OUTRAGEOUS DISCOVERY: NEW FISA COURT JUDGE JAMES E. BOASBERG FALSIFIED HIS SENATE ETHICS DISCLOSURES TO HIDE ANTI-AMERICAN LEFTIST BIAS AND PROPAGANDISTS

In 2002, Boasberg failed to disclose massive conflicts re. Pilgrims Society, Mueller, FBI, Wilmer Hale LLP, MI6, Imperial Press "Five Eyes" control of global propaganda, Privy Council, Hillary attorney David Kendall, Obama bundler, Yale Skull & Bones, Oxford Union and wife's Silicon Valley deal making

Three Boasberg court clerks now work for Hillary's Skadden Arps LLP and Mueller's Wilmer Hale LLP

Boasberg must resign or be fired and impeached for his Senate confirmation fraud as we shall see below

LEGEND: Some corruptocrat photos in this blog contain a stylized Christian

Celtic Wheel Cross in the background alongside the text "Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly wanted to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to 312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics,

precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptcrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

PAY-to-PLAY NEW WORLD ORDER
 This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets

Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

ORIGINAL POST

(JAN. 08, 2020)—James E. “Jeb” Boasberg, the incoming presiding judge of the FISA Court, has a secret past hiding under his black robe. He avoided disclosing numerous Oxford University relationships with well-known globalist Pilgrims Society/Privy Council media propagandists, as well as Obama, Clinton and Mueller law firms. **The Senate ethics rules require judge candidates to disclose all "material" relationships.**

Judge Boasberg conceals his secret past. This new research proves his duplicity.

Our investigations have uncovered numerous relationships that Judge Boasberg did not want the American public to know in 2002 when he promised to tell the truth.

On Jun. 26, 2002, at Boasberg’s Senate Judiciary Committee confirmation hearing, Senator Dick Durbin asked Boasberg “Is there anything that you are aware of in your background that might present a conflict of interest with the duties of the office to which you have been nominated?”

Boasberg answered: “No, sir.”

Boasberg lied, as we shall show.

WILL HUMANKIND EVER LEARN? Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity. They evidently believe that they deserve special privileges and are willing to lie, cheat and steal in order to treat themselves to these privileges.

LEADER TECHNOLOGIES Investor Protection Act (Proposed)

America needs to practice what it preaches.

We have no business lecturing the world about free enterprise and the rule of law, when we permit the investors in Ohio-based innovator Leader Technologies to go uncompensated for the risks they took to help invent social networking . . .

- a technology upon which the President and U.S. government now rely;
- a technology stolen by the "Facebook Cabal" who recruited the federal courts and Patent Office into their club of corruption.

Rescind. Investigate. Sanction. Certify.

Contact your representatives. Ask them to pass it. Real American inventors need your support.

Curiously, Boasberg joined the Oxford Union the very *same month* that he claims to have published a movie review in *The ISIS* (see [Fig. 4](#) above). To start publishing for the university newspaper just weeks after arriving is a remarkable achievement. The

OUR MISSION

American citizens must fight abuse of the constitutional right for authors and inventors to enjoy the fruits of their inventions, as a matter of matter of basic property rights and sound public policy. Otherwise, instead of innovation, creativity, genius, ideas, vision, courage, entrepreneurship, respect, property, rejuvenation, morals, ethics, values, renewal, truth, facts, rights, privacy, solutions and judicial faithfulness,

. . . our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

FISA presiding Judge Boasberg is not on St. Peter's College's list of notable alumni. Notably, *WikiSpooks* describes Boasberg this way:

Judge James E. "[Boasberg](#)", who was appointed by President [Barack Obama](#), appears to be the go-to judge if you don't want something released to the public."

Even a cursory review of the [St. Peter's College academic staff](#) photos telegraphs body language issues with many of these people who are unable to hide their devilish countenances. We'll leave it at that.

