## BRITISH-AMERICAN ESPIONAGE-TREASON ON FULL DISPLAY AT "DINNER WITH THE OHRS"

Alison Saunders, CB, the Queen's top prosecutor came to dinner at Bruce and Nellie Ohr's home four days before the infamous Trump Tower meeting

Election interference by a Queen's agent is espionage and for the Americans who helped is treason

**LEGEND:** Some corruptocrat photos in this blog contain a stylized Christian Celtic Wheel Cross in the background alongside the text "Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly *wanted* to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to 312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics,

**(MAR. 21, 2019)**—Following a month-long investigation—aided by a Judicial Watch [Mar. 7, 2019](#) release of more stonewalled DOJ FOIA releases—the long held suspicions of many that British Privy Council intelligence, technology and banking interests are behind the attempted *coup d'état* of President Donald J. Trump can now be confirmed, in our minds, beyond reasonable doubt.

What moved our thinking from circumstantial evidence to fact?

precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptcrat’s conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone’s FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

#### PAY-to-PLAY NEW WORLD ORDER

This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

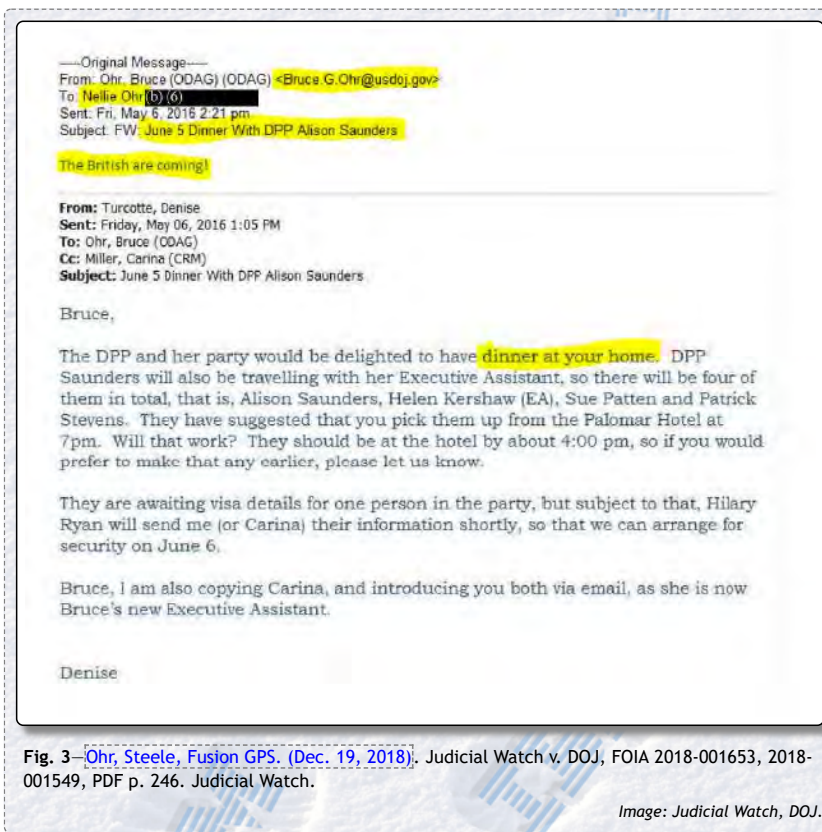

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, “snuff parties” (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

## WHO IS ALISON SAUNDERS?

She is a British barrister (lawyer) who at the time of the Ohr dinner was the Director of Public Prosecutions (DPP) for the Crown Prosecution Service (CPS). In short, she was the Queen's top prosecutor. She held a roughly equivalent post to U.S. deputy attorney general Sally Yates—Bruce Ohr's boss.

On the surface, one might think that such

contacts are not uncommon. After all, lawyers and law enforcement officials the world over compare notes. So what was different about this meeting?

A closer look at Saunders's past and her conflicting relationships shows that she was on a secret mission by her Privy Council handlers to stop Donald Trump. The "Why?" will become apparent as this evidence unfolds.

**Director of Public Prosecutions (DPP) (Nov. 01, 2013-Apr. 02, 2018).**

## WHY WAS SAUNDERS MEETING A JUNIOR OFFICER (OHR) INSTEAD OF SALLY YATES, OHR'S BOSS

The circumstances for "Dinner with the Ohrs" were suspicious on their faces.

