DR. S. BRENNER FRS

1. Brenner is the Senior Consultant of Biotechnology Investments Limited (BIL). <sup>(a)</sup> His responsibility is to assess the scientific <sup>and technical</sup> quality of work of interest to BIL, either in the very early stages, or at the development stage, or during production. It follows that such work may be undertaken by groups <sup>ranging in size from</sup> individual research workers <sup>to</sup> or by large quoted companies, ~~and~~ the various gradations between these two.

2. Dr. Brenner's opinion may also be sought about the <sup>(goodness or otherwise)</sup> of potential and actual consultants. <sup>? qualifications</sup>

3. Dr. Brenner may be required to visit undertakings, of course at times convenient to him. All out-of-pocket expenses incurred in such visits or in other work away from Cambridge, England, will be met by BIL.

4. <sup>Dr. Brenner's appointment is renewed annually; his</sup> ~~Dr. Brenner's~~ pay will be reviewed every two years.

(a) He can be consulted about general matters in biotechnology and related sciences but his main