We have been able to reach out to a prominent Oxford PhD who confirms our suspicions about St. Peter's College. This person said that *The ISIS* is notoriously far left to which leftists and communists cling (often in league with the notoriously communist London School of Economics). This source was unfamiliar with The Pilgrims Society and the First Imperial Press Conference, 1909, and its creation of MI6, MI5 and GC&CS (renamed

CODE OF CONDUCT FOR U.S. JUDGES

"CANON 2: A JUDGE SHOULD AVOID IMPROPRIETY AND THE APPEARANCE OF IMPROPRIETY IN ALL ACTIVITIES"

GALLERY OF JUDICIAL MISCONDUCT

Judge Leonard P. Stark, U.S.
District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader from

GCHQ in 1946) through the Empire Press Union newspapermen. It appears that St. Peter's College is used for grooming media spies. This is the company Boasberg kept.

Who pulls Judge Boasberg's chain? Answer: Pilgrims Society globalists.

When one puts together the lists of alumni from St. Peter's College Oxford, Yale Skull & Bones and St. Alban's boy's school, we see a long list of notables to whom Judge Boasberg has pledged his loyalties. These loyalties would appear to *supercede* his oath to uphold the U.S. Constitution.

No wonder Boasberg avoided disclosing St. Peter's College, *The ISIS* and Yale Skull & Bones in his disclosures.

ROBERT MUELLER & WILMER HALE LLP

In 2002, Judge Boasberg concealed his relationships to [Robert S. Mueller III](#) and Mueller's Wilmer Hale LLP (renamed Wilmer Hale in 2004) law firm. In the wake of 9/11 and Mueller's collusion with the Clintons and Britain's Senior and Chief Crown Prosecutors [Arvinder K. Sambei](#) and Alison Saunders, respectively, this was a material nondisclosure (material means he had an ethical duty to disclose it). Given Mueller's tenure as FBI director and his central role in sustaining the Trump-Russia hoax, this omission alone, again condemns Judge Boasberg.

Fig. 11—Robert S. Mueller III. Director of the Trump-Russia hoax; organizer of 9/11, African Embassy bombings with British Sr. Crown Prosecutor [Arvinder K. Sambei](#).

preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. ([See that Jury Instruction No. 4.7 here.](#)) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the "heavy burden" of the clear and convincing evidence standard.)

Judge Alan D. Lourie, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Lourie stood to benefit financially from undisclosed holdings in Facebook. [See analysis of Judge Lourie's T. Rowe Price holdings re. the Facebook IPO.](#)

Judge Lourie also failed to apply his own law-test in *Group One v. Hallmark Cards* to the evidence. After debunking all of Facebook's evidence on appeal, Judge Lourie created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

Judge Kimberly A. Moore, U.S. Court of Appeals for the Federal Circuit, panel judge in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). WILLIAMS & CONNOLLY LLP (DAVID E. KENDALL):

In 2002, Judge Boasberg concealed his relationships to the Williams & Connolly LLP law firm. Williams & Connolly had a long-time relationship to Bill & Hillary Clinton, national security advisor James P. Chandler III and critical matters involving America's intelligence infrastructure. The firm incorporated The Clinton Foundation and its 35 fictitious names, like the Clinton Global Initiative (CGI) and Clinton-Giustra foundations. Since Hillary for President paid for the Steele dirty dossier, this omission too, condemns Judge

to follow the long-held precedent for testing on-sale bar evidence in *Pfaff v. Wells*

Electronics, Inc.—an evident and intentional omission coming from a former patent law professor. After debunking all of Facebook's evidence on appeal, Judge Moore created new argument in the secrecy of chambers to support Facebook and prevent the on-sale bar verdict from being overturned—a clear breach of constitutional due process.

[Judge Evan J. Wallach](#), U.S. Court of Appeals for the Federal Circuit, member of the three-judge panel in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Wallach is not a patent attorney. This begs the question as to why a judge with no knowledge of patent law was assigned to the case. Would anyone ask a dentist to perform brain surgery? The Federal Circuit was specially formed to appoint patent-knowledgeable judges to patent cases. There is no evidence so far in the judicial disclosures that Judge Wallach holds stock in Facebook, although when he was asked on a motion to disclose potential Facebook holdings and other conflicts of interest, he refused along with the other judges. [See Motion to Disclose Conflicts of Interest](#). Judge Wallach continued in silence even after Clerk of Court Horbaly failed to provide him with Dr.

