LEGEND: Some

corruptocrat photos in this blog contain a stylized Christian

Celtic Wheel Cross in the background alongside the text "Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly *wanted* to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to

312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the person's corrupt life, when studied

under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics, precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptocrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

(MAR. 16, 2018)—The Senior Executive Services (SES) was created as Title IV in the [Civil Rights Reform Act of 1978](#) under President Jimmy Carter.

The Act reformed the civil service of the federal government, partly in response to the Watergate scandal. It abolished the U.S. Civil Service Commission and distributed its functions primarily among four new agencies: the Office of Personnel Management (OPM), the Merit Systems Protection Board (MSPB), the Federal Labor Relations Authority (FLRA) and the Senior Executive Service (SES).

[On Sep. 19, 1979](#), President Carter called SES "the keystone of the Civil Service Reform Act." Tellingly, Wikipedia describes it as an also-ran program. Also-ran or keystone? It cannot be both. President Carter's statement stands in stark contrast to the program's TOTAL lack of transparency and the public's total lack of awareness of its existence. Keystone for what? Hindsight provides the answer: racketeering, theft, obstruction of justice, conspiracy, fraud, treason and sedition.

The Senior Executive Service, the keystone of the Civil Service Reform Act, was inaugurated on July 13. The SES offers one of the most promising avenues for improving the management of the Federal government. I know that you share my satisfaction and pleasure that over 96 percent of those eligible to join the Senior Executive Service did so. It is essential that we take advantage of this demonstration of confidence in the Service and maintain the momentum which it has created.

Note: This SES statement was *endorsed* by the following Senators. Did they know what they were endorsing? Somebody needs to give at least Sen. Rand Paul a heads up because we cannot imagine that he knows about the SES' control of the NSA, who he has sued for its unchecked mass surveillance of American citizens in clear violation of the Fourth Amendment.

Let's get this straight. A Senate Committee that oversees the Department of Homeland Security—an agency of the Executive Branch, is telling the American People that the hiring and firing function of the SES—also an agency within the Executive Branch, is not subject to the Executive Branch in its hiring and firing of personnel? Are you kidding me? Is this not the very definition of *sedition*. **This is proof of a shadow government in the Congressional record.**

Who knows anything about the SES? Almost nobody. It is the world's best kept secret. The SES are 8-10,000 highly paid federal bureaucrats who *grease the skids for the Deep State shadow government*. In short, they help insure that government corruption remains a perennially lucrative enterprise, free of the knowledge of, or reprisals from We The People.

The Title IV Senior Executive Service was sold to the public as a way to get experienced private sector executives to work for the federal government. The truth has been that corporate executives put their people in place at the SES, then those SES people feed contracts to their private sector cronies. In short, SES is the administrative arm of a fascist system where selected corporations profit as long as they do the bidding of their Deep State handlers.

The SES was championed and organized by Kristine Marcy (nee McConnell)—a close companion and decades-long co-conspirator with the Clintons.

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS

Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

2. WAS CHIEF JUSTICE ROBERTS BLACKMAILED into supporting Obamacare by his ethical compromises in *Leader v. Facebook*?

3. JUSTICE ROBERTS MENTORED Facebook Gibson Dunn LLP attorneys.

4. JUSTICE ROBERTS HOLDS substantial Facebook financial interests.

5. JUDGE LEONARD STARK FAILED to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment.

BARACK OBAMA'S DARK POOLS OF CORRUPTION

Marcy's brother, [Field McConnell](#), is a retired pilot who flew fighter jets for the Navy, Air Force, Marines and National Guard. He also piloted commercial aircraft for Southern, Republic and Northwest Airlines.

McConnell was the first to discover a Boeing uninterruptible autopilot that could remotely take over or crash an airplane. His reporting to Boeing, FAA and the Defense Department have been aggressively suppressed, yet McConnell continues to speak out boldly.

See [AFI. \(Jan. 11, 2018\)](#). Meet The Person Who Can Remotely Crash Planes And Can Read Your Mind. *Americans for Innovation*.

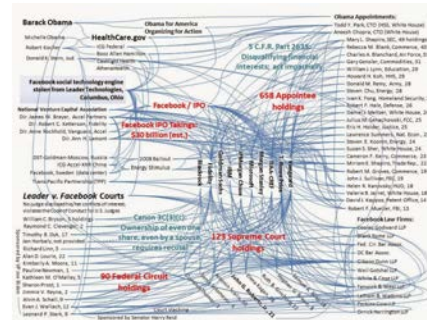

McConnell and sister Marcy are estranged and he has publicly exposed his sister's treacherous conspiracies with Hillary and Bill Clinton to undermine our Republic.

