Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. BEFORE THEY DESTROY THE CONSTITUTION.

Few citizens know that the C.I.A. runs a large private investment company in Washington, D.C. and Silicon Valley named In-Q-Tel ("IQT") started on [Sep. 29, 1999](#) by President Bill Clinton. Presidents George W. Bush and Barack Obama have perpetuated and grown the company.

Bottom line, C.I.A. liars gave birth to the liars of Silicon Valley—techies, lawyers and Wall Street. Main Street was screwed. Silicon Valley is building the Deep State communications system to destroy our Constitutional rights to privacy and security. Stop feeding these Silicon Valley thieves your personal information.

BREAKING NEWS, JAN. 18, 2017: TRUMP ADVISOR AND NYT BEST-SELLING AUTHOR ROGER STONE SURVIVES ASSASSINATION ATTEMPT

[Roger Stone's doctors](#) confirm that he was likely poisoned in December 2016 by radioactive polonium while writing his new book [The Making of the President 2016: How Donald Trump Orchestrated a Revolution](#) to be released in Jan. 2016. Polonium is a byproduct from a nuclear reactor, and as such, can only be produced by countries with nuclear capabilities. It is highly toxic to life. Ostensibly, the Russians used polonium to assassinate their former Russian FSB agent Alexander Litvinenko. However, new information points to British MI6 agent [Christopher Steele](#) as the most likely hit man. Steele was recently identified as the author of the smear "dossier" that the Democrats have been trying to pin on Donald Trump. Did Steele poison Roger Stone also?

Roger Stone

Roger Stone responded on his way in to the Donald Trump inauguration ceremony a few minutes ago: "Pure, unadulterated crap." Stone said he welcomed Congressional scrutiny of his assertion that he has no contact with Russians. He accused the C.I.A. Deep State shadow government of fabricating these falsehoods that Dr. Ulfkotte says the C.I.A. does routinely.

Stone believes the attack on him was meant to shut him up before he could debunk the lie that the Russians hacked the U.S. election.

ALL LIE FOR THE C.I.A. ...I'M FED UP WITH THIS PROPAGANDA"

George Soros-funded globalist surrogate [Media Matters](#) (founded by Clinton advisor David Brock) trumpets a The New York Times article yesterday accusing Trump advisor Roger Stone of being a Russian agent. (Remember, The New York Times is now owned by Mexican globalist Carlos Slim—the largest donor to The Clinton Foundation. Remember also, Soros' hedge funds make money from wars and rumors of wars as currency values go up and down in response—which feed more propaganda in a never ending stream of conflicts and money-making by globalists.) Curiously, this occurred at the same time that C.I.A. media whistleblower Dr. Udo Ulfkotte was found dead at age 56. [See Ulfkotte video](#).

ORIGINAL POST

(JAN. 17, 2017)—John Grisham's fiction warned us about a Deep State takeover. Former C.I.A. operative and patriot, [Steve Pieczenik](#), was a Grisham advisor. He is currently helping to prevent a takeover of America by the Deep State shadow government that does not control Donald Trump.

The current C.I.A. attempts to smear President-elect Donald Trump, just days before his inauguration, have exposed their undemocratic treachery. For example, on Jan. 7, 2017 Senator Chuck Schumer issued a not-so-veiled threat to Donald Trump not to mess with the C.I.A. because they had "six ways from Sunday of getting back at you." Is Senator Schumer inadvertently admitting that the C.I.A. is a rogue agency?

FIG. 2—TOP SENATE NY DEMOCRAT CHARLES "CHUCK" SCHUMER essentially threatened Donald Trump with harm during this Jan. 07, 2017 interview with Rachel Maddow on MSNBC. Maddow calls Trump's Tweet 'unsolicited' in evident nervousness at possibly 'blindsiding' the senator. As a result, we may be observing a rare moment of unscripted globalist Schumer candor. Video: MSNBC.

Shockingly, the current attempts by the C.I.A. rogue-backed globalists are not part of a Grisham spy novel, they are real and actually happening. Fortunately, as the Deep State actors step from the shadows to protect their turf from Donald Trump, they themselves are providing the missing pieces in this puzzle of treachery and treason.

MENA, AK; LONDON, UK; MOSCOW

The C.I.A. treachery of the shadow government can trace its contemporary roots back to Mena, Arkansas and London, England.

George Soros

Bill Clinton

Hillary Clinton

Larry Summers

On Sep. 17, 1992,

George Soros crashed the UK Pound and pocketed \$1.4 billion overnight. Two weeks later, Bill Clinton was elected the 42nd President of the United States and immediately appointed Harvard wonk and World Bank chief economist Larry Summers to the U.S Treasury. Summers immediately hired Russian Yuri Milner—later Mail.ru, DST, VKontakte (Russian Gmail and Facebook), and Sheryl K. Sandberg—later Gmail and Facebook. The recommendations pressed by this trio destroyed the emerging Russian economy. They pressed unworkable World Bank and IMF privatization policies that ushered in the current oligarch banking corruption upon which these criminals built their fortunes . . . with the help of George Soros. **Their scheme to takeover global digital Email and social networks is evident in hindsight.**

Soros would go on to repeat this money market manipulation across the world for decades. These funds were used to finance Bill & Hillary Clinton, The Clinton Foundation, The Clinton Global Initiative, Barack Obama, his takeover of the U.S. Democratic Party and his Open Society Foundations globalist "new world order" political agenda. [437] See also George Soros: The epic global meddler.

Yuri Milner

Sheryl K. Sandberg

Saul Alinsky

Bill Clinton served two terms as governor of Arkansas (1979-1981, 1983-1992). During their time in the state house, Bill and Hillary Clinton perfected their corruption skills which they brought to Washington, D.C. when Bill became president in 1993. They learned how to smuggle, sell and launder \$100 million a month in cocaine through a small airport in Mena, Arkansas. They covered up their activities through bribery, offering government employment, coercion . . . and murder, as needed, of judges, police and the media.