Lakshmi Arunachalam's motions (according to his Federal Circuit staffer Valeri White), and yet the Clerk signed an order regarding that motion on Judge Wallach's behalf. [See a full analysis of these events at Donna Kline Now!](#) Judge Wallach also failed to police his court's violation of Leader's Fifth and 14th Amendment constitutional right to due process when he participated in the fabrication of new arguments and evidence for Facebook in the secrecy of judge's chambers after he had just invalidated Facebook's sole remaining item of evidence (using disbelieved testimony as ostensible evidence of an opposite). Judge Wallach also failed to police his court when he failed to apply the Supreme Court's *Pfaff v. Wells Electronics, Inc.* test for on-sale bar evidence, which included even the Federal Circuit's own *Group One v. Hallmark Cards, Inc.* test—a

Boasberg.

MUNGER, TOLLES & OLSON

In 2002, Judge Boasberg concealed his relationship with Munger, Tolles & Olson that is notorious for only funding Democrat politicians including Adam Schiff, Barack Obama, Dianne Feinstein, Hillary Clinton. The firm, and was an Obama bundler.

OXFORD UNIVERSITY / RHODES SCHOLARS / IMPERIAL PRESS:

In 2002, he concealed that he had written for *The ISIS* Oxford University Magazine in November 1985. *The ISIS* is well-known to have been a far-left organization that supported the agenda of the Pilgrims Society, Empire Press Union (renamed Commonwealth Press Union) and their minions in MI6, MI5 and GC&CS (renamed GCHQ).

Dogged AFI researchers were able to obtain the 1985 Michaelmas No. 4 (Winter) copy of [The ISIS](#). Remarkably, the [page 18](#) for Boasberg's movie review was missing. Interestingly, what it does include is a job notice for LOGICA. LOGICA was sold in 2004 to CGI Federal (Canada) which received the first contract to write the Obamacare website and was run by a college classmate of Michael Obama.

Researchers also uncovered Michaelmas No. 2 (Winter) copy of [ISIS](#). Remarkably, the [page 22](#) movie reviews also do not have a movie review by Boasberg.

test which Judge Lourie should have advised Judge Wallach to follow since Judge Lourie *helped write* that opinion. [Group One test omission analysis](#).

Clerk of Court Jan Horbaly, U.S. Court of Appeals for the Federal Circuit, clerk who signed all the opinions in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Clerk Horbaly and his staff obfuscated when the court's ruling was challenged by an *amicus curiae* brief revealing clear mistakes of law and new evidence. [See analysis of the misconduct and misrepresentations within the Federal Circuit Clerk of Court in Leader v. Facebook](#). Mr. Horbaly failed to disclose his conflicts of interest and close associations with numerous Facebook attorneys and law firms, as well as his close association with one of Facebook's largest shareholders, Microsoft, who is a Director of The Federal Circuit Bar Association where Mr. Horbaly is an ex officio officer. Additionally, the DC Bar revealed in a written statement that Clerk Horbaly is not licensed to practice law in the District of Columbia. [Editorial: What does that make the Federal Circuit with its location within in a stone's throw of the White House? A self-governing state?]

Judge Randall R. Rader, U.S. Court of Appeals for the Federal Circuit, chief judge responsible for the (mis)conduct of his judges and Clerk of Court in *Leader Techs v. Facebook, Inc.*, 678 F.3d 1300 (Fed. Cir. 2012). Judge Rader failed to manage his court resulting in a likely situation where his judges never even received briefs that they allegedly ruled on in favor of Facebook. Judge Rader also failed to disclose his conflicting relationships with a Leader principle with whom he may have had deep professional differences during his time at the Senate Judiciary Committee—his former professor of

SOLDIERS

Now having discovered the elusive November 1985 *The ISIS* movie reviews (Nos. 2, 4), it is certain that Boasberg's name does not appear. We cannot rule out the possibility that Boasberg's name was edited out, but forensic analysis is inconclusive.

