## Indictable Evidence: Foreign Interference in US Elections Since 2005

(<https://patriots4truth.org/2018/06/28/indictable-evidence-foreign-interference-in-us-elections-since-2005/>)

**ELECTION FRAUD RED ALERT: Queen's Privy Counselor globalist Sir Lord George Mark Malloch-Brown and a George Soros Open Society director, controls U.S. election results in 17 states, including Mitt Romney's newly-minted favorite state: Utah**

How?

"Smartmatic" electronic voting machines! We couldn't believe we Americans have allowed ourselves to be so deceived, but we have been. In fact, we've been negligently stupid for too long while these globalists have worked like rats to undermine our Republic.

Indictable evidence below of FOREIGN INTERFERENCE in our election. And it wasn't the Russians.

Baron Brown is on the Queen's Privy Council with Sir Geoffrey E. Pattie.

Soros' control over Smartmatic election machines in Utah guarantees a Mitt Romney RINO victory in November 2018, unless real Americans stop this fraud. Knowledge is power.

"We are proud to have taken a leading role in election modernization. By offering online voting, we expanded the number of options citizens have to participate and made voting as convenient as possible. Technology proved key in engaging citizens and bolstering democracy." | **James Evans, Chairman of the Utah Republican Party, 2016**
