Dear Dr. Brenner:

On behalf of The Burroughs Wellcome Fund and the Federation of American Societies for Experimental Biology (FASEB), I would like to congratulate you on being selected as a Wellcome Visiting Professor in the Basic Medical Sciences for the 1990/91 academic year. The purpose of the Visiting Professorships is to stimulate interest in the basic sciences and to recognize eminent scientists in Physiology, Biochemistry and Molecular Biology, Nutrition, Pharmacology, Immunology, Cell Biology and Pathology.

The terms of the Award provide you spend two to five days at the Boston University Medical Center engaged in teaching medical students, faculty and house staff. During the visit you will be delivering a Wellcome Lecture on a subject pertinent to Pharmacology. Enclosed is a brochure describing the Visiting Professorship Program.

At the end of your visit, we would appreciate receiving any suggestions or criticisms you may have regarding the Professorship. This will help the Executive Committee at FASEB and The B.W. Fund Directors and staff in evaluating the progress of the program.

Once again, congratulations on being selected and we hope to hear from you after the visit occurs.

Sincerely,

A handwritten signature in blue ink, which appears to read "D. Carr Agyapong". The signature is fluid and cursive.

D. Carr Agyapong
Programs Officer
