These moral infants are being issued black masks and herded, like cattle, from protest to protest by George Soros' "Open Society" handlers. May the Lord have mercy on our souls for this systematic abuse of the innocents that we in the general public are not storming the gates to stop worldwide.

CALL TO ACTION: **ACT NOW** TO PROTECT THE INNOCENTS FROM ROGUE C.I.A. PEDOPHILES

(FEB. 21, 2017)—In the days and weeks after Christmas each year, the Christian Church around the world remembers the Massacre of the Holy Innocents. It is the biblical account of infanticide by Herod the Great, the pagan Roman appointed King of the Jews. See [St. Matthew 2:16-18](#).

Following the birth of Jesus Christ in Bethlehem, Herod ordered the execution of [14,000](#) male infants from newborn to two-years old in and around Bethlehem. He feared that his power was threatened by the birth of the Christ Child.

St. Augustine (4th Century, Numidia—modern day Annaba, Algeria) said of these infants: "These then, whom Herod's cruelty tore as sucklings from their mothers' bosom, are justly hailed as 'infant martyr flowers'; they were the Church's first blossoms, matured by the frost of persecution during the cold winter of unbelief."

Herod was willing to kill innocent babies to maintain his power. Such is the nature of evil people in power. In our time, progressivism, rogue Deep State C.I.A. spies, and their shadow government military-industrial minions, are repeating a version of Herod's response.

Perplexed and disbelieving readers of this blog often ask how we think the globalists can possibly hide their heinous sins for so many years. They ask: "With so many people involved, how could they keep such enormously evil secrets?"

We are talking about widespread collusion among bankers, politicians, media, educators, entertainers, clergy, businesspeople, judges, law enforcement, spies and their minions. The answer is simple and timeless:

Human sin.

Today, these people wear hoodies and sip café lattes. Nonetheless, their sins are nothing new.

The globalists have a fundamental disrespect for the image and likeness of God in every human being. Curiously, neither secular nor jihadi globalists are bothered by the defiling of the very young. This spiritual flaw will lead to their damnation, we believe. No society can survive on a foundation of depraved disrespect for the human person, and especially the innocent and defenseless. Indeed, a special place in hell is reserved for such abusers.

GLOBALISTS FUNDAMENTALLY DISRESPECT THE HUMAN PERSON

If I respect you as unique and wonderfully made, then I will honor your uniqueness and try not to do anything to abuse that divine stamp on your being.

However, if I disrespect your divine nature, if I demean you as a consuming animal or a mere lump of carbon and water, then you are someone that I can dominate, control, or even extinguish. You are merely an object for my desires and wishes, and I can do anything I want with you. For example, "You're fake news!" Why? "Because I say you are!"

THE AMERICAN REPUBLIC: RESPECT FOR INALIENABLE HUMAN RIGHTS

The genius of America's Founding Fathers and Mothers is a system of government based on the Rule of Law, not the Rule of Men. The Founders actually tried to learn from the long lessons of history. Admittedly, they had to table pragmatically the slavery issue due to stiff opposition from the southern colonies, but that was not for lack of trying.

Lord Acton (1887), a liberal Member of Parliament in the United Kingdom, later summarized a fundamental principle behind the American "Republic-an" experiment:

"Power tends to corrupt, and absolute power corrupts absolutely."

(Note: America is a republican form of democracy which we will discuss in a moment. This use of the word republican should not be confused with the Republican Party. Therefore, we will use "Republic-an" for the organizing principle of our Constitution, so that there is no confusion.)

The Founders chose Republic-anism over Democracy. History taught them that democracy always deteriorated into tyranny of the majority over the minority. Instead, they chose a Republic-an Democracy where the interests of the majority prevail without infringing on the rights of the minority.

In short, they chose a fundamentally Judeo-Christian approach to human government that respects the image and likeness of God in all Americans, majority and minority.

Further, Founder John Adams emphasized that our Constitution was based upon Judeo-Christian morals and could not be sustained without a citizenry that embraces these morals. That means, Radical Islamic Jihadis cannot be accepted within our Constitutional borders since their morals call for death and the subjugation of Westerners, Christians and Jews. In such an environment, Judeo-Christian morals require us to stand firm against the current globalist onslaught to destroy them, and America. That is not intolerant, that is wise and preserves our country.

