SUIT TO EXPOSE 'PSYCHO' PASTOR

Father of Girl Wife Says He Will
Reveal "Mysteries" of Sin-
clair, Who Departs.

Following immediately on the heels of the threat of exposure of the "astral" devices and "machinery of mysticism" used in the "Church of Psycho-Science" by Hugh Robert Sinclair Moore, made by C. A. Kleffler, the father of the young girl he is alleged to have duped into marrying him, "Pastor Moore, or Sinclair, as he was more commonly known, boarded an Overland train for the East at 4 o'clock yesterday afternoon. Kleffler, an Oakland jeweler, said he would expose Sinclair's methods in the suit for annulment of the marriage of his daughter, Ida Kleffler, to Sinclair.

Kleffler declared last evening that he would produce affidavits exposing all the "mummery" and "clap trap" which he claims the psychagogue employed to gain control over his 16-year-old daughter.

Ida Kleffler with her mother, according to the father, came under the "hypnotic" influence of the medium while he was exerting his spirit controls and mystifying his flock of the Church of Psycho-Science. So strong did this influence become over mother and daughter that in July of last year the psychic married the 16-year-old girl against the father's wishes.
