MUELLER'S JUDGE AND PROSECUTOR TAKE THEIR ORDERS FROM HILLARY

LEGEND: Some corruptocrat photos in this blog contain a stylized Christian Celtic Wheel Cross in the background alongside the text "Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly *wanted* to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to 312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics,

precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptocrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

Facebook — a force for freedom perhaps, but at odds with the rule of law in the U.S.

John Adams, or ...?

here's the [Companies House original](#) | [Excel spreadsheet](#)

appear to be an investment vehicle of choice for British peers, Privy Counsellors and their globalist friends so that they do not have to disclose their investments to the public. In the case APPLE EUROPE LIMITED investments however, the ABOGADO shareholders disclose their identities without disclosing their investment amounts.

Like Russian nested dolls, APPLE/ABOGADO has at least four nominee accounts inside them, and no doubt, within them will be other nested nominees:

CORE NOMINEES LIMITED ([02424514](#)), FULLER NOMINEES LIMITED ([04264633](#)) [PDF](#), * I.W.S. NOMINEE COMPANY LIMITED ([00760488](#)) [PDF](#), JUNIPER NETWORKS (NOMINEES) LIMITED ([04553031](#)) [PDF](#) (including Juniper's subsidiaries in Belgium, Egypt, Greece, India, Tunisia, Brazil, Turkey, Russia and Mexico). Evidently, the British since founding the East India Company and The City of London UK have perfected the art of hiding insider relationships—all protected by the King or Queen and the Privy Council. Juniper Networks, the largest corporate networking company in the world, admitted on about [Dec. 22, 2015](#) that they had *voluntarily* embedded the Dual_EC-DRBG backdoor encryption key for rogue NSA/C.I.A. intelligence, then pretended to remove it.

By our quick count, at least [35 donors](#) to the Clintons and Clinton Foundation are APPLE EUROPE LIMITED (UK) / ABOGADO shareholders. They include Abbott, Abbvie, Agilent, Airbnb, Atlantic Monthly, Broadcom, CBG Interactive, Conversys, Davita, Dow, Ericsson, Gazprom, Georgia-Pacific, Getty Images, GM, Harvard, Huawei, Intelsat, Intuit, Juniper Networks, L-3, Marvel, Netflix, Nike, Oracle, Polycom, PR Newswire, Quartz News, Salesforce, Sony, Starbucks, Symantec, Tibco, Tim Cook and Uzabase (JPMorgan). See [Clinton donor lists below](#).

* For example, FULLER NOMINEES LIMITED director [HAL MANAGEMENT LIMITED](#) [PDF](#), [XLSX](#) (see also [Companies Check](#)) is a **massive media holding cover** (including THE KEVIN SPACEY FOUNDATION [06676935]) that masks holdings in the extremely well-known [EALING \(Film\) STUDIOS LIMITED](#) (04213682). **These companies are very evidently part of the British Tavistock propaganda and mind control network of media companies.**

This certainly explains why Apple VP Eddy Cue hides his directorship in Apple Europe! It appears that Netflix and actor Kevin Spacey—both in in Adam Schiff's downline—were using personal knowledge in the Netflix series *House of Cards*.

New (2/17): You Are Wrong! Six Degrees!

The pushback to the *facts* in this Schiff sidebar from trolling lawyers (fake grassroots) is that the discovery of these Schiff nested conflicts of interest is ridiculous since, using their dubious argument, everyone would have conflicts of interest due to "six degrees of separation." To the contrary, in Six Degrees one might find a snowflake six connections away, unlike the globalist *avalanche* found with Cue and Schiff. Six Degrees is not an argument, it is an excuse. **Conflicts are fact specific** and cannot be swept away by such generalizations that are clearly intended to fool the unsuspecting. The conflict of interest laws *require* disclosure to avoid even the appearance of impropriety. Besides, Six Degrees is not a scientific argument, it is a *literary theory*. In the hands of spies it has become a brainwashing curtain to hide nefarious activity behind. It originated with Hungarian author [Frigyes Karinthy](#) in 1929. He was an admirer of globalist H.G. Wells who was himself a member of the [British War Propaganda Bureau \(Wellington House\)](#) and the [Robber Baron clique in 1914](#). Karinthy himself married psychiatrist Aranka Böhm and supported a one-world language called Esperanto. Psychiatry, fiction, propaganda, media, banking: The devil's brew.

ORIGINAL POST

(FEB. 04, 2019)–

Theoretically, district courts randomly assign judges using a master calendar, prescreening, or some combination. With so many options and essentially no oversight from Chief Justice John Roberts, the process in high profile cases is fraught with corruption.

