Fig. 1—Leonard P. Stark. Nominated by Biden on Nov. 03, 2021 to move from the Delaware District Court to the Federal Circuit Court in Washington, D.C. The Federal Circuit was formed on Oct. 01, 1982 to handle all patent litigation appeals. The court was formed by agents of the [Senior Executive Service \(SES\)](#) (formed in 1978) by Jimmy Carter)—10,000 British Crown Agents that have infiltrated every agency of the Executive Branch.

LEGEND: Some corruptocrat photos in this blog contain a stylized Christian Celtic Wheel Cross in the background alongside the text "Corruption Central" meaning we have put the person's conduct under the microscope and discovered that he or she is at the center of global corruption. Judge Amy Berman Jackson asserts that it is unambiguously (to her anyway) a rifle cross hair. This shows her woeful ignorance of theology, history, symbology and engineering. It could be many things, but she clearly wanted to see a rifle sight (ask her about her role in Fast and Furious gun running). Others assert equally ignorantly that it is a pagan or white supremacist symbol. This stylized Christian Chi-Rho Cross dates to 312 A.D. when Emperor Constantine adopted the symbol after his history-changing "By this sign, you shall conquer" vision on the Milvian Bridge. A similar Wheel Cross form was widely used in Ireland by the eighth century. The triple entendre indicates that the

The first Delaware case in which Stark, as a magistrate, was shoehorned in as trial judge –just two weeks before trial, was the patent infringement case [Leader v. Facebook](#) over Facebook's theft of Columbus, Ohio innovator Leader Technologies, Inc. Stark failed to disclose his family's interlocking associations with British and American intelligence, propaganda and telecommunications. He should have never been involved in [Leader v. Facebook](#).

Stark's fraudulent involvement unwinds his protection of Facebook. Fraud unwinds judgments. [Federal Rules of Civil Procedure Rule 60](#). There is no statute of limitations on fraud when the court or body to whom one would otherwise appeal to is a party to the fraud. [Adverse Domination](#) applies to court officials who are conspiring with a party to a litigation as *de facto* stakeholders of the organization, or in Stark's case an investor, in violation of his Code of Conduct to be unbiased.

In plain language, Judge Stark doesn't get to cheat a litigant, then get away with it by hiding behind the British Queen's skirt. He must now disgorge his illgotten gain and be hanged as a traitor. That is the law for egregious crimes against the American Republic. [§2381. Treason](#).

**Stark hid the identity of his father in all litigation as a judge or magistrate, [Walter Stark](#)**, who was firmly esconced in the British Pilgrims Society British Patent Pool monopoly. This fact alone disqualifies Judge Stark from any technology company involved in computers, software, telecommunications and intelligence.

Biden's recent nomination of Leonard P. Stark to the highest patent appeals court is marinated in fraud.

person's corrupt life, when studied under a microscope, has been found wanting, but that there is hope in Christ if the person repents from his or her wicked ways. It triples as a reticle or graticule built into all sorts of eyepieces in microscopes, oscilloscopes, surveying instruments, astronomy optics, precision pointers, binoculars, etching equipment, and yes, gun sights, but also computer mouse pointers! Therefore, to claim that it could only mean a gun sight, as Judge Jackson did, is truly ignorant. As shown, it is a call to prayer and repentance based upon microscopic observation of the corruptcrat's conduct. For Judge Jackson to use her ignorance of this symbol as the excuse to gag Roger Stone's FREE SPEECH right to defend himself is heinous abuse of authority. Chief Justice John Roberts should censor her immediately. Patriots must demand it.

**PAY-to-PLAY NEW WORLD ORDER**  
This timeline shows how insiders sell access & manipulate politicians, police, intelligence, judges and media to keep their secrets  
Clintons, Obamas, Summers were paid in cash for outlandish speaking fees and Foundation donations. Sycophant judges, politicians, academics, bureaucrats and media were fed tips to mutual funds tied to insider stocks like Facebook. Risk of public exposure, blackmail, pedophilia, "snuff parties" (ritual child sexual abuse and murder) and Satanism have ensured silence among pay-to-play beneficiaries. The U.S. Patent Office is their toy box from which to steal new ideas.

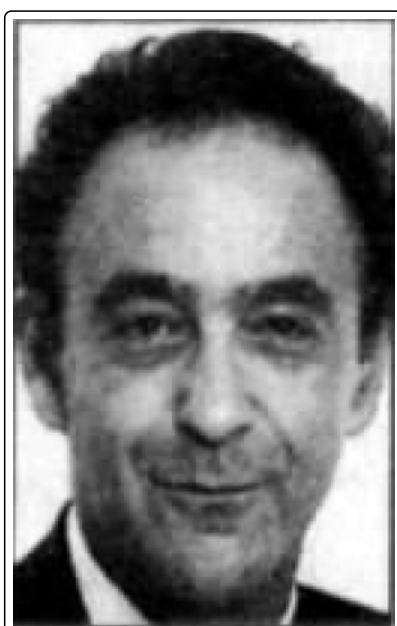

The British Pilgrims Society, via SERCO (formerly RCA Limited UK), has run the U.S. Patent Office since 2006. London attorney-bankers get exclusive pick of all American inventions to steal.

Stark is the British Pilgrims Society anglophile who was shoehorned in to the *Leader v. Facebook* litigation just two weeks before trial.

Stark hid the identity of his father, [Walter Stark](#), from his Senate Judiciary Committee ethics disclosures (hid from public scrutiny).

Walter Stark was chief counsel for HAZELTINE CORPORATION, the patent-pooling lynch pin in the British takeover of American communications, intelligence and propaganda (via RCA, NBC, CBS, ABC, AT&T, Sperry-Rand, Westinghouse, GE, Western Electric, Admiralty, British Telecom, BBC, etc.).

Facebook's Orwellian doublespeak about property and privacy (theft) merely repeats the eventual dehumanization of the individual under MAO's Red Star, Stalin's SOVIET Hammer & Cycle and Hitler's NAZI Swastika. Respect for the inalienable rights of each individual is a bedrock value of democracy. The members of the Facebook Cabal abuse this principle at every opportunity.

**Postscript:** Tyla made mention several times about the electric consumption of a crypto-currency node, voicing a common critique. However, we think the discussion of electric consumption is misdirected. Any system that consumed electricity like the BORG would have been poorly designed and would not be stable. The fact is, SWIFT bank transactions are efficient little bursts of data that do not consume large amounts of network power and resource. Web server centers do use a lot of electricity. That is well known to technologists but not to the "average" person. But in the case of crypto nodes, the *volunteers* pay for their own electricity, and the consumption of a node is minimal—*much less than what your PC consumes*. It could be that the crypto currency propagandists floated the electricity consumption story as a diversion since it has an element of truth, yet can go nowhere and will successfully divert patriot attention from their criminality.

Another misdirected subject is "bitcoin mining." We see this as a sneaky way the Bank of England through Goldman Sachs incents hapless "miners" to perform disk maintenance and cache hash checking (is this the current cache?) and updating on the nodes appropriately. The *quid pro quo* is "payment" in bitcoin spiffs (mere digits, not even money). Like in Las Vegas, they'll let some miners think they are winning to fuel everyone's greed to continue doing the disk maintenance, albeit haplessly. **Bottom line, Bitcoin is a sneaky way to fund the British Pilgrims Society's outlier bitcoin network with untraceable transactions that their network of interlocked banks do payout on, with difficulty, in order to keep the Ponzi scheme growing.** If you are caught in this web, we suggest you run, before your soul becomes "seared with a hot iron." (Dec. 03, 2021)—Joe Biden just nominated Leonard P. Stark to the Federal Circuit appeals court that handles patents. Stark is one of Biden’s Delaware political protégés.

In 2010, Leonard P. Stark presided at the *Leader v. Facebook* patent infringement trial. In that trial, Columbus, Ohio innovator Leader Technologies, Inc. proved—on 11 of 11 claims in an epic battle of experts—that Facebook stole its invention of social networking.

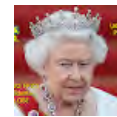

As a consequence, every Facebook user on the planet is an unwitting accomplice to that theft as they enjoy Leader’s invention.

The *Leader v. Facebook* trial was a split verdict in which Stark ignored well-tested precedent and discombobulate that law to protect Facebook anyway. Two weeks before trial he was shoehorned into the case. He unexpectedly replaced 23-year veteran Joseph J. Farnan, who had just handed Facebook a stunning defeat in the critical pre-trial Markman Hearing. This hearing settles definitions used for patent innovations. Stark also allowed Facebook to flip its claims, but *denied* Leader time to prepare defenses for the new counterclaims—*this is a profound denial of due process*.

connections allows Gibson Dunn to promote their causes, while simultaneously smearing their opponents and silencing embarrassing news coverage.”

This statement followed right after Davis cited Facebook’s chief inside counsel in the *Leader v. Facebook* case, Theodore Ullyot, who appears to have helped lead the *Leader v. Facebook* judicial corruption. Interesting word choices associated with Gibson Dunn LLP: manipulation, smear. Attorneys swear a solemn oath to act morally, ethically, and in support of democratic principles. They promise to conduct themselves in a manner than instills confidence among the citizenry in the rule of law and the judicial system. These promises appear to be meaningless. # WASHINGTON, D.C. IS A CESSPOOL OF BRITISH PATENT CORRUPTION

On appeal, *Leader v. Facebook* went to a three-judge Federal Circuit panel comprised of Kimberly A. Moore. Alan D. Lourie and Evan J. Wallach.

