## FOREWORD

Every four years, just after the Presidential election, the Plum Book is published, alternately, by the House Committee on Post Office and Civil Service and the Senate Committee on Governmental Affairs. This publication contains data (as of June 30, 1992) on over 9,000 Federal civil service leadership and support positions in the legislative and executive branches of the Federal Government that may be subject to noncompetitive appointment; e.g., positions such as agency heads and their immediate subordinates, policy executives and advisors, and aides who report to these officials. Note that the duties of many such positions may involve advocacy of Administration policies and programs and the incumbents usually have a close and confidential working relationship with the agency head or other key officials.

Following are the major categories of positions listed:

- Executive Schedule and salary-equivalent positions paid at the rates established for Levels I through V of the Executive Schedule;
- Senior Executive Service "General" positions;
- Senior Foreign Service positions;
- Schedule C positions excepted from the competitive service by the President, or by the Director, Office of Personnel Management, because of the confidential or policy-determining nature of the position duties.
- Other positions at the GS/GM-14 and above level excepted from the competitive civil service by law because of the confidential or policy-determining nature of the position duties.

Senior Executive Service (SES) "General" positions may be filled by career, noncareer or limited appointment. SES "Career Reserved" positions are not listed in this publication because, by law, such positions may be filled only by competitive career appointment. Only 10 percent of all SES positions may be filled at any one time by noncareer appointment. Similarly, by law, only 5 percent of Senior Foreign Service (SFS) positions may be filled at any one time by other than career appointment. Note that the phrase "Career Incumbent" is shown under the heading "Name of Incumbent" for all SES, SFS and other listed positions filled by career appointment.

Additional information on the positions listed and the Federal salary schedules under which they are paid is provided in the appendixes. The Legend on the following page shows the codes and acronyms used in this publication.

## LEGEND

---

### **Position Location (Column 1)**

Listed are the cities, States/Provinces and foreign countries in which the positions are located. Countries and cities (or other subdivisions) are shown for overseas posts. Note that "Washington DC" includes positions in the entire metropolitan area and therefore includes certain cities and counties in the States of Maryland and Virginia.

### **Position Title (Column 2)**

Listed are the position titles and the names of the organizations in which they are located.

### **Name of Incumbent (Column 3)**

Listed are the names of individuals serving under other than career appointments. The phrase "Career Incumbent" is shown for positions incumbented by career appointees. The term "Vacant" is shown for positions that were not occupied on June 30, 1992, the "as of" date of this publication.

Note that the law requires that "member" positions in certain agencies (e.g., boards, committees, and commissions) be filled on a bipartisan basis. For such positions, the following letter codes are shown in parentheses following the name of the incumbent:

(D) = Democrat      (I) = Independent      (R) = Republican

### **Pay Plan (Column 4)**

Listed are letter codes that denote the Federal salary schedule or pay system under which position incumbents are paid. Tables showing the salary ranges for each pay system are contained in Appendix 4.

EX	=	Executive Schedule
ES	=	Senior Executive Service
SL	=	Senior Level
GM	=	Performance Management and Recognition System (Merit Pay)
GS	=	General Schedule
FE	=	Senior Foreign Service
FP	=	Foreign Service Specialist
OT	=	Other Pay Plan (all those not listed separately)
PD	=	Daily Pay Rate* (per diem)
WC	=	Without Compensation*

\* Although not Pay Plans, these codes are shown for information purposes.

**Type of Appointment (Column 5)**

Listed are letter codes that denote the type of appointment under which the position incumbent is serving. Note that several categories of positions can be filled by more than one type of appointment, e.g., SES positions listed in this publication may be filled by using career, noncareer, limited emergency, or limited term appointment authorities. Therefore, no "Type of Appointment" is shown for such positions when they are vacant.

PAS	= Presidential Appointment with Senate Confirmation
PA	= Presidential Appointment (without Senate confirmation)
CA	= Career Appointment
NA	= Noncareer Appointment
EA	= Limited Emergency Appointment
TA	= Limited Term Appointment
SC	= Schedule C Excepted Appointment
XS	= Appointment Excepted by Statute

**Level, Grade, or Pay (Column 6)**

Listed are numerical and letter codes that denote the level, grade or salary of the position incumbented:

Levels I through V of the Executive Schedule

Grades 1 through 15 of the General Schedule

Annual Salary in Dollars

Daily Pay Rate in Dollars

If there is no entry in this column, the position does not have an established level, grade, or pay rate. For example, the pay rate for Senior Executive Service and Senior Level positions is "personal," i.e., attached to the incumbent, not the position. The pay rate for each new appointee is set by the appointing authority (usually the agency head) on a case-by-case basis. Annual salary schedules and pay ranges for such positions are shown in Appendix 4.

**Tenure (Column 7)**

Listed are the terms or durations of the appointment in years. If there is no entry in this column, the appointment has no fixed term.

