JD VANCE PLAYS REPUBLICAN, BUT HIDES HIS PILGRIMS SOCIETY HANDLERS IN THE CITY OF LONDON

Fig. 1 — [James David Vance](#) (born James Donald Bowman, b. Aug. 02, 1984). His story is too perfect to be anything but a groom for political masters who want him to be a "Republican" placeholder for his British Pilgrims Society handlers of America. The City of London is their piggy bank. The "grassroots" RINO RNC propaganda is already wearing thin. Nobody from Middletown, Ohio is courted by the Silicon Valley venture capital criminals without being a groom. *Photo: J.D. Vance for Ohio Senate.*

Mar. 7, 2024 —JD Vance's political grooming is too perfect.

JD Vance was *plucked* from Ohio State University that is controlled by British Pilgrims Society members at Batelle Memorial Institute and their MI6-C.I.A. stooges. [Battelle Memorial Laboratories](#) has very fat fingers in nine U.S. National Laboratories.

Longtime Battelle CEO and Ohio State University trustee president **Jeffrey Wadsworth** is British military background, and was embedded in the imperial plan to annex America. Wadsworth's signature is on documents proving his central role in the theft of social networking by Facebook from the real inventor, Leader Technologies, also from Columbus, Ohio. Wadsworth's smoking gun signature is contained in previous posts and below. It is evidence of his co-conspiracy to steal the social networking invention of his fellow-Columbus citizens and Ohio State alums at Leader Technologies.

In the agreement cited above, attorney Chandler wrote himself into the agreement as the source code repository for the agreement. This is the code that came to be known as social networking. [Wadsworth's LinkedIn.](#)

Jeffrey NMI Wadsworth is the product of British military grooming by a career military father who traveled the globe (which often means he was a spy under cover with some other political or military day job). Jeffrey is a graduate of the University of Sheffield, a British Pilgrims Society military and technology-theft grooming stronghold.

In fact, the *Sheffield Telegraph* was one of the executive organizers of the [First Imperial Press Conference, 1909](#) when modern propaganda, surveillance, and biowarfare was hatched.

Wadsworth did his postdoctoral research at Stanford University, another notorious C.I.A. finishing school. He worked for Lockheed Corporation--known to be controlled globally by the British Monarch's "Golden Share" of control.

Wadsworth became associate director of security at Lawrence Livermore National Laboratory (LLNL). This is where he first met Columbus, Ohio social networking inventor Leader Technologies. [Wadsworth conspired with Leader's patent attorney, James P. Chandler, III to steal Leader's social networking invention](#) and give Leader source code they stole to IBM, a co-collaborator at LLNL, and to Facebook via the IBM Eclipse Foundation. ([PDF](#))

Wadsworth then moved to Columbus to become CEO at Battelle Memorial Institute where he coordinated intelligence efforts among DHS, Pacific Northwest Lab, the Department of Energy and Oak Ridge. No doubt feeling guilt for his thefts from real inventors, he retired into "philanthropy." See [AIP interview of Jeffrey Wadsworth](#).

It must be noted that Central Ohio is becoming a network hub for the coming digital propaganda and slavery lockdown. This is no doubt the result of former governor John Kasich and his Silicon Valley handler, Mark Kvamme, along with Battelle's resident British overlord Jeffrey Wadsworth.

Ohio Babylonian Rādhānite oligarch Leslie Wexner has been conspiring for decades with Jeffrey Epstein. Victoria's Secret "soft porn" evidently recruited anorexic women and girls for decades, we believe. Facebook, Amazon and Google are each building top secret network operating centers. Even the ditch diggers on these projects are sworn to secrecy. We know because some have come forward. Intel is building a chip manufacturing plant in the Columbus suburbs. Ohio State is sponsoring MOOC,

perhaps this biggest university education shift that no one seems to have heard off.

MOOC means Massive Open Online Course. MOOC will *replace* professors and teachers with online videos from the [Ohio State MOOC hub](#). In so doing, a consistent Pilgrims Society curricula can be forced to all secondary and higher education schools across the country and around the world. The Ohio Supercomputer Center, just off the Ohio State campus within a long walk of Battelle, is data location for the MOOC hub.