Judge Amy Berman Jackson was nominated by Barack Obama on [Jun. 17, 2010](#). Nominated with Jackson was soon-to-be [FISA Court](#) judge James E. Boasberg.

Fig. 4—Amy Berman Jackson, judge assigned to the Robert Mueller prosecution of Roger Stone and other political targets of allies of Hillary Clinton and The Clinton Foundation.

During the third week in Feb. 2019, Judge Jackson ludicrously claimed that the venerable Celtic wheel Cross in this image was a gun site, then used her perfidy to accuse Roger Stone of threatening her after he used this image in an Instagram post.

Tellingly, the MSM reproductions *all* cropped out "Corruption Central" from their stories, showing only the Cross. Deep State propagandists have even gone so far as to suggest that the Christian Cross was white supremacist motivated. Tell us the last time anyone in America ever even met a white supremacist outside those *faked* by Antifa at their false flag events. That is just juvenile.

STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!

to identify over 750 people believed to be Deep State corruptocrats, some of them deceased. **Endemic Corruption** is being targeted here Judge Jackson, not you. We suggest you repent and stop fabricating evidence to falsely accuse an innocent man who is trying to protect himself from the *now proven* Mueller Witch Hunt. Your conduct violates the Code of Conduct for U.S. Judges. We pray for you. It seems you have forgotten that you work for *We The People*, not your Deep State handlers.

LEADER TECHNOLOGIES Inventor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

—a technology upon which the President and U.S. government now rely;

—a technology *stolen* by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it. Real American inventors need your support.

GIBSON DUNN LLP exposed as one of the most corrupt law firms in America

Investigative Reporter Julia Davis investigates Facebook's *Leader v. Facebook* attorney Gibson Dunn LLP. She credits this firm with the reason why not

a single Wall Street banker has gone to jail since 2008. [Click here](#) to read her article "Everybody hates whistleblowers." *Examiner.com*, Apr. 10, 2012. Here's an excerpt:

"Skillful manipulation of the firm's extensive media connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage."

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ulyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in

However, to the extent that any ambiguity may remain, it should be noted that the legislative history of the USA PATRIOT Act is consistent with this expansive interpretation of section 1861(a)(1). See 147 Cong. Rec. 20,703 (2001) (statement of Sen. Feingold) (section 215 of USA PATRIOT Act "permits the Government . . . to compel the production of records from any business regarding any person if that information is sought in connection with an investigation of terrorism or espionage;" "all business records can be compelled, including those containing sensitive personal information, such as medical records from hospitals or doctors, or educational records, or records of what books somebody has taken out from the library") (emphasis added). In this regard, it is significant that Senator Feingold introduced an amendment to limit the scope of section 1861 orders to records "not protected by any Federal or State law governing access to the records for intelligence or law enforcement purposes," but this limitation was not adopted. See 147 Cong. Rec. 19,530 (2001).

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

CURRENT EDITORIAL FOCUS

GLARING *SHIFT* OF JACKSON'S INVESTMENT HOLDINGS BETWEEN 2009 AND 2012

AFI and AIM researchers discovered a massive shift from 2009 to 2012 in the structure of Judge Amy Berman Jackson's financial portfolio. See [Alert](#).

[In 2009](#), Jackson disclosed 169 holdings of which approximately 85 were private company stocks and 84 were mutual funds.

Jackson's 85 private stock holdings included:

Ameriprise, Apple, AT&T, Bank of America, Berkshire Hathaway, Boeing, Bristol Meyer Squibb, Caterpillar, Chevron, Cisco, Citigroup, Coca-Cola, ConocoPhillips, Covidien, CSX, Cummins, Diamond Offshore Drilling, Disney, Dominion Resources, DuPont, EMC, Emerson Electric, Exelon, Exponent, Fairholme, Florida Power, GE, Google, Home Depot, HP, J&J, JPMorgan Chase, Merck, Microsoft, Motorola, Nokia, P&G, PepsiCo, Pfizer, Philip Morris, Prudential, Royal Dutch Shell, Target, Time Warner, Tyco, UPS and Verizon.

[In 2012](#), however, a dramatic shift occurred. Jackson reported only 44 holdings—a *74% drop* in number of holdings. Also notable was that the holdings were all institutional and mutual funds—no private company stocks.

DID JACKSON LOSE FAITH IN HER 'BLUE CHIP' INVESTMENTS? NO.

A reasonable person will ask why Jackson dumped *all* her Blue Chip stocks.

Or did she?

Remarkably, at least 31 of her 2009 holdings in Blue Chip corporate stocks were in donors to [The Clinton Foundation](#) (*The New York Times* list).

