QUEEN'S PRIVY COUNCIL INFILTRATES FACEBOOK TO DESTROY MAGA, BREXIT AND TAKE CONTROL OF PROJECT DRAGONFLY

Chief propagandist Sir Nick Clegg was Lord President of the Privy Council for five years, directed Christopher Steele and Stefan Halper, joins Facebook to run global affairs and communications

Sir Nick's aunt was a lifelong spy mistress to some of the world's most infamous socialists: H.G. Wells, Maxim Gorky and Guy Burgess (Cambridge Five)

As a Brit and Facebook officer, Sir Nick is proof of foreign interference in the U.S. midterm election as well as Facebook interference in British elections

ROGER STONE SPEAKS:

On Nov. 18, 2017, Twitter censored *New York Times* best-selling author Roger Stone completely. Every red-blooded American should be outraged, Republican, Democrat and Independent alike. If Roger's voice is silenced today, yours is next. We must break this embargo. PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

FACEBOOK DAMAGE CONTROL: Within months he began negotiating with Facebook CEO Mark E. Zuckerberg and COO Sheryl K. Sandberg "over the summer" to become vice-president of global affairs and communications (chief propagandist). These desperate negotiations appear to have occurred concurrently with Zuckerberg's and Sandberg's disingenuous Congressional testimony. On [Oct. 19, 2018](#), Sir Nick was appointed at Facebook. It appears that Clegg's peccadillos may hasten Facebook's decline into further immorality.

QUEEN'S PRIVY COUNCIL INFILTRATES FACEBOOK TO DEST...

Clegg's appointment comes amidst widespread and unprecedented Facebook, YouTube, Twitter and Google blacklisting of politically conservative sites including Dennis Prager, Alex Jones, David Knight, Gateway Pundit, Western Journalism, Tommy Robinson, Roger Stone, President Trump's Facebook page, Matt Bracken, Mark Dice, Milo Yiannopoulos, Breitbart, Infowars, Sibel Edmonds, Newsbud, Right Wing News, Anti-media, Natural News, Sarah Palin, Stefan Molyneux, Pamela Geller and Diamond & Silk.

Clegg arrives in the wake of uniformly arrogant testimony from Mark E. Zuckerberg, Sheryl K. Sandberg and Jack P. Dorsey before Congress several weeks ago.

GROOMED FOR GLOBALISM

Clegg's bloated biography ([33-pages on Wikipedia](#)) oozes globalism. He has never held a real job. He has only ever worked in groomed globalist EU and Privy Council politics his entire life.

He attended a notorious private school named [Caldicott Preparatory School](#) where he was the Head Boy (Prefect) (1980-1983). During that time, it is now known that his Head Master, Roland Peter Wright, and some of the staff had [engaged in decades of pedophilia at Caldicott](#). Clegg claims he knew nothing about the ritual sodomy of his schoolmates by the Caldicott staff. These facts only came to light after the documentary [Chosen](#) in 2008. After Caldicott, Clegg was prefuntorily whisked off to Cambridge University for a degree in social anthropology. After Cambridge, he immediately went to work for the European Union. This is a similar schooling pattern for many in the Queen's Privy Council.

Click here to see [Nicholas William Peter CLEGG. \(Oct. 24, 2018\)](#). Biography, Timeline & Conflicts of Interest. *Americans for Innovation*. ([Raw *.xlsx spreadsheet](#)). See also [Fig. 7](#) below.

After an internship with the notorious Marxist Christopher Hitchens, Clegg teamed with people like Larry H. Summers and Sheryl K. Sandberg to press the establishment of corrupt Russian oligarchs to push the globalist takeover agenda at the same time as [George Soros was allowed by the Bank of England and the Privy Council to crash the U.K. pound and pocket \\$1.4 billion overnight](#) (Sep. 17, 1992) for their WAM (walking around money).

UPDATE MAR. 25, 2014

FIVE CRITICAL AFI POSTS ON JUDICIAL COMPROMISE

Fully updated Mar. 25, 2014 in the wake of the Scribd censorship:

1. **HOW PATENT JUDGES GROW RICH ON THE BACKS OF AMERICAN INVENTORS**  Patent Office filings are shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.
2. **WAS CHIEF JUSTICE ROBERTS BLACKMAILED** into supporting Obamacare by his ethical compromises in *Leader v. Facebook*?
3. **JUSTICE ROBERTS MENTORED** Facebook Gibson Dunn LLP attorneys. 
4. **JUSTICE ROBERTS HOLDS** substantial Facebook financial interests.
5. **JUDGE LEONARD STARK FAILED** to disclose his Facebook financial interests and his reliance on Facebook's Cooley Godward LLP attorneys for his appointment. 

BARACK OBAMA'S DARK POOLS OF CORRUPTION

Clegg then worked in various positions at the European Union and the World Trade Organization (WTO) feeding cash to control the ex-Soviet oligarchs that he and Summers had created (2003-2005).