Hindsight shows the SES to be little more than the spiritual children of the Nazi SS—the administrative shock troops of the rogue C.I.A. Deep State shadow government.

Every four years the SES publishes a “Plum Book” (named for its purple cover sheet). It lists the executives in each federal department and agency and their compensation, or at least it is supposed to. As you can see, numerous compensation amounts are blank.

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

 (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the “Facebook Cabal” who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

We have located and compiled these 220-426 page reports. In addition, we have prepared Excel spreadsheets for the number of SES-related jobs by department and agency.

Today, SES and associated positions account for 9,033 employees across 166 departments and agencies at above the highest pay rates in government. **Note the dramatic increase in the new job title "Inspector General" during Barack Obama's eight years. Evidently, Obama's SES Army installed a buffer between their Deep State shadow government handlers and the Law if they ran into legal trouble or got caught—more "insurance." SEARCH SES EMPLOYEE ROSTERS IN THE TABLE BELOW

These SES employee disclosure files at the Federal Register are intentionally broken for searching. Google will normally index an entire PDF document unless blocked by the creator's intent. Engineers have discovered special characters embedded in the fonts themselves (not visible to the naked eye) that block web crawlers from searching and indexing the pages. Therefore, the names will not appear in Google / Bing / Yahoo / DuckDuckGo search results. More on this later. Therefore, these disclosure documents are not transparent. However, *Adobe Reader and Acrobat are able to search for individual names.* To use Advanced Search, choose the PDF file of interest. Select **Edit | Advanced Search** in the Adobe menu line. Type your keyword or phrase and view the list of all occurrences in the search panel. See also [Searching PDFs](#) for full help.

Also, the Plum Books are not comprehensive lists of SES members. For example, the current Secret Service Special Agent in Charge in San Francisco CA, [David Murray](#), advertises himself on LinkedIn as SES, yet neither Murray's name, nor the Secret Service in general, appear anywhere on the Congressional reports that we could find—which is obviously not a secret since he publishes it freely on LinkedIn.

We are unpacking these files and removing those booby traps. So, just because a name does not appear the first time you search, do not assume it is not there. It may have been intentionally rendered unsearchable. We are receiving many reports from whistleblowers that these official SES lists are not comprehensive and are only the "tip of the iceberg" of total SES federal employees. Reading between the lines of their disclosure rules, SES has dozens of ways of making people's names and salaries secret, and as they say in

* This Federal Register file is severely tampered with to prevent search crawlers from indexing it, and even from normal cut and paste and file conversion actions. Essentially, it had to be retyped in order to strip out the embedded malware in the fonts themselves. This tampering hints at possible collusion with Microsoft and possibly Adobe to recognize hidden HEX characters inside certain fonts that automatically junks up the text record, thus preventing normal portability of the data to other programs. This one file took approx. 14 experienced man-hours to render it to full searchability. The effort to "hide this file in plain site" was evident to the engineers.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's *Leader v. Facebook* attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ulyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. SES = SS ?

This comparison of the SES with the Nazi SS appears to be more than metaphorical.

[The Church Committee](#) (1976) revealed that the rogue C.I.A. imported tens of thousands of former Nazi executives to work with their secret American industry partners like IBM.

WHAT AVERAGE PERSON HAS THE TIME TO ENGAGE IN THIS SUSTAINED IMMORALITY?

I mean ask yourself, is it even reasonable to assume that there is so much seething rage in the world that the following events have occurred spontaneously and without substantial financing by the rogue C.I.A. (SeS) who *has been proven* to be funding programs in population control (MKUltra), the space race (NASA, NRO), depopulation eugenics (Planned Parenthood), pedophilia, drug-sex-arms trafficking, money laundering, false flags to scare the public and enrich their hedge funds (Gulf of Tonkin, 911, 2008 Bank 'Crisis,' Rwanda, Kosovo, Syria, Libya, Lockerbie, Oklahoma City, Waco, Sandy Hook, Las Vegas, Parkland, etc.) and mass propaganda (CBS, NBC, ABC, CNN, MSNBC, New York Times, NPR, Washington Post), among others.

Senator F. Frank Church (D-Idaho) wrote in 1976 in his final Committee report which is posted on the Senate website:

“Intelligence agencies have undermined the constitutional rights of citizens,” the final report concluded, “primarily because checks and balances designed by the framers of the Constitution to assure accountability have not been applied.”