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S.
District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from

The companies in **bold** below are notoriously known donors to The Clinton Foundation by its more than **35** different names.

In other words, these are companies with *known* Clinton Foundation relationships—that Jackson held in 2009—disappeared in her 2012 financial disclosure.

Judge Amy Berman Jackson's holdings in Clinton Foundation donors in 2009 (out of her private stock holdings):

Ameriprise, Apple, AT&T, Bank of America, Berkshire Hathaway, Boeing, Bristol Meyer Squibb, Caterpillar, Chevron, Cisco, Citigroup, Coca-Cola, ConocoPhillips, Covidien, CSX, Cummins, Diamond Offshore Drilling, Disney, Dominion Resources, DuPont, EMC (Dell), Emerson Electric, Exelon, Exponent, Fairholme, Florida Power, GE, Google (Alphabet), Home Depot, HP, Johnson & Johnson, JPMorgan Chase, Merck, Microsoft, Motorola, Nokia, P&G, PepsiCo, Pfizer, Philip Morris, Prudential, Royal Dutch Shell, Target, Time Warner, Tyco, UPS, Verizon

QUESTION: Where did Jackson's holdings in these Blue Chip private companies go by 2012?

ANSWER: She simply *buried* them inside crony mutual funds who were, or became, heavily invested in her favorite companies. This gave her the continuing benefit of those profits while hiding their relationship to the Clinton Foundation.

JACKSON (2012): Up to \$250,000 in AMG Yachtman I (YACKX)

For example: Jackson disclosed a substantial holding in [AMG Yachtman I \(YACKX\)](#) of up to \$250,000 in their Dec. 31, 2017 FORM N-CSR Annual Report to Shareholders (SEC Edgar HTML). [PDF Version](#).

While the AMG Yachtman I fund does not appear to have a direct relationship with The Clinton Foundation, its portfolio holdings, officers, bankers and trustees do . . . massively.

Among [AMG Yachtman's Top Ten Holdings](#) representing 51.5% of their total holdings, 8 out of 10 are notoriously known [Clinton Foundation donors](#) (in **bold and yellow highlight**):

preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that [Jury Instruction No. 4.7 here](#).) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (Editorial: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. See [analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO](#).

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence.

After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Moore stood to benefit financially from undisclosed holdings in Facebook. See [disclosure of substantial holdings in Facebook and Facebook-related stocks](#). Judge Moore failed

In other words, Jackson's 2009 private company stock holdings in Clinton Foundation donors comprise about 80% of all holdings in AMG Yachtman I fund in 2012 alone.

And, AMG Yachtman I is just one (1) of Jackson's 44 holdings reported in 2012. Indeed, despite any excuse like the "safe harbor" concept, Berman has an ethical duty in Canon 3 to disclose these conflicts.

In addition, the AMG Yachtman I (YACKX) Trustees and Officers consist of other known Clinton Foundation donors and operatives, specifically:

After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Evan J. Wallach, U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr. Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an *amicus curiae* brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook](#). Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of

Jackson has layers of conflicts of interest in **violation of multiple Canons** in matters related to Robert Mueller and Hillary Clinton:

1. Judge Amy Berman Jackson has permitted her long-time former law partners from **Trout Cacheris LLP**, **Robert Trout** and **Gloria B. Solomon**, to represent parties in the Mueller matters. The appearance of impropriety and conspiracy with Mueller's political agenda is evident.
2. This is incredible information! How is it that of ALL THE MANY judges available, Mueller picked Amy? She was even the Fast and Furious judge -the farce that hid the sins of Holder, Mueller and Comey. We know the answer - MORE Mueller corruption. This investigation is COMPLETELY COMPROMISED and should be shut down, NOW!

Whitney Webb. (Feb. 06, 2019). Leaked Wikileaks Doc Reveals US Military Use of IMF, World Bank as "Unconventional" Weapons. MintPress.

This "U.S. coup manual," recently highlighted by WikiLeaks, serves as a reminder that the so-called "independence" of such financial institutions as The World Bank and IMF is an illusion and that they are among the many "financial weapons" regularly used by the U.S. government to bend countries to its will.

WASHINGTON - In a leaked military manual on "unconventional warfare" recently highlighted by WikiLeaks, the U.S. Army states that major global financial institutions — such as the World Bank, International Monetary Fund (IMF), and the Organization for Economic Cooperation and Development (OECD) — are used as unconventional, financial "weapons in times of conflict up to and including large-scale general war," as well as in leveraging "the policies and cooperation of state governments."

