FOREWORD

Policy and Supporting Positions is designed to list the leading noncareer positions in the United States Government. Part I covers positions outside the competitive civil service, including those to which appointments are made by the President, noncareer executive assignment positions in General Schedule grades 16, 17, and 18, positions under schedule C of the civil service rules, and other excepted positions at GS-14 (or equivalent), and above, including selected positions under schedules A and B of the civil service rules.

Part II includes all individuals holding noncareer and limited appointments in the new Senior Executive Service. The SES is independent of the competitive and excepted services.

Part III includes the Federal salary schedules effective October 1, 1980.

In reviewing the positions listed in this publication, the reader should be aware that incumbents of some positions—such as noncareer executive assignment and schedule C positions—serve at the pleasure of the agency head because the positions' excepted status reflects such considerations as confidentiality, advocacy of Administration programs, or policy determining responsibilities. However, other positions, such as those in schedules A and B, are excepted from the competitive civil service solely because it is impractical to hold competitive examinations for the jobs. Some agencies have a large number of employees outside the competitive civil service—scientists and engineers in NASA, for example—but their positions are not political. Also not political are the statutory Inspectors General, who are required to be appointed without regard to political affiliation, and employees in the Postal Service.

Information for this publication is based on a survey conducted as of September 1, 1980.

Note.—Appearing in appendix No. 1 to part I, p. 141, is a memorandum on the excepted service positions.

¹ The Reorganization Plan setting up NOAA allowed for establishment of three Level V positions by Secretary, with the consent of the President. Two have been established and filled; one is as yet unestablished.

² The salaries of these Members are set administratively under a pay plan and are within range of a GS-17 salary.

³ When incumbents of the Board of Appeals leave, these positions will be filled by career appointment, in accordance with Public Law 93-601 dated Jan. 2, 1975.

APPENDIX No. 1

MEMORANDUM ON FEDERAL POSITIONS EXCEPTED FROM THE COMPETITIVE SYSTEM BY THE OFFICE OF PERSONNEL MANAGEMENT (OPM)

Authority

By Executive order, the President has authorized the Office of Personnel Management (OPM) to exempt from the competitive civil service positions which otherwise would be subject to the Civil Service rules and regulations governing appointment and employment, generally. Civil Service Rule VI defines schedules A, B, and C and grants authority for the OPM to list positions in these excepted schedules. Under Civil Service Rule IX, which established the Executive Assignment System for positions in grades GS-16, GS-17, and GS-18, the OPM may except positions and authorize agencies to fill them under noncareer executive assignment.

The OPM has been given the authority to revoke schedule A, B, and C listings. It also periodically reviews exceptions made under Rule IX and, after consultation with the agency concerned, revokes exceptions of executive assignment positions which no longer meet the criteria for exception.

The OPM makes decisions about exceptions and revocations after consideration of agency justifications and its own independent reviews and analyses. All substantive decisions are made by the Director personally and are not delegated.

Categories of exceptions

Noncareer executive assignment.—These assignments are made to nonmanagerial positions in grades GS-16, GS-17, and GS-18 if the incumbent will: (1) be deeply involved in the advocacy of controversial Administration programs; (2) participate significantly in the determination of major political policies of the Administration; or (3) serve as a principal assistant or adviser to a Presidential appointee or other key political figure. The positions are of the type which share with Presidential appointees the advocacy of current Administration policies and help assure control of the executive machinery of Government by the political party in power, but which are not included in the Senior Executive Service (SES). (Note: Information on the SES is found in Part II of this document.)

Schedule C.—This schedule is for positions of a confidential or policy-determining character not in grades GS-16, GS-17, GS-18, or the Senior Executive Service.

Schedule A.—This schedule is for positions which are not of a confidential or policy-determining character, and which are not in the Senior Executive Service, for which it is not practicable to hold any kind of examination, either competitive or noncompetitive. Examples are positions of attorneys for which examination is forbidden by law, student interns, and certain part-time jobs depending on residency in remote locations.

Schedule B.—This schedule is for positions which are not of a confidential or policy-determining character, and which are not in the Senior Executive Service, for which it is impracticable to hold open competition or to apply usual competitive examining procedures. Appointments under this authority are subject to the basic qualification standards established by the Office of Personnel Management.

Filling excepted positions

Agencies generally establish qualification requirements for excepted positions, although the Office of Personnel Management does this for positions listed in schedule B and for positions authorized to be filled by noncareer executive assignment.

Removals from excepted positions

Because of their policy-determining or confidential nature, positions authorized to be filled by noncareer executive assignment and positions in schedule C may be subject to change in a change of National Administration. However, some incumbents of these and other excepted positions are entitled to certain protections, which are outlined in the table on the following pages.

