His current public offering of Trump Media & Technology Group (NASDAQ: \$DJT) is interlocked 17-layers deep to the British government, Crown, and its controllers in the Pilgrims Society. Was his surprise meeting Monday night with British Foreign Minister David Cameron the payoff with bearer bonds and offshore account codes?

TRUMP MEDIA'S INTERLOCKED NESTED DOLL BRITISH FUNDERS

On Mar. 26, 2024, TRUMP MEDIA & TECHNOLOGY GROUP (\$DJT) began publicly trading as a “business combination” with DIGITAL WORLD ACQUISITION CORP—a Special Purpose Acquisitions Company (SPAC).

Like a Russian nested doll on steroids, 17-layers deep, Donald Trump’s Truth Social was funded by the British Treasury via Coutts Bank—the bank of the British monarchy and Pilgrims Society, established by pagan Babylonian Radknight merchant-bankers in 1692 (see Radknight refs. In Domesday Book, 1086).

The British Pilgrims Society (founded 1902) was first discovered to have prepared a 24-point strategy to "Annex America" in 1907 by American journalist [Lillian Scott Troy](#). Lillian published it in 1912. She was kicked out of Britain at the end of WWI for being annoying to the Pilgrims Society plans. She called them "the **Benedict Arnold Society**." She exposed that Andrew Carnegie was offered a "dukedom" by King Edward in 1913 to deliver America to Britain for reincorporation.

Elihu Root was co-founder of the Pilgrims Society (1902); former U.S. Secretary of War (1899-1904); U.S. Secretary of State (1905-1909); NY Senator (1909-1913); founding president, **Carnegie Endowment for International Peace** (1910); Nobel Prize (1912); founder, **Council on Foreign Relations** (1918)

John Hay was U.S. Ambassador to the Court of St. James where he promoted annexation of America by Britain. He once described (banker) war "as necessary as it is righteous" and described another war as "a

BREAKING NEWS:

Monday evening, Apr. 08, 2024, the smarmy **Lord (Baron) David Cameron** met with Donald Trump in Mar-a-Lago. Cameron is a member of the British Pilgrims Society, Privy Councillor, former British prime minister, and now Foreign Secretary. As such Cameron has effective control of all foreign financings of the British Treasury.

The mockingbird British Pilgrims Society press (formerly named the Empire Press Union [formed in 1909], including *New York Times*, *Washington Post*, *Chicago Tribune*, *LA Times*) is slobbering all over itself to justify the optics of the dubious meeting.

Should a casual observer see no correlation between Trump Media's public offering just weeks ago (Mar. 26, 2024) and Cameron's funding of said offering through its EF HUTTON LLC underwriter?

Was Cameron ignoring protocol so he could hand-deliver Trump's bearer bonds and British offshore account codes in exchange for letting the British Pilgrims Society take financial control of Truth Social?

The meeting was dubious for at least the following reasons:

1. PROTOCOL IGNORED: Protocol dictates that a sitting British Foreign Secretary must be hosted by his U.S. counterpart: the U.S. Secretary of State, Anthony Blinken. Blinken was AWOL.

Cameron was accompanied by British Ambassador to the United States Dame [Karen Pierce](#). Pierce is a notorious sycophant of the United Nations and election rigger Lord Mark Malloch-Brown. Reminder: the UN was founded by the British Pilgrims Society via the YMCA in 1945. In another breach of protocol, Pierce's counterpart to the Court of St. James, U.S. Ambassador to the UK, [Jane Hartley](#), was AWOL as well.

Both Pierce and Hartley are evident members of the Pilgrims Society. Hartley's pedigree includes interlocked relationships with Harvard's Kennedy School, the Carnegie Endowment for International Peace, Council on Foreign Relations, Economics Club of New York, Universal MCA (NBC) Pictures, Empire Press Union (now CPU Media Trust), Westinghouse (RCA, Marconi, BAE, United Fruit Company). One cannot paint a more Pilgrims Society sycophant.

The evident conclusion is that the Pilgrims did not need Harley in the meeting since Cameron and Pierce were senior to her in their American annexation plans.

2. BRITISH CONTROL FACEBOOK: Cameron, as prime minister, was the former boss of [Sir Nicholas Clegg](#), his deputy prime minister. Clegg effectively controls Facebook, along with British spy [Baron Lord Richard Allan](#). On the surface, Trump Social and Facebook are competitors, but the British Pilgrims Society controls them both.

3. CAMERON NOTORIOUSLY HATES TRUMP: [In 2016](#), Cameron bloviated on the floor of the British House of Commons that Trump's remarks were "devisive, stupid and wrong." Chameleon Cameron showed not an ounce of love for Trump before he was president, but now he comes calling to citizen Trump.

4. BRITISH NOW CONTROL TRUTH SOCIAL: Cameron, as the current foreign secretary, controls the financing of Truth Social via the British Treasury's control of NatWest Group PLC and its subsidiary Coutts Bank--the bank of the British royals worldwide. Coutts controls the EF HUTTON British asset managers that fly under the flag of "Kingswood," fronted by one Gary Spencer Wilder, who purchased and controls the sources of cash available to Trump's underwriter: EF HUTTON LLC.