The document, officially titled "Field Manual (FM) 3-05.130, Army Special Operations Forces Unconventional Warfare" and originally written in September 2008, was recently highlighted by WikiLeaks on Twitter in light of recent events in Venezuela as well as the years-long, U.S.-led economic siege of that country through sanctions and other means of economic warfare. Though the document has generated new interest in recent days, it had originally been released by WikiLeaks in December 2008 and has been described as the military's "regime change handbook."

Jacob Engels. (Feb. 06, 2019). Apple Gives Deep State Access To Roger Stone's iCloud Account, After Refusing To Violate Privacy of San Bernardino Terrorists. Gateway Pundit.

Three years after Apple refused to give the federal government access to the devices used by the San Bernadino terrorists who killed and injured dozens in a mass shooting event, the company has given the office of the Special Counsel complete access to Trump advisor Roger Stone's iCloud account, reports Apple Insider.

According to the Washington Post, Apple objected to giving the federal government backdoor access to the shooters iPhones, claiming it would "set a dangerous precedent."

"From the beginning, we objected to the FBI's demand that Apple build a backdoor into the iPhone because we believed it was wrong and would set a dangerous precedent. As a result of the government's dismissal, neither of these occurred. This case should never have been brought."

Fast forward to present, and we see that Apple no longer seems to have the same privacy concerns it once did in 2015. Without any fight, they simply turned over Roger Stone's iCloud passwords and God knows what else, because Orange Man Bad. The fact that Apple views a political persecution less of a hill to die on than protecting the rights of terrorists who killed and maimed dozens of Americans is quite telling.

Actually, "The information provided on Stone is the same type of information that Apple provided from the San Bernardino shooter's device from 2016 after a warrant was served. Unlike the San Bernardino iPhone 5C, a device unlock has not been requested for Stone's devices, nor has one been performed."

Various trolls seem eager to lead our readers to believe that a judicial proceeding is "well-understood" as only referring to federal courts as in District, Appeals and Supreme Courts. This is pure deception.

For example, the patent court system is an "administrative" proceeding that currently has about 174 unelected "patent judges" that conduct proceedings to award, and in more cases every day, invalidate previously issued patents.

http://www.fedbar.org/Resources_1/Federal-Lawyer-Magazine/2015/May/Features/An-Introduction-to-Administrative-Patent-Judges-at-the-Patent-Trial-and-Appeal-Board.aspx?FT=.pdf

The EPA has Federal Administrative Law Judges.

<https://www.epa.gov/alj>

The National Transportation Safety Board has Federal Administrative Law Judges

<https://www.nts.gov/legal/alj/pages/default.aspx>

The Department of Commerce has federal administrative law judges

[https://coast.noaa.gov/data/Documents/OceanLawSearch/Craft%2C%20Agency%27s%20Opening%20Brief%20for%20Admin.%20Law%20Judge%20\(1989\).pdf](https://coast.noaa.gov/data/Documents/OceanLawSearch/Craft%2C%20Agency%27s%20Opening%20Brief%20for%20Admin.%20Law%20Judge%20(1989).pdf)

Look it up. The fact is the False Statements Accountability Act of 1996 was a ruse to confuse the public and throw the whole question of lying to the public into limbo and into a situation where sneaky lawyers (1/2 of Congress) lie and know that the 28 USC 1001 Subsection (b) would be their Get Out of Jail Free card.

This argument that the definition of "judicial proceeding" is well known is pure BS. Every administrative law judge in every agency of the government is a "judicial proceeding". If the False Statements Act wanted to make a distinction in the definition, opting out certain types of federal courts from Subsection (b), it had an affirmative duty to do so.

No, 28 USC 1001 Subsection (b) is a license for the Senior Executive Service (SES) shadow government (aka Deep State) to lie, cheat and steal.

Los Angeles, CA- Los Angeles Times reporter and assistant managing editor, Kristina Bellatori dropped another bombshell in what can only be described as the ongoing US Congressional and political sex and domestic violence scandal this afternoon.

"The Rob Porter domestic violence fiasco seems to have turned more than just the White House upside down," Bellatori told The Net Spies via Skype. "Not only has everything been turned upside down, but it seems that abuse victims are literally falling from the sky."

Bellatori was contacted by Will Bottom, who claims to be the gay lover of California Congressman, Adam Schiff. "Will contacted me and told me that he had been a victim for too long and wanted to speak out," Bellatori told us. "Mr. Bottom stated that he has been Mr. Schiff's gay lover for many years and has endured a plethora of physical, emotional, and sexual abuse."

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

(1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;

(2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and

(3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.