Moore has since bubbled up to be chief judge following the Randall R. Rader judicial corruption scandal that occurred soon after the *Leader v. Facebook* appeal where Moore circled the wagons around Facebook.

Rader was caught conspiring with attorney Edward R. Reines, Weil Gotschal LLP, who advocated for Facebook in *Leader v. Facebook*. The conspiracies continued when Chief Justice John G. Roberts, Jr. failed to disclose his intimate mentor relationship with Facebook’s appeal attorney, Thomas G. Hungar, Gibson Dunn LLP. Roberts is a British Knight of Malta.

During the *Leader v. Facebook* trial, British Crown corporations SERCO and QinetiQ were given the exclusive contract to process all patent applications for the U.S. Patent Office. The USPTO and its newly-minted director, IBM’s David J. Kappos, also started a Facebook page before the trial. Kappos was a close colleague of Leader’s patent attorney James P. Chandler, III, and was thus tampering with Facebook and Leader witnesses. This was more obstruction of justice.

**British Oath of Allegiance to the Monarch:** These men have pledged oaths of allegiance to the Queen substantially in this form: *"I, NAME, do swear that I will be faithful and bear true Allegiance to Her Majesty Queen Elizabeth, Her Heirs and Successors, according to the Law. So help me GOD."* Some British citizens consulted discount these awards by the Queen as somewhat meaningless, while others did not. The point to be made here is less about opinions on royal orders, and more about whether these men take seriously their oath to Queen and God. It is certain that British courts consider these oaths to be legally binding. Since these are binding legal oaths, it is certain that they run Serco, and its subsidiaries in America, with loyalty to the Queen over the U.S. Constitution. These oaths are similar in principle to swearing to tell the truth so help you God before testifying in court. judicial faithfulness,

*... our society and economy will be dragged down (and eventually destroyed) by copying, infringement, thievery, counterfeiting, hacking, greed, misinformation, exploitation, abuse, waste, disrespect, falsity, corruption, bribery, coercion, intimidation, doublespeak, misconduct, lies, deception, attorney "dark arts," destruction, confusion, dishonesty, judicial chicanery and lawlessness.*

If we do not speak up, impeach derelict judges and imprison corrupt attorneys, we cannot possibly hope to start fixing the current ills in our society. Without justice and respect for private property, democracy has no sure foundation.

## CURRENT EDITORIAL FOCUS

We are an opinion blog that advocates for strong intellectual property rights. We welcome commenters and contributors. The *Leader v. Facebook* patent infringement case first came to our attention after learning that the trial judge, Leonard P. Stark, U.S. District Court of Delaware, ignored his jury's admission that they had no evidence to support their on-sale bar verdict, but the judge supported it anyway.

The judicial misconduct has deteriorated from there, replete with two of the three judges on the Federal Circuit appeal panel, Judges Alan D. Lourie and Kimberly A. Moore, holding Facebook stock that they did not disclose to the litigants, and later tried to excuse through a quick motion slipped in at the last minute by the Clerk of Court, Jan Horbaly, and his close friends at The Federal Circuit Bar Association. (The DC Bar subsequently revealed that Mr. Horbaly is not licensed to practice law in Washington D.C.)

The judges ignored [shocking new evidence](#) that Mark Zuckerberg withheld 28 hard drives of 2003-2004 evidence from Leader Technologies that could prove actual theft (and therefore claims even more serious than infringement). In addition, Facebook's appeal attorney, Thomas G. Hungar of Gibson Dunn LLP, has close personal ties to just about every judicial player in this story. The misconduct appears to reach into the U.S. Patent Office through abuse of the reexamination process by Facebook. We will stay focused on *Leader v. Facebook* until justice is served, but we also welcome news and analysis of intellectual property abuse in other cases as well.

**Judge Leonard P. Stark**, U.S. District Court of Delaware, trial judge in *Leader Techs, Inc. v. Facebook, Inc.*, 770 F. Supp. 2d 686 (D.Del. 2011). Judge Stark heard his jury foreman admit that the jury made the on-sale bar decision *without any evidence other than speculation*, and yet he supported that verdict anyway. Just months before trial, Judge Stark allowed Facebook to add the on-sale bar claim after the close of all fact discovery and blocked Leader

from preparing its defenses to this new claim. Judge Stark allowed the claims despite Leader's prophetic argument that the action would confuse the jury and prejudice Leader. He also permitted the jury to ignore the *Pfaff v. Wells Electronics, Inc.* test for on-sale bar, even after instructing the jury to use it. (See that **Jury Instruction No. 4.7** here.) He also contradicted his own instruction to Leader to answer Interrogatory No. 9 in the present tense (2009), then permitted the jury to interpret it as a 2002 admission as well. Facebook's entire on-sale bar case is based upon this interrogatory. (*Editorial*: Hardly sufficient to meet the “heavy burden” of the clear and convincing evidence standard.)

techniques since 1902 to hide their identity and new world order agenda.

They knew Americans had warm feelings about the Plymouth Pilgrims, so they picked that name to hide their demonic agenda.

We know the Pilgrims Society's many feeder groups by many names. These names each reveal a sliver of the overall agenda, but are not the guiding hand.

A few of the Pilgrims Society's many *nom de plumes* include Bilderberg Group, Freemasons, Illuminati, Society of the Elect, Round Table, Club of Rome, Chatham House, Wellington House, Club of Rome, Vatican Bank, American Academy of Achievement, Aspen Institute, Bohemian Grove, Council on Foreign Relations, Trilateral Commission, Rhodes Scholars, Schwarzman Scholars, IBM Eclipse Foundation, Gates Foundation, Rockefeller Foundation, Carnegie Foundation, Ford Foundation, Institute of Pacific Relations, League of Nations, United Nations, YMCA, YWCA, Salvation Army, Boy Scouts, Girl Scouts, Bolshevism, Marxism, Leninism, Socialism, Settlement Movement, Toynbee House, Kibutzim, Skull & Bones, Brookings Institution, Rosicrucians, Knights Templar, Knights Hospitallers, Knights of Malta, Priory of Sion, Opus Dei.

## THE JESUITS

The Jesuits are a special class of offshoot who have historically pursued their own version of world domination, but were basically coopted into the Pilgrims' agenda as one of the main purposes of Cecil Rhodes' Boer Wars, World Wars I and II.

The Jesuit operations in Switzerland provide many resources to the World Economic Forum (Davos), Klaus Schwab and even [Anthony Fauci](#) whose maternal family name is Abys who hail from Chur, just 15 miles from Davos. Pilgrims directed from London. Tellingly, Kissinger's first speech on foreign policy in 1973 was at a Pilgrims Society banquet... in London (not America).

We believe the Jesuit-controlled Vatican Bank, in league with the Knights of Malta English Priory, was also subsumed into the Pilgrims Society new world order strategy starting in the 1890s, directed by the Rothschilds-Bank of England that controlled the British Parliament and Queen Victoria in her later years (Walter Rothschild, Lord Rosebery, Lord Pirbright —patron of Wellcome Trust and vaccines as a bioweapon), Privy Councilors Cecil Rhodes and Lord Milner.

## THE ILLUMINATI

Yes, the Illuminati is a historical fact from the time of the American Revolution. Yes, it has certainly been a tool of the attorney-banker scoundrels in Britain and Europe since secrecy is a coin of their realm, And yes, the Illuminati is certainly aligned with various Masonic orders.

What is needed now is to realize that the **British Pilgrims Society sucked in all previous attorney-banker movements into its death star.** They no doubt find talk of the Illuminati, Jesuits, Freemasons, Khazarians, etc. to be cute anachronisms, and useful since they draw attention away from the British attorney-banker Pilgrims Society laired in London.

### ILLUMINATI UPDATE, FEB. 27, 2022:

Following this post, we put researchers on cutting through the mountains of hearsay and finding more primary history on the "Illuminati." To our surprise, we discovered that the Illuminati was formed at the time of the American Revolution and was funded by Mayer Amschel Rothschild as a way for him to infiltrate Free Masonry and expand his network of bank agents. He also promoted Sabbatian Frankist sexual licentiousness as a demonic religion he used (and the Rothschilds continue to use) to control that network *ala* Jeffrey Epstein and Sir Jimmy Saville.

## THE KHAZARIAN JEWS

Yes, the Khazars were a semi-nomadic people and Khazria became a major trading hub along the Silk Road. It is likely that in their poly-culture, some Khazars converted to Judaism. But, the idea that the predominance of Jews in banking and modern corporate cultures emerged from these Khazarian Jewish converts lacks evidence.\*

We believe the reason emanates from British Zionism. We see hard evidence of this because the Pilgrims Society “Zionists” demanded a permanent economic and political foothold (colony) in Palestine. They found London’s Jewish leaders ready to play ball--the British way. Indeed Emmanuel Hertz, the brother of chief rabbi in Britain, Joseph Hertz, controlled the histories of Abraham Lincoln—a history that avoided the Crown’s involvement in Lincoln’s assassination in order to kill the “greenback” dollar in favor of debt and interest controlled from London banks.

