**LEGEND:** Some corruptocrat photos in this blog contain a stylized Christian Celtic Wheel Cross in the background alongside the text

"Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly *wanted* to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to

**CORRUPTION  
CENTRAL**

312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entente indicates that the

Law abiding citizens, by nature, want to believe that their elected and appointed officials support the U.S. Constitution. The [Americans for Innovation timeline](#) proves that many of our officials are committing heinous crimes, while the others are silent, thus enabling the sins in their silence.

The timeline of facts—first called a “crimeline” in this video interview with social networking inventor Michael McKibben (above)—proves that a surprisingly large group of our public officials, bureaucrats, bankers, judges and their private company partners have conspired to destroy our Republic.

These seditious criminals want to replace our Republic with a globalist, fascist police state where corporate friends profit permanently from their monopolies. This is a similar model to that used by the Nazis before and during World War II. Their companies like Mercedes, BMW, Krupp, IBM and Bayer were permitted to operate and profit as long as they cooperated with Adolf Hitler's war plans, including the Holocaust mass murder of Jews, homosexuals, gypsies, Poles and Russians.

The timeline indicates that these people have been working on this plan for more than a century. It appears that they have been the financiers of every major war and terror event in our lifetime.

person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics, precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptcrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, “snuff parties” (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Sickle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

## SAUL ALINSKY TEACHES THESE EVIL PEOPLE WELL

Hillary Clinton's political mentor was [Saul Alinsky](#), the author of *12-Step Rules for Radicals* (Random House 1971). Alinsky is/was one of the most evil people, ever. So evil, in fact, that he dedicated *Rules* to Lucifer. One of Alinsky's *Rules* is:

"Make the enemy live by its own book of rules."

One of those rules is forgiveness and non-judgmentalism. Sincere religious people by contrast believe in forgiveness. They also strive to give one's fellow man the benefit of the doubt. This fundamental moral value is *exploited* by evil people. *It is their cover for abject criminality.*

How?

Evil person lie and deceive by nature, so when confronted with their conduct, they tell the good person that they didn't do it, or they are sorry. The good person will then feel obliged, by nature, to give that evil person the benefit of the doubt. This gives the evil person time to continue the misconduct or

firm with the reason why not a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers."

*Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. ## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

**Judge Leonard P. Stark**, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial:* Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

This is huge!

According to our source Swamp Drain, former special agent with the Federal Bureau of Investigation, Cesar Paz is very familiar with James Comey, his secret finances, his career path and many conflicts of interest that involve the Clintons. He decided that he can't keep this only to himself and made a video last week.

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence.

Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. House Intelligence Committee chairman Rep. Devin Nunes said that some Obama administration officials and related figures “went dark” and have not responded to his ten questions on FISA abuse, thus making them liable to receive subpoenas.

Nunes’ office directed Big League Politics to Nunes’ Monday interview with Fox News’ Martha MacCallum, which has not been reported on by other outlets.

Nunes sent questions to 12 people, including top Obama intelligence officials John Brennan and James Clapper, and plans to send the questions to 12 more people. Nunes said the

Gowdy, R-S.C., and Goodlatte, R-Va., penned a letter Tuesday to Attorney General Jeff Sessions and Deputy Attorney General Rod Rosenstein.

"Matters have arisen—both recently and otherwise—which necessitate the appointment of a Special Counsel. We do not make this observation and attendant request lightly," Gowdy and Goodlatte wrote.

In an exclusive interview with Fox News, Gowdy and Goodlatte spoke about the discovery of new information as their reasoning behind calling for a second independent counsel.

Joshua Caplan. (Mar. 06, 2018). SARA CARTER: John Kerry Officially Under Investigation As Dossier Probe Targets Obama State Department

Fox News contributor Sara A. Carter reports that former Secretary of State John Kerry's "possible role," in the Steele dossier is officially under investigation.

Carter reports:

The House Select Committee on Intelligence is now investigating former Secretary of State John F. Kerry's possible role into the unverified dossier paid for by the Democratic National Committee and Hillary Clinton Campaign, this reporter has learned. The dossier, assembled by a former British spy, laid the foundation for the FBI's investigation into alleged collusion between President Trump and Russia and was the essential piece of evidence used by the FBI to get a warrant to spy on a former volunteer for the Trump campaign.

For more than a month, the committee has been in its second phase of investigations focused on former Obama State Department officials and their role in either transmitting information or using information provided by former British spy and investigator Christopher Steele. Steele was hired by embattled research firm Fusion GPS, also under several congressional and Senate investigations. [...]

Jonathan Winer, a long-time colleague of Kerry and who served as the former envoy for Libya during his tenure at the Department, wrote an opinion piece in the Washington Post on Feb. 8, defending his relationship with Steele and his role in the infamous dossier.