MRS. STONE TALKS ABOUT THE SHOCKING RAID

The Terrifying Arrest of My Husband Roger Stone. Mrs. Stone talks about the shocking raid

By now I'm sure you have heard about the terrifying pre-dawn raid on the house in Ft. Lauderdale where I live with my husband Roger Stone.

A little before 6am, twenty-nine assault weapon wielding FBI agents in full tactical gear, and wearing night vision goggles, surrounded our home. Because I am hearing impaired and I was sleeping, I did not hear the commotion when an FBI agent pounded on the door demanding my husband open it. I did not know he had been handcuffed and taken into custody.

I woke up only when two FBI agents burst into our bedroom and demanded that I get out of bed at gunpoint. I was marched out to the street in front of our house wearing only a night gown and in bare feet. I was instructed to stand next to my husband who was handcuffed and also barefooted. I am not charged with any crime.

The following is the latest in a series of excerpts from my New York Times bestseller "Stonewalled," which recounts the government intrusions of my computers. More excerpts to follow. Links to previous excerpts are below.

It's July 2014 and one member of my team, Don Allison of KoreLogic, has been working on my computer puzzles for more than a year. I've come to understand why he came so highly recommended. The work has been difficult and tedious. But there's no great hurry. Patience must be exercised. His task has been to unmask some of the most sophisticated computer intrusion efforts in existence. And he's gathering clues and intel. Revealing new information, even now, about the surveillance of both my work and personal computers by an outside presence.

Regarding my work laptop, Don tells me that his analysis shows CBS had the means and opportunity through corporate software to perform its own inside, complete remote acquisition and forensic analysis of the laptop as well as other platforms on their network as soon as I first informed them of the intrusion. If they did so, they didn't tell me about it. Don can see that one party looking through my laptop showed particular interest in my Benghazi reporting work, opening and reading a key file.

Rosenstein, Jackson, Stark, Comey & Roberts all hold substantial Fidelity \$\$\$ investments

No DOJ official with Fidelity holdings should be involved in any matter related to Hillary Clinton and the Clinton Foundation—this circumstance screams "RIGGED!"

This discovery of Rosenstein's Fidelity holdings makes his appointment of Mueller (he should have recused himself along with Jeff Sessions) as special prosecutor a fraud

Chief Justice John Roberts has been silent about this obvious conflict of interest that makes the entire Mueller investigation invalid

Press Release. (Feb. 10, 2019). El Paso a Major Smuggling Route for Mexican Drugs, Illegal Aliens, & Islamic Terrorists. Judicial Watch.

President Donald Trump's El Paso visit is a great opportunity to point out that the west Texas city is a rats' nest of law enforcement corruption, a major smuggling route into the U.S. for Mexican drugs, illegal immigrants, and Islamic terrorists and the headquarters of a sophisticated narco-terror ring operated by two of the FBI's most wanted. While local officials promote it as one of America's safest cities, Judicial Watch has exposed in a years-long investigation the disturbing reality gripping the municipality that sits along the Rio Grande across famously violent Ciudad Juárez, Mexico.

The Drug Enforcement Administration (DEA) says El Paso is a major hub for Mexican opioids and methamphetamine enroute to the rest of the United States. Just a few days ago U.S. Customs and Border Protection (CBP) released figures showing that the El Paso sector had an astounding 1,588% increase in illegal immigrant apprehensions during the first month of

Margot Cleveland. (Feb. 13, 2019). FEC Still Refuses To Investigate Alleged \$84 Million Clinton Campaign Money Laundering. The Federalist.

'It's outrageous that the FEC has sat around and done nothing—especially with such a detailed, comprehensive paper trail handed to them,' lawyer Dan Backer told The Federalist.

Tuesday evening the Committee to Defend the President (CDP) filed a motion in a D.C. federal court seeking to supplement the complaint it had filed against the Federal Election Committee (FEC) in April 2018. In its original complaint, the CDP alleged that the agency responsible for enforcing campaign-finance law failed to act on an administrative complaint the CDP had filed with the FEC. That complaint charged that, during the 2016 presidential election, Democrats illegally funneled approximately \$84 million through the Hillary Victory Fund to the Democratic National Committee (DNC), which then illegally coordinated with the Hillary Clinton campaign.

To understand the alleged scheme requires familiarity with controlling campaign-finance law and campaign contribution limits. As I explained at the time CDP sued the FEC last April:

This post/analysis in 2014 stands the test of time. We have pulled out and highlighted the "even one share" portion of the judicial rules on disclosing conflicts that Amy Berman Jackson is so flagrantly violating. To those that think our recent posts about all the financial conflicts from the swamp bottom feeders are 'much to do about nothing', think again.

Even ONE SHARE must be disclosed.