British Pilgrims co-founder Sir Alfred Mond was one such avid British Zionist. Mond founded Brunner-Mond which was the sole supplier of gunpowder to the British military (war making) for almost a century. He purchased Nobel’s chemical capabilities and founded ICI - Imperial Chemical Industries which spun off AstraZeneca in the early 1990s.

\* Our researchers have asked proponents of the Khazarian Jews theory to provide hard evidence, not just hearsay. So far, we find the “evidence” interesting at best, but not compelling. We maintain an open mind though. History should not be quickly pigeonholed like it has been in our lifetimes. See Feb. 27, 2022 “Update” following.

Do you get the picture yet?

## KHAZARIAN UPDATE, FEB. 27, 2022:

Following this post, we put researchers on the "Khazarian Jew" question. They uncovered the facts about the Khazarians, including recent DNA analyses. **THE KHAZARIAN JEWISH "conspiracy theory" proves to be true, even its association with the Rothschilds and other, if not most, prominent Jewish family lineages.** The facts were out there, but were made very difficult to find by *evident history censors*. Even Jewish historians found the lack of primary Khazarian material curious given the prominent role that the Khazarian Empire played in world commerce and politics between 650-950 A.D. The Khazarians rivaled the Byzantine and Ottoman empires of that era. At least one Byzantine emperor even married a Khazarian.

A patent represents the creativity of a human soul who is made in the image and after the likeness of God ([Genesis 1.26](#)). This creativity is interlocked with human will power because without sustaining will-power, that God's Spirit gives, creative ideas do not spring forth.

However, attorney-bankers have coopted 65% (GDP) of the total value of the economy into offshore British banks. This is economic slavery, founded on patent theft.

Patents may have existed since Greek times, and were formalized in Venice about 1421 and England in 1449. Theoretically, a patent is a temporary monopoly granted to the inventor to give him or her time to reap the economic reward of his or her creation.

However, here is where unscrupulous attorney-bankers play a confidence trick on the public to cajole inventors to share their idea during the patent application. Describing one's trade secrets during the patenting process assumes the trustworthiness of the government lawyer-bankers who are

evaluating the application. Patenting is a lawyer's game from start to theft, then thereafter to preserved the theft.

Trustingly, Americans file their applications with the U.S. Patent Office believing their confidences will be maintained.

But, in reality, every American patent is sent to Britain via the Crown Company SERCO, with the data stream facilitated by the Crown Company QinetiQ.

Then, in secret, the Department of Defense Office of Net Assessment in conspiracy with the Highlands Group of "public-private" insiders in commerce, education, banking and law evaluate their war-making plans to decide which patents they will steal, weaponize and monetize for themselves. Truly, "national security" has many demonic bedfellows.

Leader Technologies, Inc.'s invention of social networking was one such invention. In 2000, when secret agents of the British Pilgrims Society decided to weaponize and monetize Leader's invention, Sir Henry A. Kissinger was vice-president of the American "branch" of the Pilgrims Society. For context, Facebook did not emerge until Feb. 04, 2004—four years later.

## BRITISH WORLD DOMINATION DEMONIC PSYCHE

The British mentality toward patents is now emerging. They have inculcated this mentality into America's law, courts and patent issuances. Here we must return to the evidence that a patent is the *exclusive* domain of lawyers.

This begs the question:

# PATENT-POOLS REFLECT THE BRITISH MENTALITY FOR CROWN MONOPOLIES

One mid-1800s patent-pool, also called “combination,” was in the sewing machine industry. Here the courts turned a blind eye to the predatory practices of Singer and a handful of others to sue their would-be competitors out of business.

The banks are only too ready to fund both the predators and the victims since their attorney colleagues on both sides have expensive lifestyles to maintain. The patent litigation mill takes care of the attorney-banker class no matter who wins or loses. Then, the attorney-bankers just move on to the next inventor prey.

The Bank of England has been comprised of almost 100% (26) lawyer-directors each year since at least 1780, and likely before that. These lawyer-bankers also fund the military-industrial complex into which stolen patents flow to feed it for killing off populations of “undesirables” and profit. Such conduct has layers of demons and evil specters upon themselves and has codified this satanism into our laws.

For context, today the 117th U.S. Congress has 175 lawyers—33% of the Senate, 32% of the House. No attorney joke is appropriate here because this profession is literally strangling the life out of our beloved American Republic, which appears to have been more an ideal in our minds than a reality of our government.

## Bank of England Governors & Directors Ledger 1812 26 attorneys ("Esq.")

Source: Directors. (1780-1935). 1812, The Bank of England Governors, Deputy Governors and Directors Ledger, M5/437. Bank of England Archive.

In this year (and most other years) the Bank of England directors were **100% attorneys.**

We should note that 1812 was a seminal year in Britain (certainly not coincidental). (1) [The Luddite protest](#) occurred protesting banker and corporation greed at the expense of families and was brutally suppressed by Parliament (despite the strong objections of [Lord Byron](#) in his first speech), including ordering the death penalty for protest organizers. At the same time; (2) the Bank of England, via [N.M. Rothschild](#) financing, was pressing the War of 1812 with America; (3) Parliament was considering the renewal of the [British East India Company](#) charter; (4) the [Bank of England Note](#) was declared legal tender; (5) the [coinage of Britain](#) was being modified (for the first time) to increase the value of Bank of England Notes by 500% to be on par with gold, even when the notes were trading in a free-market at a 5 paper notes to 1 gold coin discount; and (6) at least half of the 26 directors of the Bank of England were personally profiting from the slave trade along with N.M. Rothschild by their joint investment in the East London docks where slaves were auctioned.

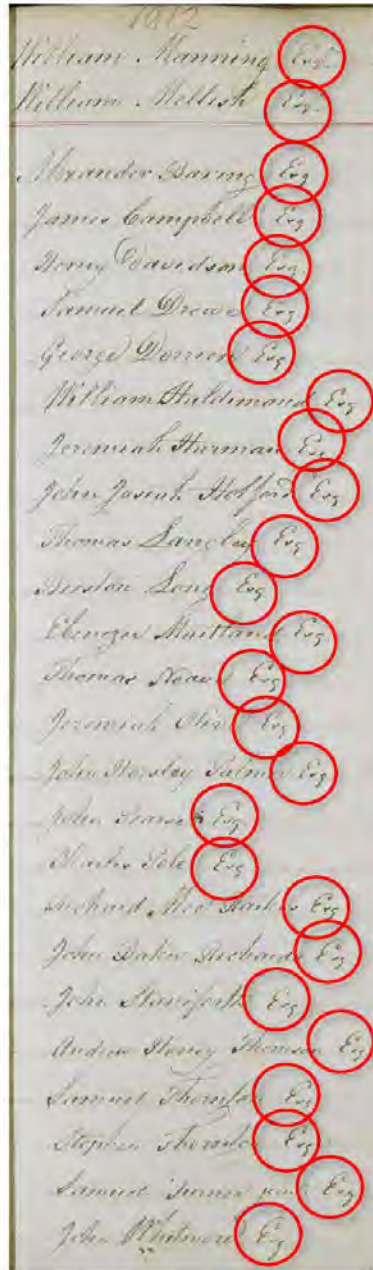

Fig. 20—100% of the Bank of England Directors in 1812 were "Esq." [Directors. \(1780-1935\)](#). 1812, The Bank of England Governors, Deputy Governors and Directors Ledger, M5/437. Bank of England Archive. **These attorney-interlocks burned down the White House!**

"Esq." to an American means only one thing—an attorney. In English law it is used to signify a title of dignity, which ranks above gentleman and directly below knight. By the nature of the London Stock Exchange, any Bank of England "Esq." in London was either an attorney himself, or he was inseparably *interlocked* with a den of attorneys flailing from the "Inner Temple" and Queen's Court on Fleet Street. (The Inner Temple has four "Inns of Court" which is an "old boys' private club" that is replicated in the U.S., treasonously in our opinion.) Fleet Street in the City of London is and has been for many centuries the epicenter of the British high courts, law, slave trading, propaganda, newspapers, advertising, brokerage and insider-trading banking. This would either reflect or explain, or both, why the British Pilgrims Society Esq.'s, lords, sirs and dukes are so obsessed with controlling currency and human labor. It is in their now demonic blood lines.

(1811); Member (1807-09, 1814-31); Slaver; father of **Cardinal Henry Edward Manning** (1808-92); a Jesuit, voted for papal infallibility at the 1st Vatican Council (1869-1870)—a likely influencer for the formation of the English Grand Priory of the Knights of Malta (British Association of the Order of Malta, 1875); member of **Cecil J. Rhodes' "Society of the Elect" in 1890.**

Notably, the **26 directors of the Bank of England**—all lawyers or lawyer-driven—were interlocked in the slave trade with Nathan Mayer ("N.M.") Rothschilds in 1812.

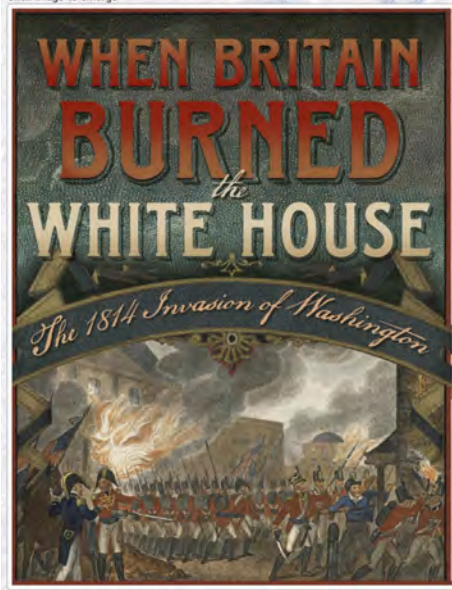

Notably, **Centre for the Study of the Legacy of British Slavery**, identifies the following slave owners on the Bank of England Board in 1812: William Manning, Governor; Alexander Baring, Deputy Governor; Henry Davidson (enslaved 3,702 souls); Ebenezer Maitland; Thomas Neave; John Pearce; Samuel Turner; John Horsley Palmer; and Jeremiah Harman.

