Who poses for such a photo except a demon? The demonic energy they absorb from Davos is millennia old Babylonian Rādhānite. Breyer is evidently basking in it and just cannot hide his evil glee. Did Angela suspect they were coming for her? Breyer was one of the chief architects of the theft of social networking with law professor **James P. Chandler, David J. Kappos (IBM, USPTO), the IBM Eclipse Foundation, the National Venture Capital Association (NCVA)**.

**(Feb. 16, 2024)**--Yesterday, Angela Breyer (née Chao), allegedly “crashed” her Tesla and “drowned” on her sprawling Breyer-Chao ranch 30 miles west of Austin, Texas in Blanco County where one is hard-pressed to even find a body of water big enough in which to drown. The ranch has its own private airfield. Ethnically, Blanco

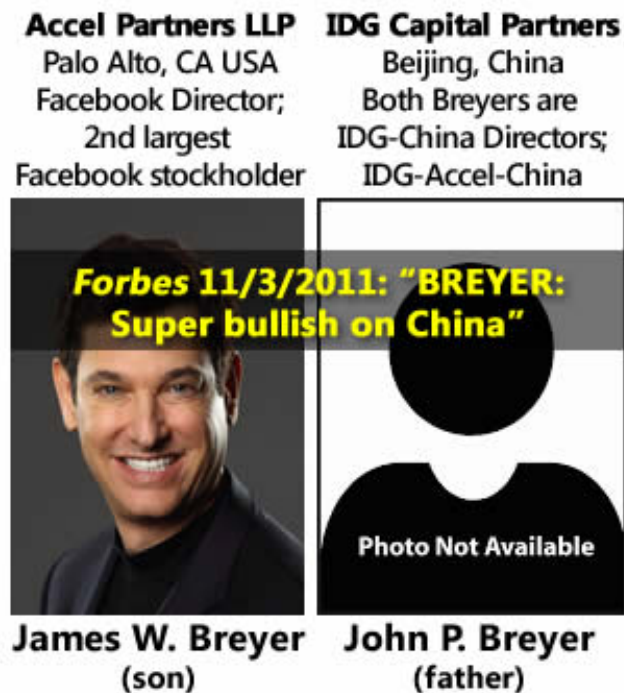

County's population is 11,000 with only 150 blacks, Asians, and native Americans. Ironically, Breyer-Chao, massively fund DEI causes.

There are few "accidental" deaths in the rapacious world of global finance.

James W. Breyer is one such predator.

Note how quickly the (Pilgrims Society co-founder) [British Daily Mail](#) produced detailed coverage of Angela Chao's demise. This is just amazing preparation. It is almost as if they had reporters on the ground in central Texas, and were able to get their information from the prairie dogs who watched Angela plunge to her demise.

## ANGELA BREYER (NÉE CHAO)

Angela Chao is a Chinese shipping oligarch, Harvardian, Council of Foreign (CFR) member, and sister-in-law of Senator Mitch McConnell.

Her sister, Elaine, has been ensconced in America for decades as U.S. Transportation Secretary, Labor Secretary, Peace Corp director, and Maritime chairman under every president since Ronald Reagan.

Angela was married previously to Babylonian Rādhānite merchant-banker [Bruce Wasserstein](#) who camped at Cravath Swaine Law LLP. Cravath is where the former U.S. Patent Office director David J. Kappos ([all in with Vanguard investments](#)) hides

today and teaches at Columbia Law. Columbia (formerly named King's College) is and has been one of the prime centers of British colonial espionage in America - since [Alexander Hamilton's](#) days of banking treachery - British Spy No. 7.

Columbia's longtime president, [Nicholas Murray Butler](#) was president of the American "branch" of the British Pilgrim Society from 1928 to 1946. Butler recruited and groomed spies like William Donovan and J. Edgar Hoover. He oversaw the emergence of RCA and NBC via Pilgrim [David Sarnoff](#). He co-founded the Carnegie Endowment for International Peace. He was the Carnegie Endowment's president 1925-1946. He was exposed early on by suffragette and journalist [Lillian Scott Troy](#).

## **BREYER HELPS BRITAIN TO ANNEX AMERICA, JUST LIKE CARNEGIE DID**

Angela's surviving husband James W. Breyer is a prime actor in the British Pilgrims Society and its current drive to annex America into a new corporatist British Empire and establish their "new world order" planned a century ago by British Privy Councilor Cecil Rhodes and his chief financier, The City of London's Lord Rothschild.

Breyer was a prime mover in the theft of the social networking inventions of Columbus, Ohio innovator Leader Technologies.

At that time he was the president of the National Venture Capital Association (NVCA) along with Gilman Louie, "founder" of In-Q-Tel for British MI6 and its C.I.A. satellite.

Breyer's outsized directorships and protégés have included IBM Eclipse Foundation, Clinton Foundation, Highlands Group, Fidelity, Vanguard, BlackRock, State Street, Facebook, SERCO, QinetiQ, [American Academy of Achievement](#) (Pilgrims Society front - observe how they schmooze the Supreme Court justices), Wal-Mart, News Corp, Dell, Council on Foreign Relations (CFR), Marvel, and Disney, to name but a few.