APPENDIX No. 2—Continued

REMOVALS FROM EXCEPTED POSITIONS—Continued

Status of employee	Procedure required	Appeal privileges
5. All employees:		
a. With personal status ¹ serving in schedule B.	<i>Conduct-based removal</i> must be for such cause as will promote the efficiency of the service.	For conduct-based and performance-based actions, appeal to the Merit Systems Protection Board (MSPB) covers sufficiency of reasons for removal as well as compliance with prescribed procedures.
b. With status in their positions ² serving in schedule A, B, or C.	The employee must be notified in writing at least 30 days in advance of the proposed removal and of the specific reasons for it.	
c. Veterans with 1 year or more of current continuous employment serving in positions excepted by statute or in schedule A or B.	He must be given at least 7 days to answer. He is entitled to be represented by an attorney or other representative. His reply must be considered by the deciding official. He must be given a written decision, containing the reasons for the action and information on his right of appeal to the Merit Systems Protection Board. <i>For performance-based removals</i> (unless agency excluded by statute), employee is entitled to: A 30 days' advance written notice of specific instances of unacceptable performance on which the removal is based; Identification of the critical elements involved; The right to be represented; A reasonable time to answer; and A written decision.	
6. Noncareer Senior Executive Service employees.	See Part II.	

¹ Personal status is civil service status acquired during a period of competitive service.

² An employee has status in his position if (a) he was serving, with civil service status, in a position in the competitive service when the Office of Personnel Management listed the position in schedule A, B, or C, and (b) he is still serving in that position. This covers employees in attorney positions on Jan. 23, 1955, who were serving with civil service status in attorney positions on May 1, 1947, and who have served continuously in attorney positions between those dates, even though movement to a different agency or activity between those dates may have been effected as an "excepted appointment."

PART II—SENIOR EXECUTIVE SERVICE

The Senior Executive Service (SES) is a personnel system covering top level executive and managerial positions in most Federal agencies. Established by the Civil Service Reform Act of 1978, the Senior Executive Service includes managerial positions previously classified at GS-16, 17, and 18, and Executive Level IV and V positions not requiring Senate confirmation. The number and types of SES positions and appointments to them are governed by specific statutory provisions.

Number and types of SES positions

Currently, there are approximately 8,600 SES positions allocated by the Office of Personnel Management (OPM) to individual agencies under an overall ceiling established by law. Managerial positions in the FBI, certain intelligence agencies, the Foreign Service, and Government corporations are exempt from inclusion in the SES.

There are two types of positions in the Senior Executive Service: career reserved and general. Once a position is designated, the designation may not be changed without prior OPM approval.

Career reserved.—Positions are designated as career reserved by an agency where the need to ensure impartiality of the Government requires that they be filled only by career employees.

General.—This category applies to all SES positions not designated as career reserved. About 60 percent of SES positions are in the general category. General positions may be filled by career, noncareer, or limited appointments.

Appointments to SES positions

The legislation establishing the Senior Executive Service provides three methods of appointment to SES positions.

Career appointments.—Career appointments to the Senior Executive Service are made through a merit staffing (competitive) process which includes recruitment through published announcement, review by the agency of the qualifications of each candidate and a further review by an OPM-established Qualifications Review Board of the executive qualifications of individuals proposed for appointment.

A career appointee to an SES position serves a 1-year probationary period and thereafter may be removed only for cause. A career member of SES may not be involuntarily reassigned within 120 days after the appointment of a new agency head, or during the same period after the appointment of an immediate supervisor who is not a career employee.

Noncareer appointments.—The procedures to be followed and qualifications required in the selection of noncareer appointees are determined by agency heads. By law, no more than 10 percent of total SES positions, Government-wide, may be filled by noncareer appointees. The proportion of noncareer appointees may, however, vary from agency to agency (up to a limit of 25 percent) within the overall total. To administer this provision, OPM allocates to individual agencies an authorization for the number of noncareer appointments that may be made by the agency.

Noncareer appointees may be placed in any SES position that is not designated as career reserved. While many may be "political" appointees, noncareer appointments may also be made for other reasons, i.e., to eliminate procedural delays in appointment when the appointee does not plan to remain indefinitely in the Government. Any noncareer appointee may be removed for loss of confidence or change in policy.

Veteran's preference is not applicable in the SES, and there is no appeal right following removal of a noncareer appointee.

To facilitate transitions while providing necessary continuity OPM will normally be able to provide some temporary noncareer appointment authorities to agencies. Thus, new appointments may be made before it has been determined whether or not removal of existing noncareer appointees is appropriate.

Limited appointments.—Limited term and limited emergency appointments are used in situations where the position is not continuing, or where a prompt selection must be made to meet an emergency need. Limited appointments may not continue for longer than 3 years, or, in case of emergency appointments, 18 months. By law, limited appointments may not exceed 5 percent of total SES positions. As in the case of noncareer appointments, selection procedures and qualifications requirements are determined by the agency, and service is at the pleasure of the appointing authority.