On Jun. 18, 2020, the Bank of England removed, disingenuously, Manning's portrait from their Governor's portrait gallery with an apology for his role in promoting slavery. Such tokenism was laughable given the fact that practically every director of the Bank of England prior to the **great demonic compensation in 1838** relied upon the black and brown slave trade in their businesses. Note: This compensation was facilitated by a Rothschild loan **on Aug. 03, 1835** to the British government (that started British offshore banking). **In short, the directors of the Bank of England conspired with the Rothschilds to ensure their continued profits from the slave trade, that they were in the process of converting the British Empire economy to white and yellow debt slavery.**

## CONGRESS, EXECUTIVE, JUDICIARY & PRESS ARE ALL SILENT ABOUT THE BRITISH HIJACK OF THE U.S. PATENT OFFICE VIA THE BRITISH CROWN-CONTROLLED CORPORATION SERCO

This certainly explains why Congress, the Executive, Courts and Press are deafeningly silent about the British Crown SERCO takeover of the U.S. Patent Office.

# THE HISTORICAL LESSON: LAWYERS DON'T TELL ON LAWYERS.

The U.S. patent system is horribly wrong on multiple levels.

1. It is not run to protect inventors, but rather attorney-banker infringers
2. It is run, treasonously, by a foreign power: the British Crown.
3. It provides secret "first look" at innovations to the British Crown.
4. It feeds the lawyer-banker corruption mill with a steady stream of fresh meat.
5. The 3-year patenting process gives the lawyer-bankers enough time to monetize the invention secretly.
6. It is a lawsuit-mill designed to reward the lawyer-bankers who can outlast the inventor financially, while still also rewarding the "losing" attorneys (their co-conspirators).
7. The banker-lawyers team with bureaucrats who allow "patent-pool" monopolies to force real inventors to feed their beast or die.

In short, the promises given to inventors to protect their inventions as enshrined in the Constitution, however well-meaning at creation, have become a lie of attorney-bankers eager to get their grubby hands on fresh ideas for their fascist corporations.

## PATENTING IS A LAWYER-BANKER CONFIDENCE TRICK FROM TOP TO BOTTOM

The next big patent pool to emerge was the Marconi Wireless patent-pool in the 1890's. British banker-lawyers stole American Nikola Tesla's wireless telegraphy patents and gifted them to (Sir) Guglielmo Marconi to form the British Post Office-Admiralty patent-pool to control global communications. The [1st Imperial Press Conference, 1909 - A Parliament of the Press](#) was convened by the Pilgrims to

## FDR AS NAVY UNDERSECRETARY ORDERED AMERICA INTO THE BRITISH PATENT POOL OF STOLEN TESLA PATENTS

Then, immediately after WWI, American navy undersecretary [Franklin D. Roosevelt](#) ordered American companies to pool all their patents, about 500, to form [Radio Corporation of America \(RCA\)](#). RCA has been led by British Pilgrims since its inception in 1919.

For a detailed record of the RCA purchase of Marconi Wireless America patents and assets at the insistence of the U.S. Navy, where Franklin D. Roosevelt was secretary, see the 1,491-page Congressional Record (*searchable*) [H.R. 4523, Part III. \(Beginning Feb. 11, 1935\)](#). [Pooling of Patents](#). Committee on Patents, Feb. 11, 14, 20, 25, 28; Mar. 7; Oct. 15-18; Dec. 2-6, 9, 10, 12, 1935, p. 3387, PDF p. 984. 74th U.S. Congress. (66.4 MB).

While on the surface, RCA was making America sovereign over its emerging telecom network, a ringer was placed in the British Patent Pool—Hazeltime Corporation.

American **Hazeltime Corporation** (founder professor Louis Alan Hazeltime) exclusively licensed its technology to the British Patent Pool, forcing all U.S. companies to license the British Patent Pool in order to operate in America. American telecom independence was a post-WWI head fake. Inside that pool were all the British Marconi Wireless “patents.” Britain has been in control of American communications since before WWI.

Hazeltime had invented a critical technology to stop the tube radios from “squawking” and squealing from dissonant vibrations among the tubes and causing unbearable noise. His invention facilitated the launch of commercial radio worldwide.

An early promoter of the Hazeltine “neutrodyne” invention was engineer Kimball Houton Stark. Remember the family name “Stark” as you read on.

In Britain, Marconi Wireless and RCA could not commercialize radio with Professor Hazeltine’s “neutrodyne” invention. Hazeltine offered the British Patent Pool exclusive licensing rights to his patents worldwide. This meant that when RCA created NBC, NBC could not move without approval by the British Crown. The same is true for CBS, ABC, BBC, GE, CNN, PBS, NPR, CNBC, MSNBC, Highlands Group and In-Q-Tel (C.I.A.). When solid state electronics began to replace the tube, Hazeltine’s patents faded in importance, slowly, but not before the British Crown though the Pilgrims were in full charge of RCA and NBC. [U.S. House proceedings from 1940](#) confirm this situation.

In 1943, Hazeltine began to participate in The British Patent Pool (“The dominant radio and electronics companies in Great Britain.” Among them were:

1. Electric and Musical Industries Ltd.;
2. General Electric Company, Ltd. (part of RCA);
3. Marconi Wireless Telegraph Co. Ltd. (part of RCA);
4. Philips Electrical Ltd., Pye Ltd. (now Philips, Magnavox);
5. Murphy Radio Ltd. (now Bush, Toshiba, Rank); and
6. Rank Cintel Ltd. (now Blackmagic Design, Australia; Netflix, Apple)

## HOW EXTENSIVE WAS BRITISH CROWN CONTROL OF RCA, YOU ASK?

When SERCO was started in 1987, it took over the charter of RCA Limited which was controlled by [Sir Geoffrey E. Pattie](#). Pattie was the keeper of the Crown’s “Golden Shares” controlling SERCO. Pattie was also the overseer of the British Patent Institute.

Pattie was also CEO of Marconi Electronic Systems and director of General Electric before merging the lot into British Aerospace that maintains Marconi subsidiaries to this day, including in America.

## HOW TO FILE A FRAUD COMPLAINT AGAINST A

On paper, Hazeltine's (the British Patent Pool's) exclusive hold over America radio licensing ran afoul of the U.S. Courts. In 1965 the Supreme Court upheld a lower court decision that Hazeltine violated the Sherman and Clayton Anti-Trust Acts in pursuing its predatory licensing with its British Patent Pool partner.

Walter Stark, Leonard P. Stark's father (see below), became chief counsel, secretary and director of Hazeltine which was "forced" to sell to Emerson Electric, another British Patent Pool member. Thus, on paper the American People won that lawsuit, but we really did not since the patent rights were just shifted to another name brand.

## POOLING OF AXIS PATENTS BY PILGRIM FDR (THEFT)

The next major patent pooling in telecommunications occurred on Dec. 07, 1942 when president Franklin D. Roosevelt confiscated over 50,000 Axis patents and gave them free of charge to selected American companies. He euphemistically named it "[Patents at Work](#)" (Read: Patent Theft at Work).

## "FIVE EYES" BRITISH PILGRIMS PATENT POOLING (THEFT)

[On Mar. 5, 1945](#), at the close of WWII, the British government was ceded control of American telecommunications. Here is the top secret (ULTRA) intelligence sharing agreement signed on [Mar. 05, 1946](#) that still directs the treasonous "Five Eyes" collaboration to this day. Churchill declared two things the day this was signed: the US-Britain "[special relationship](#)" and an "[Iron Curtain](#)" had fallen in Europe. Hindsight shows that the "Iron Curtain" was classical British Pilgrims Society propaganda to fuel their post-war consolidation of the military industrial complex being set up by the [Marshall Plan](#).

## UNIVERSITY

The following universities were announced as participants in Ohio State Provost Joseph A. Steinmetz's corrupt MOOC education initiative named "University Innovation Alliance" (UIA). We have identified the instructions and online forms you need to file a complaint with the participants. MOOC stands for "Massive Open Online Course."

You should complain about:

- (1) the intellectual property theft of social networking source code from Leader Technologies, Columbus, Ohio that is the software engine running the UIA;
- (2) the corruption at Ohio State University and OSU's collusion with Battelle Memorial Institute which helped steal the software being used by UIA; and
- (3) the mistreatment of OSU Marching Band Director Jon Waters regarding fabricated Title IX charges that were used to pave the way for Steinmetz to announce UIA.

Universities pride themselves on protection of intellectual property.

Therefore, these universities cannot participate in this abuse of inventor copyrights, patents and trade secrets by The Ohio State Trustees and Administration. If these universities participate knowingly with Ohio State in its theft of intellectual property, then they are aiding and abetting the theft of intellectual property on a "massive" scale... Massive Open Online Course (MOOC) also known as The Eclipse Foundation.