Evidently, Angela Chao was getting in the Pilgrims Society's way of their world takeover.

Below is Breyer on Oct. 26, 2005 with his young groom, Mark Zuckerberg, soliciting Stanford students to help them develop code for the social networking invention that they stole from Leader Technologies. Just weeks earlier, Breyer and his Accel Partners had hosted Leader Technologies at their offices, under a venture capitalist nondisclosure agreement, to discuss financing.

What Leader did not know then was that Facebook already had their invention source code which had been secretly given to them by Leader's patent attorney, James P. Chandler. Chandler was conspiring with the IBM Eclipse Foundation to give it away as "open source" to their insiders in the British and American military-industrial complex. It never was open source and was not IBM's or Chandler's property to give away.

Hindsight reveals that The City of London was already distributing funds liberally to these fascist IBM-aligned companies to deploy social networking as a global **biowarfare, surveillance, and propaganda** platform and to **manipulate world financial markets** for their Pilgrims Society taskmasters in London.

Hindsight also shows that Accel Partners was rapaciously scoping out their entrepreneurial VC prey when they met with inventor Michael McKibben and his colleagues.

## BREYER & ZUCKERBERG, OCT. 26, 2005, INDUCING STANFORD UNIVERSITY STUDENTS TO COMMIT CRIMES

**Fig. 2--**[Kosnik, P. T., Byers, P. T., & Seelig, P. T. \(Oct. 26, 2005\)](#). Interview with James W. Breyer and Mark Zuckerberg [Online series episode]. In Entrepreneurial Thought Leaders Seminars, MS&E 472. Palo Alto, CA: Stanford Center for Professional Development. YouTube.

**[Advance the video to 48:05](#)** to see the evidence of **criminal solicitation of Stanford University students by Breyer and Zuckerberg.**

Zuckerberg is evidently a Pilgrims-Breyer-programmed cutout who cannot even repeat his lines without fumbling. When God's wrath falls on him, not even his Hawaiian bunker will protect him.

Just in case this video gets censored from YouTube after this article, [click here for a raw \\*.mp4 video backup](#). (Download your own copy as well.)

[On Oct. 26, 2005](#), James W. Breyer and Mark E. Zuckerberg committed a crime. They fraudulently solicited Stanford University students to help them write applications to run on Facebook. Facebook's software engine is the invention of Columbus, Ohio innovators Leader Technologies. This was proven in a "battle of experts" at trial in the *Leader v. Facebook* patent infringement trial in July 2010 after which the federal courts protected Facebook, the infringer, anyway. Breyer and Zuckerberg were engaged in fraudulent inducement to misappropriate property that did not belong to them. The fact that they crossed state lines to commit this crime amounts to racketeering under the RICO Act, among other offenses. In our opinion.

*Notice how fidgety Breyer gets at 40min. 11secs. when this evident set-up question about building apps is asked by a well-prepared audience plant. Their body language tells all. At this point in Oct. 2005 these actors were still perfecting their fabrications about*

Facebook's origin. Zuckerberg is clearly still not comfortable in his new role as wind-up toy for the British Pilgrims Society.

Today, [Sir Nicholas Clegg](#), former Deputy British Prime Minister (see photo following), and [Baron Lord Richard Allan](#), multi-generational British spy, effectively run Facebook, sorry, Meta.

See [Crimeline](#) for more details and context.

Hamilton's American banks, notably JPMorgan, Bank of America, Bank of New York Mellon, State Street along with asset managers like BlackRock, Fidelity, T. Rowe Price and Vanguard, who are controlled by the British Crown and the Rothschilds in the City of London via the Monarch's "Golden Share."

Don't believe that the British run America? Just look at the false flag they are trying to orchestrate in Poland right now. Poland is historically one of the favorite choke points of the British Empire to try and take down Russia to seize control of Russia's 11 times zones of resources, again. When will we learn?

GOD-LIKE GENOCIDAL TEXT: "**MAINTAIN HUMANITY UNDER 500,000,000 IN PERPETUAL BALANCE WITH NATURE**"

**Fig. 6—The City of London** is controlled by the Pilgrims Society who carry on the pagan control of the Rādhānite merchant-bankers of Babylon. "The City of London Corporation" was chartered in 1067 after the coronation of William I, William the Conqueror, on Dec. 25, 1066 AD at Westminster Abbey.

William was Norman (French). The Babylonian Rādhānite (demon-worshipping

pagans who claimed to be Jews for more than three millennia) already had an extensive banking and trade network through Europe and Middle East, Scandinavia and Africa to China.