That is the Republic-an Principle. Has it been implemented perfectly? Of course not, but that is not the point.

The Rule of Law sets a high moral standard to which fallible human beings must strive throughout their lives, but will always fall short. The journey is to be good, kind and to contribute positively to society is everything. The lifelong task is to live the **Golden Rule: "Do unto others as you would have them do unto you."** The destination is ever in front of us.

Said another way, "Republic-an" governance is a standard we will never reach, but to which we must strive, each of us for our lifetime.

WHY ISN'T PEDOPHILIA MAINSTREAM NEWS?

... INSTEAD, THE TOTALITARIAN LEFT COMPLAINS ABOUT MELANIA TRUMP PRAYING THE LORD'S PRAYER WHILE OUR CHILDREN ARE SODOMIZED & MURDERED FOR THE VILE PLEASURE OF POWER

The evil secret of the Deep State shadow government is pedophilia and, shockingly, even child sacrifice—called "Snuff Parties" where children are abuse unspeakably while alive and after death. Lord have mercy.

"Snuff Parties" (the kidnapping, molesting, killing, then sodomizing the corpses of infants and young children) are so revolting that we don't even like writing about it, but write we must. Perhaps this revulsion by normal people is part of the vile psychology of these globalist miscreants: do something so heinous that no one will believe it, even if they hear about it.

Thankfully, after nearly 24 years of silence and lip service from the Clinton, Bush and Obama Administrations, as we write, tens of thousands of pedophiles and human traffickers are being identified and rounded up around the country and across the planet. Thank you President Donald Trump and Attorney General Jeff Sessions. Please do not stop until this scourge on humanity is wiped out. **We also call upon the good people of the world to rise up**, in unison, against this debauchery among our so-called leaders.

Don't be silent any longer. You are not alone. Report what you know. How? Whistleblow. Post evidence anonymously. Document your information. Write real news sources like The Daily Caller, WikiLeaks, Julian Assange, Infowars, Alex Jones, David Knight, Owen Shroyer, Paul Joseph Watson, Lee Ann Mcadoo, Before It's News, Dave Hodges, The Intercept, Glenn Greenwald, Project Veritas, James O'Keefe, Dr. Steve Pieczenik, Roger Stone, Dr. Sharyl Attkisson, Lisa Haven News, Dr. Jerome R. Corsi, Matt Drudge, Hagmann Report, Larry Hagmann, Robert David Steele, Stefan Molyneux, Steven Crowder, ZeroHedge, Tyler Durden. See [more here](#).

For example:

- 42 in Memphis; 8,779 more identified in Memphis by these arrests
- 474 in Los Angeles; dozens of children rescued
- 5 in Bucks County, Pennsylvania
- 108 in Illinois
- 178 in Texas
- 70,000 member Internet pedophile ring
- 670 in European Rescue, incl. 230 children in 30 countries.

LAW ENFORCEMENT INSIDERS SAY UP TO 1/3RD OF WASHINGTON, D.C. POLITICIANS ARE

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Sickle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES
Inventor Protection Act
 (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

Multiple law enforcement insiders familiar with the contents of Anthony Weiner's seized computer hard drives reveal that up to 1/3rd of Washington, D.C. are pedophiles, including household names. This seems absolutely crazy, but readers must realize that our mainstream media are not publicizing this because many of their leaders are pedophiles or are otherwise compromised themselves.

WHO IS INVOLVED IN PEDOPHILIA AND CHILD SACRIFICE?

At its root, pedophilia is an abuse of power. Innocents cannot fight back, so they need us to speak and fight for them.

Abuse of power is like a drug. Once you do it, you want more.

What satisfied you early in your abuses creates a lust for more and more depraved acts. Eventually, such abuses evolve into ritual murders of the defenseless.

ROGUE SPIES AFFILIATED WITH OBAMA, CLINTON, PODESTA AND THE C.I.A. USE ABUSE OF INNOCENTS FOR BLACKMAIL AND RECRUITMENT

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics,

The spy world has long used blackmail to illicit cooperation. They gather compromising information, then use it to blackmail the target into giving up state secrets, betraying friends, stealing inventions, or even murdering opponents.