Governor [John Kasich](#) gave the MOOC data center computer contract to IBM. See [Battelle IBM promo](#). He locked out Apple from the bid and destroyed the career of Ohio State's Marching Band director [Jon Waters](#) ([HTML](#)) because Waters was bringing unwanted world attention to Apple iPads and Ohio State's marching band innovations at the very same time that the British Pilgrims Society, through Jeffrey Wadsworth and Leslie Wexner, were making their moves to move Ohio State's data operations off campus and into the hands of IBM. Practically speaking there was no business need for the move. Ohio State's data center had plenty of excess capacity according to insiders. See [Ohio State's president Michael Drake \(an unwelcome California import\) mired in personal conflicts of interest](#). ([HTML](#))

OHIO STATE MARCHING BAND DIRECTOR JON WATERS' CAREER WAS SACRIFICED BY WADSWORTH'S BRITISH PILGRIMS HANDLERS BECAUSE WATER'S MARCHING INNOVATIONS BROUGHT UNWANTED ATTENTION TO APPLE I-PAD AND THREATENED TO SPOIL THE SECRET PLAN FOR IBM ECLIPSE TO TAKEOVER OHIO STATE'S DATA CENTER AND RUN GLOBALIST MOOC—FACILITATED BY WADSWORTH AND GOV. KASICH.

Shame on the British Pilgrims Society, The City of London, The Ohio State University, Battelle Memorial Institute, Jeffrey Wadsworth, Les Wexner, Mark Kvamme, John Kasich, Joseph Steinmetz, and Michael Drake for attacking an innocent Jon Waters for your own inflated egos and megalomania. Karma is a beach.

It should be no surprise that in this Central Ohio moral cesspit, entrepreneur, inventor, and 4-year OSU Marching Band alum Michael McKibben, sensing the "idea stealing" culture in central Ohio, went silent and told no one what he was doing. He is notoriously known for being tight-lipped during his invention of social networking. Once invented, he made his first mistake of talking to Battelle Memorial Institute about teaming with him to implement his invention with IBM at Harvard. Zuckerberg was still in high school then. One can almost hear the [giant sucking sound](#) of intellectual property theft.

JD was hussled off to Yale Law for psychological indoctrination in the occult ways of the imperial British Empire. Note how Vanguard and State Street logos are pirate ships.

JD was placed in various venture capital companies associated with the British Pilgrims Society, MI6, C.I.A., IBM, Facebook, and the PayPal Mafia--all ultra leftist "progressives" and notorious "American-branch" handlers for the British Pilgrims Society financed by The City of London and their Rothschild gold and silver vaults.

Do you see a "Republican" in this gaggle of handlers? No. They play Democrat by day, but are British Pilgrims Society dones out of The City of London by night. The Republican-Democrat (Uniparty) dichotomy is merely a propaganda construct to keep "the deplorables" from seeing their demonic British handlers.

These demons are busy annexing America into a reorganized imperial British corporatist Empire where a compliat monarchy has veto control (the "golden share") over all operations of all enterprises on the planet.

The CIA, FBI, NSA, US Army, Spawar (Navy), State Department, Judiciary, Congress are merely mopping up tools in their 200-year Cecil Rhodes plan for "one" world control through the British Pilgrims Society. Henry Kissinger, Paul Volcker, the Rockefeller cabal, Andrew Carnegie, David Sarnoff, were leading U.S. disciples. Now, look to Eric, Schmidt, James W. Breyer, Marc Andreessen, Stephen Schwarzman, Larry Fink, Jamie Dimon, and Peter Thiel, among others. American hero journalist [Lillian Scott Troy](#) discovered this Pilgrims Society strategy back in 1908 and did her best to warn us.

JD's pockets were filled with insider trading tips and investments in a dizzying array of early-stage companies funded by his handlers. See his outsized [2022 Financial Disclosure](#), like we would not notice the unreal gains and holdings. It is pure fairy land.

JD wrote a *New York Times* bestselling book, yet not one article in Yale Law Journal that he allegedly edited.

JD got A-list producer Ron Howard to produce his Netflix movie.

JD is elected to be an Ohio Senator on his first try.

A truly remarkable set of achievements for a person with no experience in anything he has been place

in.

JD Vance is an evident cardboard cut out for his secret Pilgrims Society City of London handlers.

