Another Dirty Judge Cleaning Up Clinton Crimes

A citizens intelligence report by [American Intelligence Media](http://www.aim4truth.org) (<http://www.aim4truth.org>) and [Americans for Innovation](https://americans4innovation.blogspot.com/) (<https://americans4innovation.blogspot.com/>)| PDF (<https://www.fbcoverup.com/docs/afi/2018-01-18-Another-Dirty-Judge-Theodore-D-Chuang-Cleaning-Up-Clinton-Crimes-Patriots4Truth-Jan-18-2018.pdf>)| (<https://www.fbcoverup.com/docs/afi/2018-01-18-Another-Dirty-Judge-Theodore-D-Chuang-Cleaning-Up-Clinton-Crimes-Patriots4Truth-Jan-18-2018.pdf>)<https://tinyurl.com/y9z699os> (<https://tinyurl.com/y9z699os>)

Judge Theodore D. Chuang is a federal judge that seems to be more interested in thwarting the intent of the president than dealing with the rampant abuse of power and destruction of the rule of law by his corrupt chums in Washington.

If his name is somewhat familiar to you, this is the federal judge in Hawaii who attempted to block Trump's travel ban in summer 2017. In his ruling, Chuang wrote (<https://apps.washingtonpost.com/g/documents/national/read-the-federal-judges-ruling-in-md-on-trumps-revised-travel-ban/2377/>) that President Trump's own tweets helped convince him that the latest policy is an "inextricable re-animation of the twice-enjoined Muslim ban" that Trump called for on during the campaign trail and would likely be found unconstitutional.

Although Chuang is in Hawaii, his office is part of Maryland District Court system. His ruling on the travel ban case was taken to the 4th U.S. Circuit Court of Appeals in Richmond, Virginia where it was upheld. The Trump administration then went to the Supreme Court for a ruling where Chuang's ruling, as well as other similar cases, were rejected.

Theodore Chuang is back in the news. This time he has been appointed as the judge over the first Uranium One criminal action. *U.S. v. Lambert* (<https://www.fbcoverup.com/docs/library/2018-01-10-INDICTMENT-Doc-01-US-v-Mark-T-Lambert-18-cr-00012-Theodore-D-Chuang-D-Md-Jan-18-2018.pdf>), 18-cr-00012 (D. Md. Jan. 18, 2018).

We call for Chuang's immediate recusal or dismissal of this case. Not only has he shown his extreme political bias in the Trump travel ban ruling, but he has no business being involved with the Uranium One case. He cannot possibly comply with the Code of Conduct Canon 2 which dictates that he *avoid even the appearance of impropriety*.

Theodore D. Chuang's Hopeless Conflicts of Interest

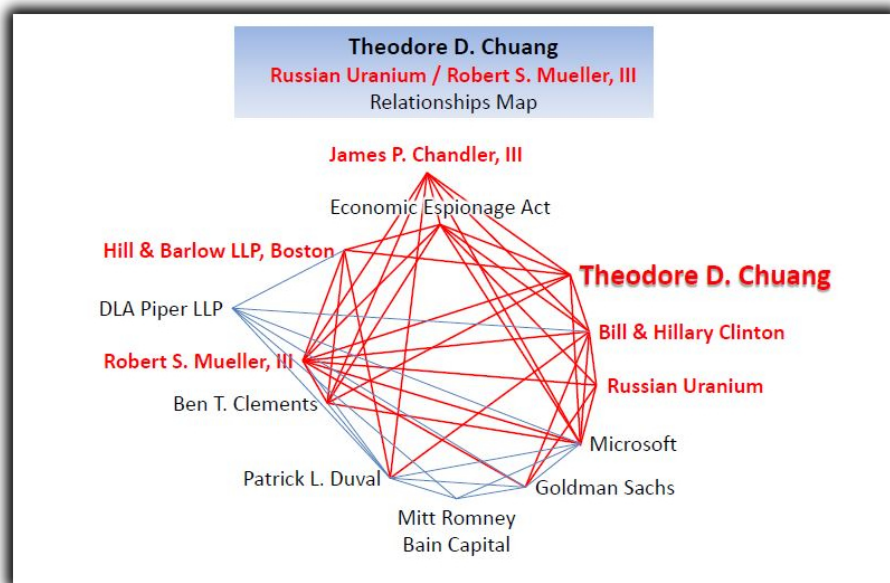

Let's deep dive into Chuang's biography and connect the dots of his questionable history as it relates to being able to rule on the Uranium One case in an impartial way.

On May 2, 2014 (https://en.wikipedia.org/wiki/Theodore_D._Chuang), Theodore D. Chuang was appointed by President Barack Obama as a judge in the US District Court of Maryland (<http://www.mdd.uscourts.gov/district-judges>).

On Jan. 10, 2018 (<https://www.fbcoverup.com/docs/library/2018-01-10-INDICTMENT-Doc-01-US-v-Mark-T-Lambert-18-cr-00012-Theodore-D-Chuang-D-Md-Jan-10-2018.pdf>), Chuang was assigned as presiding judge presiding over the first Uranium One indictment.