Churchill and Truman euphemistically called it the “special relationship.” In reality, America was just formalizing Britain’s Pilgrims Society ongoing control of global communications through its patent pool.

## PROJECT ECHELON: THE BRITISH TELECOMMUNICATIONS PATENT-POOL TURNED AGAINST AMERICANS

On Apr. 19, 1978, Brigadier General [James E. Now the British Pilgrims Society had everything for their banking and societal brainwashing. Sir Henry Kissinger was a British Pilgrims Society agent.

## “IBM ECLIPSE FOUNDATION:” SOCIAL NETWORKING SEEDED BY LEADER TECHNOLOGIES’ INVENTIONS

[In early 2000](#), Pilgrims Society patent attorney-agent in Washington, D.C.—James P. Chandler, III—couldn’t believe his luck when he was introduced to inventor Michael T. McKibben, founder and CEO of Leader Technologies in Columbus, Ohio. Mike had reengineered AT&T’s email system, AT&T AccessPlus 3.0, and had formed a new team to tackle how to do Internet collaboration on a large scale. From his AT&T contract he could see now IBM, Microsoft, Novell and Lotus were all headed down the wrong path in lockstep. So, he started inventing in Columbus, Ohio, quietly, to avoid having his ideas stolen.

On Jun. 20, 2000, just a few months after meeting Michael McKibben and Chandler evaluating his (social networking) invention, Pilgrims Society Crown agent [Sir Geoffrey E. Pattie](#) showed up in Washington, D.C., ostensibly to receive an award, along with fellow Pilgrims Society members Alexander M. Haig, Jr. and Caspar W. Weinberger (Mike Pompeo’s Pilgrims handler).

Hosting awards and dinners is a primary way these senior Pilgrims Society members coordinate their treachery without suspicion.

Since Leader's invention was uniquely innovative in the collaboration sector, no patent pooling was needed. Instead, Chandler teamed with his client IBM (David J. Kappos, IP counsel) and used \$40 million in an IBM "donation" to form the IBM Eclipse Foundation.

The purpose of this "foundation" was to distribute McKibben's invention freely to everyone in the technology world as "open source," with the British Pilgrims Society, through IBM, controlling all the levers and pulleys of the invention. IBM is the largest patent holder on the planet. The idea that had "found Jesus" and suddenly opened their knickers to social networking is laughable. Of course they were distributing something they stole.

This is the case today.

On [Nov. 03, 2021](#), Joe Biden nominated judge Leonard P. Stark from his home state of Delaware to a seat on the Federal Circuit Court of Appeals in Washington, D.C.

Biden has been Stark's political mentor for decades. In 2010, Biden, along with president Obama and attorney general Eric J. Holder, Jr.—just months before the *Leader v. Facebook* patent infringement trial in Delaware—supported Stark to be a district court judge in Delaware.

In the *Leader v. Facebook* trial, Stark replaced 26-year veteran judge Joseph J. Farnan just two weeks before trial. Farnan was a Reagan appointee. Farnan had just handed Facebook a stunning pre-trial defeat in the Markman Hearing, then poof, he's pulled from the case.

Despite proving in the jury trial that Facebook infringed Leader's patent for social networking on 11 of 11 claims, Stark stubbornly refused to follow well-tested precedent (*Pfaff* and *Group One*) and ruled for Facebook anyway. The three-judge Federal Circuit appeals court panel (Moore, Lourie, Wallach) and chief justice John Roberts supported Stark—in lockstep. Notably, each of the judges in *Leader v. Facebook* held mountains of Facebook financial interests, both directly and through surrogate mutual funds that were heavily invested in Facebook.

Judge Kimberly Moore, who upheld Stark's corrupt ruling in the three-judge *Leader* appeal, is now chief judge of the Federal Circuit where Biden wants to send Stark.

Hindsight being 20-20, the corruption that this conduct exposes reaches back over 130 years and marches us right up to today.

# ATTORNEYS COMMITTED TO ENSLAVING THOSE VERY INVENTORS

Patents are a tool of slavery so that self-anointed elitists can extract every bit of value possible out of human creativity and labor.

Lord Rothschild famously said that he saw three opportunities for profit from his debt: (1) from resources, then (2) manufacturing, then (3) distribution including the interest and taxes to be collected from each step.

This system of exploitation needs a continuous stream of exploitable value to work in perpetuity. That comes from controlling patents and the invention of human souls.

Self-anointed elitists are virtually devoid of human creativity. So, they are forced to dwell in the opposite: pride, greed, lust, envy, gluttony, anger, sloth.

As human beings they carry the same divine spark (made in the image and likeness of God), but their consciences have been “seared with a hot iron” by many hundreds of years of depravity, debauchery, murder, rape, sodomy, mutilation, trafficking, power mongering and abuse of their fellow human beings. Thus, they opened their souls to demon possession long ago.

This observation is consistent with Jesus Christ’s admonition: “No one can serve two masters; for either he will hate the one and love the other, or else he will be loyal to the one and despise the other. You cannot serve God and mammon. —Matthew 6: 24.

Thus, the modern world economy is run by demons and their chief: Mammon.

Fauci, Schwab, Gates, Soros, Kissinger, Clinton, Malloch-Brown, Knowles, Symonds, Rothschild, Dimon, Johnson, Obama, Biden, Harris, Merkel, etc. are all merely possessed vessels. The orders come from the Pilgrims Society in London that hides inside the Monarch’s Privy Council, Bank of England and Queen’s Court.

How many people control this evil system? Probably less than ten, and they are all British. See above.

One must forget notions that China or Russia are driving this global corporatist corruption.

No, Russia and China are victims of Britain too.

In Russia, they have jettisoned Britain and are attempting to make their own pathway based on their venerable Orthodox Christian roots.

By contrast, anything that China does today has been approved in London. Ever since the 1st and 2nd Opium Wars (1839-60), Britain has controlled China. Britain created Mao and the “Cultural Revolution” facilitated by the YMCA that helped Mao organize.

Britain (not China) created the Korean War false flag to flex the muscles of its newly-minted “United Nations” conception of one-world government.

Britain controls the software that runs Chinese banks via Lord Mark Malloch-Brown's Investec nested dolls of several hundred corporations.

Britain established a P4 bioweapons labs in China (following the 2007 Merial Animal Health hoof and mouth virus release at Pirbright, UK).

All these events march back to the Pilgrims Society in London, supported by their “branch” in America. Every other notion is a carefully executed propaganda smokescreen.

## **WHO ARE THESE MEMBERS OF THE BRITISH PILGRIMS SOCIETY?**

America's founding fathers? No!

The Pilgrims name was chosen to fool Americans in a psychological dissonance.

## ***THE LEADER V. FACEBOOK* LITIGATION**

Just before the trial was set to start in two weeks, newly-ensconced Magistrate Stark allowed Facebook to flip-flop its claims from non-infringement to on-sale bar. In layman's

terms, Facebook flipped from arrogantly contending that Leader had not invented anything and was just a money-grubbing patent troll to contending the opposite: that Leader's invention of social networking was novel, unique and patentable, but that Leader tried to sell it too soon and therefore should have been barred (hence "on-sale bar") from being awarded a patent at all.

Due process dictates that Leader should have been given additional time to prepare defenses for these last-minute counterclaims. However, Stark denied Leader time for additional discovery and preparation. He also denied Leader permission to depose their patent attorney, law professor James P. Chandler, III, and denied Leader's ability to call Chandler as a witness.

Stark as the magistrate handling discovery in the case, had stonewalled giving Leader access to Mark Zuckerberg's Harvard computers from 2004-2004. Facebook had claimed they were "lost," but magically, two years later, it was discovered that they were *always* in the possession of Facebook's corrupt appeals attorney, Thomas G. Hungar, Gibson Dunn LLP—a protégé of Chief Justice John G. Roberts, Jr., a British Knight of Malta.

## WALTER STARK: THE FATHER THAT LEONARD STARK HIDES

During his 2010 confirmation hearing, Stark said his father had died in 2003, but oddly, did not give his name, even though he named his other family members.

It took our investigators a week to discover the identity of Judge Stark's father.

He did not mention him in the Delaware court, nor in Wikipedia, Ballotpedia, UPenn Law, Justia, Wiki, and the Federal Judicial Center.

Stark's father's name, according to his [Oct. 09, 2003](#) *St. Louis Post-Dispatch* obituary, is **Walter Stark**, and possibly Walter Henry Stark (Henry was his grandfather's name).

Walter Stark was born on [Nov. 24, 1943](#) in Rockaway Beach NY.

Walter Stark died on [Oct. 06, 2003](#) at age 59 in St. Louis MO.

We believe it is possible that Walter was the illegitimate son of Hazeltine Corporation “neutrodyne” promoter-engineer, Kimball Houton Stark.

Walter Stark graduated from [Far Rockaway High School in 1961](#). Ruth Madoff (Bernie Madoff’s wife) graduated three years earlier in 1958.

On [Jun. 13, 1965](#), Walter Stark graduated from Michigan State University with a BA in History.

[In 1965](#), Hazeltine was successfully prosecuted for violating the Sherman and Clayton anti-trust acts due to its exclusive agreement with the British Patent Pool for licensing patents. ca. 1967 Walter attained a J.D. from Brooklyn Law School. ca. 1968 Walter was an attorney, Department of Defense, Detroit.