Clearly nothing had changed after 1976 because in 1987 Senator Daniel K. Inouye (D-Hawaii) continued to sound the alarm about the Deep State shadow government run by the rogue C.I.A. See video following:

3. Two Policy Changes That Will Make America More Democratic (and less contentious), Dec. 21, 2012

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

BARACK OBAMA'S & HILLARY'S DEEP STATE SHADOW GOVERNMENT "SES CADRE"

On Dec. 15, 2015, Barack Obama Executive Order 13714 titled "Strengthening the Senior Executive Service." Not once, but twice, Obama referred to his "SES cadre." We believe that the use of the word "cadre" was not accidental (like their use of the word IBM Eclipse Foundation, as in eclipse the Constitution). Cadre means "a small group of people specially trained for a particular purpose or profession."

Very evidently, the SES is the secret army of the Deep State shadow government. They are "the Swamp."

Following their theft of Leader Technologies' social networking invention, they were able to dramatically streamline their secret organizing capabilities *completely outside of their official federal government communications systems*. These are the systems Hillary and Bill Clinton used to communicate with on their private Westchester, New York "home brew" email server in total violation of U.S. law while she was Secretary of State.

See [AFI. \(Nov. 22, 2017\)](#). The Weaponization of Social Media Should Concern Us All. *Americans for Innovation*.

Leader Technologies says that their invention included a highly securable messaging system.

Facebook initially offered that email system to the public, but then pulled it back. Thanks to corruption watchdog Judicial Watch, we see that private Facebook communication with Hillary Clinton and her State Department on [Sep. 26, 2009](#) when she contracted with Facebook to build an "template for winning elections" to rig coming elections. More treason.

THE ROGUE SES SAYS THE PRESIDENT CANNOT FIRE THEM!

Here is the regulation they cite:

By law, the appointment to or removal from any SES position in an independent regulatory commission shall not be subject, directly or indirectly, to review or approval by an officer or entity within the Executive Office of the President.

Fig. 7—[S. Prt. 114-26, \(Dec. 01, 2016\)](#); Plum Book, Policy and Supporting Positions. Committee on Homeland Security and Governmental Affairs. U.S. Senate, 114th Congress, 2d Session, PDF p. 228. GPO.

IS SES ABOVE THE LAW?

We don't think so. As with every convoluted law and regulation that these people have had a hand in, it's a two-edged sword. When the American people were not aware of them, they exploited *their* loopholes for *their* benefit. Now that we are awake, their abortion of the Constitution has holes large enough to drive a Mack Truck through. For starters, how about military tribunals and Guantanamo prison?

We must return to what we believed to be regular order in the Republic.

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

We elected our leaders thinking that they would hire qualified people on our behalf and do the people's work.

What we now see is that the SES is a secret army of political and economic saboteurs who pay themselves well and support their globalist Deep State shadow government task masters. [Just look at their faces, they all look guilty.](#)

These SES people know what they have done. The jig is up.

These saboteurs of the American Republic must be punished for their treason, it seems to us.

We call on SES whistleblowers to step forward.

POSTSCRIPT

WAFFEN S(E)S HIDDEN IN PLAIN SIGHT

By An Anonymous Patriot Contributing Writer

It seems that the Nazi practice perfected under the “Third Reich” has been perfected inside the American Republic.

The new “Waffen SS” is none-other than the “Senior Executive Service’. Their enterprises consist of highjacked patents in the technology world, specifically associated with controlling the “Internet of Things.”

The “Neo-Waffen SS” leverages stolen technology, in particular Leader Technologies into trillions of dollars of leveraged assets, using metadata collection for advertising, bribery, and blackmail.

The advertising is performed with “warrantless” search engine metadata capture to create monetized links to every person on the planet.

discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the “heavy burden” of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO](#). Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence.

After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from

This information is sold at tremendous profit to companies who then leverage revenue income through targeted sales. The same “metadata” capture is used to create “dark profiles” on every citizen globally to be “un-masked” when convenient.

When it is “convenient,” such as being “elected” to a public position of authority, this “authority” can then be turned by blackmail. Those that choose to buck the system, are humiliated and sent back to the matrix.

Those who play along, become “useful” tools. They sell themselves like prostitutes to the highest bidder, and are then disposed of when finished. Generally, they have heart attacks, poisonings, suicides or remotely triggered car crashes—all using the same “wet-ware” technology.

The “Senior Executive Services” or “SES” was created to emulate the control structures developed under the “Third Reich.” Within the federal bureaucracy, they are over 8,000+ strong, with an annual overhead exceeding \$800K/year. They move in and out of private companies and the government at will with no vetting or challenges from the House or Senate.