Hillary is a disciple of the anarchist and Luciferian—Saul Alinsky. Alinsky loathed the Judeo-Christian natural order and morality. Hillary famously conjured up Eleanor Roosevelt and visited a Los Angeles witch's coven regularly. Their former political fixer, Larry Nichols, exposed this conduct in his documentary The Clinton Chronicles (1994).

STOP FACEBOOK PROPERTY THEFT

WILL HUMANK ND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

WASHINGTON, D.C. DIGITAL COMMUNICATIONS INFRASTRUCTURE

Bill Clinton was inaugurated to his first term on [Jan. 20, 1993](#).

Within months he teamed up with three equally ambitious individuals, [John Podesta, Larry Summers and law professor James P. Chandler, III](#).

[On Jun. 07, 1993](#), (the digital sellout of America began this day—all the while, Bill and Hillary Clinton's former bodyguards and campaign staff were [dying left and right](#), God Rest Their Souls) just five months after Clinton's inauguration, these men used White House influence to convene a meeting of leaders in technology, law, commerce and education with the singular focus to create a rationale for giving the FBI an encryption backdoor key. The C.I.A. was not mentioned, but lurked in the shadows as the real beneficiary.

John D. Podesta

Larry Summers

James P. Chandler, III

C.I.A. FORBIDDEN FROM OPERATING INSIDE THE USA

However, [the C.I.A. and NSA are forbidden by law from spying on American citizens inside the United States](#). That said, Presidents Clinton, Bush and Obama executive orders have chipped away at dubious exceptions that empower the President to sneak around the law, ostensibly for our "security."

To get the backdoor key approved, Podesta schmoozed politicians, Summers bankers and Chandler lawmakers and judges.

DUBIOUS EXECUTIVE ORDERS

The Clinton White House took control of the nation's intelligence infrastructure through a string of dubious executive orders. Chandler created the legal framework to pave the way for this takeover. He even rewrote the Economic Espionage Act and got the Congress to approve lying to Congress and courts. That's right, it is legal to lie to Congress without legal penalty—[False Statements Accountability Act of 1996, subsection \(b\)](#). Summers worked on the repeal of [Glass-Steagall](#). Among other things, this enabled him to launder the \$10's of billions he was accumulating from his offshore Russian oligarch accounts.

CONGRESS WAS TOTALLY UNAWARE OF THIS DEEP STATE AGENDA

[On Sep. 29, 1999](#) a lynchpin for this takeover plan was the formation of In-Q-Tel by the C.I.A.

On the surface it sounded all sweetness and light. It would "unleash" the creativity of the private sector for the benefit of the C.I.A.—who was ostensibly protecting the homeland from global threats. Who could argue with that? Right?

Wrong. The C.I.A. lies and deceives for a living. American justice can barely survive such wanton conduct. Placed in the hands of unscrupulous actors, such talents will pull down any country ostensibly ruled by law and not men.

George Orwell wrote in 1984 that one knows one is in a totalitarian state when telling the truth becomes an act of courage.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

No one appears to oppose this illegal C.I.A. takeover of Silicon Valley hardware and software companies. Intelligence activities inside the United States are (should be) the exclusive domain of the FBI. One wonders how they have gotten away with it.

The current [officers and trustees of In-Q-Tel](#) prove without question that America's digital infrastructure was hijacked under Bill Clinton and that George Bush and Barack Obama also approved this immorality.

THREE ORGANIZATIONS RUN THE ILLEGAL DEEP STATE SHADOW GOVERNMENT:

1. **IN-Q-TEL** run by the C.I.A. to pump billions of dollars in public funds to buy private companies in Silicon Valley. Once formed, the C.I.A. uses Wall Street to launder funds globally and create trillions of dollars in value to perpetuate this evil bubble. See also [AFI Timeline](#), search "in-q-tel"
2. **NIAC** (National Infrastructure Assurance/Advisory Council) created by a string of dubious executive orders. See also [AFI Timeline](#), search "niac"
3. **THE IBM ECLIPSE FOUNDATION**, created by the Deep State to provide the common social technology infrastructure around the planet using Leader Technologies' social networking invention as its foundation. See also [AFI Timeline](#), search "eclipse"

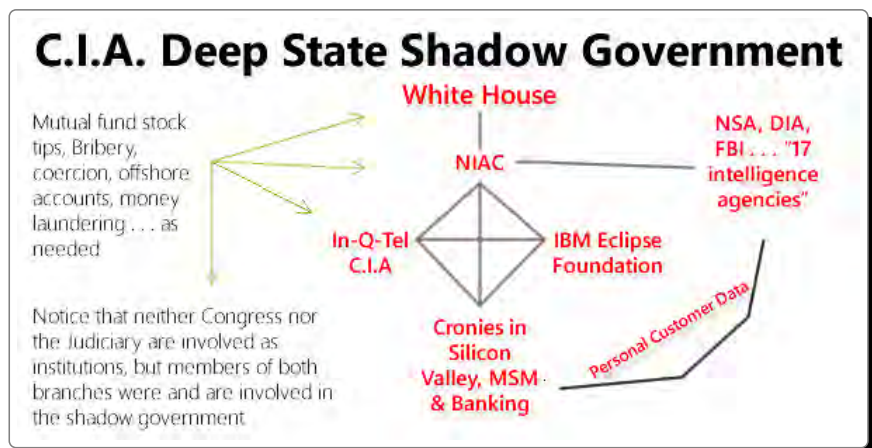

FIG. 3—DEEP STATE ROGUE C.I.A. SHADOW GOVERNMENT ORGANIZATION.

THE DEEP STATE DISCOVERED THAT THEY HAD NO INTERNET-SCALE PLATFORM WHEN THEY WANTED TO GET ROLLING IN THE LATE 1990'S

As with every evil scheme, the Deep State plan had an Achilles' Heel.