[In 1973](#), Walter Stark gained an LL. M. Masters of Law at George Washington Law in 1973.

Undetermined date: Walter Stark was Contracts Administrator and Director, Office of Procurement and Contracts, [HUD, Washington, D.C.](#)

[In 1976](#), Walter Stark was VP, contract administration Frigitemp Corp. NY, NY

[In 1979](#), Walter Stark became General Counsel, Hazeltine, Greenlawn NY

[In 1989](#), Walter followed the sale of Hazeltine to Emerson Electric.

In 1990, Walter was VP of legal administration, government and defense group, Emerson Electric named ESCO Electric Co. “[ESCO \(10-K 1999\)](#) was incorporated in Missouri in August 1990 as a wholly-owned subsidiary of Emerson Electric Co. (“Emerson”) to be the indirect holding company for Electronics & Space Corp. (“E&S”), Hazeltine Corporation, Southwest Mobile Systems Corporation (“Southwest”), Rantec, VACCO and DCSI, which were then Emerson subsidiaries.”

[From Oct. 1990 to Oct. 1992](#), Walter Stark was secretary, vice president and general counsel. [From 1992 to 2000](#) he

was senior vice president as well as secretary and general counsel of ESCO Electronics Corp.

“[On Jul. 22, 1996](#), ESCO sold 100% of the capital stock of Hazeltine to GEC-Marconi Electronic Systems Corporation (“GEC-Marconi”)” when Stark was general counsel, vice president and secretary.

**In other words, Walter Stark as well as Walter’s possible father, Kimball Houton “Henry” Stark, were in bed with the British Pilgrims Society Patent Pool through most of his career.**

Walter was general counsel of Emerson Electric, process management division.

[On Oct. 18, 1999](#), Walter executed a severance agreement with Emerson that assigned benefits that included Leonard P. Stark as a beneficiary.

## LEONARD P. STARK DEFRAUDS THE AMERICAN PEOPLE

Leonard P. Stark’s father was a prime mover in the British telecom patent pool monopoly. By failing to disclose these material facts to the Senate Judiciary Hearing, and failing to disclose them in *Leader v. Facebook*, Judge Stark committed egregious fraud on the court, especially since it can be proved that he was a beneficiary of his father’s estate, including his fully-vested stock options in the British RCA monopoly.

## THE STARK–MOORE FEDERAL CIRCUIT PATENT WRECKING BALL

Stark and Moore will become their own British Patent Pool inside the Federal Circuit if this treachery is allowed to continue.

Here is just a few of the several thousand [Stark cases since 2000](#). These cases have involved ABB, Abbott Labs, Acer, Alcatel-Lucent, Amazon, Ameriprise, Amgen, AOL, Apple, Aruba, AT&T, Avaya, Avis, Barracuda, BASF, Bayer, Best Buy,

Biogen, Blackberry, Blackboard, Bosch, Bose, Bristol-Myers Squibb, Broadcom, Brocade, Chrysler, Cirrus Logic, Citrix, CNN Interactive, Conoco, Covidien, Dell, Deutsche Lufthansa, Diebold, Dish Networks, Dow, Dropbox, DuPont, eBay, EMC, E-Trade, Expedia, Facebook, Ford, Fujitsu, GE, Gilead Sciences, GlaxoSmithKline, Google, Groupon, Gulfstream Aerospace, HP, Huawei, Hughes Network, IBM, Intellectual Ventures, Invesco, JPMorgan Chase, Juniper, Leader Technologies, Lenovo, LG, LinkedIn, Marathon, Merck, Microsoft, Motorola, NEC, NetBrain, Netflix, NetGear, Nextel, Nokia, Nortel, Novartis, Onyx, Oracle, Panasonic, Pepsico, Pfizer, Pioneer Electronics, Qualcomm, Rackspace, Research in Motion, Royal Philips, Samsung, Sanofi, SAP, Sears, Sharp, Siemens, Sony, Spacenet, SwissRe, Symantec, Target, Texas Instruments, Time Warner Cable, T-Mobile, Toshiba, Toshiba, Touchscreen Technology, Trend Micro, Ubisoft, US DoJ, Verizon, Volkswagen, Wal-Mart, WhatsApp, Xerox, Xos, Yahoo!, Zoom.

## **JUDGE STARK HAS BECOME A WRECKING BALL SURROGATE FOR THE BRITISH PATENT POOL**

When one combines the IBM Eclipse Foundation's singular patent pool created by the mass-distribution of Leader Technologies' social networking invention with the "pooling" of Stark's inordinate influence over patents, Stark himself becomes his own kind of patent-pool influence peddler.

Having groomed him to help steal American patents for his telecom fascist handlers, Stark's presence on the Federal Circuit, if approved, will only further solidify a new kind of banker-attorney pooling within the patenting system itself.

In other words, the patenting system will be so thoroughly rigged that any patent that potentially emerges from the district courts will die a slow death in the Stark-Moore Federal Circuit.

## **CONCLUSION: BANISH PATENT BANKER-ATTORNEYS & THEIR PARASITIC**

# PROFESSIONS

Two attorneys with only one parachute were plummeting to earth one day in a crippled airplane. The attorney with the parachute jumped, leaving his fellow attorney to perish. Asked later why he did not't share his parachute and save them both, he replied, "When you have a monopoly, you abuse it, even if others must die. There is no such thing as a benevolent dictatorship."

The story of the British Empire and their American sycophants is a demonic story of abuse of one's fellow human being for profit and power.

**Self-anointed banker-attorneys is the common thread.**

If we put civil engineers with at least 20 years of experience in charge of government, society's problems would be solved in short order.

Why?

Because bankers and attorneys profit from chaos and uncertainty, and they have egos that thrive on dominating their fellow human beings.

Whereas, civil engineers, by nature, build and fix things, then move on.

Donald Trump is a good case study. The civil engineer in him fixed things economically, despite the roadblocks from politicians (33% are lawyers) and their banker handlers. However, the dark side of the high-ego Donald was eaten alive by those same power-mongers with which he surrounded himself.

In short, The Donald forgot his "You're Fired!" promises to rid the Washington, D.C.-Boston-New York swamp of its British Pilgrims Society overseers.

From its founding in 1600, the British East India Company practiced "trade with a sword." They would use their superior naval fire power to subdue their targeted acquisitions. Then, they would enslave the inhabitants to work on their plantations.

The British monarch would grant special "charters" to manage the trade in these demonic goods. With the

Monarch's blessing, they would subdue "their" slave properties using rape, sodomy, beatings and debt.

In this evil culture of domination, the satanism of the British Empire was born.

This demonic spirit flows through their blood. The demons then jump from one generation to the next in a steady stream of lords, dukes, knights and baronesses.

These families would often intermarry to preserve their ill-gotten gain, thus creating inevitable mental illness that engulfed their greed, power mongering and depravity.

## POSTSCRIPT

More on Judge Stark's many frauds, deceptions, withholdings and conspiracies in *Leader v. Facebook*:

1. **During *Leader v. Facebook*** trial preparation between Nov. 2008 to Jul. 2010, **Magistrate Stark failed to stop multiple obstructions of justice** by him and his political handlers. Judges do not have to wait for litigation to act "*sua sponte*" (on the judge's own authority, without prompting) when the public interests are being threatened by publicly evident violations of the law.
2. **Magistrate Stark was silent** about the takeover of the U.S. Patent Office by British SERCO in 2006.<sup>01</sup> He did not warn *Leader* about the threat of that bias on his court in *Leader v. Facebook*. Stark was a British Rhodes Scholar at Oxford University (1991-93) and wrote his thesis on "Do rules matter? : leadership selection in British parties, 1963-93").<sup>02</sup> SERCO is controlled by the British Pilgrims Society inside the British Monarchy that controls SERCO through a 100% controlling royal "Special Share" associated with SERCO's 1/3rd ownership of British Nuclear Fuels Plc with Lockheed Martin and the Atomic Weapons Establishment (AWE).<sup>03</sup>

These interlocking relationships weld SERCO (and therefore the U.S. Patent Office) to the British Monarchy.

British Pilgrims are notoriously known to have been trustees of the Rhodes Scholarships<sup>04</sup> from inception, for which Stark was a beneficiary. These first Pilgrims Society Rhodes trustees included Lord Milner, Lord Rosebery (former prime minister and N.M. Rothschild & Sons heir), Lord Grey and Alfred Beit.

This relationship biased Stark against Leader since Pilgrims Society bankers were underwriters of Facebook, including UBS, JP Morgan Chase (IPO underwriter), Fidelity (Stark held nine investments in 2009, see below), Ballie Gifford, and HSBC.

3. **Magistrate Stark failed to disclose** QinetiQ Holdings Limited, UK Company No. 4586941, another Monarch-controlled “special share” company, like SERCO, run by British Pilgrims Society members, including Governor-elect Glenn A. Youngkin, that was given the contract to provide information technologies services to the US Patent Office.<sup>05</sup> This contract is an evident compromise of American sovereignty over the inventions of its citizens. Stark did not warn Leader that the Patent Office was compromised by British QinetiQ and SERCO, given that he was aware of Facebook’s patent reexaminations during the trial that were being controlled by his British handlers.
  