Chuang attended Harvard Law School and edited the Harvard Law Review contemporaneously with Barack Obama. Given Harvard's notoriously-known meddling in Russia and the biography that we now know of former economics professor Larry H. Summers (<http://www.fbcoverup.com/docs/cyberhijack/cyber-hijack-findings.html#Fig-16>), these associations with Obama administration principles taint his objectivity in ruling on a case that will involve so many Deep State players.

As we connected the dots with Chuang and the people, mentors, teachers, and contacts in his biography, the picture emerged looking like this:

(<https://patriots4truth.files.wordpress.com/2018/01/chuang-relationships-map12.jpg>)

Fig. 2: Theodore D. Chuang Conflicts of Interest Relationships Map (<https://www.fbcoverup.com/docs/library/2018-01-18-Theodore-D-Chuang-Conflicts-of-Interest-Map2-Jan-18-2018.pdf>) compiled Jan. 18, 2018 among Theodore D. Chuang; Robert S. Mueller, III; James P. Chandler, III; Bill & Hillary Clinton, Microsoft, Uranium One, Patrick L. Deval, Mitt Romney, Bain Capital, Ben T. Clements, Hill & Barlow LLP (Boston), Economic Espionage Act of 1996. Compiled from public sources by Americans for Innovation, American Intelligence Media.

Many of the mutual funds in which Judge Chuang is invested hold substantial amounts of financial interests in Microsoft and Goldman Sachs. Goldman Sachs was a Uranium One deal underwriter. See Fig. 3 below. On Mar. 14, 2001 (<http://www.fbcoverup.com/docs/cyberhijack/cyber-hijack-findings.html#judicial-conference-mutual-fund-scam>), James P. Chandler, III and his judicial cronies manipulated the reporting rules at a meeting of the Judicial Conference regarding mutual funds so that judges could *hide* financial holdings in deep-pocket companies who come before their court. See *How Judges & Bankers Grow Rich on the Backs of American Inventors (The Great Mutual Fund Scam)* (<https://americans4innovation.blogspot.com/2014/11/how-judges-grow-rich-on-backs-of.html>)

(<https://www.fbcoverup.com/docs/library/2018-01-18-Code-of-Conduct-for-US-Judges-US-Courts-accessed-Jan-18-2018.pdf>) in the Uranium One case due to his obvious conflicts of interest.

From Mueller to the Clintons, Holder to Lynch, they are all wrapped up in the U1 crime, and Chuang, who has been mentored and supported by these swamp players throughout his career, will most likely become their judicial protector.

The Uranium One case includes the suspected involvement of Bill Clinton, Hillary Clinton, the U. S. State Department, Robert S. Mueller, III, James B. Comey, Rod J. Rosenstein, James P. Chandler, III, Loretta Lynch and Eric H. Holder, Jr.

Chuang's Questionable Background Should Be An Immediate Dismissal From This High Profile Case

Chuang's confirmation statement highlighted this case: *US v. Simons et al* (<https://www.fbcoverup.com/docs/library/1997-12-16-DOCKET-US-v-Simons-et-al-97-CR-10334-GAO-D-MA-PACER-Dec-16-1997.pdf>), 97-CR-10334-GAO (D. Ma. Dec. 16, 1997).

Chuang collaborated with Microsoft to get an almost \$1 million conviction of defendants accused of counterfeiting Microsoft Office software. This was one of the first cases managed by law professor James P. Chandler, III who had coached the White House and Congress on passage of the Economic Espionage Act of 1996, Federal Trade Secrets Act and False Statements Accountability Act (legalizing lying to Congress and Courts) on Oct. 11, 1996 (<http://www.fbcoverup.com/docs/cyberhijack/cyber-hijack-findings.html#economic-espionage-act>).

Chandler was tasked with advising all U.S. Attorneys, including Theodore C. Chuang, before bringing forward intellectual property criminal cases.

This case shows that Chuang was taking instructions from Deep State shadow government lawyer James P. Chandler, III who was also advising Robert Mueller, Bill and Hillary Clinton, James B. Comey, Rod J. Rosenstein, James A. Baker. These individuals were deeply embedded in the FBI, NSA, CIA counterespionage operations.

Between 1990 and 1994 (<https://www.fbcoverup.com/docs/library/2018-01-17-Ben-T-Clements-Biography-Clements-and-Pineault-LLP-accessed-Jan-17-2018.pdf>), Ben T. Clements was a partner at Hill & Barlow LLP, Boston, according to his public biographies.

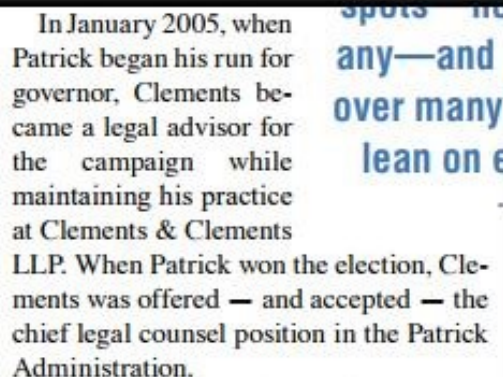

In 1990, Clements entered private practice at the Boston firm Hill & Barlow, which included a brief stint as special assistant district attorney for Middlesex County. In 1994, Clements was appointed an assistant U.S. attorney for the District of Massachusetts.