Rep. Devin Nunes (R-CA) recently revealed to Fox News host Laura Ingraham that Kerry had been briefed on a 'second dossier'.

"There were comments over the weekend from people from within the State Department that said John Kerry had been briefed on the dossier-the new dossier whatever this new dossier is and that they also provided it to the FBI," Nunes told Ingraham.

It sounds to me that the AI has been created to such an extent, that the 'alter-ego' of any person can be replicated repeatedly, and so accurately, that the 'real person' does not exist. In a 'digital world' the 'flesh and blood' is replaced digitally in cyberspace in a 'pre-configured' shaped persona, by 'PALANTIR', 'PROMISE', 'KINEMASTER', and tied into 'rat lines', compromising the actions of the 'real flesh and blood'.

The AI persona, acts without the 'flesh and blood' knowing that the digital persona is representing them. Additionally, the AI can easily be used to recruit the 'flesh and blood' through blackmail, based on the acquisition of the 'dark profile' of accumulated 'online' presence. In addition, the AI can 'create' a 'dark profile' to misrepresent the 'flesh and blood' to further 'rat line' control and blackmail.

So, instead of using the 'meta-data' technology, to find criminals, the alphabets have used it to create the largest, most powerful, and evil network of criminality in human history. The AI usage is so ubiquitous, powerful, wealthy, and financed, to have 'market shaping' and 'profit harvesting' of existing financial controls, to self-perpetuate, perfect, and implement ever higher levels of AI control... until the 'flesh and blood' is nothing more than an 'energy factory' of 'preconditioned' drug and genetically enhanced mitochondrial factories, that become sub-human as soulless zombies. Is this our fate?

The DOJ announces its plans to release unseen records regarding 'Fast and Furious.'

The Trump administration announced Wednesday its decision to release previously unseen documents relating to the "Fast and Furious" gun scandal that embroiled former Attorney General Eric Holder's Department of Justice; confirming the records will be disclosed in days.

The sensitive material -which is set to be released to the House Intelligence Committee- had been previously withheld by Holder and former President Barack Obama, who used "executive privilege" to conceal the documents from the American people.

"The Department of Justice under my watch is committed to transparency and the rule of law. This settlement agreement is an important step to make sure that the public finally receives all the facts related to Operation Fast and Furious," said Attorney General Jeff Sessions.

"We need to find out the truth, exactly what happened, how it happened, why it happened. We need Mr. Trump, President Trump, to unseal the documents, reverse executive privilege so that we know what happened, and that we can hold the people accountable that are responsible," said the brother of a murdered Border Patrol Agent.

The 'deep state' represents the form of 'tyranny' I call 'communism'. It is a rose by any other name, or rather 'skunk cabbage' which grow in 'swamps'.

Communists, or 'tyrannists' don't mind spending 'other people's money', just as any thief, since it has no 'real value' to them, if it is easy to steal. This is the underlying force with 'tax and spend', but not the main force...which is to burden 'private property' such that it can be 'confiscated by the state', which is under control of the 'deep state' (communists). In this manner, they have infiltrated and bastardized the 'legal process' such that 'legal theft by law' becomes 'legal' but not 'moral'. It is not really legal, but it has the appearance, and if the people don't stand against it, to take back their authority, then all is lost. Remember, the 'power' which comes from God, is never lost, but it is subsumed, by the appearance of power when 'authority' is compromised.

In this sense, I have taken on a local project with the school system. We are a 'poor community'. There is no growth, no industry, no tourists, only 'fruit' and 'cattle', which is very stable. However, the population in the schools has doubled, even though the 'registered voters' and census legal citizens have tapered off by several hundred. So, from where did the 'boom' come, with no 'voter' or 'citizen' census count increase....DACA! Yes, we are overrun with school overcrowding, free breakfast, lunch, dinner, and 'paid babysitting' while the adults work late at minimum wages in the fruit processing warehouses, and orchards. Our courts are 'swamped'. They have turned away from 'justice' as almost all cases are 'plea bargained' with fines, and then turned lose to offend again. It has turned into a 'revenue source', but the people are being robbed, stabbed, and murdered at an increasing rate. Both Janet and I carry 'weapons' whenever we leave the property. Someone north of us by 10 miles was robbed at gunpoint in their cars last week. Discipline in the schools is non-existent. Student outcomes have fallen to the lowest in history. Two students were arrested by our Sheriff last week, for threatening to kill students with guns in the school. I guess this didn't make national news. Also, when I had my 'Trump signs' out during the election, someone poisoned my dogs (Tucker almost died), vandalized my car and truck, and stole all of my signs, twice. This is not the friendly place that I grew up in.