Between 2005-2015 Clegg was a member of Parliament and leader of the Liberal Democrat party. During that time he served as Deputy Prime Minister in the government of David Cameron.

Between 2010-2015, Clegg was Lord President of the 600-person Queen's Privy Council. During this time his political priorities sounded uncannily similar to socialist Bernie Sanders. Free tuition. Free public shares in banks. Hold the 1% accountable. Handouts for the poor. None of these priorities gained traction and were the subject of popular sarcasm, including the song "Nick Clegg says I'm sorry." See Fig. 5 below.

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

LEADER TECHNOLOGIES Inventor Protection Act
(Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it.
Real American inventors need your support.

RECRUITS LONDON'S INNOCENTS FOR JP MORGAN CHASE

On Jul. 23, 2015, Clegg was appointed as director of The Social Mobility Foundation Co. No. 05488354, Charity No. 1115888. On paper, their mission is to give education and life chances to disadvantage young people in Greater London. However, their financial statements indicate that this foundation is little more than a London recruit-em-young-and-innocent tool for J.P. Morgan Chase and the Privy Council.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's *Leader v. Facebook* attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ulyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. [Click here](#) for a PDF version of Julie Davis' article.

Facebook's, the Privy Council's and Sir Nick's attempts to consolidate the globalist propaganda system are evidently threatened by MAGA, Brexit and Project Dragonfly.

SIR NICK: SENT IN TO DESTROY MAGA, BREXIT & UNIFY PROJECT DRAGONFLY GLOBALLY

Therefore, the Queen's Privy Council evidently was compelled to send Sir Nick as their clean up man to Facebook. For them, the coming MAGA and Brexit votes need to be neutralized. So, they sent their chief propagandist to keep control of the narrative for the globalist Atlantic Council—the Privy Council's U.N. public face.

[Sir Nick's biography and timeline](#) below shows that he is a dedicated monarchist, a globalist in bed with the likes of George Soros, and he's an *enemy* of American and British national sovereignty. 3. [Two Policy Changes That Will Make America More Democratic \(and less contentious\)](#), Dec. 21, 2012

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney dark arts, destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

certainly disqualify Nick from being involved in ANY Facebook business.

Readers are encouraged to forward this post and Nick's biography to all public officials and decision influencers in both America and Britain.

GLOBAL MENACE

It is clear that Sir Nick Clegg is a global menace who has never worked a day in his life, and has been groomed since youth as an instrument of globalist tyranny.

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

We must ensure an unbroken bipartisan chain of custody. That should be your rallying cry. This will essentially eliminate the imminent danger from rigged electronic voting machines. Back to the future: (1) Paper ballots, (2) Inked thumbs, and (3) Unbroken bipartisan chain of custody! It is really that simple.

In addition, God-fearing citizens of the United States and the world must call upon President Trump and loyal American leaders to defund the feeder systems used by these SES corruptocrats.

Ask President Trump to write the check to Leader Technologies for their Miller Act Notice so they can help implement new technologies that *respect* Constitutional privacy and property and help implement a truly Free Press.

MR. PRESIDENT: DEFUND THESE CRIMINALS AND FUND THE MILLER ACT NOTICE

Mr. President, please pull the plug on these corruptocrats and their illegal funding streams. Since they are all based on fake values, no real services will be affected.

In addition, write the Miller Act Notice check to Leader Technologies for 18 years of unpaid use of their revolutionary social networking invention—which these [Privy Council](#) criminals ([Sir Geoffrey E. Pattie](#) and [Lord Mark Malloch-Brown](#)) have hijacked with the [Senior Executive Service \(SES\)](#) to takedown the [American Republic](#). This will generate new cash streams to free up our economy from the globalist stranglehold. This will also empower Leader Technologies and other *actually* creative people in America to fix our foundering ship of state. See [Leader Technologies files trillion dollar bond lien on the U.S. Government](#).

One Miller Act Notice check starts the ball rolling, Mr. President.

In addition, Leader shareholders have proposed a win-win solution to the collapse of the American Free Press, as well a large new revenue source without raising taxes. Leader principals are willing to funnel these payments back into establishing a truly Free Press. See [Leader proposes trillion dollar fed revenue while lowering taxes](#).

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. [See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO](#). Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's

As one of many British citizens reading this blog, I am totally horrified at the extent of corruption amongst the so-called British 'elite', who are being PROVED to be amongst the most evil and corrupt in the world. This latest revelation on the VILE Nick Clegg is unbelievable. Everyone I have ever known, has said they knew he was useless, misguided and NEVER deserved praise - let alone a knighthood - but this is BEYOND INCREDIBLE. It is also a revelation of very real danger to the American voting system and the extent of the hideosities of Facebook

evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. [See disclosure of substantial holdings in Facebook and Facebook-related stocks.](#)

Judge Moore failed to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells Electronics, Inc.*—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012).

Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest.](#) Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr.