In most cases, they are “invisible” to any control mechanisms, oversight, or challenges, and by default, become the “controllers” within the embedded bureaucratic structures themselves.

They are the “Third Reich Waffen SS.” It appears that Robert Mueller is the “neo-Himmler,” hidden in plain sight.

REMINDER RE. THE MILLER ACT NOTICE

Leader Technologies, Inc. sent their [FIRST AMENDED MILLER ACT NOTICE](#) to President Trump today. It is a contract demand for the U.S. Treasury to pay them for the federal government's 18-year theft of their social networking inventions. These inventions were stolen by Major General James E. Freeze (US Army, ret.) and Leader's patent attorney James P. Chandler, III, on behalf of Andrew W. Marshall and the Department of Defense Office of Net Assessment, and that Pilgrims Society that steals and weaponizes inventions for continuous war making and enrichment of its fascist insider military-industrial corporations.

undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks.](#)

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff*

v. Wells Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even

after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). FBI's Andrew McCabe fired, DOJ releases statement

The Justice Department dealt a stunning blow to former Acting FBI Director Andrew McCabe on Friday night, firing him just days before he would have been eligible for a lifetime pension after determining that he lied to investigators reviewing the bureau's probe of Hillary Clinton's email server.

"Pursuant to Department Order 1202, and based on the report of the Inspector General, the findings of the FBI Office of Professional Responsibility, and the recommendation of the Department's senior career official, I have terminated the employment of Andrew McCabe effective immediately," Attorney General Jeff Sessions said in a statement.

"After an extensive and fair investigation and according to Department of Justice procedure, the Department's Office of the Inspector General (OIG) provided its report on allegations of misconduct by Andrew McCabe to the FBI's Office of Professional Responsibility (OPR)," Sessions said.

Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Jeff Flake has a direct message for the Republicans of New Hampshire: Someone needs to stop Donald Trump. And Flake, a Republican senator from Arizona, may stand up against the Republican president in 2020 — either as a Republican or an independent — if no one else does.

"It has not been in my plans to run for president, but I have not ruled it out," the 55-year-old Flake said Friday in his first solo political appearance in New Hampshire. The state is expected to host the nation's first presidential primary election in less than two years.

"I hope that that someone does run in the Republican primary, somebody to challenge the president," Flake said. "I think that the Republicans want to be reminded what it means to be a traditional, decent Republican."

On Wednesday, the Senate passed the Allow States and Victims to Fight Online Sex Trafficking Act (FOSTA). This law revokes the complete immunity for websites and apps which knowingly enable and profit from sex trafficking that these sites had previously enjoyed under Section 230 of the Communications Decency Act (CDA). The House passed the bill in February and President Donald Trump has indicated he will sign it. While the law should be common sense, its passage required overcoming a sustained lobbying campaign by tech giants like Microsoft and Google. Rather than oppose the legislation out in the open, they worked behind the scenes to surreptitiously kill the bills by funding third parties to do their dirty work for them.

When the Internet Association (which represents Microsoft, Google and most other tech giants) opposed the bill last September, it qualified that "criminal actors and facilitators of human trafficking - including rogue operators like Backpage.com" should be held responsible. The Association argued it supported the law's aims, but it was too vague and could create a slippery slope.

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.

Daniel Greenfield. (Apr. 04, 2018). THE MILITARY CAN SECURE THE BORDER AND BUILD THE WALL. Front Page Magazine.

Why President Trump is right to call out the troops.

Daniel Greenfield, a Shillman Journalism Fellow at the Freedom Center, is an investigative journalist and writer focusing on the radical left and Islamic terrorism.

The United States has 14,000 troops in Afghanistan, 39,000 in Japan, 34,805 in Germany, 23,000 in South Korea, and around 5,200 in Iraq. Our military protects the borders of countless nations.

Except our own.

In 1919, we had 18,500 soldiers on the border. "Twice a day every foot of the border line is patrolled by cavalrymen and infantrymen," the New York Times noted.

A hundred years later, President Trump's proposal to use the military to secure the border is controversial even though Marines fighting drug cartels have come under fire from drug smugglers.

El Salvadoran migration has inflicted 207 murderers on this country. The migrant caravan threatening to invade this country includes migrants from El Salvador. Some of them may be MS-13 members. The Pueblo Sin Fronteras caravan of 1,000 migrants is the product of an alliance between international leftists and migrant invaders. Their goal is the invasion, colonization and occupation of America.

Insightful read. I am sending it because Schumer's support for Facebook is described. If true, this could be, I would think, very useful in Leader Technologies' situation with the "deep state."