Noncareer SES staffing in specific agencies

The tables which follow give, by agency, the total number of SES positions, the total number of noncareer and limited appointment authorities, and the number of noncareer and limited SES employees actually serving as of September 1, 1980. Also included, by agency, is a listing of the names of persons serving under noncareer and limited SES appointments as of the same date. Position titles are not shown since noncareer appointments may be made, within the total number allocated, to any SES position in the general category, i.e., positions not designated as career reserved. A given position may thus be filled at one time by a career appointee and at another time by a noncareer appointee.

By law, the appointment or removal of a person to or from any SES position in an independent regulatory commission shall not be subject, directly or indirectly, to review or approval by an officer or entity within the Executive Office of the President.

PART III—FEDERAL SALARY SCHEDULES

The information in the body of this report reflects grades or salaries as of September 1, 1980. Where an ungraded position has a salary rate, the basic entrance salary as of September 1 is shown. In some cases, these entrance salaries may have been increased subsequent to September 1, as there was a general increase in the salaries of most Federal white-collar employees effective on the first day of the first pay period beginning on or after October 1, 1980. This part shows the salaries that are in effect for the different grades of the several pay systems after that pay increase, under Executive Order 12248, October 16, 1980.

EXECUTIVE SCHEDULE

The Executive Schedule consists of five levels, with the following rates:

Level I.....	\$81,300
Level II.....	70,900
Level III.....	64,700
Level IV.....	61,600
Level V.....	58,500

However, under Public Law 96-369, which continued appropriations for the first part of fiscal year 1981, funds are not available to pay the rates shown above to positions at Executive Schedule levels. Instead, positions at Executive Schedule levels are still paid only at the rates that were in effect on September 30, 1980, as follows:

Level I.....	\$69,630.00
Level II.....	60,662.50
Level III.....	55,387.50
Level IV.....	52,750.00
Level V.....	50,112.50

SENIOR EXECUTIVE SCHEDULE

The Senior Executive Service (SES) was established by the Civil Service Reform Act of 1978. Pay for the SES is established by the President at rates which range from the rate of basic pay payable for GS-16, step 1, of the General Schedule to the rate of pay payable for level IV of the Executive Schedule. SES career appointees are eligible for Presidential rank awards and performance awards in addition to basic pay.

The Senior Executive Schedule consists of six levels, with the following rates:

ES-1.....	\$52,247
ES-2.....	53,996
ES-3.....	55,804
ES-4.....	57,673
ES-5.....	59,604
ES-6.....	61,600

However, under Public Law 96-369, which continued appropriations for the first part of fiscal year 1981, funds are not available to pay the rates shown above. Instead, SES positions are paid at the rates shown below:

ES-1.....	\$50,112.50
ES-2.....	50,112.50
ES-3.....	50,112.50
ES-4.....	50,112.50
ES-5.....	50,112.50
ES-6.....	50,112.50 (or \$32,750 if formerly level IV or if a new position)

GENERAL SCHEDULE

Initial appointments to positions under the General Schedule are normally made at the minimum rate of the grade, although under certain circumstances, individuals with superior qualifications may be appointed at a rate above the minimum rate, if the position is in grade GS-11 or above.

Step increases are granted General Schedule employees at the end of 52 weeks of service in steps 1, 2, and 3 of each grade; at the end of 104 weeks of service in steps 4, 5, and 6; and at the end of 156 weeks of service in steps 7, 8, and 9. An employee's work must be determined to be of an acceptable level of competence before each step increase. In addition to the periodic step increase, an employee whose work is outstanding may be advanced to a higher step on this basis no more often than once every 52 weeks.

It should be noted that employees in steps 5 through 10 of GS-15, all nine steps of GS-16, all five steps of GS-17, and the single step for GS-18 are all paid \$50,112.50, the payable rate for level V of the Executive Schedule. This salary compression results from section 5308 of title 5, United States Code, which provides that General Schedule pay may not exceed the rate for level V. (This level V ceiling also applies to the Foreign Service schedules and the Veterans Administration Department of Medicine and Surgery schedules, appearing later in this part.)

¹ Pursuant to section 101(c) of Public Law 96-369, the maximum rate payable is limited to the rate payable for level V of the Executive Schedule on September 30, 1980, that is, \$50,112.50.

MERIT PAY

Under the Civil Service Reform Act of 1978, a merit pay system was established for supervisors and management officials at grades 13, 14, and 15. Under this system, employees will receive pay increases that vary in amount according to the quality of their performance. A few agencies implemented merit pay in October 1980, but all agencies are required to implement the system by October 1981.
