

In 1998, Canadian national telecom (Nortel) was positioned to *establish and manage* critical elements of America's digital security (**DoE, HHS, MSO – Military Satellite Office**), then “sold” to “Thoma Bravo LLC” San Francisco private equity firm in 2009 under Obama/Hillary – so much for America's digital security & sovereignty

Entrust US & Canada are *controlled* by Nortel Ltd (NTL) in Canada

[Prospectus Form 424B1. \(Aug. 18, 1998\).](#)

Entrust Technologies, Inc., formerly Entrust Technologies, Inc. SEC Edgar/NASDAQ.

Management of "The Internet of Things" calling people "wet-ware" in the [Walker patents](#) – eugenics

Federal Public Key Infrastructure. (Accessed Sep. 05, 2018).
Federal Common Policy.