We have no reason to believe British archivists would have altered the magazine to edit out Boasberg, but Hillary Clinton, Robert Mueller and Michael Chertoff (former DHS director) control the world's [public key infrastructure \(PKI\)](#) certification system (ENTRUST, CloudFlare, Symantec, DigiCert, Cmodo, Geotrust, Let's Encrypt, Verisign, etc.). Therefore, they have the capacity to alter British Library, Cambridge and Oxford archives without the librarians' knowledge.

The November 29, 1985 movies that Boasberg told the Senate he reviewed were *Cocoon*, *Suburbia*, *My Beautiful Launderette* and *Official Version*. The reviews are chock full of "sex interests," sexual fantasies, alien intercourse, rape, "tarting-up," "long homosexual loves scenes," a homosexual father who sodomizes his son.

Was this Nov. 1985 movie review by Boasberg and his collaborators a cry for help? It is notoriously known that certain Oxford Colleges very intentionally groom selected students in homosexuality for the Pilgrims Society propaganda and spy business.

Notably, the authors' UK library sources reviewed all copies of *The ISIS* in the years before and after Boasberg's claimed Nov. 1985 authorship. They confirm that Boasberg's name does not appear anywhere. They concluded that either he did not publish the movie review, or he used a pen name, which is also unlikely since the other names appeared in multiple issues of the magazine.

Boasberg's fellow Oxford movie critics' names are quite telling and appear in other numbers of *The ISIS*, including Karin Galil, Kate Davies, Jason Kingsley, Alex Connock and Richard Downes. Pilgrims Society media

law at George Washington University Law Center, former Leader director Professor James P. Chandler. [See analysis of Judge Rader's undisclosed conflicts of interest in *Leader v. Facebook*.](#)

Judge Rader also did not stop his judges from creating new arguments and evidence for Facebook in the secrecy of chambers—after they had debunked all of Facebook's evidence on appeal, which is a clear breach of constitutional due process.

propaganda control is an evident theme of four of the five students listed. The fifth, Dr. Karin Galil, shows the clear fingerprints of eugenics population control via vaccines and “micro-dosing.”

Karin Galil is a medical epidemiologist who studied chickenpox trends and vaccines for the Center for Disease Control CDC's National Immunization Program. She is a specialist in infectious diseases and micro-dosing. Microdosing, or micro-dosing, is a technique for studying the behavior of drugs in humans through the administration of doses so low they are unlikely to produce whole-body effects, but high enough to allow the cellular response to be studied.

Connock's Reuters relationship means that he is an MI6 propaganda agent for the Pilgrims Society. Reuters was one of the founding members of the Empire Press Union (Jun. 1909) that founded British MI6, MI5 and GC&CS renamed GCHQ in 1946. Another indication that Connock is an MI6 spy is his groomed resume that is larger than life. He worked for UNICEF—well known to be the Pilgrims Society's Oxford University Rhodes Scholarship & Friends tool to usher in a corporate controlled one world government.

Connock's resume shows all the telltale signs of Pilgrims Society propaganda grooming including stints with ITV, People Magazine, BBC, Planet 24, SKY TV, Columbia Journalism, Digital Innovation, Royal Television Society and many more—way too many for a normal, non-groomed human being.

In addition to Boasberg's dubious Oxford past, since becoming a judge in 2002, Boasberg has had at least three Yale interns while he was a Washington, D.C. judge:

- [Julia Veroff](#) (now Hillary's attorney Skadden Arps LLP, ACLU—anti-Trump), and

We believe this hindsight shows a clear recruiting agenda for self-styled elitists to carry the Pilgrims Society flag for the New World Order. His 2002 nondisclosures of his associations with *The ISIS Pilgrims Society Oxford* propaganda organ were **material and evident deception**.