The technology infrastructure plan in the late 1990's was to rely on IBM, Microsoft and AT&T for the technology.

However, they had a collective problem. They had been so busy selling their legacy "client-server" systems (PC's linked together in networks) during the 1990's that they had grown lax in research and development for the emerging Internet.

Microsoft's Bill Gates admitted that he was late to the Internet game, as were IBM and AT&T.

Investigative Reporter Julia Davis investigates Facebook's Leader v. Facebook attorney Gibson Dunn LLP. She credits this firm with the reason why

not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." [Examiner.com](#), Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the Leader v. Facebook case, Theodore Ulyot, who appears to have helped lead the Leader v. Facebook judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. MASSIVE WASHINGTON CORRUPTION EXPOSED BY LEADER V. FACEBOOK

Bi-partisan citizen group appeals to Congress to RESTORE PROPERTY

During the mid-1990's, a Columbus, Ohio inventor-entrepreneur named Michael McKibben had saved AT&T from great embarrassment. AT&T Bell Labs discovered that they were not prepared with new email software for the much ballyhooed introduction of Microsoft's Windows 95.

McKibben's team came to the rescue and built for \$1 million in six months what Bell Labs had estimated would cost \$6 million and three years. During that time McKibben and his team supported AT&T's global infrastructure. McKibben's company and Disney were two of the first ten commercial websites set up by AT&T WorldNet.

Engineer McKibben saw a gaping hole in IBM, AT&T and Microsoft capabilities to support large-scale Internet collaboration. They could not scale to the volumes of transactions that Internet users would expect.

SOCIAL NETWORKING WAS INVENTED BY THE REAL DEVELOPERS IN COLUMBUS, OHIO —LEADER TECHNOLOGIES

So, rather than tell anyone what he saw, McKibben quietly formed Leader Technologies in 1997, raised his own funds, hired world-class talent, and ran the research and development himself. He invented what we now know as "social networking" over the next three years. By the early 2000's he had invested \$10 million and created 650,000 lines of programming source code. At 66 lines per page, that's a 10,000-page book. By contrast, Mark Zuckerberg's lie is that he invented Facebook in "one to two weeks" while drinking, chasing girls and studying for midterms.

Zuckerberg has yet to produce any evidence of his **fake story** as perpetuated in The Social Network. That's right, Zuckerberg was and is merely a C.I.A. hack.

Knowing that their invention was too early for an Internet market with less than 10 million users, McKibben sought to protect these innovations with copyrights and patents. He sought the best patent advice he could find in Washington, D.C. See ['Leader v. Facebook' trial transcripts](#).

THE DEEP STATE SCHEMED TO STEAL SOCIAL NETWORKING

Through various people, McKibben was introduced to law professor James P. Chandler, III. Chandler saw instantly that McKibben had solved the technology problems his Deep State shadow government was having with IBM and Microsoft Internet platform software.

Rather than file the patents immediately, which experts say would have been normal advice, Chandler advised Leader to "reduce the invention to practice" before he would file the patents. Since Chandler was advising the Clinton White House, Congress and the Courts on such matters, Leader assumed his advice was sound.

Hindsight shows that Chandler's advice was a self-serving effort to steal the invention for the Deep State.

Ironically, Chandler, Clinton, Summers and Podesta had formed In-Q-Tel on [Sep. 29, 1999](#). Leader Technologies was first introduced to Chandler just a few months later in Jan. 2000.

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors

ATTORNEY-CLIENT PRIVILEGE CONFIDENTIALITY IS A **DEEP STATE FICTION** TO FOOL UNSUSPECTING INVENTORS

Chandler agreed immediately to become Leader's patent attorney and even to become a member of Leader's board of directors. Leader was flattered by Chandler's interest and naturally assumed that attorney-client confidentiality would be honored.

Chandler's organizing role in the C.I.A. Deep State shadow government has taken many years to uncover. It is pretty well hidden.

However, various whistleblowers and FOIA disclosures to groups including Judicial Watch and Citizens United have now exposed Chandler's central role. Leader's personnel say that Chandler never disclosed his conflicts of interest with the Clinton White House, IBM, Microsoft, C.I.A., the NSA and the shadow government.

DEEP STATE LEGAL JUSTIFICATION: **NATIONAL INFRASTRUCTURE ASSURANCE COUNCIL (NIAC)**

On Jan. 18, 2001, Bill Clinton appointed Bill Gates and James P. Chandler to the National Infrastructure Assurance Council (NIAC) which he had formed and empowered by a succession of executive orders. George Bush renamed it the National Infrastructure Advisory Council (also, NIAC) and layered on more executive orders.

DEEP STATE TECHNOLOGY DISTRIBUTOR: **THE IBM ECLIPSE FOUNDATION**

Six weeks after 9/11, on Nov. 29, 2001, IBM and Chandler formed The IBM Eclipse Foundation with a \$40 million IBM "donation" to promote "open source." Pundits know that IBM and "open source" are oil and water since IBM is the largest holder of patents on the planet.

Hindsight shows that the term "Eclipse" may have been well-chosen imagery for the coming radical Islamic jihadi onslaught promoted by Obama's Deep State as he has apparently attempted to destroy Western economies in favor of China and the New World Order globalists.

On Aug. 29, 2002, all of Leader Technologies technical innovations appeared overnight in the IBM Eclipse Foundation distribution of source programming code to a suddenly rich assortment of "members" including SAP, Microsoft, HP, Oracle and IBM. IBM claimed copyrights on it all.

FIG. 4—The IBM selection of this imagery for The IBM Eclipse Foundation appears to be appropriate since the symbol of Islam is an eclipse of the moon.

to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The Leader v. Facebook patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on Leader v. Facebook until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

**WELCOME TO DONNA KLINE

A series of laughable narratives by various Eclipse parties tried to cover over this theft of Leader Technologies innovations with nonsensical cover stories.