Ohio Senator JD Vance's [2021 Financial Disclosure](#) telegraphs insider trading. No inexperienced youth makes that many investments in such a wide range of industries without insider knowledge about which companies have the backing of the City of London merchant-banks (rolls up to the Rothschilds).

JD Vance is only 39-years old. Given the level of his political grooming since university, he has not had time to actually achieve anything besides being an evident mouthpiece for his handlers.

JD graduated Ohio State in 2007, then Yale Law where he edited Yale Law Review (a telltale British Pilgrims Society grooming job).

JD wrote a book casting himself as an Ohio/Kentucky hillbilly from the Rust Belt—*Hillbilly Elegy: A Memoir of a Family and Culture in Crisis*. Magically, the book became a *The New York Times* Best Seller.

Seriously? Plucked out of obscurity, a book about a boy raised in Appalachian Kentucky and Middletown, Ohio rockets to the top of the book and movie charts on its own energy? We don't think so.

Ohio Senator JD Vance's [2021 Financial Disclosure](#) telegraphs insider trading. No inexperienced youth makes that many investments in such a wide range of industries without insider knowledge about which companies have the backing of the City of London merchant-banks (rolls up to the Rothschilds).

He is evidently groomed for such a time as this. Will Trump ever tell us the real story behind his selection?

JD Vance is only 39-years old. Given the level of his political grooming since university, he has not had time to actually achieve anything besides being an evident mouthpiece for his handlers.

JD graduated Ohio State in 2007, then Yale Law where he edited Yale Law Review (a telltale British Pilgrims Society grooming job). Remarkably, even though he edited the Yale Law Review, he did not himself make a single contribution. Truly magical.

VENTURE CAPITAL IS CALLED "VULTURE CAPITAL" FOR A REASON

As a part of his evident grooming, JD has been placed at a number of venture capital firms. Numerous employees in these firms considered him a deal making lightweight. In one firm he did not close a single financing.

Venture capital firms ("VC" or "VCs") are becoming known for being mere feeder groups for the British Pilgrims Society in the The City of London with its access to an endless stream of deals, bottomless fiat currency, and a global network of Rothschild-controlled offshore banks.

"Venture capital" is a license to steal from young entrepreneurs and inventors. It is a confidence trick mill whereby, in most cases, the entrepreneur receives "[tranches](#)" of funding. Each tranche tightens the control of the "VC" over his prey, like a boa constrictor, until he gets control of the company and its creative output.

British Pilgrims Society "progressive" leftists in America (socialist Labour party in the UK) include Eric Schmidt, Darren Blanton, Peter Thiel, James Breyer Marc Andreessen, Steve Case, John Kasich, Mark Kvamme, Battelle Memorial Institute (Columbus, Ohio), Robert Mercer—all bandits of Facebook, Palantir, LinkedIn, Instagram, Gmail, YouTube, and Paypal. These men evidently pull JD's chain.

Laughably, Hollywood then made a film about JD being a hillbilly from the Rust Belt to cement his Ohio-based bonafides as a hick that the left and the right coasts must take care off, like a puppy. The movie was produced by Ron Howard who was surely well-paid to concoct a heart-tugging yarn.

**JD VANCE'S OHIO SENATE SEAT IS THE BEST POLITICS THAT THE PILGRIMS
SOCIETY IN THE CITY OF LONDON CAN BUY**

JD was then placed in the US Senate in 2022, funded by his Pilgrims Society financiers. Magical.

No-experience freshman Ohio Senator JD Vance was then placed on six (6) important Senate Committees—to vote the way of his handlers, evidently.

[Wikipedia](#), like a good little lapdog, waxes eloquent on 14 pages about JD's political positions which, magically, *match* the polling of conservatives, so he learns how to mouth the right words, while he turns the knife slowly in the backs of conservatives.

Imagine that, JD Vance has learned his lines well. He's an actor who can talk a good conservative game, but is in reality controlled opposition.

Another "tell" confirming JD's grooming is his 2022 Senate Financial Disclosure which he filed late. See [Senator J.D. Vance. \(Nov.24, 2021\)](#). 2021 Financial Disclosures. U.S. Senate

Besides the unreal bloated contents, the digital format of the 24-page file that he submitted was evidently doctored to prevent search engines from picking embarrassing content.