It's not illegal to own the shares, but our politicians MUST disclose this info....and judges must recuse themselves with even ONE SHARE of conflict. To date, they haven't done diddly squat except lie, lie, and lie again. Oh yeah...and fill their offshore bank accounts from the gains of illegal activities.

Email comment by DVP:

Attached is an article I have written in response to various statements made concerning the border wall between Mexico and the USA.

I am
D__ V. P__
() ____-____
__@__.com

I have been amused at times and then amazed at the depth of ignorance shown by those attempting to demonstrate the unfairness and indeed bigotry and racism inherent in the idea of a border wall or physical barrier between The United States and Mexico.

First, the designation as "Trump's Wall". This ignores the fact that both Presidents Clinton and Bush supported the construction of just such a physical barrier.

Equating the Berlin Wall with a border barrier between the USA and Mexico is sort of disingenuous. The real reason was because the Communist regime discovered that large numbers of East Germans along with others, were defecting to the west. The ranks of well qualified professionals were being depleted. Therefore, the wall was built to keep people from leaving not entering.

A wall will send an, "inflammatory message" message to the world. I doubt that China, Russia, India, Thailand, Japan or Kazakhstan will ring their hands and deliver official protests over such a barrier. That it might inflame those insisting on right of entry and certain local politicians, is a given.

The appeal to the words inscribed on the base of the statue of Liberty, "Give me your tired, your poor, your huddled masses yearning to be free, the wretched refuse of your teeming shore..." as an assurance of unconditional entry ignore the existence or a nearby facility called Ellis Island where over twenty million immigrants were quarantined upon arrival until cleared for entry into the United States.

It is suggested that a border barrier should be equated with some of the darkest moments of our history, ie. the internment of Japanese-American citizens and Alaska natives during WWII. Only those living at that time would understand the very serious situation facing the nation and the President. It was a drastic response to a national crisis the outcome of which was uncertain and would decide whether or not the United States would remain free

country or be dominated by a cruel oppressive ideology.

That idea that walls or physical barriers are a sign of intolerance, bigotry and racism is itself evidence of intolerance. For years I lived in a part of the world where walls surrounded not only private dwellings of the rich, middle class or poor, but the entire village or city. The message of the walls was not, "I'm better than you" or "I don't like your ethnic background" or "I'm afraid of you". It was simply, "Come in at the gate".

Yes, the United States of America has its dark spots which will always be a reminder of its worst days. But lets remember that on at least two and maybe three occasions its existence was the deciding factor between whether the rest of the world would be free or enslaved. And that freedom was bought at a very high price. Lets not throw away the USA.

New (2/17): You Are Wrong! Six Degrees!

The pushback to the facts in this Schiff sidebar from trolling lawyers (fake grassroots) is that the discovery of these Schiff nested conflicts of interest is ridiculous since, using their dubious argument, everyone would have conflicts of interest due to "six degrees of separation." To the contrary, in Six Degrees one might find a snowflake six connections away, unlike the globalist avalanche found with Cue and Schiff. Six Degrees is not an argument, it is an excuse. Conflicts are fact specific and cannot be swept away by such generalizations that are clearly intended to fool the unsuspecting. The conflict of interest laws require disclosure to avoid even the appearance of impropriety. Besides, Six Degrees is not a scientific argument, it is a literary theory. In the hands of spies it has become a brainwashing curtain to hide nefarious activity behind. It originated with Hungarian author Frigyes Karinthy in 1929. He was an admirer of globalist H.G. Wells who was himself a member of the British War Propaganda Bureau (Wellington House) and the Robber Baron clique in 1914. Karinthy himself married psychiatrist Aranka Böhm and supported a one-world language called Esperanto. Psychiatry, fiction, propaganda, media, banking: The devil's brew.

Top Republicans on Judiciary Committees call for McCabe and Rosenstein to testify

Former Clinton adviser Mark Penn on fallout from former FBI Deputy Director Andrew McCabe's allegations.

Ever wonder why people hate lawyers? Consider Deputy Attorney General Rod Rosenstein's non-denial denial of his participation in discussions of an attempted coup against the duly elected president of the United States.

The story is being given a second life thanks to the hype surrounding the rollout of a new book by Andrew McCabe, the former deputy director of the FBI.

McCabe, of course, was fired after an inspector general investigation found that he leaked investigative information and then lied about it. He has been referred to the Justice Department for consideration of a false-statements prosecution.

FBI Covered Up Potential Violations of Law by Hillary Clinton Docs Show State/FBI Bribery Scandal to Help Protect Hillary Clinton

Left Tries to Torpedo Census Question About Citizenship!