**Expires (Column 8)**

Listed are the expiration dates for time-limited appointments. If there is no entry in this column, the incumbent is not serving under a time-limited appointment. However, many member positions on agency advisory boards, councils, and commissions are filled initially for a fixed term, but the incumbents may (and often do) serve beyond the expiration date until they are replaced. In such cases, no expiration date is shown.

## APPENDIX NO. 2

### SENIOR EXECUTIVE SERVICE

The Senior Executive Service (SES) is a personnel system covering top level supervisory and managerial positions in most Federal agencies. Positions in Government corporations, the FBI and Drug Enforcement Administration, certain intelligence agencies, certain financial regulatory agencies, and the Foreign Service are exempt from the SES.

The SES includes positions classified above grade 15 of the General Schedule, as well as Executive Level IV and V positions not requiring Senate confirmation. An agency may establish an SES position only within an allocation approved by the Office of Personnel Management (OPM). Currently, there are approximately 8,800 SES positions allocated by OPM to agencies.

#### *Types of SES Positions*

There are two types of SES positions: Career Reserved and General. About half of the SES positions are designated in each category. Once a position is designated by an agency, the designation may not be changed without prior OPM approval.

SES positions are designated Career Reserved when the need to ensure impartiality, or the public's confidence in the impartiality, of the Government requires that they be filled only by career employees (e.g., law enforcement and audit positions).

The remaining SES positions are designated General and may be filled by career, noncareer, or limited appointment.

A given General position may be filled at one time by a career appointee and at another time by a noncareer or limited appointee, or vice versa. Because of the limitations on the number of noncareer and limited appointees, as discussed below, most General positions are filled by career appointees. This publication lists only General positions since Career Reserved positions must be filled by a career appointee.

#### *Appointments to SES Positions*

The legislation establishing the SES provides three methods of appointment. Veterans preference is not applicable in the SES.

(1) **Career appointment:** Career appointments are made through a Government-wide or an "all sources" merit staffing (competitive) process, including recruitment through a published announcement, rating and ranking of eligible candidates, approval by the agency of the technical and managerial qualifications of the selected candidate, and a further review and approval of the managerial qualifications of the proposed selectee by an OPM-established SES Qualifications Review Board.

A career appointee serves a 1-year probationary period. Upon completion, the appointee acquires tenure rights and may be removed from the SES only for cause or for poor performance. (A performance appraisal for a career appointee may not be made, however, within 120 days after the beginning of a new Presidential Administration, i.e., one where the President changes.)

When a career appointee is reassigned within an agency, he or she must be given at least a 15-day advance written notice. If the reassignment is to another commuting area, the notice period is 60 days; and the agency first must consult with the individual as to the reasons and the individual's preferences.

A career appointee may not be involuntarily reassigned within 120 days after the appointment of a new agency head, or during the same period after the appointment of a noncareer supervisor who has the authority to make an initial appraisal of the career appointee's performance. A career appointee may not be involuntarily transferred to another agency.

Like all career Federal employees, a career SES appointee is entitled to protection against retaliatory or politically motivated personnel actions and may lodge a complaint with the Office of the Special Counsel if a prohibited personnel practice has occurred.

(2) **Noncareer appointment:** By law, no more than 10 percent of total SES positions Government-wide may be filled by noncareer appointees. The proportion of noncareer appointees may, however, vary from agency to agency (up to a limit of 25 percent) within the overall total. OPM approves each use of a noncareer authority by an agency, and the authority reverts to OPM when the noncareer appointee leaves the position.

Noncareer appointees may be placed in any SES General position. There is no requirement for competitive staffing, but the appointee must meet the qualification requirements for the position as determined by the agency head.

Any noncareer appointee may be removed by the appointing authority, e.g., for loss of confidence or change in policy. There is no appeal right.

(3) Limited appointment: Limited appointments are used in situations where the position is not continuing (e.g., to head a special project), or where a prompt selection must be made to meet an emergency need. Limited term appointments may not continue for longer than 3 years; limited emergency appointments, 18 months.

By law, limited appointments Governmentwide may not exceed 5 percent of total SES positions. The appointments may be made only to General positions. OPM must have approved the use of the limited appointing authority. Selection procedures and qualification requirements are determined by the agency, and the incumbent serves at the pleasure of the appointing authority.

By law, the appointment or removal of a person to or from any SES position in an independent regulatory commission shall not be subject, directly or indirectly, to review or approval by an officer or entity within the Executive Office of the President.

## APPENDIX NO. 3

### SCHEDULE C POSITIONS

Schedule C positions are positions that are excepted from the competitive service based on their confidential or policy-determining character. Most such positions are at grade 15 of the General Schedule or lower. Schedule C includes a few positions formerly filled by noncareer executive assignment at grades GS-16, 17, and 18; those grades were replaced by the senior-level pay system in 1991.