As Judicial Watch just uncovered, the Ohrs started planning this dinner party with Alison Saunders a month earlier, on or about **May 06, 2016**. Anecdotally, **Peter Strzok** refused to answer all House questions about the activities of this May-Jun 2016 time period. He even said that his reason was to protect a **"very sensitive source."**

At least six people dined at the Ohrs: Alison Saunders, her executive assistant, Helen Kershaw, Sue Patten and Patrick Steves, Bruce Ohr and Nellie Ohr. Saunders also had MI-6 security with her. We do not yet know who attended on the American side besides the Ohrs.

From a protocol perspective, this meeting was a non-starter. First, Saunders was meeting with an underling of her professional equivalent, Sally Yates. Second, being there under diplomatic immunity begs the question:

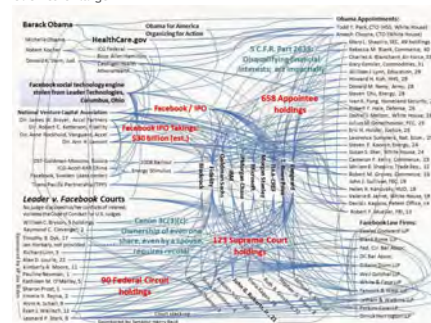

shuffled out the USPTO backdoor to crony lawyers, banks and deep-pocket clients.

## STOP FACEBOOK PROPERTY THEFT

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

**ASK CONGRESS: PASS THE INVENTOR PROTECTION ACT!**

What did Saunders bring with her to give to the Ohrs? McVities, tea, crumpets, money, non-traceable gems, documents, weapons, drugs, what? Both Saunders and Ohr were international organized crime experts, so they would certainly know the opportunities that such a secret meeting provided. It appears that they were engaging in their own organized crime this time.

So, thanks to Judicial Watch, we have proof that American Bruce Ohr, one of the DOJ's paymasters for Obama's stay behind 10,000-man army innocuously named the [Senior Executive Service \(SES\) Performance Review Board](#), is having a secret meeting with the Queen's top Crown prosecutor.

Hindsight being 20-20, we can now look back to the date of the Dinner with the Ohrs, [Jun. 05, 2016](#), and then see that the Trump Tower meeting occurred just four days later on [Jun. 09, 2016](#).

It makes sense. Saunders' American assets, the Ohrs, Strzoks, Comey, Mueller, Lynch, Page, McCabe, etc. were committing treason, and the Privy Council was anxious to make sure they would execute on the plan to frame the Trump campaign with their phony Steele "dirty dossier." It's just astounding how many otherwise educated people conspired all around the world in this drafting effort. Clearly, the proven problem solving abilities of Donald J. Trump spooked them all. It is like their evil Borg hive mind acted in unison.

Before we draw any conclusions regarding this suspicious timing, we need to review Alison Saunders' background.

Saunders' six-year tenure as head of the Crown Prosecution Service was mired in continuous scandal.

In one massive scandal, her prosecutors were caught feeding fabricated evidence to try and convict an innocent man of rape. 3,637 rape trials had to be reviewed and 47 were found to have been corrupted similarly.

In the infamous rape trial of Liam Allan, 23, Saunders' prosecutors withheld evidence among the alleged victim's 57,000 text messages. That evidence exonerated Allan and meant the trial was a sham.

The CPS and police apologized once caught. Wouldn't being tarred and feathered be more effective as a deterrent?

In another high profile case, Saunders ignored three chances to prosecute barrister politician Baron Janner of Braunstone, QC, for his serial sexual abuse of children. Baron Janner was a Fulbright Scholar who had studied at both Cambridge and Harvard Law.

This statement followed right after Davis cited Facebook's chief inside counsel in the *Leader v. Facebook* case, Theodore Ulyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in

Saunders performed so badly in her job that members of the public started a [petition in Parliament](#) to reject her for a customary damehood. Parliament rebuffed the petition saying it does not "meet the petition standards" and essentially said no citizen can dictate such prerogatives of the monarch. The Queen must have taken note in any event because Saunders was not awarded the prefatory honor in 2018, although she does retain a "Companion" title in the Order of the Bath.