It is a PDF file that was formatted from Excel using an obviously intentionally dicombobulated cell structure that only a criminal lawyer would cook up. It randomly merged some cells (to thwart cut and paste). It inserted 20-30 unused columns and rows, also thwarting cut and paste. It overlapped embarrassing entries over header text making it nearly impossible to read, but looking like scanning errors.

Anonymous Patriots have totally declawed the financial disclosure document that is linked herein.

We The People need to disband the **U.S. Office of Government Ethics (OGE)** for allowing JD Vance and others to hide their unflattering reports in a flurry of formatting nonsense.

WHO PULLS J.D. VANCE'S CHAIN?

**Babylonian Eagle, Horse, Lion worshipped by Rādhānite fake

pilgrims ca. 1000 B.C.; British "Radknights" founded The City
of London and hereditary male peerage (1067 A.D.);
British Pilgrims Society (founded 1902)**

THE BRITISH PILGRIMS SOCIETY THROUGH THE CITY OF LONDON AND THE BABYLONIAN RĀDHĀNITE (RADKNIGHTS) MERCHANT-BANKER PAGANS WHO CONTROL THE BRITISH CROWN.

Their flunkies doing their bidding in the USA are British Spy No. 7 Alexander Hamilton's American banks, notably JPMorgan, Bank of America, Bank of New York Mellon, State Street along with asset managers like BlackRock, Fidelity, T. Rowe Price and Vanguard, who are controlled by the British Crown and the Rothschilds in the City of London via the Monarch's "Golden Share."

Don't believe that the British run America? Just look at the false flag they are trying to orchestrate in Poland right now. Poland is historically one of the favorite choke points of the British Empire to try and take down Russia to seize control of Russia's 11 times zones of resources, again. When will we learn?