THE C.I.A. *CREATED* MUCH OF MODERN DAY SILICON VALLEY *ILLEGALLY*—SOCIAL MEDIA IS A FRAUD BECAUSE ITS FOUNDATION WAS STOLEN, AND THE C.I.A. FUNDED ITS EXPANSION AS AN ILLEGAL SPY TOOL

Now we roll this story forward to today to prove that the C.I.A. *CREATED* the “social” Silicon Valley as the excuse to steal all data from all users, globally, not just in the USA.

Three Silicon Valley venture capital companies figure prominently in [C.I.A. In-Q-Tel](#):

1. KLEINER PERKINS, TED SCHLEIN:

Google, Facebook, Twitter, Amazon, AOL, Verisign, Zynga, Cisco, Genentech, Netscape, WebMD, Intuit, Coursera, Groupon

Theodore E. ('Ted') Schlein
C.I.A. In-Q-Tel; Trustee, Kleiner Perkins, NVCA director

Howard E. Cox
C.I.A. In-Q-Tel Trustee; Greylock CEO

James W. Breyer
C.I.A. In-Q-Tel NVCA chairman; Facebook chairman; Accel Partners; IDG-Accel Capital (China)

2. GREYLOCK, HOWARD E. COX

Facebook, Instagram, LinkedIn, Cloudera, Dropbox, Groupon, Pandora, Airbnb, Digg, Zend, Constant Contact, Workday

3. ACCEL PARTNERS, JAMES W. BREYER

Facebook, BitTorrent, Cloudera, ComScore, DropBox, Etsy, Groupon, Raytheon BBN

These facts prove that Silicon Valley is essentially nationalized.

Readers should remember recent history: Nazi Germany permitted private industry to flourish as long as the companies like Krupp, VW, BMW, IBM, Mercedes, Siemens, Ford and Opel supported the Nazi political agenda. The involvement of these 'private' companies in this secret White House intelligence operation parallels Nazi Germany's corporate corruption.

Kleiner and Greylock are current trustees of In-Q-Tel.

Accel Partners and its founder [James W. Breyer](#) facilitated the rise of In-Q-Tel while Breyer was Chairman of the National Venture Capital Association (NVCA, 2004) where In-Q-Tel's founding CEO Gilman Louie was also a director (1999-2006), as was In-Q-Tel trustee Theodore "Ted" E. Schlein, CEO of Kleiner Perkins.

TABLE 1—C.I.A. managers/agents of In-Q-Tel.

The illegal collusion of the Deep State military-industrial complex is grossly evident just in the list of In-Q-Tel trustees. When we add the list of members in the [NIAC](#) and [IBM Eclipse Foundation](#), the evident corruption of the shadow government is glaring. Again, one wonders why no one in government, intelligence, commerce or the military blew the whistle on this massive collusion.

It appears that when the rogue public-private C.I.A. operatives came out of the woodwork to smear Donald Trump with all the talk of fake news and supposed Russian dossiers, they over-played their hand, thankfully.

Judge Leonard P. Stark, U.S.
District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision without any evidence other than speculation, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked *Leader* from preparing its defenses to this new claim. Judge Stark allowed the claims despite *Leader's* prophetic argument that the action would confuse the jury and prejudice *Leader*. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to *Leader* to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. [See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#) Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. C.I.A. OPERATIVES LIKE BREYER ARE “SUPER-BULLISH” ON CHINA

Many technology operatives are now meeting in Davos, Switzerland at the World Economic Forum. They are openly complaining about Donald Trump’s populist victory in America, and Brexit in the UK. Tellingly, one of the keynote speakers was Chinese President Xi Jinping.

CHINA IS PROMOTING INTERNET CENSORSHIP OF POPULIST MOVEMENTS WORLDWIDE

The Chinese president is openly calling for censorship of the American populist alternative media. Davos globalist disciples are now looking to Communist China to save their 100-year One World Government agenda (e.g., Rothschilds, Bilderberg, Rockefellers, J.P. Morgan) to establish corporate control of world government--a movement that is now being resisted worldwide.

THE AMERICAN REPUBLIC IS TEETERING

"The Internet of Things:" Even your alarm, toaster and fridge now spy on you for the C.I.A. thanks to these traitors.

FIG. 5—JAMES P. BREYER is Facebook’s largest institutional investor. He is closely allied with the C.I.A.’s venture capital company, In-Q-Tel. In May 2012, Breyer resigned as Wal-Mart director after the Mexican bribery scandal.

Breyer has shifted his venture capital investing priority outside the U.S. to China where his reclusive father, [John P. Breyer](#), (the web has been essentially cleansed of Breyer Sr.’s biographical information who was the founder of ComputerWorld (!), but AFI investigators found some information linked here), moved to set up IDG-Accel and IDG Capital Partners. John P. Breyer, Andy Grove (Intel) and George Soros are fellow Hungarian refugees.

Some of the Chinese officers of Breyer’s [IDG Technology Venture Investment III LLP and Winichina, Inc.](#) were identified by HSBC Swiss whistleblower [Hervé Falciani](#) as being involved with off-shore money laundering of dictators, drug and arms dealers. The HSBC money launders fingered by Falciani include [all of the Facebook PO underwriters and several Facebook law firms](#).

Breyer is also pressing Barack Obama to push through the Trans-Pacific Partnership (TPP) which includes liberal intellectual property provision allowing infringing countries to rewrite their rules at any time to favor a local infringer like Facebook and other Breyer companies.

Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks.](#) Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in Pfaff v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook’s evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in Leader Techs v. Facebook, Inc., 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose](#)

No wonder the American Republic is teetering.

An entire generation of technology entrepreneurs in Silicon Valley has been morally and ethically ruined by this rogue group of C.I.A. spies and their global accomplices.

These In-Q-Tel people elected themselves to dictate the rules of our business and social discourse. The American Republic is under attack.

WE NEED TO FIND EVERY WAY TO RESIST THESE GLOBALISTS.

Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. As the nation prepares for the peaceful transfer of power on Inauguration Day, CNN is dreaming up scenarios whereby the Obama administration can keep power if President-elect Donald Trump and Vice President-elect Mike Pence were blown up as they prepared to take to oath of office.

On the Wednesday, January 18 broadcast of CNN's The Situation Room, host Wolf Blitzer aired a segment with a chyron featuring the headline "Developing Now." During that "developing" segment, Blitzer and correspondent Brian Todd discussed what would happen if the unthinkable occurred on January 20.

Blitzer introduced the segment, saying, "What if an incoming president and his immediate successors were wiped out on day one?" and from there, CNN contributor Brian Todd took over to outline the line of succession if an attack blew up the inaugural dais, killing both Trump and Pence.

THIS CIA ANNOUNCEMENT IS BIZZARE GIVEN THEIR ILLEGAL INVESTMENTS IN AMERICAN TECHNOLOGY COMPANIES VIA IN-Q-TEL. BOTTOM LINE, THEY ALREADY HAVE ALL THIS DATA. THIS IS EVIDENTLY GIVING THEM A "LEGAL" EXCUSE FOR HAVING IT.

Jonathan Landay. (Jan. 18, 2017). CIA unveils new rules for collecting information on Americans. Reuters.

LANGLEY, Va. (Reuters) - The Central Intelligence Agency on Wednesday unveiled revised rules for collecting, analyzing and storing information on American citizens, updating the rules for the information age and publishing them in full for the first time.

The guidelines are designed "in a manner that protects the privacy and civil rights of the American people," CIA General Counsel Caroline Krass told a briefing at the agency's headquarters in Langley, Virginia.

The new rules were released amid continued public discomfort over the government's surveillance powers, an issue that gained prominence following revelations in 2013 by former government contractor Edward Snowden that the National Security Agency (NSA) secretly collected the communications data of millions of ordinary Americans.

In the pre-dawn darkness of today's presidential inauguration day, I faced a choice, as a lifelong liberal feminist who voted for Donald Trump for president: lace up my pink Nike sneakers to step forward and take the DC Metro into the nation's capital for the inauguration of America's new president, or wait and go tomorrow to the after-party, dubbed the "Women's March on Washington"?

The Guardian has touted the "Women's March on Washington" as a "spontaneous" action for women's rights. Another liberal media outlet, Vox, talks about the "huge, spontaneous groundswell" behind the march. On its website, organizers of the march are promoting their work as "a grassroots effort" with "independent" organizers. Even my local yoga studio, Beloved Yoga, is renting a bus and offering seats for \$35. The march's manifesto says magnificently, "The Rise of the Woman = The Rise of the Nation."

'Sensitive' internal docs reveal 'purposeful' intent to conceal admission from public

The American Center for Law and Justice, which alleges the Obama State Department manipulated video to conceal a spokeswoman's admission of lying to the public about the Iran deal, says it now has definitive evidence to back its claim.

The deleted section contained a question from the Fox News Channel's James Rosen during a daily press briefing Dec. 2, 2013: "Is it the policy of the State Department, where the preservation or the secrecy of secret negotiations is concerned, to lie in order to achieve that goal?"

State Department spokeswoman Jen Psaki said, "James, I think there are times where diplomacy needs privacy in order to progress. This is a good example of that."

But that exchange was missing from video released by the State Department.

Reporter Wars: My Secrecy Battles With Federal Government

I just filed my latest appeal to the FBI's improper withholding of my FBI file.

You may not know it, but every American citizen-even a lowly reporter-is entitled to see his FBI file, if one exists. Under Freedom of Information (FOI) law, the government is allowed to redact bits of information from the file if it affects national security or an ongoing investigation, but the government must provide reasons for any such redactions and disclose the rest of the file. The FBI has refused to do this in my case.

The federal government routinely violates FOI law with impunity. I'm receiving assistance with this appeal from Charles Glasser, renowned media lawyer and adjunct professor of Media Ethics and Law at New York University's Graduate School of Journalism.

FEMINISM AND THE C.I.A.

Henry Makow, PhD. (Jun. 21, 2015). Gloria Steinem: How the CIA Used Feminism to Destabilize Society, from Mar. 18, 2002. Before It's News.

"In the 1960's, the elite media invented second-wave feminism as part of the elite agenda to dismantle civilization and create a New World Order."

Since writing these words last week, I have discovered that before she became a feminist leader, Gloria Steinem worked for the CIA spying on Marxist students in Europe and disrupting their meetings. She became a media darling due to her CIA connections. MS Magazine, which she edited for many years was indirectly funded by the CIA.

Steinem has tried to suppress this information, unearthed in the 1970's by a radical feminist group called "Red Stockings." In 1979, Steinem and her powerful CIA-connected friends, Katharine Graham of the Washington Post and Ford Foundation President Franklin Thomas prevented Random House from publishing it in "Feminist Revolution." Nevertheless the story appeared in the "Village Voice" on May 21, 1979.

Steve Topp. (Jan. 24, 2017). The whistleblower who exposed a billion-pound scam by HSBC claims the media is now gagging him [VIDEO]. The Canary.

A whistleblower who exposed millions of pounds of “unreasonable” customer charges by HSBC says he feels “vindicated” after the bank agreed to finally redress affected customers. But speaking exclusively to The Canary, the man at the centre of the storm insists that mainstream media outlets have repeatedly “gagged” and “ignored” him. And he believes a “cover-up” of what he considers fraud amounting to £1bn by HSBC goes all the way to the BBC and David Cameron.

The world's dodgiest bank?

Nicholas Wilson is a former Litigation Manager and Head of Debt Recovery at Weightmans Solicitors LLP, a firm which has represented HSBC. As The Canary reported in January 2016, the case involves customers of HSBC-owned HFC Bank and John Lewis Financial Services (JLFS) who fell into difficulty with credit card payments. Between 2003 and 2009, the two companies referred customers having financial problems to their solicitors. It then added 16.4% of customers' credit card balances to their accounts as a “debt collection charge”.