How the Deep State Colludes with Its Friends in the Media

FBI Covered Up Potential Violations of Law by Hillary Clinton

As we watch the slow-motion coup against President Trump let's not forget that at its heart is the Deep State's desire to protect Hillary Clinton from the consequences of her illicit behavior.

Now we have more evidence of their cover-up. We just received 186 pages of records from the Department of Justice that include emails documenting an evident cover-up of a chart of potential violations of law by former Secretary of State Hillary Clinton.

We obtained the records through a January 2018 Freedom of Information Act (FOIA) lawsuit we filed after the DOJ failed respond to a December 4, 2017 FOIA request (Judicial Watch v. U.S. Department of Justice (No. 1:18-cv-00154)). Judicial Watch is seeking all communications between FBI official Peter Strzok and FBI attorney Lisa Page.

The new emails came in response to a May 21 order by U.S. District Judge Reggie B. Walton to the FBI to begin processing 13,000 pages of records exchanged exclusively between Strzok and Page between February 1, 2015, and December 2017. The FBI may not complete review and production of all the Strzok-Page communications until at least 2020.

Judge Andrew Napolitano: Roger Stone's Arrest "Gestapo-like"

President Trump's long-time advisor Roger Stone was infamously arrested by 29 FBI agents and U.S. Marshals last month in a pre-dawn raid on his Florida home which was aired live on national cable television by CNN.

Since then, the Department of Justice has been severely criticized for an expensive and brutal and needless show of force in a non-violent case in which Stone was represented by counsel known to the government; was not armed; does not own a gun; was not a flight risk; and was not a danger to society.

The federal magistrate judge, before whom his captors brought him shortly after his arrest, apparently agreed with the critics of the government's Gestapo-like behavior as the judge required only Mr. Stone's written promise to show up in court as bail - no cash, no bond, no property required.

Since his release, Stone has been defending himself aggressively in the media. Last week, those aggressive defenses were criticized somewhat by the trial judge in his case. She has threatened to impose a gag order in the case.

Feb. 16, 2019—Many experts in mind control and propaganda have suspected for some time that Rep. News outlets and media pundits on Friday seized on a court filing in the special counsel's case against Roger Stone that referred to communication the longtime Trump confidant had with WikiLeaks and Guccifer 2.0, the group of alleged Russian operatives suspected of stealing Democrats' emails during the 2016 campaign.

The court filing, which was touted as new, bombshell evidence by numerous news sources, including CNN and MSNBC host Rachel Maddow, may be less than meets the anti-Trump eye.

The filing seemingly refers to communication Stone had with WikiLeaks and Guccifer 2.0, which have already been made public. Those interactions, some of which Stone has released himself, show brief and seemingly innocuous encounters with both WikiLeaks and Guccifer 2.0.

A 2016 DOJ criminal investigation was suppressed and buried by the DOJ/FBI that involved a major NY Democratic power broker, Bill and Hillary Clinton and the Clinton Foundation.

The investigation revolved around the illegal sale of US technology that was ITAR/EAR controlled and US State Department regulated. This included advanced intelligence systems, surveillance, thermal cameras, sensors, radar, C4I and cyber warfare systems that were sold to Russia and China in the years before the 2016 election.

The DOJ terminated its internal investigation despite clear and irrefutable evidence of criminal activity and hid it from the public!

Corrupt Obama Appointed Judge Amy Berman Jackson Does It Again: Puts Politics Before Law in Manafort Case - Should be Removed
by Joe Hoft
The Gateway Pundit

It sure seems like every Obama appointed judge is a far left radical who puts their own distorted interpretation of reality ahead of the US Constitution. In this respect, US District Judge Amy Berman Jackson is a case study. This past week she again showed that she puts

politics before the law.

Her actions with Paul Manafort alone are cause for her to be removed or impeached.

We reported two months ago and again earlier this month, that Obama appointed liberal activist Judge, Amy Berman Jackson, was assigned to the most important court case in US history. Sadly, Judge Jackson has a horrible far left record on the bench. In 2013 Judge Jackson rejected arguments from the Catholic Church that Obamacare's requirements that employers provide cost free coverage to contraceptive services is contrary to their religious beliefs and violated their religious and free speech freedoms. This was overturned by the Supreme Court.

I think they've already cracked up. I think they're already insane. But they are now in the process of taking the Democrat Party with them."

The issue is the complaints this week by House Speaker Nancy Pelosi of California and Rep. Alexandria Ocasio-Cortez of New York that some members of the party agreed with Republicans on an amendment to a gun-control bill.

It measure stands virtually no chance of being approved in the Senate.

