# THE GLOBAL INTELLIGENCE FILES

On Monday February 27th, 2012, WikiLeaks began publishing *The Global Intelligence Files*, over five million e-mails from the Texas headquartered "global intelligence" company Stratfor. The e-mails date between July 2004 and late December 2011. They reveal the inner workings of a company that fronts as an intelligence publisher, but provides confidential intelligence services to large corporations, such as Bhopal's Dow Chemical Co., Lockheed Martin, Northrop Grumman, Raytheon and government agencies, including the US Department of Homeland Security, the US Marines and the US Defence Intelligence Agency. The emails show Stratfor's web of informers, pay-off structure, payment laundering techniques and psychological methods.

Hi Paul,  
Stratfor was put in contact with John and Lisa Pritzker a few years ago. We met with them here in San Francisco and provided them a proposal for physical security assessments of their home and other consulting services, but the proposal was never accepted so no work was completed. Please don't hesitate to contact me if we can provide more information.  
Best regards,  
Anya

Hey Fred, I've got a question for you. I'm gonna do some work for the John Pritzker family in SF. Could be mutually productive, if you catch my drift...they mentioned that you guys did a report for them. It would be great if I could get a copy if that's ok? I know its confidential....just tell me what you need from me/the P's and I will get that done. Cheers, Paul