Staff. (Apr. 05, 2018). Chuck Schumer HUMILIATED at his house Tuesday. Horn News.

What's stopping the federal government from looking into the numerous accusations into social media outlets like Facebook, which was caught Wednesday secretly recording data from American citizen's private messages?

Critics say it's almost all New York Sen. Chuck Schumer's doing, and one conservative street artist took matters into his own hands. He called out Schumer's corruption in an unorthodox way on Tuesday — right outside his own house.

A Los Angeles-based conservative activist that goes by the moniker Soba has started a guerilla street art campaign against Schumer's alleged "conflict of interest" with Facebook and other tech giants.

The artist has launched an anti-Schumer information campaign across New York City, plastering Schumer's home base with posts that taunt the lawmakers suspicious ties to Silicon Valley.

The stated goal of the campaign is to make American voters aware of Schumer's controversial political ties to tech giant Facebook.

A lady, of particular color, with a mail order Ph.D. now runs the show where I'm at. She came in to my directorate and began causing chaos. Moving managers from job to job to job. Demoting white males, promoting minorities as they are called and females. After she trashed my directorate she was promoted to director of the entire operation. All I'm going to say is this is US Army. It's a VERY important area. She will derail the whole base if left in place. Since there is zero stability in management via rotations happening every 3 to 6 months, it is hell on earth and we are stressed to the max. So you are both right. They are traitors."

At a time when the news was plastered with stories about Russia, these officials saw more serious national security threats. Ahead of Russia, they named North Korea (which was rapidly developing missiles that it could arm with nukes and reach the U.S.), Iran (the world's most active state sponsor of terrorism, which would undoubtedly use some of the billions released under the Obama administration to continue funding anti-Western militant groups) and China (for its confrontational actions in the China Sea, its history of interfering in U.S. elections and its growing economic aggression.)

Rebecca Savransky. (Apr. 09, 2018). Mueller looking into \$150K payment Ukrainian magnate made for Trump appearance: report. The

Special counsel Robert Mueller is reportedly looking into a payment that a Ukrainian steel magnate made to President Trump's foundation in exchange for a 20-minute video appearance to a conference.

The New York Times reported Monday that Mueller is investigating the \$150,000 donation to the Donald J. Trump Foundation that Ukrainian billionaire Victor Pinchuk made in September 2015, while Trump was seeking the GOP nomination for president.

The payment came after Trump spoke through a video link to a conference in Kiev, according to the Times.

Oh how the NYT has changed their tune. I guess Mexican mobster Carlos Slim sat on them.

STORY: The headline on the website Pravda trumpeted President Vladimir V. Putin's latest coup, its nationalistic fervor recalling an era when its precursor served as the official mouthpiece of the Kremlin: "Russian Nuclear Energy Conquers the World."

The article, in January 2013, detailed how the Russian atomic energy agency, Rosatom, had taken over a Canadian company with uranium-mining stakes stretching from Central Asia to the American West. The deal made Rosatom one of the world's largest uranium producers and brought Mr. Putin closer to his goal of controlling much of the global uranium supply chain.

Staff. (Apr. 13, 2018). Founder & CEO of Sex-Trafficking Site BackPage.com Worked For FBI; Robert Mueller Honored Convicted Human Trafficker With FBI Award. TruePundit.

As FBI Director, Robert Mueller awarded BackPage.com CEO Carl Ferrer recognition from the Justice Department and FBI for working in an investigative capacity to assist the FBI.

That award was bestowed on Ferrer and specifically Backpage.com by the FBI in 2011. Mueller, director at the time, signed the award. The citation may have also included a cash reward, FBI sources said.

Ironically especially since Ferrer — previously charged criminally for pimping — was arrested by the FBI last week and pled out to sweeping criminal charges on Thursday.

Last week the FBI seized the embattled BackPage.com website, the Justice Department alleging its founders and employees — including Ferrer — helped traffic underage sex victims, as well as launder millions of dollars among other federal charges.

"For far too long, Backpage.com existed as the dominant marketplace for illicit commercial sex, a place where sex traffickers frequently advertised children and adults alike," U.S. Attorney General Jeff Sessions said Thursday. "But this illegality stops right now."

Sessions' harsh statement came after Ferrer pleaded guilty to state and federal charges of conspiracy, money laundering and more. Ferrer likewise agreed to testify in ongoing prosecutions against other Backpage.com owners who are fighting the charges, authorities said.

But it is not the first time Ferrer has agreed to work as a rat for the FBI concerning BackPage.com's operations. Mueller's FBI award lists Ferrer as BackPage.com Vice

President.