The decision whether to place a position in Schedule C is made by the Director, U.S. Office of Personnel Management, upon agency request. Such requests are considered on a case-by-case basis. In addition to consideration of the justification submitted by the agency, OPM may conduct an independent review and analysis. Besides the Schedule C positions authorized by the OPM Director, a limited number of positions have been placed under Schedule C by Executive order of the President.

Requests for Schedule C exception are appropriate when:

- (1) The position involves making or approving substantive policy recommendations; or
- (2) The work of the position can be performed successfully only by someone with a thorough knowledge of and sympathy with the goals, priorities, and preferences of an official who has a confidential or policy determining relationship with the President or the agency head. There are special requirements for the types of superiors who are eligible for Schedule C secretaries.

The immediate supervisor of a Schedule C position must be a Presidential appointee, a Senior Executive Service appointee (career or noncareer) occupying a General position, or a Schedule C appointee. The immediate supervisor may not occupy a position in the competitive service or a Career Reserved position in the Senior Executive Service.

The only time when OPM approval is not required for a Schedule C position is when a position is filled by a temporary Schedule C appointment during a Presidential transition, a change of agency head, or establishment of a new agency. Temporary Schedule C positions may be established for 120 days, with one extension of 120 days, under conditions prescribed by OPM. There is a limit on the number of such positions that can be established by an agency. New appointments may be made only during the 1-year period beginning on the date of the agency head's appointment.

This temporary authority may be used only under the following conditions:

- (1) If intent to vacate an existing Schedule C position has been put in writing by management or the present incumbent, an Identical Temporary Schedule C position may be established until the existing position is vacated; or
- (2) If it is determined that an agency head's needs cannot be met through establishment of an Identical Schedule C position, a new temporary Schedule C position may be established.

By law, the agency head must certify to OPM that both Schedule C and temporary Schedule C positions are not being requested for the sole purpose of detailing the incumbent to the White House.

Agencies may fill Schedule C positions noncompetitively. Because of the confidential or policy-determining nature of Schedule C positions, the incumbents serve at the pleasure of the appointing authority (usually the agency head) and may be removed at any time. They are not covered under conduct-based or performance-removal procedures that apply to certain other excepted appointees. However, in cases where an incumbered competitive service position was converted to Schedule C, the career incumbent would be entitled to procedural and appeal rights while in that position.

Schedule C positions authorized by OPM are automatically revoked when the incumbent leaves the position, i.e., there is no such thing as a "vacant" Schedule C position.

**APPENDIX NO. 4**  
**FEDERAL SALARY SCHEDULES FOR 1992**

The information in the body of this report reflects grades or salaries as of January 1, 1992. Where an ungraded position has a salary rate, the basic entrance salary as of January 1 is shown.

**EXECUTIVE SCHEDULE (EX)**

The Executive Schedule consists of five levels, for which the following rates were in effect on January 1:

Level I .....	\$148,800
Level II .....	129,600
Level III .....	119,300
Level IV .....	112,100
Level V .....	104,900

**SENIOR EXECUTIVE SERVICE SCHEDULE (ES)**

Pay for the Senior Executive Service is established by the President. Pay may not exceed the pay for level IV of the Executive Schedule. SES career appointees are eligible for Presidential Rank Awards and performance awards in addition to basic pay.

The Senior Executive Service Schedule consists of six levels, for which the following rates were in effect on January 1:

ES-1 .....	\$ 90,000
ES-2 .....	94,400
ES-3 .....	98,600
ES-4 .....	104,000
ES-5 .....	108,300
ES-6 .....	112,100

**SENIOR LEVEL (SL)**

Pay for Senior Level positions (formerly GS-16, 17, and 18) ranges from 120 percent of basic pay payable for GS-15, step 1, of the General Schedule to the rate of pay for level IV of the Executive Schedule. The Senior Level schedule is ungraded. The following rates were in effect on January 1:

Minimum .....	\$ 77,080
Maximum .....	112,100

## GENERAL SCHEDULE

Initial appointments to positions under the General Schedule are normally made at the minimum rate of the grade, although under certain circumstances, individuals with superior qualifications may be appointed at a rate above the minimum rate.

Step increases are granted General Schedule employees at the end of 52 weeks of service in steps 1, 2, and 3 of each grade; at the end of 104 weeks of service in steps 4, 5, and 6; and at the end of 156 weeks of service in steps 7, 8, and 9. An employee's work must be determined to be of an acceptable level of competence before each step increase. In addition to the periodic step increase, an employee whose work is outstanding may be advanced to a higher step on this basis no more than once every 52 weeks.

## MERIT PAY

Supervisors and management officials at grades GS-13, 14, and 15 are paid under a merit pay system. Under this system, employees receive pay increases that vary in amount according to the quality of their performance.