It is no wonder PM Boris Johnson just said he wants no more Oxford alumni in the British bureaucracy. The United States should probably expand the no-hire zone to not only Oxford, but also Harvard, Yale, Columbia, Georgetown, George Washington University, Stanford and Princeton. That would put a serious dent in the Privy Council/Senior Executive Service (SES) choke hold on the American Republic.

Roland Rudd is tied to Facebook, Alisher Usmanov and the BBC to whom he likely fed stories.

Neil Sherlock is tied to KPMG, PWC, Facebook, Sir Nick Clegg, Carnegie Trust and the Pilgrims Society.

Anthony Goodman is tied to The Conference Board (NY), *Financial Times*, SDX and Pilgrims Society consulting.

The American public needs to know about these Oxford University globalists with whom Judge Boasberg is associated, but failed to disclose in his Senate Judicial Committee confirmation hearing.

His cover was as Secretary of the British Universities Mission to the United States. Pigott handpicked a notorious homosexual Beverly Nichols to restart *The ISIS* in 1919 after returning from the propaganda spy mission against President Wilson. See [Previous Post](#).

The fact in itself that Nichols was an open homosexual is only mentioned because the British intelligence feeder system appears to have been focused on recruiting Oxford, Cambridge and Eton homosexuals, probably because their psychological profiles made them easier to control and manipulate as spies. And later blackmail.

Pigott was described as a licentious "dandy," a "salesman of soft pornography" and a "peddler of erotic literature. Such was this Oxford recruiter of MI6, MI5 and GC&CS spies.

Pigott's boss was Minister of Propaganda John Buchan—a Cecil Rhodes disciple, Pilgrims Society co-founder, Imperial Press Conference, 1909 delegate, founder of the

In short, Boasberg admits writing for one of Britain's leading spy propaganda Oxford University student magazines.

Pigott's successor in 1919 as editor of *The ISIS* was Beverly Nichols. Besides being an overt homosexual and recruiting fellow homosexuals to spy for Britain, Nichols was heavily involved in Pilgrims Society propaganda, including producing substantial propaganda for the [Ford Motor Company UK in 1938](#). Henry Ford was at the time a well-known Pilgrims Society member who made money on all sides of WWII.

bureaucrats orchestrated this treason.

People simply cannot believe that the U.S. Patent Office is not capable of running itself without foreign help?! American inventors take note: You're screwed.

We could not believe this either, but here is Serco's [2015](#) press release announcing its deal with Obama. No reasonable person can view the giving away of a vital office to a foreign power as anything but sedition. This alone should get your blood boiling, but it gets much, much worse.

[Serco](#) operates 58 U.S. air traffic control towers! WAT? Isn't this a national security issue? Are Americans not capable of running their own airports?!

Serco has major contracts with the FCC, FTC, FAA, DOJ, DOS, DHS, NRO, ICE, GSA, prisons, Pension Benefit Guaranty Corp and they even run U.S. military boot camps.

SERCO actually has two \$800 million contracts to run FEMA Regions 2 and 9.

Serco runs major public works in Chicago, Los Angeles, San Francisco and several cities in Colorado and Georgia —all Deep State shadow government globalist strongholds. [Georgia = IBM](#).

Given this plethora of ties to Mueller and Britain, Boasberg had an ethical duty to fully describe his background in 2002, so that Americans would not have to wait until after 2010 to learn his duplicity with the Pilgrims Society, the Crown Agents, the Senior Executive Service (SES).

Chief Justice John Roberts has a duty to immediately fire Boasberg as a FISA Court judge, if he does not resign first.

How does this happen? How does someone like Boasberg get through the approval process. It has to be that the people in the approval process are globalists, in cahoots, and the good guys are silent, through fear. Totally despicable and NEEDS FIXING

[EDITOR: This response was posted at a conclave site for AMERICAN INTELLIGENCE MEDIA. Judging from the closing, it was written by a "regular" lawyer-troller of both our sites. He alternates names among "JC," "John Miller" and now "John Universaroney." Normally we don't bother our readers with his epithets and tirades, but felt this one was particularly instructive into the mindset of the hard-left/communists who are attempting to take down our President and our country. It is followed by a response from one of the AFI researchers.]