So, if Saunders was so bad at her job, why was she hired in the first place? Now we know, she was a willing, expendable gopher for the Privy Council new world order agenda.

With Saunders' dubious job performance in view, and with no financial disclosures with which to review her financial conflicts of interest, researchers turned to her biography for more information about her. That turned up all you need to know.

Companies House (the British version of the U.S. Securities & Exchange Commission) shows that Saunders is a director alumnus (2008-2014) of EASTBOURNE COLLEGE (INCORPORATED) founded in 1867.

EASTBOURNE was historically a boys high school until going coed in 1968. It is one of those uniquely British hoity toity "public schools" (Americans call them private high schools or boarding schools) that costs \$46,000 a year to attend.

The nefarious goings on within some of these schools is finally surfacing. Turns out that they are bastions of the uniquely British form of global corruption that reaches back to the formation of the British East India Company in 1600. We highlighted a particularly nasty spy training school watering hole in a previous post about Baron Richard Allan's family spy history that he has tried to hide: [Haileybury](#). Allan is the current Facebook vice-president for policy in Europe, Africa and Asia. His paramour Dr. Ana Padilla advises Parliament on mental health and pharamcology as advisor to the Tavistock Institute (mass brainwashing propaganda psychiatry since WWI).

Our sources in the UK who have attended other such prominent "public schools" tell us that in their considered opinion, this kind of endemic treachery is institutionalized in perhaps "1-3%" of their public schools. They wished our readers to know that while some of these schools have well-deserved sullied reputations, most value their integrity. That said, if the criminality in these schools is that well known, then why has nothing been done to stop them? Is this not classical co-dependent dysfunction on a societal scale?

Much like Harvard, Yale, Princeton, Stanford and their feeder high schools in the U.S., some of these British public schools have been grooming their generations of corrupt British politicians, bankers,

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

Some of those school environments are toxic. These events are merely *excuses* for Britains self-styled globalist elites to conspire and control the world. These efforts are tightly controlled by their school Board of Governors. At this point in our research, this is no

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from *Leader Technologies* that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr.

Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. ## ARVINDER SAMBEI WORKED FOR THE FBI AND ROBERT S. MUELLER ON 9/11

Arvinder K. Sambei is also a former chief Crown prosecutor, like Saunders. We also now know that Sambei was working for the FBI and Robert S. Mueller after 9/11. She was engaged in [pressing false narratives](#) in the UK about the alleged 9/11 hijackers within days of the event. That case was eventually [dismissed in 2003](#) for lack of evidence, but it served to shield Sambei from any inquiry into her personal complicity in 9/11. Remember, Mueller was appointed to be FBI director on [Sep. 04, 2001](#), just a week before 9/11.

Saunders lacked credibility. She was already by then a washed up policy hack who was buried in controversy. Surely her treasonous American co-conspirators would not have risked their careers on

Saunders' resume. Since she herself had no credibility, she was evidently delivering message(s).

Did Sally Yates, Ohr's boss, attend the meeting? How about Peter Strzok? Lisa Page? Bill Priestap? Loretta Lynch? James Comey? Robert Mueller? Andrew McCabe? Andrew Weissmann? The mind wanders.

Were they all there to get their Privy Council marching orders on the Trump takedown for the new world order? It was information obviously too sensitive to deliver in any other manner than in person?

We believe Saunders was sent by Arvinder K. Sambei to have a secret meeting with the Ohrs on behalf of the Privy Council to ensure a successful take down of Donald Trump's campaign.

## DONALD TRUMP IS A WRECKING BALL TO MORE THAN 100 YEARS OF NEW WORLD ORDER PLANS TO ENSLAVE US (THANK GOD)

Why? Because Donald Trump represented an existential threat to their 200-year Cecil Rhodes plan for one world government. They sensed that Trump would be a wrecking ball to their century of planning. They sensed it and were totally dedicated to stopping it. They risked exposing Saunders to pull it off.

Saunders became a tool in their carefully laid plan to take down Donald Trump. She was controversial, so she was expendable. Unlike Sambei, Saunders and her entourage could travel to meet the Ohrs on a diplomatic passport and carry a diplomatic bag without a customs check. Saunders was able to bring all the tools of the trade with her that her FBI and DOJ co-conspirators might need to frame Donald Trump at the Trump Tower meeting four days hence.