What has changed? Immigration is the problem. My nephew, a local policeman, was shot in the head and killed by a Mexican pimp, running women and drugs locally. He was ready to make arrests when he was setup locally by the 'controllers', and ambushed in an alley...shot dead. So you can see that I'm acutely aware of the issues, and this area is certainly a 'petri' dish of the nation. No one is aware of what is happening in the remote rural areas because no one cares. We who know, and live it every day don't have voices, or the funds to fight against the tide. Most people have given up, purchased weapons and ammo, and are simply waiting it out. A local 'militia' has been formed. I am not liking what I see and hear. Conflagration is only a small spark away from the powder. The white citizens hear are armed to the teeth. I live close to a gun range, and there is 'practice' going on every day. Some days it sounds like a 'firefight'.

Adding to this surreal 'mise en scene' are the 'navy jets' constantly training overhead. The F-18's dogfight over Okanogan Valley and are so loud that I put on my head sets and listen to music. I have long lost interest in their dogfights, as it is so common and annoying every day...and my son-in-law is a 'commander on the Stennis'. So the irony of the 'Navy Jets' overhead, the communist takeover of all agencies, and the criminals reeking havoc on the local people, doesn't make sense. We are armed to the teeth, dog fighting in the sky, and the 'take over' is occurring right before our eyes, while we train the military, with money we don't have, to fight an enemy that doesn't exist! Such totally 'dupery', 'ignorance', 'travesty', 'Shakespearean Comedy', 'Orwellian dystopia', etc. I weep and laugh, and stare into the existential abyss.

The school system 'communists' have now floated a \$37 million dollar bond issue that will 'double' or property taxes to rebuild schools to house the 'students' who are not 'citizens' and whose parents don't pay taxes, and rob the locals at gun point. So, I have organized a 'citizen's' committee, with an 'ad in the local paper', to stop the 'madness'. The first meeting is tomorrow night. We will stop the bond levy, remove the superintendent, call for a new election for the school board, and move from expenses brick and mortar to 'virtual academies' to meet just the 'legal mandate' of 'reading, writing, and arithmetic...stopping at the 8th grade...the 'legal mandate' by law. After this, it's the individual parents problem. And this is how you fight back without blood. You simply redefine the 'actions' with a non-violent, cheaper method to avoid the problem. Now, with everyone in their homes, the schools are not targets, the curriculum is the responsibility of the parents, the mothers can stay home, the property taxes go down, rents decrease, and the immigrants will leave because we no longer have 'freebies' for them. Problem solved.

Andrew Mark Miller. (Mar. 07, 2018). It's On! Trey Gowdy Just Got the 1 Thing He Needs to Make Sure Obama Pays for Abusing His Power. Diamond & Silk.

The Obama administration was plagued by a long list of scandals and the mainstream media looked the other way. In fact, Obama is still running around saying that his administration didn't have any scandals and the media gives him a pass for it. The audacity there is remarkable. The EPA alone had four scandals going on at the same time during the Obama

years. On top of that, we are all familiar with the IRS scandal, VA scandal, DOJ scandal, Benghazi scandal, Hillary Clinton scandal, and on and on.

Not only was Obama responsible for a lot of scandals but a few of the scandals cost American lives. Fast and Furious was one of those scandals and we are still trying to get to the bottom of what happened.

On Wednesday, Jeff Sessions announced a big development on that front...

From The Daily Caller:

The Justice Department announced Wednesday it would hand over documents related to the Obama-era Fast and Furious gun scandal to the House Committee on Oversight and Government Reform.

Former President Obama and former Attorney General Eric Holder had previously refused to produce documents requested by Oversight, documents which former Oversight Chairman Jason Chaffetz at the time called "critical" to pursuing the investigation.

Here's more.

From The Hill:

Attorney General Jeff Sessions announced Wednesday that the Department of Justice (DOJ) will provide documents to Congress on the Obama-era program dubbed "Fast and Furious" that allowed criminals to purchase guns in Phoenix-based gun shops in order to track them into Mexico.

Former British spy Christopher Steele was informed months after accepting the job to compile a dossier on then-candidate Donald J. Trump that the Hillary Clinton Campaign and the Democratic National Committee were paying the bills but that's not what the FBI told the secret FISA court when it sought a warrant to spy on one of Trump's campaign volunteers.

This bit of explosive information was revealed in an expose on Steele by The New Yorker's Jane Mayer but the implications for the FBI are profound. Why? Because the bureau explicitly stated in its Foreign Intelligence Surveillance Application to the secret court that Steele was unaware of who backed Fusion GPS, the firm which hired him, for the research.

Steele, however, claimed in the expose titled Christopher Steele, The Man Behind the