5. TRUMP'S SCALLYWAG LAWYERS: Trump's securities attorney, **NELSON, MULLIONS, RILEY & SCARBOROUGH LLP**, is interlocked with the British Pilgrims Society through its influential partner **Philip Lader**--who himself was a U.S. Ambassador to the Court of St. James (UK)--a spawning ground for the British Pilgrims Society.

GROUP (\$DJT) began publicly trading as a "business combination" with DIGITAL WORLD ACQUISITION CORP—a Special Purpose Acquisitions Company (SPAC).

In short, we believe the TRUMP-MEDIA-DIGITAL-WORLD-SPAC is an insider's scheme where the outcomes are predetermined by a newly-minted EF HUTTON underwriter before the trading starts. This offering is evidently rigged to reward the insiders at the expense of an unsuspecting Main Street (sucker) public.

*Trump's securities law firm on this offering is **Nelson Mullins Riley & Scarborough LLP**, or [Nelson Mullins LLP](#) for short. See [Press Release and S4 Registration, Amendment No. 8](#).*

*Curiously, [Nelson Mullins LLP](#) carries **NO NEWS** about the Trump Media financing on their corporate website. Normally, such "white shoe" firms bark like dogs when they take a company public. In fact, a search of their website for "[truth social](#)" returns ZERO results about Trump. **Who are they really working for?***

*Nelson Mullins LLP's Wikipedia touts their former partners including [Philip Lader](#), **Marco Rubio**, and **Trey Gowdy**. *Lader is by far and away the most interlocked partner with British Pilgrims Society interests.* Lader is the former chairman of WPP plc--a bloated British advertising and communications behemoth headquartered in London (READ: propaganda, market manipulation, mind control) that employs 205,000 people in 112 countries.*

*Lader was executive vice president to **Sir James Goldsmith's** U.S. holdings (read. "Kingswood" UK company role in financing Trump--"land owned by the King"). Lader was groomed at Duke, Michigan, Harvard Law, and Oxford University (UK). He is a director of the **RAND Corporation**, **Lloyd's of London**, and the **British Museum** (where much evidence of the ancient pagan Babylonian Rādhānite merchant-bankers who took over The City of London, by royal charter in 1067, is hidden) . Need we say more? He is also a member of the Council on Foreign Relations, Atlantic Council, Columbia University International Advisor Board. *Lader's British Pilgrims Society credentials are**

unmistakable.

Rep. Jim Jordan (OH 4th) certainly knew about the [Miller Act Notice](#) and the theft of social networking. Entrepreneur, inventor Michael McKibben personally met with Jordan four times to brief him. Jordan even delivered the First Amended Miller Act Notice to Trump's White House through his staff! See Fig. 8 below. Did Jordan not inform Goudy, Nunes, Rubio? Were their staffs all asleep at the wheel? Or, are they all in on the latest derailing gravy train? Why do none of them lift a finger to protect true American inventors? Why do none of them protest the theft from and control of the U.S. Patent Office by British-crown-controlled SERCO (since 2006)?

*Wikipedia says plainly that Lader is honored "For his contributions to **trans-Atlantic relations**" [read: **British Pilgrims Society plan to ANNEX AMERICA, see below**].*

TRUMP MEDIA & TECHNOLOGY CORP. IS CONTROLLED BY COUTTS BANK (UK)

Trump owns between 58% and 69% of Trump Media, according to [Forbes](#). Trump's exclusive deal broker is EF HUTTON. Baby boomers remember the iconic EF HUTTON TV propaganda tagline: "[When EF Hutton talks, people listen.](#)" Few know that EF HUTTON evaporated during the 2008 banking debacle because of their criminal subprime mortgages.

In 2021, the [EF HUTTON](#) brand was purchased by Kingswood Capital Markets, a

subsidiary of Kingswood Holdings Ltd, which, in turn, was a subsidiary of Benchmark Investments LLC. Benchmark was the US broker dealer with the licenses to operate the newly-minted EF HUTTON brand used by Trump.

It is easy to get lost on the twists and turns embedded in these interlocking relationships, so stay focused on the name **“Kingswood.”**

After William the Conqueror’s conquest of England in 1066, he immediately chartered The City of London using pagan Babylonian "Radknight" merchant-bankers in 1067, “Kingswood” literally meant **“woods (property) reserved for the King”** exploited for ship building, construction, housing, fencing, transportation, tools, textiles, sports, armaments, weapons, perimeter security, food, wildlife, hunting, sport, furniture, mechanical devices, cures, recreation, indentured servitude.

We have prepared a spreadsheet to help straighten out this Trump Social funding crooked stick, but here is the summary. Links to these proofs are embedded in the spreadsheet.

EF HUTTON's ultimate controller is British, not American. Coutts Bank, the monarch's bank, sits inside this 17-layer nested doll along with the British Treasury.