In 2003, Wilson told HFC Bank that its actions were illegal. But the bank ignored him. And in 2006, Wilson believes Weightmans sacked him for whistleblowing. But in 2010, the Office of Fair Trading said that HFC Bank and JLFS charges to customers were unreasonable. And following a ruling by the Financial Conduct Authority (FCA) on 20 January this year, the bank has agreed to pay back £4m to 6,700 customers after wrongly charging interest on credit card debt. But Wilson believes the true amount HSBC owes is £1bn.

Tip of the HSBC iceberg?

According to writer Evan Osnos, preppers from Silicon Valley and New York are getting ready for the "crackup of civilization."

One American hedge-fund manager who owns two New Zealand homes told Osnos he expected at least a decade of political turmoil in the United States. PayPal co-founder and Facebook investor Peter Thiel also owns property there, and has described New Zealand as "utopia."

OUTRAGEOUS ABC ATTEMPT MUST BE STOPPED!

AFI EDITORIAL ON MSM'S ATTEMPT TO SHUT DOWN FREE SPEECH AND ALT MEDIA

ABC is attempting to shut down all alternative media by enforcing draconian new copyright rules that are designed to create excuses for globalist lawyers to file an endless stream of nuisance lawsuits against them.

On Jan. 25, 2017, ABC News issued a draconian set of new rules for its first interview with President Donald Trump by which it will protect its claimed copyrights, ostensibly.

One must read the latest ABC attempt to hobble the alternative media with one eye on the unscrupulous lawyers who wrote it.

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.

To many lawyers, the law is first and foremost an opportunity to create billable hours. Justice may or may not be a byproduct of their work. Too many judges are in the same league that keeps lawyers employed. For those judges, justice may or may not be a byproduct of their work.

When unscrupulous lawyers don't have legitimate reasons to sue people, they fabricate claims. This is to get past something called Rule 11 (Federal Rules of Civil Procedure) which was created to prohibit frivolous lawsuits. This latest ABC move is a boldface creation by unscrupulous lawyers to intimidate the small, underfunded alternative media into silence by self-censorship. In other words, they will not be able to defend themselves against ABC lawsuits, however unjustified.

It is well known that fear of lawsuits prevents many with righteous causes from pursuing bad guys with deep pockets. This ABC announcement is created by globalist lawyers to have an endless stream of copyright claims they can level against the alternative media to stop critique of their fake news reporting.

These terms are intended to lock out small investigators who cannot afford the equipment to edit video with things like "You must include the mandatory 'ABC News' bug visible with no company logos over the above footage." The ABC rules even say that there can be "no excerpting of the clip or cataloging for future use."

With the two rules just cited above, ABC's lawyers will create an endless stream of lawsuits and injunctions against independent media that they want to intimidate into silence. The prohibition against saving a copy of their video (even if it is not being displayed) will give ABC the opportunity to use a crooked judge to slap an injunction on and seize hard drives to prove whether or not the ABC video file exists on a computer.

*** President Trump must refuse to do the ABC interview and prevent this dangerous attempt to stifle Free Speech. ***

[NOTE: The 9th Circuit Court of Appeals is headquartered in San Francisco, California]

(Daily Caller News Foundation) A group of Republican senators will introduce legislation splitting the country's largest — and some say most liberal — appeals court into smaller, separate jurisdictions.

The effort is led by GOP Sen. Jeff Flake of Arizona, who argues the burgeoning docket on the 9th U.S. Circuit Court of Appeals has dramatically slowed the pace of justice.

"With regard to the court, it's just access to justice," Flake said. "Its docket is more than twice as big as the next biggest circuit. This has been a long time coming, and hopefully we can make some progress finally."

Exposes massive DOJ collusion with the Deep State

BREAKING: FBI DUMPED CLINTON FOUNDATION GRAND JURY DOCUMENTS ONE WEEK BEFORE ELECTION

FBI has hidden for 16 yrs. Obama Attorney General Eric Holder's collusion in the cover-up of the Clinton Foundation and the theft of social networking invention

Jan. 26, 2017—On Tues. Nov. 1, 2016, just one week before the election—James Comey's FBI released 638 heavily-redacted pages of Grand Jury documents related to a now-closed federal investigation of Bill Clinton and the Clinton Foundation, in 2001. These documents have been concealed from public review for 16 years.

Be Patient! If you are new to our TIMELINE, please be patient on the first download. It contains many valuable photos and illustrations. It will load more quickly afterwards.

The heavily redacted documents involve the last-minute Clinton pardon (on Jan. 20, 2001—the day he left office) of billionaire fugitive Marc Rich who was wanted for tax evasion. An undisclosed donor to the Democratic Party was also under investigation.

MSM cover-up

Glossed over in the scant MSM coverage of this Grand Jury is the fact that the only DOJ official who knew about the plan to pardon Rich was then Deputy Attorney General Eric H. Holder. At the time, Holder was advisor to James P. Chandler, III. Chandler was also the patent attorney to Leader Technologies—the true inventor of social networking. IBM counsel David J. Kappos was also an advisor to Chandler.

(Eight years later, Barack Obama appointed Holder as Attorney General, and Kappos as Patent Office Director.) (Nothing to see here, please move along . . .)

How the Deep State controls social networking and the Internet

On Feb. 15, 2001, the same day the Clinton Grand Jury was requested, Chandler, an advisor to the NSA and C.I.A., filed for a CRYPTO.com trademark. On Mar. 14, 2001, a month later, the Judicial Conference relaxed the financial investing rules for federal judges, permitting widespread concealment of globalist corporation investments by judges, inside mutual funds. The activities described here are obviously part of a deliberate plan.