(<https://patriots4truth.files.wordpress.com/2018/01/chuang-5.jpg>)

Between 2005-2010 (<https://www.fbcoverup.com/docs/library/2010-01-01-Massachusetts-Lawyers-Journal-re-Ben-T-Clements-Vol-17-No-4-Jan-01-2010.pdf>), Ben T. Clements was chief legal advisor to Gov. Patrick L. Duval.

Note that Duval is deeply connected to the D.C. criminal cabal as we outlined in our article entitled: **Mueller's Pathetic Attempt to Overthrow Trump and Prepare His 2020 Successor Fails Miserably** (<https://aim4truth.org/2017/12/09/muellers-pathetic-attempt-to-overthrow-trump-and-prepare-his-2020-successor-fails-miserably/>)

In January 2005, when Patrick began his run for governor, Clements became a legal advisor for the campaign while maintaining his practice at Clements & Clements LLP. When Patrick won the election, Clements was offered — and accepted — the chief legal counsel position in the Patrick Administration.

Between 1986-1994 (<https://www.fbcoverup.com/docs/library/2017-12-08-Deval-Laurdine-Patrick-Biography-ver-Dec-08-2017.pdf>), Patrick L. Duval was a partner at Hill & Barlow LLP, according to his public biographies.

Between 1988-1989 (<https://www.fbcoverup.com/docs/library/2017-12-09-Mueller-Deval-Clinton-Obama-Diller-relationships-uncovered-Dec-12-2017.pdf>), Robert S. Mueller, III was a partner at Hill & Barlow LLP, according to his Senate testimony.

Hill & Barlow LLP was a boutique law firm. Therefore, the insider relationships among Clements, Duval, Chandler & Mueller are unmistakable.

Chuang's collaboration with Clements re. an intellectual property case advised by Chandler, in turn associates him with Clements, Duval & Mueller.

Between 2004-2007 (<https://www.fbcoverup.com/docs/library/2014-01-06-Theodore-Chuang-Senate-Judiciary-Questionnaire-Testimony-Financial-Disclosure-submitted-Jan-06-2014.pdf#page=15>), Chuang was counsel at Wilmer Hale LLP in Washington, D.C. Mueller, III was a “Senior Partner” at Wilmer Hale & Dorr LLP.

What are the odds that Mueller and Chuang would both be partners at the same law firm twice (Hill & Barlow LLP, Wilmer Hale LLP) during their careers, before working at the U.S. Justice Department? Chuang’s impropriety is palpable.

Given Chuang's intimate

associations with Hill & Barlow LLP partners Mueller, Deval and Clements, and each of their intimate associations with James P. Chandler, III, shows these men to be a tight cabal within the Justice Department, State Department, FBI and with the Clintons.

How Did Chuang Become a Multi-Millionaire As a Government Employee?

As with all biographical timelines that we review, we pay particular attention to the individual's net worth in relationship to the jobs they have held. In Chuang's case, we found that he had amassed total assets of \$3.6 million by 2013.

His financial statement is in his Senate Hearing Confirmation Documents:

Chuang is as Radioactive as Uranium One Treason

Chuang is clearly a Chandler/Mueller cartel pawn. He was mentored by Chandler, who was coaching the DOJ Criminal Division on prosecution of the new Economic Espionage Act of 1996 et al. He worked at the DOJ in the Criminal Division with Comey, Rosenstein, etc. **Chuang worked at Mueller's Wilmer & Hale LLP twice.**

He clerked at the corrupt 9th Circuit in San Francisco.

Notably, he was at Wilmer Hale when they were handling the Richard C. Walker patents. Then he became counsel at DHS where Walker's patent and Kappos/Chandler's Eclipse Foundation and NIAC were being implemented to build the surveillance state.

If you have never heard the name Richard C. Walker, then read our expose on the man that holds monstrous patents that threatens human civilization: [How They Plan to Control Everything in Your Life](https://patriots4truth.org/2018/01/12/how-they-plan-to-control-everything-in-your-life/) (<https://patriots4truth.org/2018/01/12/how-they-plan-to-control-everything-in-your-life/>)

We Demand His Recusal

In the Senate Hearing document listed above, Chuang specifically told the Senate Judicial Committee at his confirmation hearing that he will recuse himself from matters related to Homeland Security.

CONFIRMATION STATEMENT, P. 661: "I would recuse in any litigation in which I had played a role. In particular, a case involving the United States Department of Homeland Security as a party might present a conflict of interest."

He worked at Homeland Security from 2009-2011, hence the statement of recusing himself from litigation regarding DHS.

Yet, here he is presiding over the most explosive homeland security in our nation's history. Is not the illegal handling of uranium a Homeland Security related matter?

On top of that, if you overlay the biographies of Mueller, Rosenstein, Clinton, and Chuang during this 2009-2011 time frame, one can't but wonder if Chuang wasn't complicit in the very crime itself. After all, he was General and Associate General Counsel of Homeland Security during the time that the Uranium One deals were being played out.
