ability to spy on everyone without a warrant. [Raw *.mp4 video file.](#)

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julie Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com, Apr. 10, 2012](#). Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan

Leo Hohmann. (Jan. 05, 2017). ISLAMIC TERROR CELLS SHIFT FROM MIDEAST TO U.S.-MEXICAN BORDER - 'They are only waiting for the order' to attack American cities. WND.

A new report by a government watchdog agency says jihadists are partnering with Mexican drug cartels along the U.S.-Mexican border, preparing to carry out precision attacks in American cities.

Judicial Watch cites confidential U.S. and Mexican law enforcement sources for the disturbing report, which builds on earlier JW reports shining light on the jihadists' exploitation of the porous border policies of President Barack Obama.

As part of the plan, Islamists have arrived recently at the Monterrey International Airport

Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

As President Obama reflects on his legacy, a recording of Secretary of State John Kerry conversing with leaders of Syrian opposition groups is casting more light on his approach to ISIS, indicating his administration believed that allowing the Islamic State to grow would serve the White House's objective of ousting Syrian President Bashar Assad.

The recording was leaked to the New York Times and reported Sept. 30, but the Conservative Tree House blog this week featured portions of Kerry's statements that were virtually ignored at the time.

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked *Leader* from preparing its defenses to this new claim. Judge Stark allowed the claims despite *Leader's* prophetic argument that the action would confuse the jury and prejudice *Leader*. He also permitted the jury to ignore the *Pfaff v. Among the thousand cuts Donald Trump delivered to Hillary Clinton en route to her political death was the accusation that she was cozy with the repressive Sultan of Brunei. A 2012 email released Thursday by the U.S. State Department seems to back him up.

In the message, Clinton aide Huma Abedin told the then-presidential candidate that Sultan Hassanah Bolkiah, worth a reported \$20 billion, wanted to see her and husband Bill for an intimate 'family style dinner.'

"In November 2016, Esteban Santiago walked into the Anchorage FBI Field Office to report that his mind was being controlled by a U.S. intelligence agency," a senior federal law enforcement official said.

Paul Bremmer. (Jan. 07, 2017). TOM DELAY CALLS FOR 'REVOLUTION FOR THE CONSTITUTION' - Former House majority leader shares hopes for Trump administration. WND.

Donald Trump's inauguration is only two weeks away, and countless Americans are looking forward to the changes they hope the new president will bring. Former House Majority Leader Tom DeLay, R-Texas, has one wish for the forthcoming Trump presidency, but it's a whopper.

"What I want to see from the Trump administration is a focus on God and the Constitution," DeLay told WND. "It's pretty simple. The implementation is very difficult, but what I want to see is a bold understanding that faith is the core of this country and the Constitution is the core of our government."

The former majority leader calls for a revolution that will transform the very core of America in his brand new book "Revival! Revolution! Rebirth!" He assures Americans he does not want a violent revolution but a spiritual one, similar to the First Great Awakening of the 1730s and 1740s.

"The United States of America is in critical need of a rebirth," DeLay writes in the book's prologue. "This renewal can come only in the same way of the nation's original birth: Spiritual revival must lead to revolution that will once again produce a constitutional republic exceptional in its freedom, opportunity, peace, and security. Just as the First Great Awakening preceded and helped lead to the Declaration of Independence and the Constitution, so this is the process that must occur now." [Emphasis in original]

The so-called open-government group Wikileaks, founded by Julian Assange, sent out a tweet late Saturday night announcing plans to hold a press conference on Monday to address claims made in a report released by the U.S. Intelligence Community late Friday.

Among the many findings in the 25-page, declassified report released by the Office of the Director of National Intelligence, one particular finding seems to have received the most attention from Wikileaks.

Here's the DNI report:

[EDITOR: HERE'S A REPORT ON THE ASSANGE PRESS CONFERENCE HELD EARLIER THIS MORNING:]

Ron Blitzer. (Jan. 9, 2017). Assange Mocks U.S. Intelligence Report on Hacking, Denies Russian Involvement. LawNewz.

on Monday, Wikileaks held a press conference addressing a U.S. report on Russian hacking related to the Presidential election. The report, written by the Office of the Director of National Intelligence (ODNI), was declassified on Friday. It says that "Russian President Vladimir Putin ordered an influence campaign in 2016 aimed at the US presidential election," and that the Russian campaign sought to hurt Hillary Clinton's chances in the election while boosting Donald Trump's. The report specifically alleged that the Russian government worked with Wikileaks to spread information that they collected in hacking operations.