Name: John Universaroney

Comment: This article is childish nonsense. But I will give the author credit; this is tin-foil conspiracy fodder of the first order. So many logical fallacies and factual untruths. Where to start?

Let's begin with what is simply terrible research on the author's part. "BOASBERG HID SIGNIFICANT RELATIONSHIPS IN 2002, THEN DISCLOSED THEM IN 2010." Ummm, no. He didn't. I don't know how it's possible, but the author missed the fact that the Senate judiciary disclosure forms in 2002 were different than those in 2010. The forms in 2010 called for applicants to list all education, employment, and associations starting after COLLEGE graduation. The forms in 2002, however, only required applicants to list that information after LAW SCHOOL graduation. Anddddd...there you go. Goodbye conspiracy theory.

And then let's look at these "massive" conflicts of interest. Munger Tolles, Williams & Connelly, Wilmer Hale. These are the firms where Boasberg worked as a Summer Associate. As someone who has actually worked as a Summer Associate in two top-tier law firms, let me tell you just how silly that theory is.

First, if you attend a top 20 law school, such as Yale, here's how it works when it comes to getting a job. Beginning in the fall of your 2nd year of law school, the school hosts what is known as OCI, or On Campus Recruiting. Attorneys from the top law firms will come to campus for a week and interview students. As a student, you typically choose your top 15-20 firms and then you are put into a lottery with the other students. From that lottery, you will be given roughly 8-10 interviews from the firms that you chosen. Sometimes, you will also have firms ask to interview you if you have particularly good grades. You will then do 8-10 interviews and if you do well, then you get a callback where the firm will fly you out to their office where you want to work. You meet other attorneys there, get wined and

*** BEGIN, John U, Part II ***

Working as a Summer Associate is a joke. You will be at the firm for no more than 8 weeks, and the only work you do is writing some memos, maybe going to court to watch some attorneys, and doing some basic legal research. Most of your time is spent going to fancy lunches, playing golf, going to happy hours, going to BBQ's at the big partner's houses, etc. It's wine and dine for 8 weeks. And then if you don't do something really stupid, you will get an offer to join the firm at the end of the summer. You don't actually start working there until after your graduate a year later and then pass the bar.

So that's the "massive" conflict you're claiming. Boasberg literally worked at those 2 firms for 6 weeks tops (he split his summer as you can see) and then never actually worked at those firms.

The top 20 or so law firms are also cookie cutter. They are basically interchangeable. You pick the city where you want to ultimately live, and then you've got 10 or so law firms that are more or less identical in that city. If you're going to L.A., Munger Tolles is one of those firms. Washington DC, Wilmer Hale and Williams & Connelly are both on that list. The truth is that when you're in law school, you don't really know what firm you want to join or what kind of work you really want to do. You go by "prestige" based on the annual law firm rankings in the Vault guide. That's about it. Most students don't even know if they want to do litigation or transactional work (deals, SEC filings, etc.), so usually your summer is split between those departments within a firm. You don't do jack squat in terms of any meaningful work as a Summer Associate and you're not making any connections or doing any work that would ever create a meaningful conflict. You're being wined, dined, and woo'd to join the firm that tells you it's the best but is really indistinguishable from any other top 10 firm. That's it.

So this supposed "nondisclosure" by Boasberg wasn't even a nondisclosure in the first place. But even if it were, it means nothing in the real world.

So how about all of the nonsense about The ISIS? I cannot even imagine what's going on inside the author's head to go on and on and on with conspiracy theory after conspiracy theory after conspiracy theory when the guy literally wrote ONE SINGLE MOVIE REVIEW. A movie review. Yes, let that sink in. But no, that OBVIOUSLY means that he's a bought and sold MI6 plant who is being sodomized and used to recruit other "homosexuals" for some master plan. ROTFL. Seriously, who comes up with this shit? The dude wrote a movie review. Once. And from that you've got him involved in every batshit crazy tin-foil scheme going on for decades. Who takes this stuff seriously? Well obviously no one since even Alex Jones won't touch the Leader Technologies carnival show.