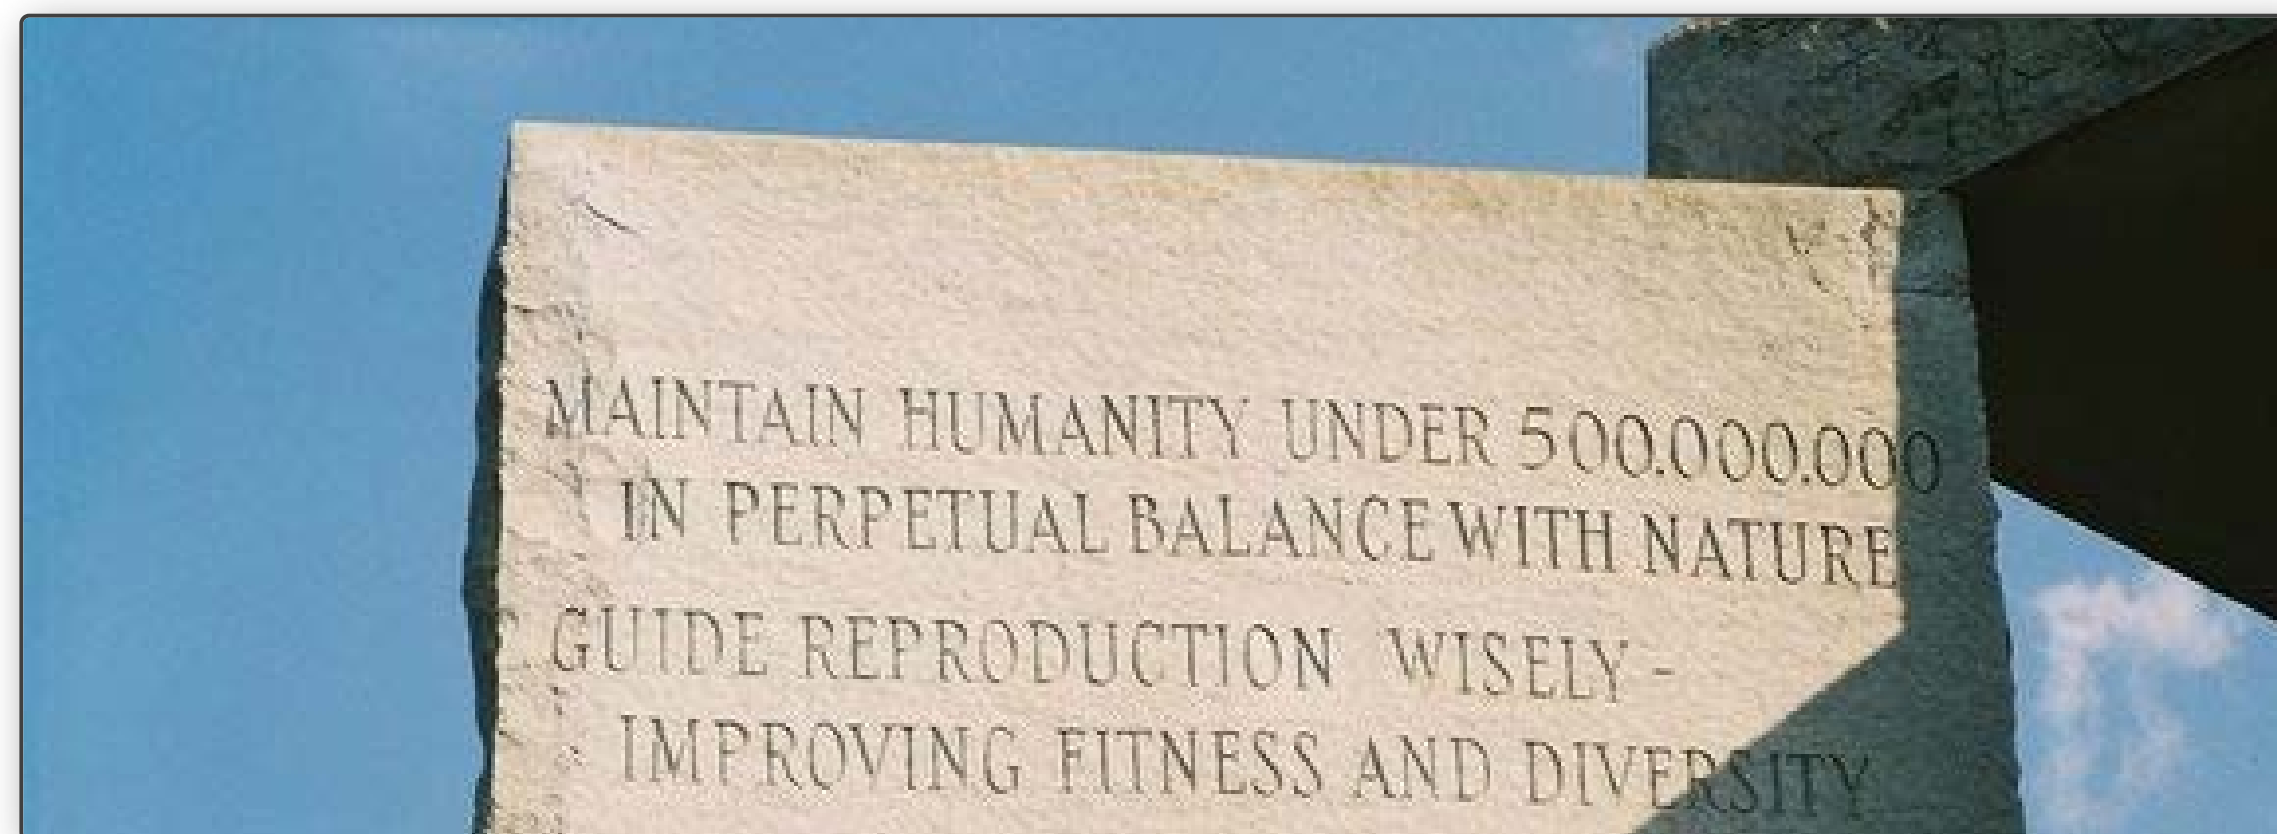

Fig. 8—The Georgia Guidestones is a monument made in 1980 by an anonymous author that details in 8 different languages how to build a new society, with apparent advocacy of population control,

eugenics, and internationalism. It was destroyed by an unknown person(s) on Jul. 27, 2022. See <https://youtu.be/X7CaQdN8bM8?si=M9cFBhOpB0BYQQDq>

Fig. 9—The City of London is controlled by the Pilgrims Society who carry on the pagan control of the Rādhānite merchant-bankers of Babylon. “The City of London Corporation” was chartered in 1067 after the coronation of William I, William the Conqueror, on Dec. 25, 1066 AD at Westminster Abbey.