But House Republicans wanted an amendment to say that ICE must be informed of any illegal aliens identified in a background check while buying a gun.

Vaccine industry about to recruit gun-toting police to enforce mandatory medical interventions

A Serious Question: When Will The First "Vaccine Enforcers" Be Shot By Parents Defending Their Children Against The Felony Assault Of Forced Immunizations?

The political Left in America today now openly advocates the murder of living human babies, even after they're born.

This is part of the new abortion legislation that has been passed and signed into law in both New York and Vermont... and the entire idea of killing human babies in the name of "women's rights" is spreading to more states, much to the applause of Democrats who cheer the new "right" to kill babies with your bare hands.

One abortionist recently told a former patient they would, "break the baby's neck" if it survived an abortion attempt, reports LifeSiteNews:

The woman said she asked the two abortionists, "If you guys were to take him out right now while he's still, his heart rate is still, you know, going, what would you guys do?"

Andrew Napolitano. (Feb. 11, 2019). JUDGE ANDREW NAPOLITANO: ROGER STONE'S ARREST "GESTAPO-LIKE". StoneColdTruth.

Judge Andrew Napolitano: Roger Stone's Arrest "Gestapo-like"

President Trump's long-time advisor Roger Stone was infamously arrested by 29 FBI agents and U.S. Marshals last month in a pre-dawn raid on his Florida home which was aired live on national cable television by CNN.

Since then, the Department of Justice has been severely criticized for an expensive and brutal and needless show of force in a non-violent case in which Stone was represented by counsel known to the government; was not armed; does not own a gun; was not a flight risk; and was not a danger to society.

The federal magistrate judge, before whom his captors brought him shortly after his arrest, apparently agreed with the critics of the government's Gestapo-like behavior as the judge required only Mr. Stone's written promise to show up in court as bail - no cash, no bond, no property required.

Since his release, Stone has been defending himself aggressively in the media. Last week, those aggressive defenses were criticized somewhat by the trial judge in his case. She has threatened to impose a gag order in the case.

[AFI EDITOR UPDATE: On Feb. 21, 2019, Roger Stone was gagged by Judge Amy Berman Jackson over a totally fabricated excuse that Roger Stone had threatened her on Instagram. A gag is totally against the First Amendment right to free speech and the right of a person under the law to defend themselves. Judge Napolitano appears to be right. America has descended into a Gestapo-like police state. Shame on you Judge Amy Berman Jackson. We will pray for you.]

Edward Ring. Dec. 04, 2018). California's Rigged Election Process Is Coming to America. American Greatness.

The conventional wisdom among experts who monitor elections in America is unvarying:

Voter fraud is statistically insignificant. These sanguine claims are made despite the fact that internal controls are often so poor, or even nonexistent on election integrity, that it is nearly impossible to know if voter fraud has even occurred.

In every critical area—voter identification, voter registration, duplicate voting, absentee ballots, ineligible voting, ballot custody, ballot destruction, counterfeit ballots, voting machine tampering—gaping holes exist that invite systemic fraud. But so what? How relevant is voter fraud, if the entire system is already rigged to favor one party over the other?

Come to California to see what's going to roll out across America in time to guarantee a progressive landslide in 2020. It may be perfectly legal. But it's so rigged it would make Boss Tweed blush.

When planning for the November 2018 election, California's Democrats didn't just aim to pad their supermajority in the State Legislature. They weren't going to be satisfied with a sweep of every elected state position, including governor, lieutenant governor, secretary of state, attorney general, controller, treasurer, insurance commissioner, and superintendent of public instruction. They knew they could do that, but they aimed higher. They were bent on eliminating every Republican congressman they possibly could, and they did pretty well in that. Going into the 2018 election, California's Republican congressional caucus had 14 members. After the election, there were only seven left.

Patrick Howley. (Mar. 02, 2019). BEST PRESIDENT EVER: Trump's Epic CPAC Speech Shows How He Saved The Republican Party. Big League Politics.

NATIONAL HARBOR — President Donald Trump rocked the Conservative Political Action Conference (CPAC) Saturday with an epic speech illustrating how he, Donald J. Trump, saved the Republican Party with the help of his amazing MAGA movement.

Trump offered a unique, personalized, and friendly window into his daily life as president, with anecdotes about his trip to Iraq and an extensive chronicling of how Republicans win elections now because of him and the Trump movement. The crowd was ecstatic. President Trump showed real appreciation for the MAGA activists who have re-shaped the GOP, and he hyped his executive order protecting free speech on college campuses. Most importantly, Trump vowed to win again in 2020. The Trump movement clearly supports that deal.