I could go on from there but it's all the same garbage throughout this article. The guy's Wikipedia page tells you he was in Skull & Bones. He had 3 Yale clerks working for him? You don't say. Gosh, top law school, top clerk positions, then they go to top firms. Just that simple. I really cannot understand what possesses someone to invest hundreds of hours in this kind of crap literally INVENTING conflicts of interest that are so ridiculous even a 3rd grader would tell you so. It's mind boggling.

So, to summarize, this article might have hit a new low-point in batshit crazy. But boy was it entertaining!! Thank you!!

[AFI RESEARCH RESPONSE TO JOHN U, JC, JOHN MILLER. As we have told you many times, we are praying for you.]

Dear John U.,

Thanks for all your flack. You helped make the point about Boasberg's lack of ethical character (and yours). We are not fooled any longer by your lawyer BS. You are trying to obscure the real reason for these ethics disclosures on "MATERNALITY." You are clearly trying to deceive the public yourself. Your colleagues should report you to your State's ethics commission for this clap trap deception. In your license to practice law you pledged not to deceive the public

this way about the Rule of Law and the Constitution. Shame on you too. Are you another "white shoe" from Wilmer Hale or Williams Connolly? We now know that "white shoe" among you people means the opposite: BLACK HI-STEP JACK BOOTS.

You conveniently forgot the overarching ethics question that covered any alleged shortcomings in the FORM that you are trying to parse into oblivion. On Jun. 26, 2002, at Boasberg's Senate Judiciary Committee confirmation hearing, Senator Dick Durbin asked Boasberg "Is there anything that you are aware of in your background that might present a conflict of interest with the duties of the office to which you have been nominated?" Boasberg answered: "No, sir."

Boasberg condemned himself in that lie. Whoops. You missed that Johnny boy.

It is not up to Boasberg to decide whether his activities were significant or important or worthy of disclosure. That is up to the American people. Poor baby, the FORM mislead him. Poppycock. ANY ethics lawyer worth his salt will tell you candidates for federal judge must disclose ALL material relationships reaching back to their birth and childhood, their parents, relatives, high school, early associations, writings, publications, speeches, awards, colleges, cases, opinions, clubs, societies, legal troubles, SPOUSE'S FINANCIAL ACTIVITY, etc. etc. You don't get to skip gaps in your relationships just because the FORM made you do it. Again, poppycock.

These disclosures are intended to show RELATIONSHIPS. Boasberg was ethically duty-bound to disclose them, then the American people can decide whether they are significant or not. CLEARLY, THESE WERE AND ARE MATERIAL. They show part of the Pilgrims Society grooming process for recruiting their next-gen corruptocrats, and he got caught by dogged researchers who are tired of lawyers running our Republic into the ground with LIES, DECEIPT and TRICKERY.

Your splitting hairs about the FORMS differences is profoundly silly and telegraphs your own ethical malformation. You don't get to split hairs regarding ethics like that. That is another one of your slimy lawyer tricks to hide material relationships from the public. Boasberg knows very well that he should have disclosed those law firm associations and The ISIS Oxford publication... because he did in 2010! It makes no matter he was young and did or didn't do much, or it was only a movie review. He was evidently being groomed.

Others are coming forward now who were at Oxford and confirm the far leftist / communist political bent of The ISIS and Boasberg's St. Peter's College (which Boasberg also failed to disclose in both 2002 and 2010).

Your excuses sound like the comedian Fiip Wilson from Laugh In's excuse for wrongdoing: "The devil made me do it."

We pray for you pseudonym John Universaroney.

HOW TO FILE A FRAUD COMPLAINT AGAINST A UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;
- (2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and
- (3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.