On Aug. 07, 2001, Chandler and CRYPTO.com joined the board of Eurotech which became an obvious C.I.A. / NSA front organization for "The IBM Internet of Things." Eurotech's partners were/are Microsoft, Cisco, Intel and Wind River, among others. Eurotech has morphed through various onshore and offshore entities into The White Oak Group—a multi-billion dollar homeland security contractor that has copied and uses Leader Technologies' 2001 business plans. On Nov. 03, 2011, Eurotech "donated" messaging technology to Facebook.

On Oct. 31, 2001, William Binney, designer of the NSA computer system, resigned from the NSA and became a whistleblower after being suddenly sidelined by the Deep State shadow government. By 2001 he was witnessing a widespread abuse of laws regarding the respect for the privacy of US citizens inside the NSA. Binney continues to be a whistleblower.

Is Judge Donnelly a Soros/Schumer agent?

JUDGE DONNELLY BLOCKED TRUMP DEPORTATION WITH ALMOST NO CIVIL LITIGATION EXPERIENCE [VIDEO]

PHOTO: <https://www.fbcoverup.com/docs/library/donnelly-ann-marie.jpg>

Sen. Chuck Schumer sponsored Donnelly. Schumer just threatened Pres. Trump with C.I.A. retribution last week.

<https://americans4innovation.blogspot.com/2017/01/treason-cia-deep-state-owns-silicon.html>

Would you trust your life to a doctor with just months of subject matter experience? So what makes Donnelly qualified to get involved? Evidently, Donnelly is a Schumer / Democratic / Soros / globalist shill

Jan. 29, 2017— On May 06, 2015, Obama nominee Judge Ann Marie Donnelly said that in her 25 years of experience as an Assistant District Attorney, she had “0%” civil litigation experience in her Senate Confirmation hearing. Senator Tillis asked her:

<https://www.judiciary.senate.gov/meetings/nominations-2015-05-06>

SENATOR TILLIS: “Judge Donnelly, from your questionnaire, it appears that you have limited [Page 7: “civil litigation 0%”, attached] with civil matters, either in practice or a judge. If confirmed as a federal district court judge, you will be presiding over both civil and criminal matters. What have you done or will you do to prepare yourself for that side of the law?”

JUDGE OBAMA NOMINEE DONNELLY: “Thank you for that question, Senator Tillis. Uh, in my, uh, 25 years as an Assistant District Attorney, and my six years as a state court judge, I have been luckily, lucky, to have been challenged by, uh, very complicated cases, and have been required, uh, to get up to speed quickly on issues that I wasn’t previously familiar with, such as complex securities, uh, fraud, uh, white collar case, and, uh, uh, violent crime as well. Uh, with respect to, uh, getting up to speed on, uh, civil matters, I am committed to hitting the ground running. I plan to take advantage of all of the, uh, resources by the Federal Judicial Center, uh, as well as consulting with my colleagues on the federal bench, and I, uh, look forward to that challenge.” (Highlight added).

Sen. Tillis also asked her about mistakes: “Judge Donnelly, can you identify and mistakes you made early in your judicial career that, uh, will help you as your transition into the federal judgeship?” She sidestepped the question. (See full Donnelly transcript below.)

Video @ 58:23 -60:01

SENATOR FRANKEN: Judge Donnelly, as the chairman said, you have a lot of experience in criminal cases, not just in your current role as judge, but your career as a prosecutor. Uh, but nonetheless, I would imagine that sentencing and convicting a convicted defendant must be one of the most difficult jobs that you face as a judge. Could you talk about the approach you would take in sentencing, and how that has been formed by your time as a prosecutor in looking forward to how you would balance the need for sentencing with the need for rehabilitation in particular cases?

JUDGE DONNELLY: Thank you for that question Senator Franken. Uh, yes, you are correct that, uh, that imposing a sentence in a criminal case is a difficult parts, task a judge faces. And the factors that a judge is obligated to consider when, uh, determining the sentence to impose includes, uh, many factors. The, the, uh, severity of the crime, the, uh, effect on the, uh, community, uh, where I am sitting in Manhattan. The effect on the particular victim, uh, and the defendant's background as well. Uh, the cases that I have been presiding over most recently, uh, often involve, uh, devastating crimes to our communities involving gang violence, uh, and, and murders, uh, and the sentences are necessarily heavy. Uh, but frequently in our courts we see very young defendants, uh, and that is the place where I believe, uh, that, uh, our, uh, the judicial system has the opportunity to, uh, perhaps turn, uh, someone around. Uh, in New York we have the opportunity of affording a defendant youthful offender treatment which I have done on many occasions. It is certainly a risk to the, uh, uh, that, that a judge takes when you do that. But, uh, it is, uh, uh, certainly one of the tools you have to perhaps saves someone from what is bound to be, uh, uh, uh, a life of crime if they are not turned around.

SENATOR TILLIS: "Judge Donnelly, can you identify and mistakes you made early in your judicial career that, uh, will help you as your transition into the federal judgeship?

JUDGE DONNELLY: "Well, the, the transition from advocate to a judge is definitely a learning curve, and, uh, I haven't catalogued the mistakes I have made, I'm, I'm sure they are, I'm sure they exist. Uh, the, uh, but, uh, my judicial philosophy, since I, in my six year on the, on the New York Supreme Court, uh, has been one of a fidelity to the rule of law, uh, a respect for the people who appear before me, affording every witness, litigant, juror dignity, uh, making sure that my rulings are transparent so that the reasoning is clear, and a work ethic which, uh, involves thorough knowledge of the, app, applicable law, and the factual record. Uh, and I believe that, uh, adhere, adherence to that philosophy minimizes the mistakes that a judge is apt to make.

VIDEO @ 1:09:00

SENATOR KLOBUCHAR: Judge Donnelly, thank you for your service. And, uh, I know that you actually, uh, also in your very extensive background here you were chief of the family violence and child abuse bureau in the New York District Attorney's Office. And, you saw firsthand the challenges we face in this country with the scourge of domestic violence and child abuse. Uh, I worked on those as a prosecutor for eight years on those issues, and I know your

docket will be different now. How does that experience inform, uh, your, uh, your future as a federal judge and when we hope you will be confirmed.