Krebs. (Mar. 21, 2019). Facebook Stored Hundreds of Millions of User Passwords in Plain Text for Years. KebsonSecurity.

Hundreds of millions of Facebook users had their account passwords stored in plain text and searchable by thousands of Facebook employees – in some cases going back to 2012, KrebsOnSecurity has learned. Facebook says an ongoing investigation has so far found no indication that employees have abused access to this data.

Facebook is probing a series of security failures in which employees built applications that logged unencrypted password data for Facebook users and stored it in plain text on internal company servers. That's according to a senior Facebook employee who is familiar with the investigation and who spoke on condition of anonymity because they were not authorized to speak to the press.

The Facebook source said the investigation so far indicates between 200 million and 600 million Facebook users may have had their account passwords stored in plain text and searchable by more than 20,000 Facebook employees. The source said Facebook is still trying to determine how many passwords were exposed and for how long, but so far the inquiry has uncovered archives with plain text user passwords dating back to 2012.

Sharyl Attikisson. (Mar. 22, 2019). Bipartisan group of Senators concerned about FOIA trends. Full Measure.

It's no secret that many Freedom of Information Act requests take a long time to be answered or are never answered at all.

In 2016, Congress passed the FOIA Improvement Act establishing a "presumption of openness," meaning an agency can only refuse to release requested records if it believes they will put national security at risk, for example.

However, four members of the Senate Judiciary Committee have written a letter to the Department of Justice office that processes the agency's FOIA requests. The letter expresses their concern about a "continued culture of secrecy in the federal bureaucracy."

Senators Chuck Grassley (R-Iowa), Patrick Leahy (D-Vermont), John Cornyn (R-Texas) and Diane Feinstein (D-Calif.) have noted "negative trends in compliance with the Freedom of Information Act," which include long delays, lawsuits, and a simple lack of acknowledgement of receiving requests, in many instances.

You can read the full letter from Grassley, Leahy, Cornyn, and Feinstein to the Director of the Office of Information at the Department of Justice here:

If the USG is a corporation as has been proven, then this move by the Brits is really just an internal corporate battle to determine corporate leadership - NOT treason or espionage. Furthermore there is ample evidence that the U.S. is not actually a sovereign nation but is an "incognito" member of the Commonwealth, being it's military branch. Were that not the case, why is the British company SERCO administering almost everything of importance in the USA through no bid contracts? Why does SERCO have "special relationships" with our largest defense contractors? Who REALLY won the revolutionary war? Inquiring minds want to know...

Valerie Richardson. (Jan. 08, 2018). Judge throws out case against Bundys, bars retrial with stunning rebuke to federal prosecutors - Navarro admonished government for "flagrant prosecutorial misconduct" and withholding evidence. The Washington Times.

Nevada rancher Cliven Bundy could have spent the rest of his life in jail, but instead he walked away Monday a free man, the case against him and his sons thrown out over what the judge decried as "outrageous" misconduct by federal prosecutors.

In a stunning rebuke, U.S. District Court Chief Judge Gloria Navarro scolded the prosecution for violating the due process rights of the four defendants — Cliven Bundy, his sons Ammon and Ryan, and Ryan Payne — and dismissed the case "with prejudice," meaning they cannot be retried on felony conspiracy and firearms charges stemming from the 2014 Nevada standoff.

"The court finds that the universal sense of justice has been violated," said Judge Navarro, appointed to the bench by President Barack Obama in 2010, as reported by the Arizona Republic.

A first revelation from our review is that as early at Sep. 16, 2010, Secretary of State Hillary Clinton was using Lanny J. Davis as a secret back channel to India and Pakistan. Davis is Michael Cohen's current lawyer. The task was so secret that the DOS CLASSIFIED it before this Judicial Watch release. Tellingly, just 14 days later on Sep. 30, 2010 Hillary secretly paid \$250,000 and hired Facebook's Russian manager Dmitri Shevelenko for a second tranche to create a "template for election winning." Shevelenko's own Linked In page says he moved to India to write the program. Apparently, Lanny J. Davis and the Department of State itself was being used to rig American elections by then Secretary of State Hillary Clinton. This Facebook contract occurred just two months after the Leader v. Facebook trial which was going to appeal at the time. Such tampering with witnesses in an active litigation is obstruction of justice by Hillary Clinton herself, not even counting treasonous election meddling.