William was Norman (French). The Babylonian Rādhānite (demon-worshipping pagans who claimed to be Jews for more than three millennia) already had an extensive banking and trade network through Europe and Middle East, Scandanavia and Africa to China.

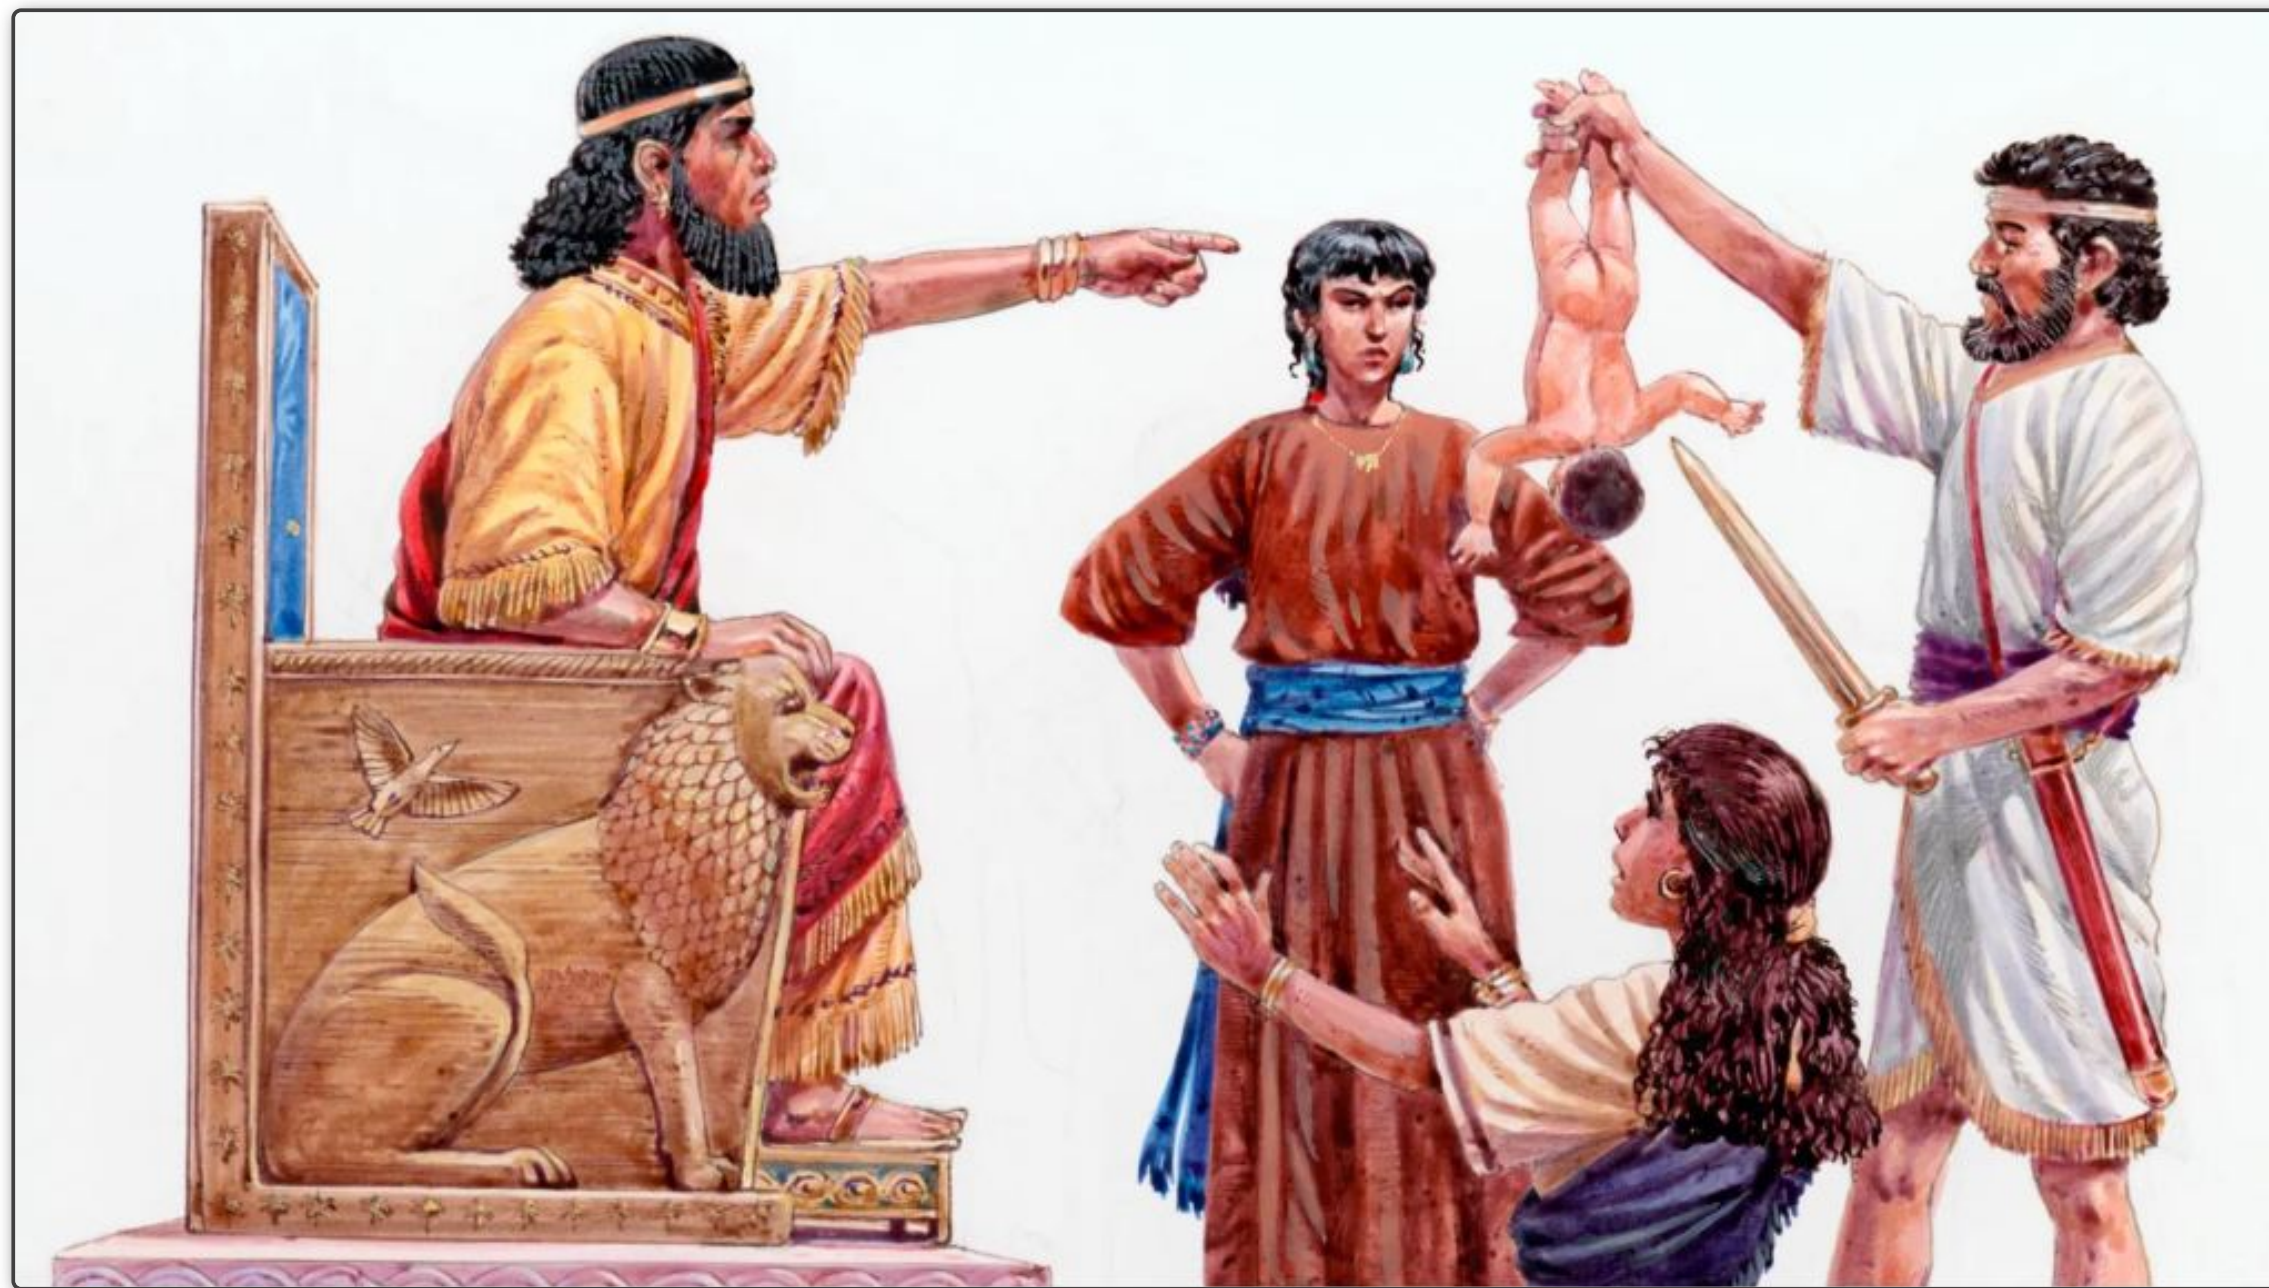

The Rādhānite merchant-bankers were forced to flee Babylon (renamed Baghdad) ahead of the armies of the Muslim Seljuk Turks in 1055 A.D.—just 11 years earlier. They fanned out along their extensive network of merchant-banking trading post across the known world.

“And Jesus entered the temple and drove out all who sold and bought in the temple, and he overturned the tables of the money-changers and the seats of those who sold pigeons. He said to them, It is written, ‘My house shall be called a house of prayer,’ but you make it a den of robbers.” [Matthew 21:12-13](#).

“Synagogue of Satan”

“Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee.” [Revelation 3:9](#).