JUDGE DONNELLY: Thank you for that question Senator Klobuchar. Uh, you are right that these are among the most difficult cases one can prosecute. It, with domestic violence abuse victims in identifying, uh, the victims, uh, many of whom are financial dependent on their abusers, challenges with very young victims, and, uh, steps have been taken, its been some time since I have been active in that role, but the use of child advocacy centers where a child abuse victim, uh, gets all services at one location, that the need for multiple interviews, uh, and, uh, having the opportunity to work with those children, uh, was, uh, was one of the most meaningful and, uh, affecting experiences of my life. To see children to be have suffered so much to, uh, been so resilient, uh, so, so, able to survive unimaginable, uh, situations, uh, I, uh, hope that will make me a better judge. I feel that it has during my six years in the court, I'm very lucky to have had that chance. Thank you for the question.

GINGRICH WARNS U.S. OF 'VERY DANGEROUS' OBAMA DIRECTIVE - Last-minute move leaves America vulnerable to devastating attack. WND.

The day before President Trump was inaugurated, a Democrat-controlled commission set new standards to protect the America's life-sustaining electric grid that will leave the U.S. vulnerable to a devastating electromagnetic pulse, or EMP, attack from a hostile nation such as North Korea or Iran.

The Federal Energy Regulatory Commission's directive, issued Jan. 19, will protect the nation only from an EMP caused by solar activities.

The move was condemned by former House Speaker Newt Gingrich, a top adviser to Trump during the presidential campaign.

"There's a very, very dangerous decision being made today by the energy commission on how we protect ourselves from electromagnetic pulse," Gingrich said in a "Fox and Friends" interview Jan. 19.

This Soros connection, including reports of funding lawsuits to block the orders, begs the question: Are these protesters being paid to be there?

One of the best ways to describe the U.S. Department of Defense and DARPA (Defense Advanced Research Projects Agency) is to use the Star Wars moniker "Evil Empire" to describe its international, secretive agenda to take over the world and turn all of us into neo-feudal slaves who have no choice but to give allegiance to the controllers of the universe—Darth Vader and the Sith Lords.

DARPA "Vader" has controlled technological innovation since 1958 when it was created by the military-driven Evil Empire, a/k/a Department of Defense. Every emerging technology from the Evil Empire leads humanity into the science fiction fate of machines controlling humans, much like Darth Vader became a weapon that was half man and half machine. There is much wisdom and truth that lies behind the first Star Wars movie, and its story was given to humanity as a warning of how the Evil Empire and its Death Star planned to destroy the entire planet.

Folks, this is no longer science fiction. This battle for Earth is going on now and we, like the Rebel Alliance, must join forces to destroy the imperial forces of Darth Vader.

<http://thelantern.com/2017/01/ohio-state-professors-dissect-fake-news-how-to-avoid-it/>

Professor Kosicki rightly suggests that millennials expand their news sources, especially since Facebook openly censors and suppresses conservative points of view in favor of its Bilderberg Group globalist political agenda.

What's the Bilderberg Group? Research it from sources other than Facebook, Google, Instagram and LinkedIn whose officers are MEMBERS. OSU President Michael Drake and Trustee President Jeffrey Wadsworth are wannabe members also.

Prof. Kosicki veered from an otherwise objective approach when he implied that CNN, Washington Post and Snopes.com are objective "fact checkers." WAT? These people CREATED the "fake news" moniker because their fake news stories were being too quickly discredited by the exploding independent media! So, they accuse their opponents of what they are doing, as unscrupulous actors do.

For example, CNN and the Washington Post played with the UNVERIFIED "Russian dossier" toy car until its wheels fell off. It was created by a retired British spy who had earlier poisoned a former KGB spy who was about to disclose British spy secrets. That episode, too, was blamed on Vladimir Putin.

Yes, the mainstream media (MSM) promoted UNVERIFIED fake news after BuzzFeed (owned by NBC, Comcast, Facebook director Marc Andreessen - the discredited mainstream) REPORTED IT AS NEWS. To be clear, the MSM floated the fake "dossier" story, then republished its own fake story as real news.

Leftist Facebook just hired Snopes to manage its censorship algorithms.

Therefore, Prof. Kosicki promoted the mainstream fake news CREATORS as fact checkers. So much for academic integrity.

Perhaps Professor Kosicki should revise his story so as not to imply that his "fact checkers" are objective when they are obviously MSM shells.

Here's one (of many) well-argued discussions of the fake news epithet accusations being leveled at independent media by the mainstream media to divert our attention, like the Wizard of Oz.

WASHINGTON - The scale of protests one week into a presidential administration is unlike anything in American history, but the rabid demonstrations also often appear unprecedented in their anger.

And in their disconnect from reality.

For instance, through his spokesman, former President Obama claimed his 2011 executive order was different than President Trump's recent immigration order because "the president (Obama) fundamentally disagrees with the notion of discriminating against individuals because of their faith or religion."

However, the text of Trump's executive order calling for a temporary ban on immigration from seven countries does not include the word "religion."

In the video I posted, protesters, covered in masks, pepper sprayed what I believe could've been attendees to the speech tonight. What happened was horrible - they were sprayed, pinned up against the metal barricades while protesters struck them in the back and on their heads with wood sticks. The man in the orange bill hat was me - they were crying to get them to stop and to help them get out. I jumped the barricades and pulled them out. One of these people, in the first picture was a woman who was being struck continuously by a male assailant. I pulled her out as well. One man was no so lucky as he was pulled away by the protesters as they ganged up on him and continued to hit him on the head. You don't see him in the video but he lay there unconscious. That did not stop people from continuing to kick him. These victims were trying to leave the whole time.