In the old days, cheating on one's spouse was enough for blackmail. When spousal cheating became passé, spies turned to threatening exposure of homosexual encounters.

Today, the blackmail tool of choice is pedophilia. As a result, the rogue spy world covers up pedophilia—it is good for business. The more bizarre the predilection, the more useful the blackmail. Pedophiles have developed an entire lingo around pizza toppings to hide their orders of children (e.g., black, white, brown, male, female, age, attractiveness, etc.).

INNOCENTS SUFFER IN SILENCE WHILE THE VILE POWER BODIES GET AWAY WITH IT

Pedophilia is now rampant among most power groups one can think of:

1. Clergy
2. Politicians
3. Bankers
4. Academics
5. Law Enforcement
6. Children's Services
7. Judges
8. Media
9. Teachers
10. Coaches

Do not let the mainstream media bully you into thinking that pedophilia is not occurring among America's power set.

GLOBALISTS HAVE A TOTAL PACKAGE OF CHILD ENSLAVEMENT AND DESTRUCTION

In addition to abuses of children through pedophilia, abortion, trafficking in aborted baby body parts, unnecessary immunization, Common Core round out the package of enslavements.

WHY HAVEN'T WE HEARD ABOUT THIS EMBEDDED PEDOPHILIA?

Other than the people involved, law enforcement and intelligence know. We will all know more soon. More and more patriots within law enforcement and intelligence are coming forward as whistleblowers. These whistleblowers are getting unprecedented support from Donald Trump and Attorney General Jeff Sessions.

In the past, the globalist threatened people who would otherwise expose them through threats of defamation lawsuits and/or blackmail. The NSA's mass surveillance of all citizens generates all sorts of personal information that can be used for coercion and twisted into threats.

Social media has made the threats ten times easier. The rogue C.I.A. spies who created social networking simply search your "dark profile" for a suitable piece of salacious blackmail. They find something, anything that they can spin to silence you. An embarrassing photo, salacious video, vulgar language, tweets, texts, unwise email, etc.

values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

SPEAK UP FOR THE INNOCENTS!

OUR MARTYRED INNOCENTS IMPLORE US FOR JUSTICE

Hillary Clinton made connections for her daughter Chelsea's friend which may have led to lucrative government contracts, new emails from the Department of State reveal.

Then-secretary of state Clinton arranged meetings for Jacqueline Newmyer-Deal, a childhood friend of Chelsea Clinton and president of Long Term Strategy Group, with top Pentagon officials, reports The Washington Free Beacon. The meetings led to consulting contracts for Deal's D.C.-based Long Term Strategy Group.

ALL REAL AMERICANS MUST RESIST THIS THEFT OF OUR DATA AND PRIVACY

Matt Turck. (Jan. 17, 2017). The New Gold Rush? Wall Street Wants your Data. Matt Turck.

A few months ago, Foursquare achieved an impressive feat by predicting, ahead of official company results, that Chipotle's Q1 2016 sales would be down nearly 30%. Because it captures geo-location data from both check-ins and visits through its apps, Foursquare was able to extrapolate foot-traffic stats that turned out to be very accurate predictors of financial performance.

That a social media company could be building a data asset of immense value to Wall Street is part of an accelerating trend known as "alternative data". As just about everything in our lives is getting sensed and captured by technology, financial services firms have been turning their attention to startups, with the hope of mining their data to extract the type of gold nuggets that will enable them to beat the market.

Could working with Wall Street be a business model for you?

Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Former U.S. Rep. Dennis Kucinich (D-Ohio) was a guest Tuesday on "Mornings with Maria" discussing how the intelligence community is seeming to upend President Donald Trump in the wake of Michael Flynn's resignation as national security adviser.

The former Democratic presidential candidate and Fox News contributor said the bigger issue here is that the phone conversations between Flynn and Russian Ambassador Sergey Kislyak were intercepted and leaked to the media.

"The American people have to know that there's a game going on inside the intelligence community where there are those who want to separate the U.S. from Russia in a way that would reignite the Cold War," Kucinich said. "That's what's at the bottom of all this. It's early in the morning, it's Valentine's Day, but wake up America!"

