MEMORANDUM FOR: Director of Joint Computer Support
SUBJECT : ORACLE

The Office of Logistics has been advised that the General Services Administration (GSA) contract for the ORACLE construction is scheduled for completion on 13 December 1974, although it could ostensibly be expedited to 1 December 1974 by payment of an additional \$21,000. Because the ORACLE equipment delivery schedule has now slipped and because it is likely that attempting to advance the schedule with increased payments may not be effective because of cramped working space and material delays, GSA has been advised that a 13 December 1974 completion date is acceptable.