In the process, they rebranded themselves as “Ashkenazi Jews.” They had called themselves Jews for millennia while in Babylon, but they had created their unique pagan version that followed the Talmud, Yiddish, and rabbis, rather than the Torah, Hebrew, and Prophets.

The Babylonian Empire codified debt slavery by sanctioning usury (charging interest on the loan of money) in the Code of Hammurabi (1755–1750 BC). They put fake Jews in charge of these practices. While the Prophets Ezekiel and Daniel ca. 600 BC were decrying usury, exiled "Jews" like the Egibi and Marushu banking families, who had so intermixed with Persians that their Jewishness had vanished, were assigned the task of running all aspects of the Babylonian economy, including Silk Road commerce from Britain to China, leveraging Solomon's Gold, banking, finance, intelligence, propaganda, engineering, agriculture, and trade.

The Babylonian Empire worshipped demon gods who demanded child sacrifice and debt slavery, including Mammon, Moloch, Asmodeus, Ba'al, Baphomet, Beelzebub, Behemoth, Ishtar, Legion, Leviathan, Lucifer, Mammon, Marduk, Moloch, Pazuzu, Satan, Agrat bat Maḥlat, Alu, Alukah, Asherah, Ashmodai, Astarte, Azazel, Belial or Beliar, Bel-Marduk, Chemosh, Dagon, Deber, Dever, Ekimmu, Gallu, Horon, Ilu Limnu, Keṭeb, Kotar Hosis, Labartu, Labartu, Lamashtu, Lilith, Lilu, Lotape, Mavet, Nahar, Nergal, Ninisina, Pentalpha, Rabisu, Reshef, Resheph, Resheph, Samael, Shachar, Shalem, Shamḥazai, Shedim, Shedim, Tannin, Tiamat, Tirosh, Yoḥane bat Reṭibi, and others.

King Solomon's 600 wives and 300 concubines eventually lured him into building temples to and worshipping these Babylonian demon gods. This is evidently when the Babylonian Rādhānite took full control of Solomon's Gold that had been carted off to Babylon. Then, shipped to The City of London ca. 1067 AD.