4. **Magistrate Stark was silent** about his relationships within the British Pilgrims Society founded in 1902, including its “New York branch,”<sup>06</sup> by the most powerful bankers, journalists, attorneys, educators and industrialists in the British Empire, Privy Council, Bank of England and their Wall Street “branch.” Stark is a British Rhodes Scholar—which is a notoriously-known recruiting and training ground for the Pilgrims Society in its objective to promote the political, economic, banking, healthcare, propaganda and war-making interests of the British Crown, exclusively. Notably, his Oxford doctoral thesis was on “British Politics.” Notably, Stark disclosed letters to the editor, but FAILED TO DISCLOSE HIS OXFORD UNIVERSITY THESIS (see above) during his confirmation!<sup>07</sup>

5. **Magistrate Stark was silent** when IBM's chief counsel David J. Kappos was nominated on Jun. 18, 2009 by Obama to run the U.S. Patent and Trademark Office and the risk that posed to the trial, given the Patent Office's control by his British handlers. On Aug. 07, 2009,<sup>08</sup> two months later, Kappos was appointed in a rare recess appointment—without full Senate vote. Stark knew that a potential witness in the case, Professor James P. Chandler, III, was Leader's patent attorney, and Chandler was also IBM's chief outside intellectual property counsel. During the trial Facebook filed multiple patent reexaminations at Kappos' Patent Office (they lost each Examiner-managed appeal), until, that is, director Kappos, a political lawyer, not a patent examiner, intervened in an unprecedented act of directorial abuse to summarily invalidate Leader's entire patent—including several dozen claims that were not even the subject of litigation and reexamination previously.<sup>09</sup> Evidently, Kappos's handlers wanted Leader's patent claims wiped off their map for world communications hegemony.

6. **Magistrate Stark was silent** when on May 16, 2010, Director Kappos reported that he had “divested” his IBM stock and converted his holdings almost exclusively in Vanguard<sup>10</sup>—which is today the controlling shareholder of IBM (7.25%) and was the 9th largest fund purchaser in the Facebook IPO (9.6 million shares). Given the association of IBM with Leader's patent counsel James P. Chandler, III and Kappos, this silence was further obstruction and bias. IBM then facilitated the theft of Leader's invention, in conspiracy with Chandler, through the IBM Eclipse Foundation.

7. **Magistrate Stark was silent** when Secretary of State Hillary Clinton began actively promoting Facebook as a tool of her diplomacy<sup>11</sup> during the trial preparation. She told the Council on Foreign Relations (CFR) ca. Jul. 09, 2009 that:

*“Facebook will become as much a part of the diplomatic lexicon as cables and demarches [political steps or initiatives].”<sup>12</sup>*

Hillary Clinton was engaged in a flagrant obstruction of justice in *Leader v. Facebook* as a public official whose

duty was not to interfere in ongoing litigation.

Hillary repeated her promotion of Facebook in a speech to the Alliance of Youth Movements Summit in Mexico City, Mexico October 16, 2009:

“In Columbia, two young college graduates used Facebook to organize 14 million people...”<sup>13</sup>

Any reasonable person can see that these public statements by a newly-minted Secretary of State would intimidate an ambitious Magistrate Stark pining to move up in the Obama White House judicial totem pole (and he did).

8. **Magistrate Stark was silent** when on Jun. 03, 2009 Facebook began secret cooperation with the NSA PRISM program—more obstruction of justice in the trial.<sup>14</sup>
9. **Magistrate Stark’s compromised conduct enabled Facebook to stonewall discovery of Mark Zuckerberg’s (28) computer hard drives from 2003-2004.** Those computers were never produced in the Leader litigation—despite clear and persistent demands from Leader’s experience patent litigators from King & Spalding LLP. Then, magically, those 28 devices appeared in a subsequent case: *Ceglia v. Zuckerberg (W.D.N.Y. 2010)*. Facebook’s own experts confirmed that the Zuckerberg computer hard drives were in the possession of Facebook’s appeals attorney, Gibson Dunn LLP, during the entire Leader case. Stark never acted on Facebook lies and fraud on the court.<sup>15</sup> We believe those hard drives will prove conspiracy with IBM and the IBM Eclipse Foundation to disseminate Leader’s technology broadly across all market segments in Silicon Valley.<sup>16</sup>
10. **Judge Stark was silent** when USPTO director Kappos launched an official USPTO fan page on Facebook on May 14, 2010—just two months before trial.<sup>17</sup> More obstruction of justice by a federal officer.
11. **Judge Stark was silent** on the issues of obstruction of justice and his involvement as an Obama judge prospect when president-elect Barack Obama launched his Organizing for America (OFA) Facebook page on Jun. 17, 2008—more obstruction of justice in *Leader v. Facebook*,

especially since Magistrate Stark was courting the favor of the Obama Administration to get a judge appointment, which he did within days of the end of the *Leader v. Facebook* trial.

12. **Judge Stark failed to disclose his conspiracy with Attorney General Eric Holder and President Barack Obama that very evidently obstructed justice in *Leader v. Facebook*.** On Jan. 20, 2010, Facebook experienced a devastating Markman Hearing in front of Judge Joseph Farnan who had expressed enthusiasm at making *Leader v. Facebook* his final trial before retirement. However, on Jan. 26, 2010—six days later—Judge Farnan suddenly reversed himself and announced his retirement and that he would step down from presiding over the *Leader v. Facebook* case. Then, in quick succession, on Mar. 17, 2010, Judge Stark was nominated by Barack Obama for a judgeship. On Apr. 22, 2010—just one month later—Magistrate Stark told the Senate Judiciary Committee in his confirmation hearing:

“My obligation is to follow the binding precedents of the Supreme Court and the Court of Appeals.”<sup>18</sup>

13. **Stark was maliciously silent** about his conspiracy with Holder, Clinton and Obama (his handlers) then was shoehorned into *Leader v. Facebook* on June 24, 2010—just 25 days before the trial was scheduled to begin date.
14. **Magistrate Stark then ignore his pledge to the Senate** to follow binding precedents. On the day he entered the case, he allowed Facebook to flip-flop its *Leader-invented-nothing* claims to on-sale bar—that Leader’s invention was novel, but that Leader tried to sell it too soon. Then shockingly, he denied Leader’s request to conduct addition discovery on the new claim, **forcing Leader to go to trial without any due process preparation on Facebook’s new flip-flopped claim.**
15. Stark’s denial of due process notwithstanding, **Leader proved nonetheless that Facebook is infringing all 11 of 11 patent claims** asserted by Leader. During trial, Stark allowed Facebook to engage in trial theater using innuendo and a cut-and-paste, redacted affidavit in the

absence of real evidence that confused the jury, overriding Leader's objections.

16. **Stark knew he was ignoring binding precedent.** An on-sale bar claim must be proven with *hard evidence*. More specifically, Stark ignored the well-settled precedents for testing evidence of on-sale bar, namely *Pfaff*<sup>19</sup> and *Group One*.<sup>20</sup> *Group One* is a Federal Circuit precedent and *Pfaff* is a Supreme Court one—both precedents that Stark promised the Senate he would follow. Subsequent investigation of on-sale bar litigations shows that *Leader v. Facebook* was to be an outlier -- the first and only on-sale bar litigation that *did not* apply the *Pfaff* and *Group One* tests. Those precedents demanded that Facebook show the actual computer source code that Leader allegedly tried to sell too soon. That was impossible since Facebook did not have Leader's source code (nor had Facebook produced Zuckerberg's 2003-2004)—a remarkable bit of juggling by Magistrate Stark in a SOFTWARE infringement case. In other words, Stark thumbed his nose at the entire discovery procedure in favor of Facebook and violated Leader's due process, not to mention *ignored* the unquestioned Federal Circuit and Supreme Court on-sale bar precedents.
17. **The suspicious resignation of Judge Joseph Farnan after the Markman Hearing** should be investigated, not that anyone believes these judicial officers will tell the truth about the Facebook-Pilgrims Society arm twisting behind the scenes.
18. **Magistrate Stark failed to disclose** to the litigants his substantial Facebook financial interests. He disclosed eight (8) interlocked investments in Fidelity mutual funds in his holdings in his confirmation financial disclosure on Apr. 22, 2010. Remarkably, his decision to invest heavily in Fidelity was prescient. Fidelity was the largest mutual fund investor (\$818,228,924)<sup>21</sup> in the Facebook initial public offering on May 18, 2012. His holdings violate numerous canons of the Code of Judicial Conduct, including Canon 2: avoid "impropriety and the appearance of impropriety... A judge should neither lend the prestige of the judicial office to advance the private interests of the judge or others nor convey or permit others to convey the impression that they are in a

special position to influence the judge.” Notably, when Stark’s conflicting financial interests were discovered and disclosed in the Federal Circuit appeal, the three-judge panel (Laurie, Wallach and Moore) and the chief judge (Randall R. Rader) failed to investigate. Randall R. Rader, subsequently resigned in a scandal involving his evident partiality to a “Your friend for life” Weil Gotschal LLP attorney Edward R. Reines. Reines was assigned by Rader in the *Leader v. Facebook* appeal. Rader’s indiscretion obstructed justice in this case since Reines made an appearance on behalf of Facebook in the *Leader v. Facebook* appeal where each of the judges had significant holdings of Facebook interests.<sup>22</sup>

19. **Stark failed to disclose the obstruction of justice** of Secretary of State Hillary Clinton’s secret contract with Facebook to build “an election winning template.” Facebook’s lead trial attorney, Michael Rhodes, Cooley Godward, was secretly advising Barack Obama, with McBee Strategic, in multiple billions of dollars in energy stimulus funds, including to BrightSource (\$1.6 billion), Solyndra (\$535) and Tesla Motors (\$465 million).