Mark Tapscott. (Feb. 17, 2017). 'Insistent' Chinese Ambassador Requested 'Private' Talk With Clinton Campaign Aides. The Daily Caller.

Chinese Ambassador to the U.S. Cui Tiankai requested a meeting with Hillary Clinton's top aides in January 2016, according to an internal email circulated among the former Secretary of State's senior presidential campaign officials.

"Chinese Ambassador Cui invited me over to the residence Tuesday for a coffee and to make a request. He wants to have an informal, private, off the record get together with a few of us to discuss the next year and the current state of US-China affairs," wrote Clinton campaign aide Kurt Campbell in the Jan. 7, 2016, email.

This email (a) shows that contacts between foreign governments and US officials is normal, just like was Gen. Mike Flynn's contact with Russian officials, (b) that Hillary & Bill Clinton were politiking with the Chinese at the same time they were taking donations from the Chinese into The Clinton Foundation, which is a violation of the Hatch Act prohibiting foreign involvement in US elections.

A Florida man accused of trying to hack the Clinton Foundation in 2015 is expected to plead guilty on Thursday, months after he was sentenced in a related case to 42 years in prison over child pornography discovered on his computers during the probe.

Timothy Sedlak, 43, is scheduled to plead guilty in federal court in Manhattan, according to court records. Prosecutors accused him in September 2015 of trying to gain access to an unnamed New York-based global charitable organization's network.

Prosecutors have never named the organization. But a court filing obtained by Reuters said U.S. Secret Service agents in 2015 questioned Sedlak about notes they found referencing former Democratic presidential candidate Hillary Clinton and her daughter, Chelsea Clinton.

Sedlak, who called himself a private investigator, told the agents he was researching whether charities were unintentionally providing funding to Islamic militant groups, and said the Clintons "came up in his research," the filing said.

Public interest in leaked and declassified intelligence reports has surged in the era of WikiLeaks and Edward Snowden. But while media outlets focus on the antics of Donald Trump, they continue to ignore hugely revealing information that could really embarrass powerful leaders, organisations, and even entire countries. And recently, as WikiLeaks continues to uncover covert US actions around the world, the CIA has actually had to release documents itself.

Below are five key revelations from a recent document dump from the CIA.

New WikiLeaks release downplayed

WikiLeaks recently published a 'smoking gun'; a high-level US intelligence report which proves the US sought to interfere in the 2012 French presidential elections. While the revelation headlined in European newspapers, The New York Times and others downplayed it. And The Associated Press, in its very brief coverage, dismissively (and falsely) labelled the CIA spying as "standard intelligence gathering".

McCain travelled to Syria this to visit US forces present there and discuss the campaign against Daesh.

Senator John McCain made a secret trip to a Kurdish-held region in northern Syria last weekend to speak with US military officials, but more importantly to speak with rebel fighters, and leaders in the region.

Here are photos of some past meetings John McCain had when he was in Syria speaking with "rebel fighters" (aka ISIS-Al Qaeda).

"The White House just called to say that the CNN audio we just released 'is so cool,'" PV announced on its Facebook page.

CNN, which President Trump recently described as "very fake news," has long been opposed to the anti-establishment sentiment growing in the US for the past several years which culminated in the election of Trump.

Project Veritas has uploaded at least 119 hours of audio files recorded by an anonymous source at CNN around 2009.

Wait a minute, didn't the government CREATE the Internet. They didn't need dragging. No, Obama was stealing the Internet for his globalist buddies.

George Russel. (Feb. 23, 2017). Obama revamp of federal bureaucracy created 'widespread' security policies violations, watchdog says. Fox News.

One of former President Barack Obama's pet projects -- to drag federal bureaucracy into the digital age -- morphed into a rogue operation that disregarded information security policies, used unauthorized software and information systems on government networks, and exposed sensitive information to potential hackers, according to a watchdog report.

Many of the most egregious security violations took place long after the Obama administration's 2014 admission of one of the worst cyber-security losses in history: the theft by China-based intruders of 4.2 million personnel files from its Office of Personnel Management -- a revelation that set off a wide-ranging review of all federal cybersecurity.

The report, issued Feb. 21 by the Inspector General's office of the General Services Administration (GSA), puts the spotlight on a runaway digital services operation known as 18F.