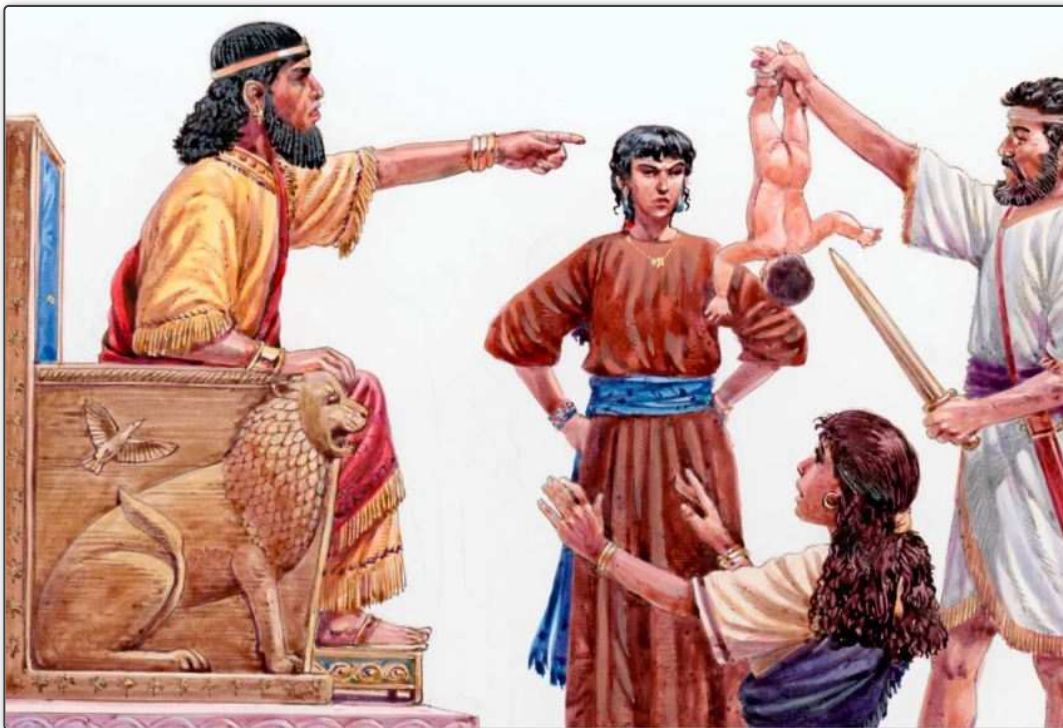

The Rādhānite merchant-bankers were forced to flee Babylon (renamed Baghdad) ahead of the armies of the Muslim Seljuk Turks in 1055 A.D.—just 11 years earlier. They fanned out along their extensive network of merchant-banking trading post across the known world.

“And Jesus entered the temple and drove out all who sold and bought in the temple, and he overturned the tables of the money-changers and the seats of those who sold pigeons. He said to them, It is written, ‘My house shall be called a house of prayer,’ but you make it a den of robbers.” [Matthew 21:12-13](#).

## “Synagogue of Satan”

*“Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee.”* [Revelation 3:9](#).

In the process, they rebranded themselves as “Ashkenazi Jews.” They had called themselves Jews for millennia while in Babylon, but they had created their unique pagan version that followed the Talmud, Yiddish, and rabbis, rather than the Torah, Hebrew, and Prophets.

The Babylonian Empire codified debt slavery by sanctioning usury (charging interest on the loan of money) in the Code of Hammurabi (1755–1750 BC). They put fake Jews in charge of these practices. While the Prophets Ezekiel and Daniel ca. 600 BC were decrying usury, exiled "Jews" like the Egibi and Marushu banking families, who had so intermixed with Persians that their Jewishness had vanished, were assigned

the task of running all aspects of the Babylonian economy, including Silk Road commerce from Britain to China, leveraging Solomon's Gold, banking, finance, intelligence, propaganda, engineering, agriculture, and trade.

The Babylonian Empire worshipped demon gods who demanded child sacrifice and debt slavery, including Mammon, Moloch, Asmodeus, Ba'al, Baphomet, Beelzebub, Behemoth, Ishtar, Legion, Leviathan, Lucifer, Mammon, Marduk, Moloch, Pazuzu, Satan, Agrat bat Maḥlat, Alu, Alukah, Asherah, Ashmodai, Astarte, Azazel, Belial or Beliar, Bel-Marduk, Chemosh, Dagon, Deber, Dever, Ekimmu, Gallu, Horon, Ilu Limnu, Keṭeb, Kotar Hosis, Labartu, Labartu, Lamashtu, Lilith, Lilu, Lotape, Mavet, Nahar, Nergal, Ninisina, Pentalpha, Rabisu, Reshef, Resheph, Resheph, Samael, Shachar, Shalem, Shamḥazai, Shedim, Shedim, Tannin, Tiamat, Tirosh, Yoḥane bat Reṭibi, and others.

King Solomon's 600 wives and 300 concubines eventually lured him into building temples to and worshipping these Babylonian demon gods. This is evidently when the Babylonian Rādhānite took full control of Solomon's Gold that had been carted off to Babylon. Then, shipped to The City of London ca. 1067 AD.

## TELL THE SYNAGOGUE OF SATAN

Jesus Christ: "Get behind me, Satan."

—*Matthew 16:23*

Described above is abject immorality on the part of the British Pilgrims Society and their Babylonian Rādhānite synagogue of satan demons.

Morality must win the day.

*"Repent, for the kingdom of heaven is at hand."*

*The Gospel of St. Matthew 4:17.*
