FATHER GETS HER WEDDING VOIDED - Ida Kleffler Moore, seventeen-year-old bride of Hugh Robert Sinclair Moore, clairvoyant and pastor of the Psycho-Science "church" of Oakland, was today granted a decree of annulment of her marriage with the spiritualist pastor by Judge W. S. Wells. The suit had been brought by her father, C. A. Kleffler, a Jeweler and formerly a Chautauqua "spirit-exposing-expert," and was based on the fact that at the time of the marriage of Moore and the girl, he had a wife, Cora Moore, In Hamilton, O., and two children. The annulment was granted on the grounds of a previous marriage In force. According to Kleffler, his daughter was the victim of "scientific mummery and occult claptrap," by means of which Moore is alleged to have made the girl believe that the spirits willed their marriage, and that they would help her to make a success on the stage as a dancer. The girl was young and Impressionable, and Kleffler said she would not heed his warn ings that it wa "spirit junk." "Since she was decided on getting married, the only thing for me to do was to go into Moore's record," said the father. He ascertained that Moore had been married before, and asked him to show his decree of dl vorce. Moore produced one, but Kleffler later ascertained that on the date It was supposed to have been granted, the Judge who granted it was out or town, and Moore had not yet been released from his parole from San Quentin.