At the press conference, Wikileaks founder Julian Assange addressed this accusation. First, he mocked the nature of the report itself "This is a press release," Assange said. "It is clearly designed for political effect, and U.S. intelligence services have been politicized by the Obama administration." He also criticized how Americans conflated the hacks of Democratic officials' emails and Wikileaks' publishing them with the notion that the actual U.S. election was hacked, which is very different. Assange said that as a result, many Americans went to the polls believing that actual voting machines were hacked.

Alex Jones. (Jan. 09, 2017). High Level Inside Intel: Dems Still Trying to Block Trump Inauguration. Infowars.

All over the world humanity is waking up to globalism.

The reason Infowars is so popular is because we are not controlled and we actually know what we are talking about.

We are given information no one else can access.

AJ has had it confirmed to him from multiple sources that indeed, the globalists are thinking of ways to keep Trump from getting in office 11 days from now.

Jeh Johnson of DHS federalized all the elections in a letter sent out recently.

They would only do that, knowing Trump will reverse it, to have the apparatus in place to prevent him from taking over.

This is 21st century warfare, but the good news is the public is not buying it.

Help is here, we have patriots in place that will take this country back from George Soros etc.

They will not get away with their tricks, but they will try them.

Just when you thought ethics standards couldn't get much worse on Capitol Hill... It's emerged that the House GOP quietly changed a rule last week to allow members to keep their records hidden from ethics or criminal investigations.

The tweak allows politicians to conceal any information members produce — even suspicious expenditures and budgets — if the Office of Congressional Ethics or the Department of Justice investigates them for criminal activity, the Center for Responsive Politics reports.

In a tweet written entirely in capital letters, the President-elect said: "Fake news - a total political witch hunt." For now, he provided no other details, or evidence.

The blunt comment came amid a flurry of reports that said senior US intelligence officials last week presented to both President Barack Obama and Mr Trump, a summary of unconfirmed reports that said Russia had collected compromising and salacious personal information about the 70-year-old Republican.

A former British spy has vanished after being named as the author of a 'dirty' file smearing Donald Trump and fled his £1.5million mansion in fear telling his neighbour: 'Look after my cat.'

Ex-MI6 agent Christopher Steele has been named as the author of the salacious Russian dossier containing outlandish claims about Donald Trump's sex life and bizarre footage allegedly held by the Kremlin's blackmail unit.

The 35-page briefing, which is littered with spelling mistakes, includes an unsubstantiated and far-fetched claim Trump watched prostitutes perform a 'golden shower (urination) show' in the Presidential Suite of a Moscow hotel.

Mr Trump called the dossier 'fake' and 'phony', even suggesting that US secret services had leaked it to damage his reputation before his inauguration.

He debunked the 'golden shower' claim by saying: 'Does anyone believe that? I'm a germophobe'

Email comment by Glenn Greenwald:

[EDITOR: Glenn Greenwald is the former Guardian journalist who broke the Edward Snowden NSA privacy abuse story. He is now the editor of TheIntercept.com]

Greenwald (no friend of Donald Trump) raises serious warnings to the citizens of the world regarding the meltdown of the mainstream US media and how it is fueling rogue C.I.A./NSA mischief all over the planet. He warns that this corruption could pull down the entire world and sounds an alarm to Americans who are watching their mainstream media become something 10 times worse than the old Soviet PRAVDA propaganda machine during the Cold War.

Greenwald may have even read AFI's warning (this post) about the C.I.A. that also cites President Dwight D. Eisenhower's Farewell Address on Jan. 17, 1961 warning of the rise of the dangers of the rise of a military-industrial complex possessing unlimited, unaccountable powers.

The day Eisenhower feared is upon us, it appears.]

Glenn Greenwald. (Jan. 11, 2017). The Deep State Goes to War with President-Elect, Using Unverified Claims, as Democrats Cheer. The Intercept.

IN JANUARY, 1961, Dwight Eisenhower delivered his farewell address after serving two terms as U.S. president; the five-star general chose to warn Americans of this specific threat to democracy: "In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist." That warning was issued prior to the decade-long escalation of the Vietnam War, three more decades of Cold War mania, and the post-9/11 era, all of which radically expanded that unelected faction's power even further.

This is the faction that is now engaged in open warfare against the duly elected and already widely disliked president-elect, Donald Trump. They are using classic Cold War dirty tactics and the defining ingredients of what has until recently been denounced as "Fake News."