Coincidentally (?), Governor Ron DeSantis' 30-year old sister Christina died mysteriously in London while working for KPMG Volcker Solutions where she was auditing "covered accounts." Her boyfriend and her likely handler actually worked for Coutts Bank. Ron was virtually silent about the death of his sister in her prime. See this video for details: [Was Ron DeSantis Sister Murdered in London?](#)

Also coincidentally (?), [Paul Volcker](#), former Federal Reserve chairman, and Obama bank bailout chair, was vice president of the Pilgrims Society in New York with [Henry Kissinger](#) during the carefully engineered 2008 banking scandal.

Truth Social has parked its Ponzi scheme on Michael McKibben's patented technologies without paying a license fee. Despite having proof that Trump received formal notice of the theft, these facts are not disclosed to Trump's prospective investors in their SEC filing. This is fraud.

Trump knows all about the theft of social networking. Leader sent him hundreds of Fifth Amendment demands by its shareholders. It was delivered by senior staffers from Rep. Jim Jordan's office. We note that the Truth Social SEC disclosures discombobulate their position relative to potential infringed property. The wording is evidently intended to absolve Trump of any potential liability for a supposed lack of knowledge of his infringement of Leader Technologies social networking inventions.

Fig. 8--Leader Technologies' Fifth Amendment Takings Clause demands for compensation under the [Miller Act](#) that were hand carried to the White House by senior staffers from Rep. Jim Jordan's office. Some of Leader's shareholders reside in Rep. Jordan's Ohio district. Note: Since this Notice was put forward, numerous unscrupulous attorneys aligned with the British Pilgrims Society and their American sycopants have tried to assert that the Miller Act does not apply to the government confiscation of software construction projects. They also argue that the bonds supplied to the federal government by the tens of thousands of beneficiaries of government technology payments cannot be used to pay Leader Technologies for the effective confiscation of their inventions.

The purpose of the Fifth Amendment Takings Clause was specifically to compensate owners of property from having their property seized by the federal government without due compensation. Leader's circumstance could not be more classically applied. See [Legal Social](#).

Fig. 11—The City of London is controlled by the Pilgrims Society who carry on the pagan control of the Rādhānite merchant-bankers of Babylon. "The City of London

Corporation” was chartered in 1067 after the coronation of William I, William the Conqueror, on Dec. 25, 1066 AD at Westminster Abbey.

William was Norman (French). The Babylonian Rādhānite (demon-worshipping pagans who claimed to be Jews for more than three millennia) already had an extensive banking and trade network through Europe and Middle East, Scandinavia and Africa to China.

The Rādhānite merchant-bankers were forced to flee Babylon (renamed Baghdad) ahead of the armies of the Muslim Seljuk Turks in 1055 A.D.—just 11 years earlier. They fanned out along their extensive network of merchant-banking trading post across the known world.

“And Jesus entered the temple and drove out all who sold and bought in the temple, and he overturned the tables of the money-changers and the seats of those who sold pigeons. He said to them, It is written, ‘My house shall be called a house of prayer,’ but you make it a den of robbers.” [Matthew 21:12-13](#).

“Synagogue of Satan”

“Behold, I will make them of the synagogue of Satan, which say they are Jews, and are not, but do lie; behold, I will make them to come and worship before thy feet, and to know that I have loved thee.” [Revelation 3:9](#).

In the process, they rebranded themselves as “Ashkenazi Jews.” They had called themselves Jews for millennia while in Babylon, but they had created their unique pagan version that followed the Talmud, Yiddish, and rabbis, rather than the Torah, Hebrew, and Prophets.

The Babylonian Empire codified debt slavery by sanctioning usury (charging interest

on the loan of money) in the Code of Hammurabi (1755–1750 BC). They put fake Jews in charge of these practices. While the Prophets Ezekiel and Daniel ca. 600 BC were decrying usury, exiled "Jews" like the Egibi and Marushu banking families, who had so intermixed with Persians that their Jewishness had vanished, were assigned the task of running all aspects of the Babylonian economy, including Silk Road commerce from Britain to China, leveraging Solomon's Gold, banking, finance, intelligence, propaganda, engineering, agriculture, and trade.

The Babylonian Empire worshipped demon gods who demanded child sacrifice and debt slavery, including Mammon, Moloch, Asmodeus, Ba'al, Baphomet, Beelzebub, Behemoth, Ishtar, Legion, Leviathan, Lucifer, Mammon, Marduk, Moloch, Pazuzu, Satan, Agrat bat Maḥlat, Alu, Alukah, Asherah, Ashmodai, Astarte, Azazel, Belial or Beliar, Bel-Marduk, Chemosh, Dagon, Deber, Dever, Ekimmu, Gallu, Horon, Ilu Limnu, Keṭeb, Kotar Hosis, Labartu, Labartu, Lamashtu, Lilith, Lilu, Lotape, Mavet, Nahar, Nergal, Ninisina, Pentalpha, Rabisu, Reshef, Resheph, Resheph, Samael, Shachar, Shalem, Shamḥazai, Shedim, Shedim, Tannin, Tiamat, Tirosh, Yoḥane bat Reṭibi, and others.

King Solomon's 700 wives and 300 concubines eventually lured him into building temples to and worshipping these Babylonian demon gods. This is evidently when the Babylonian Rādhānite took full control of Solomon's Gold that had been carted off to Babylon. Then, shipped to The City of London ca. 1067 AD.