Per the title of this article, I agree, and that it started in America in 1783 when the English Esquires agreed with King George III by signing the Treaty of Peace. They did this because General Washington did not create a Doctrine of Conquest in 1781 at General Cornwallis's so called surrender.

Remember in 1791 President Washington and Hamilton sided with the King of England and created the First Bank of United States with an English private bank with all foreign stock holder.

It would be interesting to see the a4i editors defend/confront or elaborate on this matter where two groupings of seriousminded americans who are more aware of the British link than the majority in the US, still have seemingly opposing views with respect to Hamilton and Jackson.

Trump had a large portrait of Jackson but was simultaneously inclined to go against free trade with tariffs

<https://risingtidefoundation.net/2020/12/26/book-review-alexander-hamilton-the-core-principles-of-american-system-economics/>

...

Nancy obliterates the popular slanders repeated for over two centuries that "Hamilton was just a Rothschild tool creating a proto-Federal Reserve in America" and that his death at the hands of Vice President Aaron Burr was somehow a great service for the nation. Other popular myths promulgated over the years which Nancy confronts is the oft-repeated lie that President Andrew Jackson was a hero for killing Hamilton's 2nd National Bank, paying the debt and opening the USA to free trade. On deeper inspection we find the truth to have been carefully turned inside out on all counts with the true City of London puppets being none other than Wall Street founder Aaron Burr and his later lackey Andrew Jackson- both of whose policies ushered in only destruction and corruption in the USA leading to the otherwise avoidable Civil War of 1861-65

EVIL PATENT POOLS AND JUDGE LEONARD P. STARK

Biden's nomination of Leonard P. Stark to the highest patent appeals court is marinated in fraud.

U.S. Patent Office since 2006. London attorney-bankers get exclusive pick of all American inventions to steal.

Stark is the British Pilgrims Society anglophile who was shoehorned in to the Leader v. Facebook litigation just two weeks before trial.

Stark hid the identity of his father, Walter Stark, from his Senate Judiciary Committee ethics disclosures (the public).

Attorney-bankers use "patent pool" racketeering to seize fresh inventions so that their fiat money always wins.

UK PRIME MINISTER OF DEATH & HIS DEMONIC BABY MOMMY

AFI. (Jun. 30, 2021). Boris Johnson's slave banking ancestors founded the YMCA (1844) to implement time tested human emasculation principles of buggery/sodomy, rape and whipping to recruit new industrial slaves for Barclays Bank, J.P. Morgan, Vanderbilt etc. Americans for Innovation.

British Prime Minister Boris Johnson ("BoJo") and Caroline Louise Bevan "Carrie" Johnson (ne Symonds) ("CaJo"). Married May 29, 2021 in a secret Westminster Cathedral ceremony, just two weeks before the 47th G7 summit. The couple have a one-year old son Wilfred Lawrie Nicholas Johnson. Wilfred is probably BoJo's seventh child.

BoJo's great great grandfather was Sir George Williams, the founder of the Young Men's Christian Association (YMCA) on Jun. 06, 1844. The YMCA—Britain was funded by a group of British East India Company banker-slavers who founded the modern Barclays Bank. The YMCA—New York started in 1852 and was incorporated on Apr. 03, 1866 by Robber baron directors and committeemen including J.P. Morgan, William E. Dodge, Jr., Cornelius Vanderbilt and Elihu Root.

CaJo is the illegitimate great granddaughter of Herbert H. Asquith, 1st Earl of Oxford, co-founder of the British Pilgrims Society, British prime minister (1908-16) and founder of modern British intelligence (MI6, MI5, GCHQ), state-run propaganda (BBC, Empire Press Union, Reuters, Associated Press, Marconi Wireless) and biochemical warfare (Wellcome Trust, now GlaxoSmithKline and Astrazeneca) (1909). Asquith orchestrated the false flags with Winston Churchill and others that triggered WWI.

BoJo and CaJo's relatives knew from their profit taking in the long history of the British East India Company that the institution of slavery required fundamentals like buggery/sodomy, rape and the whip. Those fundamentals were instituted within the YMCA just as agrarian slavery was being abolished. Their slavers turned from black, brown and yellow slaves to Y.M.C.A. bugged/sodomized and raped white urban slaves to sustain their profits.

Urban legend says William J. “Wild Bill” Donovan (1883-1959) was the “father of the C.I.A.” that was founded in 1947 after the Office of Strategic Services (OSS) disbanded

That is a boldfaced lie. We shall prove it.

The true originator of the C.I.A. is British (Pilgrims Society) intelligence—Foreign Office, MI6, MI5 and GC&CS, now GCHQ

The much ballyhooed “special relationship” is a fraud created in secret on Mar. 05, 1946 by Donovan & Co.—its all about Pilgrims Society spies and their corporate cronies lining each other’s pockets.

David Sarnoff (1891-1971). Sarnoff held various positions at Marconi Wireless from copy boy and inspector to instructor and commercial manager (1906-1919); Pilgrims Society member (ca. 1918); RCA commercial manager (1919-1921); RCA general manager (1922-1929); RCA executive vice president (1929); RCA president, ceo (1930-1949); RCA chairman (1949-1975); president, ceo of NBC (1926-1966); U.S. Army Signals Corps, brigadier general (1944). As Gen. Eisenhower's Allied Command communications advisor, Sarnoff oversaw the formation of "Five Eyes" intelligence sharing between the U.S. (FBI, Army Signals, later NSA and C.I.A.) with Great Britain and the Commonwealth (most notably Canada, Australia, New Zealand) spy and propaganda apparatus in MI6, MI5 and GC&CS renamed GCHQ.

David appears to be the 2nd groomed cardboard cutout of the Pilgrims Society for wireless technology in the 20th century. The first was Guglielmo Marconi.

CORONAVIRUS TRACED TO THE BRITISH CROWN

The Pirbright Institute (UK) has been awarded 11 U.S. Patents, including Coronavirus U.S. Pat. No. 10,130,701

The Pirbright Institute is controlled by the Queen's Golden Share along with SERCO and QinetiQ (pron. kinetic)

Pirbright's controllers track back to SERCO, QinetiQ & Sir Geoffrey E. Pattie, Chairman Marconi and the British Intellectual Property Institute

Outrageously, British SERCO—today runs the U.S. Patent Office (proof below), U.S. FEMA Region 04, and Zone 02, websites for U.S. Obamacare, OPM, GSA and U.S. Navy SPAWAR, Virginia, New York, 63 U.S. city air traffic controllers, and more

SERCO used its control of the U.S. Patent Office to issue its British bio company a patent on the Coronavirus in record time—that's pure fraud

THE 200-YEAR INFORMATION WAR: THE UK-U.S. PILGRIMS SOCIETY CONTROLS THE PRESS THAT DIRECTS INTELLIGENCE (SPY-LIES) TO BEND WORDS AND CULTURE TO EXTREMELY DANGEROUS FAKE NEWS (ATHEISTIC SOCIAL FASCISM)

Our history books are silent about the Pilgrims Society that has controlled the MSM (mainstream media) with lies for 120 years

This anti-Christian secret society hijacked the name "Pilgrims" in 1902

They lure promising young Americans, Brits, Russian & Chinese with Rhodes, Schwarzman, Oxford Russia Fund Scholarships and Privy Council peerage for continuity and legal protection

The Pilgrims control all British and American intelligence (MI5, MI6, GCHQ, Foreign Office, FBI, C.I.A., NSA, GlaxoSmithKline, State Department)

They organized The First Imperial Press Conference, 1909 to take over the public discourse and the meaning of words, not to mention they hijacked the Russian Duma

Since March of 2020, many of us have been scratching our heads and wondering how "they" were able to pull off the global lockdowns and to coordinate the synchronized Fascism of virtually all of the world's governments. German economist Ernst Wolff has very elegantly and succinctly explained how this was achieved in this 11-minute video.

Abstract

In 2015, the Nobel Committee for Physiology or Medicine, in its only award for treatments of infectious diseases since six decades prior, honoured the discovery of ivermectin (IVM), a multifaceted drug deployed against some of the world's most devastating tropical diseases. Since March 2020, when IVM was first used against a new global scourge, COVID-19, more than 20 randomized clinical trials (RCTs) have tracked such inpatient and outpatient treatments. Six of seven meta-analyses of IVM treatment RCTs reporting in 2021 found notable reductions in COVID-19 fatalities, with a mean 31% relative risk of mortality vs. controls. During mass IVM treatments in Peru, excess deaths fell by a mean of 74% over 30 days in its ten states with the most extensive treatments. Reductions in deaths correlated with the extent of IVM distributions in all 25 states with  $p < 0.002$ . Sharp reductions in morbidity using IVM were also observed in two animal models, of SARS-CoV-2 and a related betacoronavirus. The indicated biological mechanism of IVM, competitive binding with SARS-CoV-2 spike protein, is likely non-epitope specific, possibly yielding full efficacy against emerging viral mutant strains.

Keywords: COVID-19; H. pylori; SARS-CoV-2; ivermectin; spike protein.
